## 7. Reasons for Absence overview

7.1 The illness categories with the highest level of absence, compared to the same quarter in the previous year are as follows:

Quarter Ending	Illness categories
June 2017	Psychological (non work related) – 24.7%, Musculoskeletal and Joint Disorders – 23.6%
June 2018	Psychological (non work related) – 26.5% Musculoskeletal and Joint Disorders – 23.8%

7.2 To address Psychological (non work related) absences the Council continue to provide a range of support services that employees can be referred to at an early stage for assistance. 'timefortalking', the Council's employee counselling service provider, continues to be utilised. Presenting issues to the service relating to Psychological (non work related) continue to include;

- Loss/Bereavement
- Stress/anxiety/panic
- Depression/Self-worth
- Family Relationships

Further to this, the Council are using timefortalking to continue to deliver mindfulness courses. Courses are open to all employees and have been delivered until June 2018. Further dates for the rest of the year will be agreed with the contractor. Feedback from those employees who have attended the courses continues to be very positive.

There are also Council policies, guidance and training to assist managers and employees that are specific to stress related issues.

The Scottish Mental Health First Aider courses will start in line with the new course planner (September).

- 7.3 In relation to addressing musculoskeletal and joint disorders the Council offers a physiotherapy service through the Council's Occupational Health Provider, and this service can be accessed by all employees.

As part of the Council's Health and Safety Management system, occupations which include manual handling activities as part of the role, the task risk assessments are reviewed on an ongoing basis to ensure that safe working practices are maintained.

HR and OD continue to investigate the practical options for further training and interventions available that may reduce the impact of musculoskeletal and joint disorders.

## **8. Supporting Attendance Activity**

- 8.1 Recent and planned actions to improve absence performance include the following: -

- Every Service have identified a senior manager, who will act as an absence champion, they will work closely with HR to devise, implement and manage bespoke strategies that will support attendance within their service.
- HR operational teams continue to work closely with service's operational management teams on supporting attendance activity, HR operational teams continue to proactively contact and support managers who have absence cases of 2 to 4 weeks in duration, to monitor action taken to date and proposed next steps.
- A review of the current supporting attendance policies covering all staff, including teachers continues. Meetings have taken place with the respective trades unions to ensure this is a fully collaborative process. The policy will also

reflect any changes to the occupational health contract, where appropriate.

- Continued delivery of supporting attendance training at a corporate level for managers, with the provision of tailored training for managers and employees at a service level on request;
- Ongoing health promotion activities aimed at raising employee awareness of health issues continue. HR continue to work with the communications team to promote health and wellbeing initiatives, such as national handwashing day and breast cancer awareness.
- Ongoing work to improve the absence information available to managers and to streamline supporting attendance related processes to facilitate prompt absence reporting, recording and updating of relevant systems;

## **9. Costs of Sick Pay**

- 9.1 The costs associated with sick pay are provided to the Audit, Risk and Scrutiny Board. The table outlines the costs of sick pay by employee groups and overall:

<b>Quarter/Year</b>	<b>Teachers (includes Supply Teachers)</b>	<b>All Other Employees</b>	<b>Overall</b>
