PROGRESS UPDATE**

---

## **1. Summary**

1.1 This report provides a progress update on activities the Renfrewshire Community Safety Partnership has carried out in the Paisley South area in quarter 4 (1 January – 31 March 2018). The statistical information has been provided by the Renfrewshire Community Safety Partnership, including relevant Council Services, Police Scotland and Scottish Fire & Rescue. The report includes information on:

- Paisley South community safety statistics;
  - Environmental enforcement and improvement activities;
  - Protecting vulnerable residents;
  - Building safer communities;
  - Diversionary activities;
- 

## **2. Recommendations**

2.1 It is recommended that the Local Area Committee notes the content of this progress update report.

---

### 3. Focus on Paisley South

- 3.1 The table below details the number of incidents reported in the Paisley South Local Area during Quarter 4, 2017/18 (01 January to 31 March 2018). The Renfrewshire Community Safety Partnership continues to target resources into identified hotspot areas.

Incidents Reported	Q4 2016/17		Q4 2017/18	
	Ward 6	Ward 7	Ward 6	Ward 7
Serious Violent Crime (all Gp 1 Crime)	1	4	4	3
Minor Assault	13	15	9	11
Drug Crime	12	14	14	13
Disorder and Antisocial Behaviour (ASB) (number of calls)	104	239	102	206
Vandalism	14	38	11	30

- 3.2 **Ward 6:** Minor fluctuations were noted across all indicators, with reductions noted across minor assaults; anti-social and behaviour calls; and crimes of vandalism. Serious and violent crime increased by three incidents but remained at a very low level with only four incidents recorded, and similarly for drug crimes, which increased by two but also remained at a very low level with 14 crimes recorded.
- 3.3 **Ward 7:** Reductions were noted across all five crime/incident types. Serious and violent crime remained at a very low level with three crimes recorded, whilst minor assaults and drug crime also remained at a very low level with 11 and 13 crimes recorded respectively.

#### **Renfrewshire Wardens' Antisocial Behaviour Calls**

- 3.4 63 antisocial behaviour calls were received by the Renfrewshire Wardens' service for the Paisley South LAC area during January to March 2018 which is a similar figure compared to the 68 calls in the corresponding period in 2017. 785 patrols took place within the Paisley South LAC area, many in response to these calls. The antisocial behaviour calls made to the Wardens help the Community Safety Partnership to respond to and direct resources across Renfrewshire. During the same time period, the number of calls to the Noise Team remained constant in the LAC area by increasing in Ward 6 but reducing Ward 7. The number of warnings issued was also similar which corresponds to the number of calls.

### 4 Environmental Enforcement and Improvements

#### **Environment and Place - Team Up to Clean Up**

- 4.1 Renfrewshire's Big Spring Clean event took place over the weekend of 20-22 April. Over 31 community clean ups were arranged across Renfrewshire. The event was promoted in participating local communities, on social media and in local

newspapers. The Environmental Training Team and Aspire Renfrewshire also assisted volunteers across Renfrewshire.

- 4.2 The Team Up to Clean Up campaign has increased participation and continues to flourish and engagement with communities and schools has been encouraging. The Council has a growing community group contact list and engagement is developing well. The webpage is live, offering branded downloadable materials and community clean up packs, posters and leaflets to support activity. Community groups can publish their contact details, enabling those who would like to join events, or arrange their own, to obtain support and more information. 64 community clean-ups have taken place from October 2017 to April 2018. Despite the winter months, clean-ups were still arranged and well attended.
- 4.3 A Team Up to Clean Up Facebook page has been launched capturing a significant level of interest with over 300 members joining to date. The page is designed to be a resource for community groups to share good practice, promote events to likeminded individuals and facilitate discussion. The page has so far has prompted joined up working between two groups.

#### **Responsible Dog Ownership Strategy**

- 4.4 An innovative approach to tackling dog fouling has been delivered in 12 hot-spot streets in Renfrewshire. Community Safety Officers are reporting on the impact of the new approach which currently varies by location. When a street is confirmed as “severely” affected, StreetScene visit and clean the area. Pavements are then sprayed with a message “Someone in this street isn’t picking up after their dog.... is it you?!” and signs are attached to lampposts. This approach is complimented by an increased Warden presence patrolling the area, delivering a zero-tolerance approach, with a number of Fixed Penalty Notices being issued for dog fouling.

#### **Vehicle Emissions Testing**

- 4.5 This bi-annual event took place on 28 March 2018 in Renfrew town centre. Community Safety wardens, working in partnership with Licensing Officers and Police Scotland, carried out emissions testing on light vehicles entering the Air Quality Management Area. 317 vehicles were tested including taxis and private-hire cars, all 317 vehicles passed with no fails. All drivers were given a Renfrewshire Council Greener Renfrewshire Vehicle ‘Don’t be an Idler’ Information leaflet and an explanatory letter.

### **5 Protecting Vulnerable Residents**

#### **Safe Kids**

- 5.1 Safe Kids is an annual interactive educational programme involving Renfrewshire’s Community Safety Partners, delivering messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire (1,923 pupils in total). The aim of Safe Kids is to reduce the number of accidents involving young people, promoting positive behaviour and reducing risk taking behaviour.

- 5.2 Safe Kids was delivered at St Mirren Stadium during March 2018 with workshops designed to be interactive and short in length (10-12 minutes) to enable partners to communicate a range of vital messages in subject areas that can be difficult to discuss in the classroom.
- 5.3 Workshop topics included: antisocial behaviour; alcohol and drug awareness; internet safety; fire safety; litter & dog fouling; Railway Safety; Emergency situations; Who Cares Scotland and Street Stuff. Most of the workshops have previously been run successfully within the Safe Kids programme. New workshops this year included:
- **Railway Safety** - Learning about keeping safe at train stations and on trains and the dangers surrounding railway lines
  - **Who Cares Scotland** - To build empathy amongst young people, to understand a bit about what it means to be a child in care, how it feels, and how to help.

### **The Street**

- 5.4 'The Street' is an award-winning project based in Hamilton. The 20-minute hard hitting drama is delivered by young people aged 14-24 focusing on the potential impact and risks associated with knife crime; teenage pregnancy; domestic violence; bullying, sexual and mental health and drug and alcohol misuse.
- 5.5 Small groups of young people who came to the attention of the Community Safety Youth Team through their involvement in youth disorder visited the project on several occasions during January - February 2018. After watching the drama, the young people attend a workshop to assess and discuss the potential impact of their own behaviour on themselves and their community.

### **Choices for Life**

- 5.6 Choices for Life is an innovative diversionary and educational initiative aimed at raising awareness amongst young people aged 11-18 about the dangers of substance use and misuse in relation to smoking, alcohol and drugs. It also offers online safety and advice on how to deal with negative peer pressure and provides useful resources for young people and parents, carers, teachers and youth workers at [www.choicesforlifeonline.org](http://www.choicesforlifeonline.org).
- 5.7 The 2018 Choices for Life event took place on 28 March 2018 at Johnstone Town Hall. It was attended by nearly 100 second year pupils from Renfrewshire's High Schools. This event focused on the dangers of alcohol and drugs with inputs from Police Scotland, RADAR, Scottish Fire and Rescue Service, Clubbercise with Active Communities and Renfrewshire Community Safety Services.

### **#ReadyWhenYouAre**

- 5.8 The domestic abuse campaign #ReadyWhenYouAre was implemented during February and March 2018 aimed at victims to make them aware there is no timescales for reporting domestic abuse. Police Scotland and their partners are here when victims are ready to report and available to be supported.

- 5.9 This multi-agency campaign was run in both Renfrewshire & Inverclyde by local partners who specifically work with victims of domestic abuse. These included Renfrewshire's Council Public Protection, Woman's Aid, Woman & Children's First, Barnardo's, Assist, Mind Mosaic and Police Scotland.
- 5.10 The campaign took the form of an innovative 60 second video where all partners relayed a simple message of what domestic abuse is. Thereafter each individual partner records their own video emphasising the work their organisation does and how their organisation can support a victim of domestic abuse before, during and after the reporting process. The key message from all partners is "We are ready when you are".
- 5.11 Each week of the campaign a video was released which was circulate on social media under the above "hashtag" in the hope to get the message trending on all social media platforms and to generate shares to help spread the message further.

### **I Am Me/Keep Safe**

- 5.12 By March 2018, the Primary School programme had been delivered to 36 schools and 7,159 children have participated. 2,461 children surveys have been returned and the headline results are as follows:

- 98% enjoyed the I Am Me visit;
- 92% are more aware of bullying;
- 91% are more aware of disabilities;
- 99% know bullying is wrong;
- 97% know it is important to report bullying;
- 94% would tell an adult if they, or someone else was being bullied.

In total 10,528 pupils are booked to attend, with two schools to confirm pupil numbers.

- 5.13 Keep Safe is extending across Scotland, with 14 local authorities actively rolling out the initiative. There are now 366 Keep Safe places across Scotland, including 131 in Renfrewshire. The Keep Safe Ambassador programme is also going from strength to strength and now has 128 High School Ambassadors, 70 Police Scotland Youth Volunteer Ambassadors, 35 Ambassadors with a learning disability and 50 Keep Safe Ambassador trainers across Scotland.

## **6. Building Safer Communities**

### **Best Bar None**

- 6.1 Best Bar None is an accreditation scheme which rewards high standards and good practice in the licensed trade sector. The Scottish Business Resilience Centre (SBRC), who run the Best Bar None scheme in Scotland, are providing the administration and assessment for the Renfrewshire scheme this year. 7 Renfrewshire venues applied to the scheme this year, and all have achieved Gold standard. 4 of these venues applied for consideration to the National Awards and 2 venues, Bar Varia (Independent Bar) and Kilty Kilty (Innovation in Social

Responsibility) were the short-listed as national finalists in the Best Bar None Scotland Awards in March 2018.

## **7. Diversionary Activities**

### **Street Stuff**

- 7.1 Street Stuff continues to deliver a variety of activities throughout Renfrewshire. There were 31,218 recorded attendances in 2017/18. In addition to the normal scheduled timetable during this quarter, extra afternoon sessions were arranged during the school holidays in February at the Paisley 2021 Stadium with attendances averaging 65 per day. Activities during these sessions included football, dance and bus activities. Each participant at the sessions was provided with a healthy meal.
- 7.2 The table below shows Street Stuff activity and attendance in the Paisley South LAC area from January to March 2018:

Venue	Attendance
Lochfield Marshes	27
Gleniffer HS	300
Glenburn CC	190
St Andrews	31
Total	548

- 7.3 Funding from this LAC in 2017/18 has allowed Street Stuff to deliver extra sessions in local areas. In total Street Stuff has provided 8 sessions over 6 days per week in the winter months in the Paisley South LAC area. The Street Stuff buses are also out during the 6 evenings and are moved depending on need and the requirements of the young people.

(Details of Street Stuff activities and the up to date timetable are available on the council's website using the following link  
<http://www.renfrewshire.gov.uk/article/2381/Street-Stuff.>)

### **StreetDoctors**

- 7.4 Violence is the third leading cause of death in young people in the UK. Many of the deaths occur because people that are witness to violence panic and do not know how to help. Others do not know the consequences of violence, for example many young people believe that a person will only die if they are stabbed in the chest.
- 7.5 StreetDoctors is a charity that works to end youth violence by giving young people at risk of violence the skills and confidence to be able to help in a medical emergency, whilst also teaching them the true medical consequences of violence. In 2017, 84% of young people attending StreetDoctors sessions said that they would be willing to act if someone needed first aid, and 95% said that they understood the consequences of violence. StreetDoctors training is taught by a group of over 350 volunteers who are either medical students or junior doctors.

- 7.6 Street Stuff staff received StreetDoctors training on 21 February 2018. The training session covered 'What to do when someone is bleeding' and 'What to do when someone is unconscious'. It showed the medical consequences of carrying a knife, and offered a safe space to discuss willingness to help a victim. This lifesavers training will now be rolled out to young people in Renfrewshire at various Street Stuff venues throughout 2018.

**Heading:** Update on the Review Of Community Level Governance Arrangements

---

**1. Summary**

- 1.1 Renfrewshire Council approved in December 2017 a second phase of consultation on the Review Of Community Level Governance Arrangements, to take place between 22 January and 15 April 2018. The purpose of this consultation was to seek views on a set of nine proposals for change that were based on views expressed during the first period of consultation during autumn 2017.
- 1.2 Engagement took place based on a consultation paper, with responses invited either online or in hard copy. Public meetings and drop-in sessions were also held to enable face-to-face discussion on the proposals. The proposals were also presented and discussed at all five Local Area Committee meetings and officers also attended meetings of community groups on request.
- 1.3 A paper setting out the response to the consultation on the Review of Community Level Governance Arrangements was submitted to Renfrewshire Council on 3 May 2018 and was agreed. This paper is attached for information.
- 1.4 The next stage of the Review will be to develop finalised proposals, taking into account the views expressed during the consultation period,

for agreement by Renfrewshire Council at its meeting on 28 June 2018. Recommendations of this report will be implemented during 2018/19, with continuing dialogue with communities on the details of this implementation.

---

## 2. **Recommendations**

### 2.1 Members are asked to:

- Note the responses to the second phase of consultation on the Review of Community Level Governance Arrangements
  - Note the arrangements for development and implementation of finalised proposals regarding the review.
- 

## 3. **Background**

- 3.1 In 2016, Council agreed changes to the governance arrangements for the Community Planning Partnership, and as part of this work it was agreed that a review of the Local Area Committees (LACs) would be carried out.
- 3.2 The aim of the review is to assess the Local Area Committees as a model of community level governance, and make recommendations for a future model. The review included the form and function of Local Area Committees, along with the Local Area Committee grant funding.
- 3.3 In December 2017, a paper was taken to Council outlining the key findings from the Local Area Committee review (and engagement activities) and Council agreed that consultation could commence on the proposals submitted.
- 3.4 The second phase of consultation that took place between 22 January and 15 April 2018 sought feedback on nine proposals that were developed using evidence from the review of Local Area Committees.
- 

## **Implications of the Report**

1. **Financial** - It is possible that the administration of new arrangements could have financial implications for the Council. These will be

developed and presented as part of any changed proposals presented to future Council meeting.

2. **HR & Organisational Development** - There are no HR implications arising from this report. There may be organisational development implications for a future model, as it is possible that there will be training requirements for officers as part of the transition to any new model.
3. **Community/Council Planning –**  
  
**Community Plan - Our Renfrewshire is well** – This priority of the Community Plan explicitly refers to the review of community level governance, and in particular that communities are best place to support themselves and articulate their own needs.  
  
**Council Plan - Building strong, safe and resilient communities** – A key priority within the Council plan is to ‘Strengthen existing community networks and empowering local people to become more involved in their area and the services delivered there.’
4. **Legal** - Any future change to Local Area Committee arrangements would be likely to have governance implications for the Council. These will be developed and presented as part of any changed proposals presented to future Council meeting.
5. **Property/Assets** - Not applicable
6. **Information Technology** - Not applicable
7. **Equality & Human Rights** - The proposals discussed within the paper should improve participation and representation of communities and enable groups to have more voice and influence in the shaping and scrutiny of public services.
8. **Health & Safety** - Any health and safety implications would be considered in the delivery of the consultation, and moving forward in any new arrangements developed.
9. **Procurement** – Not applicable.
10. **Risk** - Not applicable

- 11. **Privacy Impact** - Not applicable
- 12. **Cosla Policy Position** – Not applicable

**Heading:** Review of Community Level Governance Arrangements

---

**1. Summary**

- 1.1 The aim of the review of Community Level Governance arrangements is to assess the Local Area Committees as a model of community level governance, and make recommendations for future models.
- 1.2 In December 2017 Council approved a consultation to take place early in 2018, which took place between 22 January and 15 April 2018. The consultation was based on a set of nine proposals for a new model, which were developed following an engagement exercise around the existing model of Local Area Committees in late 2017.
- 1.3 Responses to the nine proposals were sought through electronic and paper-based surveys, meetings of Local Area Committees, public meetings and drop-in sessions, facilitated sessions and attendance at meetings of community organisations.
- 1.4 This paper outlines a summary of key findings of the consultation, with a more detailed report attached at Appendix A.
- 1.5 The full set of finalised proposals and supporting processes will be presented to Renfrewshire Council on 28 June 2018 for approval.

---

## 2. **Recommendations**

### 2.1 It is recommended that members:

- Note the results of the consultation on the review of community level governance arrangements outlined at Section 4 of the report
- Agree that further development of proposals can be carried out, to be brought back to Council in June 2018.

---

## 3. **Background**

3.1 In 2016, Council agreed changes to the governance arrangements for the Community Planning Partnership, and as part of this work it was agreed that a review of the Local Area Committees (LACs) would be carried out.

3.2 The aim of the review is to assess the Local Area Committees as a model of community level governance, and make recommendations for a future model. The review included the form and function of Local Area Committees, along with the Local Area Committee grant funding.

3.3 In December 2017, Council noted the findings of the Local Area Committee review, and approved a consultation exercise could commence based on 9 proposals developed from the findings of the review.

3.4 The consultation took place over a 12 week period between 22 January and 15 April 2018. A range of opportunities was put in place inviting comment on the nine proposals:

- Paper consultation document
- Online survey
- Public events in Johnstone and Paisley
- Drop in events in Lochwinnoch, Bishopton, Erskine, Renfrew and Linwood.
- Facilitated sessions with STAR Project, Renfrewshire Effort To Empower Minorities, ROAR Connections For Life, Erskine Music and Media, CREATE Paisley, Street Stuff and Active Communities.
- Presentations at all five Local Area Committees
- Invited attendance at meetings of Renfrewshire Youth Voice, Hawkhead and Lochfield Community Council, Elderslie Community Council and Ralston Community Council.

- 3.5 173 survey responses were received, with 274 attendees at various events. This does not include stakeholders who were updated at formal Local Area Committee meetings.

#### 4. **Summary of findings**

- 4.1 **Aims:** Proposals within the consultation paper detailed a renewed set of aims, and a specific proposal for a primary aim of the new arrangements to be identifying, setting and sharing local priorities. The consultation also sought views on 'rebranding' Local Area Committees, moving the focus from a committee function to a partnership function. Key themes emerging from the consultation included:

- 78% of survey respondents strongly agreed or agreed that aims of community level governance arrangements should be refreshed
- Supportive that new arrangements should promote better connections and networks
- Support for local priority setting
- More meaningful discussion between communities and public services and active encouragement of community participation identified as important to achieve better partnership working
- Identified potential for a more meaningful agenda across the year
- Broad support for moving to partnership model from committee model (61% of survey respondents strongly agreed or agreed), but recognition there is a need for a sound structure for meetings
- Quality facilitation at meetings and conditions for genuine community participation identified as key to culture change
- New model should not duplicate or diminish the role of community councils

- 4.2 **Membership:** Proposals within the consultation paper included widening voting rights within the new partnership arrangements, and a greater role for relevant partner organisations. The consultation sought views on proposals to move from formal committees of the Council to part of the Community Planning Partnership structures. Key themes emerging from the consultation included:

- Strong support for extending voting rights (77% of survey respondents strongly agreed or agreed)
- Areas without Community Councils should be effectively represented

- Clarity needed around roles and responsibilities from the outset
- There was broad consensus that partnerships should not be party political in nature when voting
- Strong support for an increased role for other public services playing a greater role (86% of survey respondents strongly agreed or agreed)
- Scope for more meaningful discussion about issues and developments, rather than presentation of statistical reports
- Key is quality of reports and presentations, rather than number of partners round the table
- Strong support for engagement with the wider community beyond those attending meetings (87% of survey respondents strongly agreed or agreed)
- Community Councils and Community Development Trusts were named as organisations that would play a key role in facilitating this
- Other communication channels should be used to support communication, including social media, with recognition that some people do not use digital channels
- Young people felt youth activities funded could be promoted through schools

#### 4.3

**Boundaries:** Proposals within the consultation paper detailed a proposal to move from using Ward boundaries to Community Council boundaries, and sought views on a proposed model which moves to 7 areas instead of 5. Key themes emerging from the consultation included:

- 56% of survey respondents strongly agreed or agreed that boundaries should be based on Community Council boundaries rather than Ward boundaries, and 56% agreed with the proposed groupings.
- Recognising different issues in villages and towns was supported and endorsed, particularly the grouping of villages
- Support for the realignment of the Gallowhill area with Paisley, as opposed to Renfrew in the current arrangements
- Support for Linwood being aligned with Johnstone
- Some concerns about the practicality of resourcing seven areas
- A number of concerns raised by Elderslie residents, who had preference to be part of the village grouping due to common interests

- There were also some concerns raised from Paisley East residents about the grouping of Community Council areas in the east of the town and its relationship to the town centre

4.4 **Meetings:** Proposals within the consultation paper focused on how meetings can become more accessible and participative, and the consultation sought views on how this could be best achieved. Key themes emerging from the consultation included:

- 86% of survey respondents strongly agreed or agreed meetings should become more accessible and participative
- Broad support for changes in meeting style, with less formal meetings in surroundings more comfortable, and an emphasis on accessibility issues supporting a change of culture
- Greater opportunity for discussion and a reduction in paperwork would be a positive change
- Agenda still needs to be shaped and managed to ensure meaningful business is conducted
- Welcoming environment for new members raised as an important factor for positive partnership culture

4.5 **Grants:** Proposals within the consultation paper focused on refocusing locally distributed grants on local projects (and aligned to local priorities), and providing an alternative process administered by officers for Renfrewshire wide proposals (which is aligned to Community Planning priorities). The consultation also sought views on a proposal to carry out a participatory budgeting exercise with money allocated to the Youth Challenge fund. Key themes emerging from the consultation included:

- Support for grants to be focussed on local projects rather than Renfrewshire wide projects (84% of survey respondents strongly agreed or agreed funding should be focussed locally, with 67% strongly agreeing or agreeing with 'multi-LAC' applications being administered centrally)
- Recognition that removing a percentage of resource from the local budget would result in less to allocate, and keenness to see the detail of this proposal
- Transparency and accountability should be guiding principles for grant allocations
- Eligibility criteria should be revised, with difference on what people felt this should focus on

- Organisations should be supported to become more sustainable
- Support for participatory budgeting processes (81% of survey respondents strongly agreed or agreed new arrangements should give choice for participatory budgeting), with assurance on actual mechanisms selected and whether these are fair and transparent
- Considerable interest among young people about being involved in a participatory budgeting process (77% of survey respondents strongly agreed or agreed young people should decide on the allocation of the Youth Challenge Fund through a participatory budgeting exercise), recognising the method chosen would be key to encouraging participation

## 5. **Next Steps**

- 5.1 The proposals outlined within the consultation paper will now be developed in more detail, taking into consideration the feedback received during the consultation period.
- 5.2 These detailed proposals and processes will be submitted to Council in June for consideration, including a timeline for the implementation of the new model.
- 5.3 The development of the future grants processes will also be aligned to the new approach outlined in the 'Support to Community Organisations' paper submitted to Council on 3<sup>rd</sup> May 2018, and to the development of the Community Empowerment Fund which will be brought to Council for consideration at Council in June 2018. It should be noted that this represents a significant opportunity to simplify and align the support provided to community organisations.

## **Implications of the Report**

1. **Financial** - It is possible that the administration of new arrangements could have financial implications for the Council. These will be developed and presented as part of any changed proposals presented to future Council meeting.
2. **HR & Organisational Development** - There are no HR implications arising from this report. There may be organisational development implications for a future model, as it is possible that there will be training requirements for officers as part of the transition to any new model.

3. **Community/Council Planning –**

Community Plan - Our Renfrewshire is well – This priority of the Community Plan explicitly refers to the review of community level governance, and in particular that communities are best place to support themselves and articulate their own needs.

Council Plan - Building strong, safe and resilient communities – A key priority within the Council plan is to ‘Strengthen existing community networks and empowering local people to become more involved in their area and the services delivered there.’

4. **Legal** - Any future change to Local Area Committee arrangements would be likely to have governance implications for the Council. These will be developed and presented as part of any changed proposals presented to future Council meeting.

5. **Property/Assets** - Not applicable .

6. **Information Technology** - Not applicable

7. **Equality & Human Rights** - The proposals discussed within the paper should improve participation and representation of communities and enable groups to have more voice and influence in the shaping and scrutiny of public services.

8. **Health & Safety** - Any health and safety implications would be considered in the delivery of the consultation, and moving forward in any new arrangements developed.

## About this report

The report provides an overview of consultation responses as part of Renfrewshire Council’s review of community level governance arrangements. It gives a summary of how the consultation was carried out and key themes that emerged from the consultation. It includes information and a breakdown of how people responded to the survey, and examples of comments that were shared in survey responses and at events people participated in.

## About the consultation

The consultation took place between 22 January and 15 April 2018. This consultation built on information emerging from the initial consultation period that took place in autumn 2017. The subject of the consultation was a set of nine proposals, grouped under the five thematic headings of Function, Membership, Boundaries, Meetings and Grants.

The survey was available to be completed either on-line via survey monkey or in paper format. A total of 173 surveys were completed and returned. Most of the surveys were completed by individuals, with eleven submitted on behalf of community organisations and nine by sporting and cultural organisations.

In addition to the survey format, a series of events were held in communities throughout Renfrewshire to generate discussion on the proposed changes to Community Level Governance Arrangements, gauge the level of support and capture any other comments. A total of 274 people attended these events, excluding attendance at Local Area Committees.

- Public events in Johnstone and Paisley
- Drop in events in Lochwinnoch, Bishopton, Erskine, Renfrew and Linwood.
- Facilitated sessions with community led organisations
- Presentations at all five Local Area Committees
- Invited attendance at meetings of Renfrewshire Youth Voice, Hawkhead and Lochfield Community Council, Elderslie Community Council and Ralston Community Council.

Two public events were held in Johnstone Town Hall and Paisley Town Hall. At these events, speakers set out the proposals, before group discussions took place in a workshop format. Feedback on each of the proposals was captured on flipchart paper.

Smaller-scale open drop-in sessions were held in a number of locations in communities across Renfrewshire to enable people to take part in discussion about the proposals and have their views recorded. These were held in Renfrew, Linwood, Bishopton, Lochwinnoch and Erskine.

A number of community groups led their own drop-in sessions, supported by Renfrewshire Council staff. These sessions focused on speaking to groups with members who would be less likely to attend events for the general public. Discussions at these sessions were framed around the proposals, but tailored to reflect the interests of the particular group. These were facilitated by ROAR, Renfrewshire Effort to Empower Minorities, Erskine Music and Media, Active Communities, STAR Project, Street Stuff and CREATE Paisley.

Presentations on the nine proposals of the Review of Community Level Governance were made at all five Local Area Committee meetings in February/March 2018 and also at the meetings of Renfrewshire Forum For Empowering Communities and Renfrewshire Community Councils Forum. Each of these sessions provided opportunities for individuals and organisations to make comments on the proposals and ask questions about the process.

At all events, an open invitation was extended to attend any other meetings as requested by organisations to discuss the proposals. As a result of this offer, presentations were also given at meetings of Hawkhead and Lochfield Community Council, Elderslie Community Council and Ralston Community Council.

## Function

### Proposal 1: Refresh the aims

Respondents were asked if they agree with the proposed aims of new arrangements and for any additional comments.

The proposed key aims include:

- Make connections and networks between community groups and the wider community.
- Identify, set and share local community priorities.
- Listen to, consult and represent local communities.
- Distribute grants to support local activities

78% of survey respondents strongly agreed or agreed that aims of community level governance arrangements should be refreshed

“For some public sector organisations and frontline services, LAC's can provide important opportunities for partners to work together effectively beyond receiving grant awards.” (Survey respondent)

“Local government should work closer with communities to help them improve their areas” (Survey respondent)

Discussion at events supported the proposal that the new arrangements should promote better connections and networks between the wider communities.

“It's not just about the grants!! Real opportunity for joint working, collaborative/coproduction.” (Event attendee)

More meaningful discussion between communities and public services and active encouragement of community participation at the meetings were identified as being important to achieve better partnership working across communities.

“The structure outline puts organisations and local elected members as the key driver (and members) of the new structures when in fact it should be the community itself , residents and so on who have the greatest influence.” (Survey respondent)

The potential for partnerships to have a meaningful agenda across the whole year, rather than focus primarily around grants, was recognised. The opportunity for local communities to be engaged in setting and sharing priorities was regarded as a positive development.

## Proposal 2: Move from “committees” to partnership

Respondents were asked if they agree with the proposed approach and for any additional comments.

The principle of moving from a Council committee model to a partnership model was broadly supported (61% of survey respondents strongly agreed or agreed), but with the caveat that there was still need for a sound structure for the meetings.

It was recognised that the key to achieving a change to an effective partnership culture would be the quality of facilitation at meetings and creating the conditions for genuine community participation. One of the ideas was for the chair to be a community participant, rather than an Elected Member, to signify the change to a community-led approach.

“I don't really see what significance it has if it's called a committee or a partnership. Again, it sounds good in theory, but in practice, I don't think it will make any difference to the current set up.”  
(Survey respondent)

“Committee feels authoritarian, whereas Partnership sounds more inclusive” (Event attendee)

One issue that was raised regarding the proposed new functions was about how this relates to business conducted through community councils. It is important that the proposed partnerships are connected to Community Council business, but does not duplicate or diminish the role of community councils.

“Needs to be good distinction from Community Councils” (Event attendee)

There were some concerns raised regarding scrutiny and accountability of the new partnerships, relating to the proposed move from a formal committee of the Council to part of the Community Planning Partnership governance structure.

“Concern that this will reduce the scrutiny and democratic accountability of these new partnerships and that there is no formal or statutory code of conduct for community members” (Survey respondent)

### Summary of survey responses

## Membership

### Proposal 3: Voting rights extended

Respondents were asked if they agree that voting rights should be extended and for any additional comments.

There was strong support for extending voting rights within the survey (77% of survey respondents strongly agreed or agreed), with the proposed extension of voting rights to community members to create a balance between community and Elected Member votes supported in principle by event attendees.

“Current arrangements re voting are disenfranchising and need to be changed to get better community involvement.” (Survey respondent)

“Extending voting and giving wider voice and listening to non biased points of view can only be a positive step.” (Survey respondent)

Some issues were raised with regard to ensuring that areas that do not currently have active Community Councils are effectively represented and ensuring that there is clarity from the outset regarding roles and responsibilities.

“The criteria for deciding on community members has to be carefully considered.” (Event attendee)

“I would only see this being good if there were equal number of representatives from each village/town regardless of the size of the population in those areas, otherwise smaller villages would never get heard” (Survey respondent)

There was broad consensus that local partnerships should not be party political in nature when voting is required. However, some concerns were raised about extending decision making powers beyond elected members to community representatives with no democratic mandate.

“It would be good to de politicise the meetings and have an equal balance of votes between elected members and community representatives” (Event attendee)

“How can someone without an elected mandate be given an equal vote to someone who has?” (Event attendee)

### Summary of survey responses

Do you agree that voting rights should be extended?

	No of respondents	% of respondents
<b>Strongly Agree</b>	37	21%
<b>Agree</b>	52	30%
<b>Neither agree nor disagree</b>	13	8%
<b>Disagree</b>	9	5%

#### Proposal 4: Other public services play a greater role

Respondents were asked if partners should play a greater role and for any additional comments.

There was strong support for an increased role for other public services playing a greater role (86% of survey respondents strongly agreed or agreed).

*"I think it would be useful for their attendance at meetings as their organisations affect communities."* (Survey respondent)

*"Yes... it will be a challenge for one Individual to represent whole organisations and this should be considered when considering the role of these representatives"* (Survey respondent)

A shared partnership approach was supported by people attending face to face events. People felt that there was scope for more meaningful discussion about issues and developments, rather than presentation of statistical reports.

*"I would not want the meetings to be strangled by a series of bureaucratic reports."* (Survey respondent)

The key to public service input to local community governance was seen as being the quality of reports, presentations and relationship to the partnership, rather than the number of partners round the table.

*"Yes and be answerable by reporting back with decisions"* (Event attendee)

Renfrewshire Leisure Limited was identified as a partner that could have an enhanced role in the local governance in order to engage about both facilities and activities to encourage health and sport within Renfrewshire. Increased awareness of the role of Engage Renfrewshire in supporting community capacity building was also identified as an area for development.

There were a number of suggestions regarding further partner organisations which people felt should have a presence at the partnerships, for example, the ambulance service and fire service. It was recognised that many public sector organisations may not have the capacity to attend the partnerships.

*"What about the private sector? And involvement should not mean attendance at meetings - e.g. Police Scotland don't have the resources for this"* (Survey respondent)

## Summary of survey responses

Do you agree that partners should play a greater role?

	No of respondents	% of respondents
<b>Strongly Agree</b>	26	15%
<b>Agree</b>	69	40%
<b>Neither agree nor disagree</b>	13	8%
<b>Disagree</b>	2	1%
<b>Strongly Disagree</b>	1	1%
<b>No answer</b>	62	36%
<b>Total</b>	173	100%

## Proposal 5: Wider engagement with the community

Respondents were asked if partnerships should engage with the wider community, how this would be best achieved and for any other comments.

There was strong support for engagement with the wider community beyond those attending meetings (87% of survey respondents strongly agreed or agreed). The principle of engagement with the wider community beyond those attending meetings was also supported at the face to face meetings.

*"I agree wider engagement is essential as many people don't even know Local Area Committees exist." (Survey respondent)*

The role that Community Councils and other community groups can play in gathering information on community views and communicating information from partnerships was discussed and was broadly supported. In particular, Community Development Trusts were mentioned as organisations that could particularly play an enhanced role in being information conduits to and from the local community governance arrangements.

It was also felt that other communication channels such as social media and the Well In Renfrewshire portal could be used to support communication. However, there were some concerns

about over-use of social media and digital channels and how this might exclude people who are not online.

“I think you will have to try a number of different methods so that you reach the maximum no of partners. Be open about agendas , minutes where possible, Use social media, websites” (Survey respondent)

“Widening access should not solely rely on social media and digital channels - this will exclude many groups of people and defeat the purpose of widening engagement” (Survey respondent)

There were a number of comments about hosting occasional ‘event style’ meetings, and how this might be an effective way of engaging with parts of the community unlikely to attend more formal community meetings.

“Event style meetings can bring meaningful conversations enabling people to learn different perspectives.” (Survey respondent)

“Hold more social events, family friendly, generation friendly where you engage with people by hosting something engaging and have the community angle as a secondary reason to attend” (Survey respondent)

A particular idea identified by young people was about communicating the availability of activity for young people funded through the local community governance structures through schools. This would both widen the awareness of the important role of local community governance arrangements in funding local activity and also ensure that young people know about the activities available to them.

### Summary of survey responses

Do you agree that partnerships should engage more with wider community?

	No of respondents	% of respondents
<b>Strongly Agree</b>	39	23%
<b>Agree</b>	54	31%
<b>Neither agree nor disagree</b>	9	5%
<b>Disagree</b>	3	2%
<b>Strongly Disagree</b>	2	1%
<b>No answer</b>	66	38%
<b>Total</b>	173	100%

## Boundaries

### Proposal 6: Move from 5 areas based on ward boundaries to 7 based on community council boundaries

Respondents were asked if they agree with the proposed move from ward boundaries to Community Council boundaries and the proposed groupings. Respondents were also asked about the advantages and disadvantages of the proposed groupings in relation to specific areas.

56% of survey respondents strongly agreed or agreed that boundaries should be based on Community Council boundaries rather than Ward boundaries, and 56% agreed with the proposed groupings.

*"The changes will make the committees more community focused." (Survey respondent)*

*"More responsive to local needs, interests and population distribution" (Survey respondent)*

This was the proposal with least consensus, but analysis of survey responses shows the vast majority of dissent about the proposed boundaries was specifically around the placement of Elderslie with Johnstone and Linwood. The principle of recognising the different interests and issues in village and town areas was supported.

*"More consideration will be given to the needs of our rural villages which are somewhat different from the needs of Renfrewshire towns." (Survey respondent)*

*"I agree with move to CC boundaries, however localities need to be right fit" (Event attendee)*

However, some concerns were expressed regarding the practicality of resourcing seven areas. It was also recognised that the proposed new arrangements would result in Elected Members potentially having to attend two different partnership areas. While the move towards more local groupings was broadly welcomed, there was concern that the impact on the size of the budget for each grouping could lead to less engagement.

*"No advantage to increasing bureaucracy" (Survey respondent)*

*"Would that then change the councillors who attend?" (Event attendee)*

Regarding the proposed groupings, the following proposals were supported:

- Gallowhill aligned to a Paisley grouping, rather than Renfrew as is currently the arrangement.
- Villages in West Renfrewshire forming a grouping separate from Johnstone.
- Linwood being aligned with Johnstone.

Concern was expressed about the following proposals:

- Elderslie aligned with Johnstone and Linwood rather than the other villages. There was strong feedback from Elderslie that the area should be part of the village grouping, due to common interests.
- Paisley East aligned with other areas to the Eastern boundary of Paisley, rather than with the community council areas to its west.

“I think Elderslie will be at a disadvantage as it is much smaller than the other 2 areas and has different priorities. Would prefer it stays with other villages the same size with similar issues”  
(Survey respondent)

### Summary of survey responses

## Meetings

### Proposal 7: Meetings should become more accessible and participative

Respondents were asked if they agree with the proposals about meetings and what else could be done to support more accessible and participative meetings.

86% of survey respondents strongly agreed or agreed meetings should become more accessible and participative

There was broad support for the proposed changes in meeting style. It was considered that a less formal meeting style in surroundings that are generally more comfortable, but with an emphasis on accessibility issues, would support a change in culture.

*“More conscious effort to move away from LACs. Potential for real partnership but needs deliberate changes” (Event attendee)*

In particular, it was felt that meetings with greater opportunity for discussion and a reduction in paperwork would be a positive change in the culture of local governance arrangements. It was recognised, however, that agendas still had to be shaped and managed to ensure that meaningful business is conducted.

“Good start should be reviewed and based on feedback from attendees at each meeting. Need to consider balance of setting context and getting on with business” (Survey respondent)

Creating a welcoming environment for new members was raised as an important factor in developing a positive partnership culture.

“Needs to be more casual and inviting to encourage people to speak freely” (Event attendee)

There were a number of issues raised around awareness of meetings, and how clearly and openly they are promoted.

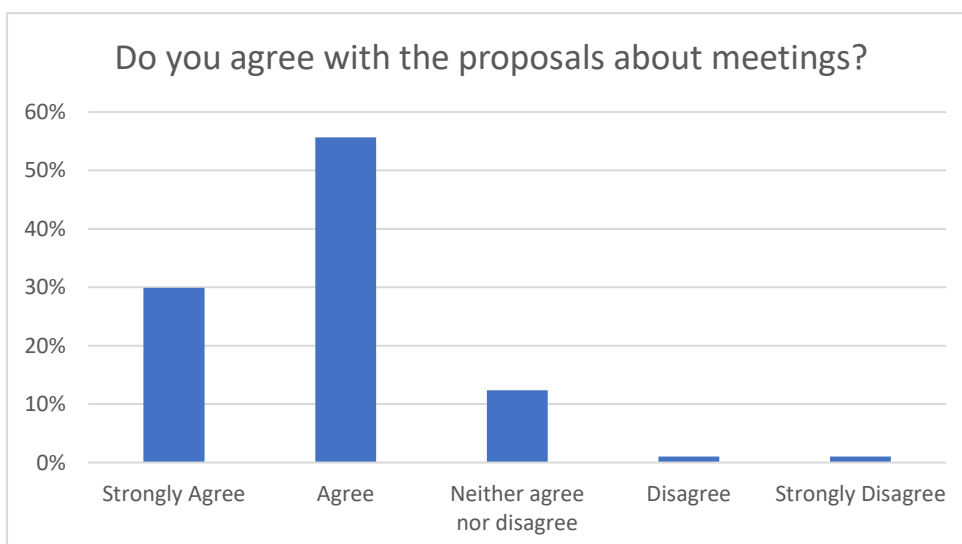

“These meetings are already open to the general public. It is the duty of local government to publicise the value of this body and invite them to meetings” (Survey respondent)

“Advertising the agenda of the meeting locally so residents know what will be discussed beforehand.” (Survey respondent)

### Summary of survey responses

Do you agree with the proposals about meetings?

	No of respondents	% of respondents
<b>Strongly Agree</b>	29	17%
<b>Agree</b>	54	31%
<b>Neither agree nor disagree</b>	12	7%
<b>Disagree</b>	1	1%

## Grants

### Proposal 8: Local Grants For Local Projects

Respondents were asked if they agree that funding should be focused on local projects, in line with the community priorities that have been identified and agreed. Respondents were also asked if “multi-LAC” applications should be administered through a central grant fund and for any other comments.

There was strong support for grants to be focussed on local projects rather than Renfrewshire wide projects (84% of survey respondents strongly agreed or agreed funding should be focussed locally, with 67% strongly agreeing or agreeing with ‘multi-LAC’ applications being administered centrally)

“The partnerships need to set priorities for funding and score applications according to those priorities” (Event attendee)

“Totally agree – keep it local, fair, relevant to communities” (Event attendee)

The proposal to focus discussion at local community governance arrangements on grants for local projects was supported at events. There was agreement that discussion about applications for Renfrewshire-wide projects should not be a focus at local structures. It was recognised, however, that there removing a percentage of resource from the local budget to fund Renfrewshire-wide applications would result in less resource being allocated through the local community governance arrangements.

“Funding should be fairly distributed, ensuring each area receives it's fair share. This does not happen at present.” (Survey respondent)

There was general agreement of the need for transparency and consistency to be guiding principles in the allocation of resources. Views were expressed that there should be revised eligibility criteria for allocation of funds, although there were differences in what people thought the criteria should or shouldn't focus on.

“There should be stricter funding criteria, with good follow up and evaluation, including what difference the project made” (Event attendee)

“Council departments should be excluded from applying for grants” (Survey respondent)

“There should be a sensible maximum amount (possibly £5k?) for local grants.” (Survey respondent)

There was also recognition that applicants for funding should be encouraged to seek out external sources of funding and become self-sustaining if possible to avoid recurring grant applications for the same project. Some views were expressed that grants should be available throughout the year, or at least twice per year.

“People applying for specific groups, i.e. sports grants should do it through other means such as Sports Scotland, community grants should be for the communities not for specifics.” (Survey respondent)

It was recognised that the detail regarding the size of the various budget pots would have an impact on whether people would support the proposed changes regarding grants in actuality.

As with meetings above, there were some concerns raised that funding processes and awards of funding should be more clearly promoted within communities.

“There are many good projects (several funded through the LAC), but they are not well advertised.”  
(Event attendee)

### Summary of survey responses

Do you agree that funding should be focused on local projects, in line with the community priorities that have been identified and agreed?

	No of respondents	% of respondents
<b>Strongly Agree</b>	34	20%
<b>Agree</b>	49	28%
<b>Neither agree nor disagree</b>	12	7%
<b>Disagree</b>	2	1%

### Proposal 9: Participatory Budgeting

Respondents were asked if they agree that new Local Governance Arrangements should be given a choice about using participatory budgeting, whether young people should decide allocation of the Youth Challenge Fund through participatory budgeting and for any other comments on participatory budgeting.

The proposal to allocate budgets through a Participatory Budgeting process was generally agreed in principle. However, it was noted that people would need to assured that the actual mechanism chosen was fair and transparent.

“This model has worked successfully in some local authorities” (Survey respondent)

“Participatory Budget is fairer as it has the support of local groups – it is more democratic” (Event attendee)

“It is good practice to let public to vote. Participatory budgeting also brings people together.” (Event attendee)

“The PB event should be properly advertised and organised and discharged in a professional manner” (Survey respondent)

There was strong support for a youth-led participatory budgeting process (77% of survey respondents strongly agreed or agreed young people should decide on the allocation of the Youth Challenge Fund through a participatory budgeting exercise), recognising the method chosen would be key to encouraging participation.

“How will this work? Need to get a wide range of young people from different backgrounds” (Survey respondent)

Young people in particular were considerably interested in this opportunity, but felt generally that young people should be more clearly involved in the allocation of funding for youth activities.

“For the youth related funding, there could be the requirement that for proof that young people are involved in the project and have been involved in the application” (Event attendee)

“I don't believe young peoples voice will actually be taken into account, other than on paper.”  
(Survey respondent)

**To: Paisley South Local Area Committee**

**On: 29 May 2018**

---

**Report by: Director of Finance & Resources**

---

**Heading: Grant Feedback Report – 2017/18 Awards**

---

## **1. Summary**

1.1 The purpose of this report is to provide some detail on projects that were funded by the Paisley South Local Area Committee (LAC) in 2017/18.

1.2 Providing regular feedback to LACs increases accountability and helps LACs identify clear community outcomes from grants awarded to community groups. It is also a condition of grant that groups account for their income and expenditure and set out the community benefits and other outcomes of their LAC grant awards.

---

## **2. Recommendations**

2.1 The LAC is requested to note the report.

---

## **3. Background**

3.1 This report provides an overview of feedback submitted by a number of the successful grant applicants who were funded by the Paisley South LAC in 2017/18. It should be noted that most groups submitted the feedback forms well before the end of the financial year end for 2017/18 to comply with reporting deadlines and the information provided gives an indication of spending to the date of submission rather than for the full spend of the project.

### 3.2 Heriot Primary Parent Council

3.2.1 The group was awarded £9,800 by this LAC for an outdoor physical exercise project at the school. The grant has helped to purchase two combined football and basketball frames and lay a 'daily mile' circuit.

### 3.3 The Thursday Club

3.3.1 The group was awarded £3,050 by this LAC which has helped to fund exercise classes, quiz sessions and hall rent.

### 3.4 Paisley Opera

3.4.1 The group was awarded £10,000 by this LAC which has been used to present a programme of 'pop-up' performances throughout the area with an estimated audience of 1,438 people, to purchase a keyboard and sheet music, to make payments to professional singers and pianists for the pop-up events and to cover administration costs.

### 3.5 Cathedral Club

3.5.1 The group was awarded £599 by this LAC. This helped to purchase a bingo machine and a lockable filing unit and contribute part of the costs of summer and Christmas outings.

### 3.6 Cornerstone Drop-in Centre

3.6.1 The group was awarded £115 by this LAC. This helped to meet the insurance and utility costs for the Centre's use of the Holy Trinity Church.

### 3.7 St Columbas Parish Playgroup

3.7.1 The group was awarded £2,562 by this LAC to cover the playgroup's hall rental costs. The playgroup ceased to operate following the grant award and £1,914 was returned to the LAC.

### 3.8 Fitting-in

3.8.1 The group was awarded £325 by this LAC. This has been used to help meet the cost of activities for disadvantaged young people, including bus hire, hire of the Bield Centre, a children's first aid course, trips to Xscape, Heads of Ayr and Mugdock Park and Co-ordinator costs.

### 3.9 Glenburn Stroke and Disability Group

3.9.1 The group was awarded £1,166 by this LAC. This was used to help meet the costs of hall lets, the engagement of an arts tutor, printing and stationery, art materials and social activities.

### 3.10 I Am Me Scotland – My Name is Charlie Project

The group was awarded £614 by this LAC. The funding was used to create and promote a new learning resource for primary schools which raised issues relating to autism.

### 3.11 Lamont Farm

3.11.1 The group was awarded £614 by this LAC. This helped to meet the general operating costs of the farm including the purchase of insurance, animal feed and bedding and paying for dentist and farrier services.

### 3.12 Loud n Proud

3.12.1 The group was awarded £737 by this LAC. The Bungalow musical was due to be held over three evenings, 1-3 March 2018. Unfortunately the performances on 1 and 2 March had to be cancelled as a result of the heavy snowfall which resulted in Renfrewshire Leisure facilities, including the Town Hall, being closed. The performance on 3 March 2018 did go ahead. However, the financial implications for the two performance cancellations and ticket refunds have still to be assessed and reported.

### 3.13 Meikleriggs Cricket Foundation

3.13.1 The group was awarded £1,443 by this LAC for a community coaching project. The grant helped to meet the cost of cricket coaching, equipment and venue hire.

### 3.14 Oakshaw Trinity Friendly Hour

3.14.1 The group was awarded £123 by this LAC. The grant has enabled the group to provide transport for less mobile members which allows them to attend the weekly meetings.

### 3.15 PACE Theatre Company

3.15.1 The group was awarded £348 by this LAC. This helped to fund one support package for a disadvantaged young person from this LAC area to attend PACE Theatre School.

### 3.16 Paisley & District Scout Association

3.16.1 The group was awarded £767 by this LAC to assist with an inter-cultural exchange camp in Poland. The grant was used to purchase equipment for the visit, pre-event training and engagement with the local Polish community and help meet the cost of activities in Poland.

### 3.17 Paisley Florist Society Gardening Club

3.17.1 The group was awarded £46 by this LAC which was used to help run the group's annual show.

### 3.18 Paisley Guitar Group

3.18.1 The group was awarded £190 by this LAC. Operating from the Sunshine Recovery Café, the grant has enabled the group to provide guitar tuition to people in recovery from various addiction issues.

### 3.19 Paisley People's Archive

3.19.1 The group was awarded £162 by this LAC which was used to research, prepare and produce a booklet on Paisley's heritage.

### 3.20 Paisley Pirates

3.20.1 The group was awarded £614 by this LAC to help meet ice costs which is charged to the team at £191 per hour.

### 3.21 Phoenix Flyers

3.21.1 The group was awarded £307 by this LAC. This grant contributed towards the cost of a ride-on lawnmower, radios and display equipment.

### 3.22 Rainbow Turtle

3.22.1 The group was awarded £461 by this LAC. This helped to fund an education officer post to help deliver school talks and other educational programmes.

### 3.23 Charleston Tenants' Association

3.23.1 The group was awarded £2,000 by this LAC for social activities. This helped to cover the cost of a pantomime trip for the tenants, a trip to Stirling and dinners.

### 3.24 Rays of Hope

3.24.1 The group was awarded £1,000 by this LAC. This cancer support group used the grant to fund instructor fees, hall rental, marketing, respite assistance and craft supplies.

### 3.25 RSPB Renfrewshire Local Group

3.25.1 The group was awarded £37 by this LAC. This helped to meet the cost of purchasing a new laptop and projector for use by guest speakers at local meetings.

### 3.26 The Breastfeeding Network

3.26.1 The group was awarded £430 by this LAC. This has helped the group to continue providing breastfeeding support to families in Renfrewshire, support existing volunteers and attend local events and gala days.

### 3.27 Twist and Hit Cheerleaders

3.27.1 The group was awarded £1,230 by this LAC. The award helped to purchase a sprung floor for tumbling exercises, mats and a sound system and provide a training course and safety training aids.

### 3.28 Walking Tours on Wheels

3.28.1 The group was awarded £246 by this LAC. This helped the group to update its presentational equipment through the purchase of a laptop, mini projector and tripod, carry bags and software and the printing of information leaflets.

### 3.29 St James' Orchestra

3.29 The group was awarded £300 by this LAC which has been used to meet the cost of rehearsal and performance accommodation. The orchestra has been able to book larger concert venues and add a spring concert to its schedule.

### 3.30 Ferguslie Cricket Club – Sight Screens

3.30.1 The group was awarded £2,000 by this LAC which has been used to repair and, where necessary, replace the existing sight screens at the cricket club's ground.

### 3.31 Greensyde Carers

3.31.1 The group was awarded £30 by this LAC which helped to purchase tracksuits for members of the Milldale Athletic Team as part of a wider project to support adults with learning disabilities fulfil their full potential in sports.

### 3.32 The Neighbourhood Challenge

3.32.1 The group was awarded £307 towards the cost of setting up this community group in the Paisley Canal area. The grant award was used to purchase a laptop, establishment of a website ([www.theneighbourhoodchallenge.co.uk](http://www.theneighbourhoodchallenge.co.uk)) and cover various design and printing costs.

### 3.33 2175 Rolls Royce Air Training Corps

3.33.1 The group was awarded £189 by this LAC. The grant helped to fund the purchase of a training remote controlled plane, flight simulator and laptop and software.

### 3.34 Braehead Junior Ice Hockey Club

3.34.1 The group was awarded £212 by this LAC. This has been used to subsidise the cost of ice hire for the club, reducing the cost to the children participating in the sport.

### 3.35 Girls Brigade Renfrew Division

3.35.1 The group was awarded £74 by this LAC. This helped to fund an explorer activity day, a Division-wide competition and the cost of an engraved trophy.

### 3.36 Renfrewshire Youth Voice

3.36.1 The group was awarded £280 by this LAC towards the cost of the Positive About Youth Awards 2017. The majority of the funding was used for venue hire and technical assistance with the remaining funding being used for general costs associated with funding the event.

### 3.37 5<sup>th</sup> Paisley Girls Brigade

3.37.1 The group was awarded £1,500 which has been used to pay for materials for badgework during the 2017/18 session, participation in divisional competitions and the annual company outing.

### 3.38 Double H Lunch Club

3.38.1 The grant award of £300 has helped to provide two course lunch meals to elderly members of the club. The group has advised that by meeting hall rental costs the grant award helps to bring people together in a safe and friendly environment.

### 3.39 Renfrewshire Bowling Association Under 25s

3.39.1 The Bowling Association was awarded £184 by this LAC which helped to fund the purchase of jackers for the young bowlers and the hire of coaches to take them to competitions.

### 3.40 The Boys Brigade Paisley & District Battalion

3.40.1 The group was awarded £154 by this LAC which has been used help offset total divisional running costs of £27,161.

### 3.41 Renfrewshire Sports Network

3.41.1 The group has advised that it has disbanded and 2017/18 awards will be returned to LAC budgets.

### 3.42 Feis Phaislig

3.42.1 Feis Phaislig was awarded £310 by the LAC which helped to offset venue costs of £3,400 for the project. The group has advised that 40 young people took part in the traditional music tuition provided and that over 100 people attended each of the school concerts, public events and end-of-term showcase performed by the young people.

### 3.43 Shopmobility

3.43.1 The LAC awarded £92 to Shopmobility which has been used to help pay for the insurance premiums for the group's fleet of mobility scooters.

### 3.44 No Substitute for Life Suicide Memorial Tournament

3.44.1 RAMH was awarded £115 by this LAC towards the cost of the suicide awareness 5-a-side football tournament. The group estimated that 500 people attended the event with the grant being utilised to cover the cost of a marquee, trophies, referees, first aid, balloons, photographer, PA system and hire of the sports centre.

### 3.45 Renfrewshire Access Panel

3.45 This LAC awarded the Access Panel £614 which has contributed towards the group's running costs. The Access Panel advises that the grant has helped the group to continue its work ensuring that Renfrewshire infrastructure is accessible to all, providing computer classes at Riverbrae school and promoting the campaign for changing places toilets.

### 3.46 Phoenix Activities Group

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The project aims to clean up and landscape an area of the school grounds which is over grown and unusable. We propose to level the ground, repair existing fencing, clear rubbish and debris and provide seating. The area will then be able to be used for outdoor education, eco projects and by both pupils and parents as a social area. The need was identified by the pupil council who surveyed the children on how we could further upgrade the school grounds. They found that pupils would like an outdoor area where they could socialise and also where they could take part in eco projects and other outdoor learning. They stated that it would be nice for parents to have a nice clean area with seats in which to sit and wait for their children. The area will be completely landscaped by a professional gardener who will level the site, repair and paint existing fencing and remove all debris from the site. The project will take place in August when the school resumes from the summer break. Seating will be purchased and fitted by a company to apply with health and safety requirements. Pupils and parents will be involved in planting shrubs and bulbs to make the area more pleasing to the eye. The area will be turned from an eyesore which is unusable to a neatly landscaped area which will be used by pupils, parents and the local community. The area will also be used by school staff to deliver eco and outdoor learning to ensure the pupils are aware of the importance of looking after the environment.	
What is your group's current bank balance?	1.14	£4,389.39

## ***Charleston Tenants and Resident Association***

### **GRANT APPLICATION**

#### **PAPER APART**

2.3 We hold two events during the year alongside our regular meetings. As the area is predominately elderly and disabled people it is important to try to ensure inclusion and to try and dispel loneliness. The day out is always geared to helping the tenants to have a day away from their surroundings and to integrate with other people. We ensure that the day trips are somewhere interesting and accessible. When we go to Ayr, Stirling, etc the driver is happy to include visits to local attractions.

The Pantomime trip is held to try and alleviate loneliness in the winter. Many of the tenants who attend the trips do not have active lives and this is their chance to get out and about in comfort and meet their neighbours which helps to reduce isolation and promotes integration.

Unfortunately, as we are one of the few areas without a Community Centre or access to suitable premises, this is the best we can do to alleviate isolation and promote inclusion. If we had facilities we would also have a Drop in Centre, Keep Fit, Speakers who could help with nutrition, health, safety, welfare and various activities.

This would have a massive impact on the community as more people would have access and so much more could be done to help people in the area.

2.4 There is a need for these activities in order to allow the elderly and infirm to be able to enjoy a day away from their homes and enjoy companionship with neighbours. It was suggested at the quarterly meeting that this would be a way of integrating the tenants in the area and allowing people to meet new friends. This helps to bring people together and we try and make it varied so that we are not going to the same place all the time but also somewhere near enough to ensure the elderly are not sitting too long.

These trips have been going for a number of years and have proved very popular.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The primary role of the hub is to increase the number of people participating in golf and to help people who want to progress at golf to their desired level. This will include golf coaching and instruction for individuals and groups from a diverse range of backgrounds in the Renfrewshire area and beyond. It is anticipated that those using the hub will either remain a member of their current club (including Paisley GC) or encourage those who are not club members to consider joining a club. A secondary role for the hub is that it will be used as an educational centre for current and aspirant coaches and volunteers who will participate in learning opportunities that will help them to develop the game more effectively. The hub will also be a central point of golf development in the area all year round but in particular during the winter months when participation in outdoor golf is restricted. It was established following discussions with our membership and the young people who participate in our schools programme which includes 7 Primary and 2 Secondary schools. Consultation was also held with around 100 young golfers in our golf academy. The Hub will also target the older generation who are now not able to walk the course but will be able to become active again whilst using the Hub. This is likely to be attractive to up to 60 current members of the club. The Hub will provide a year round sporting environment where new and current golfers from all backgrounds can try the game or improve it. It was developed as it was felt barriers for women and girls participating in sport are lack of self confidence, opportunity for other sporting activity with other</p>	

		<p>females and the support of a female role model. The hub will provide a safe and welcoming environment for women and girls to try the game without the feeling of embarrassment and also in the company of like minded individuals. This will be done by delivering female only sessions where a female role model and coach will provide tailored support meeting the needs of each identified group. Specifically in terms of younger girls the hub will provide an opportunity for them to develop physical confidence and competence from an early age with a view to them having a lifelong participation in the sport. For older people both male and female the hub will provide opportunities for those who are currently inactive to become active again. Time at the hub will be allocated for older players who now find that they cannot walk round the course to enjoy the activity of swinging and hitting a golf ball. The hub will also provide a social environment where older people from the community can meet and socialise which is important to the well being of the older generation. 3. Attracting older and female members to the hub and our own club and perhaps other clubs will be as a result of a coordinate marketing strategy which will be developed more fully once the hub is established; Initially the strategy will be to work in partnership with local and national agencies that have a responsibility to develop sport and in particular golf. The primary partners here will be the Scottish Golf Union, Renfrewshire Golf Associations, Renfrewshire Council Sport development team and Renfrewshire leisure. More specifically and immediate would be establishing a stronger link with other local clubs and the Community sports hubs within the area. Initial engagement has already been established regarding the hub with Kelburne Hockey club and Paisley Lawn Tennis Club. (Please use a separate sheet if required)	2.3  2.9	To promote a better understanding of the mills, to hear from former workers, to learn about their working conditions. Stage two exhibitions are in Paisley South, one at Skye Crescent, the second at the Foxbar Library. To reproduce, enlarge and print pictures for the exhibition.. To print a colour and black and white booklet, featuring pictures from both mills, make these available to the public. To conduct additional oral history interviews with former workers. The public are now starting to ask questions and share their memories of working in either Anchor or Ferguslie Mills. Even workers are asking about conditions in other mills and sites. Many women worked at the same machine for years and therefore had no knowledge about the machinery and processes in the other mills. We staged an event in 2013 and brought together around 30 former employees and it was fascinating listening to them talk and interacting with each other. We want visitors to Skye Crescent and Foxbar libraries to talk and engage with each other and tell their friend to visit and have them chatting. We would hope to have the free booklet printed in time for both exhibitions. The grant will help us in the following ways: Print and enlarge new black and white pictures, many of these have not appeared in public for over 30 years. Print an interesting and informative booklet which will showcase relevant pictures may have never been seen by the public. We will also interview former several Coats employees and add their memories to museums local history archives. Stage two exciting exhibitions in Paisley South in Glenburn and Foxbar libraries. Place the new pictures on our exhibition boards. Where possible, we will be showing several Coats	

		in-house films, these have never been shown to the ordinary members of the public and several date from the 1930's. We have several outcomes. Firstly showcase Paisley's rich history. To educate and make available to a booklet informing them of the town's rich history. To select and showcase the best pictures for our exhibition. To interview and make available the oral histories to the public and lodge them with Paisley Museums' Oral History Unit. We will show, for the first time, to the general public and visitors to the town, many black and white J. & P. Coats in-house training films. What does your Organisation/Group do?	1.10	We are a group open to all over 50 but this can be relaxed for people with disabilities. We are an active community group with our main aim to provide a forum which will tackle loneliness and isolation within the over 50s in our area. We help our members stay fit both mentally and physically and although we only meet once a week our members develop friendships and companionships which enhance their everyday life. Many have days out or shopping trips or even holidays together.

(Please use a separate sheet if required)	2.3  2.9	To help the club provide a meeting each week which will help combat loneliness and isolation in the over 50's and at the same time keep them fitter both mentally and physically by providing exercise sessions, quizzes, bingo etc and special open days when new members are encouraged to come along and we have a hot buffet and dance to live entertainment. We have a Christmas dinner and a summer trip and if finances allow a day out to a closer destination. As we are now well established in our new meeting place St Peters men's Club we now operate all year round only closing at Christmas and New Year and at Easter so providing a better more continuous service to our members in a hall convenient to the area and well looked after. The club has grown each year and the demand for our type of organisation comes from the pensioners themselves as well as health boards, Age Scotland and politicians local and national. With many clubs closing it is important that we continue to giving the people of Glenburn and the surrounding area somewhere to go and make friends especially after a bereavement which would normally lead to the onset of loneliness. The member's decide on all our activities when we are open where we go and at our AGM they select the office bearers and volunteers for various duties in the club. We will provide weekly exercises - keeping us fit and helping our balance preventing falls. Quizzes - will keep the mind alert, Bingo - will also keep the brain working and alert and also help raise funds, Fun raffle - will ensure the club starts promptly,	

		Tea/coffee and biscuits - will encourage interaction between our members, 4 special open days - to encourage new members, Christmas Lunch - to encourage community spirit and a sense of belonging, summer trip - will encourage members to go out and visit places with their new friends, bus runs - again to encourage members to get out more, singsongs - helps prevent the onset of dementia as does all of the above. A yearlong club - provides a regular meeting place. The members will have a more active life with new friends and less loneliness. They will be fitter and less likely to have a fall and end up in hospital. All the activities will slow down the onset of dementia, heart attacks, strokes etc. as all research has shown. Being a pensioners club we will lose members as time passes but we are gaining more and our numbers are increasing and we hope will continue to do so.

What does your Organisation/Group do?	1.10	The aim of the Organisation is to improve, enhance and develop green spaces in our communities. We do this by Utilising qualified, competent individuals to lead trainees to develop employability skills and sector based skills to help them move into employment. We work with those whom have significant barriers to employment. Our Social Enterprise generates an income which we invest into green spaces and that allows up to make the impact of grants go so much further.

The project will take trainees who have significant barriers to employment and train them up while enhancing the community; we will then support these individuals until they move into employment. We will be carrying out a variety of tasks from cleaning signs to large improvement works. Our Services are Run by the Community for The Community meaning that they are always involved in the Management, Operation and Development of our Organisation. Without the Support of the Community we would not exist, It is also the Community who normally spark the Projects up and bring them to our attention and want to actively improve them and be empowered to maintain them once improved. The LAC Area will be better maintained, - The People of the LAC Area will learn transferable skills which can be used to benefit the Community and in the Work place, - Community Spaces and Streets in the LAC area will be better maintained, managed and the Community Empowered. We will achieve this by carrying out practical work to improve them and then put in provisions for the maintenance of the sites to ensure a long term success and legacy of the funding. The communities are improved and are cleaner, aesthetically pleasing and people feel safe to use them, - Local people are trained as part of the project to make them more

What does your Organisation/Group do?	1.10	<p>The Girls' Brigade in Scotland is a lively, vibrant organisation for girls and young women. We are a volunteer led uniformed organisation which was founded on Christian principles over 120 years ago. We are modern, progressive organisation open to girls of all faiths or none and operate throughout Scotland with 230 companies serving over 9,000 members in the communities of Scotland. GB companies offer a safe place for girls and young women to meet, a place for fun, a place for learning, a place for challenge, a place for personal development where every girl is valued irrespective of her background. The aim is to help girls become followers of the Lord Jesus Christ and through self-control, reverence and a sense of responsibility to find true enrichment of life.</p>

<p>What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)</p>	<p>2.3 2.9</p>	<p>Purchase of materials to assist girls in their badge work activities throughout the 2018/19 session. Costs associated with girls participating in various outings and competitions organised by Renfrewshire Division GB. Assist towards costs of all girls in the company being able to participate in the company's annual outing in May 2019. Assistance with capitation fees for each girl which is paid to Girls' Brigade Scotland. As a company we pay this fee for each girl from our funds to prevent the cost of being part of the organisation cost prohibitive for parents. Costs involved in purchasing GB uniforms from GB Scotland HQ at the start of each session thus allowing parents to pay the cost over the course of the session. As a company we attempt to keep all costs for the session as low as we possibly can. We organise 'bag packs' in local supermarkets and various sponsor activities during the course of the session in order to subsidise costs for parents. Unfortunately not all girls are able to participate in the annual outing and enjoy the experience with their friends and it would be fantastic if we could subsidise the outing to an extent that all girls could participate. There will be national and local events held the course of the session to mark GB Scotland 125 years anniversary and we would like to enable to the girls to participate in such events. This funding would benefit over 50 girls in the company by allowing them to participate fully in all activities, competitions and outings in the programme for session 2018/19. It would allow us to purchase materials required and hire a coach and a minibus for the annual outing thus allowing the whole company, comprising 55 girls and 10 officers, to enjoy an outing as the last event of the session. It would allow girls to participate in GB 125 year anniversary events. Girls in our company are encouraged to be upright citizens within the community. We meet on Tuesday evenings from August to May each year and organise an annual display to which members of the local community are invited to attend. We also purchase GB sweatshirts from GB Scotland HQ and provide these to the girls allowing parents to pay this money back over the course of the session.</p>

What does your Organisation/Group do?	1.10	To promote positive health and wellbeing for all older adults living in Montrose care home. We achieve this by raising funds and applying for grant funding based on the interests of all older adults living well with different levels of dementia in residential care.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Paisley South  LAC Applying to:	
How much grant funding are you seeking?	2.10	<b>£10,000.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The purpose if the Nostalgia Garden project is to enhance the existing garden area to make it more dementia friendly. The garden itself is in relatively good condition although various items within it do not look fit for purpose. We're looking for your support to help bring back new life to Montrose care homes enclosed garden, making it a safe, secure and enjoyable place where residents living well with dementia can go out with ease. Additionally we want residents to be fully involved in this project and we're therefore requesting financial support for wheelchair friendly transport costs which will be used to get residents out to local gardens and centres to pick items for Nostalgia Garden ensuring the purpose of the project is meaningful to the residents throughout the process. Developing the Nostalgia Garden has been identified as a project because of the mobility challenges residents face whilst living in Montrose care home. Approximately 90% of the population of care home residents use some form support aid to help them get around, whether that is a wheelchair, zimmer frame or walking stick more and more people use this type of support for daily living. With that in mind, the care home was built at a time when individuals living in residential care were much younger and more mobile, and the existing garden reflects this even though residential care itself has changed considerably over the last decade with more people living in their own home for much longer rather than moving into residential care at a certain age. On top of that, the garden has a very tired chicken coop with three resident chickens and it also has some uninspiring nostalgia shop fronts that haven't been developed fully in the past. We plan to bring new life to the garden by introducing	

		<p>safer paths around the space available and brightly coloured handrails to ensure they're easily identifiable and extend each patio area to make them more wheelchair friendly. We'll create a better living space for the three resident chickens and introduce another one to the family once the work is complete and we'll revamp the shop fronts to reflect a more in keeping nostalgic theme and style for residents living in the care home at present. By hiring a tail lift bus and taking residents on trips to local parks and garden centres, we will be able to consider their wishes better at every stage to ensure they are happy with the end result as well as feel safe and secure in their garden. There are parts of this project that the committee can and can't do. What we will do is purchase all the material required to carry out the work in the garden and then contact local organisations to carry out any major building work. We will link with a local builder for the safer paths, handrails and patio extensions, and for the shop fronts revamp local builder, and a local artist to create nostalgic work based on what residents know and enjoy. We will also link with another local company that specialise in wildlife who will develop a new living for the chickens. And of course, book transport for the outings we plan to arrange. All of this will need different types of input that the committee will support over the project term. Once all of the work has been carried out we will help to maintain the nostalgia garden with our relatives. The anticipated outcomes are that residents will have somewhere safe and secure to go for a walk and that the Nostalgia Garden will be a usable area with lots of different interesting features for people living with dementia to enjoy. The chickens will be provided with a better living space and they will get a new family member once their new home is complete which will bring great joy to all residents in the care home who are fond of our feathered friends. We plan to make an incredible change to the shop fronts which are in place already by creating new art work and we will open up the fronts to make them usable (as they're closed off at the moment) which will make these shop fronts fully operational for us to serve ice creams out of when the weathers good. We will also be able to get groups of residents out safely into the community even if they do have mobility issues. Our main anticipated outcome is that all residents living in the care home will have a real nostalgic feeling garden that is also fit for purpose and safe for individuals with mobility challenges.</p>

What does your Organisation/Group do?	1.10	To promote positive health and wellbeing for all older adults living in Hunterhill care home. We achieved this by raising funds and applying for grant funding based on the interests of many older adults living well with different levels of dementia.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Paisley South  LAC Applying to:	
How much grant funding are you seeking?	2.10	<b>£8,000.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	We plan to refurbish the existing room used for hairdressing in Hunterhill care home. This room at the moment is very bland and has basic equipment, meaning that residents aren't getting the full salon experience when the hairdresser comes to visit each week, and there's no facility to offer beauty treatments either. We're looking for your financial support to help build a beauty salon with all of the correct fixtures and fittings required for older people, and we plan to add a beauty section to this hairdressing room to keep up with demands for his type of service. The purpose of this project is to bring Hunterhill care homes hair and beauty facilities into the 21st Century to truly enhance the experience for people living well with dementia. We also want to develop the skills and life experience of the Mary Russell School pupils who have expressed an interest in developing their beauty skills with residents in the salon once it's up and running. Over the last five years there has been an increased demand for beauty related activities and lots of beauty salons are thriving, which we have identified as something that is lacking in and around Hunterhill Care Home's residential area. Looking back, the beauty industry has grown tremendously over the last decade, even throughout the recession. We've used questionnaire feedback analysis and one-to-one discussions with residents to identify their needs, and we found that there is an increased demand for beauty services from residents who miss going to a salon as they would've done independently before moving into the care setting. The care home tries to maintain resident's wishes although sometimes and individual can wait weeks for an appointment to get their nails done and on the day they're sometimes	

		<p>unable to make it due to ill health or other care emergencies for example. On the other hand. Some beauty salons are not suitable for wheelchair or zimmer frame users making it difficult to source somewhere local to make an appointment too.. The need and demand for such services has become more significant and we would like to transform this idea into a reality by working in partnership with Salon Services to purchase appropriate fixtures and fittings and a local organisation who will carry out the work to the Salon. We'll continue to work with the Mary Russell School who want to provide residents with basic beauty services. We'll also open up this beauty area to other local schools and organisations to use over time, and most importantly it will act as another space for families to spend quality pampering time with their loved ones. The best thing about this development is that there will be no more waiting for appointments or worrying if unable to make one, and the new salon will be accessible and flexible to suit the needs of all residents living in Hunterhill Care Home. The Beauty Salon project itself will be a straight forward process. The hair room at present has a sink that residents need to lean forward into, a mirror on the wall, two worn chairs and a mobile hair-drying machine with plain white walls. We want to make this "hairdressing" room into something that will make residents feel like they've been out to get pampered without leaving the comfort of their slippers. We'll replace the existing fixtures and fittings with items fit for purpose, such as adaptable chair, dual sink with front and back wash facilities, wall mounted hairdryers and mirrors to free up floor space, and of course, introduce a mobile beauty counter suitable for providing hand and nail treatments. We've noticed that the flooring isn't continuous underneath existing cupboards which means new non slip flooring will get fitted too. We'll link with Salon Services and work with a local organisation that will complete the works within the timescales required for this funding application. The care home has strong links in place with the Mary Russell School as they meet every Monday, which is also the same day one of the in house hairdressers visits which we'll link together meaning we can develop life chances and skills of young adults as well as enhance the lives of older people in residential care. We anticipate that this project will reduce social isolation and increase choice for Hunterhill's residents. This project will also enhance the life chances and skills of young people who have additional support needs, and in time this will include other younger people from local primary and secondary schools who have shown an interest in providing basic hair and beauty treatments. Another valuable outcome is that families will have a space that they can take their relative for someone to one time.</p>

We aim to provide help and support with learning and Education with input from various agencies. We also aim to bring new ideas to the community to support the homeless, unemployed and people with mental health by giving them a facility they can access relevant form and reach out to people for advice. The need for this project was identified with speaking and being involved in the area and the community and seeing it firsthand how group, individuals and family are struggling as don't have help, need or support in the area or the facility which we have now managed to secure. We are opening a drop in café where people can come and we will involve different agencies to come in and provide service to the community. They will support family, young, elderly and people in need with the support needed. Our committee will work with these people and also open the centre for new groups to get access. The anticipated outcome is we provide a most needed service in the area for the community to give them a place they can come to get support needed and the community to give people better support in their life.

The events will be such as to encourage participation in physical activity and to inform on local and world events such as Food banks and Fair-trade. As a precursor to these events we hope to attract new members to share in the values of The Boys' Brigade and provide them with an opportunity to attend regular clubs as a diversion to anti-social behaviour. Renfrewshire residents in each LAC - Paisley South 198, Paisley North 119, Houston Bishopton Erskine and Inchinnan 218, Johnstone Kilbarchan Elderslie Bridge of Weir and the villages 287, Renfrew and Gallowhill 83. Over many years we have been organising events to encourage more participation in values that we hope will be in line with Renfrewshire Council's Community plan, wealthier, fairer by holding events that will attract visitors and create business for local businesses. The activities will promote being active and healthier, safer and stronger. From a young age our boys and young men will learn that they are responsible for their own actions and preparation for the various events. All our events are based around developing young people to be the best that they can be mentally, physically and encourage their concern for others. All of our events will be organised by our activities committees which cover the whole age range of The Battalion from primary 1 through to 18 years of age. We hold 23 events which cover the wide</p>	

		age range. These events will involve, sport, physical activities, arts and crafts, quizzes, swimming and fun days for our junior boys. Over the session we expect that an attendance of around 1000 Boys' Brigade members which hopefully through family and friends will attract new members. All these events require the support and input of leaders and volunteers to organise and run these events in addition to their normal and regular weekly involvement in their individual companies. It is our hope that many boys will take part in our arranged events which provide progressive training throughout the age range. We hope and expect to see improvements in the various disciplines that our events cover. We hope that together our programme of events will be a positive influence and will prepare our young people for and sustain them in their future lives.

What does your Organisation/Group do?	1.10	We aim to change attitudes and behaviours so that disabled and vulnerable people feel safe in their communities.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All	
How much grant funding are you seeking?	2.10	<b>£8,000 (£1,600 per LAC)</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The #MakeaDifference programme is delivered to all Renfrewshire schools from p1-p7 and raises awareness of the range of disabilities, the impact of bullying and the consequences of hate crime. The funding will be used towards the cost of a graduate intern, who will help deliver the programme within the schools. It is also hoped that the experience will help the graduate intern with gaining valuable knowledge and practical experience to help them gain permanent employment (e.g. someone seeking a role within the teaching or child care profession). There are over 1 million people registered as disabled or with a long term illness in Scotland (around 20% of the population). In Scotland, in 2016, 170,329 pupils (24.9 per cent of all pupils) had additional support needs. 5.3 per cent of pupils had social, emotional or behavioural difficulties and 2.1 per cent had a learning disability. 162,252 (95 per cent of them) spend at least some of their time in mainstream classes (Scottish Government). In Renfrewshire, there are 36,000 people registered as disabled or with a long term illness. Our 'Make A Difference' programme encourages children to embrace diversity and understand the range of disabilities and health conditions, discuss practical ways to support other people and give children the knowledge, confidence and access to report bullying and hate crime both within the school and the wider community. We received a gifted bus from Stagecoach, which we converted into a mobile cinebus (cinema and education unit). The Cinebus visits schools and children receive a programme tailored for their age group (p1-p7 and nursery). The programme has been designed to be progressive, so starts off very gently with a nursery book time called 'It's ok to be different', the programme then progresses to helping children understand the range of</p>	

		disabilities (visible and hidden), how to be a good friend, how to recognise and tackle bullying, through to the consequences of hate crime (p7 lesson). This means that the children will receive a new lesson each year and will build on the knowledge they have previously received. The programme was designed with Renfrewshire children and young people, so is exciting, innovative and engaging. IT is expected, that through time, children will become more accepting of difference and have the confidence to tackle/report bullying both within the school and the wider community. The programme is designed to empower young people and to help tackle prejudice based attitudes and behaviours.

What does your Organisation/Group do?	1.10	To provide a daytime facility for shelter, food and friendship to those who are in need and require support. This includes meeting their social needs and giving them direction in providing them with life requirements which may involve linking with other agencies. While the Drop In is open to all, many who attend have addiction issues.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	We currently use Holy Trinity Episcopal Church halls for the Drop In activities. We supply light food throughout the day and a main meal at lunchtime. Heating and lighting are used as required. We support the church in the use of the hall and in particular the cost of the power used by our organisation. A few people who had come through life issues wanted to help other with similar life challenges. When the Drop In was established, food was a small part of the work done. Some of the folks who used the centre asked if food of a more substantial nature could be provided. At the same time the premises we used was undergoing redevelopment with a modern well equipped kitchen being installed. It was therefore felt that we could provide fuller meals which were appreciated by those using the Drop In. We will provide support and friendship to those who need this type of relationship while also providing good quality food both of which will assist in improving their well being. Providing food also encourages folks to come in allowing the overall aim of the project i.e. to engage with those in need to be fulfilled. The Drop In is open one day per week where refreshments are offered all day and a full meal offered at lunch time. We use the Holy Trinity Episcopal Church hall/facilities. More people will access that provided by the Drop In which will give more opportunity to befriend and listen to them and where possible help them with their life needs which includes referring them to specialist agencies.

What does your Organisation/Group do?	1.10	To develop and maintain} A locally based, community run, ice hockey club. A focus for local ice hockey players to enable them to develop their skill levels. A focus for local volunteers to enable them to develop their skills such as numeracy, oral and numeracy skills. An affordable facility for locally based ice hockey supporters. Interest in the sport at a local, Renfrewshire based level.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All of them	
How much grant funding are you seeking?	2.10	<b>£10,000.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide part funding with regard to hiring ice to permit the above activities to take place at Braehead Arena, the only available and suitable facility within a 30 mile radius of Paisley. That part of the funding not included within this application (and, indeed, all other costs) will be met from club funds. It should be noted that Renfrewshire Council recently approved a motion which seeks to assist the club in finding new premises within Renfrewshire which would allow the club, and other new clubs generated, to have a base locally, thus reducing or eliminating the need to seek LAC funding annually for the hire of ice at almost £200 per hour - which is expected to increase for season 2018-19 & will know more about come August. To encourage more people to take up "The Paisley Pirates Experience", including following the club, enjoying a healthy life style & making new friends through meeting like minded people of all ages. Paisley Pirates Ice Hockey Club was formed in 1946 and formerly played and practised at the Lagoon Leisure Centre until 2006, at which time Renfrewshire Leisure Ltd ended ice based activities at the venue. While Paisley Pirates were successful in finding alternative accommodation at Braehead Arena, the cost of hiring the ice has proved to be prohibitive at almost £200 per hour, causing such activities as junior ice hockey (which had 150 members playing every week) to fall due to insufficient funds, and other activities such as skating to move elsewhere. Pirates have on occasion gone further afield as far as Dumfries simply to find	

	<p>available ice; such is the paucity of alternative ice provision in central Scotland. By comparison, Kilmarnock ice rink charges are in the region of £125 per hour. Paisley Pirates have this year appointed a second volunteer coach who has allowed more intensive training to take place, and the Head Coach was appointed to the Scotland Under 17 squad, demonstrating the desire and ability of the coaching strategy to develop young players. The strategy in team matches has also ensured that all players are allocated regular ice time (known as "shifts") to afford them continuous on-ice development. It will enable:</p> <ol style="list-style-type: none"> <li>1. The club continuing to provide a local focus for the sport, given that no other suitable venue is currently available.</li> <li>2. The continued development of on ice skills.</li> <li>3. The continued development of off-ice skills (eg adults with learning difficulties carry out tasks on match nights requiring numeracy/interpersonal/organisational skills. For example, supporters may arrange coaches to away matches which requires them to set prices, recruit fans to travel, arrange times/pickups, etc.</li> <li>4. The club to publicise the existence of the Paisley Pirates, an ice hockey team playing within Renfrewshire, through the local media, and maintain a significant profile for the club, the town of Paisley, and the wider Renfrewshire community. For example, the club has been invited for a second time to participate in a project produced by a Canadian tourist company, entitled "42 Best Ice Hockey Towns in Europe", which will see the production of a tourist booklet with a 0.25million circulation, which will publicise both Paisley as a tourist location and the Pirates as an ice hockey club.</li> <li>5. The club to continue attracting nominations for local volunteer awards. The club has won a number of such awards in past years, the most recent of these being in February 2018.</li> <li>6. Assimilate new members from the community into its group. It has recently introduced a Mascot, specifically targeting school children in particular, which will visit local schools on request and involve pupils in historical discussions about Pirates, coming to see their local community club and enjoying a healthy lifestyle.</li> </ol> <ol style="list-style-type: none"> <li>1. Enhanced on ice skills through regular practice/ improved performance.</li> <li>2. Enhanced off-ice skills through use of volunteers referred to above in various activities/learning opportunities.</li> <li>3. Continued success in local and national awards. For example, in the last 5 years, the club, its players and volunteers have won a variety of local and national awards, the most recent being in February when a volunteer was nominated for and was successful in a prestigious local competition organised by a local training company. At the time of writing, the club is in third place in the Scottish National Ice Hockey League and has qualified for the third year running for the semi finals of the Scottish Cup.</li> <li>4 Continuing the iconic name of "Paisley Pirates" throughout Scotland and beyond. This will include working in partnership with other local initiatives where appropriate such as Common Threads. Thanks to previous LAC funding and Rainbow Turtle charity's own resources, demand continues to be high from schools to provide regular input on Global Citizenship both in schools and through our successful model of regular conferences where several schools come together; primary, secondary and special needs. Our specific aims are: to meet increased demand by hosting 3 schools conferences during the year, enabling pupils to engage actively with issues of social justice, Global Citizenship and Fair trade, to host and facilitate at least 1 Producer visit, combining with one of the above conferences, to work directly with groups of teachers and school Fair trade committees to embed Fair trade issues deeper into the curriculum, to develop further our working links with Create Paisley, LEAP and local refugee/asylum seeker groups. increased positive collaboration with Renfrewshire Council and other local organisations, production of a sustainable Education programme which will increase understanding of global issues within a local context, engagement of more schools, teachers and community groups with Fair trade issues, local and global, higher social media

(Please use a separate sheet if required)	2.3  2.9	The kitchen in the hall is used by multiple groups and now needs some new work tops and units. The cubs and beavers need camping equipment that better suits their needs. For the older Scouts we need some more light weight camping equipment to support their expeditions. We have been refurbishing the hall to support both the group and the community who we provide sublets for. The kitchen is currently unfit for purpose having been last refreshed 20 years ago and subject to heavy usage. The units and work surfaces need replaced. While we have the heavy tents required for Scout troop camping. The needs of cubs and beavers are different and we want to enable them and their leaders to have a positive camping experience. The older scouts need specialist light weight tents and stoves for overnight expeditions. We have secured quotations for new kitchen worktop and units and for the additional camping equipment the group now needs. The improved amenity of the hall and kitchen will allow continued growth of the Scout Group and ongoing support for the other community groups who sublet the facility. It will also allow us to use the hall for other community events. The new camping equipment will give both younger members of the group and the older scout's access to a better outdoor experience. An increase in the Scout Group head count , greater community engagement , more young people exploring the great outdoors and a greater number of sublets.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Our project aims to increase the number of people participating in regular sport within Renfrewshire and aims to address the reduction in people participating regularly in sport and active activity sessions, by providing regular cricket sessions throughout the year. Led by a qualified cricket coach our cricket sessions will increase the activity levels all participants and help to promote an active and healthy lifestyle throughout the local communities where our project will work. The need for this project was identified by liaising with local groups and local people. We have become aware of the declining number of people of all ages participating regularly in sport, especially cricket. Football teams cater for a high number of people however our project seeks to cater for those who do not play football and indeed cater for people regardless of ability. We seek to promote participation in sport, through cricket for people of all ages and abilities. Our project will provide cricket sessions for people of all ages and will focus on the following:</p> <ul style="list-style-type: none"> <li>- in or after school cricket coaching sessions (primary schools)</li> <li>- in or after school cricket coaching sessions (secondary schools)</li> <li>- university and college cricket coaching sessions</li> <li>- weekly, open cricket coaching sessions for all aged under 18</li> <li>- weekly, open cricket coaching sessions for all aged 18 and above</li> <li>- winter cricket coaching sessions for people all ages and abilities.</li> </ul>	

		Our project will not only help to enhance fitness levels and improve the health and well-being of each individual but it will also promote key transferrable skills which people of all ages can use in their educational or employment lives. Communication and team work skills will be promoted by our project while self-confidence, self-belief and self-esteem of each individual will be enhanced.

(Please use a separate sheet if required)	2.3  2.9	Our project represents the latest phase of our facility improvement programme which over recent years has seen investment in our playing and practice facilities. Our new three lane net practice facility is now fully operational, while new sightscreens, scoreboard, covers and ground equipment has enhanced our cricket facility. The upgrade of the changing, shower and toilet areas represent the next phase of our programme and will result in this area being enhanced with fit for purpose showers and changing areas while our toilet areas will also be upgraded to reflect the improvements elsewhere within the club. The changing, shower and toilet facilities are vital in enabling cricket and indeed sport to take place at Meikleriggs and without such facilities we would be unable to meet the standards set to be a premier cricket club in Scotland. Our project is the next phase of our improvement programme which will help encourage and promote regular participation in sport. The need for the project has been identified over the past number of years following discussions with our players, visiting players, umpires, property convenor and cricket convenor. The existing facility has become tired and unwelcoming and indeed is in need of significant investment. Despite ongoing maintenance the changing, shower and toilet areas are now approaching a state which may be considered to be not fit for purpose and will have a direct negative impact on the standard of the facilities at Meikleriggs. In addition it should be noted that the Cricket Scottish Cup Final will be played at Meikleriggs in August 2018 and as such we are required to ensure

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Our project seeks to transform the club to one which is both sustainable and environmentally friendly. Sports clubs across the country are all struggling as a result of the current economic climate and changing social attitudes and in this regard our project seeks to create a more sustainable club through the use and installation of more cost effective and environmentally friendly materials and resources. The installation of power saving and long lasting light bulbs is simple improvements while the installation of improved glazing or boiler will undoubtedly ensure our energy is retained and not lost. The installation of cost effective and environmental friendly measures and resources will ensure the club is in a strong position to survive in the long term and continue to provide opportunities for the people of Renfrewshire to play cricket and sport. The need for the project has been identified over the past number of years following discussions with members, players, non players, officials and visitors as well as our accountant and energy supplier. The club as it stands has ineffective and costly materials and resources and therefore it is a large burden which is required to be met in order to keep the club functioning effectively. It is submitted that more cost effective and environmentally measures and materials would help reduce the long term running costs of the club and indeed assist in ensuring cricket continues to be offered to the people of Renfrewshire. Our project seeks to secure the club for many years to come as a sustainable and environmentally friendly club. Our project will enable the installation of environmentally</p>

How much grant funding are you seeking?	2.10	We anticipate the cost to be about £2000	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To bring together 12 out of school cares across Renfrewshire to give over 100 children a fun active day and to show the services what is possible with a summer play scheme. This will give us all a chance to share good practice and offer a better experience to all the children we look after. The Renfrewshire out of school network carried out a survey with out of school cares across Renfrewshire and identified a variety of activities and practice especially during the summer holidays. The project is to bring 12 out of school care summer play schemes from across Renfrewshire together for an inflatable fun day in Linwood. This would bring over one hundred children together for a fun day here in Renfrewshire. This will be organised by the Renfrewshire out of school network led by Grace Berry from Ralston Out of School Care. The program for the day will include, the inflatables, face painting, a healthy snack and finish with prizes and medals for the children taking part. 1. Over 100 hundred children having a fun, healthy active day outside, 2. Out of school care staff working together to see what activities can be offered to children and sharing their resources and skills for the wellbeing of all the children attending play schemes across Renfrewshire.

	2.9	We look to extend activities within our organisation with those with physical, emotional and sensory impairments. We recognise a need to allow those with additional needs to access a range of physical activities that increase their social inclusion, physical fitness and team building skills. By purchasing vital pieces of equipment it would allow us to provide a service to those who would otherwise be unable to attend. This encourages a positive mentality and an opportunity to engage in a sport which allows minority groups to come together and have fun in an equipped environment. We contacted local organisations to identify an interest in our proposed project with the following projected numbers: Riverbrae, Linwood (220 students), Mary Russell School (200 students). In addition we engage with other recognised additional support groups: Disability Resource Centre (150 members), ParaCheer (300+ athletes), Castle Sempill (100+ participants), SportScotland (200 + participants), Renfrewshire Leisure, Dirty Feet Dance Company (50 students), Right 2 Dance (70 students). They also supported the project plan that the items	

		requested are vital in order for them to attend sessions at our facility. Provide a safe floor for children to participate on - provide additional apparatus that children would train with for inclusion in a sport that they enjoy (certain apparatus provide additional support for those with physical disabilities) - vital training for volunteers to deliver sessions to our target audience. Multiple groups engaging with our programme based on vital equipment, - social inclusion for all regardless of physical, emotional or sensory impairment, - additional training for volunteers leading to increased chance of employability.

What does your Organisation/Group do?	1.10	To promote, foster and encourage participation in ice hockey at junior level. To provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. The club has an open membership for children aged 7 to 17. To carry out the hiring of 2 practice sessions weekly (without placing too much extra financial burden on the participants to allow as many as would wish to take part in the sport) allowing the children to learn techniques and drills, to learn the discipline of team sport, be very active and have fun whilst improving social skills, team building skills, confidence, health and wellbeing and increasing fitness levels. To ensure a duty of care to all members and to provide all services in a way that is fair to everyone whilst promoting equal opportunities for all, with anti- racism and anti- discrimination underpinning and informing our aims.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All areas	
How much grant funding are you seeking?	2.10	<b>£3,275.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To be in a position to continue to offer junior ice hockey training to all who wish to participate, at an affordable cost which makes the club available to anyone who wishes to join. Our players range in age from 7 to 17, with both boys and girls, of different social backgrounds and nationalities, taking part. They learn the skills and drills of the game in an atmosphere of fun combined with the discipline a team sport offers. It's a great way too, to keep fit and active and make lots of new friends. We will provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players. Last season's unexpected rise in hire costs (from £180 to £191 per hour) plus a new security charge of £75 per	

		<p>hour, increased our ice costs to £265 per hour - a rise of 46%. We understand that security is a necessity in this day and age, however the increased costs have placed an added financial burden on our players' parents. We have been supported by grant funding from Renfrewshire Council for a number of years, with our applications reducing in amount year on year. This latest increase threatened the future of what is a very successful club and grant funding, along with already instituted higher fees and continued fundraising, can help secure the future of Renfrewshire's only grass-roots, junior ice hockey club. We will provide the opportunity for as many youngsters as possible to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players, who also enjoy the social participation and physical activity. The funding from this LAC application would also enable the club to meet the cost of another set of goal-tending equipment to allow us to increase the number of goalies (which is beneficial to all players who have a more realistic game experience) and the provision of annual awards which is essential to the motivation and recognition of the young people's efforts and sportsmanship during the season. Involvement in team sport brings great benefits to those taking part – encouraging a healthy and active lifestyle, increasing confidence and self esteem, encouraging team work, making like-minded friends and, of course, having fun! There are opportunities to play ice hockey, competitively and recreationally, from age 7 to 70+ and many of the original intake at the Lagoon in 1992 are still regularly playing/coaching and will continue to do so well into older age, keeping fit in body and mind. At present we have boys in training who are playing with the Scotland and GB squads and many youngsters sitting on team benches throughout Scotland. We have female players in Scotland Ladies, progressing their hockey skills and training with others from around the country.</p>

(Please use a separate sheet if required)	2.3  2.9	The grant will be used to help promote healthy lifestyles across the local communities through the printing of 2000 walking booklets/pull up stands and promotional pens. The booklets will enable the group to reach hard to engage people and break down barriers between communities. A need has been identified by rising numbers of referrals from professional bodies/partners. Walkers have increased a weekly/fortnightly walking groups. The project has a great social impact in communities at a time where isolation is a major health concern. More groups have been developed to accommodate demand from specialised organisations such as MacMillan and Mental Health Teams. More Volunteers have been trained as Walk Leaders to help deliver this much needed service. The promotional items purchased will be displayed in all Libraries, Doctor Surgeries, Community Halls and available to health professionals to pass onto clients this enables the Network to operate Renfrewshire Wide offering walking opportunities in most communities which in turn helps to reduce the risk of major illnesses and isolation in our older adult population. 1. Reduced isolation in target areas, 2. A healthier, greener Renfrewshire, 3. Increased participation in walking groups, 4. More positive Health, both physical and mental.

(Please use a separate sheet if required)	2.3  2.9	<p>It is our aim to upgrade our regular Agility Show to be more professional and appealing. This would require electronic timing devices, communication equipment and a marquee. If we can raise the profile of the club to attract more participants and spectators to our shows, it will also raise the profile of Renfrewshire in general. As our shows have grown in popularity so has the demand for improved facilities, we have acquired through fundraisers, containers for storing equipment have had funds for prizes and portaloo's. We have some of the infrastructure to take the next step in our development and the feedback from our shows are generally positive, with observations that communication could be better and the need to shelter from unpredictable weather would be appreciated. It would improve the quality and accuracy of our events, participants would have confidence that the events would be run and judged in a professional manner; hopefully the improved facilities would encourage them to bring friends and family along. We would hope to gradually implement these changes, starting with our communication issues, the problems of relaying information, start times and results over a large field with chatter could be addressed by a modest PA System. A specific electronic timing system that is attached to the start and finish jumps would meet Kennel Club demands. When all components are pulled together we would hope to produce a show that Renfrewshire can be proud of, where we can educate dog owners on how to train and manage their dogs, and instruct new dog owners in the etiquette of dog</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	This project involves working with young people aged 5-18 years who are classed as 'At Risk' by the Social Work Department. Number of these children are living with grandparents carers (Kingship). The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal/and legal drug taking (good and bad drugs). Additionally the education aims are around healthy eating, keeping themselves safe. STIGMA??? The need for the project was identified due to grandparent carer feeling unsure how to explain to the children they are caring for about why they can't stay at home. Grandparents didn't feel they had the proper tools or skills to explain about illegal and legal substances. Additionally the role of social work and police. (Authorities). We will continue to address the needs of our local community and offer education through play around drink and drugs, healthy eating and mindfulness sessions. The grant will develop our mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addition and teaching young adults they can break the cycle by healthy life choices. We already work closely with carer centres, families outside. Local libraries and our place our families and Renfrewshire support group. The anticipated outcomes. This programme will allow for a platform to discuss issues that would not be addressed in	

		a home environment, such as why children are not been looked after at home, the difference between illegal and legal substances, it will encourage the young and old alike the importance of getting involved in the local community and working your way out of poverty which would also break the cycle and lead to healthier life. We hope to expand and run workshops in employability and disclosures. This will help to give the parents a chance to gain interviews and hopefully a job.

Since its inception in 1984 the Centre has continually developed to meet the needs of the community. This included meeting the needs of organisations such as Victim Support whose clients come from various areas within Renfrewshire. In 2001 the buildings were refurbished to provide bespoke rooms for counselling adults and young people and for hosting the Paisley Child Contact Centre. An auditorium was built and this is used by many organisations including PACE Youth Theatre and other youth dance and theatre groups. SSAFA the charity for former Servicemen and women also established itself in the Centre. Current information indicates that approx 40 organisations use the Centre in short or long term lets. The former loss making Wynd Cafe is now being upgraded to increase rental income, and the menu in the Tea bar in the main building is being improved. Latest organisations include Combat Cancer and the Seniors Forum meets regularly. It will continue to develop those activities for which it is responsible e.g. the number of Counsellors in the Counselling Service is being increased to 50. The Centre works with the Paisley Child Contact Centre to meet the increasing demands for its service by providing suitable accommodation. (Please use a separate sheet if required)	<div style="text-align: center;">2.3</div> <div style="text-align: center;">2.9</div>	To provide a community Hub in the Centre of Paisley which meets the needs of individuals, organisations and communities; to play its full part in supporting Renfrewshire Council Initiatives; the provision of an adult and youth Counselling service. Since its inception in 1984 the Centre has continually developed to meet the needs of the community. This included meeting the needs of organisations such as Victim Support whose clients come from various areas within Renfrewshire. In 2001 the buildings were refurbished to provide bespoke rooms for counselling adults and young people and for hosting the Paisley Child Contact Centre. An auditorium was built and this is used by many organisations including PACE Youth Theatre and other youth dance and theatre groups. SSAFA the charity for former Servicemen and women also established itself in the Centre. Current information indicates that approx 40 organisations use the Centre in short or long term lets. The former loss making Wynd Cafe is now being upgraded to increase rental income, and the menu in the Tea bar in the main building is being improved. Latest organisations include Combat Cancer and the Seniors Forum meets regularly. It will continue to develop those activities for which it is responsible e.g. the number of Counsellors in the Counselling Service is being increased to 50. The Centre works with the Paisley Child Contact Centre to meet the increasing demands for its service by providing suitable accommodation. Continue to provide the current number of organisations using the premises and where possible to increase the number of organisations using the facilities; an increase in the number of clients using the Counselling Service	

		following the increase in the number of Counsellors the latter helps clients to improve and self-believe and low esteem, self harm and suicidal tendencies, There are obvious benefits to those coming to organisations using the Centre such as Victim Support, Combat Cancer, SSAFA and Paisley Child Contact Centre. What does your Organisation/Group do?	1.10	As a Cancer Support Group, we bring people together to support each other through their cancer journey. We do this by promoting the benefits of friendship and laughter to those whose lives have been affected by this raging disease, promoting improved health and wellbeing by encouraging members to participate in various activities, including light exercise with a Renfrewshire Leisure qualified instructor, walking group, crafts, theatre outings and respite. We encourage people of all ages, abilities and ethnic backgrounds, helping them build confidence and self-esteem.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To help cancer sufferers improve and maintain their overall quality of life albeit, physical health, mental health and general wellbeing. We do this with a support network of friends who understand and share their experience of the cancer journey, thus helping them to move on with their lives, with more mobility, motivation, friendship and a willingness to help others in a similar situation. We encourage our members to look to the future more positively by taking part in light exercise, walking, chatting over tea, crafts and companionship, thus alleviating loneliness and isolation. We are moving into new premises, enabling us to offer more facilities and more time for new activities such as cooking, massage, and a choir. We plan to open 3 days per week from March 2018 and hopefully 5 days per week subject to funding and recruitment of volunteers. The group was set up in Elderslie in 2015 after listening to cancer patients explain what was out there to meet their needs during and after treatment. Although there is some good support, it was deemed due to financial constraints that support was only there for a limited period thus not meeting their long term needs, which can lead to loneliness and isolation amongst other issues. Since setting up we have grown in membership and activities offered, from gentle exercise, to craft, walking group, cooking, social outings and respite, all of which have	

		<p>proved very successful. Now that we have secured new facilities we are able to offer a drop-in service Monday, Wednesday and Friday from March 2018. This year due to involvement with other outside agencies we discovered a gap for support for young people with cancer and their parents, and to this end we realised the importance of starting a group for them. It's amazing for us to see the overall wellbeing of the group, through the various degrees of support that is now available within the group. There is a more social contact and friendship with people who have been through a similar journey as they can discuss various aspects of their illness with confidentiality, including financial difficulties experienced through the loss of income whilst going through treatment. We have a walking group which meets once a month for a short walk and new knowledge of the surrounding area, we also have nutritionist and psychotherapist on board and this is proving very helpful with a positive health improvement. We ask our members what they like doing and try to implement it where possible. We are starting a choir in the very near future and have secured a choirmaster. From these discussions and talking with other network partners we have identified that we could help the wider community if we had an evening group, this is something that we will consider with a slightly different programme. Improved health and wellbeing for those who are having or have had cancer treatment, overall improved family relationships thus improving the overall quality of life for those affected by cancer. What does your Organisation/Group do?	1.10	Established in November 2010, Renfrewshire Effort to Empower Communities (REEM) has an overall aim to 'create awareness and increase participation of diverse Minority Ethnic communities in Renfrewshire' We are working to achieve those aims by delivering bespoke activities which are targeted towards diverse equality groups as defined by the Equality Act 2010. Our support is to engage with marginalised and disadvantaged communities to promote community cohesion, inter-cultural dialogue and mainstream equal opportunities.

A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. We are looking for funding to cover basic running costs. When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We ran scheduled information clinics as well as stay open 5 days a week for people who need to be listened to one-on-one. The centre serves as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to	

		communicate at all. We provide some much needed training; including ESOL, job matters, & awareness on other issues. The ethnic minorities will have a chance to engage within the wide community. The project will help People feel less isolated and more able to participate in the wider society and want to be part of it. Volunteers will receive training to allow them to develop their skills which will enhance their employability skills.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	We are a group of independent older adults living in Sheltered housing and we want to Create activities that will help our group maintain their independence and be able to live healthier. It will also reduce loneliness and isolation by giving them confidence to become more outgoing and socially inclusive. Our tenants want to improve their health and wellbeing and lead a healthy lifestyle. With this project they can have the best of both. Many of our tenants get lonely and depressed when they are not active. But sometimes their fitness and health is poor and they are not able to engage in an activity. With this project they will be able to choose what the best activity is for them and what level they want and be able to do something rather than nothing. What we are proposing to do is create a project that will enable older adults to create their own health and fitness programme. This programme would include a variety of activities such as Reiki, massage, Hydrotherapy, gentle exercise and walking groups. The instructors are all trained in many areas to give experience talks on health and nutrition, alcohol abuse, smoking sensation etc and this will also help them lead a healthier lifestyle. For our tenets to be more physically and mentally active. To be able to engage socially and be more confident within themselves. It will also guide them to lead a healthier lifestyle.	
What is your group's current bank balance?	1.14	7,758.97	

Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes We had a delay in getting our funding into our bank account as the BACs payment was rejected and we had to change bank accounts. This is why we have £7000 still to spend and that will be gone by May.

What does your Organisation/Group do?	1.10	Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All 5 local area committees	
How much grant funding are you seeking?	2.10	<b>£8,814.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	Our weekly instrumental lessons offer young people aged 8-18 across Renfrewshire the opportunity to learn traditional music. Weekly contact time with some of Scotland's top traditional musicians give our participants the opportunity to develop their instrumental abilities. By developing a pool of local traditional music & song talent, we hope to establish a Fèis youth band and later this year, will pilot a Ceilidh Trail project giving young musicians the opportunity to tour across Scotland. Feedback received from our inaugural Fèis week event showed that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing and we have successfully delivered two years of weekly lessons already. Working alongside Feisean nan Gaidheal, our committee continues to develop the project and have recently began offering a new Gaelic Choir for young people interested in singing. We will run 37 music class sessions between Sep '18 and June '19 with lessons running from 10am-1pm on Saturday mornings during term time. Participants will receive age and ability appropriate tuition in streamed classes ensuring maximum learning benefit & enjoyment. Local tutors will be employed at Musician Union rates. We aim to attract 40 weekly pupils to our classes which will take place at the UWS Paisley Campus. After a successful pilot year, our Gaelic Choir will run for 37 sessions on Monday evenings during term time from 5:30pm-7:30pm. We aim to deliver these sessions to approx. 20 young people per week. A year-round programme will offer around 60 participants	

		the opportunity to develop skills in traditional music at an affordable cost as well as providing employment opportunities for 4 local tutors. End of term showcase concerts will bring together the community to celebrate the achievements of our students. We also aim to develop a youth band and a Ceilidh Trail in summer 2018, which will promote live traditional music in the community & add significantly to the local and national cultural calendar.		
What is your group's current bank balance?	1.14	20,015.77		
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes The funds we currently have in place will be used in full for our next Feis week this July (18th-21st) and our remaining weekly lessons sessions for 2017/18.

What does your Organisation/Group do?	1.10	Renfrewshire Youth Voice is a non-partisan organisation that ensures young people's views are heard on a local and national level. We promote young people in a positive light. Our members are aged between 12 and 25 and membership is open to any young person living in Renfrewshire. We organise and host the annual positive about youth awards, local campaigns and hosting events for local and national elections. Our Aims as set out in our constitution are: To facilitate and organise activities for young people aged 12-25, who either live or regularly use services in Renfrewshire, to provide young people with a safe and friendly environment where they can participate in youth voice activities to ensure they have a say in decisions within the local area, to equip young people with soft-skills such as teamwork, organisational skills and improving their self-esteem and confidence, to alleviate the effects of poverty amongst young people, by promoting a culture of inclusion and tackling any forms of discrimination, to work with local organisations, business and the local authority in the best interests of young people.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All committees	
How much grant funding are you seeking?	2.10	<b>£4,000.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The positive about youth awards are designed to highlight young people's achievements which may go unnoticed, and to show the Renfrewshire community the positive work young people do on a daily basis. It enables young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. The awards inspire the next generation to get involved in their community, using previous winners/runners-up as role models. Young people were not given enough recognition for voluntary and community work that gave a direct benefit to their peers and the local area. The awards have been organised and hosted by RYV for the past seven years. This is the Year of Young People, so the group aims to make this year's event bigger and have more of an impact locally. Planning has already started for	

		<p>this year's event, with nomination forms for each category released in April. Nominations are sent out via social media, online and paper copies, before being collected and judged by RYV members. Films of the runners-up and winners will be made in advance of the event. The evening will be a mixture of awards, speeches and music/entertainment, giving people attending a fantastic experience in celebrating young people's achievements over the past year. The group plans on highlighting local activities that have commenced over the past year, as part of the Year of Young People. Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of whom these people are and the work they have done, in order to be nominated for a category. The young people can build confidence to continue the good work they do, with one winner last year approached to be part of a Channel 4 documentary. Previous winners have highlighted how the recognition they received spurred them on to achieve other things in life, as both their confidence and self-esteem were boosted by the awards.</p>		
What is your group's current bank balance?	1.14	2,127.04

What does your Organisation/Group do?	1.10	To respond for consultation, advice, Access Audits and Surveys as required by organisations. To provide training to further enhance the skills of those seeking employment or increasing skills. This can be done by having volunteers in the organisation which will provide additional working resources and also provide the volunteers with additional skills at the same time. For future planning purposes the number of current volunteers and possible future volunteers are evaluated before responding to future work requirements and tenders. To provide training to local groups and to liaise with other agencies and organisations on relative matters both policy and practice thus ensuring Renfrewshire is fully accessible to all.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All Five	
How much grant funding are you seeking?	2.10	<b>£15,133.61</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	PLEASE NOTE: IF SLA IS OBTAINED, THIS APPLICATION WILL BE WITHDRAWN. The purpose of the project is to provide running costs for the offices of Renfrewshire Access Panel to enable us to continue assisting Renfrewshire Council on various projects such as: Living Streets, The Joint Employability Project Training for all LAC Members, Changing Places Toilets. We started a project to have changing places toilets installed in Renfrewshire to improve quality of life and prevent isolation for many people. This year we have been working with Renfrewshire Council on the placement of the Changing Places Toilets. We continue to take pupils through the Joint employability Project as well as pupils through Gateway. The support we provide to Clyde Muirshiel Regional Park remains in full force this year with the addition of 3 Mountain Trikes which are for the use of Renfrewshire residents and visitors. Renfrewshire Access Panel Identified that a base was essential to the development of the Access panel therefore an essential part of providing support to Renfrewshire Council. The base will only continue to develop with the forthcoming events and ongoing projects we have with Renfrewshire Council. We have also now started a lending service for all forthcoming events and can supply hearing loops	

		and ramps to make council events as accessible as possible. We will continue to support Renfrewshire Council on the many boards we sit on. We will continue to support Clyde Muirshiel Regional Park, which is funded by Renfrewshire Council regarding funding for specialist boats and bikes or any other equipment the park may require to develop. We will also provide all access audits required by Renfrewshire Council which includes street audits to improve access into all areas. As well as all ongoing projects. The anticipated outcome is to ensure that Renfrewshire Council remains at the forefront of accessibility, leading the way for other councils. Ensuring Renfrewshire is fully accessible for all residents and visitors thus providing a safe and enjoyable place to live and visit.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop friendships. Entertainment and social activities are provided on a weekly basis from October to May. This includes a Christmas lunch and an annual outing. The Committee identified that many members would be unable to attend our weekly meetings without the provision of transport. In the past we hired a mini bus and used our own qualified volunteer driver, however, since the end of November 2018 we have been unable to secure the services of a volunteer driver and therefore we have had to use taxis to transport the members. With an average of 82, we find that we are requiring providing more transport. If we are successful in securing the grant it will assist us to continue to provide transport to bring the members to and from the Friendly Hour. We ensure transport is booked on a weekly basis. By providing transport we are reaching out to people in the communities who may not be able to get out very much, or in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship. We must remember that many people experience loneliness; others don't have many opportunities for conversation. What about the joy of sharing a story or a sing-a-long and hearing news from the community.

What does your Organisation/Group do?	1.10	We aim to help parents and families whom has lost their baby, we help by covering funeral expenses, providing food hampers, paying electric and gas bills. We provide support that is urgently needed during this heartbreaking time as grieving parents don't think about food or bills at this time. We also help disabled and terminally ill children by purchasing specialist equipment designed to the child's needs. We fund memory holidays for the child and their families whom don't have much time left to spend together, by giving them a holiday it provides relief and gives a lasting memory for years to come.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	We aim to open a Hive (Bumblebee Babies office) in Paisley to keep up with the demand, we have had many support from Paisley and Renfrew areas so we need to make our Hive within the area. In doing so we will be able to help everyone in the surrounding areas by covering funeral expenses for parents who have lost their babies. We provide cuddle cots to ensure parents can have the option to bring baby home to allow private time to grieve before the funeral. Parents need support when it comes to funeral planning so we provide assistance for the journey ahead for them. This time is most crucial so we also cover electric, gas and food bills to give grieving parents peace of mind as during this time there's no thought about day to day life expenses for themselves. Our Paisley hive will provide help in many ways and allow families to come inside for advice and help. We aim to bring the community together and help each other. We realised we needed a hive in Paisley due to the amount of those needing help and showing support. We have had support from Paisley and Renfrew Councillors and many other people so due to this a second hive is crucial for us to grow and expand. We are in need of funding to open the hive and get it ready to help the people of Paisley and surrounding areas. By opening a hive in Paisley we will be able to support the local people and provide assistance to all those who meet our charitable	

		cause. The hive will be very crucial to those who need us for financial or emotional support. We will use the funding to start to open the hive by purchasing the necessary equipment to have it to standard to provide support to the community. We aim to show the community support during a loss of a child instead of silence. Babies deserve respect no matter how old or days unborn and it's a rarely spoke about subject . We aim to get people to speak up about it more and not think their baby doesn't deserve a proper funeral or recognition due to their age regardless of when they were born sleeping or too soon. By doing this it provides mental support to mothers of all ages who have lost babies past or present. Our hive will be open to anyone who needs us. Paisley will have the support we need to help each other and the community.

What does your Organisation/Group do?	1.10	To Fill a Gap, Help and support Renal patients who suffer from Chronic kidney disease pre and post Transplantation. Return To Life is the ONLY Renal Charity in Scotland with an office that supplies information and support regarding Renal Failure and its complexities with Dialysis treatment and transplantation as well as Organ donor awareness.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All 5	
How much grant funding are you seeking?	2.10	<b>£3,140.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	Support kidney transplantees and prospective donors, before and after transplant operations by providing, mentoring relationships, opportunities for physical exercise and activities, counselling, structure and routine, family advice, general advocacy, health advice and preparedness for forthcoming life changes. Provide peer support for patients as well as prospective donors. Return To Life is working hard to fill a vital gap as no professional body, statutory or otherwise, provides this support at present and patients to a great extent are left to their own devices. The CEO, Stephen Blom, A local Renfrewshire citizen survived a Kidney transplant and has made a remarkable recovery which, to a great extent, was due to his generally excellent physical condition before the dialysis phase and subsequent transplant operation. Renal failure has a profound effect on patients physical and mental health with cardiovascular disease being a significant cause of increased morbidity and mortality compounded by a decrease in exercise tolerance and consequently the development of obesity issues which for patients with renal failure may preclude their access to renal transplantation with its attendant benefits of a transformation in their life expectancy, quality of life facilitating a return to the workplace. The charity aims to provide pre and post op physical training, health education, dietary and peer support for patients and donors supplementary to the care provided by the NHS services. We will provide Counselling, practical advice and companionship (mentoring). In summary, to our knowledge, and in discussion with Charity Ambassador Mr David Kingsmore, Transplant surgeon at the Queen	

		<p>Elizabeth University Hospital none of the above support services are presently available in Scotland. We passionately believe that we can facilitate the delivery of physical and emotional interventions to improve patients' life chances and deliver improved patient outcomes to keep the out of isolation and reduce the levels of fear and anxiety. Our aim is to provide a 'Sense of belonging' to patients (Especially but not exclusively to younger ones) and assist them to be up for the challenges that lie ahead and as fit as possible within the constraints of their condition. The experience and example of Stephen Blom is of critical importance at the early stages of the charities development. Nothing will reduce the trauma of Dialysis and or transplant surgery, but success in what we do will reduce the fear, anxiety and isolation in patients, during life changing experience. As well as helping patients physical and mental health, thus enhancing their chances of a success physical outcome, they will feel part of a community that really cares about their total well-being and re-integration. This is an interesting example of the inequality that transplant recipients encounter, i.e. many lose their careers and lifestyle due t their illness. Employers often do not want to employ / re-employ transplant patients because of a perceived stigma that they will be poor workplace attendees etc. If we help them get fitter we can surely ameliorate this perception to a large degree.</p>		
What is your group's current bank balance?	1.14	2,294.56		
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes Rent, Volunteers out of pocket expenses, Sundries, Telecommunications, PVG, Insurance

What does your Organisation/Group do?	1.10	The aim and objectives of the society shall be the study and practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The purpose of the project is to study the practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance. It was recognised that people who learned orchestral instruments during school should be given the opportunity to continue to develop their skill. The general public in Renfrewshire should have the opportunity to hear orchestral performances in Renfrewshire. This is the only Orchestra in Renfrewshire other than school groups. It will give the opportunity for musicians to develop skills in performing the orchestral repertoire. It will give the citizens of Renfrewshire the opportunity to hear the live performance of orchestral works in Renfrewshire. The orchestra has recently given performances both in Paisley and Johnstone. Lack of suitable accommodation has meant that we have been unable to perform in other towns in Renfrewshire. We are the only adult Orchestra regularly performing in Renfrewshire. The anticipated outcome is the opportunity for musicians to play the orchestral repertoire and work with professional soloists. It allows any students from the Renfrewshire Council Music Service who wishes to continue playing the opportunity to do so. It gives the public in Renfrewshire the chance to hear live performances of orchestral works. The audience at our concerts has been steadily increasing as a result of which we have had to look for new venues with a larger audience capacity.

(Please use a separate sheet if required)	2.3  2.9	This enhances the service user learning experience, supports communication and aids self development and positive social interaction and growth. We have an active citizen group who report to Euan's guide (website) in regards to checking accessible venues/ integration and customer service satisfaction ratings. A digital SLR Camera would be ideal for this. The plan eventually would roll out a venue guide to other local services. The camera would also be used for filming live events such as Drama shows, Dance groups and other activities and our service users would be involved in filming, editing and producing their own work in DVD Format. This camera will complement the Mac computer which we already have and use. At Milldale we pride ourselves on supporting service users to utilise their full potential and aim for excellence in supporting service user in striving to achieve their own personal goals. Service users are at the heart of all that we do. With the use of the Digital SLR there are so many possibilities for use. We could provide valuable pictorial/film material which demonstrates and supports service user choice and interactions and fully involve service users and their parents or carers and also the wider community. All the adults have a learning disability and many have associated difficulties such as mental health, autism, epilepsy, and sensory and physical disabilities, which make it difficult for them to access mainstream activities. This is not a service provided at Milldale Centre within the remit of the Social Work Department.	

		<p>Milldale have trained staff in basic film making techniques and service users could work with staff and utilise the camera for project work and group activities. Our plan is to initiate a Movie making group which will demonstrate basic film animation and open up possibilities for service users to write their own stories and scripts and then build and film the same. Either stop/start animation or live action. As well as promoting self-esteem, these sessions promote co-ordination, communication, and confidence building skills. These activities have been thoroughly researched by Centre staff and are considered to be of great benefit to the learning disabled clients.</p>

(Please use a separate sheet if required)	2.3  2.9	The purpose is to give the gymnasts an opportunity to further develop their skills, also working to prepare routines. They will showcase these skills at our club competition for friends & family. All gymnasts will receive a medal for participating. Gymnasts enjoy perfecting current skills & learning new ones. In Nov 17 we hosted a 'parents come see me' event during class times gymnasts enjoyed putting together routines & showing to parents. To give focus for the last term the idea of a club comp was developed. Gymnasts can display new skills on a higher scale with some friendly competition with their peers. It will give gymnasts a focus to develop skills within their own ability & build confidence showing these to friends & family. We will hire a venue for display & encourage all gymnasts to participate. Gymnasts will have higher confidence levels. Carers can see skill develop. We hope this will encourage more gymnasts to participate at competition levels.

We also wish to provide our members with two educational, cultural & historic outings. The blind & visually impaired forum members require access to technology in order to function. They also feel quite isolated and wish to come together to go on a couple of outings. Our members have been very vocal in telling us what makes life more manageable & enjoyable for them. We shall arrange for the updates as soon as we have the funding in order to continue to be able to use information technology. We shall arrange two trips both at which will be educational, cultural & historical - one to Aberfoyle/Callander and one to Edinburgh. We would organise a suitable coach for all & a venue for lunch as well as museum visiting & possibly parliament. What does your Organisation/Group do?	1.10	We aim to provide a weekly social event for our members. Primarily tackling loneliness and isolation and providing them the opportunity to make new friends. We try to fund as many outings for them as possible keeping them in touch with the community. Without the club many of our members would rarely leave home and never experience the type social occasions that we provide. Having an outing to plan and look forward to boosts their general health and wellbeing.

To promote the group to people in recovery who may not know of Paisley Guitar Group or who may feel uncomfortable coming along for the first time. A number of people had identified an interest in learning to play guitar however the cost of private one to one lessons meant they could not participate. Those interested were brought together and advised they could support each other by forming their own constituted community group to help beginners to advanced players get more out of their interest in the instrument. We will offer 4 x 40min sessions with an experienced tutor that reflect the needs of players of all abilities to help to improve knowledge and skill levels so that they can use them in "real world" situations such as practice on their own, rehearsal and studio recording and also live performance. What does your Organisation/Group do?	1.10	Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident and empowered in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference and the Breastfeeding Network aims to offer accessible, reliable and effective peer support and helps families link up with a supportive community. Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding with families and wider communities and to use assets based approach to community based support for new parents.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: We are a national charity and provide support daily over the whole of Renfrewshire	
How much grant funding are you seeking?	2.10	<b>£6,845.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide breastfeeding peer support and evidence based information to families in Renfrewshire, especially in areas of multiple deprivation. To ensure our existing volunteers can continue to provide up to date information, receive ongoing support and learning ( supervision ), and continue to develop their skills. We will train more local women to volunteer which will help us maintain our well established services in the area and ensure sustainability of the project. This will help us to improve knowledge and support within hard to reach groups and the community. Despite recommendations from the World Health Organisation, UNICEF and the Scottish Government, breastfeeding rates remain very low especially in deprived areas. Across Renfrewshire only 14% of babies are still exclusively breastfed at 6-8 weeks in these data zones. Babies who are not breastfed are more likely to suffer from chest, ear, gastrointestinal and urinary tract infections, and at higher risk of developing high blood pressure, obesity, diabetes, heart disease and some cancers in later life. Mothers who do not breastfeed are at higher risk of developing breast and ovarian cancers and osteoporosis in later life. Breastfeeding promotes bonding and attachment which can help alleviate symptoms of post natal depression. Because of low	

		<p>breastfeeding rates in this area some mums can feel isolated and have no one to ask for support, offering peer support to these mums can help them feel part of a supportive community and help reduce isolation. We will continue to provide high quality breastfeeding peer support across Renfrewshire at our groups in Johnstone, Ferguslie and Linwood. We anticipate that at least 12 different families will come along to access support at the three groups each week. We will continue to collaborate with the Families First, Health Improvement and Health Visiting Teams. We will attend community events to help normalise breastfeeding, raise our profile and raise community awareness. We will train 12 women to provide peer support, and will continue their ongoing learning, provide supervision and insurance. This is a nationally recognised qualification which increases their confidence and helps toward retraining and future employment. We aim to support 80 different families over the year at the three groups.</p> <p>In line with Renfrewshire Council's own priority: Our Renfrewshire is well: We are committed to health improvement, early intervention and prevention. What does your Organisation/Group do?	1.10	<p>We are a community based music initiative for young people in Renfrewshire. Our purpose is to give young potential musicians access to facilities, equipment and expertise, giving them a platform to play live music and providing them with the management skills to organise their own community based music events. We aim to help young people prepare for Further Education and make them more employable. We produce events and manage events such as Spree for All, The Bungalow Musical, Baker Street Day, Paisley Music Week, and Paisley Busking Day. We have a hire division which specialises in event equipment.</p>

How much grant funding are you seeking?	2.10	<b>£18,000.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>BACKGROUND The Charleston drum was beaten through the streets of Paisley to summon the weavers in times of trouble and to rally the weavers in protest marches. As most Buddies know that after a strike lead by the Charleston Drum the workers won the day and the drum is an integral part of the history of Sma' Shot Day. DESCRIPTION We wish to start a Charleston Drummers Group for young people to carry on that tradition and become active in the community spreading the story of the historic weavers strike and the iconic use of The Charleston Drum then and today. The project will include - Drum tuition, Drum maintenance, Drum making workshops, Recycling old drums, Research into the history of The Charleston drum and Forming a marching parade group to take part in local events such as Sma' Shot Day, The Spree, Paisley Halloween Festival, Paisley Music Week, Paisley Busking Day and other community events. Loud n Proud has a reputation as being one of the top music schools that produces some of the best drum students in the UK. We have had students in the top ten finals in Britain's Young Drummer of The Year for 7 years including two runners up and two winners. The idea has come from a suggestion from some of our drum students. Loud n Proud over the years has been involved in Sma' Shot Day and during discussions with the organisers it was</p>	

		<p>agreed that something could be done to get more young people involved and educate them about the historical importance of Sma' Shot Day, the parade and the history of how the drum is an important part of Paisley's history and the social and legal impact of the strike. Young people at Loud n Proud and from other groups have been involved in the development of this application. We will teach drums in a mixture of one to one, groups and ensemble rehearsals and form a marching group to take part in community events. The programme will provide a comprehensive and concise step-by-step introduction to drumming covering all aspects of technique, basic music and marching styles. It will be workshop based and involve interacting with others in the group as well as other community groups. Each session includes all necessary theory needed to give the student a good understanding of the equipment. The objective is that at the end of the courses participants are able to be an integral part of Sma' Shot Day and be active in the community by bringing not only music to enhance events but to keep the history of the Charleston Drum alive to a new generation. Paisley will have a group that keep alive the history of Sma' Shot Day and be a fixture in the event and others for the coming years. This project will assist us to improve the services and provisions we currently offer. Overall it will increase access, opportunity and participation in music by young people of Paisley. It puts in place a structure that will support up and coming musicians and others who wish to engage in the local community. We will form a committee with young people at its core which will give young people the skills to volunteer their services to help other voluntary organisations. Those taking part will learn teamwork and organisational skills and get an experience that will make them more employable, better equipped to apply for jobs, be more confident and have more experience to apply for a college course. Core Skills: IT Skills – Communication Skills - Creative Skills – Teamwork – Planning Management - Problem Solving General: Increase in Confidence – Increased Self-Esteem – Social Skills</p>

By doing so, we raise the profile of the club in the hope we attract more members of all ages to help promote the art of magic throughout the area. Any to participate in shows performed in schools, church halls, charity balls, and older people's homes. In 1998, we celebrated the 60th anniversary of the club. Paisley town hall was the venue of a civic reception and convention. On the back of that, we attracted about 12 new members of which 8 were under 16 and two over 60. By celebrating our 80th magicians from all over UK plus one or two from Europe and USA, it will promote paisley as well as the club. We intend to promote the club's 80th convention by putting on magic shows over the summer, providing workshops to budding magicians. The watermill hotel has been booked for a full day end October 2018, open to magicians followed by gala dinner and cabaret which is open to the public. <p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>dates-n-mates Renfrewshire is a friendship and dating agency run by and for adults with learning disabilities. The project helps hundreds of people that would otherwise be socially isolated and lack confidence and self-esteem in their everyday lives. It provides opportunities for people to connect, make friends and build meaningful relationships though hosting a regular calendar of social events in a safe, comfortable and inclusive environment thus improving overall health and well-being. With 26,000 adults with learning disabilities in Scotland, the Scottish Government's 10 Year Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority. People with learning disabilities are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including forming and conducting relationships. The Learning Disability team in Renfrewshire Council support its development. According to Renfrewshire Council Chief Executive's Ward Statistics 946 Adults with learning disabilities live in Renfrewshire (updates 2015). dates-n-mates Renfrewshire developed a pilot outreach model to identify adults with learning disabilities in specific areas of Renfrewshire and provide opportunities to connect and make friends and form meaningful relationships. Through our outreach work we are creating awareness of dates-n-</p>	

		<p>mates and engaging those most isolated supporting them towards membership helping to reduce social isolation, build confidence and self-esteem, and improve the person's ability to be active citizens and improve their overall health and well-being. We have built positive relationships with a wide range of services and organisations including Health, Housing, and other statutory and non-statutory services and projects within Renfrewshire. We have engaged with adults with learning disabilities who may have declined access to opportunities. We will target many people of all ages in Renfrewshire that are isolated with learning disabilities and that are unaware of the project and potential benefits to them. A resource to specifically focus on carrying out outreach work will help to identify these individuals and provide them the opportunity to connect and make friends and form meaningful relationships. Dedicated Outreach Workers (part-time) and awareness raising materials and activity will enable us to continue developing the outreach work, partnering with GPs, Housing Associations, Pharmacies, colleges, advocacy services, carers centres etc to achieve this. To compliment the work of social work, health and education services by reducing the formal statutory need to provide services for adults with learning disabilities by making more natural connections through dates-n-mates. To identify those that are most isolated and support them to access the dates-n-mates project to help reduce social isolation, improve their self-esteem, build confidence and improve the person's ability to be active citizens and improve their overall health and well-being. We provide on average 60 events a year using 30 different venues in Renfrewshire which is supporting local businesses. We are also introducing members to places and facilitates in their local communities which they perhaps wouldn't have accessed. Our Evaluation in 2017 found that 73% of our members had tried new things and experienced different places in the local community as a result of joining dates-n-mates.</p>

Address/based	1.3	Create Paisley, Methodist Central Halls, 2 Gauze St, Paisley PA1 1EP	
What does your Organisation/Group do?	1.10	Create primarily works with local young people in Paisley, with the aim of fostering safe environments and facilitating events and activities inspired and informed by the interests and passions of local young and the wider community. We are working hard to promote a 'positive Paisley'. Central to this, Create aims to advance local arts and culture, cultivating a creative community and giving spaces and opportunities for artists and musicians to develop their skills, abilities and potential.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: Paisley LACs

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>CREATE will provide safe environments in which young people will develop their creative skills in song writing, filmmaking, photography and digital app design. Young people will increase in confidence, develop skills in technology and design, engage in the wider community and build social networks with other young people. Create will continue to engage young people where they're at and signpost them to relevant activities. CREATE was started in response to local young people hanging out in the town centre who were seeking a positive place on the weekends to play their music. Over the last 4 years of our Create Cafe, our fortnightly youth drop, 25% of attendees have been from postcodes from the top 2 deprived deciles (SIMD2016). Lots of the young people we work with say there is a lack of free-to-access art and music opportunities in Paisley and therefore Create identified a need for such programmes and safe environments. We don't want cost to be a barrier to young people succeeding. Create will deliver creative programmes in song writing, filmmaking, photography, app design and continue to work hard to offer free high quality arts opportunities for young people. Workshops and opportunities will be advertised through social media, schools and partnership organisations. Create will continue to run Cafe nights, offering safe spaces for young people to come and be creative, showing off their creations. Volunteers will be trained to support young people, signposting young people to relevant services and meeting identified</p>

What does your Organisation/Group do?	1.10	The Scottish Afro-Caribbean Art Association (S.A.A.C) provides the Renfrewshire community with an outlet to celebrate and share the diversity of their different cultures. We provide the resources and tools to illustrate the heritage and traditions of their homelands through music and art.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>This project is to promote cultural integrations to the community and to have a platform for celebrating diversity and also to generate interest and understanding in each other's culture's, in non-threatening, friendly and inquisitive environments. We want to dispel any myths and misunderstandings that are easily reported but have no real factual support and have real impacts on minority communities. The idea was identified through a table - talk group in Reem whose initials objectives was to come up with ways of promoting cultural integration in the community. The group noted that Renfrewshire has diverse cultures, but it lacked opportunities and places for people to share such cultures. As a result the carnival idea was identified as a good opportunity for encouraging members of the wider community to come together, share cultural experiences through art, dance, and drama and celebrate. On the lead up to the actual West Indies type of parade, we plan to arrange a programme of activities in partnership with local youth groups operating around the Renfrewshire Area. These activities will cover such things as National costume designing and making, playing musical instruments related to certain cultures, and fun around finding out about each other's cultural beliefs and history by way of dance, story-telling and other art mediums. The parade and event will be organised. Our main objective is artistic development through this specific project. The Carnival allows the opportunity for the community to come together and the workshops allow the delivery of skill building and creative enjoyment. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide musical instruments to all members who come along to singing memories to be able to participate in the music therapy. Singing memories was set up in Renfrewshire a few years ago, and was a pilot project. The evening is singing and music therapy to help people with dementia. The sessions are run out the normal Alzheimer's activities and are a free service with donations only from some attendees. A previous music therapist came to the group to do various musical exercises and sing along. She supplied musical instruments such as mini drums, tambourines, rattles, maracas. However, since she left the group is left without the instruments that form a huge part of the therapy. Singing memories and music therapy has been identified as a huge benefit to the mental health of the people who come along to the group. We will purchase a variety of "children's" musical instruments through a supplier recommended by a music therapist. This will allow the group to fulfil all parts of the program to enjoy singing and playing along to music. In some cases, people with dementia will not talk, however they will sing. It also leads to memory return when music reminds them of people, places or things they used to take part in and for relatives caring for their loved one this can bring so much joy. The group has about 50 including carers coming along at the moment but we hope this will expand therefore we will need lots of instruments.		
What is your group's current bank balance?	1.14	£22,735.25		
Are there any significant items of expenditure to be set against this bank balance?	1.14	No We note that the bank details are for the whole of Scotland where balance fluctuate and not a true representation of Renfrewshire services.

How much grant funding are you seeking?	2.10	<b>£4,334.50</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The purpose of this project is to support the growth and development of St Mirren Netball Club during the 2018/19 netball season and beyond. The project will allow St Mirren Netball Club to provide quality coaching, facilities, kit, equipment, officiating and playing opportunities for all members. Throughout the 2017/18 season the club has developed and grown in numbers. A full committee structure is now in place and our membership numbers have increased to the point where we are entering a 3rd competitive team into the local league. This project will allow us to successfully support 3 competitive teams, as well as a number of recreational players. It will also increase competitive opportunities by allowing entry to national tournaments, ensuring these opportunities are available to all members. The increase in numbers means more kit, equipment and officials are needed. There is also an increase in coaching hours due to attendance at more games. This project will allow us to provide all of the above as well as allow identified club members to gain coaching and umpiring qualifications that will be used within the club/ league environment. The outcomes are to provide: Top coaching across all competitive teams and for recreational players, Safe and appropriate facility, Safe, quality, rule adhering equipment, further supporting club growth and development, Improvement in Club Performance, Continued increase in club membership, Qualified coaches/ umpires from existing members who will use these qualifications to the benefit of the club, Teams entered in local leagues as well as national tournaments	
What is your group's current bank balance?	1.14	£3,000.71
