Devolved School Management Report by Joint Secretary (Teachers' Side)

Background

In October 2019 a DMR Short Life Working Group was set up by the Head of Schools in response to updated Scottish Government guidelines on Devolved School Management. The Framework Document for Local Authorities directed Councils to set out how Local Authorities and Headteachers will adhere to SNCT and LNCT agreements and guidance. The Framework Document further emphasised the importance of consultation, engagement and transparency.

Action

An urgent meeting to be arranged between the Management Side and Teachers' Side to discuss the present position with regards to the revised DMR scheme in Renfrewshire with particular reference to those areas which relate to SNCT and JNC agreements.
