Small Value Contracts Team

David Benstead
Principal Procurement Specialist

Scope of the Small Value Contracts Team

Team focussed only on small value contracts

Average contract value £1m versus upwards of £15m for standard frameworks

Significant consultation with councils has identified a range of suitable contracts

Ongoing council consultation will shape the initial contract schedule

Benefits

Light touch procurement

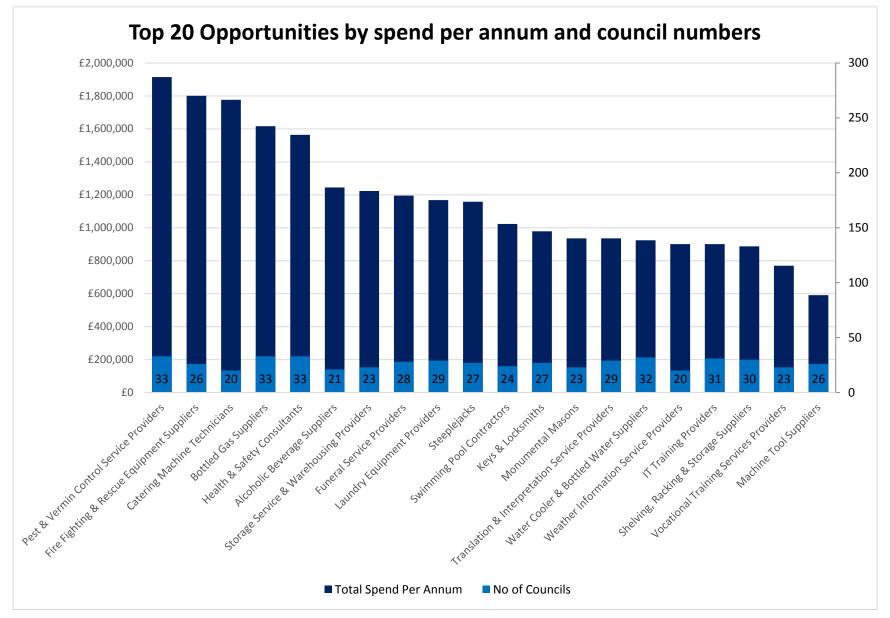

Shorter tender process whilst still retaining equal treatment and transparency

Reduction of resource pressure for councils

Cost avoidance of £660k per annum forecast

Forecast savings of 5.5%

Summary

Collaborative and focussed approach to low value procurement exercises

Alleviate the resource challenge associated with these exercises for councils

Potential for development of staff and introduction of talent into the procurement community at large
