What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>We are a group of independent older adults living in Sheltered housing and we want to Create activities that will help our group maintain their independence and be able to live healthier. It will also reduce loneliness and isolation by giving them confidence to become more outgoing and socially inclusive and friendship. We are hoping to encourage many people from the community to join this project to make sure that Renfrew has a friendly singing opportunity that local people could be signposted to come along no matter what age if they are lonely and enjoy singing and want the friendship. Our tenants want an activity that will create a social way of us engaging with others. Making Music Together gives us this opportunity to engage with music and be able to share this with others creating the reduction of loneliness and isolation. We all know that music and singing is great for our health and wellbeing giving you to feel good factor but with this project we are able to share this experience.</p> <p>What we are proposing to do is create this singing project that will enable older adults to create their own music playlist. We will have 3 singing groups and each week we will sing together our favourite songs but have a core of songs that all 3 groups will be rehearsing and on the 5th week we will take it in turn to host afternoon tea and bring all the groups together to sing the core songs that we have all been learning as a community choir. We will do this and build up on the core songs to be able to do a community showcase around about December. For our tenants to be more confident and be able to socialise with others more freely. We would like to be able to share our success with other community organisations and get them</p>

How much grant funding are you seeking?	2.10	4,000.00
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We are currently engaged in developing environmental print walks for children in school and after school, exploring heritage sites in Renfrew. We have established a heritage trail through the town and have secured funding for signage and seated planters to enable people of all abilities to take part in the walks with seating to ensure there are resting places at each spot. This will improve health and wellbeing as families and others can get to know the history of the town while enjoying the outdoors. We have consulted with the community to identify places which have fallen into disrepair and have tried to coordinate clean ups and planting to improve the look of these areas and make them more attractive for people to use. We are very active in the community and have co worked on projects with the YMCA, our place our families, the community council and local schools. We are also involved in the Renfrew Gala Day and are hoping to increase our membership through activities on the day. We have held a series of consultations in the community and produced a leaflet which highlighted five key issues: 77% of people like Renfrew and intend to stay here, for those who don't an attractive environment and lack of jobs was the big issues. 44% wanted better facilities to gather people together and get them involved. There is a need for skills, training and enterprise particularly focused on young people. There are also significant frustrations with traffic. We have used this information to draft a long term vision for the community of Renfrew. We will continue to

		work on our improving the environment and aim to use public buildings to hold events as and when required. We are run by volunteers who have a range of skills which could be shared with the community and to this end we need funding to allow this to happen. We will rent space in community buildings e.g. McMaster centre to run workshops and activities such as:- budgeting/classes for new tenants, childcare activities for grandparents helping with childcare for their grandchildren to keep them in touch with what's available in the community and support them to support their families, Deliver activities in conjunction with YMCA, our place our families which meet the needs of young people in Renfrew. We are working on the idea of a boxing group to engage young people and provide an alternative route for the unemployed and disadvantaged. This will instil a healthier lifestyle and a sense of discipline which benefits young people already engaged in these activities elsewhere. Once we have established a social hub we hope to provide session. We will increase our membership by 10% each year for the next three years. We will develop and run groups which encourage families to get outdoors and play and learn together e.g cycling safely - 30 families to take part over four sessions, print walks - 50 families x five sessions, healthy eating - 8 participants x 4 sessions, Riverbank clean ups and nature sessions 30 participants monthly. Meet and consult with community groups in Renfrew to assess needs and aspirations and to plan to address these with realistic and achievable timescales.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>It can help people to socialise and see places of interest whilst in the company of other members, we try to encourage our members to swim twice a week, and we go 4 bus runs in the spring/summer season to places of interest, this helps them to mix with the other members, having fun and going places they would not go on their own, we also have 4 dances in the autumn/winter season to encourage them to dress up and go out and socialise instead of sitting at home alone, this is also good exercise. The club developed through finding a place for people aged 50 to over retirement to make new friends and in a friendly environment, and exercise at the same time in the pool, also to enjoy the bus runs and dances throughout the year. A lot of our members are in the 80 plus age group, and are either widows or widowers but they enjoy coming to the club and having a chat with their friends even the ones who no longer swim come down to the baths and have a cup of tea and a chat. As I mentioned before we try to give our members the best of good company, social enjoyment, good friends and most of all good health through swimming and exercise. The buses for our outings will cost approximately £400 x 4 and the bands for the dances £250 x 4 (we will pay for the hall and meals from the club funds) this is a total of £2600 that we are applying for. To help to make 80 people healthy and happy and socially active, exercising without knowing it at times as they are swimming, walking, dancing and mixing with all the other members. The majority of our members live alone because they are either widows or widowers and our club brings them together and helps to prevent loneliness.</p>

How much grant funding are you seeking?	2.10	£ 10,000.00
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Fully inclusive breakfast, lunch and after school clubs The project will use extra-curricular sports clubs as a tool to engage primary and secondary aged children into a safe, fun and professional environment. Classes will be delivered by professional coaches and will allow the children to engage in free sports. If the funding is successful, the money will provide the opportunity to increase participation by approximately 15,000 attendances. Provide employment opportunities. It will provide young people and secondary pupils the opportunity to train, coach or volunteer in a structured pathway, whilst developing an essential skill set for further education. It will provide employment opportunities, promote better health and wellbeing and engages hard to reach groups including young girls and women. The project will be delivered in the following schools; Kirklandneuk, St James, St Catherines, Newmains, Arkleston, and Gallowhill. This will bring an extra 32 clubs to the community over a period of 24 weeks of the school term. These clubs will be based on consultation with pupils and on the evidence gathered by our equalities study that will be completed in April 2018. Accessible and Affordable Sports clubs

		<p>Costs of sports clubs and transport are known to be barriers to participation for many children and young people. This funding will enable free, additional sport sessions to be provided in schools most in need within Renfrew and Gallowhill. These will be during lunch time and after school. This will remove the participation barriers providing the opportunity for maximum attendance and promote a healthier engaged community. Employment opportunities. Lack of employment opportunities- pupils in the high schools can access UKCC coach education, potential future employment with Renfrewshire Leisure (RL) and be utilised to volunteer and eventually coach at clubs & community classes in and around their schools. As highlighted in Scottish Index of Multiple Deprivation (SIMD) the Renfrew area is in the top most deprived. School Clubs. More children and young people engaged in sport and a reduced drop out level between the transition from primary to high school. By having the confidence and familiarity with the programme participants will be more likely to engage in sports clubs which can avoid increasing dropout rates shown in national statistics. We aim to improve physical wellbeing of the participants, install a sense of achievement and a higher sense of self confidence. Overall improve the health and wellbeing of participants involved as we strive to break down the barriers created by poverty. This project will also aid in creating opportunities to be physically active decreasing the risk of obesity for our community. RL will provide first aid and child protection and look to support any further training needs of coaches and volunteers. Those involved can build on coaching skills, personal qualities, team work and transferable skills into other sports and potential employment. They will be able to plan and lead sessions, create safe controlled environments and complete risk assessments that are key employment skills in many trades. School club links will be developed to encourage a pathway into the young person's preferred sport within local, accessible facilities. More young people engaged in sport and physical activity. A change of perception of sport as we create positive image and strong role models in both the participants and deliverers. The young people have a chance to become the future volunteers and coaches. We aim to create a sustainable project that can continue to grow in Renfrewshire based on the success of the current programme and the pathway implemented. We aim to provide access to sport that can be somewhat expensive as this is a major barrier in such areas with families on low income or in deprivation. A sports project that the community and participants are proud to celebrate its successes in at local awards evenings, school assemblies, national awards and the local press, with young people at the forefront of the sport.</p>

How much grant funding are you seeking?	2.10	We would like to apply for funding of £8000 to cover the cost of delivering the building project.
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To support the renovation of classrooms in Malawi. To provide opportunities to the young people of Renfrew High School to use existing skills as well as learning new skills. To forge lasting relationships with the volunteers and children in Malawi, providing the opportunity for the pupils of RHS to participate in Global Citizenship activities. To provide good role models to the School as a whole and the wider community. As the first group in the school to do this work, we aim to leave a legacy for pupils to follow in the years to come. This project was identified following Renfrew High Schools work towards the UNICEF Rights Respecting School Silver Award. Pupils became more aware that children in other parts of the world did not have access to many of the things that we in Scotland and the rest of the UK take for granted. There was a desire to identify a project where a group of pupils could represent the school and work towards providing a better future for children in another country. The renovation of schools in Malawi was chosen as it is recognised internationally and a number of schools in Scotland have taken part over a number of years. The project will see the pupils and staff members of RHS contribute to the renovation of Chigumukire Secondary School in Blantyre, Malawi. The school have made contact with all relevant organisations to ensure current guidelines and information is available and the project is well

		organised and prepared. The pupils and staff have already planned and undertaken a number of raising awareness and fundraising activities within the school and wider community in order to meet the costs of the project. They endeavour to create a lasting legacy from this experience to carry forward to similar and link projects in the future. There will be many benefits from the completion of this project, the main one being an improved, safe school environment for the pupils of Chigumukire Secondary School. However, the outcomes will be life changing for all the individuals involved from RHS, the volunteers and pupils in Malawi. It will also provide opportunities to promote the visions set against the Renfrewshire Community Plan themes of Thriving, Well, Fair and Safe and the Renfrew High School vision of Learning, Achieving and Working Together. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	This club acts for most members as a key way for local, aged residents to interact with others; improving their health & wellbeing, and encouraging physical exercise and social skills. The purpose of the project will be to encourage the mobility of senior citizens by enabling access to participate in an informative, social event bi annually. In doing so, ensuring that these activities are conducive to their physical and mental abilities. Physical activity and exercise helps local residents stay healthy, energetic, and independent, particularly as they get older. NHS reports those aged over 65 years a spend on average, 10 hours or more sitting or lying down. They pay a high price for their inactivity, with higher rates of falls, and health issues compared with the general population. Therefore, this funding helps contribute to the wider benefits of the community, not only through healthier, happier members, but the impact and costs on wider services e.g. health; social care etc. This funding will enable the activity of senior citizens to be further achieved as a result of their club membership, and being afforded subsidized access to social events; ordinarily unaffordable for these individuals. The current members and volunteers have identified the need for increasing the activity amongst its membership due to regular interaction throughout the year. The club provides social support and be-friending to aged residents who would normally go for prolonged periods without interaction with others. The club provides supported activities, and access to a social network that encourages and improves the health, wellbeing and happiness of local residents. The activity each member participates takes place regularly throughout specific periods of the year, however, the time is focused on the sport of bowling, and through discussion with members, it has been highlighted how they would benefit from the opportunity of visiting other places, and partaking in recreational, cultural or sporting activity out with normal club activities. The volunteers will be responsible for identifying options for the members. These options will include cultural, historical, or recreational activities, including subsistence for

		members. Members will be asked to state their preferences to the volunteers who will then identify majority vote for options given to members. We will look also for suggestions from members. Once the options have been selected and agreed, we will then seek to make the necessary arrangements within the funding envelope permitted for this project. We will gather feedback from members following each event, and update as part of our funding process. It is anticipated that there will be a significant impact upon the member's ability to socialise in a safe and secure way via organised outing events. They will have the opportunity to increase their social network, cultural, historical knowledge due to places visited. This will have an overall impact on their health and wellbeing, and moreover, be beneficial to both their mental and physical health status. We hope that by participating in the outings, we will encourage the senior citizens to consider increasing their overall mobility, self/supported travel abilities, and have a tangible impact upon their current, and broader social networking.

In addition to provide an efficient heating in a sustainable manner while minimising impacts on the environment. We sought advice from Resource Efficient Scotland and obtained a professional inspection report costing £750 to investigate ways in which we can economise the running costs of the building and also comply with the current legislation. Both reports recommended changing the current electric system. We obtain quotations from three independent gas installation companies. The installation of a new central heating system will help to maintain the fabric and sustainability of the building. A local firm of plumbing and heating suppliers and engineers will provide the necessary equipment to install a suitable system for the type and size of the building. The replacement of the heating system in the building will - a. will allow a more comfortable environment to carryout training and meetings. b. complies with current Building Regulations, c. be much more cost effective, d. be considerably more environmentally friendly, e. help to sustain the structure of this community asset and extend the life of the building

To encourage the local community and visitors to come into the town to enjoy a beautiful Christmas Light display. Through visitor numbers, boost the local economy by encouraging the use of local shops, restaurants, cafes, the museum, sports facilities, parks and heritage walks. Renfrew is the second largest town in Renfrewshire, is growing and flourishing with an attractive town centre. With many transient road users passing through on the way to Braehead and beyond, this is an opportunity for the community to attract this business. Through Renfrew Community Council engaging with the local community it was clear there was a demand for new and adequate Christmas lights to be provided for the Town Centre and arterial roads into the Town. The Community Council have been petitioned on numerous occasions to take this forward on behalf of the local Community. We conduct regular surveys asking the community what they would like to see to help improve their town and the provision of new Christmas Lights is always high on the list. Through appropriate marketing should encourage visitors to the town who wish to soak up the Christmas atmosphere and admire the Christmas Lights display. Boost the local economy. The Community Council will conduct a survey for the local community to choose their favourite lights so that all members of the community feel included and engaged with the project and know their input is valued. We will promote the provision of new street lights through the local media, Renfrewshire Council website, Community Council social media pages. Appropriate marketing will encourage and increase visitor numbers with the unveiling of new and fantastic Christmas Lights display at this</p>

We wish to have this produced and installed to take centre stage at the Renfrew Town Centre Christmas Light switch on in November 2018. The Community Council identified a need to engage more with younger members of our community in a positive and encouraging way. To facilitate this we ran a "Design a Christmas Light Competition" This attracted great interest with a number of designs submitted. The Community Council are delighted that the Competition encouraged local school children to engage in an art and creativity project which will have a lasting legacy. The competition re-established engagement between the Community Council and younger members of the community which will continue and develop. The winning design would take pride of place at the Christmas Lights switch on and be a lasting legacy for the town. Strengthening of partnerships between the Community Council and the Community. Enhancement of Christmas Street lights / Street Scene. Lasting legacy with the winning light being on show every Christmas.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Castle Semple have informed us that they are able to provide a service for us to enjoy Nature and gain an award which is specially adapted for older adults. It will include short sailing trips around the loch on a boat that provides inclusive disabled access. As well as giving outdoor talks on the wildlife that is in the area. As I said previous this project is unique and great for older adults that have lived life on the edge and as they get older this sense of thrill does not have to stop. Some of our tenants are not able to take part in certain activities but this one they are able to get the best of both the outdoors and get fresh air as well as get some education on the wildlife outdoors. We had a taster of this last year and the tenants have asked to be part of this adventure. Even if an older adult has mobility issues they are still able to take part in this outdoor activity. We will travel by bus that will take us out there, we will be reaching out to over seventy older adults and carers. If we also consider the staff at Castle Semple supporting us when we use the boat, the people that work in the cafe where we intend to have our lunch and general passersby with dogs or children that we also end up engaging in conversation with, then the number of people who benefit rises considerably. To get our tenants out in the country. To give an opportunity to tenants to try other outdoor activities that is a bit more adventurous.
What is your group's current bank balance?	1.14	£546.85

Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes £485.00 still to be spent on the garden but the weather has been bad and no work has been able to progress.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We are planning a number of events throughout Renfrewshire. The events will be such as to encourage participation in physical activity and to inform on local and world events such as Food banks and Fair-trade. As a precursor to these events we hope to attract new members to share in the values of The Boys' Brigade and provide them with an opportunity to attend regular clubs as a diversion to anti-social behaviour. Renfrewshire residents in each LAC - Paisley South 198, Paisley North 119, Houston Bishopston Erskine and Inchinnan 218, Johnstone Kilbarchan Elderslie Bridge of Weir and the villages 287, Renfrew and Gallowhill 83. Over many years we have been organising events to encourage more participation in values that we hope will be in line with Renfrewshire Council's Community plan, wealthier, fairer by holding events that will attract visitors and create business for local businesses. The activities will promote being active and healthier, safer and stronger. From a young age our boys and young men will learn that they are responsible for their own actions and preparation for the various events. All our events are based around developing young people to be the best that they can be mentally, physically and encourage their concern for others. All of our events will be organised by our activities committees which cover the whole age range of The Battalion from primary 1 through to 18 years of age. We hold 23 events which cover the wide	

		age range. These events will involve, sport, physical activities, arts and crafts, quizzes, swimming and fun days for our junior boys. Over the session we expect that an attendance of around 1000 Boys' Brigade members which hopefully through family and friends will attract new members. All these events require the support and input of leaders and volunteers to organise and run these events in addition to their normal and regular weekly involvement in their individual companies. It is our hope that many boys will take part in our arranged events which provide progressive training throughout the age range. We hope and expect to see improvements in the various disciplines that our events cover. We hope that together our programme of events will be a positive influence and will prepare our young people for and sustain them in their future lives.

How much grant funding are you seeking?	2.10	£8,000 (£1,600 per LAC)
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	The #MakeaDifference programme is delivered to all Renfrewshire schools from p1-p7 and raises awareness of the range of disabilities, the impact of bullying and the consequences of hate crime. The funding will be used towards the cost of a graduate intern, who will help deliver the programme within the schools. It is also hoped that the experience will help the graduate intern with gaining valuable knowledge and practical experience to help them gain permanent employment (e.g. someone seeking a role within the teaching or child care profession). There are over 1 million people registered as disabled or with a long term illness in Scotland (around 20% of the population). In Scotland, in 2016, 170,329 pupils (24.9 per cent of all pupils) had additional support needs. 5.3 per cent of pupils had social, emotional or behavioural difficulties and 2.1 per cent had a learning disability. 162,252 (95 per cent of them) spend at least some of their time in mainstream classes (Scottish Government). In Renfrewshire, there are 36,000 people registered as disabled or with a long term illness. Our 'Make A Difference' programme encourages children to embrace diversity and understand the range of disabilities and health conditions, discuss practical ways to support other people and give children the knowledge, confidence and access to report bullying and hate crime both within the school and the wider community. We received a gifted bus from Stagecoach, which we converted into a mobile cinebus (cinema and education unit). The Cinebus visits schools and children receive a programme tailored for their age group (p1-p7 and nursery). The programme has been designed to be progressive, so starts off very gently with a nursery book time called 'It's ok to be different', the programme then progresses to helping children understand the range of

		disabilities (visible and hidden), how to be a good friend, how to recognise and tackle bullying, through to the consequences of hate crime (p7 lesson). This means that the children will receive a new lesson each year and will build on the knowledge they have previously received. The programme was designed with Renfrewshire children and young people, so is exciting, innovative and engaging. It is expected, that through time, children will become more accepting of difference and have the confidence to tackle/report bullying both within the school and the wider community. The programme is designed to empower young people and to help tackle prejudice based attitudes and behaviours.

What does your Organisation/Group do?	1.10	To provide a daytime facility for shelter, food and friendship to those who are in need and require support. This includes meeting their social needs and giving them direction in providing them with life requirements which may involve linking with other agencies. While the Drop In is open to all, many who attend have addiction issues.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We currently use Holy Trinity Episcopal Church halls for the Drop In activities. We supply light food throughout the day and a main meal at lunchtime. Heating and lighting are used as required. We support the church in the use of the hall and in particular the cost of the power used by our organisation. A few people who had come through life issues wanted to help other with similar life challenges. When the Drop In was established, food was a small part of the work done. Some of the folks who used the centre asked if food of a more substantial nature could be provided. At the same time the premises we used was undergoing redevelopment with a modern well equipped kitchen being installed. It was therefore felt that we could provide fuller meals which were appreciated by those using the Drop In. We will provide support and friendship to those who need this type of relationship while also providing good quality food both of which will assist in improving their well being. Providing food also encourages folks to come in allowing the overall aim of the project i.e. to engage with those in need to be fulfilled. The Drop In is open one day per week where refreshments are offered all day and a full meal offered at lunch time. We use the Holy Trinity Episcopal Church hall/facilities. More people will access that provided by the Drop In which will give more opportunity to befriend and listen to them and where possible help them with their life needs which includes referring them to specialist agencies.

If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: All of them
How much grant funding are you seeking?	2.10	£10,000.00
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To provide part funding with regard to hiring ice to permit the above activities to take place at Braehead Arena, the only available and suitable facility within a 30 mile radius of Paisley. That part of the funding not included within this application (and, indeed, all other costs) will be met from club funds. It should be noted that Renfrewshire Council recently approved a motion which seeks to assist the club in finding new premises within Renfrewshire which would allow the club, and other new clubs generated, to have a base locally, thus reducing or eliminating the need to seek LAC funding annually for the hire of ice at almost £200 per hour - which is expected to increase for season 2018-19 & will know more about come August. To encourage more people to take up "The Paisley Pirates Experience", including following the club, enjoying a healthy life style & making new friends through meeting like minded people of all ages. Paisley Pirates Ice Hockey Club was formed in 1946 and formerly played and practised at the Lagoon Leisure Centre until 2006, at which time Renfrewshire Leisure Ltd ended ice based activities at the venue. While Paisley Pirates were successful in finding alternative accommodation at Braehead Arena, the cost of hiring the ice has proved to be prohibitive at almost £200 per hour, causing such activities as junior ice hockey (which had 150 members playing every week) to fall due to insufficient funds, and other activities such as skating to move elsewhere. Pirates have on occasion gone further afield as far as Dumfries simply to find

available ice; such is the paucity of alternative ice provision in central Scotland. By comparison, Kilmarnock ice rink charges are in the region of £125 per hour. Paisley Pirates have this year appointed a second volunteer coach who has allowed more intensive training to take place, and the Head Coach was appointed to the Scotland Under 17 squad, demonstrating the desire and ability of the coaching strategy to develop young players. The strategy in team matches has also ensured that all players are allocated regular ice time (known as "shifts") to afford them continuous on-ice development. It will enable: 1. The club continuing to provide a local focus for the sport, given that no other suitable venue is currently available. 2. The continued development of on ice skills. 3. The continued development of off-ice skills (eg adults with learning difficulties carry out tasks on match nights requiring numeracy/interpersonal/organisational skills. For example, supporters may arrange coaches to away matches which requires them to set prices, recruit fans to travel, arrange times/pickups, etc. 4. The club to publicise the existence of the Paisley Pirates, an ice hockey team playing within Renfrewshire, through the local media, and maintain a significant profile for the club, the town of Paisley, and the wider Renfrewshire community. For example, the club has been invited for a second time to participate in a project produced by a Canadian tourist company, entitled "42 Best Ice Hockey Towns in Europe", which will see the production of a tourist booklet with a 0.25million circulation, which will publicise both Paisley as a tourist location and the Pirates as an ice hockey club. 5. The club to continue attracting nominations for local volunteer awards. The club has won a number of such awards in past years, the most recent of these being in February 2018. 6. Assimilate new members from the community into its group. It has recently introduced a Mascot, specifically targeting school children in particular, which will visit local schools on request and involve pupils in historical discussions about Pirates, coming to see their local community club and enjoying a healthy lifestyle. 1. Enhanced on ice skills through regular practice/ improved performance. 2. Enhanced off-ice skills through use of volunteers referred to above in various activities/learning opportunities. 3. Continued success in local and national awards. For example, in the last 5 years, the club, its players and volunteers have won a variety of local and national awards, the most recent being in February when a volunteer was nominated for and was successful in a prestigious local competition organised by a local training company. At the time of writing, the club is in third place in the Scottish National Ice Hockey League and has qualified for the third year running for the semi finals of the Scottish Cup. 4 Continuing the iconic name of "Paisley Pirates" throughout Scotland and beyond. For example, the club has in the last year fielded a number of enquiries from relatives across the world with regard to older family members who played for the Paisley Pirates as far back as the 1940's, illustrating that the club continues to hold a special place in the hearts of people with ongoing memories of Paisley and its inhabitants, in some instances many years after they last visited the

This will give us all a chance to share good practice and offer a better experience to all the children we look after. The Renfrewshire out of school network carried out a survey with out of school cares across Renfrewshire and identified a variety of activities and practice especially during the summer holidays. The project is to bring 12 out of school care summer play schemes from across Renfrewshire together for an inflatable fun day in Linwood. This would bring over one hundred children together for a fun day here in Renfrewshire. This will be organised by the Renfrewshire out of school network led by Grace Berry from Ralston Out of School Care. The program for the day will include, the inflatables, face painting, a healthy snack and finish with prizes and medals for the children taking part. 1. Over 100 hundred children having a fun, healthy active day outside, 2. Out of school care staff working together to see what activities can be offered to children and sharing their resources and skills for the wellbeing of all the children attending play schemes across Renfrewshire.

What does your Organisation/Group do?	1.10	To promote, foster and encourage participation in ice hockey at junior level. To provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. The club has an open membership for children aged 7 to 17. To carry out the hiring of 2 practice sessions weekly (without placing too much extra financial burden on the participants to allow as many as would wish to take part in the sport) allowing the children to learn techniques and drills, to learn the discipline of team sport, be very active and have fun whilst improving social skills, team building skills, confidence, health and wellbeing and increasing fitness levels. To ensure a duty of care to all members and to provide all services in a way that is fair to everyone whilst promoting equal opportunities for all, with anti- racism and anti- discrimination underpinning and informing our aims.

How much grant funding are you seeking?	2.10	£3,275.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To be in a position to continue to offer junior ice hockey training to all who wish to participate, at an affordable cost which makes the club available to anyone who wishes to join. Our players range in age from 7 to 17, with both boys and girls, of different social backgrounds and nationalities, taking part. They learn the skills and drills of the game in an atmosphere of fun combined with the discipline a team sport offers. It's a great way too, to keep fit and active and make lots of new friends. We will provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players. Last season's unexpected rise in hire costs (from £180 to £191 per hour) plus a new security charge of £75 per	

		<p>hour, increased our ice costs to £265 per hour - a rise of 46%. We understand that security is a necessity in this day and age, however the increased costs have placed an added financial burden on our players' parents. We have been supported by grant funding from Renfrewshire Council for a number of years, with our applications reducing in amount year on year. This latest increase threatened the future of what is a very successful club and grant funding, along with already instituted higher fees and continued fundraising, can help secure the future of Renfrewshire's only grassroots, junior ice hockey club. We will provide the opportunity for as many youngsters as possible to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players, who also enjoy the social participation and physical activity. The funding from this LAC application would also enable the club to meet the cost of another set of goal-tending equipment to allow us to increase the number of goalies (which is beneficial to all players who have a more realistic game experience) and the provision of annual awards which is essential to the motivation and recognition of the young people's efforts and sportsmanship during the season. Involvement in team sport brings great benefits to those taking part – encouraging a healthy and active lifestyle, increasing confidence and self esteem, encouraging team work, making like-minded friends and, of course, having fun! There are opportunities to play ice hockey, competitively and recreationally, from age 7 to 70+ and many of the original intake at the Lagoon in 1992 are still regularly playing/coaching and will continue to do so well into older age, keeping fit in body and mind. At present we have boys in training who are playing with the Scotland and GB squads and many youngsters sitting on team benches throughout Scotland. We have female players in Scotland Ladies, progressing their hockey skills and training with others from around the country.</p>

The booklets will enable the group to reach hard to engage people and break down barriers between communities. A need has been identified by rising numbers of referrals from professional bodies/partners. Walkers have increased a weekly/fortnightly walking groups. The project has a great social impact in communities at a time where isolation is a major health concern. More groups have been developed to accommodate demand from specialised organisations such as MacMillan and Mental Health Teams. More Volunteers have been trained as Walk Leaders to help deliver this much needed service. The promotional items purchased will be displayed in all Libraries, Doctor Surgeries, Community Halls and available to health professionals to pass onto clients this enables the Network to operate Renfrewshire Wide offering walking opportunities in most communities which in turn helps to reduce the risk of major illnesses and isolation in our older adult population. 1. This would require electronic timing devices, communication equipment and a marquee. If we can raise the profile of the club to attract more participants and spectators to our shows, it will also raise the profile of Renfrewshire in general. As our shows have grown in popularity so has the demand for improved facilities, we have acquired through fundraisers, containers for storing equipment have had funds for prizes and portaloo's. We have some of the infrastructure to take the next step in our development and the feedback from our shows are generally positive, with observations that communication could be better and the need to shelter from unpredictable weather would be appreciated. It would improve the quality and accuracy of our events, participants would have confidence that the events would be run and judged in a professional manner; hopefully the improved facilities would encourage them to bring friends and family along. We would hope to gradually implement these changes, starting with our communication issues, the problems of relaying information, start times and results over a large field with chatter could be addressed by a modest PA System. A specific electronic timing system that is attached to the start and finish jumps would meet Kennel Club demands. When all components are pulled together we would hope to produce a show that Renfrewshire can be proud of, where we can educate dog owners on how to train and manage their dogs, and instruct new dog owners in the etiquette of dog</p>

(Please use a separate sheet if required)	2.3 2.9	This project involves working with young people aged 5-18 years who are classed as 'At Risk' by the Social Work Department. Number of these children are living with grandparents carers (Kingship). The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal/and legal drug taking (good and bad drugs). Additionally the education aims are around healthy eating, keeping themselves safe. STIGMA??? The need for the project was identified due to grandparent carer feeling unsure how to explain to the children they are caring for about why they can't stay at home. Grandparents didn't feel they had the proper tools or skills to explain about illegal and legal substances. Additionally the role of social work and police. (Authorities). We will continue to address the needs of our local community and offer education through play around drink and drugs, healthy eating and mindfulness sessions. The grant will develop our mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addition and teaching young adults they can break the cycle by healthy life choices. We already work closely with carer centres, families outside. Local libraries and our place our families and Renfrewshire support group. The anticipated outcomes. This programme will allow for a platform to discuss issues that would not be addressed in

		a home environment, such as why children are not been looked after at home, the difference between illegal and legal substances, it will encourage the young and old alike the importance of getting involved in the local community and working your way out of poverty which would also break the cycle and lead to healthier life. We hope to expand and run workshops in employability and disclosures. This will help to give the parents a chance to gain interviews and hopefully a job.

Since its inception in 1984 the Centre has continually developed to meet the needs of the community. This included meeting the needs of organisations such as Victim Support whose clients come from various areas within Renfrewshire. In 2001 the buildings were refurbished to provide bespoke rooms for counselling adults and young people and for hosting the Paisley Child Contact Centre. An auditorium was built and this is used by many organisations including PACE Youth Theatre and other youth dance and theatre groups. SSAFA the charity for former Servicemen and women also established itself in the Centre. Current information indicates that approx 40 organisations use the Centre in short or long term lets. The former loss making Wynd Cafe is now being upgraded to increase rental income, and the menu in the Tea bar in the main building is being improved. Latest organisations include Combat Cancer and the Seniors Forum meets regularly. It will continue to develop those activities for which it is responsible e.g. the number of Counsellors in the Counselling Service is being increased to 50. The Centre works with the Paisley Child Contact Centre to meet the increasing demands for its service by providing suitable accommodation. What does your Organisation/Group do?	1.10	As a Cancer Support Group, we bring people together to support each other through their cancer journey. We do this by promoting the benefits of friendship and laughter to those whose lives have been affected by this raging disease, promoting improved health and wellbeing by encouraging members to participate in various activities, including light exercise with a Renfrewshire Leisure qualified instructor, walking group, crafts, theatre outings and respite. We encourage people of all ages, abilities and ethnic backgrounds, helping them build confidence and self-esteem.

How much grant funding are you seeking?	2.10	£10,000.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To help cancer sufferers improve and maintain their overall quality of life albeit, physical health, mental health and general wellbeing. We do this with a support network of friends who understand and share their experience of the cancer journey, thus helping them to move on with their lives, with more mobility, motivation, friendship and a willingness to help others in a similar situation. We encourage our members to look to the future more positively by taking part in light exercise, walking, chatting over tea, crafts and companionship, thus alleviating loneliness and isolation. We are moving into new premises, enabling us to offer more facilities and more time for new activities such as cooking, massage, and a choir. We plan to open 3 days per week from March 2018 and hopefully 5 days per week subject to funding and recruitment of volunteers. The group was set up in Elderslie in 2015 after listening to cancer patients explain what was out there to meet their needs during and after treatment. Although there is some good support, it was deemed due to financial constraints that support was only there for a limited period thus not meeting their long term needs, which can lead to loneliness and isolation amongst other issues. Since setting up we have grown in membership and activities offered, from gentle exercise, to craft, walking group, cooking, social outings and respite, all of which have	

		proved very successful. Now that we have secured new facilities we are able to offer a drop-in service Monday, Wednesday and Friday from March 2018. This year due to involvement with other outside agencies we discovered a gap for support for young people with cancer and their parents, and to this end we realised the importance of starting a group for them. It's amazing for us to see the overall wellbeing of the group, through the various degrees of support that is now available within the group. There is a more social contact and friendship with people who have been through a similar journey as they can discuss various aspects of their illness with confidentiality, including financial difficulties experienced through the loss of income whilst going through treatment. We have a walking group which meets once a month for a short walk and new knowledge of the surrounding area, we also have nutritionist and psychotherapist on board and this is proving very helpful with a positive health improvement. We ask our members what they like doing and try to implement it where possible. We are starting a choir in the very near future and have secured a choirmaster. From these discussions and talking with other network partners we have identified that we could help the wider community if we had an evening group, this is something that we will consider with a slightly different programme. Improved health and wellbeing for those who are having or have had cancer treatment, overall improved family relationships thus improving the overall quality of life for those affected by cancer. Aspiring individuals to try new things in life, or move on with their lives to whatever level they are happy with, and helping others in a similar situation.

What does your Organisation/Group do?	1.10	Established in November 2010, Renfrewshire Effort to Empower Communities (REEM) has an overall aim to 'create awareness and increase participation of diverse Minority Ethnic communities in Renfrewshire'. We are working to achieve those aims by delivering bespoke activities which are targeted towards diverse equality groups as defined by the Equality Act 2010. Our support is to engage with marginalised and disadvantaged communities to promote community cohesion, inter-cultural dialogue and mainstream equal opportunities.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	REEM operates a Drop-In Centre, recognized within the community as an impartial access point. A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. We are looking for funding to cover basic running costs. When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We ran scheduled information clinics as well as stay open 5 days a week for people who need to be listened to one-on one. The centre serves as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to	

		communicate at all. We provide some much needed training; including ESOL, job matters, & awareness on other issues. The ethnic minorities will have a chance to engage within the wide community. The project will help People feel less isolated and more able to participate in the wider society and want to be part of it. Volunteers will receive training to allow them to develop their skills which will enhance their employability skills.

What does your Organisation/Group do?	1.10	To plan activities that will reduce isolation and loneliness, to create social inclusion as well as improve each individual's health and wellbeing for them to live an independent and active life.
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: Renfrew, Paisley and Johnstone
How much grant funding are you seeking?	2.10	£6,500.00
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We are a group of independent older adults living in Sheltered housing and we want to Create activities that will help our group maintain their independence and be able to live healthier. It will also reduce loneliness and isolation by giving them confidence to become more outgoing and socially inclusive. Our tenants want to improve their health and wellbeing and lead a healthy lifestyle. With this project they can have the best of both. Many of our tenants get lonely and depressed when they are not active. But sometimes their fitness and health is poor and they are not able to engage in an activity. With this project they will be able to choose what the best activity is for them and what level they want and be able to do something rather than nothing. What we are proposing to do is create a project that will enable older adults to create their own health and fitness programme. This programme would include a variety of activities such as Reiki, massage, Hydrotherapy, gentle exercise and walking groups. The instructors are all trained in many areas to give experience talks on health and nutrition, alcohol abuse, smoking cessation etc and this will also help them lead a healthier lifestyle. For our tenants to be more physically and mentally active. To be able to engage socially and be more confident within themselves. It will also guide them to lead a healthier lifestyle.
What is your group's current bank balance?	1.14	7,758.97

Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes We had a delay in getting our funding into our bank account as the BACs payment was rejected and we had to change bank accounts. This is why we have £7000 still to spend and that will be gone by May.

What does your Organisation/Group do?	1.10	Established in November 2010, Renfrewshire Effort to Empower Communities (REEM) has an overall aim to 'create awareness and increase participation of diverse Minority Ethnic communities in Renfrewshire' We are working to achieve those aims by delivering bespoke activities which are targeted towards diverse equality groups as defined by the Equality Act 2010. Our support is to engage with marginalised and disadvantaged communities to promote community cohesion, inter-cultural dialogue and mainstream equal opportunities

(Please use a separate sheet if required)	2.3 2.9	To arrange activities and events aimed at promoting Black History Month among ethnic minorities and the wider community in Scotland. When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We will arrange activities and events aimed at promoting Black History Month among ethnic minorities and the wider community in Renfrewshire organizing workshop to school within Renfrewshire promoting Black History Month and also organising activities that will lead up to the event in November. Our group has set activities that our members have never had the opportunity to access, due to either not knowing they were there, or not being confident enough to get involved with them. The activities we have create awareness and increased participation of ethnic minority groups and managed to get as many people from as many cultures and nations involved to celebrate their own cultures possible. There has been some opportunities for specific national groups to come together to celebrate their own cultures, but, the main aim is to get very diverse	

		people engaging and other cultures and nations that are out there. Through these activities and events we have noticed increased participation and people willing to know more about services in Renfrewshire. Having a one stop shop for minorities in Renfrewshire and the discussions we have held with many people we recognize that many require to learn new things to become more able to join the wider community, as they agree that they would like to become more active in the community, be that participating in ongoing activities or looking to volunteer their own time.

What does your Organisation/Group do?	1.10	Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis.
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: All 5 local area committees
How much grant funding are you seeking?	2.10	£8,814.00
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Our weekly instrumental lessons offer young people aged 8-18 across Renfrewshire the opportunity to learn traditional music. Weekly contact time with some of Scotland's top traditional musicians give our participants the opportunity to develop their instrumental abilities. By developing a pool of local traditional music & song talent, we hope to establish a Fèis youth band and later this year, will pilot a Ceilidh Trail project giving young musicians the opportunity to tour across Scotland. Feedback received from our inaugural Fèis week event showed that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing and we have successfully delivered two years of weekly lessons already. Working alongside Feisean nan Gaidheal, our committee continues to develop the project and have recently began offering a new Gaelic Choir for young people interested in singing. We will run 37 music class sessions between Sep '18 and June '19 with lessons running from 10am-1pm on Saturday mornings during term time. Participants will receive age and ability appropriate tuition in streamed classes ensuring maximum learning benefit & enjoyment. Local tutors will be employed at Musician Union rates. We aim to attract 40 weekly pupils to our classes which will take place at the UWS Paisley Campus. After a successful pilot year, our Gaelic Choir will run for 37 sessions on Monday evenings during term time from 5:30pm-7:30pm. We aim to deliver these sessions to approx. 20 young people per week. A year-round programme will offer around 60 participants

		the opportunity to develop skills in traditional music at an affordable cost as well as providing employment opportunities for 4 local tutors. End of term showcase concerts will bring together the community to celebrate the achievements of our students. We also aim to develop a youth band and a Ceilidh Trail in summer 2018, which will promote live traditional music in the community & add significantly to the local and national cultural calendar.		
What is your group's current bank balance?	1.14	20,015.77		
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes The funds we currently have in place will be used in full for our next Feis week this July (18th-21st) and our remaining weekly lessons sessions for 2017/18.

What does your Organisation/Group do?	1.10	Renfrewshire Youth Voice is a non-partisan organisation that ensures young people's views are heard on a local and national level. We promote young people in a positive light. Our members are aged between 12 and 25 and membership is open to any young person living in Renfrewshire. We organise and host the annual positive about youth awards, local campaigns and hosting events for local and national elections. Our Aims as set out in our constitution are: To facilitate and organise activities for young people aged 12-25, who either live or regularly use services in Renfrewshire, to provide young people with a safe and friendly environment where they can participate in youth voice activities to ensure they have a say in decisions within the local area, to equip young people with soft-skills such as teamwork, organisational skills and improving their self-esteem and confidence, to alleviate the effects of poverty amongst young people, by promoting a culture of inclusion and tackling any forms of discrimination, to work with local organisations, business and the local authority in the best interests of young people.

(Please use a separate sheet if required)	2.3 2.9	The positive about youth awards are designed to highlight young people's achievements which may go unnoticed, and to show the Renfrewshire community the positive work young people do on a daily basis. It enables young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. The awards inspire the next generation to get involved in their community, using previous winners/runners-up as role models. Young people were not given enough recognition for voluntary and community work that gave a direct benefit to their peers and the local area. The awards have been organised and hosted by RYV for the past seven years. This is the Year of Young People, so the group aims to make this year's event bigger and have more of an impact locally. Planning has already started for

		<p>this year's event, with nomination forms for each category released in April. Nominations are sent out via social media, online and paper copies, before being collected and judged by RYV members. Films of the runners-up and winners will be made in advance of the event. The evening will be a mixture of awards, speeches and music/entertainment, giving people attending a fantastic experience in celebrating young people's achievements over the past year. The group plans on highlighting local activities that have commenced over the past year, as part of the Year of Young People. Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of whom these people are and the work they have done, in order to be nominated for a category. The young people can build confidence to continue the good work they do, with one winner last year approached to be part of a Channel 4 documentary. Previous winners have highlighted how the recognition they received spurred them on to achieve other things in life, as both their confidence and self-esteem were boosted by the awards.</p>

We started a project to have changing places toilets installed in Renfrewshire to improve quality of life and prevent isolation for many people. This year we have been working with Renfrewshire Council on the placement of the Changing Places Toilets. We continue to take pupils through the Joint employability Project as well as pupils through Gateway. The support we provide to Clyde Muirshiel Regional Park remains in full force this year with the addition of 3 Mountain Trikes which are for the use of Renfrewshire residents and visitors. Renfrewshire Access Panel Identified that a base was essential to the development of the Access panel therefore an essential part of providing support to Renfrewshire Council. The base will only continue to develop with the forthcoming events and ongoing projects we have with Renfrewshire Council. We have also now started a lending service for all forthcoming events and can supply hearing loops</p>	

		and ramps to make council events as accessible as possible. We will continue to support Renfrewshire Council on the many boards we sit on. We will continue to support Clyde Muirshiel Regional Park, which is funded by Renfrewshire Council regarding funding for specialist boats and bikes or any other equipment the park may require to develop. We will also provide all access audits required by Renfrewshire Council which includes street audits to improve access into all areas. As well as all ongoing projects. The anticipated outcome is to ensure that Renfrewshire Council remains at the forefront of accessibility, leading the way for other councils. Ensuring Renfrewshire is fully accessible for all residents and visitors thus providing a safe and enjoyable place to live and visit.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop friendships. Entertainment and social activities are provided on a weekly basis from October to May. This includes a Christmas lunch and an annual outing. The Committee identified that many members would be unable to attend our weekly meetings without the provision of transport. In the past we hired a mini bus and used our own qualified volunteer driver, however, since the end of November 2018 we have been unable to secure the services of a volunteer driver and therefore we have had to use taxis to transport the members. With an average of 82, we find that we are requiring providing more transport. If we are successful in securing the grant it will assist us to continue to provide transport to bring the members to and from the Friendly Hour. We ensure transport is booked on a weekly basis. By providing transport we are reaching out to people in the communities who may not be able to get out very much, or in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship. We must remember that many people experience loneliness; others don't have many opportunities for conversation. What about the joy of sharing a story or a sing-a-long and hearing news from the community.

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant	2.6	By providing transport we are reaching out to people in the communities who may not be able to get out very much, or in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship. We must remember that many people experience loneliness; others don't have many opportunities for conversation. What about the joy of sharing a story or a sing-a-long and hearing news from the community.

What does your Organisation/Group do?	1.10	<p>We aim to help parents and families whom has lost their baby, we help by covering funeral expenses, providing food hampers, paying electric and gas bills. We provide support that is urgently needed during this heartbreak time as grieving parents don't think about food or bills at this time. We also help disabled and terminally ill children by purchasing specialist equipment designed to the child's needs. We fund memory holidays for the child and their families whom don't have much time left to spend together, by giving them a holiday it provides relief and gives a lasting memory for years to come.</p>
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide</p> <p>LAC Applying to: Renfrew & Gallowhill, Paisley North & South</p>

(Please use a separate sheet if required)	2.3 2.9	<p>We aim to open a Hive (Bumblebee Babies office) in Paisley to keep up with the demand, we have had many support from Paisley and Renfrew areas so we need to make our Hive within the area. In doing so we will be able to help everyone in the surrounding areas by covering funeral expenses for parents who have lost their babies. We provide cuddle cots to ensure parents can have the option to bring baby home to allow private time to grieve before the funeral. Parents need support when it comes to funeral planning so we provide assistance for the journey ahead for them. This time is most crucial so we also cover electric, gas and food bills to give grieving parents peace of mind as during this time there's no thought about day to day life expenses for themselves. Our Paisley hive will provide help in many ways and allow families to come inside for advice and help. We aim to bring the community together and help each other. We realised we needed a hive in Paisley due to the amount of those needing help and showing support. We have had support from Paisley and Renfrew Councillors and many other people so due to this a second hive is crucial for us to grow and expand. We are in need of funding to open the hive and get it ready to help the people of Paisley and surrounding areas. By opening a hive in Paisley we will be able to support the local people and provide assistance to all those who meet our charitable</p>

		cause. The hive will be very crucial to those who need us for financial or emotional support. We will use the funding to start to open the hive by purchasing the necessary equipment to have it to standard to provide support to the community. We aim to show the community support during a loss of a child instead of silence. Babies deserve respect no matter how old or days unborn and it's a rarely spoke about subject . We aim to get people to speak up about it more and not think their baby doesn't deserve a proper funeral or recognition due to their age regardless of when they were born sleeping or too soon. By doing this it provides mental support to mothers of all ages who have lost babies past or present. Our hive will be open to anyone who needs us. Paisley will have the support we need to help each other and the community.

What does your Organisation/Group do?	1.10	To Fill a Gap, Help and support Renal patients who suffer from Chronic kidney disease pre and post Transplantation. Return To Life is the ONLY Renal Charity in Scotland with an office that supplies information and support regarding Renal Failure and its complexities with Dialysis treatment and transplantation as well as Organ donor awareness.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: All 5	
How much grant funding are you seeking?	2.10	£3,140.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Support kidney transplantees and prospective donors, before and after transplant operations by providing, mentoring relationships, opportunities for physical exercise and activities, counselling, structure and routine, family advice, general advocacy, health advice and preparedness for forthcoming life changes. Provide peer support for patients as well as prospective donors. Return To Life is working hard to fill a vital gap as no professional body, statutory or otherwise, provides this support at present and patients to a great extent are left to their own devices. The CEO, Stephen Blom, A local Renfrewshire citizen survived a Kidney transplant and has made a remarkable recovery which, to a great extent, was due to his generally excellent physical condition before the dialysis phase and subsequent transplant operation. Renal failure has a profound effect on patients physical and mental health with cardiovascular disease being a significant cause of increased morbidity and mortality compounded by a decrease in exercise tolerance and consequently the development of obesity issues which for patients with renal failure may preclude their access to renal transplantation with its attendant benefits of a transformation in their life expectancy, quality of life facilitating a return to the workplace. The charity aims to provide pre and post op physical training, health education, dietary and peer support for patients and donors supplementary to the care provided by the NHS services. We will provide Counselling, practical advice and companionship (mentoring). In summary, to our knowledge, and in discussion with Charity Ambassador Mr David Kingsmore, Transplant surgeon at the Queen	

		Elizabeth University Hospital none of the above support services are presently available in Scotland. We passionately believe that we can facilitate the delivery of physical and emotional interventions to improve patients' life chances and deliver improved patient outcomes to keep the out of isolation and reduce the levels of fear and anxiety. Our aim is to provide a 'Sense of belonging' to patients (Especially but not exclusively to younger ones) and assist them to be up for the challenges that lie ahead and as fit as possible within the constraints of their condition. The experience and example of Stephen Blom is of critical importance at the early stages of the charities development. Nothing will reduce the trauma of Dialysis and or transplant surgery, but success in what we do will reduce the fear, anxiety and isolation in patients, during life changing experience. As well as helping patients physical and mental health, thus enhancing their chances of a success physical outcome, they will feel part of a community that really cares about their total well-being and re-integration. This is an interesting example of the inequality that transplant recipients encounter, i.e. many lose their careers and lifestyle due to their illness. Employers often do not want to employ / re-employ transplant patients because of a perceived stigma that they will be poor workplace attendees etc. If we help them get fitter we can surely ameliorate this perception to a large degree.
What is your group's current bank balance?	1.14	2,294.56

What does your Organisation/Group do?	1.10	The aim and objectives of the society shall be the study and practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance

How much grant funding are you seeking?	2.10	£1,500.00
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	The purpose of the project is to study the practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance. It was recognised that people who learned orchestral instruments during school should be given the opportunity to continue to develop their skill. The general public in Renfrewshire should have the opportunity to hear orchestral performances in Renfrewshire. This is the only Orchestra in Renfrewshire other than school groups. It will give the opportunity for musicians to develop skills in performing the orchestral repertoire. It will give the citizens of Renfrewshire the opportunity to hear the live performance of orchestral works in Renfrewshire. The orchestra has recently given performances both in Paisley and Johnstone. Lack of suitable accommodation has meant that we have been unable to perform in other towns in Renfrewshire. We are the only adult Orchestra regularly performing in Renfrewshire. The anticipated outcome is the opportunity for musicians to play the orchestral repertoire and work with professional soloists. It allows any students from the Renfrewshire Council Music Service who wishes to continue playing the opportunity to do so. It gives the public in Renfrewshire the chance to hear live performances of orchestral works. The audience at our concerts has been steadily increasing as a result of which we have had to look for new venues with a larger audience capacity.

(Please use a separate sheet if required)	2.3 2.9	This enhances the service user learning experience, supports communication and aids self development and positive social interaction and growth. We have an active citizen group who report to Euan's guide (website) in regards to checking accessible venues/integration and customer service satisfaction ratings. A digital SLR Camera would be ideal for this. The plan eventually would roll out a venue guide to other local services. The camera would also be used for filming live events such as Drama shows, Dance groups and other activities and our service users would be involved in filming, editing and producing their own work in DVD Format. This camera will complement the Mac computer which we already have and use. At Milldale we pride ourselves on supporting service users to utilise their full potential and aim for excellence in supporting service user in striving to achieve their own personal goals. Service users are at the heart of all that we do. With the use of the Digital SLR there are so many possibilities for use. We could provide valuable pictorial/film material which demonstrates and supports service user choice and interactions and fully involve service users and their parents or carers and also the wider community. All the adults have a learning disability and many have associated difficulties such as mental health, autism, epilepsy, and sensory and physical disabilities, which make it difficult for them to access mainstream activities. This is not a service provided at Milldale Centre within the remit of the Social Work Department.	

		Milldale have trained staff in basic film making techniques and service users could work with staff and utilise the camera for project work and group activities. Our plan is to initiate a Movie making group which will demonstrate basic film animation and open up possibilities for service users to write their own stories and scripts and then build and film the same. Either stop/start animation or live action. As well as promoting self-esteem, these sessions promote co-ordination, communication, and confidence building skills. These activities have been thoroughly researched by Centre staff and are considered to be of great benefit to the learning disabled clients.

They will showcase these skills at our club competition for friends & family. All gymnasts will receive a medal for participating. Gymnasts enjoy perfecting current skills & learning new ones. In Nov 17 we hosted a 'parents come see me' event during class times gymnasts enjoyed putting together routines & showing to parents. To give focus for the last term the idea of a club comp was developed. Gymnasts can display new skills on a higher scale with some friendly competition with their peers. It will give gymnasts a focus to develop skills within their own ability & build confidence showing these to friends & family. We will hire a venue for display & encourage all gymnasts to participate. Gymnasts will have higher confidence levels. Carers can see skill develop. What does your Organisation/Group do?	1.10	We aim to provide a weekly social event for our members. Primarily tackling loneliness and isolation and providing them the opportunity to make new friends. We try to fund as many outings for them as possible keeping them in touch with the community. Without the club many of our members would rarely leave home and never experience the type social occasions that we provide. Having an outing to plan and look forward to boosts their general health and wellbeing.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To promote Paisley Guitar Group as a diversionary to breaking the negative behaviours that come from social isolation. To promote the group to people in recovery who may not know of Paisley Guitar Group or who may feel uncomfortable coming along for the first time. A number of people had identified an interest in learning to play guitar however the cost of private one to one lessons meant they could not participate. Those interested were brought together and advised they could support each other by forming their own constituted community group to help beginners to advanced players get more out of their interest in the instrument. We will offer 4 x 40min sessions with an experienced tutor that reflect the needs of players of all abilities to help to improve knowledge and skill levels so that they can use them in "real world" situations such as practice on their own, rehearsal and studio recording and also live performance. Increase in membership, wider knowledge of the group, members gaining confidence and new skills that they can use in general life

What does your Organisation/Group do?	1.10	<p>Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident and empowered in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference and the Breastfeeding Network aims to offer accessible, reliable and effective peer support and helps families link up with a supportive community. Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding with families and wider communities and to use assets based approach to community based support for new parents.</p>
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide</p> <p>LAC Applying to: We are a national charity and provide support daily over the whole of Renfrewshire</p>
How much grant funding are you seeking?	2.10	£6,845.00
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>To provide breastfeeding peer support and evidence based information to families in Renfrewshire, especially in areas of multiple deprivation. To ensure our existing volunteers can continue to provide up to date information, receive ongoing support and learning (supervision), and continue to develop their skills. We will train more local women to volunteer which will help us maintain our well established services in the area and ensure sustainability of the project. This will help us to improve knowledge and support within hard to reach groups and the community. Despite recommendations from the World Health Organisation, UNICEF and the Scottish Government, breastfeeding rates remain very low especially in deprived areas. Across Renfrewshire only 14% of babies are still exclusively breastfed at 6-8 weeks in these data zones. Babies who are not breastfed are more likely to suffer from chest, ear, gastrointestinal and urinary tract infections, and at higher risk of developing high blood pressure, obesity, diabetes, heart disease and some cancers in later life. Mothers who do not breastfeed are at higher risk of developing breast and ovarian cancers and osteoporosis in later life. Breastfeeding promotes bonding and attachment which can help alleviate symptoms of post natal depression. Because of low</p>

		<p>breastfeeding rates in this area some mums can feel isolated and have no one to ask for support, offering peer support to these mums can help them feel part of a supportive community and help reduce isolation. We will continue to provide high quality breastfeeding peer support across Renfrewshire at our groups in Johnstone, Ferguslie and Linwood. We anticipate that at least 12 different families will come along to access support at the three groups each week. We will continue to collaborate with the Families First, Health Improvement and Health Visiting Teams. We will attend community events to help normalise breastfeeding, raise our profile and raise community awareness. We will train 12 women to provide peer support, and will continue their ongoing learning, provide supervision and insurance. This is a nationally recognised qualification which increases their confidence and helps toward retraining and future employment. We aim to support 80 different families over the year at the three groups.</p> <p>In line with Renfrewshire Council's own priority: Our Renfrewshire is well: We are committed to health improvement, early intervention and prevention. Breastfeeding support is one of the earliest ways to tackle health inequalities and our drop- in groups and involvement in community events help support the priorities below</p> <ul style="list-style-type: none"> • Promoting wellbeing and good mental health • Promoting healthy lifestyles • Tackling isolation and loneliness • Enabling people to live healthier lives • Developing strong community-based services <p>The families we support will have increased knowledge and confidence about breastfeeding and have increased links to a supportive community. We will increase social capital, active volunteering, knowledge and skills within a new cohort of volunteers, sustaining the project as a whole</p>			
What is your group's current bank balance?	1.14	306,147.00			
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes This figure represents the bank balance of a National Charity. We operate large scale commissioned services and this reflects ring fenced funding for several large specific projects. Locally we rely on the part time coordinator post to support our volunteers on a weekly basis. We want to continue our services locally and rely on Renfrewshire funding to provide this support.

Our purpose is to give young potential musicians access to facilities, equipment and expertise, giving them a platform to play live music and providing them with the management skills to organise their own community based music events. We aim to help young people prepare for Further Education and make them more employable. We produce events and manage events such as Spree for All, The Bungalow Musical, Baker Street Day, Paisley Music Week, and Paisley Busking Day. We have a hire division which specialises in event equipment.</p>
How much grant funding are you seeking?	2.10	£18,000.00 - Youth Challenge Fund
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>BACKGROUND The Charleston drum was beaten through the streets of Paisley to summon the weavers in times of trouble and to rally the weavers in protest marches. As most Buddies know that after a strike lead by the Charleston Drum the workers won the day and the drum is an integral part of the history of Sma' Shot Day. DESCRIPTION We wish to start a Charleston Drummers Group for young people to carry on that tradition and become active in the community spreading the story of the historic weavers strike and the iconic use of The Charleston Drum then and today. The project will include - Drum tuition, Drum maintenance, Drum making workshops, Recycling old drums, Research into the history of The Charleston drum and Forming a marching parade group to take part in local events such as Sma' Shot Day, The Spree, Paisley Halloween Festival, Paisley Music Week, Paisley Busking Day and other community events. Loud n Proud has a reputation as being one of the top music schools that produces some of the best drum students in the UK. We have had students in the top ten finals in Britain's Young Drummer of The Year for 7 years including two runners up and two winners. The idea has come from a suggestion from some of our drum students. Loud n Proud over the years has been involved in Sma' Shot Day and during discussions with the organisers it was</p>

		agreed that something could be done to get more young people involved and educate them about the historical importance of Sma' Shot Day, the parade and the history of how the drum is an important part of Paisley's history and the social and legal impact of the strike. Young people at Loud n Proud and from other groups have been involved in the development of this application. We will teach drums in a mixture of one to one, groups and ensemble rehearsals and form a marching group to take part in community events. The programme will provide a comprehensive and concise step-by-step introduction to drumming covering all aspects of technique, basic music and marching styles. It will be workshop based and involve interacting with others in the group as well as other community groups. Each session includes all necessary theory needed to give the student a good understanding of the equipment. The objective is that at the end of the courses participants are able to be an integral part of Sma' Shot Day and be active in the community by bringing not only music to enhance events but to keep the history of the Charleston Drum alive to a new generation. Paisley will have a group that keep alive the history of Sma' Shot Day and be a fixture in the event and others for the coming years. This project will assist us to improve the services and provisions we currently offer. Overall it will increase access, opportunity and participation in music by young people of Paisley. It puts in place a structure that will support up and coming musicians and others who wish to engage in the local community. We will form a committee with young people at its core which will give young people the skills to volunteer their services to help other voluntary organisations. Those taking part will learn teamwork and organisational skills and get an experience that will make them more employable, better equipped to apply for jobs, be more confident and have more experience to apply for a college course. Core Skills: IT Skills – Communication Skills - Creative Skills – Teamwork – Planning Management - Problem Solving General: Increase in Confidence – Increased Self-Esteem – Social Skills

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	dates-n-mates Renfrewshire is a friendship and dating agency run by and for adults with learning disabilities. The project helps hundreds of people that would otherwise be socially isolated and lack confidence and self-esteem in their everyday lives. It provides opportunities for people to connect, make friends and build meaningful relationships through hosting a regular calendar of social events in a safe, comfortable and inclusive environment thus improving overall health and well-being. With 26,000 adults with learning disabilities in Scotland, the Scottish Government's 10 Year Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority. People with learning disabilities are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including forming and conducting relationships. The Learning Disability team in Renfrewshire Council support its development. According to Renfrewshire Council Chief Executive's Ward Statistics 946 Adults with learning disabilities live in Renfrewshire (updates 2015). dates-n-mates Renfrewshire developed a pilot outreach model to identify adults with learning disabilities in specific areas of Renfrewshire and provide opportunities to connect and make friends and form meaningful relationships. Through our outreach work we are creating awareness of dates-n-

		<p>mates and engaging those most isolated supporting them towards membership helping to reduce social isolation, build confidence and self-esteem, and improve the person's ability to be active citizens and improve their overall health and well-being. We have built positive relationships with a wide range of services and organisations including Health, Housing, and other statutory and non-statutory services and projects within Renfrewshire. We have engaged with adults with learning disabilities who may have declined access to opportunities. We will target many people of all ages in Renfrewshire that are isolated with learning disabilities and that are unaware of the project and potential benefits to them. A resource to specifically focus on carrying out outreach work will help to identify these individuals and provide them the opportunity to connect and make friends and form meaningful relationships. Dedicated Outreach Workers (part-time) and awareness raising materials and activity will enable us to continue developing the outreach work, partnering with GPs, Housing Associations, Pharmacies, colleges, advocacy services, carers centres etc to achieve this. To compliment the work of social work, health and education services by reducing the formal statutory need to provide services for adults with learning disabilities by making more natural connections through dates-n-mates. To identify those that are most isolated and support them to access the dates-n-mates project to help reduce social isolation, improve their self-esteem, build confidence and improve the person's ability to be active citizens and improve their overall health and well-being. We provide on average 60 events a year using 30 different venues in Renfrewshire which is supporting local businesses. We are also introducing members to places and facilitates in their local communities which they perhaps wouldn't have accessed. Our Evaluation in 2017 found that 73% of our members had tried new things and experienced different places in the local community as a result of joining dates-n-mates.</p>

(Please use a separate sheet if required)	2.3 2.9	This project is to promote cultural integrations to the community and to have a platform for celebrating diversity and also to generate interest and understanding in each other's culture's, in non-threatening, friendly and inquisitive environments. We want to dispel any myths and misunderstandings that are easily reported but have no real factual support and have real impacts on minority communities. The idea was identified through a table - talk group in Reem whose initials objectives was to come up with ways of promoting cultural integration in the community. The group noted that Renfrewshire has diverse cultures, but it lacked opportunities and places for people to share such cultures. As a result the carnival idea was identified as a good opportunity for encouraging members of the wider community to come together, share cultural experiences through art, dance, and drama and celebrate. On the lead up to the actual West Indies type of parade, we plan to arrange a programme of activities in partnership with local youth groups operating around the Renfrewshire Area. These activities will cover such things as National costume designing and making, playing musical instruments related to certain cultures, and fun around finding out about each other's cultural beliefs and history by way of dance, story-telling and other art mediums. The parade and event will be organised. Our main objective is artistic development through this specific project. The Carnival allows the opportunity for the community to come together and the workshops allow the delivery of skill building and creative enjoyment. By providing the opportunity to engage with difficult to reach target groups and

		encouraging involvement in the Arts through our workshops we are achieving our goal.

(Please use a separate sheet if required)	2.3 2.9	<p>To provide musical instruments to all members who come along to singing memories to be able to participate in the music therapy. Singing memories was set up in Renfrewshire a few years ago, and was a pilot project. The evening is singing and music therapy to help people with dementia. The sessions are run out the normal Alzheimer's activities and are a free service with donations only from some attendees. A previous music therapist came to the group to do various musical exercises and sing along. She supplied musical instruments such as mini drums, tambourines, rattles, maracas. However, since she left the group is left without the instruments that form a huge part of the therapy. Singing memories and music therapy has been identified as a huge benefit to the mental health of the people who come along to the group. We will purchase a variety of "children's" musical instruments through a supplier recommended by a music therapist. This will allow the group to fulfil all parts of the program to enjoy singing and playing along to music. In some cases, people with dementia will not talk, however they will sing. It also leads to memory return when music reminds them of people, places or things they used to take part in and for relatives caring for their loved one this can bring so much joy. The group has about 50 including carers coming along at the moment but we hope this will expand therefore we will need lots of instruments.</p>

How much grant funding are you seeking?	2.10	£4,334.50
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	The purpose of this project is to support the growth and development of St Mirren Netball Club during the 2018/19 netball season and beyond. The project will allow St Mirren Netball Club to provide quality coaching, facilities, kit, equipment, officiating and playing opportunities for all members. Throughout the 2017/18 season the club has developed and grown in numbers. A full committee structure is now in place and our membership numbers have increased to the point where we are entering a 3rd competitive team into the local league. This project will allow us to successfully support 3 competitive teams, as well as a number of recreational players. It will also increase competitive opportunities by allowing entry to national tournaments, ensuring these opportunities are available to all members. The increase in numbers means more kit, equipment and officials are needed. There is also an increase in coaching hours due to attendance at more games. This project will allow us to provide all of the above as well as allow identified club members to gain coaching and umpiring qualifications that will be used within the club/ league environment. The outcomes are to provide: Top coaching across all competitive teams and for recreational players, Safe and appropriate facility, Safe, quality, rule adhering equipment, further supporting club growth and development, Improvement in Club Performance, Continued increase in club membership, Qualified coaches/ umpires from existing members who will use these qualifications to the benefit of the club, Teams entered in local leagues as well as national tournaments
What is your group's current bank balance?	1.14	£3,000.71
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes £2000 for playing kit (currently finalising design), £440 Coaching Costs, January 2018 - April 2018 (to be paid in June 2018)
