
CLYDE MUIRSHIEL PARK AUTHORITY

Report to: Joint Committee
On: 23 June 2017

Report
By
Regional Park Manager

SUBJECT: QUARTERLY HEALTH AND SAFETY REPORT

1.0 Purpose of Report:

- 1.1 To inform members of the Joint Committee of the Park Authority's Quarterly Health and Safety monitoring report for January to March 2017.

2.0 Recommendation:

That members of the Joint Committee:-

- 2.1 Note that there was no RIDDOR reportable accident in the Park during this period and no occupational diseases. There were five accidents/ incidents; one involving staff and four involving visitors.
- 2.2 Note that the problem of water ingress at Muirshiel Visitor Centre continues to be under investigation.

Members wishing further information regarding this report should contact Mr David Gatherer, Regional Park Manager, Clyde Muirshiel Park Authority, 01505 842 882.

3.0 Background:

- 3.1 The Park Authority is a member of Renfrewshire Council's Corporate Health and Safety Committee. This meets quarterly and is attended by representatives of the council's departments and the joint boards and joint committees.

4.0 Quarterly Health and Safety Monitoring Report:

- 4.1 The Quarterly Health and Safety monitoring report is normally presented to the Park Authority as part of the regular meetings cycle:

Joint Committee meeting	H & S quarter reported
February	Oct, Nov & Dec.
June	Jan, Feb & March
September	April, May & June
December	July, Aug & Sept.

- 4.2 The summary monitoring report to Renfrewshire Corporate H&S Committee is presented as Appendix 1 for the consideration of the Joint Committee. The report details accident statistics, management action and training.
- 4.3 During the period of January to March 2017 there were no RIDDOR reportable accidents but one incident involving Park staff and four incidents involving visitors.

Incidents varied this quarter, the staff incident involved a member of staff standing on a nail. The most significant injury to a member of the public was a client taking part in cycling training for his Duke of Edinburgh award expedition who came off his bike. Although at the time he continued to take part in his activity he was subsequently found to have fractured a bone in his arm. This incident was investigated and some minor changes to the procedures made. We also had an incident when a client picked up an archery safety sign and threw it into the air where accidentally struck another client cutting above their eye. We will replace when needed with plastic signs.

- 4.4 Water ingress at the roof of Muirshiel Visitor Centre is still occurring. Further investigations are required to fully rectify the problem.
- 4.5 During the period January to March 2017 two Health & Safety related courses were attended. In total three members of staff took part. One Health & Safety related Toolbox Talk was delivered. Tool box talks were also given as part of staff induction training. Nine members of staff received Audio and HAVS tests

- 4.6 Clyde Muirshiel Regional Park continues to work with Renfrewshire Council Health & Safety Officers to align its Health & Safety policies, plans and accident prevention programs with those currently in use within Renfrewshire Council. The Park produces a Health and Safety Plan annually to provide focus and direction for continuous improvement.

5.0 Conclusion:

- 5.1 This quarterly report shows a continued low accident rate in the Park, and the implementation of the 2015/16 Health & Safety plan should ensure that this trend continues.

CLYDE MUIRSHIEL REGIONAL PARK HEALTH & SAFETY REPORT
January to March 2017

This report is prepared by Clyde Muirshiel Regional Park in accordance with the terms of reference for the Corporate Health and Safety Committee, the purpose of which is to evaluate ongoing health and safety performance.

1. Accident Statistical Information including violence and aggression reports

Clyde Muirshiel does not have access to Renfrewshire Council's electronic reporting, so accidents/incidents are recorded on a paper based system.

As can be seen in the table below, during the period of January to Mar 2017 there were no RIDDOR reportable incidents. There were five incidents; one involving a member of staff and four involving visitors.

One incident involved a client falling off his bike and injuring his arm which was subsequently found to be fractured. A member of the public slipped and fell into the loch, he was uninjured. A member of staff injured her foot as a result of standing on a nail which penetrated her shoe.

Type of Accident	Number of Accidents (Staff)	Number of Accidents (Visitors/Volunteers)	% of Total Accidents
Cuts/ Abrasions	1	1	40
Physical injury		1	20
Slip/ Trip		1	20
Dog worrying		1	20
TOTALS	1	4	100%

2. Accident Prevention Programs

Clyde Muirshiel Regional Park continues to work with Renfrewshire Council Health & Safety Officers to align its Health & Safety policies, plans and accident prevention programs with those currently in use within Renfrewshire Council. Nine members of staff received Audio and HAVS testing.

3. Training

During the period January to March 2017 two Health & Safety related courses took place with three members of staff attending. One Health & Safety related Toolbox Talk was delivered.

4. Occupational Health

Clyde Muirshiel Park uses the Occupational Health Service where appropriate. There was one referral and no 'Did-Not-Attend' incidences during the period.

No HSE reportable occupational diseases were recorded during in this quarter.

5. Update on CMRP Health & Safety Management

During periods of heavy rainfall, water has continued to penetrate the roof at Muirshiel Visitor Centre. The water ingress would however appear to have lessened after some repairs.

Appendix A: Provision of Training – March 16 to March 2017

<u>Section 1</u> Health and safety training courses (training planner)	3rd ¼ Oct- Dec	4 th ¼ Jan – Mar	1 st ¼ Apr – June	2 nd ¼ July – Sept
