## **3. Background**

3.1 The priorities of the Glenburn, Foxbar and Brediland Local Partnership are:

### **❖ Community assets**

The Local Partnership want to see busy local community centres, full of activities. They also want to boost community involvement, getting more people involved in local groups and volunteering.

### **❖ What's on in Glenburn, Foxbar and Brediland**

The Local Partnership want to develop ways to share information about what is going on locally across the area, including developing community noticeboards and networks.

### **❖ Public safety and road safety**

The Local Partnership want to promote public safety across the area. This includes road safety and managing the speed of traffic in the area.

### **❖ Isolation and loneliness**

The Local Partnership want to tackle isolation and loneliness across the area. They think a key barrier for some people is transport and being able to access activities.

### **❖ Play facilities**

The Local Partnership want to see development of parks and play areas for children and young people.

GIVING THEM VITAL INTERACTION WITH OTHER CHILDREN THEIR OWN AGE. ALONG WITH TIME TOGETHER AS A FAMILY UNIT. WE FOUND THAT MOST FAMILIES DO NOT EXERCISE TOGETHER. THIS CAN BE CAUSED BY NOT HAVING ENOUGH MONEY TO ENJOY THIS AS A FAMILY. THIS WAS ONE OF THE MAIN FACTORS WE FOUND WHEN SPEAKING TO PEOPLE WITHIN THE LOCAL AREA. IF YOU HAVE A LARGE FAMILY IT IS UNLIKELY THAT YOU WILL BE ABLE TO SEND ALL THE CHILDREN TO CLUBS. AS THEY COST A LOT OF MONEY. IT WAS IDENTIFIED THAT NOT ONLY CHILDREN FROM FAMILIES ON BENEFITS LOOSE OUT WITH THIS. BUT ALSO WORKING FAMILIES STRUGGLING. BY HAVING VARIOUS ACTIVITIES AVAILABLE TO THEM ALLOWS THE FAMILY TO COME TOGETHER AS A WHOLE AND LEARN NEW SKILLS. THEY WILL ALSO HAVE ESSENTIAL BONDING TIME.</p> <p>WE PLAN TO RUN VARIOUS SPORTING ACTIVITIES THROUGHOUT THE AREA, THESE WILL INCLUDE THINGS LIKE, FUTSAL, NETBALL, MUAY THAI, DRAMA AND ARCHERY.</p>	

		WE WILL ARRANGE TRAINING FOR COMMUNITY CHAMPIONS WHO WISH TO DO THE COURSES. THIS WILL IMPROVE EMPLOYABILITY FOR PEOPLE IN THE LOCAL AREA. THIS WILL INCLUDE FAMILY MEMBERS OF ANYONE WHO WOULD LIKE TO BE INVOLVED IN THEIR COMMUNITY. IF WE TRAIN CHAMPIONS THEN THEY CAN CONTINUE TO TRAIN OTHERS. WE ANTICIPATE THAT FAMILIES WILL SPENDS MORE TIME TOGETHER. IT PROMOTES WELLNESS FOR BOTH THEIR BODIES AND MIND. TEACHED THEM TEAM WORK. (Please use a separate sheet if required)	2.3  2.9	Scoutreach Community Partnership project is an opportunity to offer each local partnership 4 days funded free accomodation and activities supported by our qualified staff, groups of up to 40 people from your area, meeting your local priorities of tackling social isolation and to promote healthy living. We are currently creating a modernised facility at Lapwing Lodge Activity Centre, at a cost of £70,000. To support the existing facilities at the Hobbit houses, which provide accomodation for 40 people complete with kitchen and dining facilities. Our new LEADER funded activity hall and outdoor learning centre is due to commence construction May 2019, supporting the hobbit houses with activities and indoor space, complete with toilets and showers. The refurbishment, modernisation, and adaptation to the existing games hall will provide campstaff accommodation, and an indoor space for training, meetings, group activities and indoor learning opportunities. This project will provide a central point at the site to operate our watersports, archery, climbing, moutain biking etc. This new reception and staff area will offer us a centreal meeting point for our visitors and users.	

		<p>This Scoutreach Community Partnership Project was identified by the Management Board and young people on the campstuff, and our active support unit as a desirable addition to our existing facilities at Lapwing Lodge. The creation of the Hobbit houses in 2017 offered us a new opportunity to expand the facilities and activities available on site to smaller Community Groups, linked with outdoor activities currently on offer. The construction of a new activity hall and outdoor learning centre has opened up a wet weather facility complete with showers and toilets, to support groups taking part in our activities and outdoor learning. New facilities are needed for our growing voluntary campstaff team and active support unit, this project will provide training opportunities and outdoor learning skills for new community groups, from the local partnership within Renfrewshire council areas.</p> <p>This upgraded facility will achieve 4 main aims 1. It will provide small local groups with accommodation and indoor space for learning and activities. 2. It will open the centre to a complete range of people within the local community tackling isolation, poverty, inclusion with new groups. 3. It will help centralise the centre management, offering a meeting point for groups undertaking activities at the centre. 4. This enhanced facility will open new learning and training facilities for a variety of current and future users. We propose in partnership with the newly formed Community Partnerships to identify suitable groups within each area who may benefit from this project, and offer them the opportunity of a 4 day residential experience, complete with activities to support their work within their communities.</p> <p>Our anticipated outcomes are varied and form part of the strategy for development at the Lapwing Lodge Activity Centre. Going forward we will offer out Scoutreach Community partnership project to existing and new users within the local community partnerships being developed within Renfrewshire council. Outcome 1 - To encourage new user groups from local partnerships to facilitate the hobbit houses Mon - Thur 40 people, accommodation and activities, suggested groups, vulnerable families, carers, people experiencing isolation, families recovering from addiction. Outcome 2 - To create new activities for existing user groups, youth organisations, churches, language schools, Kilbble Care, Turning Point, offering new activities, and outdoor learning opportunities. Outcome 3 - With support and Development within the young campstaff team, identify new opportunities and activities to complement our existing wide range of on site activities. Outcome 4 - With consultation and partnership with local authority agencies and departments identify and develop new opportunities to work with different groups within Renfrewshire ie vulnerable groups, social services, schools, clubs to develop and enhance our current operations and facilities at Lapwing lodge activity centre.</p>

What does your Organisation/Group do?	1.10	<p>Our aims are - To provide extra-curricular/social activities for the pupils of the school.</p> <p>To foster good relationships with the local community. To provide good quality, safe equipment to make our school grounds (which are never closed and can therefore be used by the local community, a safe and fun place to be.</p>	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Glenburn and Foxbar & Brediland	
How much grant funding are you seeking?	2.10	<b>£9,960.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	<p>The purpose of the project is to provide an outdoor gym equipment which can be used in all weathers. At present all thw equipment we have is on grass and cannot be used if the grass is wet. This presents a safety hazard for the young people using the equipment (it is used by the local community outwith school hours). Many of the young people who use it during this time are unsupervised by an adult). The equipment we have is very well used and it is unfortunate that due to the weather is t is unsafe to use during much of the year. In the interests of providing good quality equipment which is free to use, in a safe environment it would be beneficial to provide equipment which can be used safely when the grass is very wet.</p> <p>A pupil council have been monitoring the use of the equipment we already have during the last year. They found that 70% of the time it was not able to be used due to the grass being very muddy. (Drainage in the area of the playground is not great).</p> <p>They then surveyed pupils across the school to assess the desire for year round equipment. 95% of the pupils said they would use the equipment. Active schools coaches have stated that the equipment is unsafe for use if the grass is very wet and in the interests of safety this limits activities.</p>	
	2.6		

		<p>We will employ a regulated company to install the equipment to ensure it meets with all health and safety standards.</p> <p>The anticipated outcomes are - a safe, well equipped area which can be used by school pupils, active schools clubs and Families First Groups. More active children all year round which will provide health benefits. Less instances of unacceptable behaviour during break times. Less vandalism of the school grounds as the young people who use them after school and in holidays will be able to use the equipment free of charge. Better relationships with our neighbours who over look the playground.</p>

What does your Organisation/Group do?	1.10	To develop/maintain; A locally based community community run ice hockey team, A focus for local & junior ice hockey players to enable them to develop their skill levels, A focus for local volunteers to enable them to develop their skills in areas such as literacy, numeracy & oral skills, An affordable facility for locally based ice hockey supporters & parents of young players, An interest in the sport at a local, Renfrewshire based level from an early age onwards.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Johnstone & Linwood (all LP areas applied to) Children & Young People	
How much grant funding are you seeking?	2.10	<b>£2000.00</b>  (which is app 8.2% of the total ice costs. NB the total operational costs per season are just short of £39,000.00)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide part funding re hiring of ice to permit ice related activities for adults/young persons to take place at Braehead Arena, the only such facility available within a 30 mile radius of Paisley. That part of funding required & not included within the application (&, indeed, all other costs) will be met from club fundraising. It should be noted that Renfrewshire Council approved a motion seeking to assist the club in developing an ice facility within the Paisley area which would allow PPIHC & other clubs generated to develop base premises which would preclude the need to apply annually for grant assistance to rent premises elsewhere (ie Braehead Arena, currently the most expensive such facility in Scotland). To encourage more people to watch/play ice hockey to encourage a healthier lifestyle. The club seeks only to ask for assistance re ice rental, which accounts for approximately 70% of the total costs likely to be incurred, and seeks assistance to meet 30% of that total cost within a ring fence for ice rental costs.	

		<p>All other expenditure will be met from within its own resources. Paisley Pirates were first formed in 1946 &amp; from then until the 1960's played at East Lane. In 1992 they were resurrected at the Lagoon Leisure Centre &amp; from then until 2006, when Renfrewshire Leisure Ltd withdrew ice facilities there. While Pirates were successful in relocating to Braehead Arena, the cost there is prohibitive, currently standing at almost £200 per hour with an 8% increase pending. The various other activities such as junior development fell due to the high cost. Due to the paucity of ice facilities Pirates have on occasions gone as far as Dundee &amp; Dumfries to secure ice.</p> <p>Because of rising demand for a skills based approach the club has appointed a second volunteer coach for the senior team &amp; intends to appoint commensurate numbers of volunteer coaches in respect of the planned re-introduction of junior ice hockey for players under the age of 20.</p> <p>NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports It will enable</p> <ol style="list-style-type: none"> <li>1 The club to continue providing a local focus for the sport given that no other suitable venue is currently available at either senior or junior level.</li> <li>2 The continued development of on-ice skills at senior/junior level.</li> <li>3 The continued &amp; enhanced development of off-ice skills for volunteers &amp; adults with learning difficulties able to carry out duties on match nights requiring numeracy/organisational/interpersonal skills.</li> <li>4 The club to publicise the existence of an ice hockey team in Paisley through local media outlets &amp; maintain a significant profile in the area eg the club has featured regularly in an annual project run by a Canadian tourist agency (circulation 0.25m) which promotes Paisley as an ice hockey town for potential tourists.</li> <li>6 The club continues to promote itself &amp; its volunteers through various local competitions publicising the work done by such volunteers &amp;, indeed, has won a number of them.</li> <li>7 The high profile enjoyed by the club will help it attract young people</li> </ol> <p>Outcomes:</p> <ol style="list-style-type: none"> <li>1 Development of enhanced on-ice skills through regular practice/game situations.</li> <li>2. #### **Community Assets**

Paisley Pirates prides itself on it's community and 'family' reputation which extends beyond the players of the club, to it's fans and volunteers. Every member of the organisation contributes on a voluntary basis, and each match night provides opportunities for volunteers to steward, goal judge, and many more activities to ensure a successful match night experience.

At the end of each season, every volunteer for the club receives recognition from the club in thanks for their service which further helps to promote the 'family' feel within the club.

#### **What's On in Glenburn, Foxbar and Brediland &**

The club actively promotes its activities, particularly match nights, in all local media outlets to encourage people to attend, particularly as matches are normally played on Sunday late afternoons, at which time, by comparison, it is quieter than at other times in the week. Further, it takes part in local events such as fetes on invitation and, similarly, makes visits to local establishments to encourage healthy lifestyles through appropriate eating habits and taking part in regular exercise.

#### **Public Safety and Road Safety**

The club took part in the Paisley Daily Express Anti Knife Campaign, displaying a team photograph with players holding anti knife car stickers that they distributed to supporters and other members of the local community.

#### **Isolation and loneliness**

The club engenders a strong sense of family within it to encourage members of the local community to attend Pirates' activities and become 'part of the family'. A number of fans and volunteers attend from the local area. Through means such as announcing that an individual or group is attending their first match new supporters are encouraged to feel part of the bigger group and soon make friends with other people attending games. A number of our volunteers take an active part in out activities and are valued members of our group.

As well as weekly features in the Paisley Express during the season, we have our own website, 2184 Facebook Followers with 2179 Likes, 2180 Twitter Followers, 483 Instagram Followers and various other digital outlets within Renfrewshire such as Whats on Renfrewshire etc

We have a varied age range of supporters from all over Renfrewshire, including the elderly.

## **Play Facilities**

As part of the ongoing development of the Paisley Pirates, we are currently extending our teams and creating a junior development programme which will provide opportunities for younger generations to get involved in a unique sport such as Ice Hockey.

NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports.

### **Supplementary information for COMMON GOOD FUND - PAISLEY**

Paisley Pirates have been a part of Paisley culture and heritage for over 70 years since the club's formation in 1946.

In more recent times, since becoming a non-commercial, voluntary organisation run by people within the local community, it has often brought a civic pride to the town, having won every major national ice hockey competition within which it has competed at least once in the last 6 years the most recent being in April 2019 when the club became national Playoff Champions for the very first time.

Off the ice, individual volunteers have won awards for their services at local level, such as the Volunteer of the Year Award and Coach of the Year Award, while the club was voted Team of the Year in a competition run by a local newspaper 3 years ago.

One of our volunteers also won a Provosts Award for Sporting Achievement.

A Canadian Tourist magazine which has a circulation of 250,000 has in the last two years featured Paisley as a town to visit due to its ice hockey connections, while in recent times the club's management group was invited to the Queen's Garden Party in recognition of their success, while they have formed links with the Tampa Bay NHL team in the United States.

Our club coach has in the past year also taken on responsibilities in connection with the Scotland Under-17's ice hockey team.

The club receives blanket coverage in the town's local media outlets, and features often on a local radio station programme. (Rock Radio)

The club has the support of Renfrewshire Council in seeking to establish a new ice facility in Renfrewshire, which will be run via community empowerment. The current arrangement required the club to pay Braehead Arena a commercial rent which is the most expensive in Scotland.

The club has taken part in local safety campaigns such as the Paisley Daily Express project which sought to take knives off local streets. Players were pictured with car stickers displaying the message and the stickers were thereafter distributed to supporters and other members of the local community.

Christmas Toy Appeal was embraced and supported by the Paisley Pirates over the past two Christmas appeals

Other community events which the club has participated in include Sma' Shot Day, and the 2016 Paisley Beer Festival took as its theme the 70th Anniversary of the formation of the club, which regularly features at local Gala Days in the town.

Members of the team and supporters regularly take part in the annual Paisley 10k event held in late summer

The club retains very strong connections with former players and supporters and during the current season alone a long time supporter from Hong Kong has flown in to see a match, while a former player from Canada has also come over to see his former club in action.

The club continues to receive enquiries from all over the world about former players and supporters with links to the club.

In recent times the club was awarded a civic reception by the Lord Provost in recognition of its record in bringing regular civic pride to the town by means of regular success at national level

NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports.

It is vital that everyone has the opportunity to participate. We will provide the opportunities to improve the health and wellbeing of the population of Renfrewshire in general.</p>	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	<p>Glenburn, Foxbar and Brediland Children &amp; Young People</p>	
How much grant funding are you seeking?	2.10	<b>£7,675.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.6	<p>The purpose of this project is to get kids active within the Foxbar, Glenburn and Brediland area. At present there are over 595 pupils that have either self identified or been identified by their parents as being inactive. This data was found using an Active Schools survey that was conducted across all schools in Renfrewshire. This programme will help to improve activity levels by offering a variety of free activity sessions whilst tackling the barriers to participation.</p> <p>This programme will also aim to upskill local high school senior pupils to enable them to provide sport sessions within their community as volunteers. This will help to increase the future sustainability of this project and continue to improve activity levels.</p>	

		<p>This project was identified using the data collected from the 2018-19 Active Schools activity survey. This survey was issued to all high school and primary school pupils within Renfrewshire. The survey received over 19,000 returns from a possible 23,544 pupils. The survey highlighted that 595 pupils from within Glenburn, Brediland and Foxbar are currently completing less than 3 hours of activity per week. This programme will help to improve activity levels by offering a variety of free activity sessions whilst tackling the barriers to participation.</p> <p>This project will work with the families to encourage participation in free activity sessions within the 6 local primary schools. These sessions will focus on the sports requested by the pupils through the activity survey.</p> <p>The project will also provide training opportunities such as level 1 sports courses and first aid training for 25 senior pupils from within Gleniffer High school. Once their training is completed the pupils will be provided with placement opportunities within the local primary schools. This will allow them to provide volunteer led sessions at zero cost to the participants and wider community.</p> <p>The project will also increase opportunities for school pupils to gain access to archery sessions. Archery was identified as one of the minority sports that pupils would like to try. This project would expand the number of spaces available within the local club and upgrade/add to the equipment required to take part in the sport.</p> <p>The anticipated outcome of this programme is that the number of inactive pupils within the Glenburn, Brediland and Foxbar area will decrease during the 19-20 school year.</p> <p>This project will also train 25 new young leaders who will hold the appropriate qualifications to enable them to volunteer within their own community of Glenburn, Brediland and Foxbar.</p>

What does your Organisation/Group do?	1.10	Provide access to sporting opportunities for young people living in deprivation. Work with vulnerable children and adults to build social skills, teach discipline and encourage good health and well-being. Provide sessions on multi sports, team building and education to include drug and alcohol awareness. Provide opportunities for participants to achieve certification that could progress a way into further training or education.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Glenburn, Foxbar and Brediland	
How much grant funding are you seeking?	2.10	<b>£1,012</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 to  2.6	This project involves working with young people aged 5-18 years who are classed as 'At Risk' by the Social Work Department. A number of these children are living with grandparent carers (Kinship) . The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal / and legal drug taking, healthy eating, keeping themselves safe and learning to make meaningful connections with each other and the wider community. Additionally, the project will seek to up skill and empower parents/carers with the prerequisite skills to raise healthy, thriving children through training programmes and	

		<p>support.</p> <p>The need for the project was identified due to grandparent carers identifying barriers to explaining to the children they are caring for about why they can't stay at home. Grandparents stated they felt ill equipped with proper tools or skills to explain about illegal and legal substances and additionally the role of authority figures such as social work and police. Research has demonstrated the stigma experienced by children classed as 'at risk' and shows that kinship carers can experience high levels of social isolation. This project seeks to address this by offering a nurturing, caring and empowering environment where families can come together and become part of the community.</p> <p>e will continue to address the needs of our local community and offer education through play around drink and drugs, healthy eating and mindfulness sessions. he grant will develop our mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addiction and teaching young adults they can break the cycle by healthy life choices. We already work closely with the Star Project, Carer Centers, Families Outside (a charity that works solely on behalf of families affected by imprisonment.), local libraries, Our Place, Our Families (a charity with the aim of improving the quality of life of people who live in the Paisley community) and Renfrewshire Support Group. We intend to expand and run workshops in employability and disclosures to increase the employability of parents/carers. We anticipate 24 children and 16 carers will attend our summer program which will run 2 days a week for the duration of the summer school holidays.</p> <p>This programme will allow for a platform to discuss issues that would not be addressed in a home environment, such as why children are not being looked after at home, the difference between illegal and legal substances, it will encourage community members to get involved in the local community and work their way out of poverty, which would also break the cycle and lead to a healthier life. This project will offer community members the opportunity to engage in more activities in the Foxbar, Brediland and Glenburn area. The project will utilise</p>

		<p>public resources, such as parks and outdoor spaces, as well as maximising the use of buildings in the community. Primarily, the project will strengthen social connections and tackle social isolation on an intergenerational level by focusing on improving health and wellbeing in the area. We anticipate, as a result of this project, that there will be a reduction in stigma associated with kinship care, a reduction in the social isolation experienced by individuals (young and old) with social work involvement and we anticipate an increase in community members being involved with local activities and groups. Saliently, we anticipate an increase in confidence and community connectedness in all individuals engaging with this project.</p>

The Kennel Club have introduced new standards for agility equipment to benefit canine health and safety. It is essential that we have equipment that meets these standards to host kennel club shows, maintain a safe training environment and provide affordable training to current and prospective members. Last year, the Kennel Club announced new standards for several pieces of equipment to be introduced this year and next year, including jumps and the dog walk. For the health and well-being of the dogs, heights for the jumps and dog walk have been lowered. We require new equipment to meet these standards while keeping our fees affordable.</p> <p>New equipment will allow us to host Kennel Club shows and train more safely. We will obtain quotes from agility suppliers for equipment that meets the new Kennel Club regulations. In addition, we will recruit local trade people to adjust our current equipment, thereby helping to keep our fees affordable and supporting local businesses.</p>	

		1. We can hold Kennel Club shows, thereby representing Renfrewshire within the greater dog agility community. 2. When monitored by the Kennel Club, our equipment will be up to standard. 3. The new standards were introduced to reduce wear and tear on dogs' joints and reduce the risk of injury while training. By practicing on equipment that meets these standards, the number of years a dog/handler combination can train will likely increase.

(Please use a separate sheet if required)	2.3  2.4  2.5  2.6	The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop their friendships. Entertainment and social activities are provided on a weekly basis from October to May. The entertainment includes children from Ferguslie Park Community Nursery, Mossvale Primary School and Castlehead High School as well as entertainment provided by Adults. Members also have a much appreciated cup of tea or coffee and goodies. The programme includes a Christmas Lunch and an Annual Outing.	

		<p>The Committee identified that many members would be unable to attend our weekly meetings without the provision of transport. A vast number of our members live alone and the Friendly Hour is the only time that they may see other people. It gives them the opportunity of mixing socially, allowing them to chat and at the same time give them some entertainment thus avoiding an afternoon of loneliness and isolation. With an average of over 85 and many who are quite infirm, there is a stronger need for these people to be transported to a happy and lively environment for a few hours on a weekly basis.</p> <p>If we are successful in securing the grant, it will assist us to continue to provide much needed transport to bring these people to and from the Friendly Hour, thus giving the much needed company. We ensure that transport is booked on a weekly basis.</p> <p>By providing transport we are reaching out to people in the communities who may not be able to get out - in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship and fellowship. We must remember that many people experience loneliness and isolation and many don't have many opportunities for conversation. What does your Organisation/Group do?	1.10	The Friends of Montrose aim to promote positive Health and Wellbeing for all older adults living in Montrose Care Home. We achieve this by raising funds and applying for funding based on the interest of all older adults living well with different levels of dementia in residential care.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	"Glenburn and Foxbar & Brediland"	
How much grant funding are you seeking?	2.10	£9,823.20	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	Our main purpose is to promote positive mental health for many older adults living well with dementia in Montrose care home and the wider community, with the intent of reducing loneliness and isolation. We will achieve this by introducing a programme of activity that reflects on a document released by the Care Inspectorate called "Arts in Care", there will be a focus on animal therapy driven by SSSC and we will fully develop the Nostalgia Garden we have been working on over the last year to ensure it acts as a community garden that will be used for recreational activities.	
	2.4	There is a great need to tackle loneliness and isolation among older people in our local community which has been highlighted as an issue nationally.	

		<p>We want to open up Montrose to other older people in the community, because we are aware there are very limited amenities in the Foxbar area where the Care Home is situated.</p> <p>With that in mind, Scotland experienced one of its hottest summers in history last year and we realised very quickly at that point that the garden area wasn't fit for purpose given that the care homes client group has changed over recent years and more people living in the home are less mobile and more frail. Last year the Friends of Montrose applied to LAC and received half of the 10,000 funds requested. We're now looking to source the remaining 5,000 to get the garden completed this year with your support once again. We also want to ensure that there are other inclusive indoor activities available for the wider community to get involved in because there isn't much on offer in the Foxbar area where we are, the wider community we have in mind will be other local care homes, Montrose day care service users, sheltered housing residents and we'll continue to link with Heriot and St. Paul's Primary each week to develop and strengthening the intergenerational aspects of this project. We regularly ask residents if their needs are being met through questionnaires, monthly meetings and through review process and information is passed back to the committee who try to overcome some barriers that lead to isolation and loneliness, the main outcome from residents usually states that there isn't much on for people to go along too and we'd like to change that. There is a need to develop the Nostalgia garden, the animal therapy and creative arts programme of activity particularly for residents who are experiencing increased levels of levels of dementia with each activity we plan to book has been selected with dementia at the forefront. Ideally, the care home needs a safe and secure space for people to use and it equally would benefit from having a wider variety of activities that will be open to the wider community. In turn, the project will help target loneliness and isolation for the care home and local residents.</p>
	2.5	<p>We will fully complete the Nostalgia Garden and create a year long varied programme of age appropriate activity designed to encourage participation from all ages. The garden is much safer than it was because the Friends of Montrose received half of the funding applied for through LAC last year, however, there is still some essential works required to get the job fully complete.</p>

	2.6	<p>We will ensure all paths and patio areas are wider enough for wheelchairs to move without danger, we will add more a few raised beds and more garden furniture that is fit for purpose as we could not fully equip the garden last year as we had planned. We would like each balcony to have Astroturf and potted plants for the residents who are unable to get out to the garden due to health issues. Most importantly, we want to make the nostalgia shop fronts in the garden usable again by having them decorated on the outside and adding a hatch so the shops can be opened up on hot days, to give residents ice cream from example. The other part of this application that focuses on indoor activities will be booked in advance and a programme will be provided for all that will be involved in this project. We will book fitness classes, tap fit and drama as part of the "arts in care" guidelines from the Care Inspectorate and there will be a pet therapy theme running at the same time, working with Animal Magic, Zoolab, Bunny &amp; Co and Shelteland ponies. The programme of activity will be varied to ensure there's something for everyone to enjoy.</p> <p>We want to target loneliness and isolation among older people in our local community. The main outcome we anticipate is that levels of loneliness will reduce as relationships build over the course of the project term. We want younger people to know more about dementia and we'll raise awareness on this subject through separate workshops although we anticipate that the younger people from both Heriot and St. Paul's Primary involved in this project will promote positive behavior outside of school hours in the wider community appreciating we older people might be experiencing living with dementia.</p>		
What is your group's current bank balance?	1.14	£4,175.70		
Are there any significant items of expenditure to be set against this bank balance?	1.14	<p>Yes,</p> <p>£3,000 ring fenced for Awards for All project spending, includes filming intergenerational project.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	Dates-n-mates Renfrewshire is the local branch of Scotlands national dating and friendship agency run by and for adults with learning disabilities. We transform life for people who are socially isolated and lonely. We provide opportunities for people to connect, make friends and build meaningful relationships, thus improving health and wellbeing. Our monthly calendar of social events around Renfrewshire offers a safe and inclusive environment for people to meet and have fun. Members practice local journeys and improve their social skills. Over time their self-confidence and independence increase.	

	2.4	By building peoples own natural support networks we ultimately reduce the need for paid support.
		"With 26,000 adults with learning disabilities in Scotland, the Scottish Government's Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority as they are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including having relationships. The Scottish Government strategy A Connected Scotland, recognises that people with learning disabilities and their families are at risk of experiencing social isolation throughout their lives. The Learning Disability Alliance Scotlands 2018 survey showed that 80% of adults with learning disabilities feel lonely either sometimes (11%) or a lot of the time (69%). According to Renfrewshire Council Chief Executives Ward Statistics, 946 Adults with learning disabilities live in Renfrewshire (updated 2015). dates-n-mates Renfrewshires outreach model identifies adults with learning disabilities in specific areas of Renfrewshire and provides opportunities to connect and make friends and form meaningful relationships. "
	2.5	"We will target adults with learning disabilities living in Foxbar, Brediland and Glenburn to make them aware of the project and its potential benefits to them. To achieve this, we partner with local GPs, pharmacies, West College, the Carers Centre and local advocacy services. Having identified these people, our outreach workers provide them with opportunities and support to connect, make friends and form meaningful relationships. Our monthly programme of social activities runs in venues across Renfrew-shire, ranging from community hubs like Paisley Arts Centre to accessible commercial venues such as The Lord Lonsdale and The Gleniffer Hotel. Our staff and volunteers support members to interact with one another. We provide informal training such as What to say after Hello and Successful Dating and can even chaperone couples on dates. Members learn local journeys and support one another to get to/from events. Regular 'Open' events create opportunities for non-members, ie those who may be ineligible for membership, and the wider community to join in. We rely on volunteers and offer a wide range of volunteering opportunities both to members and to other local people. "

Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Glenburn and Foxbar & Brediland	
How much grant funding are you seeking?	2.10	£7,328.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	The purpose is to bring play facilities to the comunity. The plan is to reach as many children as possible in the area by bringing the play facilites to places where the children congregate each day. Via play, we aim to improve health, fitness and wellbeing of children by delivering ten play sessions to the nine centres. There are close to 2,150 children to engage with in the area. By using Playbus, the children will burn approximately 362,000 calories with our play project. This improves the health, wellbeing and social intereation of our children in the area.	
	2.4	The need was identified from the working relationships we have across the area. We have engagement intent from the nine centres who wish to use the Playbus facilities.	

	2.5	<p>Playbus' focus is to work with centres where children congregate.</p> <p>These centres find it difficult to fund play-sessions. These centres would be able to provide the benefits of using the Playbus to children if funding assistance is available to bring in the facilities at a subsidised rate. These centres often request the facilities at a subsidised rate.</p> <p>Playbus has intent from all nine centres across Glenburn and Foxbar &amp; Brediland. These centres wish to work with Playbus to deliver the Play Facilities project. Across the sessions, the approximate play reach will span to 2,128 children bringing happiness to their lives through play. This is based on numbers provided from intent commitment. Marketing support will be provided across social media channels and the centres will promote the play days from within their centres. Each centre will be responsible for length of play session per child and the supervision of play.</p>		
	2.6	<p>We, like Renfrewshire Council, anticipate positive health and wellbeing from the use of the facilities. Social media shares will bring the community together as it shows the community working together to improve outcomes. With the play sessions, inequality is tackled ensuring there are play opportunities available to all children which encourages active lifestyles. These outcomes link with Renfrewshire's Council Plan, Thriving People, Connected Communities across 2017-2022 and we will work together with the Partnership to ensure our children get the best possible start in life.</p>

Our main priority is the disabled community but ensuring that the area is suitable for them, we include other age groups such as the elderly, children learning to walk and even people with sports injuries and so many more. Renfrewshire Access Panel would like to ensure that everyone in the community is included to reduce isolation and loneliness.	

		<p>We would also like to ensure that the members of the local partnership are able to read and interpret plans for future meetings so that the best possible changes are made to any renovation or new build in the community ensuring all the current buildings and venues are used to their full potential. We will provide training and work experience for both children and adults on technology along other training courses we provide and offer volunteering opportunities for anyone in the community. We would also like to offer training to the Local Area Partnership on reading and interpreting plans to ensure everyone is fully aware of the process and implications."</p>
	2.6	<p>The outcomes that are anticipated are that the Local Area Partnership will meet many of the objectives they have raised for this year for community assets, what's on guide, public safety and play facilities as result of including disabled people within the community by boosting confidence and showing them how to be part of the community which in turn reduces isolation and by assisting with the roads, pavements and park walkways are safe to walk on so that everyone can work/play in a safe environment of their peers and disabled children and adults can walk easily wherever they would like to go.</p>

What does your Organisation/Group do?	1.10	The Clyde River Foundation is a Scottish charity (SC029602) dedicated to research and education throughout the River Clyde catchment. Our mission is to pursue scientific understanding of the ecological health of the River Clyde and its tributaries, drive environmental improvements and build capacity for its stewardship. Our work can be broadly divided into projects generating specialist scientific content, those engaging with the general public, and those which deliver training and generate enthusiasm and understanding in young people.

(Please use a separate sheet if required)	2.3 2.4 2.5 2.6	Flying Fish is a hands on environmental education project delivered by the CRF to promote a culture of consideration for the natural environment and this will take sustained effort over a generation. The project teaches pupils about biology, our rivers and the importance of caring for the environment as well as connecting children with nature and promoting environmental citizenship.	

		<p>The project encourages children to learn about and to appreciate the river and its tributaries as part of their local environment, an opportunity which might otherwise pass them by. It also encourages all children to consider themselves as scientists. We have successfully delivered Flying Fish from 2014 to 2018 and given the positive impact we would like to continue to offer the project to a further 13 classes under the flightpath in Renfrewshire. School feedback is always outstanding. As part of our education programme we ask teachers and pupils to give us feedback on the project so we can evaluate its success. We know there is a huge demand for this type of project and this demonstrates the need and desire of teachers and children to take part in environmental/outdoor education. We have already had interest from schools in participating.</p> <p>Pupils from 13 classes will be taken to their local river and will be introduced to the methods used by biologists to measure its health. The children will see an electrofishing demonstration and try surveying skills for themselves. The river trip takes the children to meet the inhabitants of their local river, while a pop up laboratory consolidates the learning experience.</p> <p>Back at school in the afternoon the pupils will use microscopes and biological keys to identify the invertebrates from their kick sample. They will then combine all of the information they have learned about their river to assess its health.</p> <p>Children will develop a life-long interest in their local river and develop a lasting, positive attitude to the environment. Children will develop their confidence outdoors through real life science in rivers, increasing their self-belief as they engage with a new environment. Children will take home the message of stewardship of the river as a valuable resource to the wider community. By first-hand experience of the biodiversity on their doorstep children will feel the benefit of local green/blue space that will continue to have a positive impact on their health and well-being and the health of the environment into the future.</p>

What does your Organisation/Group do?	1.10	Our purpose is to give young potential musicians access to facilities, equipment and expertise, giving them a platform to play live music and providing them with the management skills to organise their own community based music events. The aim is to bring young people together to share ideas in a creative environment. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	We have been a tradition music school providing education in Guitar, Bass Drums Keyboards and Singing. Many young people today have found their way into music through technology based equipment. Loud n Proud would like to be able to offer a place for young people to learn how to create music digitally and cater for this 'new' music. We wish to convert a small room in our studio to a Digital Media and Music Suite. It will be a place where young people can explore and develop new skills in music and nurture their talents. They also gain a solid foundation in music theory and production, which allows many of them build on to	

		<p>develop own musical style becoming artists in their own right. The Suite will be a digital multimedia facility boasting a professional IT suite and recording facilities allowing young people the opportunity to develop professional skills in music and sound technology, recording and video editing. It will provide a safe and social environment for young artists to experiment, learn and realise their potential.</p> <p>The need was highlighted at our Summer Music School in 2018. Many of the attendees were beginners and the format was a come and try. So, after the young people tried out various things we had on offer we asked for feedback. When the course was finished the parents and young people attended a feedback session. One of the points raised was that not all young people were not necessarily interested in learning to play an instrument but wanted to 'make' music digitally as it was found to be easier and instantly accessible.</p> <p>Also our Youth Committee and the young people who have taken part in recent other projects have identified that Digital Music is getting more popular and have suggested that young people who have an interest in IT rather than traditional instruments would benefit having access to a tutor and equipment. The format, structure and content are all suggestions that came from them and conveyed to the manager and this is why the application is being made.</p> <p>We will be offering a number of ways to introduce young people to digital music and recording.</p> <p>A series of workshops for Bands/Musicians and local organisations.</p> <p>An opportunity to work with a professional studio operator.</p> <p>One to one sessions for more advanced students.</p> <p>Giving access to students who are ready work on their own. "It will benefit young people who can't afford music lessons, do not have the time to learn or maybe a disadvantage such as visual impairment, learning difficulties or poor motor skills. For some learning an instrument can throw up challenges such as time, money and aptitude. Learning Digital Music Production offers those from a technical or creative mind the ability to write and produce music almost instantaneously.</p> <p>Participants learn team work helping each other and working together whilst editing their tracks, sharing ideas and collaborating on projects. A large part of the sessions will give young people who usually work in isolation the chance to network with other like-minded people and to exchange their experiences and expertise.</p>

This will enable all children to receive more than the 2 hours of Government recommended weekly physical activity whilst ensuring children are ready for learning at the start of each day.</p> <p>Following consultation with their peers members of our Pupil Council have mentioned on numerous occasions their peers' desire to have increased opportunities to take part in a variety of outdoor sporting activities both during PE lessons and during break and lunch times. Through these meetings our children's desire has become obvious alongside staff's desire to take part in daily mile activities to promote physical and mental wellbeing whilst readying pupils for learning each day. This project is looking to increase the educational opportunities for our pupils as well as implement best practice activities shown on national TV and on teaching sites. Our project also links in with Renfrewshire's Community Plan 2013 – 2023 Children and young people's vision of all children having the best start in life; being ready to learn, supported to achieve and be ambitious throughout and beyond their school lives;</p>

We were the first City Farm in Scotland and the farm is very popular with families, nurseries and disabled groups as well as local schools. Around 10,000 people visit Lamont Farm annually. We aim to educate people from all walks of life in animal care, welfare and husbandry.</p> <p>The farm has many social connections to help promote mental health, wellbeing and to help lessen isolation. Animals are a great source of therapy and have a great ability to bring many different people together some people prefer being round the animals as a gentle way of reintroducing them into the community. Some of the connections we have are RAMH, spark of genius, community</p>	

	<p>service, West college Scotland's adults with addition needs and kibble we believe everyone should have the chance to be involved in their community. These connections help provide placements for anyone suffering mental health issues, physical disabilities, someone who has been out of the community, anyone who is looking to get back into work or anyone who just wants to volunteer, its a placement where everyone is included in every aspect of the farm with no judgement. We offer work experience placements to many different high schools throughout Renfrewshire and beyond including Gleniffer high school, the placements are invaluable to pupils wishing to pursue a career in the animal sector as not many places allow under 16's to work so closely with such a variety of animals, in recent years our volunteers have went on to become fully qualified veterinary nurses. We have a working partnership with glenburn based group Renfrewshire helping those in need we collect and distribute many items for the group helping out with people who are in need in the community. We are on an active bus route with buses coming from many different areas which helps make it easy to visit from many parts of Renfrewshire and the surrounding areas.</p> <p>The farm runs regular education and fun workshops to bring the community together to learn different aspects of animal care, our parent and toddler workshops are hugely popular bringing parent and toddlers from many areas Foxbar included. These workshops offer great fun for all participants as there are no other parent and toddler events which involve animals. We have great connections with the local and beyond nurseries and childminding groups providing them with workshops and tour and handling session where the children have great fun with the animals.</p> <p>We have a small secure play area based within the farm which is decorated by colourful cartoon animals which is hugely popular and many happy hours are spent by children and parents.</p> <p>The farm has supplied manure to many of the local and surrounding community allotments courtesy of the community service team, we share regular information to anyone looking to have a small plot and happy to pass the details on for the area they live in.</p> <p>The grant will help towards running costs to ensure the project can continue to provide a variety of services and continue to work with a number of local educational establishments within the community.</p> <p>To continue to provide services to local educational establishments and to continue to increase the number of placements offered through these.</p>

Through our inclusive approach to teaching, participants are able to attend classes and learn together, strengthening community involvement and benefit. The awareness of Gaelic culture and local heritage has increased significantly since the establishment of Fèis Phàislig in 2014 and has allowed those interested in traditional music and culture to participate, regardless of background or ability.

### **• Community assets**

Regular showcase events, ceilidhs and concerts allow us to make use of local community spaces wherever possible. Our touring Ceilidh Trail group will focus on visiting community centres within the local partnership area to deliver performances to those who may otherwise not have access to traditional music and Gaelic. Our committee is led by a team of volunteers and is always looking for new members and support across our events. Through live performances and raising awareness of Fèis Phàislig, we hope to welcome new volunteers and helpers with a passion for traditional music from within the local partnership area.

### **• Isolation and loneliness**

The social aspect of our 2019-20 programme will provide participants with the opportunity to make new friendships in an enjoyable and safe environment, working alongside professional artists and creative adults. Our Ceilidh Trail and Gaelic Choir groups will directly tackle social isolation with Foxbar, Brediland and Glenburn, delivering performances to those who may otherwise not have access to music including care homes and day centres.
