Report by: Director of Finance & Resources

Heading: Applications For Local Area Committee Grant Funding

1. Summary

- 1.1 The attached schedules detail applications received for LAC grant funding.
 - 1.2 Taking into account past experience, consideration of grant applications at the May cycle of LAC meetings has proved to be time consuming. In this connection, please contact the Committee Services Section on 0141 618 7105 should you require any further information on any of the attached grant applications in advance of the meeting.
 - 1.3 Members are also invited to consider that the total potential value of the grant applications before the LAC at this meeting totals £110,076 which exceeds the available resources within the main LAC budget of £81,234.
-

2. Recommendations

- 2.1 That the applications for Local Area Committee grant funding, as detailed in the schedule attached to this report, be considered.
-

| <p>Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant</p> | <p>The local people will benefit from the provision of this service as it provides a pro-social diversionary activity for a high number of young people who have been engaged or are risk of engaging in anti-social behaviour. This in turn supports a safer and stronger community. The service also provides a focal point for young people to seek support with education and employment, particularly at very challenging transitions in their lives. Involvement in a youth work service assists them to build and develop skills that they will continue to use in their adult lives.</p> <p>In addition to this the service provides an opportunity for young people to access IT resources for educational and recreational purposes, helping to address the inequality some young people face due to their families being unable to afford expensive IT equipment or home broadband.</p> |

| <p>Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant</p> | <p>The local people will benefit from the provision of this service as it provides a pro-social diversionary activity for a high number of young people who have been engaged or are risk of engaging in anti-social behaviour. This in turn supports a safer and stronger community. The service also provides a focal point for young people to seek support with education and employment, particularly at very challenging transitions in their lives. Involvement in a youth work service assists them to build and develop skills that they will continue to use in their adult lives.</p> <p>In addition to this the service provides an opportunity for young people to access IT resources for educational and recreational purposes, helping to address the inequality some young people face due to their families being unable to afford expensive IT equipment or home broadband.</p> |

| Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant | Our aim continues to be to provide opportunities for people to play cricket, no matter their ability, in a setting where playing and practice facilities are of the highest standard. Our project will fund our Junior Cricket Coaching Programme which will provide 142 hours of cricket coaching to young people, no matter their ability. Our programme will run from Spring 2015 to Spring 2016 which will include: Coaching provided in local primary and secondary schools throughout the spring and summer months. Coaching sessions made available to local college and university students. Cricket summer camp held in school summer holidays. Weekly cricket coaching sessions at Ferguslie Cricket Club. Winter cricket sessions commencing January 2016. Our project will introduce young people to cricket, provide them with the opportunity to learn about the game, learn and develop their skills and technique and participate as part of a team in regular matches, no their ability. |

| | <p>Our junior cricket programme is open to all no matter ability and thus encourages all young people to participate in a team sport where friendships can be created and strengthened and key transferable skills can be enhanced. Communication and teamwork skills will also be enhanced, while the young people will be participating in an activity which promotes an active and healthy lifestyle. Self-belief, self confidence and self-esteem will also be enhanced thus having a positive effect on their educational attainment. In addition it should be noted that our junior cricket programme will help provide regular activity for young people and will help to reduce the opportunities young people have in becoming involved in disruptive and anti-social activities within our communities.</p> |

| What does your group do? | We work with young people who reside in areas of high deprivation. Initially we provide opportunities to take part in various sports and use this as a medium to transmit discipline, respect, teamwork, learning and health benefits. This has since revolved into working with young people and adults who are some of the most vulnerable, multi deprived individuals in Renfrewshire. In addition to the sports sessions we are now delivering workshops on team building, drug and alcohol awareness, nutrition/hygiene and 1 st aid. We also work on an intergenerational basis in relation to young people and their kinship carers. The young people involved in our project work towards certification awards that will progress a way into further education. | |

No

We have investigated other funding options but the purchase of a vehicle has not been included in the criteria.

We regularly participate in fundraising activities, the result of which generate some funds, for example a recent bag packing event generated £500, but the cost of the van purchase is greater than any amount of local fundraising could generate in a year.

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant

Referrals for our service have been very steady since we launched in October 2013 and we note an **increase** in referrals coming from RAH discharge team and social work.

With an additional van, we can reach and support **more** local older people in each of the 5 Local Areas. This means more older people in each are **getting access to food**, and some **social contact** with a team of local friendly volunteers. Our service addresses a major issue for older people living at home – **malnutrition**. Many older people have or are at **risk of falling** by struggling to carry their shopping. Malnutrition and falls among older people are two of the biggest cost preventable spends facing the NHS but one of the easiest and quickest to tackle. By investing in the purchase of a vehicle, **more local older people can be assisted to live independently in their own home**.

(Please use a separate sheet if required) |  <p>1. <u>Young @</u> – The aim of this project is to provide stimulation and expression. We are in partnership with the RL Renfrew and TownHall, Johnstone. The project will provide Social Inclusion Intergenerational and educational activities. It has proved that older people can express themselves more and provide a wealth of their knowledge that they could not do elsewhere. We are also wanting to move this forward with music, dance and drama</p> | |

in the near future. This project was started in May 2014 and has been so successful in RL Paisley that we wish to run this in RL Renfrew and the New Town Hall, Johnstone. The Paisley club will be sustainable as from 1st June with 45 members regularly attending. **This application relates to the Johnstone element of the project only.**

2. **Exercise RUS** – This is an active aging exercise programme to improve mobility, posture and balance we can evidence this that exercise can prevent fall and reduce the need for care at home services therefore promoting independence. It can also reduce isolation and loneliness and the ability to exercise in their own environment. This will also give the individual opportunity to socialise and improve health and wellbeing. Research shows that physical activity can boost self esteem, moods, sleep quality and reduces risks of stress, depression and major illness. **This application relates to all four LAC areas**

3. **Singing Through the Ages** – This is a choir that has been running since 2013 it was started up using a grant from Renfrew LAC & change fund. This runs out in June and we would like to keep this going. Our group meet every Sunday from 1.30pm till 3.30pm we have a vocal coach and every week we sing out hearts out for the 2 hours. Singing is so therapeutic and good for our health and mental wellbeing and there is a growing body of evidence which claims that singing as part of a group can have a range of health benefits. Singing in a choir is as good for you as yoga, according to a study which found that the regular breathing

| Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant | Every 2 weeks in Renfrewshire, someone takes their life by suicide. Suicide, whilst possibly more prevalent in socially deprived areas, does not respect local boundaries. We intend to reduce the incidences of suicide, by giving local people increased access to resources which will assist them to seek support BEFORE they feel a need to complete suicide. |
