On: 30 MAY 2017

Report by: DIRECTOR OF COMMUNITY RESOURCES

**Heading: COMMUNITY SAFETY & PUBLIC PROTECTION,
PROGRESS UPDATE**

1. Summary

1.1 This report provides a progress update for quarter 4 of 2016/12017 on activities the Renfrewshire Community Safety Partnership has carried out in the Paisley North area. A number of community planning partners have provided statistical information, including: Police Scotland; Scottish Fire & Rescue Service; and Renfrewshire Community Safety Partnership. The report includes information on:

- Paisley North community safety statistics;
 - Environmental enforcement and improvement activities;
 - Protecting vulnerable residents;
 - Building safer communities;
 - A spotlight on the Renfrewshire Alcohol and Drug Partnership.
-

2. Recommendations

2.1 It is recommended that the Local Area Committee notes the content of this progress update report for Quarter 4, 2016/2017 (1 January to 31st March 2017).

3. Focus on Renfrew and Gallowhill

- 3.1 The table below details the number of incidents reported within the Renfrew and Gallowhill Local Area during Quarter 4, 2016/17 (January to March 2017). The Renfrewshire Community Safety Partnership continues to target resources into identified hotspot areas.

| Incidents Reported | Q4 2015/16 | | Q4 2016/17 | |
|--|------------|--------|------------|--------|
| | Ward 1 | Ward 2 | Ward 1 | Ward 2 |
| Serious Violent Crime | 6 | 3 | 2 | 4 |
| Minor Assault | 16 | 22 | 13 | 14 |
| Drug Crime | 56 | 33 | 26 | 19 |
| Disorder and Anti Social Behaviour (ASB) (number of calls) | 264 | 228 | 182 | 193 |
| Vandalism | 30 | 40 | 29 | 18 |

- 3.2 The incidents reported above are obtained directly from the Police Database (Storm) with many discussed as part of the Daily Tasking meetings. The information gathered allows early intervention and quick resolution to incidents.
- 3.3 From previous years, the Community Safety Partnership often see a pattern with regards to complaints in relation to anti-social behaviour, with an increase from Easter (light nights) through to the end of Summer time and then there is seen to be a decline over the darker nights.
- 3.3 Ward 1: There were reductions across all five incident types during quarter 4 of 2016/17 in comparison to the corresponding period of 2015/16. Serious violent crime incidents remained at a very low level, with only two incidents recorded during the quarter. Further analysis identified that both incidents were unconnected.
- 3.4 Ward 2: There were also reductions across four of the five incident types during quarter 4 of 2016/17 in comparison to the corresponding period of 2015/16. Serious violent crime increased from three crimes to four however remains at a very low overall level. In addition, there were no obvious hotspots or repeat locations/victims identified.

Renfrewshire Wardens' Antisocial Behaviour Calls

- 3.5 83 antisocial behaviour calls were directly received by the Renfrewshire Wardens' service for the Renfrew and Gallowhill LAC area during 1 January – 31 March 2017. This is an increase compared to the corresponding period in 2016. It should be noted that several of the calls to Wardens will also have been reported to Police Scotland and will be included within the statistics detailed in paragraph 3.1 above. 872 patrols took place within the Renfrew and Gallowhill LAC area, many in response to these calls. The antisocial behaviour calls made to the Wardens assist the Community Safety Partnership in responding to and directing resources across Renfrewshire.

Noise Enforcement

- 3.6 During 1 January – 31 March 2017, the number of calls to the Noise Team remained at a similar level compared to the same period last year. However, Ward 1

significantly increased by 112% and Ward 2 notably decreased by 30%. The number of Warning Notices issued also increased which corresponds with the calls. The Noise Team has worked with its community safety partners and operated extended hours until 4am on Fridays and Saturdays since 2014. These working practises have established an excellent service with a history of successfully resolving noise complaints, without formal enforcement action being required following the issue or a warning notice.

4 Environmental Enforcement and Improvements

Vehicle Emissions Testing

- 4.1 This bi-annual event took place during March 2017. The Renfrewshire Wardens, working in partnership with Licensing Officers and Police Scotland, carried out emissions testing on light vehicles entering Air Quality Management Areas in the town centres of Johnstone (15 & 16 March) and Renfrew (23 & 24 March). 696 vehicles were tested including 35 taxis and private-hire vehicles, with only 1 fail resulting in the issuing of a Fixed Penalty Notice to the driver. Although detection was very low for emissions this year, other offences were identified. This resulted in the following: 1 male was arrested for drunk driving, a young driver was reported to the Procurator Fiscal for possession of drugs, 1 private hire taxi was immediately suspended from operating due to an illegal tyre tread and 3 warnings were issued due to minor defects.

2017 School Parking Safety and Idling Initiative

- 4.2 This campaign aims to make drivers aware of the dangers of parking illegally or inconsiderately near schools and the threat that idling engines can pose to children's health. Following on from our campaign of 2015-16 where 18,894 text messages were sent to parents/guardians, combined with thousands of leaflets distributed to drivers, this year's campaign aims to be equally successful. A further 10 schools have been identified to be part of the 2017 School Parking Safety and Idling Initiative. Banners highlighting the issues relating to engine idling and dangerous parking were erected outside these schools and wardens patrolled during key times to reinforce the messages during February-June 2017. Information was also communicated through the Council's website, text alerts, school newsletters, leaflets and local media. This action supported wider activities relating to road safety carried out at schools across Renfrewshire.

Secondary Schools Litter Initiative

- 4.3 Community Resources has received multiple complaints regarding issues of litter generated by the pupils from local high schools at lunchtimes and after school. A variety of shops near the schools offer hot food which pupils use regularly. Renfrewshire Council do not enforce littering on juveniles. However, the Community Safety Partnership together with local schools has implemented a joint action plan during March 2017:
- Areas surrounding the schools were cleaned by Streetscene and the Community Payback Team;
 - The Community Safety Youth Team addressed school assemblies regarding pupils' behaviour outside school grounds;
 - Litter picks by the school pupils were arranged by the Youth Team with equipment supplied by the wardens;
 - Wardens regularly patrolled the local areas and challenged any unacceptable behaviours they observed involving pupils and captured the interaction using body worn video. Footage was forwarded to the schools for follow up action.

DVLA Audit of Abandoned Vehicle Procedures

- 4.4 Renfrewshire Council received over 300 reports of abandoned vehicles in 2016/17. However, after investigation less than 10% of these vehicles were officially categorised as abandoned. There are strict criteria to assess if a vehicle is abandoned and this can include (but is not limited to) flat tyres or removed wheels, smashed windscreens or windows, missing number plates or graffiti. Most of the complaints related to cars that had not moved for a time period and were untaxed, however, they were not deemed to be abandoned once inspected. The DVLA enforce cars that are untaxed and remain on the road and complainants can check on the DVLA website to see if a car is untaxed.
- 4.5 To assist in the delivery of the service, the Council website has been updated to provide more information to the public as to what constitutes an abandoned vehicle. One issue is that many of the complaints were anonymous which resulted in the Council being unable to advise why they were not abandoned and therefore there

were numerous repeat callers. This has been rectified and now to report an abandoned vehicle, the complainer must leave contact details to allow Renfrewshire Council to respond.

- 4.6 The Renfrewshire Wardens Service was externally audited by the DVLA Data Sharing Assurance Team in December 2016. The purpose of this audit was to confirm that the Council was recording and investigating abandoned vehicles to the required DVLA standards. In January 2017, Renfrewshire Council received an overall audit rating of 'Green', which demonstrates a high level of compliance. This allows the Renfrewshire Wardens continued access to DVLA vehicle keeper data which helps to identify abandoned vehicles at the earliest point in the process.

5 Protecting Vulnerable Residents

Safe Kids

- 5.1 Safe Kids is an annual interactive educational programme involving Renfrewshire's Community Safety Partners, delivering messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire, i.e. 1,830 pupils in total.
- 5.2 The aim of Safe Kids is to reduce the number of accidents involving young people, promote positive behaviour and eliminate risks.
- 5.3 Safe Kids was delivered at St Mirren's Paisley 2021 Stadium during February-March 2017 with pupils transported to the stadium from their respective schools. Workshops were designed to be interactive and short in length (10-12 minutes) to enable partners to get vital messages across in subject areas that can be difficult to discuss.
- 5.4 Workshops this year included - antisocial behaviour; CCTV; alcohol and drug awareness; internet safety; fire safety; litter & dog fouling and Street Stuff. Some new workshops were also included for the first time this year, including raising awareness and encouraging kids to "back the bid" for Paisley - City of Culture 2021, Who Cares Scotland raising awareness of children in the care system and working with the Council's Civil Contingencies Team, to increase awareness of how to prepare for emergency situations.

The Street

- 5.5 'The Street' is an award winning drama project based in Hamilton that helps young people to address antisocial behaviour and keep themselves safe. This 20 minute drama is delivered by young people aged 14-24 with the target audience being other young people. Topics include knife crime; teenage pregnancy; domestic violence and alcohol misuse.
- 5.6 The Renfrewshire Community Safety Partnership visited the project on 2 occasions during January - February 2017, with young people who come to the attention of the Community Safety Youth Team through their involvement in youth disorder. After watching the drama, the young people attend a 1 hour workshop to assess the impact of their behaviour on themselves and their community.

Choices for Life

- 5.7 Choices for Life is an innovative diversionary and educational initiative aimed at raising awareness amongst young people aged 11-18 about the dangers of substance use and misuse in relation to smoking, alcohol and drugs. It also offers online safety and advice on how to deal with negative peer pressure and provides useful resources for young people and parents, carers, teachers and youth workers at www.choicesforlifeonline.org.
- 5.8 The 2017 Choices for Life event took place on 20 March 2017 at Johnstone Town Hall. It was attended by 120 second year pupils from Renfrewshire's Secondary Schools. This event focused on the dangers of alcohol and drugs with inputs from Police Scotland, RADAR, Scottish Fire and Rescue Service, Renfrewshire Wardens Service and Community Safety Service, Clubbercise with Active Communities and St Andrew's First Aid.

I Am Me/Keep Safe

- 5.9 The I Am Me Cinebus is touring Renfrewshire primary schools to deliver a comprehensive programme which raises awareness of disability, bullying and hate crime. Over 7,000 children have participated in the programme since September 2016. The programme has been designed to complement the curriculum for excellence and a progressive lesson plan is available for each school year (from P1-P7). Feedback from nearly 3,000 participants highlights that 98% of participants have enjoyed the Cinebus visit, 99% know bullying is wrong and 96% would report an incident.
- 5.10 Disability hate crime awareness training is currently being delivered to the Scottish Prison Service. The training is being delivered, in-house, to Polmont young offenders, with excellent feedback and engagement. I Am Me staff recently delivered the training to the Scottish Prison Services Headquarters in Edinburgh and will be delivering the sessions to inmates and staff at Shotts prison in the spring.
- 5.11 Based in Renfrewshire, Keep Safe is now being rolled out in Ayrshire, with Orkney, Highlands and Islands, Stirling and West Dunbartonshire at the early stages of adopting the initiative. The Keep Safe Scotland "phone app" has now been launched and is free to download from iOS and Android. The app can be used to plan routes, highlighting all Keep Safe places and provide details including opening hours, website and telephone number. The app is linked to Police Scotland to dial 101 or 999 with an approximate location displayed allowing officers to find the app user if they are lost or in distress. A link is provided for all local authorities in Scotland, with the option to provide details for community safety events and contacts. The Keep Safe places are being linked with Police Scotland A-Z system to provide additional support, if required.

6. Building Safer Communities

Best Bar None

- 6.1 Best Bar None is an awards scheme which raises standards and rewards excellence for those venues that attain the award standard. This is delivered at a local level in

partnership with the industry, local authorities and Police Scotland. Community Resources' Trading Standards & Licensing Team is responsible for the local co-ordination and assessment of the scheme. Best Bar None Awards are based on core national standards relating to the five licensing objectives, which are:

- preventing crime and disorder;
- securing public safety;
- preventing public nuisance;
- protecting and improving public health; and
- protecting children from harm.

6.2 12 venues attained either gold or silver awards at the local Awards Ceremony on 12 January 2017. 7 venues were presented with awards in specialist categories such as "Best family establishment", "Most improved" or "Heart of the Community". 4 Category winners were shortlisted for categories in the Best Bar None Scotland Awards 2016-17, held at the Hilton Hotel, Glasgow on 30 March 2017. The Tartan Rose, Paisley won the Heart of the Community Award - the first ever National Best Bar None Award for a Renfrewshire venue.

7. Strategic Police Priorities

7.1 At the Housing and Community Safety Police Board on 23 August 2016, Community Resources presented the Renfrewshire Council response to the Scottish Government consultation on the Strategic Police Priorities.

7.2 The strategic priorities have now been published and are in line with Renfrewshire Council's consultation response.

7.3 The Scottish Government has now established seven strategic priorities for Police Scotland to drive their service over the coming years and these are:

- **Localism** – Ensure that the needs of local communities are understood and reflected in the planning and delivery of policing at a local and national level.
- **Inclusion** – Ensure our police service is accessible and responsive to the needs of all people in Scotland.
- **Prevention** – Ensure our police service works to protect people by preventing crime and reducing fear of crime through communication, education, innovation and partnership working.
- **Response** – Focus policing on improving the wellbeing of individuals and communities by tackling crime and responding to and investigating incidents effectively and efficiently.

- **Collaborative Working** – Ensure that our police service works productively with partners at local, national and international levels to deliver better outcomes for people in Scotland.
- **Accountability** – Continuously improve public confidence in policing and inspire trust by being transparent, accountable and acting with integrity, fairness and respect.
- **Adaptability** – Ensure our police service takes advantage of new opportunities and meets emerging threats and challenges.

7.4 Police Scotland and the Scottish Police Authority (SPA) launched a consultation on the 2026 Strategy on 27 February 2017. The Chief Constable has advised that the strategy is aimed at making police time more productive and that Police Scotland will work smarter. As part of this, Police Scotland is also introducing new Operational Area models, including across Renfrewshire from 4 April 2017. The focus of the new strategy and operational model is in line with the Strategic Police priorities above and will result in a focus on Community Policing.

8 Public Protection Spotlight – Renfrewshire Alcohol and Drug Partnership

- 8.1 The Renfrewshire Alcohol and Drug Partnership (ADP) is a multi-agency group, which has strategic responsibility to review, develop and deliver local services related to the challenges associated with alcohol and drug misuse. It was established in 2009 and comprises representatives from Renfrewshire Health & Social Care Partnership, Engage Renfrewshire, Police Scotland, Scottish Fire & Rescue Services, Scottish Prison Service and Job Centre Plus.
- 8.2 Renfrewshire Alcohol and Drug Partnership's vision is to ensure that individuals will achieve and sustain recovery from their alcohol and drug use and become contributing members of society.
- 8.3 Renfrewshire Alcohol and Drug Partnership is responsible for reporting outcomes in their Annual Report (latest 2015/16). The annual report also includes core and local indicators, many of which demonstrate an improving trend.
- 8.4 Renfrewshire ADP has a drug death action plan which outlines key priorities for preventing deaths. Key areas include investigating all drug related deaths and trends and reviewing any areas for intervention. Recent data shows that there were 19 drug related deaths in Renfrewshire in 2015. This represents a 37% decrease compared with 2014 and is in contrast with many other areas of Scotland which experienced a 15% increase.
- 8.5 In the last year, over 98% of individuals in Renfrewshire waited no more than 3 weeks for treatment, which is better than the Scotland wide figure of 96% for alcohol and 93.7% for Drugs. Renfrewshire has consistently exceeded the local target of

91.5% during 2016/17. Improvements seen in waiting times for drug and alcohol services have made services more accessible and increased the numbers attending.

8.6 Renfrewshire's Alcohol and Drug Partnership's 2016/17 developments include:

- Implementation of the Scottish Government's Quality Principles which include a detailed self-assessment, and an evidence informed programme of work to support and improve service performance;
- Recruitment of a Licensing Intern who will work with communities to enhance their involvement in the Licensing process;
- Recruitment of a Recovery Development worker to enhance the work related to recovery from drug and alcohol problems in Renfrewshire;
- Funding of the Safe Bus, which seeks to support people who are at risk during the Festive period (Fridays & Saturdays nights in December). The Safe Bus provides a safe environment for anyone who may be vulnerable as a result of being intoxicated, injured or separated from their fellow revellers;
- The continuation of the National Naloxone Programme which aims to prevent drug related deaths. Naloxone is a potentially lifesaving drug which can temporarily reverse the symptoms of overdose. Training is offered on how to administer Naloxone and basic lifesaving skills including Cardio-pulmonary Resuscitation (CPR);
- A Training Needs Analysis is being conducted which seeks to identify training needs amongst staff working in addiction services and other key practitioners. This will inform future workforce development priorities for the partnership;
- Implementation of Peer to Peer programme, which offers training and a recognised qualification for people in Recovery from alcohol and drug use which will allow them the skills to become Peer Support workers.

Report by: DIRECTOR OF COMMUNITY RESOURCES

Heading: STREET STUFF ANNUAL REPORT/FUNDING REQUEST

1. Summary

- 1.1 Street Stuff has been delivering activities in Renfrewshire since 2009, during which the programme has contributed to delivering a sustained reduction in reported youth disorder and anti social behaviour. Across Renfrewshire a 75% reduction in youth disorder and anti social behaviour was achieved in the first 5 years of the programme and a further 42% increase in participation levels has been seen over the past 3 years. Over 43,000 participants took part during 2016/17, an increase of 5000 from the previous year. The programme now offers a range of activities such as football, dance, cheerleading, clubbercise, gaming, DJ workshops, filming and much more.
- 1.2 In 2016/17, supported by the Tackling Poverty Commission, Street Stuff replaced 5 container boxes with 5 buses equipped with playstations and Xboxes. The last two buses were further supported by Paisley 2021 linking in with community engagement intended to take cultural and media experiences to all Renfrewshire communities. Following consultation, the buses were designed both internally and externally by Street Stuff participants to include ipads, macbooks and DJ decks as well as a fresh new vibrant exterior. Free Wi-Fi is also to be installed very soon following discussion with young people. The buses give flexibility in providing activities across wider areas in Renfrewshire as well as supporting events, gala days and community engagement related to the Paisley 2021 Bid.
- 1.3 The success of the programme relies on its ability to respond quickly to hot spot areas identified through collaborative working supported by Renfrewshire Community Safety Partnership. Being evidence led, and by responding early through the daily

tasking process, the service is able to divert young people effectively from anti social behaviour into more meaningful activities.

- 1.4 The success of the programme in delivering life changing outcomes for residents is demonstrated by the fact that previous participants in the programme have gone onto become volunteers in the programme. Some participants (sessional workers) in the programme have used their experiences to support entry into further and Higher Education as well as careers in Police Scotland and the Scottish Fire and Rescue service and as teachers.
- 1.5 This report confirms the development and expansion of the Street Stuff programme through the 2016/17 financial year and highlights some of the additional projects linked with the core programme that have further improved its reach and effectiveness across Renfrewshire.
- 1.6 Over the previous years, opportunities have been available for each Local Area Committee (LAC) to consider funding additional activities within their LAC area. This funding would facilitate additional sessions delivered within communities not identified at a Renfrewshire level as hotspot areas but that the local communities feel would benefit from this type of programme. Given the scale of the core programme, it is requested that a contribution of £5,000 per LAC area should be considered, which would contribute to the costs of delivery of up to two activity sessions per week within the LAC area through the peak summer, autumn, and spring months as well as attendance at local gala days and fetes.

2. Recommendation

It is recommended that the Local Area Committee:

- 2.1 Note the continued development of the StreetStuff Programme as detailed in this report; and
- 2.2 Consider the provision of £5,000 grant to the Street Stuff Programme for 2017/2018 to contribute towards the costs of additional activity sessions within the LAC area including attendance at local gala days and fetes.

3. Background and Further Information on the Programme

- 3.1 Street Stuff provides a range of activities primarily in the evenings and at weekends across Renfrewshire. Effective targeting and identification of the activities is delivered using information and data controlled by the Renfrewshire Community Safety Partnership including Police data that highlights the days, times and locations of incidents of youth disorder and anti-social behaviour.
- 3.2 The table below summarises the number of sessions delivered during 2016/17 and recorded attendance figures within each local committee area including events, gala

days and fetes supported by funding from LACs and events and activities supported by the Paisley 2021 Bid Team.

General

3.3 Street Stuff became an active partner of the Paisley 2021 Bid Team during 2016/17. The key objective being to engage with young people raising awareness of cultural activities, and what it would mean for Paisley to win City of Culture in 2021. The partnership has grown from strength to strength and has opened up a range of opportunities that Street Stuff participants would not normally get the chance to participate in. Whilst the list is not exhaustive, Street Stuff Dance and the new buses have featured in a number of key events over the year including:

- Smashot Day – Young People got involved in the parade, some participating in dance with others involved with the parachutes and the parade itself. Tuition for this event was provided by an organisation called 'Walk the Plank'. The Young People had a fantastic time in what was an amazing day.
- Renfrew Gala Day – Young People from Kirklandneuk and Glenburn performed a few of their dance routines at the gala day. The bus was also in Robertson Park with activities being well received.
- Pipe Band Festival - The Youth Bus supported the Pipe band championships at St James Park which was well received by those who travelled far and wide to be at this prestigious event. Coaching staff also took this opportunity to get the Paisley 2021 message out and encourage support for the bid to be City of Culture 2021.
- Halloween Parade – Street Stuff young people were involved in this year's parade. The dancers performed a routine based on the Paisley pattern outside Paisley Abbey at the event on both nights.
- Fair Trade Day, Paisley Methodist church – Due to the success of performances at other events, Street Stuff young people were invited to perform routines in the church as part of the Fairtrade day. Performances were well received by those attending the event.
- Summer Holiday Dance Show – Young people from across Renfrewshire performed in a dance show in Glenburn community centre displaying dance moves including singing and acting. The show was a great success with over 150 parents attending and having the ability to see how far Street Stuff Dance has come over the last couple of years.

3.4 ROCCO Business Awards Ceremony – In November 2016, the Renfrewshire Chamber of Commerce chose Street Stuff Culture Buses as one of their Charity Programmes at the Normandy Hotel and awarded £3000 to further develop the buses in the new financial year. As part of this process two Street Stuff Coaches were invited to speak at the awards ceremony to talk about their Street Stuff Journey and what it meant for them to be involved in the development of the buses and new cultural activities.

- 3.5 Street Stuff Annual Football Festival – The annual festival event held in May 2016 hosting around 500 young people from across Renfrewshire. This year's event was also enhanced with additional activities including the Youth Buses and dance classes being provided.
- 3.6 Football Beyond Borders – A group of young people from London visited Street Stuff during the summer holidays. The annual visit, which saw the group returning to Lapwing Lodge for the second year running toured different football grounds over the course of the week. A football tournament was arranged for the visitors at St Mirren Training Ground.

Volunteering, Training & Employability

- 3.7 The ongoing development of the Street Stuff programme has continued to provide volunteering and employment opportunities. Nine new volunteers were recruited with two of the existing trainees receiving the Saltire Summit Awards for volunteering above and beyond expectations and completing over 200 volunteering hours within the programme.
- 3.8 A further positive outcome for the programme is the increase in the percentage of staff delivering activities who have participated, volunteered and live in the Renfrewshire Area rising from 50% to 77% over the course of the year.
- 3.9 Two of the four trainees recruited through the Tackling Poverty programme are now employed by Street Stuff to deliver Dance Sessions and drive the new buses. The other two trainees have moved on to positive destinations with Skills Development Scotland and Hairdressing. Other coaches within the programme have also moved on to positive destinations with one setting up their own dance schools and another progressing to University to complete a degree in Sports Leadership.
- 3.10 University West of Scotland - Street Stuff has been working with the University West of Scotland to provide placements for 2nd year students within the programme. Work experience placements with young people from local schools and colleges across Renfrewshire have also been popular this year with over 12 placements being provided.
- 3.11 At the ROCCO awards in November 2016 two coaches spoke to over 500 people about their own experience of being a participant in the programme, progressing to become volunteers and with support from Street Stuff progressing to study an HND in Sports Leadership at West College Scotland and now employed by Street Stuff on a sessional basis. They explained their roles within Street Stuff highlighting that they wouldn't be where they are now if it wasn't for the programme. They also highlighted how much they enjoyed the consultation and community engagement with young people on the development of the new buses and being able to see the end product with the buses now on the street.
- 3.12 Street Stuff continued their support at the annual Safe Kids event held in February/March 2017 at the St Mirren Paisley 2021 Stadium. Safe Kids is an annual

interactive educational programme involving Renfrewshire's Community Safety Partners, delivering messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire, i.e. 1,830 pupils in total. The aim of Safe Kids is to reduce the number of accidents involving young people, promote positive behaviour and eliminate risks.

- 3.13 Pupils are transported to the stadium from their respective schools and attend workshops designed to be interactive and short in length (10-12 minutes) to enable partners to get vital messages across in subject areas that can be difficult to discuss. Workshops this year included - antisocial behaviour; CCTV; alcohol and drug awareness; internet safety; fire safety; litter & dog fouling and Street Stuff. Some new workshops were also included for the first time this year, including raising awareness and encouraging kids to "back the bid" for Paisley - City of Culture 2021 and working with the Council's Civil Contingencies Team, to increase awareness of how to prepare for emergency situations.
- 3.14 All P6 pupils from across Renfrewshire who attended the event were given the opportunity to attend a St Mirren match with a parent free of charge. Around 800 people attended the match against Queen of the South in March.

Holiday/Festive and other Programmes

- 3.15 The Street Stuff Holiday Programme delivered an extended programme of activities during the school holiday periods throughout 2016/17 including the provision of a healthy meal. Over 16,000 healthy meals have now been provided at activities since the extended programme began in October 2015.
- 3.16 All five Local Area Committees benefited from this additional funding with local holiday camps being provided at some point throughout the course of the year.
- 3.17 A key feature of 2016 was the Festive programme delivered over the 2 week Christmas shut down period with over 500 recorded attendances of young people from all over Renfrewshire.
- 3.18 Over and above the normal delivery of activities and provision of a healthy meal, a special Christmas Party was held with over 100 young people in attendance. A Christmas Dinner was served with gifts, selection boxes, games and quizzes taking place. Street Stuff Dance displayed their routines with a DJ mixing the latest songs and providing workshops for the young people to participate in.
- 3.19 Chief Executive award – To finish another successful year, Street Stuff was recognised for their efforts by winning the Chief Executive's "Place Award" for making Renfrewshire a better place to live in, work and visit.
- 3.20 The popularity of the programme is clear however, in previous years, LAC areas have been keen to ensure that a wider range of communities and young people benefit from the activities offered and have funded additional sessions specifically to address hotspot areas within their own communities. Given the continued success of

the programme in terms of sessions delivered and recorded attendances in each LAC area and the wider opportunities available to young people, we would welcome the continued support from the LACs with the allocation of £5,000 during 2016/17. This would enable the programme to continue to provide additional sessions/activities each week within the LAC area as well as secure attendance at relevant local gala days and fetes.

Report by: Amanda Moulson

Heading: Application to Renfrew Common Good Fund Renfrew Gala Day

1. Summary

- 1.1 Renfrew Gala Week is an enjoyable valued annual event to encourage community spirit and wider participation of residents and children within the community. This is seen in turn to have a positive effect on the local economy.
- 1.2 Match funding of £10,000 is requested from the Renfrew and Gallowhill Local Area Committee to enhance this event by providing free activities which include a Renfrew on film evening, a Ceilidh, inflatables, face painting and come and try sessions.
- 1.3 It is anticipated that with use of the grant money the event will attract a greater number of spectators. An expanded event would attract wider and positive PR for Renfrew Town.
-

2. Recommendations

- 2.1 That the Renfrew and Gallowhill Local Area Committee approves the request from the Head of Marketing to enhance the Visitor and Local business community's experience at this event.
-

3. **Background**

- 3.1 Renfrew Gala Week is being held from Monday 29th May – Sunday 4th June 2017. The event, as with previous years will be held primarily outdoors with free activities for families to enjoy including face painting, inflatables and giant childrens games. An outdoor stage is being used during the Gala Day event.
- 3.2 The Renfrew Gala Week activities are accessible to all, areas and rooms are accessible to those with mobility issues.
- 3.3 It has been identified that a funding investment of £10,000 would allow the Council to invest £1200 on inflatables, £2000 on Stageing and PA system, £1000 on entertainers, £2200 on marquees £2000 on parade group investment, £1800 on security.

Gallowhill have had some extensive regeneration work and we are trying to expand on the work that has already been established, by bringing the generations together sharing life experiences with the children of Gallowhill Primary. This will break down the barriers and reduce isolation and loneliness. We carried out a survey and the outcome was that in this area they do not know their neighbour's and would love the opportunity to socialise but do not know how to go about it. Not everyone likes routine activities and this would give the group a variety of activities to encourage them to socialise. Come Dine with Me - Intergeneration project with Gallowhill Primary assisted learning P4 - P7. This would bring the generations together to help the children with learning and give them the opportunity of sharing life experiences from the older adults as well as giving them some life skills of their own. Each week we will have a theme around Paisley and its historical background that we will share. We are trying to get tenants to socialise many tenants are in a rut and find it hard to communicate. Not everyone like the routine activities like bingo and board games and we have established that the tenants in Glencairn and Gallowhill all have one thing in common and that is the are all great cooks and bakers. This is where the idea came to do a come dine with me. They will share their experiences and by doing this give the children the knowledge of setting a table, (Silver Service) cooking and baking. Over the weeks they will share ideas and prepare meals. By doing this project the most important outcome will be that the older adult and the children will sit down to a meal together and socialise. This is very important as many of our older adults do not talk or sit down to a meal with anyone and are very lonely. It gives the older adults a purpose and the children a wealth of knowledge and life experience. | | |

To encourage social inclusion and create mobility and improve health and wellbeing. To enhance the health and wellbeing of other tenants within sheltered housing and the community by singing. Sing through the Ages is already established and the benefits that this has created. Tenant's health and wellbeing have improved, they have a different outlook on life. They are getting requests to sing out in the community. The confidence that singing has given our tenants is incredible. We have had a taster of the active aging programme that give them massage, exercise and reiki and the improvements that this has made to many of the tenants is remarkable. We would like to be able to continue this project. To be able to co-ordinate a programme to develop a singing project using our sheltered housing choir "Singing through the Ages" in other complexes. As well as continue with the active aging programme. For our tenants to be more physically and mentally active. To be able to engage socially and be more confident within themselves. To have more confident tenants, for our tenants health and wellbeing to increase and with this we can encourage them socially to engage and prevent loneliness. With this their outlook on life will change and they will look for other interests and build up friendship. The benefits to the tenants health and fitness will also improve keeping them active in their own homes for longer.</p> | |

| What does your Organisation/Group do? | 1.10 | <p>We are a voluntary constituted group who are involved in raising funds that will enhance the health and wellbeing of residents living within Renfrew Care Home. With your support two years ago we managed to open up a Community Activity Garden that is widely used; now we're looking to introduce a fully functional Hair and Beauty Salon into the care home.</p> | |

| <p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p> | <p>2.3</p> <p>2.9</p> | <p>The main purpose of the having the Salon in the care home will be to provide a service for residents living there. We work in partnership with Arklestone Primary and their mobile Nail Bar, and going forward we'll encourage new relationships with West College Scotland for example. There are many Salons in the Renfrew area of which there is a growing demand for such services, appointments sometimes need to be made weeks in advance which leads us to the main incentive of opening up a new Salon in the care home. This salon will have good access for the some of the most vulnerable adults in the local area. The needs of the residents within the home and also of the day care centre are monitored on an ongoing basis. Maintaining as normal a life for as long as possible is widely recognised as having significant benefits to older people who require additional support in their old age. Having a proper salon within the care home will enable residents to feel that they are continuing with their usual activities whilst maintaining the level of support that they need. The Salon will provide general beauty treatments including hair, nails, gentle massage, as well as facials and other more complex treatments as the project develops over time. The Salon at present is a room with a hand sink, a mirror, two chairs and it's only used by the hairdresser twice weekly. The sink itself is one that residents need to lean forward into which isn't ideal especially if someone has dementia, for instance. By refurbishing the existing hairdressing room and introducing new fixtures and fittings we will be able to</p> | |

| | | | | |
|---|------|--|---------------------|---------------------------------------|
| | | <p>provide the whole salon experience on Renfrew Care Home resident's door step. No more waiting on lengthy appointments for the local salon. We think this project will strengthen our existing partnership with Arklestone Primary school. Pupils will have a work base within the home rather than having to transport all of their equipment on days when the Nail Bar visits, something that is of great benefit to the care home and the school because of the great rapport pupils have with residents. However, residents will benefit most from this project because they will have a desirable service on their doorstep to use frequently. It will encourage new interactions with West College Scotland and the Kibble School who we will approach in terms of making use of the space for student training purposes in the future. Not only this, the day centre attached to the care home has over 100 hundred clients who are living in the local community who will also be able to make use of the Salon. Relatives and friends of residents will be aware of and encouraged to use the new service. This project will benefit many different groups of older and younger people in the long term, which will enhance the health and wellbeing of those older adults involved and it will increase the skills and opportunities for younger people too.</p> | | |

The children age group will be 9 to 10 and this will allow the kids to get the school coaching and if interested will feed into our winter nets programme which commences end of October and carries on until March the following year. The kids will then be ready for the U11 hardball league in the summer of 2018. The need was identified due to many kids taking an interest in cricket and getting thrown straight into hardball cricket without the necessary techniques, This resulted in many kids waning in interest for cricket.</p> <p>The new approach will introduce them slowly and get them technically and mentally ready for hardball cricket. We will coach the kids in the primary schools and it will be delivered by 2 suitably qualified coaches. Higher uptake in junior numbers and more importantly we expect to retain more kids long-term. We also anticipate the kids will enjoy it more as they will be better prepared mentally and technically.</p> | | |

This equipment we require includes new bowling carpets, a lockable cupboard and scoring boards. Our current carpets do not fit the specifications for rolling machines. They are too broad to be fitted onto the rolling machines that we have looked at bringing in. We really need a rolling machine as our members are not as fit as they once were and find it more and more difficult to roll up the carpets by hand. The rolling machines will make it much easier for us to store the carpets. So we need to buy carpets that fit the machines. We will look to sell on our current carpets at some point. Our bowling club meets once a week for about 2-3 hrs. Our members age range from early 60s to well into their 90s. Indoor bowling is seen as a great way to stay fit and healthy while undertaking a very low impact sport, And it will not be cancelled due to the weather, so we guarantee the club will always be open. However, the age range of the club means that we are facing problems putting the carpets away. At present we are hand rolling these up, and then having to move them to the storage place. Members more able to move the equipment around the centre. Encourage current members to continue to come along to club, as they will feel more able to help put equipment away. | What does your Organisation/Group do? | 1.10 | <p>Renfrewshire Leisure's main aim is to provide facilities for recreation, sport and cultural pursuits which are of maximum benefit to the community and in doing so ensure this provision is truly inclusive. There is no doubt that sport and culture can bring real benefits for communities and individuals alike and participation in physical activity can make a significant and positive contribution to many areas of our lives. It is vital that everyone has the opportunity to participate and through the following services Renfrewshire Leisure will provide a range of programmes, projects and initiatives which target inequalities and aim to improve life chances for the most disadvantaged as well as providing all with opportunities to improve the health, wellbeing and the learning environment of the population of Renfrewshire in general.</p> | |

These will be during lunch time and after school. This will remove the participation barriers providing the opportunity for maximum attendance and promote a healthier engaged community. Employment opportunities. Lack of employment opportunities- pupils in the high schools can access UKCC coach education, potential future employment with Renfrewshire Leisure (RL) and be utilised to volunteer and eventually coach at clubs & community classes in and around their schools. As highlighted in Scottish Index of Multiple Deprivation (SIMD) the Renfrew area is in the top most deprived. School Clubs. More children and young people engaged in sport and a reduced drop out level between the transitions from primary to high school. By having the confidence and familiarity with the programme participants will be more likely to engage in sports clubs which can avoid increasing dropout rates shown in national statistics. We aim to improve physical wellbeing of the participants, install a sense of achievement and a higher sense of self confidence. Overall improve the health and wellbeing of participants involved as we strive to break down the barriers created by poverty. This project will also aid in creating opportunities to be physically active decreasing the risk of obesity for our community. RL will provide first aid and child protection and look to support any further training needs of coaches and volunteers. Those involved can build on coaching skills, personal qualities, team work and transferable skills into other sports and potential employment. They will be able to plan and lead sessions, create safe controlled environments and complete risk assessments that are key employment skills in many trades. School club links will be developed to encourage a pathway into the young person's preferred sport within local, accessible facilities. More young people engaged in sport and physical activity. A change of perception of sport as we create positive image and strong role models in both the participants and deliverers. The young people have a chance to become the future volunteers and coaches. We aim to create a sustainable project that can continue to grow in Renfrewshire based on the success of the current programme and the pathway implemented. We aim to provide access to sport that can be somewhat expensive as this is a major barrier in such areas with families on low income or in deprivation. A sports project that the community and participants are proud to celebrate its successes in at local awards evenings, school assemblies, national awards and the local press, with young people at the forefront of the sport.</p> |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | We currently use Holy Trinity Episcopal Church halls for the Drop In activities. We supply light food throughout the day and a main meal at lunchtime. Heating and lighting are used as required. We support the church in the use of the hall and in particular the cost of the power used by our organisation. A few people who had come through life issues wanted to help other with similar life challenges. When the Drop In was established, food was a small part of the work done. Some of the folks who used the centre asked if food of a more substantial nature could be provided. At the same time the premises we used was undergoing redevelopment with a modern well equipped kitchen being installed. It was therefore felt that we could provide fuller meals which was appreciated by those using the Drop In. We will provide support and friendship to those who need this type of relationship while also providing good quality food both of which will assist in improving their well being. Providing food also encourages folks to come in allowing the overall aim of the project ie to engage with those in need to be fulfilled. The Drop In is open one day per week where refreshments are offered all day and a full meal offered at lunch time. We use the Holy Trinity Episcopal Church hall/facilities. More people will access that provided by the Drop In which will give more opportunity to befriend and listen to them and where possible help them with their life needs which includes referring them to specialist agencies | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>The project aims to dispel the myths surrounding suicide, as well as reducing the stigma attached. It also aims to promote help-seeking behaviours by raising awareness of sources of support and invites the community along to remember those they have lost, and to celebrate the lives of those who have taken their life. Ferguslie Park remains one of the most deprived area in Scotland. High levels of deprivation increase the risk of suicide in communities and deaths by suicide are considerably more within these communities. In 2012, local Ferguslie man, Paul Cardona, asked to work with the local support group, Survivor's of Bereavement by Suicide, to organise a 5-a-side Memorial Football Tournament. The football tournament acts as a medium to transmit information about suicide and the help-seeking resources available locally and nationally. It will also stimulate conversation around suicide, reducing the stigma attached. It invites services into the community, breaking down barriers to seeking help in a particularly hard to reach community. The main benefit will be that people are more informed about where to go if they or someone they know are feeling suicidal. Outcomes - conversations about suicide that help to reduce stigma, an awareness of the local/national help seeking resources available and people feeling more informed about the best way in which to access, helping to reduce barriers for people at risk, to remember those lost to suicide, people who have been bereaved by suicide will be supported as they will be made aware and invited along to the local support group, the community will feel better equip to signpost a person at risk</p> | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>The main purpose of the minibus is to provide transport each week to enable our less able and disabled members to attend the friendly hour. Many of these members who live in the local community are afraid or unable to leave their homes, so transport assists them. Otherwise they would be unable to leave their home and meet up with friends. This is essential and a great benefit for their health and wellbeing. The Friendly Hour Committee very quickly identified that certain members would be unable to attend weekly meetings unless transport was provided. More and more members request help with transport, it was decided to hire a minibus and provide our own qualified volunteer driver. It is very important for volunteering groups like Oakshaw Trinity Friendly Hour who provide help in the community. The minibus project encourages people to get out of their homes, meeting other members for a cup of tea, a variety of afternoon entertainment and some light exercises. To date the minibus project has been a great success, which in future the membership of the club will continue to grow. More elderly people living on their own will be encouraged to take part in the club. This year a few members have given up driving and wish to use the minibus, otherwise they would be unable to attend.</p> | |

| What does your Organisation/Group do? | 1.10 | <p>To promote, foster and encourage participation in ice hockey at junior level. To provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. The club has an open membership for children aged 7 to 17. To carry out the hiring of 2 practice sessions weekly (without placing too much extra financial burden on the participants to allow as many as would wish to take part in the sport). This is non-competitive but allows the children to learn techniques and drills, to learn the discipline of team sport, be very active and have fun whilst improving social skills, team building skills, confidence, health and wellbeing and increasing fitness levels. To ensure a duty of care to all members and to provide all services in a way that is fair to everyone whilst promoting equal opportunities for all, with anti- racism and anti- discrimination underpinning and informing our aims.</p> | |

| How much grant funding are you seeking? | 2.10 | £3,445.00 | |
| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>To be in a position to continue to offer junior ice hockey training to all who wish to participate, at an affordable cost which makes the club available to anyone who wishes to join. Our players range in age from 7 to 17, with both boys and girls, of different social backgrounds and nationalities, taking part. They learn the skills and drills of the game in an atmosphere of fun combined with the discipline a team sport offers. It's a great way too, to keep fit and active and make lots of new friends. We will provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are older players. This season's dramatic and unexpected rise in hire costs (from £180 to £191 per hour) plus a new security charge of £75 per hour, has increased our ice costs to £265 per hour - a rise of 46%. We understand that security is a necessity in this day and age, however the increased costs have placed an added financial burden on our players' parents. We have been supported by grant funding</p> | |

| | | <p>from Renfrewshire Council for a number of years, with our applications reducing in amount year on year. This latest increase, though, could threaten the future of what is a very successful club and funding, along with already instituted higher fees (up by 40%) and continued fundraising, would help secure Renfrewshire's only junior ice hockey club its continuation. We will provide the opportunity for as many youngsters as possible to participate in our sport through our "Learn to Play" initiative.</p> <p>Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are older players, who also enjoy the social participation and physical activity. The funding from this LAC application will also enable the club to meet the cost of on ice equipment, stationery such as provision of newsletters, registration and medical forms, etc., and the provision of annual awards which is essential to the motivation and recognition of the young people's efforts and sportsmanship during the season. Involvement in team sport brings great benefits to those involved – encouraging a healthy and active lifestyle, increasing confidence and self esteem, encouraging team work, making like-minded friends and, of course, having fun! There are opportunities to play ice hockey, competitively and recreationally, from age 7 to 70+ and many of the original intake at the Lagoon in 1992 are still regularly playing/coaching and will continue to do so well into older age, keeping fit in body and mind.</p> <p>At present we have boys in training who are playing with the Scotland and GB squads. We have female players in Scotland Ladies, travelling to Czech this year, progressing their hockey skills and broadening their outlook!</p> | | |

We are looking for group tracksuits. At present we have plain T shirts and everyone wears their own tracksuit trousers but as our group are a Team it would be beneficial to morale for everyone to be the same. We encourage fair play, celebrate success and acceptance that we have done our best even when we do not succeed. We encourage the team to be a collective who strive for the team. All the adults have a learning disability and many have associated difficulties such as mental health, autism, epilepsy, and sensory and physical disabilities, which make it difficult for them to access mainstream activities. The team building and personal challenge aspects in being part of a sports team are particularly well received by the learning disabled. This is not a service provided at Milldale Centre within the remit of the Social Work Department. Each member of this group have their own challenges to face in daily lives and overcome various difficulties including mobility, communication and general health however this does not discourage our team. The team are supported by two dedicated staff members and led by our Red Star Special Olympics Athletics coach. As well as promoting teamwork and building self-esteem, these sessions promote co-ordination, communication, and confidence building skills. These activities have been thoroughly researched by Centre staff and are considered to be of great benefit to the learning disabled clients.</p> | |

The events will be such as to encourage participation in physical activity, and to inform on world events such as Fairtrade. As a precursor to these events we will be hoping to attract new members to share in the values of The Boys' Brigade and provide them with an opportunity to attend local regular clubs as a diversion to anti-social behaviour. Renfrewshire residents in each LAC - Paisley South 205, Paisley North 119, Houston Bishopton Erskine and Inchinnan 223, Johnstone, Kilbarchan, Elderslie and Bridge of Weir 259, Renfrew and Gallowhill 81, Total 887. Over many years we have been organising events to encourage more participation in these various events which we hope will be in line with Renfrewshire Councils Community Plan. Wealthier and fairer by holding events that will attract visitors and create business for local businesses. Healthier - The activities will promote being active and healthier safer and stronger. From a young age our boys and young men will learn that they are responsible for their own actions and preparation for the various events. All of our events are based around developing young people to be the best that they can be, mentally, physically and encourage their concerns for others. All our events will be organised by our activities committees which cover the whole age range of the Battalion from Primary one through to 18 years of age. We hold 23 events which cover the wide age range. These events will involve sport, physical activities, arts and crafts and fun days for junior boys. Over the session we will expect an attendance of around 1000 Boys' Brigade members which will hopefully attract new members through family and friends. All these events require the support and input of</p> | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>The purpose of the project is to provide an area where people who have experienced poor mental health can feel accepted and not judged. We do this by offering craft based activities to refocus and divert from ruminating. The project offers peer support and assists in breaking isolation not only on the day the project runs but on the other social activities that stem from participation. To design and produce various Scottish Themed Toys to develop new skills and build on existing. These toys will then be sold to provide the group with additional funds. The project has developed out of a group of people who were previously in supported employment. As this opportunity came to an end, we realised we wanted to continue to meet and use our skills to support others as we all had experienced poor mental health and had developed a range of art & craft skills. We formed a committee and drafted a constitution. We encourage anyone in recovery from poor mental health to attend our group and our numbers are increasing year on year. We have attended a local gala day to raise funds as we as a committee are learning through our management of the group. We will offer art & craft activities. Art tutor & sewing tutor who will support group members to develop new or build on existing skills. Making use of various fabrics & materials to make Scottish themed soft toys & gifts. The group will have made Scottish Themed soft toys & gifts that could be sold to raise funds for other group activities and the group members will have learned new skills. Group members by attending will be breaking isolation and building on social skills and networks.</p> | |

| What does your Organisation/Group do? | 1.10 | To provide a safe training environment to progress tumbling skills; to provide opportunities to train young adults to prepare for work, such as, project management, coaching and leadership skills; to create a safe welcoming environment where children can socially interact and take part in physical activity, competitive and non-competitive, which increases fitness levels, encourages team building skills and increases confidence and health and wellbeing; to engage with families in areas of high deprivation and Renfrewshire wide to take part in community events. We also have an open membership policy. | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>To enable the club to purchase a tumbling specific floor facility to provide the children and young adults with greater opportunities such as additional and increased movement and dance programmes, also the club would be able to host local, national and international competitions. To increase physical activity which tackles issues related to obesity and general poor health (physical, emotional, mental etc.). To increase physical and mental wellbeing, increase self-confidence, providing an opportunity to be part of a team within a safe environment in a non-competitive/competitive fun environment. To reduce boredom and therefore help to reduce anti-social behaviour. To increase friendships, fun, social interaction, pride and discipline. To provide support for those with low self esteem to build confidence, help towards realising their full potential and have life goals. Research and assessment has continually been on-going for a 24 month period. During this time it has been a constant observation that many young people are going outwith the Renfrewshire area to engage in the above type of facility and project (City of Glasgow, Dumbarton, Inverclyde etc.) - thus reinforcing the need for such a project in the heart of Renfrewshire.</p> | |

| | | | | |
|---|------|---|---|---|
| | | <p>With the club having the provision of a sprung floor, this would increase membership and therefore footfall to Renfrewshire rather than potential or existing members attending other clubs with this facility outside Renfrewshire. Renfrewshire Council also signed up to the 'Stick your Labels' campaign that aims to eliminate the stigma that is associated with poverty and how those affected by it often feel 'isolated' and lacking in opportunity to access equal services. Continue to provide classes of physical activity with little or no cost, provide training in a tumbling appropriate facility to minimise risk of athlete injury and increase coaching qualifications, provide work experience in sports coaching and project management through club volunteering, working with partnership companies to provide work experience and internship opportunities, provide a safe environment to meet new people from different organisations by engaging with community projects. An increase in participation of residents in Renfrewshire through our facility (decreasing them resourcing outside venues), increase in physical activity over a range of disciplines and intensity (recreational to elite) which will contribute to a decrease in levels of obesity, More young adults have additional qualifications/work experience which increases the chance of part or full time employment within Renfrewshire, Those living in the targeted areas are more involved in community projects and levels of anti-social behaviour are lowered, Increased enjoyment for the children and young adults, Increase in membership</p> | | |

(Please use a separate sheet if required) | 2.3 2.9 | <p>To provide part funding with regard to hiring ice to permit the above activities to take place at Braehead Arena, the only available and suitable facility within a 30 mile radius of Paisley. That part of the funding not included within this application will be met from club funds. Paisley Pirates formerly played and practised at the Lagoon Leisure Centre until 2006. However, at that time Renfrewshire Leisure Ltd ended ice based activities at that venue, obliging the club (and, indeed, other ice related groups) to seek alternative accommodation, the only suitable venue locally being Braehead Arena. Other groups have either disbanded or moved significant distances away from Renfrewshire (eg Ice Hockey Junior Development, allowing junior players to develop to an appropriate playing level, has disbanded, whereas some skating activities have re-located to venues such as East Kilbride. Some centres are unsuitable for ice hockey because of the topography of these rinks (eg non-symmetrical shape, boards of insufficient height around the skating surface), and thus Braehead Arena is the only local venue available. Current operating costs at that venue are the most expensive in Scotland, being approximately £740 per home game and £400 per week for training, approximately £200 per hour, compared with, for example, the Galleon Centre in Kilmaronock where the hourly charge is of the order of £125 per hour. The Pirates coach and management have there for continued the development of young players through training and playing in matches and have gained a reputation for bringing through younger talent to a high standard, the most recent illustration being the selection of Dean Hamilton to play for the Scotland under 19 team. It will enable:</p> <p>1 the club to continue providing a local focus for the sport, given</p> | |

(Please use a separate sheet if required) | 2.3 2.9 | <p>To promote Paisley Guitar Group as a diversionary to breaking the negative behaviours that come from social isolation. To promote the group to people in recovery from addiction or poor mental health who may not know of Paisley Guitar Group or who may feel uncomfortable coming through the door for the first time. A number of people had identified an interest in guitar however the cost of one to one lessons meant they could not participate. Guitar had been identified as a possible diversionary behaviour as some in recovery had expressed they had an interest in guitar. A group of people within recovery services who had identified guitar as an interest where put together and advised they could support each other through their common interest by forming and constituting a group and delivering guitar for beginners intermediate and advanced which was reflective of the skills of those identifying an interest. The group has been meeting for 2yrs offering guitar which was initialled supported by Awards for all for equipment. The group has taken 2yrs to develop as a group (as no one had ever done anything like it before and has been a learning curve for all involved). The group have now identified that there are a number of people who are stumbling across the guitar group and a number that say they wanted to come in for a long time but were fearful of coming for the first time as they had never held a guitar before. It is the intention of the Guitar Group to address these barriers and make themselves known to the services and service users. (Please use a separate sheet if required) | 2.3 2.9 | The purpose of the project is to study the practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance. It was recognised that people who learned orchestral instruments during school should be given the opportunity to continue to develop their skill. The general public in Renfrewshire should have the opportunity to hear orchestral performances in Renfrewshire. This is the only Orchestra in Renfrewshire other than school groups. It will give the opportunity for musicians to develop skills in performing the orchestral repertoire. It will give the citizens of Renfrewshire the opportunity to hear the live performance of orchestral works in Renfrewshire. The orchestra has recently given performances both in Paisley and Johnstone. Lack of suitable accommodation has meant that we have been unable to perform in other towns in Renfrewshire. We are the only adult Orchestra regularly performing in Renfrewshire. The anticipated outcome is the opportunity for musicians to play the orchestral repertoire and work with professional soloists. It allows any students from the Renfrewshire Council Music Services who wish to continue playing the opportunity to do so. It gives the public in Renfrewshire the chance to hear live performances of orchestral works. The audience at our concerts has been steadily increasing as a result of which we have had a look for new venues with a larger audience capacity. | |

| Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant | 2.6 | The anticipated outcome is the opportunity for musicians to play the orchestral repertoire and work with professional soloists. It allows any students from the Renfrewshire Council Music Services who wish to continue playing the opportunity to do so. It gives the public in Renfrewshire the chance to hear live performances of orchestral works. The audience at our concerts has been steadily increasing as a result of which we have had a look for new venues with a larger audience capacity. | | | | | |

| What does your Organisation/Group do? | 1.10 | To respond for consultation, advice, Access Audits and Surveys as required by organisations. To provide training to further enhance the skills of those seeking employment or increasing skills. This can be done by having volunteers in the organisation which will provide additional working resources and also provide the volunteers with additional skills at the same time. For future planning purposes the number of current volunteers and possible future volunteers are evaluated before responding to future work requirements and tenders. To provide training to local groups and to liaise with other agencies and organisations on relative matters both policy and practice thus ensuring Renfrewshire is fully accessible to all. | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>PLEASE NOTE: IF SLA IS OBTAINED, THIS APPLICATION WILL BE WITHDRAWN. The purpose of the project is to provide running costs for the offices of Renfrewshire Access Panel to enable us to continue assisting Renfrewshire Council on various projects such as: Living Streets, The Joint Employability Project, Training for all LAC Members, Changing Places Toilets. We started a project to have changing places toilets installed in Renfrewshire to improve quality of life and prevent isolation for many people. A motion was passed through council for 10 changing places toilets over the next 5 years. Renfrewshire Access Panel identified that a base was essential to the development of the Access panel therefore an essential part of providing support to Renfrewshire Council. The base will only continue to develop with the forthcoming City of Culture bid and the ongoing projects we have with Renfrewshire Council. We will continue to support Renfrewshire Council on the many boards we sit on. We will continue to support Clyde Muirshiel Regional Park, which is funded by Renfrewshire Council regarding funding for</p> | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | Building on the achievements of 2016-17 to create more informed and active global citizens, particularly from the school age population in Renfrewshire, concerning Fair trade and its impact, including involvement in the local Common Threads project (connecting Paisley's weaving and textile history with that of the modern day clothing industries in the developing world and poverty both local and global). We intend to capitalise on our successful Producer visit from Peru in February 2017 with its well attended Primary and Secondary schools workshops (and our Ghanaian visit in October) and to strengthen links with Paisley 2021, working collaboratively with Create Paisley, LEAP and other local organisations involved in sustainability and social justice issues. In addition, we are committed to building on our links with refugee and asylum-seeker groups to highlight further the issues which connect us; e.g. linking our demand for technology to mines and forced labour in the Congo, to those people seeking refuge here. Thanks to LAC funding and our own resources, our Education Officer works 3 days a week and demand continues to be high from schools to provide regular input on Global Citizenship. We were fully booked by schools for both our Producer visit Workshop day in Paisley in February 2017 and for school-based workshops in Fairtrade Fortnight 2017. | What does your Organisation/Group do? | 1.10 | To promote responsible dog ownership within the community. This includes animal safety, hygiene, discipline and health. For both the handlers and dogs it improves stamina and well being. We help dogs and owners improve their position in present society at a time when irresponsible dog ownership causes major problems. The club meets in an outdoor venue throughout the full year. The shared activities bring about an increased level of fitness in both handlers and dogs. | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | Maintenance and improvement of training facilities. Dog Agility is a physically demanding sport and in poorly maintained grounds the risk of injury is greatly increased. We also seek to provide toilet facilities as none are presently available on site. We have considered options to allow us to undertake the maintenance ourselves but due to the size of the grounds we are not currently able to do so and the club pays for landscaping to maintain the training facilities. This maintenance is essential not only aesthetically but primarily ensures the safety and wellbeing of our members both human and canine. We are aware that members have to leave training and travel to the nearest public bathrooms; this involves driving to the closest toilet. Identify an appropriate ride on lawnmower and single portable toilet, then undertake cost comparison with various providers to determine most cost effective in terms of initial purchase cost and ongoing maintenance fees if appropriate. By purchasing a ride on lawnmower the club would be in a position to undertake the grounds maintenance themselves thus reducing annual outlay with no reduction in the standard of upkeep of the training facility. On-site toilet facilities would remove the need to drive to public toilet facilities. | |

(Please use a separate sheet if required) | 2.3 2.9 | <p>The Positive About Youth Awards were designed to highlight young people's achievements which may go unnoticed, and to show the Renfrewshire community the positive work young people do on a daily basis. To enable young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. To inspire the next generation to get involved in their community, using previous winners/runners-up as role models. It was felt that young people weren't given enough recognition for voluntary and community work that gave a direct benefit to their peers and local area. The awards have been run by RYV for seven years, with the 2016 awards being one of our most successful ever, with 11 category winners and 10 runners-up. Nomination forms will be set out, collected and judged by a panel of RYV members. Films of the runners-up and winners will be made in advance of the event (EMMS). The evening will be a mixture of awards, speeches and music/entertainment, giving young people attending a fantastic experience in celebrating young people's achievements over the past year. Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of who these people are and the work they have done, in order to be nominated for a category.</p> | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>Dates-n-mates Renfrewshire is a friendship and dating agency run by and for adults with learning disabilities. The project helps hundreds of people that would otherwise be socially isolated and lack confidence and self-esteem in their everyday lives. It provides opportunities for people to connect, make friends and build meaningful relationships though hosting a regular calendar of social events in a safe, comfortable and inclusive environment thus improving overall health and well-being. With 26,000 adults with learning disabilities in Scotland, the Scottish Government's 10 Year Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority. People with learning disabilities are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including forming and conducting relationships. The Learning Disability team in Renfrewshire Council support its development. Our recent dates-n-mates Renfrewshire evaluation evidences the significant, positive impact that the 16-17 LAC grant for outreach work has made to people with learning disabilities in Renfrewshire over the past 9 months since (Please see LAC Record of grant form attached for evidence and information). We will target many people of all ages in Renfrewshire that are isolated with learning disabilities and that are unaware of the project and potential benefits to them.</p> | |

| | | | | |
|---|------|--|--|---|
| | | <p>A resource to specifically focus on carrying out outreach work will help to identify these individuals and provide them the opportunity to connect and make friends and form meaningful relationships. Dedicated Outreach Workers (part-time) and awareness raising materials and activity will enable us to continue developing the outreach work, partnering with GPs, Housing Associations, Pharmacies, colleges, advocacy services, carers centres etc to achieve this. To compliment the work of social work, health and education services by reducing the formal statutory need to provide services for adults with learning disabilities by making more natural connections through dates-n-mates. To identify those that are most isolated and support them to access the dates-n-mates project to help reduce social isolation, improve their self-esteem, build confidence and improve the person's ability to be active citizens and improve their overall health and well-being.</p> | | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | To provide the significant benefits of the PACE Youth Theatre experience to young people with genuine interest in drama and the performing arts, but who find themselves in financially challenging circumstances which would prevent them from joining or taking part in activities. PACE Youth Theatre is already committed to keeping fees as low as possible to allow the maximum number of young people to benefit from the experiences and skills it provides. Our membership fees are already amongst the lowest of similar organisations, we also offer family discounts, and always endeavour to make individual arrangements with member's families who encounter difficulty in paying. However, as a charitable organisation with limited resources that relies on membership fees as a major source of income, there is a limit on what we can currently offer. We have been aware for some time that some people who may benefit, are dissuaded from even applying in the first place, due to their financial circumstances or socio-economic status. We will promote and administrate the PACE Youth Theatre Bursary Fund. This fund will offer a full experience of PACE including a full year's membership, two full weeks of school holiday performance project training, casting membership including a professional headshot and a PACE T-shirt. Parents of young people aged between 5 and 15, living in each LAC area, will be invited to submit a short application form to apply for the bursary along with evidence of their financial circumstances (e.g Employment and Support Allowance, Income Support, Incapacity Benefit etc). Initially we propose fifteen bursaries will be made available, three for each LAC area in | |

| What does your Organisation/Group do? | 1.10 | Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis. | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>Following a hugely successful pilot programme of weekly lessons in 2016/17, we aim to expand our year-round programme of traditional music tuition for young people aged 8-18. Weekly contact time with some of Scotland's top traditional musicians will give participants the opportunity to develop their instrumental abilities.</p> <p>In addition by developing a pool of local traditional musicians we hope to establish a Feis youth band and ultimately a Ceilidh Trail that will tour nationally. We received a hugely positive response to our 2015 Fèis week which included feedback showing that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing. Our pilot programme of weekly lessons had 25 regular participants developing instrumental skills and performing at a number of public events throughout the year. We will run 37 music class sessions between Sep '17 and June '18 with lessons running from 10am-1pm on Saturday mornings. Participants will receive tuition appropriate to their age and ability, in streamed classes, ensuring maximum learning benefit & enjoyment. Local tutors will be employed at MU rates and we aim to attract 40 pupils to our weekly classes initially, building to 60 by June 2018. We are in discussions with UWS to host the project which will allow more young people from across Renfrewshire to participate with good transport links to and from the town. A year-round programme will offer 40-60 participants the opportunity to develop traditional music</p> | |

(Please use a separate sheet if required) | 2.3 2.9 | <p>This would be YEAR 10 of the project and the grant would complement and enhance the previous nine successful coaching projects. This year we aim to work harmoniously with the Renfrewshire Sports Services, supporting their festivals and other events while filling any gaps in coaching provision. In conjunction with the Active Schools Programme, it would continue to promote good behaviour and a positive image of young people while giving them opportunities to have active involvement in their communities. In 2005-06, the project offered many Renfrewshire pupils an opportunity to play a different sport, indoors in a safe and warm environment. There is a strong 'Football Culture' in this country and it was an excellent alternative to our national sport. The previous 9 years of Basketball successfully being promoted in Renfrewshire and securing LAC grants has seen more than 30 local Primary Schools involved in the initiative which is totally inclusive. This project will: - Involve pupils in a structured, high energy and enjoyable activity, provide opportunity to become a member of a Community Club and further develop as a young person.-Increase wellbeing of young people to ensure that they are safe, fit and healthy. -Provide opportunities to improve fitness and performance. -Continue to be a vital diversionary activity to reduce anti-social behaviour, disorder and crime. This will be completed through supporting Renfrewshire Sports Services activity and 3 Rounds of Coaching in Primary Schools.</p> | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | We propose to deliver workshops on criminal justice and mental health agendas to help young people on a Personal and Social Education progressive pathway into further education or employment. We would like to provide a summer programme that shall be offered free to all young people who would benefit from such an opportunity. Offer drugs and alcohol awareness training, Hate crime awareness, Respect me anti bullying training. Building up resilience. This includes highlighting dangers, recognising risky behaviour and how best to handle misuse. We shall offer interactive sessions in PSE classes and include Dj skills with in house certification and within other appropriate settings like confidence building camping activities. We also offer Saltire awards and Dynamic youth awards. Young people and professionals interviewed for the recent national Media reports, Young minds report and CAHMS stated that waiting lists are still too long for young people to access mental health services which meant young people often self-medicated with drugs and alcohol, exacerbating their mental ill health and offending behaviour. We are on a mission to improve the mental health and wellbeing of young people, Renfrewshire wide. Currently our Young People work accounts for over 80% of the work we deliver and while education and employability is a key focus, | |

| | | | | |
|---|------|---|---------------------|---------------------------------------|
| | | <p>Mental health is one of the most talked about issues we encounter when working with young people during workshops and our certificated courses and mental health issues are rapidly on the rise. Renfrewshire Youth assembly in November 2016 and Renfrewshire Youth Commission just recently found this week. Rigid criteria for mental health services meant young people had to be severely ill before they could access any support, and if they did get help it was usually in the form of medication. With a 6 week counselling service with CAHMS However, following prescription, young people often went long periods of time with no review or ongoing support. In the rare occasions where intervention extends beyond medication, professionals had little time for young people and a high turnover of staff meant a lack of staff continuity made it difficult for the young person to establish rapport or trust.</p> <p>We have also recently been requested by our young people to deliver on criminal justice and drug and alcohol agendas due to these being regularly used as coping mechanisms. We have offices with facilities in Paisley to deliver Comedy and mental health workshops and DJ workshops or for larger groups in one locality we can hire their local community halls. We have priced the DJ equipment required and camping equipment for 10 young people that they can borrow in order to allow the group all to feel included the same in equity as well as in unity, whatever their financial circumstances. We plan to cover Renfrewshire wide have DJ workshops for 10 Young people for 4 days over the Summer holidays and have outdoor DJ music events, promoting Drug and alcohol awareness. We plan to hold an open day in our centre in March/April to promote this and are already working closely with Barnardos, Kibble, Victim support, UWS and all Secondary schools in Renfrewshire. Our summer workshops shall provide an opportunity for young people to make friends, support each other, learn new skills in positive coping mechanisms and grow in confidence that they're not alone in improved communication/social skills, learn how best to support each other and find out more about self manage techniques discover themselves and their strengths, helping them to make informed decisions about their lives and feeling more in control specific positive improvements with focus on physical and mental health through Comedy, music technology and outdoor confidence building activities with graded certification for achievements. Lamont Farm offers a wide variety of services to various groups and organisations within the local area and further afield, work experience placements are provided to jobcentres, high schools, community service, kibble project and many more. The farm provides hands on experience for over 40 children who wish to pursue a career in animal care and veterinary practice, educational workshops are ran throughout the year for primary schools, nurseries and visitors. Lamont farm was founded by a group of individuals with a strong desire to establish a local education and community facility. We were the first City Farm in Scotland and the farm is very popular with families, nurseries and disabled groups as well as local schools. Around 10,000 people visit Lamont Farm annually. We aim to educate people from all walks of life in animal care, welfare and husbandry. The grant will help towards running costs to ensure the project can continue to provide a variety of services and continue to work with a number of local educational establishments within the community. The initial need for this initiative was identified during discussions involving all of the Renfrewshire Sports Partnership stakeholders which in turn led to the publication of the Renfrewshire Sports Strategy. The pilot community games event will plan and deliver a community games event within Renfrewshire during the late summer / early autumn of 2017. The event will seek to engage clubs from all of the sports operating within Renfrewshire and this will be advertised widely once the venue and date are confirmed. Active participation from all seven of the Sports Strategy partners will be encouraged from the inception of the event through to its delivery and subsequent evaluation. RSN will act as event organiser and will convene meetings with each of the interested parties in early summer to commence the planning process. The District has 13 groups around Renfrewshire that have their own identity. The District is led by a management team of volunteers. All members also assist with local groups and will have purchased uniforms at their own cost. The District want to have their own neckerchief, t-shirts and hoodies for volunteers in their own brand. Scouting is growing with Renfrewshire - 2016 we grew 14% and this year we have grown a further 8%. We want to ensure that Scouting reaches every corner of Renfrewshire and that young people have the opportunity to join. To do this, we need to have an identity that YP/non scouting families can see us in. The brand is important. 3 members of the team are our youth commissioners - under 25. We would prefer that they do not incur the cost of additional uniform. UK Scouting is becoming more of a youth led organisation. With young people leading the way at our events, there will be a clear visibility of our profile and therefore encourage more young people to come forward and benefit from Scouting. There is a District programme of events and our team will be present talking to and engaging with the young people. An increase in the number of young people and adults enjoying Scouting. The profile in the Community enhanced. More fun and adventure for all members.</p> | |

| What does your Organisation/Group do? | 1.10 | <p>We are a community based music initiative for young people in Renfrewshire. Our purpose is to give young potential musicians access to facilities, equipment and expertise, giving them a platform to play live music and providing them with the management skills to organise their own community based music events. We aim to help young people prepare for Further Education and make them more employable.</p> | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | <p>This project aims to produce a musical called "The Bungalow" It is the story of a small bar in Paisley which became an important part in the history of music in the UK not only Paisley. The story has never been told before and this will be the first show of its kind documenting this small venue's rise to fame. It is innovative and will be nostalgic for those who went there and experienced it for themselves and will capture the imagination of those that didn't. For theatre goers and music lovers no matter what age they are. It is an amazing story punctuated with music that is timeless and also takes a look at what was going on in Paisley in the late 70's and early 80's. It will be a platform for young people to tell the story of a time when Paisley welcomed the most influential bands and musicians to its doors. It is a nostalgic look back in history, a time of platform shoes, perms and big flares. On one hand, it is a musical but on the other it keeps a part of Paisley's history alive. The show will include young actors, dancers and musicians from various organisations within Renfrewshire. They will have the chance to show that with the right guidance and professional help that they can produce a show at the highest level. Loud n Proud has the reputation of producing creative and courageous high quality musicals performed by young people.</p> <p>We have staged 3 versions of "I Was There" a musical telling the story of the legendary Glasgow Apollo. It is the biggest show of its kind in the country. We have been asked constantly by our partners,</p> | |

| | | |
|---|------|--|
| | | <p>those who took part in the show or attended it to do something similar in Paisley. Renfrewshire Council Officers were also keen to stage something similar in Paisley too. In response to those suggestions some research has been carried out and the popular choice was a musical play telling the story of The Legendary Bungalow Bar. The Bungalow was a small bar at the bottom of Renfrew Road, Paisley. It came to the forefront of the Scottish live music scene during the late 70's and early 80's. It's difficult to imagine that a little pub in Paisley attracted such big names as The Fall, The Skids, The Tourists, Orange juice, Roddy Frame, Alan McGee, The Buzzcocks, Echo and the Bunnymen, The Alarm, Altered Images, Jam, The Teardrop Explodes, Chelsea and many more. It is a story that has become local folklore and put Paisley on the music map of Britain. John Dingwall of The Daily Record said: "For me, gigs by post-punk acts, such as the Associates and Psychedelic Furs, at Paisley's Bungalow Bar, easily rub shoulders with The Rolling Stones at the Stade de France in Paris or Macca in Mexico" The grant will fund a series of dance, music and drama training workshops and rehearsals to give young people the skills to take part in a new and exciting musical. In conjunction with the Performance Programme there will be classes in Technical and Management subjects such as Sound Engineering, Light Design, Stage Crew and Event Organisation. The show will be premiered at Paisley Town Hall. It is envisaged that the experience in working in such an ambitious professional level project will develop the participants skills and inspire the young people to pursue a career in the arts or enable them to take part in other similar activities. They will understand the benefits of being part of a group and the positive elements of volunteering. We can help up to 32 musicians, 25 actors, 30 singers and 20 dancers by giving them professional instruction that will raise their performance level and experience performing on a high-quality show. Young people will gain confidence, self-esteem and valuable transferable skills from a mix of workshops and a real "hands on" experience. Other volunteering opportunities will be available in particular Set Building, Video Production, Backstage, Front of House, Roadies, Sound Engineering, Light Engineering and General Production. Participation in the group activities that are involved will give young people an understanding of the value of teamwork. The project will:</p> <ol style="list-style-type: none"> 1. Increase participation in positive activity 2. Increase opportunities to develop interests and skills 3. Increase participant's skills and will have positive changes in behaviour. <p>The local community will be introduced to a piece of history that will educate them, make them proud and at the same time enjoy a fast paced, energetic show. It is envisaged that the show would be developed further to be part of Paisley2021.</p> |

Covering a variety of activities such as: Fieldcraft (camping & military tactics), Military knowledge and Drill, Shooting, First Aid, Navigation, Raft Building / Water based activities, Archery, Paintballing. A large number of parents of cadets often struggle to afford the cost to send a child away to annual camp with the cadets. This project aims to lower the cost per cadet, enabling a larger number of cadets to be able to attend and experience the highlight of the cadet calendar. To subsidise the cost to parents for each cadet attending Annual Camp 2017, this will free up resources for parents to cover other costs (clothing, spending money etc). (Please use a separate sheet if required) | 2.3 2.9 | Renfrewshire Schools Pipe Band has been formed with pipers and drummers taught through the 'Piping in School' project delivered by Johnstone Pipe Band with funding from Renfrewshire Council, Creative Scotland and The Scottish Schools Pipe Band Trust. The band consists of 14 pipers who have brought their own bagpipes and five drummers who are playing drums borrowed from Johnstone Pipe Band. There is a steady stream of learners who will join the band as their skills develop. The band competed in the 2017 Scottish Schools Championships winning their section. The band intends to compete in local competition over the summer, but they have no uniform or drums. The project is to help the management committee to meet start up costs and equip the band. The band is the product of a successful teaching programme and is the only youth pipe band in Renfrewshire. The project will allow the management committee to provide initial uniforms and equipment for the band. The main output is to provide those learning pipes and drums a sustainable pipe band that they can join. The band will be an excellent flagship organisation for Renfrewshire and in time will grow to be nationally recognised. Pupils will learn and develop lifelong skills through the band and will no doubt go onto join adult bands invigorating the local pipe band scene. | |

| What does your Organisation/Group do? | 1.10 | As a Cancer Support Group, we bring people together to support each other through their cancer journey. We do this by promoting the benefits of friendship and laughter to those whose lives have been affected by this raging disease, promoting improved Health and Wellbeing by encouraging members to participate in various activities including light exercise with a RL qualified instructor, crafts, theatre, outings and respite. We encourage people of all ages abilities and ethnic background, helping them build confidence and self-esteem. | |

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) | 2.3 2.9 | To help cancer sufferers improve and maintain their overall quality of life albeit. Physical Health, Mental Health & general wellbeing. We do this with the support network of friends who understand and share their experiences of the Cancer Journey, thus helping them to move on with their lives, with more mobility, motivation, friendship and a willingness to help others in a similar situation. WE encourage our members to look to the future more positively by taking part in light exercise, chatting over tea, crafts and companionship, thus alleviating loneliness and isolation. Listening to Cancer Patients explain what was out there to meet their needs during and after their treatment, although there is some good support, it was deemed due to financial constraints the support was only there for a limited period thus not meeting their long term needs which can lead to loneliness and isolation amongst other issues. The group was therefore setup in Elderslie which has proved very successful, and on assessment the exercise programme has been very beneficial as each individual is more active and the general wellbeing of the group has gone from strength to strength. In the last year we have also started up a new group in Paisley which is also proving very popular. We have also asked our members what they like doing and try to implement this where possible from these discussions and also | |

| | | | | |
|---|------|---|-----------------------------|---|
| | | <p>talking with other network partners we have identified that we could possibly help the wider community of people if we had an evening group, this is something that could possibly be considered with a slightly different programme. Because we listen to our members overall needs this group is unique in that our programme will adapt to its members needs and is ongoing throughout the year. It's amazing to see the overall wellbeing of the group, through the various degrees of support that is now available within the group there is more social contact and friendship with people who have been through a similar journey as they can discuss various aspects of their illness with confidentiality, including financial difficulties experienced through the loss of income whilst going through treatment. We have recently started up a walking group which meets once a month for a short walk and new knowledge of the surrounding area, we now also have a Nutritionist and Psychotherapist on board and this is also proving to be very helpful with a positive health improvement. Improved health and wellbeing for those who are having or have had cancer treatment, overall improved family relationships, thus improving the overall quality of life for those affected by cancer. Aspiring individuals to try new things in life, or move on with their lives to whatever level they are happy with, and helping others in a similar situation. We have also been in discussions with one of the other cancer support groups and some of their members have express a willingness to join up with our newly developed walking group so this will bring more like minded people together.</p> | | |

| What does your Organisation/Group do? | 1.10 | <p>Youth Services is Renfrewshire Council's youth work team. It is part of Children's Services and comprises of Community Learning, Youth Information and Awards Development Officers. We deliver services in school and in communities across Renfrewshire. Our service aim is to improve outcomes for young people in Renfrewshire through youth work, youth information, empowerment activities and outdoor learning. Youth Services: 1. Promotes wider achievement through accredited and non-accredited awards. 2. Empowers young people to have a voice and make positive contributions to their community 3. Develop skills for learning, life and work 4. Promote health and wellbeing, 5. Give young people information on opportunities and help them to make good, informed choices.</p> | |

Provide opportunity to encourage community based activities exploring mental health involving young people and their families/carers. Stimulate solutions to combat concerns held by young people, families and workers, and to shine a light on sustaining positive well being. Young people will attend a summer training programme ahead of their delivery at the community events. Adult volunteers from local communities will be recruited and trained to support the Youth Commissioners in localities. In November 2016, Youth Services held its first Renfrewshire Youth Assembly in Paisley Town Hall. 300 young people from schools and youth organisations attended along with local councillors and service managers. At this event young people discussed 5 key themes which had been decided during a youth consultation in 2016: Jobs and Training,</p> | |

| | | <p>Paisley 2021 Youth Culture, Health & Wellbeing: Mental Health, Social & Culture: Youth Hub and Having a Say: Youth Voice. The Youth Assembly voted to decide which issue that should be the focus for the Youth Commission. Mental Health was overwhelmingly voted as the focus for their campaign for this year. Youth Services has established a Youth Commission Partners Group to ensure a joined up approach to support Youth Commissioners for Mental Health who will help to deliver on the project. These partners include Active Communities, Create Paisley, Right to Dance, Renfrewshire Health Improvement Team, ACUMEN, EMMS, St. Andrews Academy and Choose Life. Deliver training to provide a legacy and sustainability to the project: understanding of mental health, introduction to mindfulness, youth work skills and positive mental wellbeing techniques. Support the Youth Commissioners to develop a social media campaign to help raise awareness of existing support services and on-line resources to encourage positive approaches. Organise outreach sessions for Youth Commissioners to engage young people in schools, colleges, universities and community groups, in the co-design of recommendations. Deliver a programme of community based events in 5 areas across Renfrewshire, leading to a celebration event bringing communities together to showcase good practice and projects. This event will launch the Youth Commission recommendations that young people have proposed. Renfrewshire Youth Commission will make recommendations that will impact directly on service and community responses to Mental Health: increased awareness of mental health issues and support available amongst young people and their supporters, better understanding of mental health issues and knowing how to respond to them, and the stigma attached to mental health issues being reduced. A united and consistent approach across Renfrewshire for delivery of support for young people suffering from mental health issues. A lasting legacy whereby communities will have an understanding of supporting agencies and resources available to help themselves and family / community members. accreditation through Saltire and Youth Achievement Awards</p> | | |

| What does your Organisation/Group do? | 1.10 | <p>Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference and the Breastfeeding Network strives to be the best we can be at providing peer support.</p> <p>Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding to individuals and organisations and to support a mum in her choice to breastfeed.</p> | |

| <p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p> | <p>2.3</p> <p>2.9</p> | <p>To provide breastfeeding peer support and evidence based information to families in Renfrewshire, especially in areas of multiple deprivations. To ensure our existing volunteers can continue to provide up to date information, receive ongoing support and learning (supervision), and continue to develop their skills. We will train more local women to volunteer which will help us maintain our well established services in the area and ensure sustainability of the project. This will help us to improve knowledge and support within hard to reach groups and the community. Despite recommendations from the World Health Organisation, UNICEF and the Scottish Government, breastfeeding rates remain very low especially in deprived areas. Across Renfrewshire only 13.5% of babies are still exclusively breastfed at 6-8 weeks in these data zones. Babies who are not breastfed are more likely to suffer from chest, ear, gastrointestinal and urinary tract infections, and at higher risk of developing high blood pressure, obesity, diabetes, heart disease and some cancers in later life. Mothers who do not breastfeed are at higher risk of developing breast and ovarian cancers and osteoporosis in later life. Breastfeeding promotes bonding and attachment which can help alleviate symptoms of post natal depression. Because of low breastfeeding rates in this area</p> | |

| | | | | |
|---|------|---|--------------------------------------|---------------------------------------|
| | | <p>some mums can feel isolated and have no one to ask for support, offering peer support to these mums can help them feel part of a supportive community and help reduce isolation. We will continue to provide high quality breastfeeding peer support across Renfrewshire at our groups in Johnstone, Ferguslie and Linwood. We anticipate that at least 12 different families will come along to access support at the three groups each week. We will continue to collaborate with the Families First, Health Improvement and Health Visiting Teams. We will attend community events to help normalise breastfeeding, raise our profile and raise community awareness. We will train 12 women to provide peer support, and will continue their ongoing learning, provide supervision and insurance. This a nationally recognised qualification which increases their confidence and helps toward retraining and future employment. That we will be able to continue to support vulnerable local families with high quality support at our local groups which are a valuable community resource. The families we support will have increased knowledge and confidence about breastfeeding and have increased links to a supportive community. We aim to support 75 different families during the year at groups and community based events. That we can continue to support our dedicated existing volunteers and help them increase their knowledge and skills. We will promote our work within Renfrewshire & become more widely known as a source of skilled support that is available every day via the National Breastfeeding Helpline, website and on social media. We will increase social capital, active volunteering, knowledge and skills within a new cohort of volunteers, sustaining the project as a whole.</p> | | |
| What is your group's current bank balance? | 1.14 | 418,213.65 | | |

Locally we rely on the part time coordinator post to support our volunteers on a weekly basis. We want to continue our services locally and rely on Renfrewshire funding to provide this support.</p> | | |

To: Renfrew & Gallowhill Local Area Committee

On: 30 May 2017

Report by: Director of Finance & Resources

Heading: Timetable of LAC Meetings to December 2017

1. Summary

- 1.1 The Council at its meeting held on 14th February, 2008 agreed its scheme of decentralisation, which included reference to the cycle of local area committee (LAC) meetings as follows:

“10.1 Local area committees will meet at least on a quarterly basis. This will allow sufficient time for progress on action to be reported on local strategies and issues. Local area committees should meet in suitable local venues to enhance community participation.”

- 1.2 The Council's Standing Orders apply to LACs. Standing Order 53 allows the convener of a LAC to call a special meeting of that committee by notifying the Director of Finance & Resources. In these circumstances, special meetings require to be held within 14 days of the Director of Finance & Resources receiving the notification. This mechanism allows the convener to call a special meeting should any matters of particular urgency arise or if there is a general need for a meeting to consider matters such as outstanding grant applications.
- 1.3 Taking into consideration the ability of the convener to call special meetings if the need arises, it is suggested that meetings of this LAC be programmed on the basis of a quarterly cycle, with meetings being held on 15 August and 14 November 2017.
- 1.4 Members are also invited to consider the time of Renfrew & Gallowhill Local Area Committee meetings. In the past, meetings of this LAC have been scheduled for 6.30 p.m.

- 1.5 The choice of venues for local area committee meetings is limited as a result of practical considerations such as size and accessibility. In the past the Renfrew & Gallowhill LAC has followed a pattern of two meetings in Renfrew Town Hall followed by one in Gallowhill Community Centre. These arrangements have been flexible to take account of available accommodation and the Council Chambers, Renfrewshire House, have been used when required.
-

2. Recommendations

- 2.1 That meetings of this local area committee be programmed for 15 August and 14 November 2017; and
- 2.2 That consideration be given to the time and venue of local area committee meetings.
