Declarations of Interest

There were no declarations of interest intimated prior to the commencement of the meeting.

1 Minute of Previous Meeting

There was submitted the Minute of the previous meeting held on 11 June 2019.

DECIDED: That the Minute be approved.

2 Membership

In terms of Standing Order 2.1, it was noted that Foxbar & Brediland Community Council had not achieved the minimum number of candidates for membership and, therefore, had not been re-established following the recent community council elections. The membership place automatically taken by the Chair of that community council was now vacant.

However, it was further noted that if enough candidates were to come forward by March 2020 the community council could be re-established at that time and the vacancy filled.

DECIDED: That the information be noted.

3 Celebrating Renfrewshire Youth Participatory Budgeting Exercise

There was submitted a report by the Chief Executive relative to the Celebrating Renfrewshire Youth Participatory Budgeting Exercise. An appendix to the report detailed the results of the exercise which had taken place in September 2019.

The report indicated that the Youth Challenge Fund component of the Gleniffer Local Partnership budget had been renamed “Celebrating Renfrewshire: By young people for young people” and explained that a pilot participatory budgeting exercise had been carried out to disburse grant funding of £19,861 available from Gleniffer Local Partnership.

A Dougan and J Rae (Youth Steering Group) delivered a presentation that highlighted the participatory budgeting process and the outcomes achieved. It was noted that 634 young people from the Gleniffer area had voted to disburse all the available funds to eight local projects.

The pilot exercise had been co-produced by young people and was supported by Renfrewshire Council, Renfrewshire Youth Voice, Active Schools and Young Scot. The outcome of this pilot exercise would inform the development of future participatory budgeting exercises carried out in Renfrewshire.

DECIDED: That the outcome of the youth participatory budgeting exercise for the Gleniffer Local Partnership and the information provided in the presentation be noted.

4 Gleniffer Local Partnership Priorities

Under reference to item 5 of the Minutes of the meeting of Gleniffer Local Partnership held on 20 March 2019, there was submitted a report by the Chief Executive relative to the undernoted five draft priority areas on which the Partnership had agreed as the focus of its activity.

1. Community assets
2. What's on in Gleniffer
3. Public safety and road safety
4. Isolation and loneliness
5. Play facilities

The report advised that consideration be given:

- to reflecting and refining the draft local priorities prior to the allocation of grant funding in 2020/21 in order to develop a clear focus and direction for financial support;
- to identifying specific agenda items for the next 12 months; and
- to identifying and inviting appropriate partners/agencies to provide information on each specific topic.

During the ensuing discussion, the following matters were noted and actions agreed:

- (i) Public safety and road safety – was not a high priority and activities would be better centred around the dissemination of information to reassure residents about public safety and road safety matters; residents were concerned about the effects of parking on grass verges and the poor quality of new street lighting;
- (ii) What's on in Gleniffer – information sharing was a key priority and B Martin (the Thursday Club) undertook to examine if the Elderly Forum could develop a project, possibly in collaboration with local businesses, to site electronic notice boards in local shops. The notice boards would promote the wide range of activities offered by local groups;
- (iii) Isolation and loneliness - Engage Renfrewshire undertook to promote better use of A Local Information System for Scotland (ALISS) – a national online portal to help people find out about and share services and activities that were available in their local area; ALISS to be invited to deliver a presentation about their service;
- (iv) Community Assets – relevant Council officers and Community Ownership Scotland be invited to future meetings to discuss/identify community assets such as buildings and land in the area. This Partnership should be notified should expressions of interest in developing the area's community assets be received; J Duffy (West Region Scouts Association) undertook to investigate progress by the Scouts to build a new hall on land at Morar Drive (behind Londis);
- (v) Groups that received funding from the Partnership should be invited to give feedback at future meetings on how the funds were used and the impact on the local community; and
- (vi) Community Police provided lonely/isolated residents with information about activities in the area to help reduce loneliness and isolation by encouraging participation.

DECIDED: That the matters highlighted above be noted and the following actions be agreed:

- (a) Community Police/Wardens examine how to tackle parking on grass verges and advise the next meeting of this Partnership of progress;
- (b) B Martin advise the next meeting of this Partnership of progress to develop the

project to site electronic notice boards in the area;

(c) Engage Renfrewshire advise the next meeting of this Partnership of progress to promote the use of ALISS and that a representative of ALISS be invited to attend a future meeting of this Partnership;

(d) Relevant Council officers with responsibility for assets and planning, and a representative of Community Ownership Scotland be invited to attend future meetings of this Partnership; and

(e) Groups that received funding from the Partnership be invited to future meetings to provide feedback.

5(a) Gleniffer Grant Funding Update

Under reference to item 3 of the Minute of the meeting of Gleniffer Local Partnership held on 11 June 2019, there was submitted an update report by the Chief Executive relative to the award of £50,364 to 23 local projects and containing infographics that gave a flavour of how the projects related to the local priorities for Gleniffer.

It was proposed that a key person contact be identified to provide advice and assistance to grant applicants and to co-ordinate feedback from grant recipients and that a workshop be held early in the new year at which members could examine options and methods for allocating grant funding that were fair, equitable and focussed on the Partnership's priorities. This was agreed.

DECIDED:

(a) That a key person contact be identified to provide advice and assistance to grant applicants and to co-ordinate feedback from grant recipients; and

(b) That a workshop be held early in the new year at which members could examine options and methods for allocating grant funding that were fair, equitable and focussed on the Partnership's priorities.

5(b) Budget Monitoring Report

There was submitted a budget monitoring report by the Director of Finance & Resources detailing the funds allocated by this Local Partnership at its meeting on 11 June 2019 as set out in the appendix to the report.

DECIDED: That the report be noted.

6 Review of Local Partnerships

There was submitted a report by the Chief Executive relative to the review of Local Partnerships.

The report indicated that Local Partnerships had been established in September 2018 and it had been agreed that a review of arrangements would be carried out after a year of operation. The inaugural meetings of the Local Partnerships had taken place in January 2019 and it was proposed that the review begin in January 2020. The report sought views on the proposed scope and approach of the review.

The report proposed that the review examine: the function of Local Partnerships; membership; geographical boundaries; arrangements for meetings; and the grant process. This was agreed.

The report also proposed that all correspondence and feedback received since the establishment of Local Partnerships be considered as part of the review; that all Local Partnership members be invited to participate and provide feedback; and that an opportunity also be provided for wider community members to make their views known either online or in writing. This was agreed.

Members were invited to submit feedback to Community Planning as soon as possible and it was anticipated that progress to review the arrangements for Local Partnerships would be reported at the next meeting of this Local Partnership.

DECIDED:

- (a) That it be agreed that the review should examine the function of Local Partnerships, membership, geographical boundaries, arrangements for meetings and the grant process;
- (b) That it be agreed that all correspondence and feedback received since Local Partnerships had been established be considered as part of the review;
- (c) That it be agreed that all members submit feedback to Community Planning as soon as possible;
- (d) That it be agreed that the views of the wider community members be sought; and
- (e) That progress to review the arrangements for Local Partnerships be reported to the next meeting.

7 Future Meeting Dates

There was submitted a report by the Chief Executive relative to future meeting dates and community engagement events for this Local Partnership.

The report proposed that meetings be held in April, August and November 2020 and, in addition, that the wider engagement events originally scheduled to be held in Autumn 2019 now be held early in 2020. Members were invited to contribute to the content and design of these events to raise awareness of the Local Partnership locally; to build networks between the Local Partnership and the wider community; and to discuss and develop local priorities with the wider community.

DECIDED:

- (a) That meetings of this Local Partnership would take place as follows:

Wednesday, 22 April 2020, at 6.00 pm in the Council Chamber, Renfrewshire House, Cotton Street, Paisley;

Wednesday, 19 August 2020, at 6.00 pm in Glenburn Community Centre, Fairway Avenue, Paisley; and

Wednesday, 18 November 2020, Foxbar Community Centre, Amochrie Road, Paisley; and

(b) That members contact Community Planning to contribute to the content and design of the wider community engagement events to be held early in 2020.

TITLE:
**Applications for Local Partnership funding in Gleniffer
Local Partnership - 2020/21**

1. Summary

- 1.1 Applications for grant funding from the seven Local Partnership areas were invited in February 2020, to be considered at the Local Partnership meetings due to be held in April.
- 1.2 The Gleniffer Local Partnership meeting which was scheduled to be held on 23rd of April was cancelled due to the Coronavirus pandemic, to reflect both the 'lockdown' restrictions and the emergency planning arrangements in place put in place by Renfrewshire Council.
- 1.3 Renfrewshire Council resumed its policy board arrangements in August, and it was agreed by Renfrewshire Council's Emergencies Board that Local Partnerships would be resumed in September to allow for the allocation of Local Partnership funding for 2020/21.
- 1.4 The total allocation for Gleniffer Local Partnership is £52,214 (£43,064 from the General Grant Fund and £9,150 from Paisley Common Good Fund).
- 1.5 In addition, a sum of £50 per community representative requires to be ringfenced for potential claim of expenses. These expenses are deducted from the available allocation for the Local Partnership. As Gleniffer Local Partnership has seven spaces for community members, £350 is ringfenced for expenses. **This leaves a total budget available for allocation by Gleniffer Local Partnership of £51,864.**

- 1.6 The Youth Challenge Fund component of Gleniffer Local Partnership Funding is £19,861. This funding will be allocated by young people through a Participatory Budgeting process currently underway.

2. Recommendations

- 2.1 It is recommended that members of Gleniffer Local Partnership consider the applications for Local Partnership grant funding, as set out below in Appendix 1 and 2.

3. Background

- 3.1 Applications for grant funding from the seven Local Partnership areas were invited in February 2020, to be considered at the Local Partnership meetings due to be held in April.
- 3.2 Applicants were also provided with refreshed guidance, as well as a description of the Local Priorities identified by the Gleniffer Local Partnership. A copy of this guidance has been provided at Appendix 3.
- 3.3 Following agreement by Renfrewshire Council's Emergencies Board that Local Partnerships would resume in September 2020, all applicants were contacted and provided the opportunity to amend their application or reflect any changes in circumstances that may have occurred since original applications were submitted.
- 3.4 Local Partnership members are asked to consider the applications for funding summarised at Appendix 1 and 2 of this report, and to assess these against the Local Priorities agreed by the Gleniffer Local Partnership.
- 3.5 Following feedback received by Local Partnership members in previous funding rounds, an initial assessment has been carried out by officers to support Local Partnership members in their decision-making. Where applications have made clear reference to the Local Priorities identified by the Local Partnership, this is identified in the first table at Appendix 1. Applications that make a partial or no reference to Gleniffer Local Partnership Priorities are summarised in the second table – for example, the project may work with young people with additional needs (and therefore meet the Local Priority around isolation and loneliness) but not deliver this directly in the Local Partnership area or make reference to how many young people from the area would be engaged in the project.

3.6 The priorities of the Gleniffer Local Partnership are:

Community assets

The Local Partnership want to see busy local community centres, full of activities. They also want to boost community involvement, getting more people involved in local groups and volunteering.

What's on in Foxbar, Brediland and Glenburn

The Local Partnership want to develop ways to share information about what is going on locally across the area, including developing community noticeboards and networks.

Public safety and road safety

The Local Partnership want to promote public safety across the area. This includes road safety and managing the speed of traffic in the area.

Isolation and loneliness

The Local Partnership want to tackle isolation and loneliness across the area. They think a key barrier for some people is transport and being able to access activities.

Play facilities

The Local Partnership want to see development of parks and play areas for children and young people

Application For Local Partnership Support 2020-21

1. Reference	FR1065
2. Project Name	Paisley and District Royal British Legion Pipe Band
3. Organisation Name	Paisley and District Royal British Legion Pipe Band
4. Amount Applied For	£4,050 (£16,200 in total from the 3 Paisley LPs and Renfrew)
5. Description Of Project	<p>To regenerate a piping and drumming band to bring together all veterans from different regiments and the local community. To provide musical support at appropriate events to enter into pipe band competitions. To provide open and inclusive musical community group to promote wellbeing.</p> <p>It was recognised that there was insufficient numbers to make a pipe band available to service the local British Legion and veteran community event, e.g. Remembrance Sunday. Members decided to establish a local pipe band that would allow veterans, their families and the wider community members an opportunity to learn piping and drumming.</p> <p>The project will provide musical tuition twice weekly in the local RBL club who have provided the venue for the practise for a nominal fee. The musical tutors are experienced pipe and drum majors and have the expertise and knowledge to teach beginners and develop intermediate musicians.</p> <p>The project will provide regular music tuition, creating a community group which will in turn be beneficial to the members. Musical group work is known to help improve physical and mental health as well as promote and widen social bonding and networks. It is anticipated that a fully functioning marching pipe band will be formed and available to support the local branch from 2020 onwards.</p>
6. Who Benefits From The Project?	<p>The project benefits those involved in the band through, including young people and people who have experienced PTSD. It also benefits the wider community through the provision of music at community events.</p>
7. Fit With Local Partnership Priorities	<p>The project meets the priority of loneliness & isolation as it allows veterans, their families, including young people and people who have experienced PTSD and the wider community members an opportunity to learn piping and drumming.</p>
8. Breakdown of Costs	<p>The total cost of the project is £21,605. The group is applying for a total of £16,200 from 3 Paisley's and Renfrew Local Partnership areas. From Gleniffer Local Partnership the group is requesting £4,050.</p>

Item of Spend	Total Cost	Amount Requested
Band uniforms	£18,005	£13,500
Bagpipes	£3,600	£2,700
9. About The Organisation The organisation was established in January 2019 and now has 6 volunteers and 20 members. The Band aims to provide musical instruction to adults and children and to regenerate piping and drumming in Paisley and District.

Application For Local Partnership Support 2020-21

1. Reference	FR1068
2. Project Name	Community Cricket Coaching
3. Organisation Name	Meikleriggs Cricket Foundation
4. Amount Applied For	£2,000 from Gleniffer Local Partnership. (£10,000 in total split between, 3x Paisley LPs, the Villages LP and Johnstone and Linwood LP)
5. Description Of Project	<p>The Community Cricket Coaching project will take place between 1st May 2020 and 30th April 2021.</p> <p>The project aims to increase the number of people participating in regular sport within Renfrewshire and aims to address the reduction in people participating regularly in sport and active activity sessions, by providing regular cricket sessions throughout the year. Led by a qualified cricket coach, our cricket sessions will increase the activity levels in all participants and help to promote an active and healthy lifestyle throughout the local communities where our project will work.</p> <p>The need for this project was identified by liaising with local groups and local people. We have become aware of the declining number of people of all ages participating regularly in sport, especially cricket. Football teams cater for a high number of people however our project seeks to cater for those who do not play football and indeed cater for people regardless of ability. We seek to promote participation in sport, through cricket for people of all ages and abilities.</p> <p>Our project will provide cricket sessions for people of all ages and will focus on the following:</p> <ul style="list-style-type: none"> - in or after school cricket coaching sessions (primary schools) - in or after school cricket coaching sessions (secondary schools) - university and college cricket coaching sessions - weekly, open cricket coaching sessions for all aged under 18 - weekly, open cricket coaching sessions for all aged 18 and above - winter cricket coaching sessions for people all ages and abilities <p>Our project will not only help to enhance fitness levels and improve the health and well-being of each individual, but it will also promote key transferrable skills which people of all ages can use in their educational or employment lives. Communication and team work skills will be promoted by our project while self-confidence, self-belief and self-esteem of each individual will be enhanced.</p> <p>We will monitor participation numbers at each of our activity sessions and use these figures to monitor and evaluate our projects success. In addition, informal discussions with parents and teachers will also provide an insight into the skills and confidences that may be developed by young people participating in our project.</p>
6. Who Benefits From The Project?	Different age groups receiving the coaching will benefit from this project.

7. Fit With Local Partnership Priorities

The project should support local priority of tackling isolation and loneliness in Gleniffer area for those involved in the activity.

8. Breakdown of Costs

The total project cost is £12,000. The group is applying for £10,000 in total split between 3x Paisley LPs, the Villages LP and Johnstone and Linwood LP.

The balance of £500 will be met from unsecured leisure grant

Item of Spend	Total Cost	Amount Requested
Cricket Coaching (320 hours @ £25 p/h)	£8,000	£7,900
Cricket Equipment	£2,000	£1,800
Venue Hire	£2,000	£1,800

9. About The Organisation

The Meikleriggs Cricket Foundation is a registered charity (No. SC045605), based in Paisley. It was established in 2015.

The Meikleriggs Cricket Foundation has less than 10 volunteers and its main activity areas are Children & Young people and Health & Wellbeing.

The charity aims to:

- Promote cricket as a participation sport open to all regardless of age, gender, creed, colour, religion or ability;
- Provide cricket coaching and training opportunities for those sections of the community in Renfrewshire and surrounding areas who wish to play cricket;
- To promote the general health and wellbeing of individuals through their participation in sport.

Application For Local Partnership Support 2020-21

1. Reference	FR1073
2. Project Name	Fair Trade Education
	To build on Rainbow Turtle's education work, creating informed and active global citizens locally, particularly from young people and their teachers.
3. Organisation Name	Rainbow Turtle
4. Amount Applied For	£3,000 from Gleniffer Local Partnership.
	<p>The organisation has also applied for funding to the following local partnerships:</p> <ul style="list-style-type: none"> • £3,000 from Paisley North West & Central • £3,000 from Paisley East • £750 from Johnstone & Linwood • £750 from Renfrew • £750 from The Villages • £750 from Erskine, Inchinnan, Bishopton and Langbank
5. Description Of Project	<p>The project will run from September 2020 to September 2021.</p> <p>The purpose of the project is to build on Rainbow Turtle's education work, creating informed and active global citizens locally, particularly from young people and their teachers. This will include the facilitation of workshops and activities on Fair Trade and its environmental impact, to connect not only with the Fairtrade Schools awards system but also the Eco Schools and Rights Respecting Schools awards. With a focus on this local partnership's interest in supporting social connections, Rainbow Turtle facilitates the sharing of resources and skills with our regular schools' conferences, where teachers and pupils can exchange ideas on Fair Trade and global citizenship.</p> <p>The project aims:</p> <ul style="list-style-type: none"> • to meet increased demand to host schools' conferences during the year, enabling young people to engage actively with issues of social justice, the environment, Global Citizenship and Fair Trade; • to host and facilitate at least 1 producer visit, combining with one of the above conferences as we have in 2020 and in previous years; • to work directly with the young people on school Fair Trade and Eco committees to embed Fair Trade issues deeper into the curriculum. <p>Demand is high from schools to provide regular input on Fair trade and Global Citizenship more widely. This has included visits to individual schools, as well as conferences where several schools from Renfrewshire share in their learning.</p>
6. Who Benefits From The Project?	<p>Young people, schools & community groups across Renfrewshire will benefit from this project because it will:</p>

- Increase community assets through school and volunteer engagement. Gleniffer High is greatly involved with Fair Trade
- Reduce social isolation via bringing children and adults together through Fair Trade and volunteering.
- Engage more with schools, young people, teachers and community groups with Fair Trade issues, both local and global.
- Increase collaboration with Renfrewshire Council and other local organisations, building on networks already developed;
- Produce further an Education programme which will increase understanding of global issues within a local context.

7. Fit With Local Partnership Priorities

This project meets 2 of the Gleniffer Local Partnership priorities. Firstly, the project will increase the use of community assets through school and volunteer engagement. Gleniffer High school is greatly involved with Fair Trade.

Isolation & loneliness priority will also be addressed as the project aims to reduce social isolation by bringing children and adults together through Fair Trade and volunteering.

8. Breakdown of Costs

The total cost of the project is £12,000. The group is applying to 7 Local Partnerships & requesting a total of £8,000 for this project with £3,000 from Gleniffer Local Partnership.

The group will balance the total outstanding project costs of £4,000 through their own funds (£3,000 for sessional costs for Education Officer & £1,000 for conference budget costs)

Item of spend	Total Cost	Amount Requested
Sessional costs for Education Officer	£10,000	£2,500
Conference Budget costs	£2,000	£500

9. About The Organisation

Rainbow Turtle is charity, established in 2002, with one part-time employee and 55 members.

Application For Local Partnership Support 2020-21

1. Reference	FR1074
2. Project Name	Purchase of Cricket Roller
3. Organisation Name	Ferguslie Cricket Club
4. Amount Applied For	£4,000 from Gleniffer Local Partnership (Group is applying for £10,000 in total of which £6,000 is split equally between, Paisley North West & Central, Paisley East, the Villages and Johnstone and Linwood LPs (£1,500 each))
5. Description Of Project	<p>The purpose of the project is to purchase a new cricket roller. The project represents the next phase in our facility improvement programme. To date our facility improvement programme has included installation of new practice nets, groundsman garage, installation of electric scoreboard, shower, toilet and changing room enhancements, purchase of mobile covers and sightscreens and the purchase of an outfield grasscutter. The purchase of a new roller would complement our existing ground equipment and would enable us to prepare better quality cricket pitches and indeed help retain our status as a Cricket Scotland Hub ground.</p> <p>The project was identified as a result of our status as a Cricket Scotland Hub Ground. This status ensures that we host representative cricket fixtures throughout the cricket season, thus helping to bring people to Paisley. Recently we have hosted the Scottish Cup Final as well as district and international representative fixtures. Our roller has been identified as requiring urgent attention given its age and condition. Our roller remains unreliable and is continually subject to repair thus impacting on our ability to prepare high quality pitches not only for representative fixtures but also our own club fixtures and youth fixtures.</p>
6. Who Benefits From The Project?	The project will benefit current and future cricket players as the purchase of a new roller will enable the club to prepare high quality cricket pitches for all to use.
7. Fit With Local Partnership Priorities	This project should support the use of facilities and make the ground of Ferguslie Cricket Club more attractive, thus contributing to Gleniffer priority of community assets and possibly contributing to tackling isolation & loneliness by attracting players and spectators across Renfrewshire.
8. Breakdown of Costs	<p>The group is applying for £4,000 from Gleniffer Local Partnership</p> <p>The total cost of the project is £13,850. The group is requesting £10,000 in total split between 3x Paisley LPs, the Villages LP and Johnstone and Linwood LP.</p>

9. About The Organisation

Ferguslie Cricket Club is a Community Amateur Sports Club - CH00402.

With a history in the local community dating back to 1887, Ferguslie Cricket Club is one of the main sporting and social clubs in Renfrewshire, promoting health through participation in sport, a social focus for the community and a sporting reputation that promotes Paisley and Renfrewshire on a national basis. They now have four part time employees, 30 volunteers and 208 members.

2. Project Name	Paisley Pirates Ice Hockey Club (Incorporating Junior Development) - Provision of ICE
3. Organisation Name	PAISLEY PIRATES IHC
4. Amount Applied For	<p>£3,489.02 (12% of the total ice costs) from Gleniffer Local Partnership.</p> <p>The total cost of the project is £29,075.10 for the provision of ice ONLY from September until the beginning of April.</p> <p>The group has also applied for funding to additional 4 local partnerships:</p> <ul style="list-style-type: none"> • Renfrew applied for £4,652.02 (16% of the total ice costs) • Erskine, Inchinnan, Bishopton & Langbank applied for £2,326.01 (8% of the total ice costs) • Paisley North West & Central applied for £3,489.02 (12% of the total ice costs) • Paisley East applied for £3,489.02 (12% of the total ice costs)
5. Description Of Project	<p>To provide part funding of ice hire, permitting on ice activities for young people to take place at Braehead Arena, the only facility available within a 30mile radius of Paisley. Seek assistance to meet approximately 12% of that total cost within a ring fence for ice costs. All other expenditure will be met from within its own resources.</p> <p>Renfrewshire Council approved a motion to assist the club in developing an ice facility within the Paisley area, allowing all ice user clubs to thrive, which would preclude the need to apply for grant assistance (Braehead Arena - the most expensive facility in Scotland). We are actively working in conjunction with Renfrewshire Council to establish this.</p> <p>While Pirates were successful in relocating to Braehead Arena, the cost is prohibitive, currently standing at almost £213.55/hr with an increase pending. Because of rising demand for a skills-based approach the club has appointed a second volunteer coach for the senior team & intends to appoint commensurate numbers of volunteer coaches in respect of the planned re-introduction of junior ice hockey for players under the age of 18. The club also continues to develop off-ice skills in volunteers & adults with learning difficulties, so they are able to carry out duties on match nights requiring numeracy/organisational/interpersonal skills.</p> <p>August 2020 update:</p> <p>Following the postponement of the Spring round of Partnership meetings to allocate funds, the club took advice from agencies such as Engage Renfrewshire and Renfrewshire Council to apply to alternative sources for stop gap funding during the COVID 19 pandemic. However, the club was advised by agencies such as Resilience Funding, following completion of the subsequent application, that the club did not meet the criteria for support, while others such as the Glasgow Airport Flightpath Fund that they had similarly postponed consideration of applications, such as</p>

<p>that which we had submitted, until a later date, meaning that the club had effectively been cut off from means of temporary support during the pandemic.</p> <p>Similarly, our participation in fund raising ventures such as local Gala Days were cut off as these were cancelled.</p> <p>The sport's governing body has temporarily put back the season's opening until October but while this is helpful in reducing outgoings for eg training facilities for the moment we have as yet been unable to purchase essential items such as new strips until we are able to forecast how much money we will have.</p> <p>Therefore, while the club, in appreciation of the similar circumstances facing other organisations, is not increasing the sum requested from the local Partnership(s), the sum requested has taken on an acute nature as any monies allocated will have to stretch somewhat further.</p>
<p>6. Who Benefits From The Project?</p> <p>Local adults, children, families and broadly the community will benefit from the project.</p>
<p>7. Fit With Local Partnership Priorities</p> <p><u>Community Assets</u></p> <p>Paisley Pirates prides itself on its community and 'family' reputation which extends beyond the players of the club, to its fans and volunteers. Every member of the organisation contributes on a voluntary basis, and each match night provides opportunities for volunteers to steward, goal judge, and many more activities to ensure a successful match night experience.</p> <p>Indeed, the club itself may be regarded as a community asset, perhaps illustrated by its participation in local Gala Days, for example.</p> <p>At the end of each season, every volunteer for the club receives recognition from the club in thanks for their service which further helps to promote the 'family' feel within the club.</p> <p><u>What's On in Foxbar, Brediland & Glenburn</u></p> <p>The club actively promotes its activities, particularly match nights, in all local media outlets to encourage people to attend, particularly as matches are normally played on Sunday late afternoons, at which time, by comparison, it is quieter than at other times in the week. Further, it takes part in local events such as fetes on invitation and, similarly, makes visits to local establishments to encourage healthy lifestyles through appropriate eating habits and taking part in regular exercise. The club brought forward its Sunday start time to 4.30pm to encourage families to attend on a school night by allowing an earlier finish to get youngsters home.</p> <p><u>Public Safety and Road Safety</u></p> <p>The club took part in the Paisley Daily Express Anti Knife Campaign, displaying a team photograph with players holding anti knife car stickers that they distributed to supporters and other members of the local community.</p> <p><u>Isolation and loneliness</u></p> <p>The club engenders a strong sense of family within it to encourage members of the local community to attend Pirates' activities and become 'part of the family'. A number of fans and volunteers attend from the local area. Through means such as announcing that an individual or group is attending their first match new supporters are encouraged to feel part of the bigger group and soon make friends with other people attending games. A number of our volunteers take an active part in our activities and are valued members of our group.</p> <p>As well as weekly features in the Paisley Express during the season, we have our own website,</p>

Facebook with 2436 Followers and 2415 Likes, Twitter 2303 Followers, Instagram 618 Followers and various other digital outlets within Renfrewshire such as What's on Renfrewshire etc

We have a varied age range of supporters from all over Renfrewshire, including the elderly through to preschool age groups, emphasising the family element of the club.

Play Facilities

As part of the ongoing development of the Paisley Pirates, we have currently extended our teams and creating a junior development programme which will eventually provide opportunities for younger generations to get involved in a unique sport such as Ice Hockey.

The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports.

8. Breakdown of Costs

The total cost of the project is £29,075.10. The group has applied to 5 Partnerships for funding and in total is requesting £17,445.09 across all 5 Local Partnerships, including £3,489.02 from Gleniffer Local Partnership.

With the exception of ice hire, all other costs will be funded through admission, memberships & fundraising

9. About The Organisation

Paisley Pirates were first formed in 1946 & from then until the 1960's played at East Lane. In 1992 they were resurrected at the Lagoon Leisure Centre until 2006, when Renfrewshire Leisure Ltd withdrew ice facilities there.

The club was re-established in 2010 and currently has a membership of 2436 and 73 volunteers. The club aims to develop/maintain;

- A locally based community run ice hockey team
- A focus for local & junior ice hockey players to enable them to develop their skill levels
- A focus for local volunteers to enable them to develop their skills in areas such as literacy, numeracy & oral skills
- An affordable facility for locally based ice hockey supporters & parents of young players
- An interest in the sport at a local, Renfrewshire based level from an early age onwards

2. Project Name	Not Threadbare - Memories and Anecdotes from the Paisley Mills
3. Organisation Name	Paisley People's Archive
4. Amount Applied For	£725 from Gleniffer Local Partnership
	The group has also applied for funding of £1,450 split between Paisley North and Gleniffer Local Partnerships.
5. Description Of Project	<p>The project will take place between April 2020 and September 2020.</p> <p>The project aims to capture and collate memories and anecdotes from workers employed in the various thread mills in Renfrewshire – with emphasis on the Paisley mills. There will be a digital archive of these memories and anecdotes saved and made available for future use and reference.</p> <p>As time passes and people die there is a net loss of this type of human experience and memory, this project is one attempt to hold onto this precious knowledge.</p> <p>The group has identified the need for this project through previous mill exhibitions where the photos displayed brought forth interest and memories of both former employees and non-mill workers alike. However, in the previous exhibitions there was no attempt to capture the stories and memories evoked, this application is aimed specifically at capturing these as a digital archive.</p> <p>The project will be delivered by holding a number of exhibitions in the Foxbar, Glenburn libraries as well as Coats Memorial Church.</p> <p>The exhibition will display a large selection of photographs (many, never before seen in public) relating to the Paisley mills.</p> <p>Booklets will be freely available for the public to take home as part of their experience of the exhibition.</p> <p>The emphasis will be on using the visuals as the focal point of drawing out the individual's memories and stories for recording and preserving for future reference – the memories themselves being the main outcome of the project.</p>
6. Who Benefits From The Project?	<p>The project has an educational element where local residents can learn about their connection to the Paisley Mills. The project will benefit individuals who are interested in the history of the mills as well as former employees and non-mill workers alike.</p>
7. Fit With Local Partnership Priorities	<p>The project fits with “what’s on” and “community assets” priorities as it aims to deliver a series of</p>

exhibitions in the Foxbar, Glenburn libraries as well as Coats Memorial Church to gather local stories relating to Paisley Mills.

8. Breakdown of Costs

The total cost of the project is £1,500. The group is applying for £1,450 from Gleniffer and Paisley North, West & Central Local Partnerships of which £725 is from Gleniffer Local Partnership.

£50 of the project costs will be funded through group's account.

3. Organisation Name	Paisley Sea Cadets/Brediland Hall
4. Amount Applied For	£5,933 from Gleniffer Local Partnership
<p>The organisation has also applied for funding to the following local partnerships:</p> <ul style="list-style-type: none"> • £495 from Paisley North West & Central • £495 from Paisley East • £495 from Johnstone & Linwood • £495 from Renfrew • £495 from The Villages • £495 from Erskine, Inchinnan, Bishopton and Langbank 	
5. Description Of Project	<p>To ensure the survival of the Sea Cadets and the hall. To allow the hall's continued service to the cadets present and future whilst maintaining the community centre for use by the sea cadets, youth groups and for the local community. The aim is to increase the morning and afternoon usage of the hall 7 days per week. So far, the hall has been managed exclusively by the Sea cadets. However, sea cadet funds are limited which has held back development of the hall. The organisation is looking to get more input from other groups using the hall as well in reaching out to the local community for support and increased usage.</p> <p>The running cost of the centre is significant to us and is in the main funded by fund raising events - bag packing, donations, sponsored events and cadets' subscriptions etc. Receipt of this grant will take the pressure from staff and cadets and allow more time to be devoted to cadets' development.</p> <p>Cadets gain experience in a range of activities not only related to sea- and water-going skills but also related to leadership, teamwork and self-confidence. Sea cadets aim to provide our young people with opportunities they might otherwise not have. They also learn about their impact on the community and the importance of giving back through local fundraising activities and participation. Young people work through Unit-based skills and training. Cadets do archery, meteorology, engineering, first aid, cookery, swimming, football etc in the unit and at district/national level. They gain nationally recognised RYA Qualifications. Many go on to be instructors and use these qualifications for career enhancement.</p>

6. Who Benefits From The Project?

Young people and adults involved in the cadets, plus the wider local community through increased access to the Hall.

7. Fit With Local Partnership Priorities

This project contributes to 2 Gleniffer local partnership priorities. They are community assets and tackling isolation & loneliness as the project provides an opportunity to maintain the community centre which is used by the sea cadets, youth groups and the local community.

8. Breakdown of Costs

The total cost of the project & requested funding across all Local Partnership areas is £8,900. The group is requesting £5,933 from Gleniffer Local Partnership.

3. Organisation Name	33rd Gleniffer Paisley Gleniffer Scout Group
4. Amount Applied For	£10,000
5. Description Of Project	<p>Project Open Doors is set to take place between April 2020 and December 2020.</p> <p>The purpose of the project is to provide new welfare facilities and refurbished patrol and meeting rooms for the cubs, scouts and leaders, upgrading the hall to 21st century standards. This in turn will support the wellbeing and self-esteem of members and volunteer leaders.</p> <p>It will attract new members, leaders and provide a modern facility to hire out community groups, thus sustaining the development of a strong local community.</p> <p>This is the next stage of the project following a successful replacement of the Stoney Brae hall roof which was damaged due to storms. In 2019, the group and volunteers raised £28,000 to do so.</p> <p>The second phase of the project is to renew welfare facilities, refurbish and decorate the patrol and meeting rooms. This will be done by:</p> <ol style="list-style-type: none"> 1. Renewing toilets and cloakroom 2. Refurbishing patrol and meeting rooms 3. Replacing heating system 4. Landscaping grounds 5. Replacing doors 6. Replacing kitchen 7. LED lighting <p>The refurbishment will be carried out in stages to fit in with the group's programme of activities.</p> <p>Local companies will carry out the work and the group shall ensure compliance with all health and safety regulations.</p>
6. Who Benefits From The Project?	<p>68 young people who are members of the group and volunteer leaders would benefit from the project. On the completion of the project local community groups will benefit from the project as they will have an opportunity to hire out the hall.</p>

7. Fit With Local Partnership Priorities

The project fits best with the local priority of community assets as the project will improve the 60 years old scout hall. As a result, it will attract new members, leaders and provide a modern facility to hire out to community groups, thus sustaining the development of a strong local community.

8. Breakdown of Costs

The total cost of the project is £29,000. The group is applying for £10,000 from Gleniffer local partnership.

The group plans to balance the rest of project costs through fundraising activity and looking into other grants. None of the other grants & funds have been secured for this project.

The group has formed a fundraising committee that meets regularly to plan and review the project and fund-raising.

10. Grant Funding Award History

The organisation has not received any funding from Renfrewshire Council in the last 3 years.

Application For Local Partnership Support 2020-21

1. Reference	FR1125
2. Project Name	REEM Drop In Centre
3. Organisation Name	Renfrewshire Effort to Empower Minorities (REEM)
4. Amount Applied For	£2,216.25 from Gleniffer Local Partnership £8,865 in total from the 3 Paisley LPs and Renfrew LP
5. Description Of Project	<p>REEM operates a Drop-In Centre, recognized within the community as an impartial access point. A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. Funding is needed to cover basic running costs.</p> <p>When various ethnic minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief.</p> <p>The project was initiated by a group of people who themselves went through a similar phase and are aware of the need.</p> <p>There are scheduled information clinics, in addition to staying open 5 days a week for people who need to be listened to one-on one. The centre serves as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to communicate at all. We provide some much needed training; including ESOL, job matters, & awareness on other issues, helping with housing, tackling racism, giving advice with Brexit and tackling isolation.</p> <p>We follow up with volunteers progression into training and work. Many users continue to feedback with updates when they go ahead to get jobs, get accommodation or increase their participation in the community in any other ways.</p>
6. Who Benefits From The Project?	<p>The ethnic minority service users will have a chance to engage within the wider community in Paisley and Renfrew. The project will help local BME communities and volunteers feel less isolated and more able to participate in the wider society and want to be part of it. Volunteers will receive training to allow them to develop their skills which will enhance their employability skills.</p>
7. Fit With Local Partnership Priorities	

This project will support local priority of tackling loneliness and isolation in local ethnic minority communities and in REEM's volunteers. It will also encourage skills swapping and resource sharing in communities.

8. Breakdown of Costs

The organisation is applying for £2,216.25 from Gleniffer Local Partnership.

The total cost of the project is £10,065. The group is applying to 4 local partnerships for a total of £8,865.

Rent and rates costs of £1,200 will be covered by secured funds.

Item of spend	Total cost	Amount requested

2. Project Name	Double the Fun! Renfrewshire Twins Group
3. Organisation Name	Home-Start Renfrewshire and Inverclyde
4. Amount Applied For	£482.75 from Gleniffer Local Partnership
<p>The organisations is applying for £3,379.20 in total from the seven Local partnership areas (£482.75 from each LP).</p>	
5. Description Of Project	<p>The project is set to take place between 1st of June 2020 and 31st March 2021.</p> <p>Double the Fun! is the only Twins Group in Renfrewshire. It reduces social isolation by providing a unique opportunity to spend time with other twin parents, and the chance to vent in a safe place with parents who understand the unique pressures they face.</p> <p>The group is free and has been running every month since June 2018. This project increases the capacity of the group to accommodate more parents and their twins, as there is currently a waiting list for the group.</p> <p>Due to high attendance, the project will be delivered in two cohorts: (i) families with twins aged 0-2 years; (ii) families with twins aged 3-5 years.</p> <p>Each group will meet monthly with age-appropriate activities e.g. baby massage, sensory and parental-child attachment (in partnership with Let's Play Theatre) and Book bug.</p> <p>The group will be based at Klas Care in Linwood. The group has been running it in Linwood since January 2020, and it's proved very popular. It is a safe, secure environment which provides free soft floor matting for babies and educational toys and activities for toddlers, whilst also providing occasional creche facilities when parents wish to engage with each other for particular activities.</p> <p>Double the Fun! was an initiative proposed by one of the mums supported who spoke of the stigma, isolation and lack of support being felt by parents of twins in Renfrewshire. This was after the loss of a Lochwinnoch Twins Group, which meant the closest group was now in East Kilbride. Other groups are usually created with 1:1 child parent ratios in mind. With the unusually large number of twins in Renfrewshire the group opened up to the public and it has been hugely popular since.</p>
6. Who Benefits From The Project?	<p>Families of twins aged 0-5 years of age will benefit from this project. The current project has been hugely popular with an average of 5-7 parents and 10-14 children attending the groups from across Renfrewshire.</p>
7. Fit With Local Partnership Priorities	<p>The project fits best with the local priority of isolation and loneliness as one of the anticipated outcomes of the project is to reduce loneliness & social isolation.</p> <p>Other anticipated outcomes of the project include:</p>

- improved parental mental health;
- improvements in parenting skills and family needs;
- improved managing children's behaviour;
- increased opportunities for early years play;
- increased Early Years educational attainment;
- improved community inclusion and connectedness for families and volunteers;

8. Breakdown of Costs

The total cost of the project is £5,079.20. The organisations is applying for £3,379.20 in total from the seven Local partnership areas (£482.75 from each LP).

The balance of costs is funded through Renfrewshire Council Early Years Pre 5 voluntary sector. This funding is secured.

2. Project Name	Fest! Free Summer Community Summer Activities
3. Organisation Name	PACE Theatre Company Limited
4. Amount Applied For	£7,102 from Gleniffer local partnership
	<p>The group has applied for total of £29,800 from six Local partnerships towards a total project cost of £31,400. £3,899 x4 (Renfrew, Erskine etc., Villages, Paisley East) and £7,102 x2 (Johnstone & Linwood, Gleniffer)</p>
5. Description Of Project	<p>Fest! Free Community Summer Activities will take place in July/August 2020.</p> <p>PACE Community Outreach</p> <p>To provide the significant benefits of the PACE youth theatre and holiday activity experiences to young people with a genuine interest in drama and the performing arts, but who find themselves in financially challenging circumstances which would prevent them from joining or taking part in activities, or who cannot travel to Paisley town centre to take part.</p> <p>The proposal is to deliver 8 projects within 6 of the local partnership areas throughout the summer school holidays. There will be 8 separate performances created across Renfrewshire, all of which will be rehearsed and performed in local community centres. Our aim is to generate vibrant and creative activity in community halls and hubs and to improve access to participation in each area.</p> <p>One experienced theatre director from PACE would lead on the project, supported by two trainee practitioners. The team would work within each area (suggested level ages 8-11) for 4 days (5-hour session per day) to devise a unique, community inspired performance. Rehearsals will take place in local community centres which will hopefully alleviate travel barriers for young people wishing to take part. We would also like to be able to offer every participant a packed lunch for each day of the project.</p>
6. Who Benefits From The Project?	<p>Young people aged 8-11 will benefit from the project. There will be an increase in the number of young people engaged in creative activity across Renfrewshire, inspiring people to see the benefit of arts participation.</p> <p>Young people will be connected with their peers and be actively involved in the process of devising and creating theatre. Bringing young people together is key to tackling social isolation and promoting health and wellbeing across Renfrewshire. Rehearsing and performing in local community centres will maximise the use of community assets and buildings.</p>
7. Fit With Local Partnership Priorities	

The project fits with 2 Gleniffer local priorities. They are:

- community assets as it aims to generate vibrant and creative activity in community halls and hubs by maximising the use of community assets and buildings for rehearsals and performances.
- isolation and loneliness as local young people through this project will be connected with their peers and be actively involved in the process of devising and creating theatre.

5. Description Of Project	<p>Dates-n-mates Renfrewshire project will take place between May 2020 and March 2021.</p> <p>Dates-n-mates Renfrewshire is the local branch of Scotland's national dating and friendship agency run by and for adults with learning disabilities.</p> <p>The project aims to address social isolation and loneliness by providing local opportunities for members to connect, make friends and build meaningful relationships, thus improving health and wellbeing.</p> <p>Their monthly calendar of social events in and around Renfrew offers a safe, inclusive environment for people to meet and socialise. Group's social activities run in venues across Renfrewshire, ranging from community venues like the Ferguslie Bowling Club to accessible pubs and restaurants such as Gabriel's, Canal Station and Burger & Keg. Staff and volunteers support members to interact with one another. An informal training is provided to members e.g. 'What to say after Hello' and 'Successful Dating' and staff can chaperone dates. Members also learn local journeys e.g. practice bus journeys and support one another to get to/from events. Over time members improve their social skills and increase their self-confidence and independence, thus start going out more outside dates-n-mates.</p> <p>With 26,000 adults with learning disabilities in Scotland (including 692 in Renfrewshire), the Scottish Government's Learning Disability Strategy 'The Keys to Life' states that improving quality of life for people with learning disabilities is a priority. They are more prone to abuse and less likely to have opportunities to form relationships.</p> <p>The Scottish Government strategy 'A Connected Scotland', recognises 'people with learning disabilities – and their families – are at risk of experiencing social isolation throughout their lives.' Learning Disability Alliance Scotland's 2018 survey showed 80% of adults with learning disabilities feel lonely either sometimes (11%) or a lot (69%).</p> <p>The group will target adults with learning disabilities in Gleniffer Ward to make them aware of the project and its benefits, partnering with local GPs, pharmacies, West College, Carers' Centre and</p>

local advocacy services. Their outreach workers provide opportunities and support to connect, make friends and form meaningful relationships.

August 2020 Update:

In normal circumstances our monthly programme of social activities usually run in venues across this ward, including community venues and accessible pubs and restaurants such as Canal Station and The Gleniffer Hotel. We issue a monthly programme of events and our staff and volunteers support members to interact with one another. We also provide informal training such as 'What to say after Hello' and 'Successful Dating' and can even chaperone couples on dates. Members learn local journeys and support one another to get to/from events. Regular 'Open' events create opportunities for non-members, ie those who may be ineligible for membership, and the wider community to join in.

We hope that as current restrictions ease, we will be able to resume these face-to-face activities. However, since the imposition of the lockdown, dates-n-mates has developed a regular programme of online social activities and events to help our members and other members of the wider community retain the social contacts which are vital to the maintenance of good mental health.

These online activities give members the chance to talk to others, have some fun and helps them to improve their digital skills.

Our members now desire to get back to 'normal' but there is an increasing anxiety regarding the 'new normal' and what it will be. dates-n-mates is now therefore planning for coming out of lockdown in a way that allows these vulnerable people to stay safe but have the social interaction they so desperately need and want.

We wish to adapt the previous funding application to include this new way of supporting members.

We have developed and piloted a 'friendship matching' process, matching people with others who have similar likes and interests to enable them to meet up in smaller groups very locally, rather than joining larger groups (our normal process).

This new matching process will include researching database packages for profiling that will allow us to identify members with similar interests. From there we will facilitate online introductions by video to allow people to get to know each other and minimise any initial awkwardness when meeting in person. And, should Stage 4 of the Scottish Government release from lockdown process be further delayed (ie. permitting events and larger groups), it will allow members to have safe, local social interaction sooner than would otherwise be the case.

With this in mind, we want to implement a friendship matching service for our members in Renfrewshire to be piloted in August with wider roll-out from September. Our aim is to ensure that adults with learning disabilities in this ward have the opportunity to develop a very local friendship circle to support them at least until the current pandemic is over – and hopefully longer.

We will seek to recruit and train 2-4 local volunteer chaperones to assist members with the initial 'getting to know you' phase of each small, local friendship circle and to help with safeguarding these vulnerable adults.

With this in mind, we would still ask for £1,500 as a contribution towards the costs of running

dates-n-mates Renfrewshire this year.																													
<p>6. Who Benefits From The Project?</p> <p>Adults with learning disabilities in Gleniffer will benefit from the project as they will have opportunities and support to make and sustain natural friendships and close personal relationships; develop the skills and abilities to make decisions about, develop and sustain close personal relationships and friendships; will be able to participate in the social, economic and cultural life of Renfrewshire.</p>

	To give each child who attends the club a meal, an activity and a give-away a breakfast bag daily during the holidays.
3. Organisation Name	Stronger Communities Glenburn
4. Amount Applied For	£10,000
5. Description Of Project	<p>The Holiday Hunger Club is set to run between June and October 2020.</p> <p>The project purpose is to provide high quality, free/low cost activities and events for children & families during holiday. All provisions are linked to GIRFEC health and wellbeing indicators and has been identified through consultation with the community.</p> <p>Most of these children are entitled to free school meals. Therefore, many are going without that one hot meal, that they rely on in school. This also includes families who struggle to feed themselves without the added pressure of adding another meal during the holiday. Some of these families are working and struggle just as much as people on benefits.</p> <p>The group will give each child a meal and activity daily. They also plan to give them away a breakfast bag with them.</p> <p>This will run at lunch time or teatime depending on the activity.</p>
6. Who Benefits From The Project?	Local families who struggle to feed themselves during holidays will benefit from this project.
7. Fit With Local Partnership Priorities	The project fits best with the local priority of isolation and loneliness as through it the children and parents will form new bonds within the community. This will stop social isolation for both the parents and children. It will also encourage the children to play with others.

9. About The Organisation

Stronger Communities Glenburn is a constituted group run by local parents who want to help make their community a better place for children to grow up. The group is led by parents who are committed to understanding and responding to the needs of children and families in the Renfrewshire area. The group has 9 volunteers.

Stronger Communities Glenburn aims to foster a group where families can meet and share in a common purpose. They work to make their community a better place for children and families to grow up. This is done by building strong local relationships in the community and by encouraging people to take part and to be responsible to local priorities. The group aims to work with local people to develop community led action plans which work towards locally identified outcomes and priorities. Stronger Communities Glenburn promote the development of their members, through training and various opportunities, such as to become a community champion.

Group's main activity areas are:

- Children and Young People
- Community Safety
- Education and Learning
- Health and Wellbeing

To provide a safe fun environment for children 0-5 years to come together, learn to socialise, share and develop their cognitive behaviour skills.																
3. Organisation Name	Miles Of Smiles (Stronger Communities Glenburn)															
4. Amount Applied For	£5,000															
5. Description Of Project	<p>Miles of Smiles project aims to provide a safe fun environment for children 0-5 to come together, learn to socialise, share and develop their cognitive behaviour skills.</p> <p>The group plans to use each week, to help children through arts, craft, and play time develop their cognitive behaviour skills. It will also allow the parents and children to socialize in a safe environment weekly.</p> <p>The group has previously identified that there is nothing for children aged 0-5 in Glenburn unless they had a place in the nursery. The group sat down with local nurseries and parents and came up with the idea of having a parent and toddler group.</p>															
6. Who Benefits From The Project?	Local children 0-5 years & their parents will benefit from this project.															
7. Fit With Local Partnership Priorities	The project fits best with the local priority of isolation and loneliness as through it the children and parents will form new bonds within the community. This will stop social isolation for both the parents and children. It will also encourage the children to play with others.

2. Project Name	Renfrewshire Connected Champions Project
3. Organisation Name	RAMH
4. Amount Applied For	£2,311 from Gleniffer LP (£13,868 applied for from six local partnerships, excluding the Villages local partnership)
5. Description Of Project	<p>Renfrewshire Connected Champions Project will take place between 21st May 2020 and 27th March 2021.</p> <p>The Connectedness Champions Project will raise awareness of social isolation and how to build connections in the community. Because loneliness is so personal, it's often seen as a private feeling, but we have learned that it is something that can be addressed.</p> <p>Between October 2017 and March 2018 ACUMEN and RAMH carried out research on social connectedness within Renfrewshire. The highest loneliness scores came from those who identified mental health problems as being a barrier to social connectedness.</p> <p>The research identified the importance of providing information on local services, including formal and informal peer support to build people's confidence in accessing services. The report went on to note that one of the key aspirations for individuals was to form relationships which were epitomised by 'greater intimacy' (more meaningful). This led to the creation of Renfrewshire Connectedness Champions Project.</p> <p>It's clear that loneliness affects children, young people and families in Scotland. In the past loneliness was sometimes seen as a problem for older people.</p> <p>Within the identified Local Partnerships, we will deliver Generations Working Together Workshops with pupils, this allows them to discuss issues affecting them and take part in specialist-run workshops it is extremely important for young people to feel they have a voice and are included and empowered to look at social isolation the perceived stigma around loneliness and promote the concept of a supportive, non-judgemental community.</p> <p>RCCP will deliver the same themed workshops working with teachers.</p> <p>If we are to begin to tackle the issue of loneliness in children, young people and families in the community, then there is a role for each and every one of us.</p> <p>We want pupils to speak about their feelings, to feel they have a voice and are included and empowered to look at social isolation the perceived stigma around loneliness and promote the concept of a supportive, non-judgemental community.</p>
6. Who Benefits From The Project?	Pupils who will be part of the workshops delivered by RAMH in Renfrew; Paisley North West &

Central; Gleniffer; Paisley East; Johnstone & Linwood; Erskine, Inchinnan, Bishopton and Langbank will benefit from the project.

7. Fit With Local Partnership Priorities

The project fits with isolation and loneliness local priority as through this project pupils will be able speak about their feelings, feel that they have a voice and are included and empowered to look at social isolation the perceived stigma around loneliness and promote the concept of a supportive, non-judgemental community.

4. Amount Applied For £2,239.32 from Gleniffer Local Partnership The group is applying for £15,675.24 in total across 7 LPs (£2,239.32 each)
5. Description of Project <p>The project will take place between 1st April 2020 and 31st March 2021.</p> <p>The purpose of the Grant is to assist the Local Partnership meet the objectives they have set out for this year. This project will enable all members of the community to access all the services they require and enjoy the benefits of facilities in the local partnership. Our main priority is the disabled community but ensuring that the area is suitable for them, we include other age groups such as the elderly, children learning to walk and even people with sports injuries and so many more. Renfrewshire Access Panel would like to ensure that everyone in the community is included to reduce isolation and loneliness. We would also like to ensure that the members of the local partnership are able to read and interpret plans for future meetings so that the best possible changes are made to any renovation or new build in the community ensuring all the current buildings and venues are used to their full potential. We would also like to offer training and assistance to the what's on guide for the area, whether its use of a computer or even a quiet space to work on it, we would be happy to assist.</p> <p>The need for the project has been established by the concerns of the Local Area Partnership and we will assist in any way we can to ensure safe places for children to play in the current green spaces available by ensuring accessible equipment for all children. We also provide work experience for children from mainstream and additional needs schools as well as adults returning to work by providing volunteering opportunities for them. We have also identified that a lot of the disabled community have little or no access to technology which we can provide training for and we will provide this training for any member of the community.</p> <p>We will provide access audits/surveys to ensure spaces are safe and meet the requirements for accessibility. We will also provide advice on the best accessible play equipment for unused green spaces to ensure disabled children can play safely and interact with other children. We will provide training and work experience for both children and adults on technology along other training courses we provide and offer volunteering opportunities for anyone in the community.</p> <p>We would also like to offer training to the Local Area Partnership on reading and interpreting plans to ensure everyone is fully aware of the process and implications.</p>
6. Who Benefits From The Project? Residents of the Gleniffer Local Partnership will benefit from this project. Disabled community, elderly, children learning to walk, people with sports injuries in particular will benefit from the apparent improvements of roads and pavements within the Local Area Partnership which this

project will bring. In turn the social isolation will be reduced and groups will be using community assets, the organisation will assist as many people as they can which will increase the health and wellbeing of the residents of the whole Local Area Partnership.

7. Fit With Local Partnership Priorities

The outcomes that are anticipated are that the Local Partnership will meet many of the objectives they have raised for this year for community assets, what's on guide, public safety and play facilities as result of including disabled people within the community by boosting confidence and showing them how to be part of the community which in turn reduces isolation and by assisting with the roads, pavements and park walkways are safe to walk on so that everyone can work/play in a safe environment of their peers and disabled children and adults can walk easily wherever they would like to go.

8. Breakdown of Costs

Application For Local Partnership Support 2020-21

1. Reference	FR1174
2. Project Name	Lamont Farm Project
3. Organisation Name	Lamont Farm Project
4. Amount Applied For	£4,000
<p>The group has applied for funding in all Local Partnerships requesting total amount of £28,000 (£4,000 from each local partnership)</p>	
5. Description Of Project	<p>Lamont farm was founded by a group of individuals with a strong desire to establish a local education and community facility. We were the first City Farm in Scotland and the farm is very popular with families, nurseries and disabled groups as well as local schools. Around 10,000 people visit Lamont Farm annually. We aim to educate people from all walks of life in animal care, welfare and husbandry.</p> <p>The project educates and provides hands on animal care and welfare facilities to the local community and surrounding areas. Lamont Farm offers a wide variety of services to various groups and organisations within the local area and further afield, work experience placements are provided to jobcentres, high schools, community service, kibble project and many more. The farm provides hands on experience for over 40 children who wish to pursue a career in animal care and veterinary practice, educational workshops are ran throughout the year for primary schools, nurseries and visitors.</p> <p>The farm has many social connections to help promote mental health, wellbeing and to help lessen isolation. Animals are a great source of therapy and have a great ability to bring many different people together some people prefer being round the animals as a gentle way of reintroducing them into the community. Some of the connections we have are RAMH, spark of genius, community service, West college Scotland's adults with addition needs and kibble we believe everyone should have the chance to be involved in their community. These connections help provide placements for anyone suffering mental health issues, physical disabilities, someone who has been out of the community, anyone who is looking to get back into work or anyone who just wants to volunteer, it's a placement where everyone is included in every aspect of the farm with no judgement. We offer work experience placements to many different high schools throughout Renfrewshire and beyond including Gleniffer high school, the placements are invaluable to pupils wishing to pursue a career in the animal sector as not many places allow under 16's to work so closely with such a variety of animals, in recent years our volunteers have went on to become fully qualified veterinary nurses. We have a working partnership with Glenburn based group - helping those in need we collect and distribute many items for the group helping out with people who are in need in the community. We are on an active bus route with buses coming from many different areas which helps make it easy to visit from many parts of Renfrewshire and the surrounding areas.</p> <p>The farm runs regular education and fun workshops to bring the community together to learn different aspects of animal care, our parent and toddler workshops are hugely popular bringing parent and toddlers from many areas Foxbar included. These workshops offer great fun for all participants as there are no other parent and toddler events which involve animals. We have great connections with the local and beyond nurseries and childminding groups providing them</p>

with workshops and tour and handling session where the children have great fun with the animals.

We have a small secure play area based within the farm which is decorated by colourful cartoon animals which is hugely popular, and many happy hours are spent by children and parents. We also now have the only animal facility in the local area, with the recent closure of both Barshaw Park Pet's Corner and Robertson Park Pet's corner (fortunately we were able to offer a new home to several animals from both facilities), therefore are finding that we have even more young visitors from the local partnerships attending the farm in the hope of seeing some familiar furry friends.

The farm has supplied manure to many of the local and surrounding community allotments courtesy of the community service team, we share regular information to anyone looking to have a small plot and happy to pass the details on for the area they live in.

The grant will help towards running costs to ensure the project can continue to provide a variety of services and continue to work with a number of local educational establishments within the community.

August 2020 update:

With the effects of Covid-19 it is more critical than ever that we receive funding from all possible sources.

Due to the nature of our project and the contact with the public we had to make the difficult decision to close mid-March, even before an official lockdown was announced, to minimise any risk to either the public or to our volunteers. We had to cease all activities with our Kids Clubs (junior volunteers) and reduce any volunteering from adults to a bare minimum of one volunteer plus a member of management each day, with these adults working at a social distance throughout the time.

We were closed for 15 weeks, losing an average donation of £150 per week or more, as the spring and summer months generally are our busiest months, especially at the weekends. Even now, although we have been able to reopen, we have had to keep two days closure to allow for a deep clean, to ensure the maximum safety of all volunteers and visitors. Normally the donations would have increased during these times due to school and nursery summer holidays, but we feel that safety is of the utmost importance.

Also there have been increased costs incurred, as disinfecting has been increased and PPE for volunteers has been purchased.

Now that we have reopened we are receiving very positive feedback in that we are providing a safe place and activity for people far and wide to assist them firstly venturing away from home and also to increasing the possibilities of children being able to have contact with animals and other children without having to fear contracting Covid-19. We are providing an affordable day out for families (no entry fee) to allow anyone who may be struggling through or after furlough or after redundancy due to Coronavirus.

6. Who Benefits From The Project?

Local communities across Renfrewshire will benefit from this project. This includes:

- anyone suffering mental health issues, physical disabilities, someone who has been out of the community, anyone who is looking to get back into work or anyone who just wants to volunteer
- families through parent and toddler workshops
- Gleniffer high school pupils as they offer placements to pupils wishing to pursue a career in the animal sector.

7. Fit With Local Partnership Priorities

The farm has many social connections to help promote mental health, wellbeing and to help lessen isolation, therefore it fits with the “isolation and loneliness” local priority.

8. Breakdown of Costs

The total cost of the project is £45,000. The group has applied to all local partnerships for funding. In total applying for £28,000 and requesting £4,000 from Gleniffer local partnership.

The project cost will be balanced with unsecured funding from the rest of the local partnerships and unsecured donations, other grant and own fundraising.

5. Description Of Project	<p>The project will take place between September 2020 and May 2021.</p> <p>The purpose of the project is to arrange activities and events aimed at promoting Black History Month among ethnic minorities and the wider community in Scotland to create awareness about black history month and organise different activities in Renfrewshire schools.</p> <p>When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need.</p> <p>REEM will arrange activities and events aimed at promoting Black History Month among ethnic minorities and the wider community in Renfrewshire organizing workshops in Renfrewshire schools promoting Black History Month and also organising activities that will lead up to the event in November.</p> <p>The ethnic minorities will have a chance to engage within the wider community. The project will help people feel less isolated and more able to participate in the wider society and want to be part of it. Many volunteers progress into training and work.</p>
6. Who Benefits From The Project?	<p>Local BME communities, the wider Paisley and Renfrew communities and schools will particularly benefit through sharing culture and raising awareness of Black History Month. The Community Planning Partnership's Diversity and Equality Alliance Renfrewshire (DEAR) Group has picked Black History Month as one of the key equality anchor events for 2020.</p>
7. Fit With Local Partnership Priorities	<p>This project will contribute to lessening isolation and loneliness particularly within the BAME communities as it will bring groups together help to share skills and resources. It should also build community pride through the event and associated promotion of wellbeing.</p>
8. Breakdown of Costs	<p>The total cost of the project is £10,284. The group has applied to four local partnerships and</p>

requested a total amount of £10,000. The group has applied to £2,500 from Gleniffer local partnership.

<p>5. Description Of Project</p> <p>Oakshaw Trinity Friendly Hour – Transport will take place between 6th October 2020 and 4th May 2021.</p> <p>The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop their friendships. Entertainment and social activities are provided on a weekly basis from October to May.</p> <p>Entertainment includes children from a Nursery, 2 Primary and 1 Secondary Schools, as well as entertainment provided by Adults. We also have the Community Police and Musical Exercises Members also have a much-appreciated cup of tea or coffee and goodies.</p> <p>The programme includes a Christmas Lunch and an Annual Outing.</p> <p>The Committee identified many members would be unable to attend our weekly meeting without provision of transport. Many of our members live alone and the Friendly Hour is the only time they may see other people. It gives them the opportunity of mixing socially, allowing them to chat and at the same time give them some entertainment avoiding an afternoon of loneliness and isolation. Our average age is over 85 and many are quite infirm. There is a greater need for these people to be transported to a happy and lively environment for a few hours on a weekly basis.</p> <p>By providing transport we are reaching out to people in the communities who may not be able to get out – in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship and fellowship. We must remember that many people experience loneliness and isolation, and many don't have the opportunity for conversation. They welcome the joy of sharing a story or a sing-along and hearing news from the communities.</p>	
<p>6. Who Benefits From The Project?</p> <p>The project will benefit men and women over the age of 60 from Gleniffer, Renfrew, Paisley North West and Central and Paisley East local partnerships.</p>	

7. Fit With Local Partnership Priorities

The project meets local priority of tackling isolation and loneliness as it will provide an opportunity for group member's to have transportation to and from the Friendly Hour meeting where they are able to mix socially, chat and at the same time experience some entertainment avoiding an afternoon of loneliness and isolation. In this group many form friendships and fellowships.

8. Breakdown of Costs

The total cost of the project is £1,500. The group has applied for £375 from Gleniffer Local Partnership. The group has also applied for funding to Renfrew, Paisley North West and Central and Paisley East local partnerships.

5. Description Of Project	<p>The project will take place between 4th May 2020 and 19th March 2021 (46 weeks).</p> <p>The purpose of this project is to open up our Makerspace to adult community groups across Renfrewshire. We are the only Digital Makerspace in the West of Scotland and we believe that everyone should be able to access digital technology and have an opportunity to learn new skills.</p> <p>We have previously hosted digital activity sessions with Roar (Men's Shed) and their feedback was very positive.</p> <p>We also gained positive feedback from when we hosted our 'Tea & Tablets' group - this was an intergenerational project where older adults came along to a group to receive advice and tutoring on how to use their smart phones and tablets in ways that would enhance their lives e.g. YouTube videos, skype, facetime, online shopping.</p> <p>Due to this positive feedback and many requests were receive asking if adults can use the Makerspace, we developed this project.</p> <p>We will host adult community groups from across Renfrewshire one afternoon per week. We will connect with Community Groups and let them know about what activities we can offer and what types of workshops we can facilitate with their members. We will do this by promoting the project on social media and via our third sector interface (Engage Renfrewshire) and we can also go along to speak to the groups.</p> <p>We can offer the following activities 3D Printing Workshop, Laser Design and Cutting, Digital Animation, Coding, Music Technology, T-shirt Design and Printing, Digital Media.</p> <p>We will also be happy to work with groups to create tailor made workshops to suit their requirements/interests.</p>
6. Who Benefits From The Project?	<p>Local community groups across Renfrewshire and its members will benefit from the project because it is anticipated that adults and older adults within the community will Learn new skills, Create something using digital technology, Make new connections/friendships, Have improved mental health and wellbeing, Increase confidence, Find a new hobby/passion/interest, feel included and listened to (person centred workshops) through this project.</p>
7. Fit With Local Partnership Priorities	<p>The project meet local priority of tackling isolation and loneliness as it provides a space where</p>

adults & older adults within community can make new connections & learn something new. It also meets the priority of “what’s on in Foxbar, Brediland & Glenburn” as Paisley YMCA will also go and speak to local community groups about this project. Through this community groups will gain or further develop their digital skills and use them to promote what’s going on locally.

We will also provide a snack to encourage relationship and communication.</p> <p>The need for the project was identified through discussion with the community. It came to our attention that adults and children with additional needs don't get the opportunity to participate with groups who attend our building. The project considers equality, diversity and inclusion.</p>
6. Who Benefits From The Project?	<p>Local community will benefit from this project. This includes local community groups, including equality groups as the open day will bring diverse groups of people together to build relationships and to find out what is happening locally.</p>
7. Fit With Local Partnership Priorities	<p>The project meets three Gleniffer Local Partnership priorities. They are:</p> <ul style="list-style-type: none"> • Community assets as the group will organise an open day in the Gleniffer area by utilising local asset. This event will also boost community involvement in local groups as residents will be able to find out what groups are there in Gleniffer areas through organised information stalls. • What's on in Foxbar, Brediland and Glenburn as the open day is a good way to share information across the partnership. Stallholders will provide different information about local activities and attendees will make new connections and build relationships, thus building new networks. • Isolation and loneliness as open day will provide an opportunity for local residents, including diversity and equality communities, to come together and make new connections.

<p>5. Description Of Project</p> <p>We are the only agility club within Renfrewshire that has permit to host kennel club shows and thus represent the West of Scotland within the greater dog agility community. The Kennel Club have introduced new standards for agility equipment to benefit canine health and safety. It is essential that we have equipment that meets these standards to host kennel club shows, maintain a safe training environment and provide affordable training to current and prospective members.</p> <p>Last year, the Kennel club announced a new standard for several pieces of equipment to be introduced this year and next year, including jumps and the dog walk. For the health and wellbeing of the dogs, heights for the jumps and dog walk have been lowered. We require new equipment to meet these standards while keeping our fees affordable.</p> <p>New equipment will allow us to host Kennel Club shows and train more safely. We will obtain quotes from agility suppliers for equipment that meets the new Kennel Club regulations. In addition, we will recruit local trade people to adjust our current equipment, thereby helping to keep our fees affordable and supporting local business.</p> <p>An anticipated outcome for the project is that we can hold Kennel Club shows in September, thereby representing Renfrewshire within the greater dog agility community.</p>

<p>9. About The Organisation</p>																

The group was established in 2011 and has a charitable status. It was established in 2011. Our members are primarily educated in dogs health and safety, basic dog obedience and hygiene for their particular pets as well as being encouraged to support the wider dog community by setting an example in aspects such as noise, dog fouling and general dog behaviour. Handlers are taught the skills of dog agility, which is an inclusive hobby that bridges all age groups. As a hobby its benefits handlers by predominantly being an outdoor healthy activity that promotes companionship between members. There are also proven benefits of regular contact with dogs to the mental wellbeing of individuals.

The group has 25 members.

5. Description of Project	<p>The project will run between 1 April 2020 to 31 March 2021.</p> <p>The purpose of the project is to ensure the sustainability of the mobility scooter and wheelchair service in Renfrewshire. The service provides access to a range of mobility aids to around 200 individuals tackling social isolation due to short- and long-term health issues. This supports residents to access facilities, appointments, shops and services.</p> <p>The project will focus on establishing an in-house servicing centre for the range of 14 scooters, 3 manual wheelchairs and one high function power chair (for advanced mobility disorder). This project will enable Shopmobility to ensure all equipment meets the legal safety standards, improve customer experience, enhance the long-term performance of the fleet and also create a cohort of skilled volunteer "Technician" opportunities.</p> <p>Feedback from people who use the service has indicated that they have suffered from social isolation and many only manage to get out of their house, with confidence, knowing that they can hire the equipment provided by the organisation. Many members do not have the luxury of being in a position to purchase their own scooter or wheelchair, as they are living on benefits. This service is therefore a life line.</p> <p>Major outcomes from the project will be:</p> <ul style="list-style-type: none"> • Complete refurbishment of groups front and back office functions, thus resulting in an improved environment for members, staff, volunteers alike • Improving service delivery by ensuring the office is more functional • Ensuring all equipment remains safe for service users who have mobility and health issues • Provision of up to date statistics • Creating and immediate response to equipment breakdowns • Improving utilisation of space • Creating a better environment for staff member and volunteers to operate within • Developing branding which will help in many different ways including marketing of the service across Renfrewshire
6. Who Benefits from The Project?	<p>People with short- and long-term health and mobility issues across Renfrewshire will benefit from this project.</p>

older people by inviting them to join our organisation and becoming involved in diverse range of activities such as Garden Gang, Architecture and “On your Own” groups.

8. Breakdown of Costs

The total cost of the project is £3,450. The group applied for £2,700 in total across 5 local partnerships. The group is applying for £700 from Gleniffer Local Partnership.

The rest of the project costs will be balanced from funds generated by group’s membership fees.

Item of spend	Total Cost	Amount Requested
Promotional film	£1,500 - £2,000	£1,300
Pop up shop venue	£350	£350
Equipment: Laptop, hire of table and chairs, floor standing pull up banners	£700	£700
Printing and posters	£400	£250
Refreshments for pop up event	£200	£100

9. About The Organisation

Paisley & District U3A is an unincorporated club which was established in 2018.

The U3A motto is “Learn, Laugh, Live”. The aim is to help anyone Retired or Semi-Retired living in Paisley and District to learn for the fun of it, and so get more out of life.

The aim of the group is to reduce isolation by providing Interest Groups and monthly meetings with Guest speakers in a safe social environment – sharing knowledge, expertise and experience with others.

The group has 135 members and 20 volunteers.

10. Grant Funding Award History

The group has not received any funding from Renfrewshire Council in the last 3 financial years.

Local Partnership Grant Funding

A guide to the grant funding available from Local Partnerships and how to apply

Local Partnerships are a way for communities, elected members and public organisations to work together at a local level.

There are seven Local Partnerships in Renfrewshire, and they replaced Local Area Committees in 2018.

Each Local Partnership has agreed a set of Local Priorities, and each Partnership has grant funding they can allocate to support these priorities.

The aims of Local Partnerships are to:

- Make connections and networks between community groups and the wider community
- Identify, set and share local community priorities
- Listen to, consult and represent local communities
- Distribute grants to support local priorities

Grants available from Local Partnerships

The Local Partnerships consider applications and award grant funding that reflects their local priorities. The Local Partnerships look after grant funding streams that were previously overseen by Local Area Committees:

- the General Grant Fund;
- two Common Good Funds (Paisley Common Good and Renfrew Common Good); and
- the Youth Challenge Fund

It is strongly advised that organisations read this guidance before writing and submitting their applications.

You will find further information about each of these three funding streams and how to apply for them over the next few pages.

The most important thing to remember when applying for grant funding is to make sure you can contribute to at least one of the local priorities for the area you are applying to. It will be important to take time to find out about these priorities before applying. They are available [here](#).

The Application Process

Read the Local Partnership Grant Funding Guidance and the Priorities for the Local Partnership area you are applying to.

Attend a drop in session if you would like to discuss the priorities, application process or alternative funding opportunities.

Fill in application, ensuring you address the relevant local priorities and submit to rcgrantapplications@renfrewshire.gov.uk, together with the relevant bank statement, accounts and constitution. The deadline for applications is 9th March 2020

Your application will be considered by the Local Partnership in April or May. Local Partnership meetings are public, so you are welcome to come along to the April or May meetings. You will not be required to attend, or expected to speak at the meeting.

Following the meeting, you will be informed whether your application was successful or not. If you are successful, you will be asked to agree the conditions of grant and payment arrangements will be made.

The Application Form

The standard Voluntary and Community Organisations Grant Application Form is used to apply for Local Partnership funding. The form is available [here](#) (under related documents) or please contact the Community Planning team on 0141 6184168 if you would like a paper copy sent to you.

The form has guidance notes in the right-hand column to help you with what information to put in each box. The notes below provide further information about how to make the best use of the application.

Section 1

This section is for you to tell us about your organisation and what you do. In section 1.13 you are asked about which Local Partnership area you are applying to and where your project will be operating. In section 1.13a you should tick the Local Partnership area you are applying for funding in. In 1.13b you should write which Local Partnership area(s) the project you are applying for will operate in. All applications will be treated as an individual application by each Local Partnership. In this way, your activity needs to be viable as a project in each Local Partnership area it is applying to. If you are applying for funding from more than one Local Partnership area, you will either need to make sure your one application covers at least one priority from each of the Local Partnership areas applied to, or submit separate applications tailored to the priorities of each Local Partnership area applied to. If you are submitting one application to cover more than one Local Partnership area, you will need to make it clear how much funding is being asked for from each Local Partnership. This is covered in section 2.

Section 2

This section is an opportunity to tell us about the project you would like funding for. It is very important that you use this section to explain how you will address the priorities identified by your Local Partnership. These sections will be made public through the summary reports at the Local Partnership meetings. You should provide a good description of your project in this section highlighting clearly which priorities it will address. This is information that the Local Partnership Meeting will use to decide on your application. If you are using one application to apply to more than one Local Partnership, you need to write the name of the Local Partnership applied to next to the amount requested from that Local Partnership in section 2.10.

Section 3

This section is to make sure that you have included all the necessary supporting paperwork. Your application cannot be considered until you submit all of the correct paperwork.

Section 4

If you are filling in a paper copy of the form to post, you can sign this section of the form. If you are doing the form online, a signature can be taken at a later date.

General Grant Fund

The General Grant Fund provides grants of up to £10,000. The grants are open to constituted local community, voluntary organisations and Community Planning Partners. The fund is intended to develop local activities and projects within Local Partnership areas. The total amount of General Grant funding available is slightly different in each of the seven Local Partnership areas, because funding is allocated to Local Partnerships based on their population. Activities are expected to reflect the different priorities and needs in each of the seven areas.

Eligibility Criteria

Who can and cannot apply?

- Any community or voluntary organisation with a constitution and a bank account can apply. Any organisation applying should be accountable to its members.
- Community Planning Partners can submit applications for funding, but Council services cannot. Community Planning partners should not submit applications for projects that are regarded as core functions.
- If your application is for an individual, it will not be considered.
- Your application should contribute towards at least one of the Local Partnership's key priorities. These were established by Partnerships at their March 2019 meetings and have been developed further since. Projects should be able to demonstrate real benefit to the local area by improving or complementing existing service provision.
- Organisations that work across Renfrewshire, or in a number of Local Partnership areas, can apply, but only for projects or activities which support an area's priorities, and are delivered in that area specifically.
- You cannot apply for costs of activities that have already happened.
- You cannot apply for your total running costs. You can apply to part fund running costs though.
- The General Grant Fund will very occasionally support applications to fund activities such as day trips and lunches, but only when they provide an additional community benefit (for example tackling loneliness and isolation).
- The General Grant Fund will not support projects that exist mainly to further religious or political beliefs.

- Your application must encourage equality of opportunity.
- You cannot apply to fund either a trip abroad or hospitality to other organisations.
- If you receive a grant from the General Grant Fund, it must usually be spent within this financial year.
- General Grant Fund awards are one-off and are not intended to provide ongoing funding for the same or similar activities on an annual basis.
- If you are successful in your application, you must accept and comply with the grant conditions. It is also expected that you report back on the impact the project has had once the funds are spent.
- You should plan how you will sustain your organisation, once funding from the General Grant Fund has been used.
- You cannot use the funding for events to raise funds for other charities
- You cannot use the funding to cover your Community Councils' running costs above those funded by its administration grant from the Council.
- You should provide evidence of partnership working, where applicable.

What types of activities or projects can and cannot be funded?

Activities or projects must contribute to at least one of the key priorities identified by the Local Partnership. The fund can support a variety of projects and activities. This can include supporting people back into employment; supporting young people; supporting community safety activity; supporting healthier lifestyles; tackling poverty in disadvantaged areas; and promoting equality within local areas.

These types of activities can cover an array of different projects. Examples include:

- Refurbishment of community facilities such as decorating or improving the layout of a room for community use.
- Enhancing or creating community gardens for recreational areas.
- Community events such as gala days.
- Projects that raise awareness of healthy eating and help people change eating habits.
- Projects that promote positive mental health issues.
- After school clubs that encourage development e.g. homework clubs,
- Leadership and team working skills for group members.

Common Good Funds

Common Good is funding generated from an investment portfolio where the annual income is used to support local projects. There are Common Good funds in both Renfrew and Paisley, which are distributed through the Local Partnership. In Paisley, the fund is split across the three Local Partnerships, based on the population of each area.

The general eligibility criteria for the common good funds are the same as for the General Grant Fund, although there is no specific maximum award. The main difference is that the Common Good Funds are charities and so any projects funded through the common good funds must meet their charitable objectives (the advancement of civic responsibility or community development) to benefit people in Renfrew or Paisley.

Former Youth Challenge Fund

The Youth Challenge Fund was allocated using participatory budgeting for the first time in 2019/20 and became known as “Celebrating Renfrewshire – By Young People, For Young People.” This was the first year that young people decided directly which youth projects should be funded. It is expected that this fund will be allocated in the same way this year. This funding round will be launched separately.

Further Information

Drop in sessions will be held across the Local Partnership areas. These are not specifically to address any funding concerns, but may be useful if you would like to find out more about local priorities and give your input on Local Partnerships more generally.

Any queries or applications should be directed to rcgrantapplications@renfrewshire.gov.uk or call the Community Planning Team on 0141 6184168.

Frequently Asked Questions

How will funding award decisions be made?

The members of the Local Partnership in each area will make a decision on each funding application, guided by an assessment of whether the application has met the local priorities. Remember to base your application on the local priorities of the Partnership area you are applying to. Priorities are linked [here](#)

How do I apply?

Fill in a standard grant application form on the Renfrewshire Council web site. You can do this electronically and email it in or send in a completed paper copy. You should make sure you have understood what the local priorities are for the area you are applying to before completing your application.

When is the deadline for applications?

The deadline will be 9th March 2020 for consideration at the April/ May meetings.

What happens to my application after it is submitted?

Your application and documents will be checked and then stored on the Council system. A summary of your application will be prepared to include in the papers for the relevant Local Partnership meeting. If there are any queries or clarifications needed about your application, you will be contacted before the Local Partnership papers are prepared.

When will I hear back?

You will hear back after the meeting of the Local Partnership has made a decision. The decisions will be made during the April/ May 2020 cycle of meetings. Local Partnership meetings are public, so you are welcome to come along to the meetings. You will not be required to attend or expected to speak at the meeting.

How much money can I apply for?

You can apply for a maximum of £10,000 from the General Grant Fund. If you are applying for Common Good funding, there is not specific maximum limit – but remember Common Good funding is only available in Paisley and Renfrew.

Who can apply?

Any community or voluntary organisation with a constitution and a bank account can apply. Any organisation applying should be accountable to its members. Council services will not be able to apply for funding. The wider community planning partners will be able to apply, if their project aligns with local priorities.

Can I apply to fund Christmas lights?

Unfortunately, Renfrewshire Council has very limited capacity for any further installation, storage and maintenance of Christmas lighting. If you wish to submit an application which

would require additional Council resources, you should discuss this with Council officers prior to submitting your application.

[We work across Renfrewshire, can we apply?](#)

You can apply to one or more Local Partnership. The project you are applying for, must be for the benefit of people who live in that area and the project must align with the local priorities for that area. You should focus on the areas where your project aligns most with the local priorities. You could also think about where your project is based or where most of the people using or otherwise involved in the project will be based. It might align with more than one Local Partnership area. If you do want to apply to more than one Local Partnership area, you will need to either submit separate applications or make it very clear which information applies to which Local Partnership.

[What is happening to 'multi LAC' applications?](#)

All applications will be treated as an individual application by each Local Partnership. In this way, your activity needs to be viable as a project in each Local Partnership area it is applying to. If you are applying for funding from more than one Local Partnership area, you will either need to make sure your one application covers at least one priority from each of the Local Partnership areas applied to, or submit separate applications tailored to the priorities of each Local Partnership area applied to. If you are submitting one application to cover more than one Local Partnership area, you will need to make it clear:

- How your project will specifically benefit people in each Local Partnership area applied to, and
- how much funding is being asked for from each Local Partnership.

[Is it the same process as the old LAC funding applications?](#)

There are some differences. Local Partnership grant applications must be based on the priorities for that Local Partnership area. The Youth Challenge fund decisions will be made by local young people and so follow a different process to take place later in the year.

[Is the total amount of funding the same as the old LAC funding?](#)

Yes, the total amount of funding is the same. It is still based on the population of each area, but now split between the seven Local Partnerships, rather than the five former LACs.

[What happens if money is not allocated by the end of the financial year?](#)

Where all available grant funding within a financial year is not fully committed, the balance can be carried forward only where a specific project for the forthcoming financial year has been identified and approved by the Local Partnership. This gives the Local Partnership the flexibility to set aside a proportion of its current year grant for use on a specific project the following year.

It is not intended that this year-end flexibility would be applied to carry forward a general underspend of available grant for which no specific purpose has been identified or approved.

What happens if organisations that are members of Local Partnerships apply for funding?

Organisations that are members of a Local Partnership can still apply to that Local Partnership, but they will not be allowed to speak to the application at the decision meeting and will not be allowed to vote on their own application.

If I am unsuccessful, where can I find other sources of funding?

There are other sources of funding for community groups and people who can help you in accessing it or building your capacity more broadly. Engage Renfrewshire can be found at <https://www.engagerenfrewshire.com/> or by telephone on 0141 887 7707.
