Report by: DIRECTOR OF ENVIRONMENT & COMMUNITIES

**Heading: COMMUNITY SAFETY & PUBLIC PROTECTION,
PROGRESS UPDATE**

1. Summary

1.1 This report provides a progress update on activities the Renfrewshire Community Safety Partnership has carried out in the Paisley North area in quarter 4 (1 January – 31 March 2018). The statistical information has been provided by the Renfrewshire Community Safety Partnership, including relevant Council Services, Police Scotland and Scottish Fire & Rescue. The report includes information on:

- Paisley North community safety statistics;
 - Environmental enforcement and improvement activities;
 - Protecting vulnerable residents;
 - Building safer communities;
 - Diversionary activities;
-

2. Recommendations

2.1 It is recommended that the Local Area Committee notes the content of this progress update report.

3. Focus on Paisley North

- 3.1 The table below details the number of incidents reported in the Paisley North Local Area during Quarter 4, 2017/18 (01 January to 31 March 2018). The Renfrewshire Community Safety Partnership continues to target resources into identified hotspot areas.

Incidents Reported	Q4 2016/17			Q4 2017/18		
	Ward 3	Ward 4	Ward 5	Ward 3	Ward 4	Ward 5
Serious Violent Crime (all Gp 1 Crime)	1	13	6	3	10	9
Minor Assault	21	68	50	21	68	36
Drug Crime	9	77	36	8	45	31
Disorder and Antisocial Behaviour (ASB) (number of calls)	140	476	317	123	520	368
Vandalism	10	58	27	11	86	52

- 3.2 **Ward 3:** A slight increase was noted within serious violent crimes, however these remained at a very low overall level with only three recorded during the Q4 2017/18 period. Crimes of vandalism and minor assaults remained relatively static with 11 and 21 crimes recorded respectively, whilst reductions were noted within reported incidents of anti-social behaviour and disorder (12%) and drug crimes, which reduced by one.
- 3.3 **Ward 4:** A significant reduction of 42% was noted within drug crimes, whilst serious violent crime reduced slightly by three crimes and minor assaults remained static at 68 crimes recorded. An increase of 9% was noted within anti-social behaviour and disorder calls, with the greatest increase noted within noise complaints. An increase of 28 crimes of vandalism was also recorded during the quarter, with a slight concentration noted in the area of Ferguslie Walk. There were no repeat complainers and no obvious patterns to these incidents, however peak days and times for all vandalism across Ward 4 were identified as Fridays and Sundays between 2300hrs and midnight.
- 3.4 **Ward 5:** Increases were noted within serious and violent crime; anti-social behaviour and disorder calls (16% increase); and vandalism, whilst reductions were noted within minor assaults and drug crimes. There were no repeat victims or locations within serious violent crime, with the majority of incidents (5) being serious assaults. For reported anti-social behaviour and disorder incidents, the greatest increase was noted within complaints of vandalism. Analysis of the crimes of vandalism indicated that the most frequent incident involved the smashing of windows, either of domestic dwellings or motor vehicles, however no significant repeat locations were identified. Peak days were noted as Fridays, with peak times between 2000hrs and 0100hrs.

Renfrewshire Wardens' Antisocial Behaviour Calls

- 3.5 200 antisocial behaviour calls were received by the Renfrewshire Wardens' service for the Paisley North LAC area during January to March 2018 which is an increase compared to the 188 calls in the corresponding period in 2017. 1265 patrols took place within the Paisley North LAC area, many in response to these calls. The antisocial behaviour calls made to the Wardens help the Community Safety Partnership to respond to and direct resources across Renfrewshire. During the same time period, the number of calls to the Noise Team remained constant in Wards 4 & 5 but increased by 67% in Ward 6. The number of warnings issued was also similar which corresponds to the increase in calls.

4 Environmental Enforcement and Improvements

Environment and Place - Team Up to Clean Up

- 4.1 Renfrewshire's Big Spring Clean event took place over the weekend of 20-22 April. Over 31 community clean ups were arranged across Renfrewshire. The event was promoted in participating local communities, on social media and in local newspapers. The Environmental Training Team and Aspire Renfrewshire also assisted volunteers across Renfrewshire.
- 4.2 The Team Up to Clean Up campaign has increased participation and continues to flourish and engagement with communities and schools has been encouraging. The Council has a growing community group contact list and engagement is developing well. The webpage is live, offering branded downloadable materials and community clean up packs, posters and leaflets to support activity. Community groups can publish their contact details, enabling those who would like to join events, or arrange their own, to obtain support and more information. 64 community clean-ups have taken place from October 2017 to April 2018. Despite the winter months, clean-ups were still arranged and well attended.
- 4.3 A Team Up to Clean Up Facebook page has been launched capturing a significant level of interest with over 300 members joining to date. The page is designed to be a resource for community groups to share good practice, promote events to likeminded individuals and facilitate discussion. The page has so far has prompted joined up working between two groups.

Responsible Dog Ownership Strategy

- 4.4 An innovative approach to tackling dog fouling has been delivered in 12 hot-spot streets in Renfrewshire. Community Safety Officers are reporting on the impact of the new approach which currently varies by location. When a street is confirmed as "severely" affected, StreetScene visit and clean the area. Pavements are then sprayed with a message "Someone in this street isn't picking up after their dog.... is it you?!", and signs are attached to lampposts. This approach is complimented by an increased Warden presence patrolling the area, delivering a zero-tolerance approach, with a number of Fixed Penalty Notices being issued for dog fouling.

Vehicle Emissions Testing

- 4.5 This bi-annual event took place on 28 March 2018 in Renfrew town centre. Community Safety wardens, working in partnership with Licensing Officers and Police Scotland, carried out emissions testing on light vehicles entering the Air Quality Management Area. 317 vehicles were tested including taxis and private-hire cars, all 317 vehicles passed with no fails. All drivers were given a Renfrewshire Council Greener Renfrewshire Vehicle 'Don't be an Idler' Information leaflet and an explanatory letter.

5 Protecting Vulnerable Residents

Safe Kids

- 5.1 Safe Kids is an annual interactive educational programme involving Renfrewshire's Community Safety Partners, delivering messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire (1,923 pupils in total). The aim of Safe Kids is to reduce the number of accidents involving young people, promoting positive behaviour and reducing risk taking behaviour.
- 5.2 Safe Kids was delivered at St Mirren Stadium during March 2018 with workshops designed to be interactive and short in length (10-12 minutes) to enable partners to communicate a range of vital messages in subject areas that can be difficult to discuss in the classroom.
- 5.3 Workshop topics included: antisocial behaviour; alcohol and drug awareness; internet safety; fire safety; litter & dog fouling; Railway Safety; Emergency situations; Who Cares Scotland and Street Stuff. Most of the workshops have previously been run successfully within the Safe Kids programme. New workshops this year included:
- **Railway Safety** - Learning about keeping safe at train stations and on trains and the dangers surrounding railway lines
 - **Who Cares Scotland** - To build empathy amongst young people, to understand a bit about what it means to be a child in care, how it feels, and how to help.

The Street

- 5.4 'The Street' is an award-winning project based in Hamilton. The 20-minute hard hitting drama is delivered by young people aged 14-24 focusing on the potential impact and risks associated with knife crime; teenage pregnancy; domestic violence; bullying, sexual and mental health and drug and alcohol misuse.
- 5.5 Small groups of young people who came to the attention of the Community Safety Youth Team through their involvement in youth disorder visited the project on several occasions during January - February 2018. After watching the drama, the young people attend a workshop to assess and discuss the potential impact of their own behaviour on themselves and their community.

Choices for Life

- 5.6 Choices for Life is an innovative diversionary and educational initiative aimed at raising awareness amongst young people aged 11-18 about the dangers of substance use and misuse in relation to smoking, alcohol and drugs. It also offers online safety and advice on how to deal with negative peer pressure and provides useful resources for young people and parents, carers, teachers and youth workers at www.choicesforlifeonline.org.
- 5.7 The 2018 Choices for Life event took place on 28 March 2018 at Johnstone Town Hall. It was attended by nearly 100 second year pupils from Renfrewshire's High Schools. This event focused on the dangers of alcohol and drugs with inputs from Police Scotland, RADAR, Scottish Fire and Rescue Service, Clubbercise with Active Communities and Renfrewshire Community Safety Services.

#ReadyWhenYouAre

- 5.8 The domestic abuse campaign #ReadyWhenYouAre was implemented during February and March 2018 aimed at victims to make them aware there is no timescales for reporting domestic abuse. Police Scotland and their partners are here when victims are ready to report and available to be supported.
- 5.9 This multi-agency campaign was run in both Renfrewshire & Inverclyde by local partners who specifically work with victims of domestic abuse. These included Renfrewshire's Council Public Protection, Woman's Aid, Woman & Children's First, Barnardo's, Assist, Mind Mosaic and Police Scotland.
- 5.10 The campaign took the form of an innovative 60 second video where all partners relayed a simple message of what domestic abuse is. Thereafter each individual partner records their own video emphasising the work their organisation does and how their organisation can support a victim of domestic abuse before, during and after the reporting process. The key message from all partners is "We are ready when you are".
- 5.11 Each week of the campaign a video was released which was circulate on social media under the above "hashtag" in the hope to get the message trending on all social media platforms and to generate shares to help spread the message further.

I Am Me/Keep Safe

- 5.12 By March 2018, the Primary School programme had been delivered to 36 schools and 7,159 children have participated. 2,461 children surveys have been returned and the headline results are as follows:
- 98% enjoyed the I Am Me visit;
 - 92% are more aware of bullying;
 - 91% are more aware of disabilities;
 - 99% know bullying is wrong;
 - 97% know it is important to report bullying;
 - 94% would tell an adult if they, or someone else was being bullied.

In total 10,528 pupils are booked to attend, with two schools to confirm pupil numbers.

- 5.13 Keep Safe is extending across Scotland, with 14 local authorities actively rolling out the initiative. There are now 366 Keep Safe places across Scotland, including 131 in Renfrewshire. The Keep Safe Ambassador programme is also going from strength to strength and now has 128 High School Ambassadors, 70 Police Scotland Youth Volunteer Ambassadors, 35 Ambassadors with a learning disability and 50 Keep Safe Ambassador trainers across Scotland.

6. Building Safer Communities

Best Bar None

- 6.1 Best Bar None is an accreditation scheme which rewards high standards and good practice in the licensed trade sector. The Scottish Business Resilience Centre (SBRC), who run the Best Bar None scheme in Scotland, are providing the administration and assessment for the Renfrewshire scheme this year. 7 Renfrewshire venues applied to the scheme this year, and all have achieved Gold standard. 4 of these venues applied for consideration to the National Awards and 2 venues, Bar Varia (Independent Bar) and Kilty (Innovation in Social Responsibility) were the short-listed as national finalists in the Best Bar None Scotland Awards in March 2018.

7. Diversionary Activities

Street Stuff

- 7.1 Street Stuff continues to deliver a variety of activities throughout Renfrewshire. There were 31,218 recorded attendances in 2017/18. In addition to the normal scheduled timetable during this quarter, extra afternoon sessions were arranged during the school holidays in February at the Paisley 2021 Stadium with attendances averaging 65 per day. Activities during these sessions included football, dance and bus activities. Each participant at the sessions was provided with a healthy meal.
- 7.2 The table below shows Street Stuff activity and attendance in the Paisley North LAC area from January to March 2018:

Venue	Attendance
Seedhill	24
Shortroods	193
St Mirren FC	279
Hunterhill CC	119
Total	615

- 7.3 Funding from this LAC in 2017/18 has allowed Street Stuff to deliver extra sessions in local areas. In total Street Stuff has provided 9 sessions over 5 days per week in the winter months in the Paisley North LAC area. The Street Stuff buses are also out

during the 6 evenings and are moved depending on need and the requirements of the young people.

(Details of Street Stuff activities and the up to date timetable are available on the council's website using the following link
<http://www.renfrewshire.gov.uk/article/2381/Street-Stuff.>)

StreetDoctors

- 7.4 Violence is the third leading cause of death in young people in the UK. Many of the deaths occur because people that are witness to violence panic and do not know how to help. Others do not know the consequences of violence, for example many young people believe that a person will only die if they are stabbed in the chest.
- 7.5 StreetDoctors is a charity that works to end youth violence by giving young people at risk of violence the skills and confidence to be able to help in a medical emergency, whilst also teaching them the true medical consequences of violence. In 2017, 84% of young people attending StreetDoctors sessions said that they would be willing to act if someone needed first aid, and 95% said that they understood the consequences of violence. StreetDoctors training is taught by a group of over 350 volunteers who are either medical students or junior doctors.
- 7.6 Street Stuff staff received StreetDoctors training on 21 February 2018. The training session covered 'What to do when someone is bleeding' and 'What to do when someone is unconscious'. It showed the medical consequences of carrying a knife, and offered a safe space to discuss willingness to help a victim. This lifesavers training will now be rolled out to young people in Renfrewshire at various Street Stuff venues throughout 2018.

Heading: Update on the Review Of Community Level Governance Arrangements

1. Summary

- 1.1 Renfrewshire Council approved in December 2017 a second phase of consultation on the Review Of Community Level Governance Arrangements, to take place between 22 January and 15 April 2018. The purpose of this consultation was to seek views on a set of nine proposals for change that were based on views expressed during the first period of consultation during autumn 2017.
- 1.2 Engagement took place based on a consultation paper, with responses invited either online or in hard copy. Public meetings and drop-in sessions were also held to enable face-to-face discussion on the proposals. The proposals were also presented and discussed at all five Local Area Committee meetings and officers also attended meetings of community groups on request.
- 1.3 A paper setting out the response to the consultation on the Review of Community Level Governance Arrangements was submitted to Renfrewshire Council on 3 May 2018 and was agreed. This paper is attached for information.
- 1.4 The next stage of the Review will be to develop finalised proposals, taking into account the views expressed during the consultation period,

for agreement by Renfrewshire Council at its meeting on 28 June 2018. Recommendations of this report will be implemented during 2018/19, with continuing dialogue with communities on the details of this implementation.

2. **Recommendations**

2.1 Members are asked to:

- Note the responses to the second phase of consultation on the Review of Community Level Governance Arrangements
- Note the arrangements for development and implementation of finalised proposals regarding the review.

3. **Background**

- 3.1 In 2016, Council agreed changes to the governance arrangements for the Community Planning Partnership, and as part of this work it was agreed that a review of the Local Area Committees (LACs) would be carried out.
- 3.2 The aim of the review is to assess the Local Area Committees as a model of community level governance, and make recommendations for a future model. The review included the form and function of Local Area Committees, along with the Local Area Committee grant funding.
- 3.3 In December 2017, a paper was taken to Council outlining the key findings from the Local Area Committee review (and engagement activities) and Council agreed that consultation could commence on the proposals submitted.
- 3.4 The second phase of consultation that took place between 22 January and 15 April 2018 sought feedback on nine proposals that were developed using evidence from the review of Local Area Committees.

Implications of the Report

1. **Financial** - It is possible that the administration of new arrangements could have financial implications for the Council. These will be

developed and presented as part of any changed proposals presented to future Council meeting.

2. **HR & Organisational Development** - There are no HR implications arising from this report. There may be organisational development implications for a future model, as it is possible that there will be training requirements for officers as part of the transition to any new model.
3. **Community/Council Planning –**

Community Plan - Our Renfrewshire is well – This priority of the Community Plan explicitly refers to the review of community level governance, and in particular that communities are best place to support themselves and articulate their own needs.

Council Plan - Building strong, safe and resilient communities – A key priority within the Council plan is to ‘Strengthen existing community networks and empowering local people to become more involved in their area and the services delivered there.’
4. **Legal** - Any future change to Local Area Committee arrangements would be likely to have governance implications for the Council. These will be developed and presented as part of any changed proposals presented to future Council meeting.
5. **Property/Assets** - Not applicable
6. **Information Technology** - Not applicable
7. **Equality & Human Rights** - The proposals discussed within the paper should improve participation and representation of communities and enable groups to have more voice and influence in the shaping and scrutiny of public services.
8. **Health & Safety** - Any health and safety implications would be considered in the delivery of the consultation, and moving forward in any new arrangements developed.
9. **Procurement** – Not applicable.
10. **Risk** - Not applicable

- 11. **Privacy Impact** - Not applicable
- 12. **Cosla Policy Position** – Not applicable

Heading: Review of Community Level Governance Arrangements

1. Summary

- 1.1 The aim of the review of Community Level Governance arrangements is to assess the Local Area Committees as a model of community level governance, and make recommendations for future models.
- 1.2 In December 2017 Council approved a consultation to take place early in 2018, which took place between 22 January and 15 April 2018. The consultation was based on a set of nine proposals for a new model, which were developed following an engagement exercise around the existing model of Local Area Committees in late 2017.
- 1.3 Responses to the nine proposals were sought through electronic and paper-based surveys, meetings of Local Area Committees, public meetings and drop-in sessions, facilitated sessions and attendance at meetings of community organisations.
- 1.4 This paper outlines a summary of key findings of the consultation, with a more detailed report attached at Appendix A.
- 1.5 The full set of finalised proposals and supporting processes will be presented to Renfrewshire Council on 28 June 2018 for approval.

2. **Recommendations**

2.1 It is recommended that members:

- Note the results of the consultation on the review of community level governance arrangements outlined at Section 4 of the report
- Agree that further development of proposals can be carried out, to be brought back to Council in June 2018.

3. **Background**

3.1 In 2016, Council agreed changes to the governance arrangements for the Community Planning Partnership, and as part of this work it was agreed that a review of the Local Area Committees (LACs) would be carried out.

3.2 The aim of the review is to assess the Local Area Committees as a model of community level governance, and make recommendations for a future model. The review included the form and function of Local Area Committees, along with the Local Area Committee grant funding.

3.3 In December 2017, Council noted the findings of the Local Area Committee review, and approved a consultation exercise could commence based on 9 proposals developed from the findings of the review.

3.4 The consultation took place over a 12 week period between 22 January and 15 April 2018. A range of opportunities was put in place inviting comment on the nine proposals:

- Paper consultation document
- Online survey
- Public events in Johnstone and Paisley
- Drop in events in Lochwinnoch, Bishopton, Erskine, Renfrew and Linwood.
- Facilitated sessions with STAR Project, Renfrewshire Effort To Empower Minorities, ROAR Connections For Life, Erskine Music and Media, CREATE Paisley, Street Stuff and Active Communities.
- Presentations at all five Local Area Committees
- Invited attendance at meetings of Renfrewshire Youth Voice, Hawkhead and Lochfield Community Council, Elderslie Community Council and Ralston Community Council.

- 3.5 173 survey responses were received, with 274 attendees at various events. This does not include stakeholders who were updated at formal Local Area Committee meetings.

4. **Summary of findings**

- 4.1 **Aims:** Proposals within the consultation paper detailed a renewed set of aims, and a specific proposal for a primary aim of the new arrangements to be identifying, setting and sharing local priorities. The consultation also sought views on 'rebranding' Local Area Committees, moving the focus from a committee function to a partnership function. Key themes emerging from the consultation included:

- 78% of survey respondents strongly agreed or agreed that aims of community level governance arrangements should be refreshed
- Supportive that new arrangements should promote better connections and networks
- Support for local priority setting
- More meaningful discussion between communities and public services and active encouragement of community participation identified as important to achieve better partnership working
- Identified potential for a more meaningful agenda across the year
- Broad support for moving to partnership model from committee model (61% of survey respondents strongly agreed or agreed), but recognition there is a need for a sound structure for meetings
- Quality facilitation at meetings and conditions for genuine community participation identified as key to culture change
- New model should not duplicate or diminish the role of community councils

- 4.2 **Membership:** Proposals within the consultation paper included widening voting rights within the new partnership arrangements, and a greater role for relevant partner organisations. The consultation sought views on proposals to move from formal committees of the Council to part of the Community Planning Partnership structures. Key themes emerging from the consultation included:

- Strong support for extending voting rights (77% of survey respondents strongly agreed or agreed)
- Areas without Community Councils should be effectively represented

- Clarity needed around roles and responsibilities from the outset
- There was broad consensus that partnerships should not be party political in nature when voting
- Strong support for an increased role for other public services playing a greater role (86% of survey respondents strongly agreed or agreed)
- Scope for more meaningful discussion about issues and developments, rather than presentation of statistical reports
- Key is quality of reports and presentations, rather than number of partners round the table
- Strong support for engagement with the wider community beyond those attending meetings (87% of survey respondents strongly agreed or agreed)
- Community Councils and Community Development Trusts were named as organisations that would play a key role in facilitating this
- Other communication channels should be used to support communication, including social media, with recognition that some people do not use digital channels
- Young people felt youth activities funded could be promoted through schools

4.3

Boundaries: Proposals within the consultation paper detailed a proposal to move from using Ward boundaries to Community Council boundaries, and sought views on a proposed model which moves to 7 areas instead of 5. Key themes emerging from the consultation included:

- 56% of survey respondents strongly agreed or agreed that boundaries should be based on Community Council boundaries rather than Ward boundaries, and 56% agreed with the proposed groupings.
- Recognising different issues in villages and towns was supported and endorsed, particularly the grouping of villages
- Support for the realignment of the Gallowhill area with Paisley, as opposed to Renfrew in the current arrangements
- Support for Linwood being aligned with Johnstone
- Some concerns about the practicality of resourcing seven areas
- A number of concerns raised by Elderslie residents, who had preference to be part of the village grouping due to common interests

- There were also some concerns raised from Paisley East residents about the grouping of Community Council areas in the east of the town and its relationship to the town centre

4.4 **Meetings:** Proposals within the consultation paper focused on how meetings can become more accessible and participative, and the consultation sought views on how this could be best achieved. Key themes emerging from the consultation included:

- 86% of survey respondents strongly agreed or agreed meetings should become more accessible and participative
- Broad support for changes in meeting style, with less formal meetings in surroundings more comfortable, and an emphasis on accessibility issues supporting a change of culture
- Greater opportunity for discussion and a reduction in paperwork would be a positive change
- Agenda still needs to be shaped and managed to ensure meaningful business is conducted
- Welcoming environment for new members raised as an important factor for positive partnership culture

4.5 **Grants:** Proposals within the consultation paper focused on refocusing locally distributed grants on local projects (and aligned to local priorities), and providing an alternative process administered by officers for Renfrewshire wide proposals (which is aligned to Community Planning priorities). The consultation also sought views on a proposal to carry out a participatory budgeting exercise with money allocated to the Youth Challenge fund. Key themes emerging from the consultation included:

- Support for grants to be focussed on local projects rather than Renfrewshire wide projects (84% of survey respondents strongly agreed or agreed funding should be focussed locally, with 67% strongly agreeing or agreeing with 'multi-LAC' applications being administered centrally)
- Recognition that removing a percentage of resource from the local budget would result in less to allocate, and keenness to see the detail of this proposal
- Transparency and accountability should be guiding principles for grant allocations
- Eligibility criteria should be revised, with difference on what people felt this should focus on

- Organisations should be supported to become more sustainable
- Support for participatory budgeting processes (81% of survey respondents strongly agreed or agreed new arrangements should give choice for participatory budgeting), with assurance on actual mechanisms selected and whether these are fair and transparent
- Considerable interest among young people about being involved in a participatory budgeting process (77% of survey respondents strongly agreed or agreed young people should decide on the allocation of the Youth Challenge Fund through a participatory budgeting exercise), recognising the method chosen would be key to encouraging participation

5. Next Steps

- 5.1 The proposals outlined within the consultation paper will now be developed in more detail, taking into consideration the feedback received during the consultation period.
- 5.2 These detailed proposals and processes will be submitted to Council in June for consideration, including a timeline for the implementation of the new model.
- 5.3 The development of the future grants processes will also be aligned to the new approach outlined in the 'Support to Community Organisations' paper submitted to Council on 3rd May 2018, and to the development of the Community Empowerment Fund which will be brought to Council for consideration at Council in June 2018. It should be noted that this represents a significant opportunity to simplify and align the support provided to community organisations.

Implications of the Report

1. **Financial** - It is possible that the administration of new arrangements could have financial implications for the Council. These will be developed and presented as part of any changed proposals presented to future Council meeting.
2. **HR & Organisational Development** - There are no HR implications arising from this report. There may be organisational development implications for a future model, as it is possible that there will be training requirements for officers as part of the transition to any new model.

3. **Community/Council Planning –**

Community Plan - Our Renfrewshire is well – This priority of the Community Plan explicitly refers to the review of community level governance, and in particular that communities are best place to support themselves and articulate their own needs.

Council Plan - Building strong, safe and resilient communities – A key priority within the Council plan is to ‘Strengthen existing community networks and empowering local people to become more involved in their area and the services delivered there.’

4. **Legal** - Any future change to Local Area Committee arrangements would be likely to have governance implications for the Council. These will be developed and presented as part of any changed proposals presented to future Council meeting.

5. **Property/Assets** - Not applicable .

6. **Information Technology** - Not applicable

7. **Equality & Human Rights** - The proposals discussed within the paper should improve participation and representation of communities and enable groups to have more voice and influence in the shaping and scrutiny of public services.

About this report

The report provides an overview of consultation responses as part of Renfrewshire Council’s review of community level governance arrangements. It gives a summary of how the consultation was carried out and key themes that emerged from the consultation. It includes information and a breakdown of how people responded to the survey, and examples of comments that were shared in survey responses and at events people participated in.

About the consultation

The consultation took place between 22 January and 15 April 2018. This consultation built on information emerging from the initial consultation period that took place in autumn 2017. The subject of the consultation was a set of nine proposals, grouped under the five thematic headings of Function, Membership, Boundaries, Meetings and Grants.

The survey was available to be completed either on-line via survey monkey or in paper format. A total of 173 surveys were completed and returned. Most of the surveys were completed by individuals, with eleven submitted on behalf of community organisations and nine by sporting and cultural organisations.

In addition to the survey format, a series of events were held in communities throughout Renfrewshire to generate discussion on the proposed changes to Community Level Governance Arrangements, gauge the level of support and capture any other comments. A total of 274 people attended these events, excluding attendance at Local Area Committees.

- Public events in Johnstone and Paisley
- Drop in events in Lochwinnoch, Bishopton, Erskine, Renfrew and Linwood.
- Facilitated sessions with community led organisations
- Presentations at all five Local Area Committees
- Invited attendance at meetings of Renfrewshire Youth Voice, Hawkhead and Lochfield Community Council, Elderslie Community Council and Ralston Community Council.

Two public events were held in Johnstone Town Hall and Paisley Town Hall. At these events, speakers set out the proposals, before group discussions took place in a workshop format. Feedback on each of the proposals was captured on flipchart paper.

Smaller-scale open drop-in sessions were held in a number of locations in communities across Renfrewshire to enable people to take part in discussion about the proposals and have their views recorded. These were held in Renfrew, Linwood, Bishopton, Lochwinnoch and Erskine.

A number of community groups led their own drop-in sessions, supported by Renfrewshire Council staff. These sessions focused on speaking to groups with members who would be less likely to attend events for the general public. Discussions at these sessions were framed around the proposals, but tailored to reflect the interests of the particular group. These were facilitated by ROAR, Renfrewshire Effort to Empower Minorities, Erskine Music and Media, Active Communities, STAR Project, Street Stuff and CREATE Paisley.

Presentations on the nine proposals of the Review of Community Level Governance were made at all five Local Area Committee meetings in February/March 2018 and also at the meetings of Renfrewshire Forum For Empowering Communities and Renfrewshire Community Councils Forum. Each of these sessions provided opportunities for individuals and organisations to make comments on the proposals and ask questions about the process.

At all events, an open invitation was extended to attend any other meetings as requested by organisations to discuss the proposals. As a result of this offer, presentations were also given at meetings of Hawkhead and Lochfield Community Council, Elderslie Community Council and Ralston Community Council.

Function

Proposal 1: Refresh the aims

Respondents were asked if they agree with the proposed aims of new arrangements and for any additional comments.

The proposed key aims include:

- Make connections and networks between community groups and the wider community.
- Identify, set and share local community priorities.
- Listen to, consult and represent local communities.
- Distribute grants to support local activities

78% of survey respondents strongly agreed or agreed that aims of community level governance arrangements should be refreshed

“For some public sector organisations and frontline services, LAC’s can provide important opportunities for partners to work together effectively beyond receiving grant awards.” (Survey respondent)

“Local government should work closer with communities to help them improve their areas” (Survey respondent)

Discussion at events supported the proposal that the new arrangements should promote better connections and networks between the wider communities.

“It’s not just about the grants!! Real opportunity for joint working, collaborative/coproduction.” (Event attendee)

More meaningful discussion between communities and public services and active encouragement of community participation at the meetings were identified as being important to achieve better partnership working across communities.

“The structure outline puts organisations and local elected members as the key driver (and members) of the new structures when in fact it should be the community itself , residents and so on who have the greatest influence.” (Survey respondent)

The potential for partnerships to have a meaningful agenda across the whole year, rather than focus primarily around grants, was recognised. The opportunity for local communities to be engaged in setting and sharing priorities was regarded as a positive development.

Proposal 2: Move from “committees” to partnership

Respondents were asked if they agree with the proposed approach and for any additional comments.

The principle of moving from a Council committee model to a partnership model was broadly supported (61% of survey respondents strongly agreed or agreed), but with the caveat that there was still need for a sound structure for the meetings.

It was recognised that the key to achieving a change to an effective partnership culture would be the quality of facilitation at meetings and creating the conditions for genuine community participation. One of the ideas was for the chair to be a community participant, rather than an Elected Member, to signify the change to a community-led approach.

“I don't really see what significance it has if it's called a committee or a partnership. Again, it sounds good in theory, but in practice, I don't think it will make any difference to the current set up.”
(Survey respondent)

“Committee feels authoritarian, whereas Partnership sounds more inclusive” (Event attendee)

One issue that was raised regarding the proposed new functions was about how this relates to business conducted through community councils. It is important that the proposed partnerships are connected to Community Council business, but does not duplicate or diminish the role of community councils.

“Needs to be good distinction from Community Councils” (Event attendee)

There were some concerns raised regarding scrutiny and accountability of the new partnerships, relating to the proposed move from a formal committee of the Council to part of the Community Planning Partnership governance structure.

“Concern that this will reduce the scrutiny and democratic accountability of these new partnerships and that there is no formal or statutory code of conduct for community members” (Survey respondent)

Membership

Proposal 3: Voting rights extended

Respondents were asked if they agree that voting rights should be extended and for any additional comments.

There was strong support for extending voting rights within the survey (77% of survey respondents strongly agreed or agreed), with the proposed extension of voting rights to community members to create a balance between community and Elected Member votes supported in principle by event attendees.

“Current arrangements re voting are disenfranchising and need to be changed to get better community involvement.” (Survey respondent)

“Extending voting and giving wider voice and listening to non biased points of view can only be a positive step.” (Survey respondent)

Some issues were raised with regard to ensuring that areas that do not currently have active Community Councils are effectively represented and ensuring that there is clarity from the outset regarding roles and responsibilities.

“The criteria for deciding on community members has to be carefully considered.” (Event attendee)

“I would only see this being good if there were equal number of representatives from each village/town regardless of the size of the population in those areas, otherwise smaller villages would never get heard” (Survey respondent)

There was broad consensus that local partnerships should not be party political in nature when voting is required. However, some concerns were raised about extending decision making powers beyond elected members to community representatives with no democratic mandate.

“It would be good to de politicise the meetings and have an equal balance of votes between elected members and community representatives” (Event attendee)

“How can someone without an elected mandate be given an equal vote to someone who has?” (Event attendee)

Summary of survey responses

Do you agree that voting rights should be extended?

Proposal 4: Other public services play a greater role

Respondents were asked if partners should play a greater role and for any additional comments.

There was strong support for an increased role for other public services playing a greater role (86% of survey respondents strongly agreed or agreed).

"I think it would be useful for their attendance at meetings as their organisations affect communities." (Survey respondent)

"Yes... it will be a challenge for one Individual to represent whole organisations and this should be considered when considering the role of these representatives" (Survey respondent)

A shared partnership approach was supported by people attending face to face events. People felt that there was scope for more meaningful discussion about issues and developments, rather than presentation of statistical reports.

"I would not want the meetings to be strangled by a series of bureacratic reports." (Survey respondent)

The key to public service input to local community governance was seen as being the quality of reports, presentations and relationship to the partnership, rather than the number of partners round the table.

"Yes and be answerable by reporting back with decisions" (Event attendee)

Renfrewshire Leisure Limited was identified as a partner that could have an enhanced role in the local governance in order to engage about both facilities and activities to encourage health and sport within Renfrewshire. Increased awareness of the role of Engage Renfrewshire in supporting community capacity building was also identified as an area for development.

There were a number of suggestions regarding further partner organisations which people felt should have a presence at the partnerships, for example, the ambulance service and fire service. It was recognised that many public sector organisations may not have the capacity to attend the partnerships.

"What about the private sector? And involvement should not mean attendance at meetings - e.g. Police Scotland don't have the resources for this" (Survey respondent)

Summary of survey responses

Do you agree that partners should play a greater role?

Neither agree nor disagree	13	8%

Strongly Disagree	1	1%
No answer	62	36%

Proposal 5: Wider engagement with the community

Respondents were asked if partnerships should engage with the wider community, how this would be best achieved and for any other comments.

There was strong support for engagement with the wider community beyond those attending meetings (87% of survey respondents strongly agreed or agreed). The principle of engagement with the wider community beyond those attending meetings was also supported at the face to face meetings.

"I agree wider engagement is essential as many people don't even know Local Area Committees exist." (Survey respondent)

The role that Community Councils and other community groups can play in gathering information on community views and communicating information from partnerships was discussed and was broadly supported. In particular, Community Development Trusts were mentioned as organisations that could particularly play an enhanced role in being information conduits to and from the local community governance arrangements.

It was also felt that other communication channels such as social media and the Well In Renfrewshire portal could be used to support communication. However, there were some concerns

about over-use of social media and digital channels and how this might exclude people who are not online.

“I think you will have to try a number of different methods so that you reach the maximum no of partners. Be open about agendas , minutes where possible, Use social media, websites” (Survey respondent)

“Widening access should not solely rely on social media and digital channels - this will exclude many groups of people and defeat the purpose of widening engagement” (Survey respondent)

There were a number of comments about hosting occasional ‘event style’ meetings, and how this might be an effective way of engaging with parts of the community unlikely to attend more formal community meetings.

“Event style meetings can bring meaningful conversations enabling people to learn different perspectives.” (Survey respondent)

“Hold more social events, family friendly, generation friendly where you engage with people by hosting something engaging and have the community angle as a secondary reason to attend” (Survey respondent)

A particular idea identified by young people was about communicating the availability of activity for young people funded through the local community governance structures through schools. This would both widen the awareness of the important role of local community governance arrangements in funding local activity and also ensure that young people know about the activities available to them.

Summary of survey responses

Do you agree that partnerships should engage more with wider community?

	No of respondents	% of respondents
Strongly Agree	39	23%

Strongly Disagree	2	1%

Boundaries

Proposal 6: Move from 5 areas based on ward boundaries to 7 based on community council boundaries

Respondents were asked if they agree with the proposed move from ward boundaries to Community Council boundaries and the proposed groupings. Respondents were also asked about the advantages and disadvantages of the proposed groupings in relation to specific areas.

56% of survey respondents strongly agreed or agreed that boundaries should be based on Community Council boundaries rather than Ward boundaries, and 56% agreed with the proposed groupings.

"The changes will make the committees more community focused." (Survey respondent)

"More responsive to local needs, interests and population distribution" (Survey respondent)

This was the proposal with least consensus, but analysis of survey responses shows the vast majority of dissent about the proposed boundaries was specifically around the placement of Elderslie with Johnstone and Linwood. The principle of recognising the different interests and issues in village and town areas was supported.

"More consideration will be given to the needs of our rural villages which are somewhat different from the needs of Renfrewshire towns." (Survey respondent)

"I agree with move to CC boundaries, however localities need to be right fit" (Event attendee)

However, some concerns were expressed regarding the practicality of resourcing seven areas. It was also recognised that the proposed new arrangements would result in Elected Members potentially having to attend two different partnership areas. While the move towards more local groupings was broadly welcomed, there was concern that the impact on the size of the budget for each grouping could lead to less engagement.

"No advantage to increasing bureaucracy" (Survey respondent)

"Would that then change the councillors who attend?" (Event attendee)

Regarding the proposed groupings, the following proposals were supported:

- Gallowhill aligned to a Paisley grouping, rather than Renfrew as is currently the arrangement.
- Villages in West Renfrewshire forming a grouping separate from Johnstone.
- Linwood being aligned with Johnstone.

Concern was expressed about the following proposals:

- Elderslie aligned with Johnstone and Linwood rather than the other villages. There was strong feedback from Elderslie that the area should be part of the village grouping, due to common interests.
- Paisley East aligned with other areas to the Eastern boundary of Paisley, rather than with the community council areas to its west.

“I think Elderslie will be at a disadvantage as it is much smaller than the other 2 areas and has different priorities. Would prefer it stays with other villages the same size with similar issues”
(Survey respondent)

Meetings

Proposal 7: Meetings should become more accessible and participative

Respondents were asked if they agree with the proposals about meetings and what else could be done to support more accessible and participative meetings.

86% of survey respondents strongly agreed or agreed meetings should become more accessible and participative

There was broad support for the proposed changes in meeting style. It was considered that a less formal meeting style in surroundings that are generally more comfortable, but with an emphasis on accessibility issues, would support a change in culture.

“More conscious effort to move away from LACs. Potential for real partnership but needs deliberate changes” (Event attendee)

In particular, it was felt that meetings with greater opportunity for discussion and a reduction in paperwork would be a positive change in the culture of local governance arrangements. It was recognised, however, that agendas still had to be shaped and managed to ensure that meaningful business is conducted.

“Good start should be reviewed and based on feedback from attendees at each meeting. Need to consider balance of setting context and getting on with business” (Survey respondent)

Creating a welcoming environment for new members was raised as an important factor in developing a positive partnership culture.

“Needs to be more casual and inviting to encourage people to speak freely” (Event attendee)

There were a number of issues raised around awareness of meetings, and how clearly and openly they are promoted.

“These meetings are already open to the general public. It is the duty of local government to publicise the value of this body and invite them to meetings” (Survey respondent)

“Advertising the agenda of the meeting locally so residents know what will be discussed beforehand.” (Survey respondent)

Grants

Proposal 8: Local Grants For Local Projects

Respondents were asked if they agree that funding should be focused on local projects, in line with the community priorities that have been identified and agreed. Respondents were also asked if “multi-LAC” applications should be administered through a central grant fund and for any other comments.

There was strong support for grants to be focussed on local projects rather than Renfrewshire wide projects (84% of survey respondents strongly agreed or agreed funding should be focussed locally, with 67% strongly agreeing or agreeing with ‘multi-LAC’ applications being administered centrally)

“The partnerships need to set priorities for funding and score applications according to those priorities” (Event attendee)

“Totally agree – keep it local, fair, relevant to communities” (Event attendee)

The proposal to focus discussion at local community governance arrangements on grants for local projects was supported at events. There was agreement that discussion about applications for Renfrewshire-wide projects should not be a focus at local structures. It was recognised, however, that removing a percentage of resource from the local budget to fund Renfrewshire-wide applications would result in less resource being allocated through the local community governance arrangements.

“Funding should be fairly distributed, ensuring each area receives it's fair share. This does not happen at present.” (Survey respondent)

There was general agreement of the need for transparency and consistency to be guiding principles in the allocation of resources. Views were expressed that there should be revised eligibility criteria for allocation of funds, although there were differences in what people thought the criteria should or shouldn't focus on.

“There should be stricter funding criteria, with good follow up and evaluation, including what difference the project made” (Event attendee)

“Council departments should be excluded from applying for grants” (Survey respondent)

“There should be a sensible maximum amount (possibly £5k?) for local grants.” (Survey respondent)

There was also recognition that applicants for funding should be encouraged to seek out external sources of funding and become self-sustaining if possible to avoid recurring grant applications for the same project. Some views were expressed that grants should be available throughout the year, or at least twice per year.

“People applying for specific groups, i.e. sports grants should do it through other means such as Sports Scotland, community grants should be for the communities not for specifics.” (Survey respondent)

It was recognised that the detail regarding the size of the various budget pots would have an impact on whether people would support the proposed changes regarding grants in actuality.

As with meetings above, there were some concerns raised that funding processes and awards of funding should be more clearly promoted within communities.

“There are many good projects (several funded through the LAC), but they are not well advertised.”
(Event attendee)

Proposal 9: Participatory Budgeting

Respondents were asked if they agree that new Local Governance Arrangements should be given a choice about using participatory budgeting, whether young people should decide allocation of the Youth Challenge Fund through participatory budgeting and for any other comments on participatory budgeting.

The proposal to allocate budgets through a Participatory Budgeting process was generally agreed in principle. However, it was noted that people would need to assured that the actual mechanism chosen was fair and transparent.

“This model has worked successfully in some local authorities” (Survey respondent)

“Participatory Budget is fairer as it has the support of local groups – it is more democratic” (Event attendee)

“It is good practice to let public to vote. Participatory budgeting also brings people together.” (Event attendee)

“The PB event should be properly advertised and organised and discharged in a professional manner” (Survey respondent)

There was strong support for a youth-led participatory budgeting process (77% of survey respondents strongly agreed or agreed young people should decide on the allocation of the Youth Challenge Fund through a participatory budgeting exercise), recognising the method chosen would be key to encouraging participation.

“How will this work? Need to get a wide range of young people from different backgrounds” (Survey respondent)

Young people in particular were considerably interested in this opportunity, but felt generally that young people should be more clearly involved in the allocation of funding for youth activities.

“For the youth related funding, there could be the requirement that for proof that young people are involved in the project and have been involved in the application” (Event attendee)

“I don't believe young peoples voice will actually be taken into account, other than on paper.” (Survey respondent)

Heading: Grant Feedback Report – 2017/18 Awards

1. Summary

1.1 The purpose of this report is to provide some detail on projects that were funded by the Paisley North Local Area Committee (LAC) in 2017/18.

1.2 Providing regular feedback to LACs increases accountability and helps LACs identify clear community outcomes from grants awarded to community groups. It is also a condition of grant that groups account for their income and expenditure and set out the community benefits and other outcomes of their LAC grant awards.

Recommendations

2.1 The LAC is requested to note the report.

3. Background

3.1 This report provides an overview of feedback submitted by a number of the successful grant applicants who were funded by the Paisley North LAC in 2017/18. It should be noted that most groups submitted the feedback forms well before the end of the financial year end for 2017/18 to comply with reporting deadlines and the information provided gives an indication of spending to the date of submission rather than for the full spend of the project.

3.2 Active Communities Jingle Bell Fun Run 2017

3.2.1 Active Communities was awarded £2,600 by this LAC for the annual Jingle Bell Fun Run 2017. The grant helped to provide medals for the estimated 600 runners, market the event, provide a marquee and fund other race essentials.

3.3 Active Communities Youth Club Ferguslie 2017

3.3.1 Active Communities was awarded £3,476 by this LAC which was used to help to establish a multi-agency club in Ferguslie for young people through the funding of YMCA digital workers and equipment, PVG checks, youth workers and the provision of healthy snacks and fruit.

3.4 Alba Thistle

3.4.1 The group was awarded £2,600 by this LAC. This has helped to meet the cost of hiring training and match day facilities and the purchase of training clothing, training equipment and first aid equipment.

3.5 Cathedral Club

3.5.1 The group was awarded £1,000 by this LAC. This helped to purchase a bingo machine and a lockable filing unit and contribute part of the costs of summer and Christmas outings.

3.6 Cornerstone Drop-in Centre

3.6.1 The group was awarded £375 by this LAC. This helped to meet the insurance and utility costs for the Centre's use of the Holy Trinity Church.

3.7 Cotton Club

3.7.1 The group was awarded £1,000 by this LAC. In conjunction with Todholm Primary School, the funding for the garden project has allowed the purchase of garden equipment, wood, paint, refreshments and plants.

3.8 Fitting-in

3.8.1 The group was awarded £1,060 by this LAC. This has been used to help meet the cost of activities for disadvantaged young people, including bus hire, hire of the Bield Centre, a children's first aid course, trips to Xscape, Heads of Ayr and Mugdock Park and Co-ordinantor costs.

3.9 Glenburn Stroke and Disability Group

3.9.1 The group was awarded £1,166 by this LAC. This was used to help meet the costs of hall lets, the engagement of an arts tutor, printing and stationery, art materials and social activities.

3.10 I Am Me Scotland – My Name is Charlie Project

3.10.1 The group was awarded £1,166 by this LAC. The funding was used to create and promote a new learning resource for primary schools which raised issues relating to autism.

3.11 Lamont Farm

3.11.1 Lamont Farm was awarded £2,000 by this LAC to help meet the general operating costs of the farm including the purchase of insurance, animal feed and bedding and paying for dentist and farrier services.

3.12 Loud n Proud

3.12.1 The group was awarded £2,400 by this LAC. The Bungalow musical was due to be held over three evenings, 1-3 March 2018. Unfortunately the performances on 1 and 2 March had to be cancelled as a result of the heavy snowfall which resulted in Renfrewshire Leisure facilities, including the Town Hall, being closed. The performance on 3 March 2018 did go ahead. However, the financial implications for the two performance cancellations and ticket refunds have still to be assessed and reported.

3.13 Meikleriggs Cricket Foundation

3.13.1 The group was awarded £4,700 by this LAC for a community coaching project. The grant helped to meet the cost of cricket coaching, equipment and venue hire.

3.14 Oakshaw Trinity Friendly Hour

3.14.1 The group was awarded £400 by this LAC. The grant has enabled the group to provide transport for less mobile members which allows them to attend the weekly meetings.

3.15 PACE Theatre Company

3.15.1 The group was awarded £1,132 by this LAC. This helped to fund three support packages for disadvantaged young people from this LAC area to attend PACE Theatre School. Two fully funded places have already been awarded to young people from the Paisley North LAC area and the group anticipates that the one remaining package of support will be allocated at the start of the new term in August.

3.16 Paisley & District Scout Association

3.16.1 The group was awarded £2,500 by this LAC to assist with an inter-cultural exchange camp in Poland. The grant was used to purchase equipment for the visit, pre-event training and engagement with the local Polish community and help meet the cost of activities in Poland.

3.17 Paisley Florist Society Gardening Club

3.17.1 The Gardening Club was awarded £150 by this LAC which was used to help run the group's annual show.

3.18 Paisley Guitar Group

3.18.1 The group was awarded £620 by this LAC. Operating from the Sunshine Recovery Café, the grant has enabled the group to provide guitar tuition to people in recovery from various addiction issues.

3.19 Paisley People's Archive

3.19.1 Paisley People's Archive was awarded £527 by this LAC which was used to research, prepare and produce a booklet on Paisley's heritage.

3.20 Paisley Pirates

3.20.1 The club was awarded £2,000 by this LAC to help meet ice hire costs which is charged to the team at £191 per hour.

3.21 Phoenix Flyers

3.21.1 The group was awarded £1,000 by this LAC. This grant contributed towards the cost of a ride-on lawnmower, radios and display equipment.

3.22 Rainbow Turtle

3.22.1 The group was awarded £1,500 by this LAC. This helped to fund an education officer post to help deliver school talks and other educational programmes.

3.23 Ralston Playgroup

3.23.1 The group was awarded £5,000 by this LAC. Young Enterprise Scotland will undertake the first phase of the project to purchase and install artificial turf and shock pads, erect a partition fence and lay bark surfacing.

3.24 Rays of Hope

3.24.1 The group was awarded £1,000 by this LAC. This cancer support group used the grant to fund instructor fees, hall rental, marketing, respite assistance and craft supplies.

3.25 RSPB Renfrewshire Local Group

3.25.1 The group was awarded £119.99 by this LAC. This helped to meet the cost of purchasing a new laptop and projector for use by guest speakers at local meetings.

3.26 The Breastfeeding Network

3.26.1 The group was awarded £1,303 by this LAC. This has helped the group to continue providing breastfeeding support to families in Renfrewshire, support existing volunteers and attend local events and gala days.

3.27 Twist and Hit Cheerleaders

3.27.1 The group was awarded £5,000 by this LAC. The award helped to purchase a sprung floor for tumbling exercises, mats and a sound system and provide a training course and safety training aids.

3.28 Walking Tours on Wheels

3.28.1 The group was awarded £800 by this LAC. This helped the group to update its presentational equipment through the purchase of a laptop, mini projector and tripod, carry bags and software and the printing of information leaflets.

3.29 Priorscroft Bowling Club

3.29.1 The group was awarded £2,480 by this LAC. This helped to purchase 10 sets of bowls for children, 12 small scoreboards and undertake remedial repairs to the clubhouse.

3.30 Ferguslie Cricket Club – Sight Screens

3.30.1 The group was awarded £5,000 by this LAC which has been used to repair and, where necessary, replace the existing sight screens at the cricket club's ground.

3.31 Kelburne Cricket Club

3.31.1 The group was awarded £3,000 by this LAC. This contributed towards the purchase of a heavy grass roller at a total costs of £7,920.

3.32 St James' Orchestra

3.32.1 The group was awarded £300 by this LAC which has been used to meet the cost of rehearsal and performance accommodation. The orchestra has been able to book larger concert venues and add a spring concert to its schedule.

3.33 2175 Rolls Royce Air Training Corps

3.33.1 The group was awarded £616.66 by this LAC. The grant helped to fund the purchase of a training remote controlled plane, flight simulator and laptop and software.

3.34 5th Paisley Oldhall Scout Group

3.34.1 The group was awarded £4,000 by this LAC. The award allowed a new heating system to be installed in the scout hall and assist towards the cost of other internal improvements to the fabric of the building.

3.35 Braehead Junior Ice Hockey Club

3.35.1 The group was awarded £689 by this LAC. This has been used to subsidise the cost of ice hire for the club, reducing the cost to the children participating in the sport.

3.36 C.A.R.I.N.G.(Children at Risk in Need of Guidance)

3.36.1 The group was awarded £999 by this LAC. This allowed the group to purchase three tents and other associated camping equipment.

3.37 Direct Devitt

3.37.1 The group was awarded £1,956.80 by this LAC. The grant allowed the group to provide free workshops at the Tannahill Centre for 60 young people from throughout Renfrewshire. This helped pay for staff costs, PVGs, art supplies, DJ equipment, accommodation and other general running costs.

3.38 Girls Brigade Renfrew Division

3.38.1 The group was awarded £240 by this LAC. This helped to fund an explorer activity day, a Division-wide competition and the cost of an engraved trophy.

3.39 Renfrewshire Youth Voice

3.39.1 The group was awarded £911 by this LAC towards the cost of the Positive About Youth Awards 2017. The majority of the funding was used for venue hire and technical assistance with the remaining funding being used for general costs associated with funding the event.

3.40 The Neighbourhood Challenge

3.40.1 The group was awarded £1,000 towards the cost of setting up this community group in the Paisley Canal area. The grant award was used to purchase a laptop, establishment of a website (www.theneighbourhoodchallenge.co.uk) and cover various design and printing costs.

3.41 Greensyde Carers

3.41.1 The group was awarded £96 by this LAC which helped to purchase tracksuits for members of the Milldale Athletic Team as part of a wider project to support adults with learning disabilities fulfil their full potential in sports.

3.42 Double H Lunch Club

3.42.1 The grant award of £300 has helped to provide two course lunch meals to elderly members of the club. The group has advised that by meeting hall rental costs the grant award helps to bring people together in a safe and friendly environment.

3.43 Ralston Community Games

3.43.1 The 2017 Community Games were postponed and will now be held in the current financial year.

3.44 Renfrewshire Bowling Association Under 25s

3.44.1 The Bowling Association was awarded £600 by this LAC which helped to fund the purchase of jackers for the young bowlers and the hire of coaches to take them to competitions.

3.45 The Boys Brigade Paisley & District Battalion

3.45.1 The group was awarded £500 by this LAC which has been used help offset total divisional running costs of £27,161.

3.46 Renfrewshire Sports Network

3.46.1 The group has advised that it has disbanded and 2017/18 awards will be returned to LAC budgets.

3.47 Cameron Dance Group

3.47.1 The group was awarded £2,000 which has been used to assist with the hire of the Tannahill Centre for dance displays.

3.48 Paisley and West End Growing Grounds Association

3.48.1 The Association was awarded £1,500 in relation to the Carbrook Street garden, Paisley project. The award helped to pay the professional architect fees which, in turn, enabled the group to apply for an asset transfer, obtain estimated costs for the project and engage in public consultation.

3.49 Feis Phaislig

3.49.1 Feis Phaislig was awarded £1,009 by the LAC which helped to offset venue costs of £3,400 for the project. The group has advised that 40 young people took part in the traditional music tuition provided and that over 100 people attended each of the school concerts, public events and end-of-term showcase performed by the young people.

3.50 Shopmobility

3.50.1 The LAC awarded £300 to Shopmobility which has been used to help pay for the insurance premiums for the group's fleet of mobility scooters.

3.51 No Substitute for Life Suicide Memorial Tournament

3.51.1 RAMH was awarded £376 by this LAC towards the cost of the suicide awareness 5-a-side football tournament. The group estimated that 500 people attended the event with the grant being utilised to cover the cost of a marquee, trophies, referees, first aid, balloons, photographer, PA system and hire of the sports centre.

3.52 Renfrewshire Access Panel

3.52.1 This LAC awarded the Access Panel £2,000 which has contributed towards the group's running costs. The Access Panel advises that the grant has helped the group to continue its work ensuring that Renfrewshire infrastructure is accessible to all, providing computer classes at Riverbrae school and promoting the campaign for changing places toilets.

(Please use a separate sheet if required)	2.3 2.9	Castle Semple have informed us that they are able to provide a service for us to enjoy Nature and gain an award which is specially adapted for older adults. It will include short sailing trips around the loch on a boat that provides inclusive disabled access. As well as giving outdoor talks on the wildlife that is in the area. As I said previous this project is unique and great for older adults that have lived life on the edge and as they get older this sense of thrill does not have to stop. Some of our tenants are not able to take part in certain activities but this one they are able to get the best of both the outdoors and get fresh air as well as get some education on the wildlife outdoors. We had a taster of this last year and the tenants have asked to be part of this adventure. Even if an older adult has mobility issues they are still able to take part in this outdoor activity. We will travel by bus that will take us out there, we will be reaching out to over seventy older adults and carers. If we also consider the staff at Castle Semple supporting us when we use the boat, the people that work in the cafe where we intend to have our lunch and general passersby with dogs or children that we also end up engaging in conversation with, then the number of people who benefit rises considerably. To get our tenants out in the country. To give an opportunity to tenants to try other outdoor activities that is a bit more adventurous.

In the Year of Young People our project seeks to celebrate our 125th Anniversary with a number of special events for our current and former members. Active and exciting activities for all our age groups while a celebratory dinner will all form part of our 125th Anniversary Year. Our project also seeks to publish a historical booklet charting the history of our Boys' Brigade Company. The need for the project has been identified over the past number of years following discussions with our current members, officers, former members and parents. It is agreed that the role the 8th Paisley Company plays in the local community in the West End and Ferguslie should be celebrated and acknowledged by all. Our project will enable celebratory events to be undertaken for all our members and former members and help to advertise the benefits of The Boys' Brigade. Our project benefit the individuals and volunteers but also the local community. It is anticipated that the project will help to provide inspiration and motivation, to encourage them to be ambitious in their future lives. Furthermore the special events and the associated planning, which will be led by our members, will promote new experiences and will seek to improve the confidences, teambuilding and self-belief which in turn will benefit their social and educational futures.</p>

What does your Organisation/Group do?	1.10	To promote the sport of bowling for all ages and all religions. Our member's ages range from the age of 7 up to 82. The club is also used as somewhere for the more elderly members to meet up and socialise.		
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: Paisley North		
How much grant funding are you seeking?	2.10	£10,000.00		
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We are a club who host various bowling games from within and out with Renfrewshire. We also host international friendlies from the Renfrewshire under 25s teams. The banking on the North Green has collapsed which has made this green unplayable under the Scottish Bowling Association rules. We are seeking partial funding to replace this banking. We believe that as a community/not for profit organisation this would not only benefit the area but also Renfrewshire as a whole. As when visiting teams attend games their supporters also visit within the Paisley Area. Due to the bankings collapsing. We have received quotes from three firms to replace the bankings. The greens will conform to SBA standards, hopefully allowing us to further promote the sport. This will permit us to host more International games, and more county games.		
What is your group's current bank balance?	1.14			
Are there any significant items of expenditure to be set against this bank balance?	1.14	No

What does your Organisation/Group do?	1.10	<p>Renfrewshire Leisure's main aim is to provide facilities for recreation, sport and cultural pursuits which are of maximum benefit to the community and in doing so ensure this provision is truly inclusive. There is no doubt that sport and culture can bring real benefits for communities and individuals alike and participation in physical activity can make a significant and positive contribution to many areas of our lives. It is vital that everyone has the opportunity to participate and through the following services Renfrewshire Leisure will provide a range of programmes, projects and initiatives which target inequalities and aim to improve life chances for the most disadvantaged as well as providing all with opportunities to improve the health, wellbeing and the learning environment of the population of Renfrewshire in general.</p>

The project will use extra-curricular sports clubs as a tool to engage primary and secondary aged children into a safe, fun and professional environment. Classes will be delivered by professional coaches and will allow the children to engage in free sports. Provide employment opportunities. It will provide young people and secondary pupils the opportunity to train, coach or volunteer in a structured pathway, whilst developing an essential skill set for further education. It will provide employment opportunities, promote better health and wellbeing and engages hard to reach groups including young girls and women. School clubs. The funding will enable additional sport sessions to be offered in all Paisley South schools. The sessions will be delivered during lunch time and after school clubs to promote a healthier engaged community. Employment opportunities Lack of employment opportunities- pupils in the high schools can access UKCC coach education, potential future employment with Renfrewshire Leisure (RL) and be utilised to volunteer and eventually coach at clubs & community classes in and around their schools. More children and young people engaged in sport and a reduced drop out level between the transitions from primary to high school. By having the confidence and familiarity with the programme participants will be more likely to engage in sports clubs which can avoid increasing dropout rates shown in national statistics. We aim to improve physical wellbeing of the participants, install a sense of achievement and a higher sense of self confidence. Overall improve the health and wellbeing of participants involved as we strive to break down the barriers created by poverty. RL will provide first aid and child protection and look to support any further training needs of coaches and volunteers. Those involved can build on coaching skills, personal qualities, team work and transferable skills into other sports and potential employment. They will be able to plan and lead sessions, create safe controlled environments and complete risk assessments that are key employment skills in many trades. School club links will be developed to encourage a pathway into the young person's preferred sport. Change of perception of sport as we create positive image and strong role models in both the participants and deliverers. The young people have a chance to become the future volunteers and coaches. We aim to create a sustainable project that can continue to grow in Renfrewshire based on the success of the current programme and the pathway implemented. We aim to provide access to sport that can be somewhat expensive as this is a major barrier in such areas of deprivation. A sports project that the community and participants are proud to celebrate its successes in at local awards evenings, school assemblies, national awards and the local press, with young people at the forefront of the sport.</p>

How much grant funding are you seeking?	2.10	£1,000.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	This project will deliver community gardening activities based at the Healthy Heart Garden, the Disability Resource Centre, Love Street, Paisley. We want to support adults with learning disabilities/physical disabilities who volunteer at the Healthy Heart Garden to enable them to enhance their social skills, self-confidence and work experience. The gardening activities aim to break down barriers between adults with learning disabilities/physical disabilities and local school pupil groups and community groups within the Paisley North area. We plan to run 15 x 3 hour workshops with talks and practical gardening tasks using potato growing in schools/community venues, and at the greenhouse, and raised beds at the Healthy Heart Garden. Healthy eating will be promoted by a booklet of 12 soup recipes for using potatoes and other vegetables. This will be distributed to pupils and local groups, as well as online via the website at www.retrust.org.uk . The project will work with children living within the Paisley North area to teach them where food comes from and how to care for their local environment. A wider aspect of the project activity is that people on community payback orders benefit from meaningful work making raised beds and cotton bags. It will help to reduce vandalism to local gardens, making the area more attractive for people moving in to newly built homes and promotes maintenance of local green spaces for use by all ages. In the last 12 months, the Spuds for Buddies Phase 1) has been successful in working with local schools (St. James' Primary, Mossvale Primary); a local nursery (Rainbow Nursery) and several community groups to raise awareness of healthy eating and improve gardening skills in the Paisley North area. Between March – June 2017, the project established 18	

		<p>raised beds built with the support of Renfrewshire Community Payback Team at the Healthy Heart Garden and assisted by two volunteers, potatoes planted by 34 school pupils (P6/P7) from St. James' Primary were grown. The potatoes were successfully harvested and taken by a pupil group for use in healthy eating cookery activities at St. James Primary in June 2017. This has led to further plans for 36 raised beds to be established for growing of potatoes by 71 school pupils (P6/P7) from St. James Primary and Mossvale Primary at the Healthy Heart Garden in March 2018. Heart Garden is providing a outdoor learning space which enables the knowledge, skills and work experience to be built up by the school community, and in the long-term, helps to support food growing using their own raised beds. The project is working in partnership with the Renfrewshire Community Payback Team with 60 workers completing community service hours by building 68 raised beds for growing of potatoes and designing 100 cotton bags for school pupils. The participants have gained practical skills, which help to make the quality of life better for local children and the wider community. Outreach work has been carried out with a local nursery, Rainbow Nursery who reported vandalism to its outdoor garden area. Support has been provided to enhance their outdoor area, access a hedge pack from the Woodland Trust and up to 14 raised beds for food growing activity. The project will assist in tackling health issues within the Paisley North area by providing workshops and resources targeted at inequalities faced by particular 'high risk' groups, including people with learning disabilities. The project activity will be coordinated by a sessional worker and local volunteers with gardening skills. A series of workshops and talks will be provided to local primary schools, nurseries and community organisations to enhance the skills, knowledge and experience of people with learning disabilities/physical disabilities, as well as local school pupils and local nursery children. New learning opportunities will be developed in horticulture, the food cycle, food production, and healthy eating through workshops, talks and recipe book. It improve access to a safe outdoor learning environment, providing social space to increased physical activity within the Paisley North area. Workshops will take place at the Healthy Heart Garden, and within local school or nursery outdoor space. Community payback involvement will be supported through provision of materials/resources to participants make raised beds and cotton bags. Provision of 15 x 3-hour workshop sessions will take place with talks and practical tasks in gardening using raised beds built by Community Payback in schools/community venues, and at the Healthy Heart Garden. 50 Spuds for Buddies raised beds for growing potatoes and other vegetables made by Community Payback for schools / community venues. 50 Spuds for Buddies cotton bags produced for promoting potatoes and other vegetables will be produced by Community Payback and distributed to pupils and local groups. 100 Potato booklets with soup recipes for children and families distributed and available online via website at www.retrust.org.uk Assistance in tackling health issues by providing resources to address the health inequalities faced by particular 'high risk' groups living within the Paisley North area. 20 people with learning disabilities/physical disabilities, as well as 120 children and young people who have more</p>

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant	2.6	<p>The impact of this course has been felt in communities across the country in a number of ways. Local community groups said they feel better equipped to take a strategic approach to dealing with community issues and working in partnership. New ideas and opportunities have been created as a result of the very diverse group of students learning together. Examples include intergenerational projects in Glasgow's East End and successfully leveraging funds to develop youth services. Activate has helped unlock the potential in students to progress into higher education. As a result of the course 4 local groups will become more resilient. 1 New local group will be formed and constituted designed to address a specific issue.</p> <p>2 Attendees will go on to further education. The course will directly benefit 15-20 attendees who will receive a UofG qualification and attend a graduation event. The whole community will benefit from the group's efforts and any local organisations who participate will benefit from further understanding of community development.</p>

<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>The purpose of the project is to redesign areas of the garden where planting schemes have failed, create a new design which will complement a volunteer schedule using professional horticultural advice. This will allow greater focus for the current volunteers and allow us to engage with a wider audience and inexperienced gardeners more readily. In addition to this we want to provide a secure, watertight and safe area for the storage of tools and sheltering of volunteers. Despite a fortnightly tidy as well as additional support throughout the week by volunteers, it has become clear that the planting scheme had failed and advice from unbiased professional and experienced amateur gardeners confirmed this. Analysis of the planting plan from 2011 showed that many of the plants had either been overcome by weeds or by more invasive neighbouring plants which had spread. Feedback from visitors is that the garden is poor compared to what it had been in the past. It was also difficult to develop the garden to make projects areas to bring appear to junior and less confident gardeners. The horticultural consultation will provide us with an informed decision around the planting schemes to regenerate the garden to a state that is a) appealing b) is within the current capabilities of the core volunteers c) in line with park guidance around planting to combat anti social behaviours d) can offer areas that are</p>	

		<p>simple to focus on for younger groups and inexperienced gardeners d) is sustainable e) enhances biodiversity f) maintains the heritage of the garden. Out selected horticulturist understands the requirements for the design and "calendar of tasks" for the volunteers. We will have a project proposal, project plan and design brief that committee members and volunteers have been consulted on. Volunteer motivation will be raised. We will have a calendar of tasks that we can advertise and will support improving gardening skills for volunteers. The promotional event in the garden can be used as a platform for future educational and entertainment projects.. What does your Organisation/Group do?	1.10	To be the effective vehicle for continuous social improvement in Ferguslie Park by operating the Tannahill Centre as a community asset to meet the recreational and social needs and aspirations of all sections of the community in Ferguslie Park, Particularly young people and minority groups. To do this will design and manage a programme of recreational and social facilities, activities, services and events targeted at the factors causing deprivation; delivered in-house. in partnership or through third party providers. We will also pilot and promote new services with an emphasis on young people, minority groups and employability.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	This project will involve young people from Ferguslie Park in the design, development and delivery of community-led services that they access. This will include co-designing the Tannahill Centre's Youth Work Programme, consulting with other young people on their priorities, planning and managing young people's contribution to community events and participating in community consultation exercises. Young people will meet weekly throughout the Year of Young People and participate in training, workshops and experiential learning opportunities that will enable them to consult with other young people, co-design youth work activities and share their views with community groups and Community Planning partners. The Tannahill Centre has carried out a series of community consultations (December 2016, October 2017 and January 2018) with services for young people all being identified as a priority for service development and delivery by the community. A significant majority of the participants in this community consultation have been adults. We now want to ensure that as we begin to address this priority within the community we do so in a way that is relevant and meaningful to young people. Our project will also help address the attainment of young people in Ferguslie, which is currently the lowest in Scotland. Training and	

		support will include participation in Young Leader and Participation Essentials courses; the Youth Achievement Award and Saltire Award Programmes as well as informal, structured and accredited training opportunities from our partner organisations. The young people will be trained and supported to consult with their peers on young people's priorities within Ferguslie Park, and be involved in the co-design of the Tannahill Centre's youth work programme. Young people will be supported to use the skills they gain to plan young people's contribution to community events, participate in co-design projects and respond to Community Planning Partner consultations. 12 young people will be awarded a Saltire Award for volunteering, with four receiving a second award. 12 young people participating in the Young Leader and Participation Essentials training run by Youth Scotland. 12 young people have achieved one Dynamic Youth or Youth Achievement Award, with four receiving a second. 50 young people will have been consulted on youth services within Ferguslie Park. Young people will have been involved in the co-design of at least two applications for funding for youth services. Young people will have been involved in the planning and delivery of four community events.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	From August 2017 Active Communities and Paisley YMCA developed their existing p6&7 youth club by forming a new partnership with the Tannahill Centre, Who Cares? Renfrewshire and Youth services to allow us to extend provision in Ferguslie to also have a club for high school pupils too. The pilot phase has been successful and there is demand from young people for the club to continue. The purpose of the youth club is to give young people a safe, positive environment to go to in Ferguslie Park with workers from a range of organisations offering a range of activities and opportunities. From August 2017 – February 2018 Active Communities undertook a large community consultation exercise in Ferguslie Park in which we engaged with over 2000 people of all ages. Opportunities for young people rated as one of the highest priorities in this consultation. In this pilot phase of the youth club with the 4 partner agencies the clubs have been well attended and young people want it to continue. Monday 5.30 – 7pm (p6 and p7) and 7.30 – 9pm (S1+). Active Communities will have a whole range of fun active activities on offer and youth workers will provide informal health inputs. Paisley YMCA will provide fun education opportunities that focus on Science, Technology, Engineering and Math's or (STEM) based opportunities. Who Cares? Renfrewshire provide youth workers to engage with all young people attending but are also an outreach and support to young people in the club who are care experienced. Youth Services staff provides arts, crafts and youth issue based work. Young people are regularly consulted on what activities they would like. Young people are fully involved in the project. Young people will

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	The main purpose of the event is to provide an opportunity for families to come together, get active, and have fun. To organise a Christmas 3K family fun run & 1K fun run in Barshaw Park in Paisley. The Jingle Bell Fun Run is a unique family fun event. The event caters for all ages and all abilities and aims to encourage people to take part in 3K walk/jog and 1k fun run. Jogging Buddies will offer a training programme and beginner classes leading up to the event. The event aims to get families active and having fun while doing so. On the day we will provide information on opportunities for families and the local community to be active on a regular basis. The event aims to bring the whole community together and promote activities within Barshaw park. We also link in with other local community organisations e.g. Friends of Barshaw Park , to promote other opportunities locally. We identified the demand for this type of event through talking to the local community and participants in our Jogging Groups. There were no family events like this in Renfrewshire. From feedback from race participants we reduced the distance from 5K to 3K to make it more attractive for families. The event is now in its 16th year and each year the numbers have increased. It has grown from 75 participants to 600 last year clearly showing the need for this type of event. We have also had positive feedback from other local groups who have supported us on the day. Organise a 3k and 1k family fun run at Barshaw park on the 1st Sunday in December. Provide opportunities for people to train for the event by organising a beginners Jogging group at our Jogging Buddies venues. Promote the event through local groups, previous participants and through social media. Encourage other local	

		community groups to get involved in the event by asking them along to the event to participate or to promote their groups activities. Work with partners Renfrewshire Council, Renfrewshire Health & Social Care partnership and local partners to promote the event, Paisley and Barshaw park. Provide information on the day on opportunities for people to take part in physical activity on a regular basis. Improved health and well being of local families, Increased numbers of people using Barshaw park, Increased opportunities to try new activities, Improved fitness, Improved community cohesion, Raised profile of Barshaw park.

To improve the response time to emergencies that may occur during community events beside and inside the abbey. To help ensure the safety of those who work in and visit the abbey throughout the year. The Abbey is a place of employment for paid workers and volunteers. The Abbey is open to the public daily and we are used by the community and community groups. The abbey is regularly a venue for concerts, conferences, dinners etc. The abbey is regularly at the centre of community events run by Renfrewshire Council, eg Sma Shot Day, Halloween Christmas Lights etc. We have seen defibrillators used at other public venues and we want to make the abbey a safe place for all those who use and visit our premises. This would also bring the abbey into line with health and safety regulations about work places and places of interest. Should someone suffer cardiac arrest, it will enable a swift response before emergency services arrive or while they are present. It will be located in an accessible spot. In consultation with the Scottish Ambulance Association awareness of and training in its use will take place and be repeated at intervals. It will make it safe to be in the abbey and the abbey quadrant by the provision of life saving equipment and improving the response time to emergencies that may occur during community events.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	The purpose of the project is to allow Guides to attend an International camp in Ireland and provide training and uniform. They will develop teamwork, communication skills, resilience and a better knowledge of International Guiding. They will enjoy a range of sporting and outdoor activities that will help build confidence and self-reliance. We are hoping that the achievement from this international event is the active participation of the Guides in the outdoor activities which will lead to a healthier lifestyle. It will encourage the girls to try new things and show that exercise and the outdoors can be fun. They will also develop self-reliance and teamwork in a supportive and encouraging environment and give the girls the opportunity of foreign travel they might not normally afford. The camp will encourage young Guides from a variety of backgrounds to engage in outdoor teamwork and individual activities. This will aim to influence them to lead a healthier lifestyle. It will encourage them to try new things and show that exercise and outdoors can be fun. They will also develop self-reliance, teamwork and build confidence. It will aim to increase their well-being by providing a safe environment where they are encouraged to be responsible and respectable towards others. Local Guides will benefit from getting an opportunity not given too many to experience International Guiding. They will be able to bring back to the local people a new enthusiasm for the out of doors. It is also hoped that they will present talks to local groups about their experiences and encourage more youths to explore the out of doors, improve teamwork, communication and self-reliance.

(Please use a separate sheet if required)	2.3 2.9	To educate and provide hands on animal care and welfare facilities to the local community and surrounding areas. Lamont Farm offers a wide variety of services to various groups and organisations within the local area and further a field, work experience placements are provided to jobcentres, high schools, community service, kibble project and many more. The farm provides hands on experience for over 40 children who wish to pursue a career in animal care and veterinary practice, educational workshops are ran throughout the year for primary schools, nurseries and visitors. Lamont farm was founded by a group of individuals with a strong desire to establish a local education and community facility. We were the first City Farm in Scotland and the farm is very popular with families, nurseries and disabled groups as well as local schools. Around 10,000 people visit Lamont Farm annually. We aim to educate people from all walks of life in animal care, welfare and husbandry. The grant will help towards running costs to ensure the project can continue to provide a variety of services and continue to work with a number of local educational establishments within the community. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We are planning a number of events throughout Renfrewshire. The events will be such as to encourage participation in physical activity and to inform on local and world events such as Food banks and Fair-trade. As a precursor to these events we hope to attract new members to share in the values of The Boys' Brigade and provide them with an opportunity to attend regular clubs as a diversion to anti-social behaviour. Renfrewshire residents in each LAC - Paisley South 198, Paisley North 119, Houston Bishopton Erskine and Inchinnan 218, Johnstone Kilbarchan Elderslie Bridge of Weir and the villages 287, Renfrew and Gallowhill 83. Over many years we have been organising events to encourage more participation in values that we hope will be in line with Renfrewshire Council's Community plan, wealthier, fairer by holding events that will attract visitors and create business for local businesses. The activities will promote being active and healthier, safer and stronger. From a young age our boys and young men will learn that they are responsible for their own actions and preparation for the various events. All our events are based around developing young people to be the best that they can be mentally, physically and encourage their concern for others. All of our events will be organised by our activities committees which cover the whole age range of The Battalion from primary 1 through to 18 years of age. We hold 23 events which cover the wide	

		age range. These events will involve, sport, physical activities, arts and crafts, quizzes, swimming and fun days for our junior boys. Over the session we expect that an attendance of around 1000 Boys' Brigade members which hopefully through family and friends will attract new members. All these events require the support and input of leaders and volunteers to organise and run these events in addition to their normal and regular weekly involvement in their individual companies. It is our hope that many boys will take part in our arranged events which provide progressive training throughout the age range. We hope and expect to see improvements in the various disciplines that our events cover. We hope that together our programme of events will be a positive influence and will prepare our young people for and sustain them in their future lives.

How much grant funding are you seeking?	2.10	£8,000 (£1,600 per LAC)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>The #MakeaDifference programme is delivered to all Renfrewshire schools from p1-p7 and raises awareness of the range of disabilities, the impact of bullying and the consequences of hate crime. The funding will be used towards the cost of a graduate intern, who will help deliver the programme within the schools. It is also hoped that the experience will help the graduate intern with gaining valuable knowledge and practical experience to help them gain permanent employment (e.g. someone seeking a role within the teaching or child care profession). There are over 1 million people registered as disabled or with a long term illness in Scotland (around 20% of the population). In Scotland, in 2016, 170,329 pupils (24.9 per cent of all pupils) had additional support needs. 5.3 per cent of pupils had social, emotional or behavioural difficulties and 2.1 per cent had a learning disability. 162,252 (95 per cent of them) spend at least some of their time in mainstream classes (Scottish Government). In Renfrewshire, there are 36,000 people registered as disabled or with a long term illness. Our 'Make A Difference' programme encourages children to embrace diversity and understand the range of disabilities and health conditions, discuss practical ways to support other people and give children the knowledge, confidence and access to report bullying and hate crime both within the school and the wider community. We received a gifted bus from Stagecoach, which we converted into a mobile cinebus (cinema and education unit). The Cinebus visits schools and children receive a programme tailored for their age group (p1-p7 and nursery). The programme has been designed to be progressive, so starts off very gently with a nursery book time called 'It's ok to be different', the programme then progresses to helping children understand the range of</p>	

		disabilities (visible and hidden), how to be a good friend, how to recognise and tackle bullying, through to the consequences of hate crime (p7 lesson). This means that the children will receive a new lesson each year and will build on the knowledge they have previously received. The programme was designed with Renfrewshire children and young people, so is exciting, innovative and engaging. IT is expected, that through time, children will become more accepting of difference and have the confidence to tackle/report bullying both within the school and the wider community. The programme is designed to empower young people and to help tackle prejudice based attitudes and behaviours.

What does your Organisation/Group do?	1.10	To provide a daytime facility for shelter, food and friendship to those who are in need and require support. This includes meeting their social needs and giving them direction in providing them with life requirements which may involve linking with other agencies. While the Drop In is open to all, many who attend have addiction issues.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We currently use Holy Trinity Episcopal Church halls for the Drop In activities. We supply light food throughout the day and a main meal at lunchtime. Heating and lighting are used as required. We support the church in the use of the hall and in particular the cost of the power used by our organisation. A few people who had come through life issues wanted to help other with similar life challenges. When the Drop In was established, food was a small part of the work done. Some of the folks who used the centre asked if food of a more substantial nature could be provided. At the same time the premises we used was undergoing redevelopment with a modern well equipped kitchen being installed. It was therefore felt that we could provide fuller meals which were appreciated by those using the Drop In. We will provide support and friendship to those who need this type of relationship while also providing good quality food both of which will assist in improving their well being. Providing food also encourages folks to come in allowing the overall aim of the project i.e. to engage with those in need to be fulfilled. The Drop In is open one day per week where refreshments are offered all day and a full meal offered at lunch time. We use the Holy Trinity Episcopal Church hall/facilities. More people will access that provided by the Drop In which will give more opportunity to befriend and listen to them and where possible help them with their life needs which includes referring them to specialist agencies.

<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>To provide part funding with regard to hiring ice to permit the above activities to take place at Braehead Arena, the only available and suitable facility within a 30 mile radius of Paisley. That part of the funding not included within this application (and, indeed, all other costs) will be met from club funds. It should be noted that Renfrewshire Council recently approved a motion which seeks to assist the club in finding new premises within Renfrewshire which would allow the club, and other new clubs generated, to have a base locally, thus reducing or eliminating the need to seek LAC funding annually for the hire of ice at almost £200 per hour - which is expected to increase for season 2018-19 & will know more about come August. To encourage more people to take up "The Paisley Pirates Experience", including following the club, enjoying a healthy life style & making new friends through meeting like minded people of all ages. Paisley Pirates Ice Hockey Club was formed in 1946 and formerly played and practised at the Lagoon Leisure Centre until 2006, at which time Renfrewshire Leisure Ltd ended ice based activities at the venue. While Paisley Pirates were successful in finding alternative accommodation at Braehead Arena, the cost of hiring the ice has proved to be prohibitive at almost £200 per hour, causing such activities as junior ice hockey (which had 150 members playing every week) to fall due to insufficient funds, and other activities such as skating to move elsewhere. Pirates have on occasion gone further afield as far as Dumfries simply to find</p>	

	<p>available ice; such is the paucity of alternative ice provision in central Scotland. By comparison, Kilmarnock ice rink charges are in the region of £125 per hour. Paisley Pirates have this year appointed a second volunteer coach who has allowed more intensive training to take place, and the Head Coach was appointed to the Scotland Under 17 squad, demonstrating the desire and ability of the coaching strategy to develop young players. The strategy in team matches has also ensured that all players are allocated regular ice time (known as "shifts") to afford them continuous on-ice development. It will enable:</p> <ol style="list-style-type: none">1. The club continuing to provide a local focus for the sport, given that no other suitable venue is currently available.2. The continued development of on ice skills.3. The continued development of off-ice skills (eg adults with learning difficulties carry out tasks on match nights requiring numeracy/interpersonal/organisational skills. For example, supporters may arrange coaches to away matches which requires them to set prices, recruit fans to travel, arrange times/pickups, etc.4. The club to publicise the existence of the Paisley Pirates, an ice hockey team playing within Renfrewshire, through the local media, and maintain a significant profile for the club, the town of Paisley, and the wider Renfrewshire community. For example, the club has been invited for a second time to participate in a project produced by a Canadian tourist company, entitled "42 Best Ice Hockey Towns in Europe", which will see the production of a tourist booklet with a 0.25million circulation, which will publicise both Paisley as a tourist location and the Pirates as an ice hockey club.5. The club to continue attracting nominations for local volunteer awards. The club has won a number of such awards in past years, the most recent of these being in February 2018.6. Assimilate new members from the community into its group. It has recently introduced a Mascot, specifically targeting school children in particular, which will visit local schools on request and involve pupils in historical discussions about Pirates, coming to see their local community club and enjoying a healthy lifestyle. <ol style="list-style-type: none">1. Enhanced on ice skills through regular practice/ improved performance.2. Enhanced off-ice skills through use of volunteers referred to above in various activities/learning opportunities.3. Continued success in local and national awards. For example, in the last 5 years, the club, its players and volunteers have won a variety of local and national awards, the most recent being in February when a volunteer was nominated for and was successful in a prestigious local competition organised by a local training company. At the time of writing, the club is in third place in the Scottish National Ice Hockey League and has qualified for the third year running for the semi finals of the Scottish Cup.4 Continuing the iconic name of "Paisley Pirates" throughout Scotland and beyond. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Building on Rainbow Turtle's previous education work to create more informed and active global citizens locally, particularly working with the school age population and with teachers, concerning Fair trade and its impact. This will include working in partnership with other local initiatives where appropriate such as Common Threads. Thanks to previous LAC funding and Rainbow Turtle charity's own resources, demand continues to be high from schools to provide regular input on Global Citizenship both in schools and through our successful model of regular conferences where several schools come together; primary, secondary and special needs. Our specific aims are: to meet increased demand by hosting 3 schools conferences during the year, enabling pupils to engage actively with issues of social justice, Global Citizenship and Fair trade, to host and facilitate at least 1 Producer visit, combining with one of the above conferences, to work directly with groups of teachers and school Fair trade committees to embed Fair trade issues deeper into the curriculum, to develop further our working links with Create Paisley, LEAP and local refugee/asylum seeker groups. increased positive collaboration with Renfrewshire Council and other local organisations, production of a sustainable Education programme which will increase understanding of global issues within a local context, engagement of more schools, teachers and community groups with Fair trade issues, local and global, higher social media

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>The kitchen in the hall is used by multiple groups and now needs some new work tops and units. The cubs and beavers need camping equipment that better suits their needs. For the older Scouts we need some more light weight camping equipment to support their expeditions. We have been refurbishing the hall to support both the group and the community who we provide sublets for. The kitchen is currently unfit for purpose having been last refreshed 20 years ago and subject to heavy usage. The units and work surfaces need replaced. While we have the heavy tents required for Scout troop camping. The needs of cubs and beavers are different and we want to enable them and their leaders to have a positive camping experience. The older scouts need specialist light weight tents and stoves for overnight expeditions. We have secured quotations for new kitchen worktop and units and for the additional camping equipment the group now needs. The improved amenity of the hall and kitchen will allow continued growth of the Scout Group and ongoing support for the other community groups who sublet the facility. It will also allow us to use the hall for other community events. The new camping equipment will give both younger members of the group and the older scout's access to a better outdoor experience. An increase in the Scout Group head count , greater community engagement , more young people exploring the great outdoors and a greater number of sublets.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>Our project aims to increase the number of people participating in regular sport within Renfrewshire and aims to address the reduction in people participating regularly in sport and active activity sessions, by providing regular cricket sessions throughout the year. Led by a qualified cricket coach our cricket sessions will increase the activity levels all participants and help to promote an active and healthy lifestyle throughout the local communities where our project will work. The need for this project was identified by liaising with local groups and local people. We have become aware of the declining number of people of all ages participating regularly in sport, especially cricket. Football teams cater for a high number of people however our project seeks to cater for those who do not play football and indeed cater for people regardless of ability. We seek to promote participation in sport, through cricket for people of all ages and abilities. Our project will provide cricket sessions for people of all ages and will focus on the following:</p> <ul style="list-style-type: none"> - in or after school cricket coaching sessions (primary schools) - in or after school cricket coaching sessions (secondary schools) - university and college cricket coaching sessions - weekly, open cricket coaching sessions for all aged under 18 - weekly, open cricket coaching sessions for all aged 18 and above - winter cricket coaching sessions for people all ages and abilities. 	

		Our project will not only help to enhance fitness levels and improve the health and well-being of each individual but it will also promote key transferrable skills which people of all ages can use in their educational or employment lives. Communication and team work skills will be promoted by our project while self-confidence, self-belief and self-esteem of each individual will be enhanced.		
What is your group's current bank balance?	1.14	9,213.00

What does your Organisation/Group do?	1.10	With a history in the local community dating back to 1887, Ferguslie Cricket Club is one of the main sporting and social clubs in Renfrewshire, promoting health through participation in sport, a social focus for the community and a sporting reputation that promotes Paisley and Renfrewshire on a national basis.

How much grant funding are you seeking?	2.10	£10,000.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Our project represents the latest phase of our facility improvement programme which over recent years has seen investment in our playing and practice facilities. Our new three lane net practice facility is now fully operational, while new sightscreens, scoreboard, covers and ground equipment has enhanced our cricket facility. The upgrade of the changing, shower and toilet areas represent the next phase of our programme and will result in this area being enhanced with fit for purpose showers and changing areas while our toilet areas will also be upgraded to reflect the improvements elsewhere within the club. The changing, shower and toilet facilities are vital in enabling cricket and indeed sport to take place at Meikleriggs and without such facilities we would be unable to meet the standards set to be a premier cricket club in Scotland. Our project is the next phase of our improvement programme which will help encourage and promote regular participation in sport. The need for the project has been identified over the past number of years following discussions with our players, visiting players, umpires, property convenor and cricket convenor. The existing facility has become tired and unwelcoming and indeed is in need of significant investment. Despite ongoing maintenance the changing, shower and toilet areas are now approaching a state which may be considered to be not fit for purpose and will have a direct negative impact on the standard of the facilities at Meikleriggs. In addition it should be noted that the Cricket Scottish Cup Final will be played at Meikleriggs in August 2018 and as such we are required to ensure	

		<p>our facilities are up to the standard of attracting such a high profile game to Paisley. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Our project seeks to transform the club to one which is both sustainable and environmentally friendly. Sports clubs across the country are all struggling as a result of the current economic climate and changing social attitudes and in this regard our project seeks to create a more sustainable club through the use and installation of more cost effective and environmentally friendly materials and resources. The installation of power saving and long lasting light bulbs is simple improvements while the installation of improved glazing or boiler will undoubtedly ensure our energy is retained and not lost. The installation of cost effective and environmental friendly measures and resources will ensure the club is in a strong position to survive in the long term and continue to provide opportunities for the people of Renfrewshire to play cricket and sport. The need for the project has been identified over the past number of years following discussions with members, players, non players, officials and visitors as well as our accountant and energy supplier. The club as it stands has ineffective and costly materials and resources and therefore it is a large burden which is required to be met in order to keep the club functioning effectively. It is submitted that more cost effective and environmentally measures and materials would help reduce the long term running costs of the club and indeed assist in ensuring cricket continues to be offered to the people of Renfrewshire. Our project seeks to secure the club for many years to come as a sustainable and environmentally friendly club. Our project will enable the installation of environmentally

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To bring together 12 out of school cares across Renfrewshire to give over 100 children a fun active day and to show the services what is possible with a summer play scheme. This will give us all a chance to share good practice and offer a better experience to all the children we look after. The Renfrewshire out of school network carried out a survey with out of school cares across Renfrewshire and identified a variety of activities and practice especially during the summer holidays. The project is to bring 12 out of school care summer play schemes from across Renfrewshire together for an inflatable fun day in Linwood. This would bring over one hundred children together for a fun day here in Renfrewshire. This will be organised by the Renfrewshire out of school network led by Grace Berry from Ralston Out of School Care. The program for the day will include, the inflatables, face painting, a healthy snack and finish with prizes and medals for the children taking part. 1. Over 100 hundred children having a fun, healthy active day outside, 2. Out of school care staff working together to see what activities can be offered to children and sharing their resources and skills for the wellbeing of all the children attending play schemes across Renfrewshire.

	2.9	We look to extend activities within our organisation with those with physical, emotional and sensory impairments. We recognise a need to allow those with additional needs to access a range of physical activities that increase their social inclusion, physical fitness and team building skills. By purchasing vital pieces of equipment it would allow us to provide a service to those who would otherwise be unable to attend. This encourages a positive mentality and an opportunity to engage in a sport which allows minority groups to come together and have fun in an equipped environment. We contacted local organisations to identify an interest in our proposed project with the following projected numbers: Riverbrae, Linwood (220 students), Mary Russell School (200 students). In addition we engage with other recognised additional support groups: Disability Resource Centre (150 members), ParaCheer (300+ athletes), Castle Sempill (100+ participants), SportScotland (200 + participants), Renfrewshire Leisure, Dirty Feet Dance Company (50 students), Right 2 Dance (70 students). They also supported the project plan that the items	

		requested are vital in order for them to attend sessions at our facility. Provide a safe floor for children to participate on - provide additional apparatus that children would train with for inclusion in a sport that they enjoy (certain apparatus provide additional support for those with physical disabilities) - vital training for volunteers to deliver sessions to our target audience. Multiple groups engaging with our programme based on vital equipment, - social inclusion for all regardless of physical, emotional or sensory impairment, - additional training for volunteers leading to increased chance of employability.

What does your Organisation/Group do?	1.10	<p>To promote, foster and encourage participation in ice hockey at junior level. To provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. The club has an open membership for children aged 7 to 17. To carry out the hiring of 2 practice sessions weekly (without placing too much extra financial burden on the participants to allow as many as would wish to take part in the sport) allowing the children to learn techniques and drills, to learn the discipline of team sport, be very active and have fun whilst improving social skills, team building skills, confidence, health and wellbeing and increasing fitness levels. To ensure a duty of care to all members and to provide all services in a way that is fair to everyone whilst promoting equal opportunities for all, with anti- racism and anti- discrimination underpinning and informing our aims.</p>	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide</p> <p>LAC Applying to: All areas</p>	
How much grant funding are you seeking?	2.10	£3,275.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>To be in a position to continue to offer junior ice hockey training to all who wish to participate, at an affordable cost which makes the club available to anyone who wishes to join. Our players range in age from 7 to 17, with both boys and girls, of different social backgrounds and nationalities, taking part. They learn the skills and drills of the game in an atmosphere of fun combined with the discipline a team sport offers. It's a great way too, to keep fit and active and make lots of new friends. We will provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players. Last season's unexpected rise in hire costs (from £180 to £191 per hour) plus a new security charge of £75 per</p>	

		<p>hour, increased our ice costs to £265 per hour - a rise of 46%. We understand that security is a necessity in this day and age, however the increased costs have placed an added financial burden on our players' parents. We have been supported by grant funding from Renfrewshire Council for a number of years, with our applications reducing in amount year on year. This latest increase threatened the future of what is a very successful club and grant funding, along with already instituted higher fees and continued fundraising, can help secure the future of Renfrewshire's only grass-roots, junior ice hockey club. We will provide the opportunity for as many youngsters as possible to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players, who also enjoy the social participation and physical activity. The funding from this LAC application would also enable the club to meet the cost of another set of goal-tending equipment to allow us to increase the number of goalies (which is beneficial to all players who have a more realistic game experience) and the provision of annual awards which is essential to the motivation and recognition of the young people's efforts and sportsmanship during the season. Involvement in team sport brings great benefits to those taking part – encouraging a healthy and active lifestyle, increasing confidence and self esteem, encouraging team work, making like-minded friends and, of course, having fun! There are opportunities to play ice hockey, competitively and recreationally, from age 7 to 70+ and many of the original intake at the Lagoon in 1992 are still regularly playing/coaching and will continue to do so well into older age, keeping fit in body and mind. At present we have boys in training who are playing with the Scotland and GB squads and many youngsters sitting on team benches throughout Scotland. We have female players in Scotland Ladies, progressing their hockey skills and training with others from around the country.</p>

(Please use a separate sheet if required)	2.3 2.9	The grant will be used to help promote healthy lifestyles across the local communities through the printing of 2000 walking booklets/pull up stands and promotional pens. The booklets will enable the group to reach hard to engage people and break down barriers between communities. A need has been identified by rising numbers of referrals from professional bodies/partners. Walkers have increased a weekly/fortnightly walking groups. The project has a great social impact in communities at a time where isolation is a major health concern. More groups have been developed to accommodate demand from specialised organisations such as MacMillan and Mental Health Teams. More Volunteers have been trained as Walk Leaders to help deliver this much needed service. The promotional items purchased will be displayed in all Libraries, Doctor Surgeries, Community Halls and available to health professionals to pass onto clients this enables the Network to operate Renfrewshire Wide offering walking opportunities in most communities which in turn helps to reduce the risk of major illnesses and isolation in our older adult population. 1. Reduced isolation in target areas, 2. A healthier, greener Renfrewshire, 3. Increased participation in walking groups, 4. More positive Health, both physical and mental.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>It is our aim to upgrade our regular Agility Show to be more professional and appealing. This would require electronic timing devices, communication equipment and a marquee. If we can raise the profile of the club to attract more participants and spectators to our shows, it will also raise the profile of Renfrewshire in general. As our shows have grown in popularity so has the demand for improved facilities, we have acquired through fundraisers, containers for storing equipment have had funds for prizes and portaloo's. We have some of the infrastructure to take the next step in our development and the feedback from our shows are generally positive, with observations that communication could be better and the need to shelter from unpredictable weather would be appreciated. It would improve the quality and accuracy of our events, participants would have confidence that the events would be run and judged in a professional manner; hopefully the improved facilities would encourage them to bring friends and family along. We would hope to gradually implement these changes, starting with our communication issues, the problems of relaying information, start times and results over a large field with chatter could be addressed by a modest PA System. A specific electronic timing system that is attached to the start and finish jumps would meet Kennel Club demands. When all components are pulled together we would hope to produce a show that Renfrewshire can be proud of, where we can educate dog owners on how to train and manage their dogs, and instruct new dog owners in the etiquette of dog</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	This project involves working with young people aged 5-18 years who are classed as 'At Risk' by the Social Work Department. Number of these children are living with grandparents carers (Kingship). The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal/and legal drug taking (good and bad drugs). Additionally the education aims are around healthy eating, keeping themselves safe. STIGMA??? The need for the project was identified due to grandparent carer feeling unsure how to explain to the children they are caring for about why they can't stay at home. Grandparents didn't feel they had the proper tools or skills to explain about illegal and legal substances. Additionally the role of social work and police. (Authorities). We will continue to address the needs of our local community and offer education through play around drink and drugs, healthy eating and mindfulness sessions. The grant will develop our mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addition and teaching young adults they can break the cycle by healthy life choices. We already work closely with carer centres, families outside. Local libraries and our place our families and Renfrewshire support group. The anticipated outcomes. This programme will allow for a platform to discuss issues that would not be addressed in	

		a home environment, such as why children are not been looked after at home, the difference between illegal and legal substances, it will encourage the young and old alike the importance of getting involved in the local community and working your way out of poverty which would also break the cycle and lead to healthier life. We hope to expand and run workshops in employability and disclosures. This will help to give the parents a chance to gain interviews and hopefully a job.

Since its inception in 1984 the Centre has continually developed to meet the needs of the community. This included meeting the needs of organisations such as Victim Support whose clients come from various areas within Renfrewshire. In 2001 the buildings were refurbished to provide bespoke rooms for counselling adults and young people and for hosting the Paisley Child Contact Centre. An auditorium was built and this is used by many organisations including PACE Youth Theatre and other youth dance and theatre groups. SSAFA the charity for former Servicemen and women also established itself in the Centre. Current information indicates that approx 40 organisations use the Centre in short or long term lets. The former loss making Wynd Cafe is now being upgraded to increase rental income, and the menu in the Tea bar in the main building is being improved. Latest organisations include Combat Cancer and the Seniors Forum meets regularly. It will continue to develop those activities for which it is responsible e.g. the number of Counsellors in the Counselling Service is being increased to 50. SSAFA the charity for former Servicemen and women also established itself in the Centre. Current information indicates that approx 40 organisations use the Centre in short or long term lets. The former loss making Wynd Cafe is now being upgraded to increase rental income, and the menu in the Tea bar in the main building is being improved. Latest organisations include Combat Cancer and the Seniors Forum meets regularly. It will continue to develop those activities for which it is responsible e.g. the number of Counsellors in the Counselling Service is being increased to 50. The Centre works with the Paisley Child Contact Centre to meet the increasing demands for its service by providing suitable accommodation. Continue to provide the current number of organisations using the premises and where possible to increase the number of organisations using the facilities; an increase in the number of clients using the Counselling Service	

		following the increase in the number of Counsellors the latter helps clients to improve and self-believe and low esteem, self harm and suicidal tendencies, There are obvious benefits to those coming to organisations using the Centre such as Victim Support, Combat Cancer, SSAFA and Paisley Child Contact Centre. What does your Organisation/Group do?	1.10	As a Cancer Support Group, we bring people together to support each other through their cancer journey. We do this by promoting the benefits of friendship and laughter to those whose lives have been affected by this raging disease, promoting improved health and wellbeing by encouraging members to participate in various activities, including light exercise with a Renfrewshire Leisure qualified instructor, walking group, crafts, theatre outings and respite. We encourage people of all ages, abilities and ethnic backgrounds, helping them build confidence and self-esteem.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To help cancer sufferers improve and maintain their overall quality of life albeit, physical health, mental health and general wellbeing. We do this with a support network of friends who understand and share their experience of the cancer journey, thus helping them to move on with their lives, with more mobility, motivation, friendship and a willingness to help others in a similar situation. We encourage our members to look to the future more positively by taking part in light exercise, walking, chatting over tea, crafts and companionship, thus alleviating loneliness and isolation. We are moving into new premises, enabling us to offer more facilities and more time for new activities such as cooking, massage, and a choir. We plan to open 3 days per week from March 2018 and hopefully 5 days per week subject to funding and recruitment of volunteers. The group was set up in Elderslie in 2015 after listening to cancer patients explain what was out there to meet their needs during and after treatment. Although there is some good support, it was deemed due to financial constraints that support was only there for a limited period thus not meeting their long term needs, which can lead to loneliness and isolation amongst other issues. Since setting up we have grown in membership and activities offered, from gentle exercise, to craft, walking group, cooking, social outings and respite, all of which have	

		<p>proved very successful. Now that we have secured new facilities we are able to offer a drop-in service Monday, Wednesday and Friday from March 2018. This year due to involvement with other outside agencies we discovered a gap for support for young people with cancer and their parents, and to this end we realised the importance of starting a group for them. It's amazing for us to see the overall wellbeing of the group, through the various degrees of support that is now available within the group. There is a more social contact and friendship with people who have been through a similar journey as they can discuss various aspects of their illness with confidentiality, including financial difficulties experienced through the loss of income whilst going through treatment. We have a walking group which meets once a month for a short walk and new knowledge of the surrounding area, we also have nutritionist and psychotherapist on board and this is proving very helpful with a positive health improvement. We ask our members what they like doing and try to implement it where possible. We are starting a choir in the very near future and have secured a choirmaster. From these discussions and talking with other network partners we have identified that we could help the wider community if we had an evening group, this is something that we will consider with a slightly different programme. Improved health and wellbeing for those who are having or have had cancer treatment, overall improved family relationships thus improving the overall quality of life for those affected by cancer. What does your Organisation/Group do?	1.10	Established in November 2010, Renfrewshire Effort to Empower Communities (REEM) has an overall aim to 'create awareness and increase participation of diverse Minority Ethnic communities in Renfrewshire' We are working to achieve those aims by delivering bespoke activities which are targeted towards diverse equality groups as defined by the Equality Act 2010. Our support is to engage with marginalised and disadvantaged communities to promote community cohesion, inter-cultural dialogue and mainstream equal opportunities.

(Please use a separate sheet if required)	2.3 2.9	REEM operates a Drop-In Centre, recognized within the community as an impartial access point. A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. We are looking for funding to cover basic running costs. When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We ran scheduled information clinics as well as stay open 5 days a week for people who need to be listened to one-on-one. The centre serves as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to	

		communicate at all. We provide some much needed training; including ESOL, job matters, & awareness on other issues. The ethnic minorities will have a chance to engage within the wide community. The project will help People feel less isolated and more able to participate in the wider society and want to be part of it. Volunteers will receive training to allow them to develop their skills which will enhance their employability skills.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We are a group of independent older adults living in Sheltered housing and we want to Create activities that will help our group maintain their independence and be able to live healthier. It will also reduce loneliness and isolation by giving them confidence to become more outgoing and socially inclusive. Our tenants want to improve their health and wellbeing and lead a healthy lifestyle. With this project they can have the best of both. Many of our tenants get lonely and depressed when they are not active. But sometimes their fitness and health is poor and they are not able to engage in an activity. With this project they will be able to choose what the best activity is for them and what level they want and be able to do something rather than nothing. What we are proposing to do is create a project that will enable older adults to create their own health and fitness programme. This programme would include a variety of activities such as Reiki, massage, Hydrotherapy, gentile exercise and walking groups. The instructors are all trained in many areas to give experience talks on health and nutrition, alcohol abuse, smoking sensation etc and this will also help them lead a healthier lifestyle. For our tenets to be more physically and mentally active. To be able to engage socially and be more confident within themselves. It will also guide them to lead a healthier lifestyle.

What does your Organisation/Group do?	1.10	Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: All 5 local area committees

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Our weekly instrumental lessons offer young people aged 8-18 across Renfrewshire the opportunity to learn traditional music. Weekly contact time with some of Scotland's top traditional musicians give our participants the opportunity to develop their instrumental abilities. By developing a pool of local traditional music & song talent, we hope to establish a Fèis youth band and later this year, will pilot a Ceilidh Trail project giving young musicians the opportunity to tour across Scotland. Feedback received from our inaugural Fèis week event showed that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing and we have successfully delivered two years of weekly lessons already. Working alongside Feisean nan Gaidheal, our committee continues to develop the project and have recently began offering a new Gaelic Choir for young people interested in singing. We will run 37 music class sessions between Sep '18 and June '19 with lessons running from 10am-1pm on Saturday mornings during term time. Participants will receive age and ability appropriate tuition in streamed classes ensuring maximum learning benefit & enjoyment. Local tutors will be employed at Musician Union rates. We aim to attract 40 weekly pupils to our classes which will take place at the UWS Paisley Campus. After a successful pilot year, our Gaelic Choir will run for 37 sessions on Monday evenings during term time from 5:30pm-7:30pm. We aim to deliver these sessions to approx. 20 young people per week. A year-round programme will offer around 60 participants	

		the opportunity to develop skills in traditional music at an affordable cost as well as providing employment opportunities for 4 local tutors. End of term showcase concerts will bring together the community to celebrate the achievements of our students. We also aim to develop a youth band and a Ceilidh Trail in summer 2018, which will promote live traditional music in the community & add significantly to the local and national cultural calendar.

What does your Organisation/Group do?	1.10	<p>Renfrewshire Youth Voice is a non-partisan organisation that ensures young people's views are heard on a local and national level. We promote young people in a positive light. Our members are aged between 12 and 25 and membership is open to any young person living in Renfrewshire. We organise and host the annual positive about youth awards, local campaigns and hosting events for local and national elections. Our Aims as set out in our constitution are: To facilitate and organise activities for young people aged 12-25, who either live or regularly use services in Renfrewshire, to provide young people with a safe and friendly environment where they can participate in youth voice activities to ensure they have a say in decisions within the local area, to equip young people with soft-skills such as teamwork, organisational skills and improving their self-esteem and confidence, to alleviate the effects of poverty amongst young people, by promoting a culture of inclusion and tackling any forms of discrimination, to work with local organisations, business and the local authority in the best interests of young people.</p>

It enables young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. The awards inspire the next generation to get involved in their community, using previous winners/runners-up as role models. Young people were not given enough recognition for voluntary and community work that gave a direct benefit to their peers and the local area. The awards have been organised and hosted by RYV for the past seven years. This is the Year of Young People, so the group aims to make this year's event bigger and have more of an impact locally. Planning has already started for</p>	

		<p>this year's event, with nomination forms for each category released in April. Nominations are sent out via social media, online and paper copies, before being collected and judged by RYV members. Films of the runners-up and winners will be made in advance of the event. The evening will be a mixture of awards, speeches and music/entertainment, giving people attending a fantastic experience in celebrating young people's achievements over the past year. The group plans on highlighting local activities that have commenced over the past year, as part of the Year of Young People. Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of whom these people are and the work they have done, in order to be nominated for a category. The young people can build confidence to continue the good work they do, with one winner last year approached to be part of a Channel 4 documentary. Previous winners have highlighted how the recognition they received spurred them on to achieve other things in life, as both their confidence and self-esteem were boosted by the awards.</p>

What does your Organisation/Group do?	1.10	<p>To respond for consultation, advice, Access Audits and Surveys as required by organisations. To provide training to further enhance the skills of those seeking employment or increasing skills. This can be done by having volunteers in the organisation which will provide additional working resources and also provide the volunteers with additional skills at the same time. For future planning purposes the number of current volunteers and possible future volunteers are evaluated before responding to future work requirements and tenders. To provide training to local groups and to liaise with other agencies and organisations on relative matters both policy and practice thus ensuring Renfrewshire is fully accessible to all.</p>

The purpose of the project is to provide running costs for the offices of Renfrewshire Access Panel to enable us to continue assisting Renfrewshire Council on various projects such as: Living Streets, The Joint Employability Project Training for all LAC Members, Changing Places Toilets. We started a project to have changing places toilets installed in Renfrewshire to improve quality of life and prevent isolation for many people. This year we have been working with Renfrewshire Council on the placement of the Changing Places Toilets. We continue to take pupils through the Joint employability Project as well as pupils through Gateway. The support we provide to Clyde Muirshiel Regional Park remains in full force this year with the addition of 3 Mountain Trikes which are for the use of Renfrewshire residents and visitors. Renfrewshire Access Panel Identified that a base was essential to the development of the Access panel therefore an essential part of providing support to Renfrewshire Council. The base will only continue to develop with the forthcoming events and ongoing projects we have with Renfrewshire Council. We have also now started a lending service for all forthcoming events and can supply hearing loops</p>	

		and ramps to make council events as accessible as possible. We will continue to support Renfrewshire Council on the many boards we sit on. We will continue to support Clyde Muirshiel Regional Park, which is funded by Renfrewshire Council regarding funding for specialist boats and bikes or any other equipment the park may require to develop. We will also provide all access audits required by Renfrewshire Council which includes street audits to improve access into all areas. As well as all ongoing projects. The anticipated outcome is to ensure that Renfrewshire Council remains at the forefront of accessibility, leading the way for other councils. Ensuring Renfrewshire is fully accessible for all residents and visitors thus providing a safe and enjoyable place to live and visit.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop friendships. Entertainment and social activities are provided on a weekly basis from October to May. This includes a Christmas lunch and an annual outing. The Committee identified that many members would be unable to attend our weekly meetings without the provision of transport. In the past we hired a mini bus and used our own qualified volunteer driver, however, since the end of November 2018 we have been unable to secure the services of a volunteer driver and therefore we have had to use taxis to transport the members. With an average of 82, we find that we are requiring providing more transport. If we are successful in securing the grant it will assist us to continue to provide transport to bring the members to and from the Friendly Hour. We ensure transport is booked on a weekly basis. By providing transport we are reaching out to people in the communities who may not be able to get out very much, or in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship. We must remember that many people experience loneliness; others don't have many opportunities for conversation. What about the joy of sharing a story or a sing-a-long and hearing news from the community.

What does your Organisation/Group do?	1.10	We aim to help parents and families whom has lost their baby, we help by covering funeral expenses, providing food hampers, paying electric and gas bills. We provide support that is urgently needed during this heartbreaking time as grieving parents don't think about food or bills at this time. We also help disabled and terminally ill children by purchasing specialist equipment designed to the child's needs. We fund memory holidays for the child and their families whom don't have much time left to spend together, by giving them a holiday it provides relief and gives a lasting memory for years to come.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We aim to open a Hive (Bumblebee Babies office) in Paisley to keep up with the demand, we have had many support from Paisley and Renfrew areas so we need to make our Hive within the area. In doing so we will be able to help everyone in the surrounding areas by covering funeral expenses for parents who have lost their babies. We provide cuddle cots to ensure parents can have the option to bring baby home to allow private time to grieve before the funeral. Parents need support when it comes to funeral planning so we provide assistance for the journey ahead for them. This time is most crucial so we also cover electric, gas and food bills to give grieving parents peace of mind as during this time there's no thought about day to day life expenses for themselves. Our Paisley hive will provide help in many ways and allow families to come inside for advice and help. We aim to bring the community together and help each other. We realised we needed a hive in Paisley due to the amount of those needing help and showing support. We have had support from Paisley and Renfrew Councillors and many other people so due to this a second hive is crucial for us to grow and expand. We are in need of funding to open the hive and get it ready to help the people of Paisley and surrounding areas. By opening a hive in Paisley we will be able to support the local people and provide assistance to all those who meet our charitable	

		<p>cause. The hive will be very crucial to those who need us for financial or emotional support. We will use the funding to start to open the hive by purchasing the necessary equipment to have it to standard to provide support to the community. We aim to show the community support during a loss of a child instead of silence. Babies deserve respect no matter how old or days unborn and it's a rarely spoke about subject . We aim to get people to speak up about it more and not think their baby doesn't deserve a proper funeral or recognition due to their age regardless of when they were born sleeping or too soon. By doing this it provides mental support to mothers of all ages who have lost babies past or present. Our hive will be open to anyone who needs us. Paisley will have the support we need to help each other and the community.</p>

What does your Organisation/Group do?	1.10	To Fill a Gap, Help and support Renal patients who suffer from Chronic kidney disease pre and post Transplantation. Return To Life is the ONLY Renal Charity in Scotland with an office that supplies information and support regarding Renal Failure and its complexities with Dialysis treatment and transplantation as well as Organ donor awareness.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: All 5	
How much grant funding are you seeking?	2.10	£3,140.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Support kidney transplantees and prospective donors, before and after transplant operations by providing, mentoring relationships, opportunities for physical exercise and activities, counselling, structure and routine, family advice, general advocacy, health advice and preparedness for forthcoming life changes. Provide peer support for patients as well as prospective donors. Return To Life is working hard to fill a vital gap as no professional body, statutory or otherwise, provides this support at present and patients to a great extent are left to their own devices. The CEO, Stephen Blom, A local Renfrewshire citizen survived a Kidney transplant and has made a remarkable recovery which, to a great extent, was due to his generally excellent physical condition before the dialysis phase and subsequent transplant operation. Renal failure has a profound effect on patients physical and mental health with cardiovascular disease being a significant cause of increased morbidity and mortality compounded by a decrease in exercise tolerance and consequently the development of obesity issues which for patients with renal failure may preclude their access to renal transplantation with its attendant benefits of a transformation in their life expectancy, quality of life facilitating a return to the workplace. The charity aims to provide pre and post op physical training, health education, dietary and peer support for patients and donors supplementary to the care provided by the NHS services. We will provide Counselling, practical advice and companionship (mentoring). In summary, to our knowledge, and in discussion with Charity Ambassador Mr David Kingsmore, Transplant surgeon at the Queen	

		<p>Elizabeth University Hospital none of the above support services are presently available in Scotland. We passionately believe that we can facilitate the delivery of physical and emotional interventions to improve patients' life chances and deliver improved patient outcomes to keep the out of isolation and reduce the levels of fear and anxiety. Our aim is to provide a 'Sense of belonging' to patients (Especially but not exclusively to younger ones) and assist them to be up for the challenges that lie ahead and as fit as possible within the constraints of their condition. The experience and example of Stephen Blom is of critical importance at the early stages of the charities development. Nothing will reduce the trauma of Dialysis and or transplant surgery, but success in what we do will reduce the fear, anxiety and isolation in patients, during life changing experience. As well as helping patients physical and mental health, thus enhancing their chances of a success physical outcome, they will feel part of a community that really cares about their total well-being and re-integration. This is an interesting example of the inequality that transplant recipients encounter, i.e. many lose their careers and lifestyle due to their illness. Employers often do not want to employ / re-employ transplant patients because of a perceived stigma that they will be poor workplace attendees etc. If we help them get fitter we can surely ameliorate this perception to a large degree.</p>

(Please use a separate sheet if required)	2.3 2.9	The purpose of the project is to study the practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance. It was recognised that people who learned orchestral instruments during school should be given the opportunity to continue to develop their skill. The general public in Renfrewshire should have the opportunity to hear orchestral performances in Renfrewshire. This is the only Orchestra in Renfrewshire other than school groups. It will give the opportunity for musicians to develop skills in performing the orchestral repertoire. It will give the citizens of Renfrewshire the opportunity to hear the live performance of orchestral works in Renfrewshire. The orchestra has recently given performances both in Paisley and Johnstone. Lack of suitable accommodation has meant that we have been unable to perform in other towns in Renfrewshire. We are the only adult Orchestra regularly performing in Renfrewshire. The anticipated outcome is the opportunity for musicians to play the orchestral repertoire and work with professional soloists. It allows any students from the Renfrewshire Council Music Service who wishes to continue playing the opportunity to do so. It gives the public in Renfrewshire the chance to hear live performances of orchestral works. The audience at our concerts has been steadily increasing as a result of which we have had to look for new venues with a larger audience capacity.

(Please use a separate sheet if required)	2.3 2.9	This enhances the service user learning experience, supports communication and aids self development and positive social interaction and growth. We have an active citizen group who report to Euan's guide (website) in regards to checking accessible venues/ integration and customer service satisfaction ratings. A digital SLR Camera would be ideal for this. The plan eventually would roll out a venue guide to other local services. The camera would also be used for filming live events such as Drama shows, Dance groups and other activities and our service users would be involved in filming, editing and producing their own work in DVD Format. This camera will complement the Mac computer which we already have and use. At Milldale we pride ourselves on supporting service users to utilise their full potential and aim for excellence in supporting service user in striving to achieve their own personal goals. Service users are at the heart of all that we do. With the use of the Digital SLR there are so many possibilities for use. We could provide valuable pictorial/film material which demonstrates and supports service user choice and interactions and fully involve service users and their parents or carers and also the wider community. All the adults have a learning disability and many have associated difficulties such as mental health, autism, epilepsy, and sensory and physical disabilities, which make it difficult for them to access mainstream activities. This is not a service provided at Milldale Centre within the remit of the Social Work Department.	

		<p>Milldale have trained staff in basic film making techniques and service users could work with staff and utilise the camera for project work and group activities. Our plan is to initiate a Movie making group which will demonstrate basic film animation and open up possibilities for service users to write their own stories and scripts and then build and film the same. Either stop/start animation or live action. As well as promoting self-esteem, these sessions promote co-ordination, communication, and confidence building skills. These activities have been thoroughly researched by Centre staff and are considered to be of great benefit to the learning disabled clients.</p>

They will showcase these skills at our club competition for friends & family. All gymnasts will receive a medal for participating. Gymnasts enjoy perfecting current skills & learning new ones. In Nov 17 we hosted a 'parents come see me' event during class times gymnasts enjoyed putting together routines & showing to parents. To give focus for the last term the idea of a club comp was developed. Gymnasts can display new skills on a higher scale with some friendly competition with their peers. It will give gymnasts a focus to develop skills within their own ability & build confidence showing these to friends & family. We will hire a venue for display & encourage all gymnasts to participate. Gymnasts will have higher confidence levels. Carers can see skill develop. We hope this will encourage more gymnasts to participate at competition levels.

What does your Organisation/Group do?	1.10	We aim to provide a weekly social event for our members. Primarily tackling loneliness and isolation and providing them the opportunity to make new friends. We try to fund as many outings for them as possible keeping them in touch with the community. Without the club many of our members would rarely leave home and never experience the type social occasions that we provide. Having an outing to plan and look forward to boosts their general health and wellbeing.

To promote the group to people in recovery who may not know of Paisley Guitar Group or who may feel uncomfortable coming along for the first time. A number of people had identified an interest in learning to play guitar however the cost of private one to one lessons meant they could not participate. Those interested were brought together and advised they could support each other by forming their own constituted community group to help beginners to advanced players get more out of their interest in the instrument. We will offer 4 x 40min sessions with an experienced tutor that reflect the needs of players of all abilities to help to improve knowledge and skill levels so that they can use them in "real world" situations such as practice on their own, rehearsal and studio recording and also live performance. What does your Organisation/Group do?	1.10	Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident and empowered in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference and the Breastfeeding Network aims to offer accessible, reliable and effective peer support and helps families link up with a supportive community. Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding with families and wider communities and to use assets based approach to community based support for new parents.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide LAC Applying to: We are a national charity and provide support daily over the whole of Renfrewshire	
How much grant funding are you seeking?	2.10	£6,845.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To provide breastfeeding peer support and evidence based information to families in Renfrewshire, especially in areas of multiple deprivation. To ensure our existing volunteers can continue to provide up to date information, receive ongoing support and learning (supervision), and continue to develop their skills. We will train more local women to volunteer which will help us maintain our well established services in the area and ensure sustainability of the project. This will help us to improve knowledge and support within hard to reach groups and the community. Despite recommendations from the World Health Organisation, UNICEF and the Scottish Government, breastfeeding rates remain very low especially in deprived areas. Across Renfrewshire only 14% of babies are still exclusively breastfed at 6-8 weeks in these data zones. Babies who are not breastfed are more likely to suffer from chest, ear, gastrointestinal and urinary tract infections, and at higher risk of developing high blood pressure, obesity, diabetes, heart disease and some cancers in later life. Mothers who do not breastfeed are at higher risk of developing breast and ovarian cancers and osteoporosis in later life. Breastfeeding promotes bonding and attachment which can help alleviate symptoms of post natal depression. Because of low	

		<p>breastfeeding rates in this area some mums can feel isolated and have no one to ask for support, offering peer support to these mums can help them feel part of a supportive community and help reduce isolation. We will continue to provide high quality breastfeeding peer support across Renfrewshire at our groups in Johnstone, Ferguslie and Linwood. We anticipate that at least 12 different families will come along to access support at the three groups each week. We will continue to collaborate with the Families First, Health Improvement and Health Visiting Teams. We will attend community events to help normalise breastfeeding, raise our profile and raise community awareness. We will train 12 women to provide peer support, and will continue their ongoing learning, provide supervision and insurance. This is a nationally recognised qualification which increases their confidence and helps toward retraining and future employment. We aim to support 80 different families over the year at the three groups.</p> <p>In line with Renfrewshire Council's own priority: Our Renfrewshire is well: We are committed to health improvement, early intervention and prevention. Breastfeeding support is one of the earliest ways to tackle health inequalities and our drop- in groups and involvement in community events help support the priorities below</p> <ul style="list-style-type: none"> • Promoting wellbeing and good mental health • Promoting healthy lifestyles • Tackling isolation and loneliness • Enabling people to live healthier lives • Developing strong community-based services <p>The families we support will have increased knowledge and confidence about breastfeeding and have increased links to a supportive community. What is your group's current bank balance?	1.14	306,147.00		
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes This figure represents the bank balance of a National Charity. We operate large scale commissioned services and this reflects ring fenced funding for several large specific projects. Locally we rely on the part time coordinator post to support our volunteers on a weekly basis. We want to continue our services locally and rely on Renfrewshire funding to provide this support.

What does your Organisation/Group do?	1.10	<p>We are a community based music initiative for young people in Renfrewshire. Our purpose is to give young potential musicians access to facilities, equipment and expertise, giving them a platform to play live music and providing them with the management skills to organise their own community based music events. We aim to help young people prepare for Further Education and make them more employable. We produce events and manage events such as Spree for All, The Bungalow Musical, Baker Street Day, Paisley Music Week, and Paisley Busking Day. We have a hire division which specialises in event equipment.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>BACKGROUND The Charleston drum was beaten through the streets of Paisley to summon the weavers in times of trouble and to rally the weavers in protest marches. As most Buddies know that after a strike lead by the Charleston Drum the workers won the day and the drum is an integral part of the history of Sma' Shot Day. DESCRIPTION We wish to start a Charleston Drummers Group for young people to carry on that tradition and become active in the community spreading the story of the historic weavers strike and the iconic use of The Charleston Drum then and today. The project will include - Drum tuition, Drum maintenance, Drum making workshops, Recycling old drums, Research into the history of The Charleston drum and Forming a marching parade group to take part in local events such as Sma' Shot Day, The Spree, Paisley Halloween Festival, Paisley Music Week, Paisley Busking Day and other community events. Loud n Proud has a reputation as being one of the top music schools that produces some of the best drum students in the UK. We have had students in the top ten finals in Britain's Young Drummer of The Year for 7 years including two runners up and two winners. The idea has come from a suggestion from some of our drum students. Loud n Proud over the years has been involved in Sma' Shot Day and during discussions with the organisers it was</p>	

		<p>agreed that something could be done to get more young people involved and educate them about the historical importance of Sma' Shot Day, the parade and the history of how the drum is an important part of Paisley's history and the social and legal impact of the strike. Young people at Loud n Proud and from other groups have been involved in the development of this application. We will teach drums in a mixture of one to one, groups and ensemble rehearsals and form a marching group to take part in community events. The programme will provide a comprehensive and concise step-by-step introduction to drumming covering all aspects of technique, basic music and marching styles. It will be workshop based and involve interacting with others in the group as well as other community groups. Each session includes all necessary theory needed to give the student a good understanding of the equipment. The objective is that at the end of the courses participants are able to be an integral part of Sma' Shot Day and be active in the community by bringing not only music to enhance events but to keep the history of the Charleston Drum alive to a new generation. Paisley will have a group that keep alive the history of Sma' Shot Day and be a fixture in the event and others for the coming years. This project will assist us to improve the services and provisions we currently offer. Overall it will increase access, opportunity and participation in music by young people of Paisley. It puts in place a structure that will support up and coming musicians and others who wish to engage in the local community. We will form a committee with young people at its core which will give young people the skills to volunteer their services to help other voluntary organisations. Those taking part will learn teamwork and organisational skills and get an experience that will make them more employable, better equipped to apply for jobs, be more confident and have more experience to apply for a college course. Core Skills: IT Skills – Communication Skills - Creative Skills – Teamwork – Planning Management - Problem Solving General: Increase in Confidence – Increased Self-Esteem – Social Skills</p>

(Please use a separate sheet if required)	2.3 2.9	To celebrate the 80th anniversary of the paisley magic circle. By doing so, we raise the profile of the club in the hope we attract more members of all ages to help promote the art of magic throughout the area. Any to participate in shows performed in schools, church halls, charity balls, and older people's homes. In 1998, we celebrated the 60th anniversary of the club. Paisley town hall was the venue of a civic reception and convention. On the back of that, we attracted about 12 new members of which 8 were under 16 and two over 60. By celebrating our 80th magicians from all over UK plus one or two from Europe and USA, it will promote paisley as well as the club. We intend to promote the club's 80th convention by putting on magic shows over the summer, providing workshops to budding magicians. The watermill hotel has been booked for a full day end October 2018, open to magicians followed by gala dinner and cabaret which is open to the public. For the club, more members, further interaction with other magical societies uk wide and bringing local and regional even international people to paisley, as well of course raising the profile of the art of magic.

<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>dates-n-mates Renfrewshire is a friendship and dating agency run by and for adults with learning disabilities. The project helps hundreds of people that would otherwise be socially isolated and lack confidence and self-esteem in their everyday lives. It provides opportunities for people to connect, make friends and build meaningful relationships through hosting a regular calendar of social events in a safe, comfortable and inclusive environment thus improving overall health and well-being. With 26,000 adults with learning disabilities in Scotland, the Scottish Government's 10 Year Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority. People with learning disabilities are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including forming and conducting relationships. The Learning Disability team in Renfrewshire Council support its development. According to Renfrewshire Council Chief Executive's Ward Statistics 946 Adults with learning disabilities live in Renfrewshire (updates 2015). dates-n-mates Renfrewshire developed a pilot outreach model to identify adults with learning disabilities in specific areas of Renfrewshire and provide opportunities to connect and make friends and form meaningful relationships. Through our outreach work we are creating awareness of dates-n-</p>	

		<p>mates and engaging those most isolated supporting them towards membership helping to reduce social isolation, build confidence and self-esteem, and improve the person's ability to be active citizens and improve their overall health and well-being. We have built positive relationships with a wide range of services and organisations including Health, Housing, and other statutory and non-statutory services and projects within Renfrewshire. We have engaged with adults with learning disabilities who may have declined access to opportunities. We will target many people of all ages in Renfrewshire that are isolated with learning disabilities and that are unaware of the project and potential benefits to them. A resource to specifically focus on carrying out outreach work will help to identify these individuals and provide them the opportunity to connect and make friends and form meaningful relationships. Dedicated Outreach Workers (part-time) and awareness raising materials and activity will enable us to continue developing the outreach work, partnering with GPs, Housing Associations, Pharmacies, colleges, advocacy services, carers centres etc to achieve this. To compliment the work of social work, health and education services by reducing the formal statutory need to provide services for adults with learning disabilities by making more natural connections through dates-n-mates. To identify those that are most isolated and support them to access the dates-n-mates project to help reduce social isolation, improve their self-esteem, build confidence and improve the person's ability to be active citizens and improve their overall health and well-being. We provide on average 60 events a year using 30 different venues in Renfrewshire which is supporting local businesses. We are also introducing members to places and facilitates in their local communities which they perhaps wouldn't have accessed. Our Evaluation in 2017 found that 73% of our members had tried new things and experienced different places in the local community as a result of joining dates-n-mates.</p>

What does your Organisation/Group do?	1.10	Create primarily works with local young people in Paisley, with the aim of fostering safe environments and facilitating events and activities inspired and informed by the interests and passions of local young and the wider community. We are working hard to promote a 'positive Paisley'. Central to this, Create aims to advance local arts and culture, cultivating a creative community and giving spaces and opportunities for artists and musicians to develop their skills, abilities and potential.

(Please use a separate sheet if required)	2.3 2.9	<p>CREATE will provide safe environments in which young people will develop their creative skills in song writing, filmmaking, photography and digital app design. Young people will increase in confidence, develop skills in technology and design, engage in the wider community and build social networks with other young people. Create will continue to engage young people where they're at and signpost them to relevant activities. CREATE was started in response to local young people hanging out in the town centre who were seeking a positive place on the weekends to play their music. Over the last 4 years of our Create Cafe, our fortnightly youth drop, 25% of attendees have been from postcodes from the top 2 deprived deciles (SIMD2016). Lots of the young people we work with say there is a lack of free-to-access art and music opportunities in Paisley and therefore Create identified a need for such programmes and safe environments. We don't want cost to a barrier to young people succeeding. Create will deliver creative programmes in song writing, filmmaking, photography, app design and continue to work hard to offer free high quality arts opportunities for young people. Workshops and opportunities will be advertised through social media, schools and partnership organisations. Create will continue to run Cafe nights, offering safe spaces for young people to come and be creative, showing off their creations. Volunteers will be trained to support young people, signposting young people to relevant services and meeting identified</p>
