Council**

---

**To:** **Council**

**On:** **18 May, 2017**

---

**Report by:** **Director of Finance and Resources**

---

**Heading:** **Decision Making Structure and Membership**

---

## **1. Summary**

- 1.1 A Local Authority is entitled to arrange for the discharge of any of its functions, subject to a few statutory exceptions, by a committee or sub-committee of the authority.
- 1.2 Renfrewshire Council last reviewed its decision-making structure on 18 December, 2014. The current decision-making structure is set out in the appendix to this report.
- 1.3 It is proposed that the Council give consideration to the establishment of a cross-party ad hoc sounding board as part of its structure. The composition would be the Leader and Depute Leader of the Council and one representative from each of the other political groups and parties on the Council.
- 1.4 The Council currently has five local area committees as part of its decision-making structure. A review of local area committee arrangements is underway at present. However, as an interim measure to take account of the additional Paisley ward, it is proposed that Paisley North Local Area Committee comprises Wards 3, 4 and 5. The budget for this local area committee will be adjusted accordingly.
- 1.5 When considering its decision-making structure, the Council will require to have regard to special rules concerning the establishment and membership of certain boards and panels. Details of the special rules are also detailed in the appendix to this report. Separate reports are included on the agenda in relation to religious representatives on committees appointed by education authorities and the membership of the Placing Requests and Exclusions Appeals Panel.
- 1.6 Once the decision-making structure and membership is determined, the Council will require to appoint members and determine who the conveners and depute conveners are to be.

- 1.7 In appointing members, the Council should apply the principle of party representation in a fair and consistent manner. Whilst in Scotland, the rules set out in the Local Government and Housing Act, 1989 requiring party political balance on committees and sub committees have not been brought into effect, it is important that councils apply the principle of party representation in a consistent manner, which can stand the test of scrutiny.
  - 1.8 It is recognised that the Council may wish to give further consideration to its decision-making structure and it may be desirable that a review is carried out prior to the end of 2017.
- 

## 2. Recommendations

- 2.1 That the Council determines a decision-making structure for the purpose of the discharge of its functions.
  - 2.2 That the Council gives consideration to the establishment of a cross-party ad hoc Sounding Board as part of its structure, the composition being the Leader and Depute Leader of the Council and one representative from each of the other political groups and parties on the Council.
  - 2.3 That the Council determines the membership of each element of the structure which they decide should be established in accordance with the principle of applying party representation in a fair and consistent manner.
  - 2.4 That the Council has regard to the special rules concerning the establishment and membership of boards, committees etc detailed in the appendix to this report.
  - 2.5 That the Council determines the appointment of conveners and depute conveners.
  - 2.6 That in the event that amendments are made to the existing board structure, corresponding amendments are made to the terms of reference and timetable,
  - 2.7 That, as an interim measure to take account of the additional Paisley ward, it is proposed that Paisley North Local Area Committee comprises Wards 3, 4 and 5 and that the budget for this local area committee be adjusted accordingly; and
  - 2.8 That, if required, the decision-making structure, as approved, be reviewed prior to the end of 2017.
