Report by:
Chief Executive, Renfrewshire Council

TITLE:
**Applications for Local Partnership funding in Paisley
North, West and Central - 2020/21**

1. Summary

- 1.1 Applications for grant funding from the seven Local Partnership areas were invited in February 2020, to be considered at the Local Partnership meetings due to be held in June.
- 1.2 The Paisley North, West and Central Local Partnership meeting in June was cancelled due to the Coronavirus pandemic, to reflect both the 'lockdown' restrictions and the emergency planning arrangements in place put in place by Renfrewshire Council.
- 1.3 Renfrewshire Council resumed its policy board arrangements in August, and it was agreed by Renfrewshire Council's Emergencies Board that Local Partnerships would be resumed in September to allow for the allocation of Local Partnership funding for 2020/21.
- 1.4 The budget allocation for Paisley North, West and Central Local Partnership is £55,572.00
- 1.5 In addition, £500 is deducted from the available allocation for the Local Partnership to cover potential claim of expenses of £50 by the ten community members of the Local Partnership. Therefore, the available allocation for Paisley North, West and Central Local Partnership is **£55,072.00**
- 1.6 The Youth Challenge Fund component of Paisley North, West and Central Local Partnership Funding is **£21,133.00**. This funding will be allocated by young people through a Participatory Budgeting process currently underway.

2. Recommendations

- 2.1 It is recommended that members of Paisley North, West and Central Local Partnership consider the applications for Local Partnership grant funding, as set out below in Appendix 1 and 2.

3. Background

- 3.1 Applications for grant funding from the seven Local Partnership areas were invited in February 2020, to be considered at the Local Partnership meetings due to be held in June.
- 3.2 Applicants were also provided with refreshed guidance, as well as a description of the Local Priorities identified by the Paisley North, West and Central Local Partnership. A copy of this guidance has been provided at Appendix 3.
- 3.3 Following agreement by Renfrewshire Council's Emergencies Board that Local Partnerships would resume in September 2020, all applicants were contacted and provided the opportunity to amend their application, or reflect any changes in circumstances that may have occurred since original applications were submitted.
- 3.4 Local Partnership members are asked to consider the applications for funding summarised at Appendix 1 and 2 of this report, and to assess these against the Local Priorities agreed by the Paisley North, West and Central local priorities.
- 3.5 Following feedback received by Local Partnership members in previous funding rounds, an initial assessment has been carried out by officers to support Local Partnership members in their decision-making. Where applications have made clear reference to the Local Priorities identified by the Local Partnership, this is identified in the first table at Appendix 1. Applications that make a partial or no reference to Paisley North, West and Central Local Priorities are summarised in the second table – for example, the project may work with young people (and therefore meet the Local Priority around young people) but not deliver this directly in the Local Partnership area, or make reference to how many young people from the area would be engaged in the project.

3.6 The priorities of the Paisley North, West and Central Local Partnership are:

Community Empowerment

The Local Partnership want more people to get involved in their community. They want to activate new community groups, and explore the sustainability of the local groups that already exist. This includes succession planning for groups and exploring the availability and sustainability of funding for groups in the area.

Tackling social isolation to promote health

The Local Partnership want to help connect people to each other and see this as key to promoting health and wellbeing in the area. They think a key barrier is people being able to physically get to Paisley town centre to access services and groups.

Green spaces

The Local Partnership want to see the development and maintenance of high-quality green spaces in the area, and the use of these spaces to promote physical and mental health.

They particularly want address safety and lighting in order to safely access these spaces at night.

Community safety

The Local Partnership want to help people to feel safe in their community. This includes being able to move around the area safely, by tackling issues with pavements and pathways, dog fouling and litter. They also think it is important that there are activities available for young people to avoid them becoming involved in anti-social behaviour and crime.

Application For Local Partnership Support 2020-21

1. Reference:	FR1042
2. Project Name:	Gallowhill Senior Citizens Indoor Bowling – Consumables & Equipment
3. Organisation Name:	Gallowhill Senior Citizens Indoor Bowling
4. Amount Applied For:	£1,245.00 which is the full cost of the project requested from Paisley North West and Central. No additional applications to any other Local Partnerships
5. Description of Project:	<p>The group wishes to purchase bowling equipment to meet demand of members participating in exercise and health & wellbeing activity. Funding has been requested for;</p> <ul style="list-style-type: none"> Bowling equipment to increase membership and allow more people to participate in the club. Catering equipment, for events to support the need to provide members with hot and cold food; ensuring they are adequately provided for. Security cupboard – We require a secure cabinet for storage of important documents associated with the management of the club; including documents with personal information, to enable us to comply with data protection legislation. <p>The club is in an old building with aged equipment. Some of which are no longer fit for purpose. We are actively encouraging additional aged residents of Gallowhill to engage with the club to support their wellbeing and reduce isolation amongst these residents. The bowling equipment will enable additional people to participate in sport; exercise and socialisation. In keeping with the need to contain personal data of members, the secure cabinet will allow us to ensure we comply with the need to maintain the safety and security of personal data. The catering equipment will enable refreshments etc to be served on 'fit for purpose' equipment enabling safe consumption of food and drinks. Overall, the project will increase the ability for members to participate in wellbeing and social activities; enhance social interaction, reduce social isolation and loneliness, increase fitness amongst residents/members.</p>
6. Who Benefits from The Project?	<p>The membership is senior citizens over 65 years and has members of up to 90 years.</p> <p>The club has recently been in discussions with the local school who are keen to bring children to the club to try bowls as a sport and if the application is successful this will be achievable.</p>
7. Fit with Local Partnership Priorities:	<p>This project fits with the Tackling Social Isolation to Promote Health priority for the Paisley North West and Central LP.</p> <p>This project aims to give senior citizens predominately living in the Gallowhill area the opportunity to participate in bowls, a game which can have a physical health benefits for aged adults, through getting them up and moving around. The club runs on a Wednesday every week and provides a social opportunity for senior citizens attending by providing refreshments and food to encourage interaction between members.</p>

8. Breakdown of Costs

Item	Amount Requested
x2 Sets of bowls and storage bags	£600
Crockery, catering equipment, kitchen equipment - general (receipts will be provided)	£100
Secure cabinet	£200
Hall hire - annual (6-month period)	£345

9. About the Organisation

- Gallowhill Senior Citizens Bowling Club is a club for over 65's living in the Gallowhill and surrounding areas.
- The club is predominantly for senior citizens living in Gallowhill although anyone wishing to join the club can do so.
- The club currently has 28 members, this money would allow an additional 30+ people to participate in the club activities.

The club acts for most members to engage, encourage, enable and support local aged residents of Gallowhill in interacting with others - minimising the risk of social isolation and loneliness. The project encourages the mobility of senior citizens; key to their physical and mental wellbeing, through regular exercise, socialising and participating in celebratory events during key junctures throughout the year. In doing so, this club supports NHS evidence that has found those aged over 65 years spend 10 hours or more sitting down (out with evening sleep time). This results in aged residents increasing personal risk through increased rates of falls, health issues in comparison to those under the age of 65 years. Therefore, this club will contribute to not only the wellbeing of its members, but the wider community, and statutory services such as health provision.

Application For Local Partnership Support 2020-21

1. Reference	FR1065
2. Project Name	Paisley and District Royal British Legion Pipe Band
3. Organisation Name	Paisley and District Royal British Legion Pipe Band
4. Amount Applied For	£4,050 (£16,200 in total from the 3 Paisley LPs and Renfrew)
5. Description Of Project	<p>To regenerate a piping and drumming band to bring together all veterans from different regiments and the local community. To provide musical support at appropriate events to enter into pipe band competitions. To provide open and inclusive musical community group to promote wellbeing.</p> <p>It was recognised that there was insufficient numbers to make a pipe band available to service the local British Legion and veteran community event, e.g. Remembrance Sunday. Members decided to establish a local pipe band that would allow veterans, their families and the wider community members an opportunity to learn piping and drumming.</p> <p>The project will provide musical tuition twice weekly in the local RBL club who have provided the venue for the practise for a nominal fee. The musical tutors are experienced pipe and drum majors and have the expertise and knowledge to teach beginners and develop intermediate musicians.</p> <p>The project will provide regular music tuition, creating a community group which will in turn be beneficial to the members. Musical group work is known to help improve physical and mental health as well as promote and widen social bonding and networks. It is anticipated that a fully functioning marching pipe band will be formed and available to support the local branch from 2020 onwards.</p>
6. Who Benefits From The Project?	<p>The project benefits those involved in the band through, including young people and people who have experienced PTSD. It also benefits the wider community through the provision of music at community events.</p>
7. Fit With Local Partnership Priorities	<p>The project meets 2 local priorities of the Paisley North, West and Central Local Partnership. They are:</p> <ul style="list-style-type: none"> • Community Empowerment as the project aims to regenerate a piping and drumming band to bring together all veterans from different regiments and the local community, thus developing a new musical community group. • Tackling social isolation to promote health as it allows veterans, their families, including young people and people who have experienced PTSD and the wider community members an opportunity to learn piping and drumming & promote wellbeing.
8. Breakdown of Costs	<p>Paisley North West & Central - £4,050</p>

(£16,200 in total from the 3 Paisley LPs and Renfrew)

The total cost of the project is £21,605. The group is applying for a total of £16,200 from 3 Paisley's and Renfrew Local Partnership areas. From Paisley North, West and Central Local Partnership the group is requesting £4,050.

2. Project Name	Community Cricket Coaching
3. Organisation Name	Meikleriggs Cricket Foundation
4. Amount Applied For	£2,000 from Paisley North, West and Central Local Partnership. (£10,000 in total split between, 3x Paisley LPs, the Villages LP and Johnstone and Linwood LP)
5. Description Of Project	<p>The Community Cricket Coaching project will take place between 1st May 2020 and 30th April 2021.</p> <p>The project aims to increase the number of people participating in regular sport within Renfrewshire and aims to address the reduction in people participating regularly in sport and active activity sessions, by providing regular cricket sessions throughout the year. Led by a qualified cricket coach, our cricket sessions will increase the activity levels in all participants and help to promote an active and healthy lifestyle throughout the local communities where our project will work.</p> <p>The need for this project was identified by liaising with local groups and local people. We have become aware of the declining number of people of all ages participating regularly in sport, especially cricket. Football teams cater for a high number of people however our project seeks to cater for those who do not play football and indeed cater for people regardless of ability. We seek to promote participation in sport, through cricket for people of all ages and abilities.</p> <p>Our project will provide cricket sessions for people of all ages and will focus on the following:</p> <ul style="list-style-type: none">- in or after school cricket coaching sessions (primary schools)- in or after school cricket coaching sessions (secondary schools)- university and college cricket coaching sessions- weekly, open cricket coaching sessions for all aged under 18- weekly, open cricket coaching sessions for all aged 18 and above- winter cricket coaching sessions for people all ages and abilities <p>Our project will not only help to enhance fitness levels and improve the health and well-being of each individual but it will also promote key transferrable skills which people of all ages can use in their educational or employment lives. Communication and team work skills will be promoted by our project while self-confidence, self-belief and self-esteem of each individual will be enhanced. We will monitor participation numbers at each of our activity sessions and use these figures to monitor and evaluate our projects success. In addition, informal discussions with parents and teachers will also provide an insight into the skills and confidences that may be developed by young people participating in our project.</p>
6. Who Benefits From The Project?	Different age groups receiving the coaching.
7. Fit With Local Partnership Priorities	The project should support local priority of tackling social isolation to promote health in Paisley North West and Central area for those involved in the activity.

8. Breakdown of Costs

The total project cost is £12,000. The group is applying for £10,000 in total split between, 3x Paisley LPs, the Villages LP and Johnstone and Linwood LP.

The balance of £500 will be met from unsecured leisure grant

Item of Spend	Total Cost	Amount Requested

1. Reference	FR1073
2. Project Name	Fair Trade Education
	To build on Rainbow Turtle's education work, creating informed and active global citizens locally, particularly from young people and their teachers.
3. Organisation Name	Rainbow Turtle
4. Amount Applied For	£3,000 from Paisley North West & Central Local Partnership.
	The organisation has also applied for funding to the following local partnerships: £3,000 from Gleniffer; £3,000 from Paisley East; £750 from Johnstone & Linwood; £750 from Renfrew; £750 from The Villages; £750 from Erskine, Inchinnan, Bishopton and Langbank.
5. Description Of Project	<p>The project will run from September 2020 to September 2021.</p> <p>The purpose of the project is to build on Rainbow Turtle's education work, creating informed and active global citizens locally, particularly from young people and their teachers. This will include the facilitation of workshops and activities on Fair Trade and its environmental impact, to connect not only with the Fairtrade Schools awards system but also the Eco Schools and Rights Respecting Schools awards. With a focus on this local partnership's interest in supporting social connections, Rainbow Turtle facilitates the sharing of resources and skills with our regular schools conferences, where teachers and pupils can exchange ideas on Fair Trade and global citizenship.</p> <p>The project aims:</p> <ul style="list-style-type: none"> • to meet increased demand to host schools conferences during the year, enabling young people to engage actively with issues of social justice, the environment, Global Citizenship and Fair Trade; • to host and facilitate at least 1 producer visit, combining with one of the above conferences as we have in 2020 and in previous years; • to work directly with the young people on school Fair Trade and Eco committees to embed Fair Trade issues deeper into the curriculum. <p>Demand is high from schools to provide regular input on Fair trade and Global Citizenship more widely. This has included visits to individual schools, as well as conferences where several schools from Renfrewshire share in their learning.</p> <p>In 2020, during and in the run up to Fairtrade Fortnight, Rainbow Turtle organised learning events, including the very successful Primary School conference, organised in conjunction with Just Trading Scotland, WOSDEC, and the Social Enterprise Academy, which brought 6 schools to Linwood to take part in hands-on activities around the theme of fair trade rice. There has also been a visit organised, with input from the Scottish Fair Trade Forum and Renfrewshire Fair Trade Steering Group, of two Malawian Fairtrade sugar producers to Bargarran Primary School, with other local Primary Schools also attending. Rainbow Turtle also has another producer visit, from Malawian rice farmers, planned for later this year.</p>
Who Benefits From The Project?	Young people, schools & community groups across Renfrewshire will benefit from this project

because it will:

- Improve community empowerment both locally and wider and tackle social isolation via volunteer and school involvement
- Engage with a greater number of schools, young people, teachers and community groups with Fair Trade issues, both local and global.
- Increase collaboration with Renfrewshire Council and other local organisations, building on networks already developed;
- further production of an Education programme which will increase understanding of global issues within a local context.

6. Fit With Local Partnership Priorities

This project meets 2 of the Paisley North, West and Central Local Partnership priorities.

The project will improve community empowerment both locally and wider and tackle social isolation via volunteer and school involvement as the project brings children and adults together through Fair Trade and volunteering.

7. Breakdown of Costs

The total cost of the project is £12,000. The group is applying to 7 Local Partnerships & requesting a total of £8,000 for this project with £3,000 from Paisley North, West and Central Local Partnership.

The group will balance the total outstanding project costs of £4,000 through their own funds (£3,000 for sessional costs for Education Officer & £1,000 for conference budget costs)

Item of spend	Total Cost	Amount Requested
Sessional costs for Education Officer	£10,000	£2,500
Conference Budget costs	£2,000	£500

8. About The Organisation

Rainbow Turtle is charity, established in 2002, with one part-time employee and 55 members.

The aim of the organisation is to enhance the profile of Fair Trade in Renfrewshire by:

- Campaigning and education e.g. talks, workshops, conferences and activities in schools and community groups.
- Organising special events for Fairtrade Fortnight, producer visits etc, often in partnership with other third sector organisations.
- Working in partnership with producers in the developing world.

9. Grant Funding Award History

Rainbow Turtle has provided feedback on their 2019/2020 local partnership funding.

2. Project Name	Purchase of Cricket Roller						
3. Organisation Name	Ferguslie Cricket Club						
4. Amount Applied For	£1500 Ferguslie Cricket Club have applied for £10,000 in total. They have asked for £4,000 of the £10,000 to come from Gleniffer, the remaining £6,000 to be divided by 4 Partnership areas (£1,500 from each).						
5. Description Of Project	<p>The purpose of the project is to purchase a new cricket roller. The project represents the next phase in our facility improvement programme. To date our facility improvement programme has included installation of new practice nets, groundsman garage, installation of electric scoreboard, shower, toilet and changing room enhancements, purchase of mobile covers and sightcreens and the purchase of an outfield grasscutter. The purchase of a new roller would complement our existing ground equipment and would enable us to prepare better quality cricket pitches and indeed help retain our status as a Cricket Scotland Hub ground.</p> <p>The project was identified as a result of our status as a Cricket Scotland Hub Ground. This status ensures that we host representative cricket fixtures throughout the cricket season, thus helping to bring people to Paisley. Recently we have hosted the Scottish Cup Final as well as district and international representative fixtures. Our roller has been identified as requiring urgent attention given its age and condition. Our roller remains unreliable and is continually subject to repair thus impacting on our ability to prepare high quality pitches not only for representative fixtures but also our own club fixtures and youth fixtures.</p>						
6. Who Benefits From The Project?	Local people involved in cricket.						
7. Fit With Local Partnership Priorities	This project should support the use of facilities and make the ground of Ferguslie Cricket Club more attractive, thus contributing to Paisley North, West and Central priority of tackling isolation to promote health by attracting players and spectators across Renfrewshire.						
8. Breakdown of Costs	<p>The total cost of the project is £13,850.</p> <p>Ferguslie Cricket Club asked for £4,000 of the £10,000 from Gleniffer, the remaining £6,000 to be divided by 4 Partnership areas (so £1,500 from each of these 4).</p> <p>The balance to be met through unsecured fundraising</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 33%;">Item of spend</th> <th style="width: 33%;">Total Cost</th> <th style="width: 33%;">Amount Requested</th> </tr> </thead> <tbody> <tr> <td>Purchase of roller</td> <td>£13,850</td> <td>£10,000</td> </tr> </tbody> </table>	Item of spend	Total Cost	Amount Requested	Purchase of roller	£13,850	£10,000

9. About The Organisation	Ferguslie Cricket Club is a Community Amateur Sports Club - CH00402.						

With a history in the local community dating back to 1887, Ferguslie Cricket Club is one of the main sporting and social clubs in Renfrewshire, promoting health through participation in sport, a social focus for the community and a sporting reputation that promotes Paisley and Renfrewshire on a national basis. They now have four part time employees, 30 volunteers and 200 members.

2. Project Name	Paisley Pirates Ice Hockey Club (Incorporating Junior Development) - Provision of ICE
3. Organisation Name	PAISLEY PIRATES IHC
4. Amount Applied For	£4361.27 which is 12% of the total ice costs
5. Description Of Project	<p>The group is asking the partnership to provide part funding of ice hire, permitting on ice activities for young persons to take place at Braehead Arena, the only facility available within a 30mile radius of Paisley. Seek assistance to meet approximately 12% of that total cost within a ring fence for ice costs. All other expenditure will be met from within its own resources.</p> <p>The project will continue to provide a local focus for the sport given that no other suitable venue is currently available at either senior or junior levels. Continued development of on-ice skills at senior/junior level. Continued & enhanced development of off-ice skills for volunteers & adults with learning difficulties able to carry out duties on match nights requiring numeracy/organisational/interpersonal skills. The club will publicise the existence of an ice hockey team in Renfrewshire through local media outlets & maintain a significant profile in the area eg the club has featured regularly in an annual project run by a Canadian tourist agency (circulation 0.25m) which promotes Paisley as an ice hockey town for potential tourists. The club continues to promote itself & its volunteers through various local competitions publicising the work done by such volunteers &, indeed, has won several of them. The high profile enjoyed by the club helps to attract young people to its youth development programme.</p> <p>August 2020 Update: Following the postponement of the Spring round of Partnership meetings to allocate funds, the club took advice from agencies such as Engage Renfrewshire and Renfrewshire Council to apply to alternative sources for stop gap funding during the COVID 19 pandemic. However, the club was advised by agencies such as Resilience Funding, following completion of the subsequent application, that the club did not meet the criteria for support, while others such as the Glasgow Airport Flightpath Fund that they had similarly postponed consideration of applications, such as that which we had submitted, until a later date, meaning that the club had effectively been cut off from means of temporary support during the pandemic. Similarly, our participation in fund raising ventures such as local Gala Days were cut off as these were cancelled. The sport's governing body has temporarily put back the season's opening until October but while this is helpful in reducing outgoings for eg training facilities for the moment we have as yet been unable to purchase essential items such as new strips until we are able to forecast how much money we will have. Therefore, while the club, in appreciation of the similar circumstances facing other organisations, is not increasing the sum requested from the local Partnership(s), the sum requested has taken on an acute nature as any monies allocated will have to stretch somewhat further.</p>

6. Who Benefits from The Project?

Local adults, children, families and broadly the community

7. Fit With Local Partnership Priorities

Community Empowerment

Paisley Pirates are a voluntary organisation run entirely by local people and all duties pertaining to the club, such as stewarding, announcing, goal judging, and the various other functions are carried out entirely by volunteers from the local area. No one receives any form of payment for undertaking these duties.

The club promotes a community and family identity in which fans, volunteers and all involved with the club identify as a 'Pirate' which has translated globally across the world with many former fans and players carrying the identity of 'Buddies' to locations far and wide, including Kuwait, Canada, and USA.

In recognition of its contribution to Community Empowerment the club was invited to the Queen's Garden Party in Edinburgh. Further, the club secretary received the Lord Provost's Award for Sporting Achievement, and was recognised by the Tampa Bay (Florida) NHL club for its contribution to the sport as a local organisation. Finally, the Paisley Pirates 70th Birthday in 2016 was taken as the theme for the Annual Paisley Beer Festival.

Tackling Social Isolation to promote Health

As indicated above, all duties relating to the club are carried out by volunteers, many of whom do not otherwise engage in activities within their local community, preferring to help with 'their' club, thus promoting a sense of pride and well being within themselves as a valued member of the team of volunteers. Pirates promote the feeling of being a family club, thus encouraging feelings of self-worth within individuals coming to matches, through activities such as announcing individuals are attending their first game, all to make them feel part of the Pirates 'family'.

The club visits local schools on request, promoting a whole programme of healthy eating, fitness and a healthy lifestyle. The club made front page headlines in the 'Paisley Daily Express' by being the first to abandon the traditional award of a case of beer to each 'Man of the Match', in favour of awarding a healthier energy drink to aid recovery after a strenuous game of ice hockey.

Community Safety

In the past few years, the Pirates took part in a high-profile anti knife campaign initiated by the Paisley Daily Express, appearing on the front pages of the newspaper, while players distributed car stickers to supporters to reinforce the message.

Paisley Pirates also provide an alternative for members of the community to attend an event and be part of the organisation as opposed to youths frequenting town centres and residential areas with nothing to do, thus helping to minimise anti-social behaviour and crime in the local area.

The desire to provide our own venue, would further provide opportunities for members of the community to engage in diverse activities in Renfrewshire in a safe environment. We are working toward this outcome with support from Ren Council.

8. Breakdown of Costs

Item of Spend	Total Cost	Amount Requested

With the exception of ice hire, all other costs will be funded through admission, memberships & fundraising.

All other partnerships have been applied to for funding to make up the ice costs.

9. About The Organisation

To develop/maintain;

A locally based community run ice hockey team

A focus for local & junior ice hockey players to enable them to develop their skill levels

A focus for local volunteers to enable them to develop their skills in areas such as literacy, numeracy & oral skills

An affordable facility for locally based ice hockey supporters & parents of young players

<p>5. Description Of Project</p> <p>The project will take place between April 2021 and September 2021.</p> <p>The project aims to capture and collate memories and anecdotes from workers employed in the various thread mills in Renfrewshire – with emphasis on the Paisley mills.</p> <p>There will be a digital archive of these memories and anecdotes saved and made available for future use and reference.</p> <p>As time passes and people die there is a net loss of this type of human experience and memory, this project is one attempt to hold onto this precious knowledge.</p> <p>The group has identified the need for this project through previous mill exhibitions where the photos displayed brought forth interest and memories of both former employees and non mill workers alike. However, in the previous exhibitions there was no attempt to capture the stories and memories evoked, this application is aimed specifically at capturing these as a digital archive.</p> <p>The project will be delivered by holding a number of exhibitions in the Foxbar, Glenburn libraries as well as Coats Memorial Church.</p> <p>The exhibition will display a large selection of photographs (many, never before seen in public) relating to the Paisley mills.</p> <p>Booklets will be freely available for the public to take home as part of their experience of the exhibition.</p> <p>The emphasis will be on using the visuals as the focal point of drawing out the individual's memories and stories for recording and preserving for future reference – the memories themselves being the main outcome of the project.</p>	
<p>6. Who Benefits From The Project?</p> <p>The project has an educational element where local residents can learn about their connection to the Paisley Mills. The project will benefit individuals who are interested in the history of the mills as well as former employees and non-mill workers alike.</p>	
<p>7. Fit With Local Partnership Priorities</p> <p>The project meets local priority of tackling social isolation to health as it will bring communities together through series of exhibitions in the Foxbar, Glenburn libraries as well as Coats Memorial Church to gather local stories relating to Paisley Mills.</p>	
<p>8. Breakdown of Costs</p>	

The total cost of the project is £1,500. The group is applying for £1,450 from Gleniffer and Paisley North, West & Central Local Partnerships.

£50 of the project costs will be funded through group's account.

2. Project Name:	Finding Your Feet Social and Emotional Support Programmes
3. Organisation Name:	Finding Your Feet
4. Amount Applied For:	£10,000
5. Description of Project	<p>FYF has grown significantly in the last two years and is forecast to continue this growth in Paisley North, Central and West through engagement with local NHS Community Link workers and funding received for the development and provision of 'FYF New Amputee Packs' which will be distributed to all new amputees at all local hospitals. This growth has led to an increase in demand for all our clubs and activities. Our social and emotional support programmes are targeted at reducing isolation amongst the amputee community through building self-confidence, belief and social engagement as well as breaking down barriers to access.</p> <p>Our Trooper (FYF amputees) demographic has changed recently. We have more males and a wider age range joining. NHS Community Link workers within the area could provide a link into the amputee community that we have been unable to reach.</p> <p>We identified the need for focus on social and emotional support programmes due to the changes in our community. For example, we introduced Wee-Teas as we discovered several Troopers found coming into the large Amputee session intimidating. By having a smaller introduction, we were more likely to encourage them along to more clubs and into the bigger Amputee sessions.</p>
6. Who Benefits from The Project?	<p>We have 23 Troopers (FYF amputees) who live in the Paisley North area and who regularly attend our clubs in our Paisley office that we are requesting funding for. This number is set to increase over the next year as we are applying for funding to run a pilot programme with the Paisley NHS Link workers who will be able to directly refer amputees in the area that we have not yet managed to reach to our services. It is anticipated that this funding will be in place by late summer so our pilot will begin just after that. The funding from the LAP will allow us to work with the people from this area who already attend and increase capacity to allow for new people to come along. In addition to this we are also piloting a programme with local hospitals to provide 'New Amputee Packs' which is another direct referral route for new local amputees to participate in our services.</p>
7. Fit With Local Partnership Priorities	<p>Finding your Feet have highlighted through their application how the work they do addresses social isolation within the amputee community. The project programme also supports positive mental health within the membership of the group.</p>

9. About the Organisation

Finding your feet have recently moved into Renfrewshire and are seeking a building to make Renfrewshire their permanent home. They have 45 volunteers and 823 members. Their aim is to be the leading Scottish charity supporting amputees and those with congenital limb absence. They provide emotional, physical and social support to enable engagement with wider society; reduce social isolation; and promote economic and physical independence. They challenge societal perceptions of disability and promote inclusivity and accessibility in the community.

Finding your Feet want to:

- provide accessible emotional, physical and social support to amputees and those with limb absence
- enable engagement with wider society; reduce social isolation and promote economic and physical independence.
- challenge societal perceptions of disability and promote inclusivity and accessibility.

Finding your Feet have £27,648.20 in their bank account but this to support the running costs of the organisation for the next year, which are approx. £25,000k

4. Amount Applied For	£500																			
<p>Total amount applied for is £3,500 towards a total project cost of £4,000. This should be split between 7 Local Partnerships.</p>																				
5. Description Of Project	<p>The project will be delivered between June 2020 and March 2021 and will promote group activities to a wider community, encouraging people of all abilities to partake in physical activity by using walking as the main medium.</p> <p>The project is to help promote the Walking Network through the printing of promotional brochures which can easily be identified by Walkers. These brochures will be placed in facilities such as libraries, Community Centres, Doctor's surgeries and health professionals to pass to clients throughout Renfrewshire.</p>																			
6. Who Benefits From The Project?	<p>Although mainly an elderly group, the services are now being sought out by numerous social work services who refer clients who are isolated in the local community.</p> <p>The group also caters for higher risk groups referred on from the local exercise referral agencies including the cardiac rehab trainers, mental health, dietician and diabetic clinics. The main focus for repeat referral of clients is not always walking, rather it is the social aspect of being part of the Group.</p>																			
7. Fit With Local Partnership Priorities	<p>The project fits with the What's On theme by using community spaces for events that are safe and affordable.</p>

Application For Local Partnership Support 2020-21

1.	Reference	FR1096
2.	Project Name	Keeping our youngsters on the ice and healthy in body and mind, through sport.
3.	Organisation Name	Braehead Junior Ice Hockey Club
4.	Amount Applied For	£1,000 <i>(£3,000 requested – split between 3 Local Partnerships - Renfrew, Paisley East and Paisley North, West & Central).</i>
5.	Description Of Project	
	<p>Grant funding would mean participation remains affordable to all, providing sufficient ice time to allow players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. The project aims to continue to offer junior ice hockey training to all who wish to participate, at an affordable cost which makes the club available to anyone who wishes to join the "Learn to Play" initiative. They learn the skills and drills of the game in an atmosphere of fun combined with the discipline a team sport offers. The project allows young people to keep fit and active, through training and games, combating obesity, building confidence and self-esteem. An unexpected and sharp rise in ice hire and security costs brought the hourly charge to £299.60, placing an even greater financial burden on the players' parents. Raising fees further again could result in a drop in numbers, meaning raising fees again in a negative spiral. This latest increase threatens the future of the club and further grant funding, along with already instituted higher fees and continued fundraising, will help secure the future of Renfrewshire's only grass-roots, junior ice hockey club. Ice hockey is a dynamic sport, promoting health and well-being, self-esteem, positivity, focus and firm friendships.</p> <p>Although youngsters from all parts of Renfrewshire are involved, the majority are from Renfrew, Paisley and Erskine.</p> <p>There are opportunities to play ice hockey, competitively and recreationally, from age 7 to 70+ and many of the original intake at the Lagoon in 1992 are still regularly playing/coaching and will continue to do so well into older age, keeping fit in body and mind. At present there are players in training who are playing with the Scotland and GB squads and many youngsters sitting on team benches throughout Scotland, including local SNL team Paisley Pirates. We have female players in Scotland Ladies, progressing their skills and training with others from around the country. One of our players is making quite a name for herself in goals in the England Ladies squad!</p> <p>August 2020 Update:</p> <p>The latest communication from Braehead Arena is that the ice facility will reopen for use by hockey teams/clubs in November and that the season will run until April/May.</p>	
6.	Who Benefits From The Project?	
	The players range in age from 7 to 17, with both boys and girls, of different social backgrounds and nationalities, taking part.	
7.	Fit With Local Partnership Priorities	

The project supports strengthening social connections through young people and adult volunteers' involvement.

8. Breakdown of Costs

Item of spend	Total Cost	Amount Requested
Ice hire including security charge	£14,700	£3,000
Insurance	£800	0
Coaching courses x3	£450	0

Medals & trophies	£400	0
Stationery, web fees and accounts	£562	0

9. About The Organisation

The organisation was established in 2009 and aims to:

promote, foster and encourage participation in ice hockey at junior level;

- provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in the sport through their "Learn to Play" initiative;
- carry out the hiring of 2 practice sessions weekly levels. (without placing extra financial burden on the participants to allow as many as would wish to take part in the sport) allowing the children to learn techniques and drills, to learn the discipline of team sport, be very active and have fun whilst improving social skills, team building skills, confidence, health and wellbeing and increasing fitness levels

5. Description Of Project	<p>The purpose of our project is to regenerate our suite of halls to create a modern community facility which can be enjoyed by all community organisations.</p> <p>A modern, welcoming community hall in the West End of Paisley will be of great benefit to the local area and local organisations.</p> <p>Our halls have become tired over time and require to be made fit for purpose for the requirements of today's community organisations. Installation of modern technology as well as appropriate storage, fit out and redecoration will create a welcoming and functional accommodation which can be utilised by local community organisations.</p> <p>The need for the project was identified following discussions with members of the church as well as those who use the halls on a regular basis.</p> <p>The current condition of the halls was noted as practical however it was felt that the halls had become dated and tired and required to be modernised in order to ensure they continued to meet the needs of community organisations.</p>																			
6. Who Benefits from The Project?	<p>Community organisations from the Paisley North area will be able to access the refurbished halls for meeting space and/or delivering their services.</p>																			
7. 2. Project Name	Cornerstone Drop-in Café
3. Organisation Name:	Street Connect
4. Amount Applied For:	£2400
5. Description of Project:	<p>Our Café tackles social isolation through staff and volunteers offering a safe space, friendly welcome, food and drinks, a sense of community and practical support one day per week at Holy Trinity Church Hall. While open to all, many attendees are affected by health and wellbeing issues especially addiction and associated complex needs, and we offer holistic recovery services to help people overcome this.</p> <p>Cornerstone Drop-in Cafe opened in 2004 - a local charity responding to the impact of drugs and alcohol on the local community, a current priority in Renfrewshire's Community Plan. Decreasing capacity within the local team led to contact with Street Connect. Street Connect operates cafes and recovery support services in several other areas in partnership with local churches. A partnership was developed and by agreement in January 2019 the organisations formally merged. Now, working closely with local church Hopehall Evangelical Church, Street Connect is developing local capacity to provide community led support to respond to an identified local community need.</p> <p>August 2020 Update:</p> <p>Street Connect has been running adapted services since mid-March due to the Covid-19 pandemic. We have worked hard to ensure that our participants receive the support they need during lockdown and now as restrictions are being lifted.</p> <p>Our drop-in café in Paisley has been closed since mid-March. Outreach work stopped in Paisley and has not yet recommenced, though we plan to restart soon, as we have done in some other project areas.</p> <p>One-to-one support has been offered over the phone and other technology. Remote support is still being offered, as well as face-to-face meetings (in compliance with regulations around physical distancing and hygiene) where this is particularly beneficial.</p> <p>We moved our group recovery programme online – this is being delivered using Zoom. The group programme is normally run separately in different project areas, but the online group sessions are open to everyone at the same time. A number of participants from Paisley have been engaging well.</p>
6. Who Benefits from The Project?	Adults within the local community recovering from drug and alcohol addiction.
7. Fit with Local Partnership Priorities	<p>Tackling social isolation to promote health</p> <p>Community Empowerment</p>

<p>Community Safety</p> <p>The Local Partnership priorities include getting more people involved in their community, tackling social isolation, and promoting health/wellbeing. Our Café tackles social isolation through staff and volunteers offering a safe space, friendly welcome, food and drinks, a sense of community and practical support one day per week at Holy Trinity Church Hall. While open to all, many attendees are affected by health and wellbeing issues especially addiction and associated complex needs, and we offer holistic recovery services to help people overcome this.</p> <p>The project also contributes towards community safety by addressing addiction and associated issues of crime and anti-social behaviour.</p>
<p>8. Breakdown of Costs</p> <p>Costs</p> <p>To help us deliver this plan, we are adjusting our request to £2400:</p> <ul style="list-style-type: none"> - <u>Volunteer expenses - £700</u> We have reduced our request as we expect expenses will reduce as a result of changes to our service caused by Covid-19. We have already secured £500 towards this and anticipate that £1200 in total will suffice. - <u>Entrance fees for attractions - £200</u> - <u>Rent - £1500</u> We are increasing our funding request in relation to rent as we may need to find alternative premises, which we expect will be more expensive. <p>Please note in July we received a grant of £2000 towards this project from the Renfrewshire Council Section 10 fund.</p> <p>Grant breakdown: £500 - volunteer expenses; £500 – food, drinks, emergency items (e.g. sleeping bags, clothing); £100 fliers; £900 – fuel costs.</p>
<p>9. About the Organisation</p> <p>Street Connect reaches out to and supports marginalised individuals, particularly people experiencing drug/alcohol addiction. Our beneficiaries often combine histories of drug and alcohol misuse, homelessness, medical problems, relationship and family breakdowns, social isolation, trauma, mental health issues and offending patterns.</p> <p>Working with local community organisations, especially churches, we build the capacity of these organisations to provide community led, personalised and long-term support to help those in need. Major outcomes of our work are tackling social isolation and improving health and wellbeing for individuals, as well as improving community safety by reducing addiction-related anti-social behaviour and crime.</p> <p>They have 4 FT members of staff and 25 Part time. They also have 50 volunteers.</p>

3. Organisation Name:	Gleniffer Credit Union										
4. Amount Applied For:	£2000.00 This is 100% of set up costs for the project										
5. Description of Project:	<p>The project is to bring a credit union collection to the Tannahill centre to service the Ferguslie park community, which at present doesn't have a collection.</p> <p>Credit unions allow people to save small amounts and borrow at fair and reasonable interest rates. The collection will prevent people from using high cost credit, such as pay day loans and rent to by companies, allowing them to keep more money in their pockets. As part of the community we will work with others to promote affordable credit in Ferguslie.</p> <p>We were approached by active communities who have services in the Tannahill centre. We agreed a trial on Thursday mornings. In the first week we had 3 people sign up to the service. The welfare rights advisor at Ferguslie Park Housing Association attended our first session and has agreed to signpost to our service. The community development officer at the Tannahill centre also supports this project.</p>										
6. Who Benefits From The Project?	<p>Local people and their families living in Ferguslie on low incomes will benefit from this project. This type of service and help low income families relieve themselves or prevent them from getting into chronic debt using pay days loans etc.</p>										
7. Fit with Local Partnership Priorities	<p>Community Empowerment – This project will empower local people to take control of their own finances and encourage volunteering through community ownership of the project. Credit unions are run by local volunteers who use the service.</p>

2. Project Name:	Paisley Oor Wee Toon													
3. Organisation Name:	Walking Tours on Wheels													
4. Amount Applied For	£2983 requested from Local Partnership. 100% of project costs													
5. Description of Project	<p>We aim to have an office to use as a tourist information hub to enable us to provide information to tourist and visitors to the town. It would also give us a meeting point for our tours.</p> <p>Paisley needs to be recognised as a valuable place to live work and be explored by tourists, visitors and locals. We aim to attract visitors and tourist to the town. Our other key aim is to reduce isolation for local people by providing accessible tours to raise awareness of Paisley's rich history, architecture and culture. We aim to encourage all communities in Renfrewshire to take pride in their town and surrounding areas. Through this civic pride we aim to see a reduction in vandalism to Paisleys historic building and architecture.</p> <p>We aim to bring together tourists, visitors and locals both young and old to learn and share experiences of Paisley's rich culture and heritage.</p> <p>We want to encourage people who are lonely and staying at home with mobility issues to join our tours. We offer tours that are accessible to all in order to include everyone and leave no-one isolated. Paisley does not have a tourist information centre; through our space we would be available to give out information to tourists and new people who come to live and work in the town and surrounding areas.</p>													
6. Who Benefits From The Project?	<p>People from across Renfrewshire can attend the walking tours. People with mobility issues, through the provision of walking aids and mobility scooters to access the tours and visitors and tourist to the town can also access the Tours</p> <p>Schools can access tours as part of the curriculum particularly focussing on the history of the weavers and architects for those learning about the heritage of the town.</p>													
7. Through attending our by monthly meetings there isn't another facility within our district that have the facility to accommodate everyone's needs. We have a steering committee that includes members of the local community and our committee of management where we discuss the needs and requirements of the older generation as well as people with disabilities.</p>							
6. Who Benefits From The Project?	<p>School children, adults and people with disabilities from the local area all have access to this club. We believe that our project will improve our facilities as we have already invested in new lockers and disabled toilet for people that are immobile to make visiting our club more comfortable however, we have been approached by Renfrewshire Leisure that are striving to allow people to reach their full potential and as a partnering Club we have achieved a Silver Award for our affiliation with the East Renfrewshire Sports Hub. Renfrewshire Leisure & Bowls Scotland have asked us to work with disabled adults & kids that require specifically a safe access and egress onto our greens for wheelchairs, which unfortunately we don't have, therefore with this funding we can provide the local community with a facility that they can come to enjoy our sport.</p>							
7. Fit with Local Partnership Priorities	<p>Reduce social isolation to promote health – runs programmes for adults including older adults and people with disabilities.</p> <p>Community Empowerment – The club involves local members of the community on their steering groups and monthly meetings. They work with the local sports hub and Renfrewshire leisure to develop and grow their club to meet the needs of local residents.</p>

3. Organisation Name	Renfrewshire Effort to Empower Minorities (REEM)
4. Amount Applied For	£2,216 (£8,865 in total from the 3 Paisley LPs and Renfrew LP)
5. Description Of Project	<p>REEM operates a Drop-In Centre, recognized within the community as an impartial access point. A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. Funding is needed to cover basic running costs.</p> <p>When various ethnic minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief.</p> <p>The project was initiated by a group of people who themselves went through a similar phase and are aware of the need.</p> <p>There are scheduled information clinics, in addition to staying open 5 days a week for people who need to be listened to one-on one. The centre serves as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to communicate at all. We provide some much needed training; including ESOL, job matters, & awareness on other issues, helping with housing, tackling racism, giving advice with Brexit and tackling isolation.</p> <p>We follow up with volunteers progression into training and work. Many users continue to feedback with updates when they go ahead to get jobs, get accommodation or increase their participation in the community in any other ways.</p>
6. Who Benefits From The Project?	<p>The ethnic minority service users will have a chance to engage within the wider community in Paisley and Renfrew. The project will help local BME communities and volunteers feel less isolated and more able to participate in the wider society and want to be part of it. Volunteers will receive training to allow them to develop their skills which will enhance their employability skills.</p>
7. Fit With Local Partnership Priorities	<p>This project will support social connections tackling isolation and promoting wellbeing both in local ethnic minority communities and in REEM's volunteers. It will also encourage skills swapping and resource sharing in communities.</p>

2. Project Name	Purchase of specialised gymnastics equipment – Fast track										
3. Organisation Name:	Storm Gymnastics										
4. Amount Applied For:	£6745 requested from Local Partnership. This is 100% Of the total cost of the project.										
5. Description Of Project	<p>Storm is committed to ensuring all gymnasts reach their full potential. Sadly, our elite squad have reached the highest level they can (Club) and cannot progress further without a vital piece of equipment.</p> <p>We desperately need a 'fast track' to allow gymnasts to attempt difficult complex skills needed for the next level (National).</p> <p>Renfrewshire is extremely poor in comparison to other local councils in terms of gymnastics facilities. Storm have secured their own purpose-built gymnastics facility to open on 18th March. The inclusion of a track would ensure Renfrewshire children now have fair opportunities to flourish at the highest levels.</p> <p>The fast track would be a vital inclusion for our Elite athletes who without it would be unable to progress any further in gymnastics. The track is a 12m long bouncy, soft raised surface which is required to allow elite athletes to attempt harder more complex skills which are needed for higher levels. Without the track, our elite athletes would be forced to remain at the same level with no further progress or development with most likely to quit gymnastics. All coaches have attended advanced training and are now ready to coach and develop gymnasts at the higher level.</p>										
6. Who Benefits from The Project?	<p>Storm Gymnastics have around 300 members who attend each week. This includes boys and girls from age 1 to 16 years. We have approximately 90 members who are part of our elite competition team and have been identified as highly talented.</p>

3. Organisation Name	PACE Theatre Company Ltd
4. Amount Applied For	£10,000 from Paisley North, West & Central (plus £5,000 from Paisley East)
5. Description Of Project	<p>The project will provide a new, sustainable community theatre space dedicated to promoting and developing theatre for children, young people and families - unique in Scotland. The new proposed venue would be dedicated to producing, receiving and promoting better access to theatrical productions for young people and families as well as promoting participation by young people aged 0-25 years old in performance and creative learning activities and developing the future generations of young artists.</p> <p>Research has shown that attending theatre performance can improve social bonding, raise aspirations, help children develop emotional intelligence, think imaginatively and give children the skills. Despite its high levels of area of deprivation, Renfrewshire has the highest number of young weekly participants in participatory drama and theatre activities in Scotland, accounting for 10% of all youth theatre participation in Scotland.</p> <p>PACE is looking to achieve our most ambitious project yet; the creation and renovation of a prime large scale site in Paisley town-centre adjacent to Paisley Gilmour Street train station into a theatre venue dedicated to children, young people and families. The project will involve bringing a mid-scale traditional main proscenium arch theatre with seating for around 350 people. In addition to this there would be a small scale flexible studio theatre and workshop with seating for a further 70-100 people. Our plans will also see us create a free community creative play space, where children and their families can learn and explore interactive art installations and know this is a venue for them. The spaces will be complemented by a family friendly café/bar facility with informal performance area and exhibition space for young visual artists and informal lending library of plays and books. The space will be fully accessible, autism friendly, and co-designed and developed at every stage with a group of young architects. We plan to offer an extensive programme for local schools as well as distribute at least 1000 free tickets every year. In addition will running a programme of artist development, including our young rep company and free rehearsal space for young emerging artists. The theatre would be available to community groups at reduced rates.</p> <p>This is phase 1 (enabling works for the building) of a larger £2.4m project.</p> <p>We would expect our Exchange theatre project to:</p> <ul style="list-style-type: none"> - Significantly increase access to and participation in the performing arts by young people of all backgrounds and address cultural inequalities - To develop training and opportunities for emerging theatre artists in Renfrewshire - Create a local community resource & hub for families and local arts organisations - To promote Renfrewshire nationally as a major hub for children and young people's theatre, with a reputation as a vibrant creative cultural centre and bring 40,000+ more people in Paisley

and Renfrewshire as a cultural visitor destination - Increase the educational opportunities for schools for theatre visits and workshops - Create a sustainable project with a lasting legacy and long-term impact that complements and supports existing local provision and services by working closely & collaboratively with partners and the community

4. Amount Applied For	£5,000 (Approx. 10% of overall costs)
5. Description Of Project	<p>Dates-n-mates Renfrewshire is the local branch of Scotland's national dating and friendship agency run by and for adults with learning disabilities. We specifically address social isolation and loneliness by providing local opportunities for members to connect, make friends and build meaningful relationships, thus improving health and wellbeing. Our monthly calendar of social events in and around Paisley offers a safe, inclusive environment for people to meet and socialise. Members practice bus journeys and improve their social skills. Over time their self-confidence and independence increase and members start going out more outside dates-n-mates. The project aims to ensure;</p> <ol style="list-style-type: none"> Adults with learning disabilities in Paisley : <ul style="list-style-type: none"> • have opportunities and support to make and sustain natural friendships and close personal relationships; • develop the skills and abilities to make decisions about, develop and sustain close personal relationships and friendships; • are better able to participate in the social, economic and cultural life of Renfrewshire. People in Renfrewshire have a wide range of rewarding volunteering opportunities which also increase their engagement with the local community. Improved social connection between people with learning disabilities and the wider community through a number of events organised in local amenities in Paisley and Renfrewshire. <p>August 2020 update:</p> <p>We hope that as current restrictions ease, we will be able to resume these face-to-face activities. However, since the imposition of the lockdown, dates-n-mates has developed a regular programme of online social activities and events to help our members and other members of the wider community retain the social contacts which are vital to the maintenance of good mental health.</p> <p>We wish to adapt the previous funding application to include this new way of supporting members. We have developed and piloted a 'friendship matching' process, matching people with others who have similar likes and interests to enable them to meet up in smaller groups very locally, rather than joining larger groups (our normal process).</p> <p>With this in mind, we want to implement a friendship matching service for our members in Renfrewshire to be piloted in August with wider roll-out from September. Our aim is to ensure that adults with learning disabilities in this ward have the opportunity to develop a very local friendship circle to support them at least until the current pandemic is over – and hopefully longer. We will seek to recruit and train 3-6 local volunteer chaperones to assist members with the initial 'getting to know you' phase of each small, local friendship circle and to help with</p>

safeguarding these vulnerable adults.

With this in mind, we would still ask for £5,000 as a contribution towards the costs of running dates-n-mates Renfrewshire this year.

6. Who Benefits From The Project?

Adults with learning disabilities – 692 in Renfrewshire.

Learning Disability Alliance Scotland's 2018 survey showed 80% of adults with learning disabilities feel lonely either sometimes (11%) or a lot (69%).

7. Fit With Local Partnership Priorities

5. Description Of Project	<p>Following a pilot scheme, completed in 2019 the scheme will become permanent in 2020. The project purpose is to provide a counselling service for children across Renfrewshire aged 5 -15 yrs to complement the already counselling services available at The Wynd.</p> <p>Between 1st March – 30th May 2019, 13 children have been supported as a result of this Play Therapy Pilot project. This pilot scheme established that Issues behind initial referrals have been due to, social isolation, bullying, social anxiety, bereavement, anger-management and social anxiety specifically due to a diagnosis of Autism. The pilot was funded by "Go for It" which established the need for this type of counselling.</p> <p>The Wynd centre has been running a nationally recognised Counselling service since The Centre was established in 1984 and there are already bespoke premises for this purpose. Additional funding is required to modify the premises and purchase equipment for this specific age group and engage part time staff responsible to the Counselling Manager. This area of activity will complete the total range of counselling services provided by nationally qualified Counsellors. Anticipated outcomes are to improve the Strength and Difficulties Scores (SDQs) and to increase the available spaces in order to reduce the current waiting list.</p>

2. Project Name	Renfrewshire Connected Champions Project
3. Organisation Name	RAMH
4. Amount Applied For	– £2,311 from Paisley North, West & Central
<p>The organisation applied for £13,868 funding from six local partnerships, excluding the Villages local partnership.</p>	
<p>5. Description Of Project</p> <p>Renfrewshire Connected Champions Project will take place between 21st May 2020 and 27th March 2021.</p> <p>The Connectedness Champions Project will raise awareness of social isolation and how to build connections in the community. Because loneliness is so personal, it's often seen as a private feeling, but we have learned that it is something that can be addressed.</p> <p>Between October 2017 and March 2018 ACUMEN and RAMH carried out research on social connectedness within Renfrewshire. The highest loneliness scores came from those who identified mental health problems as being a barrier to social connectedness.</p> <p>The research identified the importance of providing information on local services, including formal and informal peer support to build people's confidence in accessing services. The report went on to note that one of the key aspirations for individuals was to form relationships which were epitomised by 'greater intimacy' (more meaningful). This led to the creation of Renfrewshire Connectedness Champions Project.</p> <p>It's clear that loneliness affects children, young people and families in Scotland. In the past loneliness was sometimes seen as a problem for older people</p> <p>Within the identified Local Partnerships, we will deliver Generations Working Together Workshops</p> <p>with pupils, this allows them to discuss issues affecting them and take part in specialist-run workshops it is extremely important for young people to feel they have a voice and are included and empowered to look at social isolation the perceived stigma around loneliness and promote the concept of a supportive, non-judgemental community.</p> <p>RCCP will deliver the same themed workshops working with teachers.</p> <p>If we are to begin to tackle the issue of loneliness in children, young people and families in the community, then there is a role for each and every one of us.</p> <p>We want pupils to speak about their feelings, to feel they have a voice and are included and empowered to look at social isolation the perceived stigma around loneliness and promote the concept of a supportive, non-judgemental community.</p>	
<p>6. Who Benefits From The Project?</p> <p>Pupils who will be part of the workshops delivered by RAMH in Renfrew; Paisley North West & Central; Gleniffer; Paisley East; Johnstone & Linwood; Erskine, Inchinnan, Bishopton and Langbank will benefit from the project.</p>	

7. Fit With Local Partnership Priorities

The project fits with isolation and loneliness local priority as through this project pupils will be able speak about their feelings, feel that they have a voice and are included and empowered to look at social isolation the perceived stigma around loneliness and promote the concept of a supportive, non-judgemental community.

Application For Local Partnership Support 2020-21

1. Reference	FR1157							
2. Project Name:	Glencoats School Garden							
3. Organisation Name:	Glencoats Primary School Parent Council							
4. Amount Applied For	£1860							
5. Description of Project	<p>For many children, a garden offers the only chance to get close to nature. Some lack access to gardening spaces because of their living situations while others have limited exploratory free time in the outdoors due to the focus on indoor activities and participation in organized outdoor activities. School garden educators in urban environments frequently find their programs provide students' first opportunity to dig into the soil and watch a plant grow.</p> <p>Establishing a connection with nature at an early age is extremely important. Researchers discovered childhood experiences with nature are strongly linked to adult attitudes toward plants. They determined that participation in active gardening during childhood was the most important influence in explaining adult environmental attitudes and actions and concluded that even in urban areas where green spaces are limited, gardening programs for children can provide a strong enough connection to instil appreciation and respect for nature in adulthood.</p> <p>Establishing an intriguing outdoor environment will provide opportunities for pupils who require alternative educational programmes and contexts.</p>							
6. Who Benefits From The Project?	<p>Children attending Glencoats primary</p> <p>The school has identified a need to create different opportunities for children who are having difficulty coping in a classroom environment and would benefit from an alternative curriculum. As part of the schools ongoing Eco Schools work, it was also identified that the school garden had become very rundown, unmanageable and non-enticing for the children.</p>							
7. Fit with Local Partnership Priorities	<p>This project fits with the Greenspaces priority of Paisley North. Encourage children to be outdoors and learn about nature.</p> <p>This garden will provide another green space which contributes to both council and national priorities. The space would enhance both the school grounds and that of the local community of Ferguslie Park.</p> <p>The project also links to the Community Empowerment Project as parents will make have the opportunity to make links with other external organisations and have the potential to develop themselves and the local community.</p> <p>This garden space should provide opportunities for more community links with parents and other local organisations</p>

Practising conversational English during class and at our coffee break / during the lunch we provide after the workshop.</p> <p>Create a safe and nurturing group in their new community.</p> <p>Building relationships within the group and the local community, overcoming stigma and discrimination.</p> <p>Promote health and wellbeing by encouraging access to appropriate services.</p> <p>Encourage attendance at community-based events across Renfrewshire such as Paisley Book Festival, Mental Health Arts Festival, Doors Open day etc.</p> <p>Cultivating volunteers, building cross cultural relationships.</p> <p>Referring and signposting to other agencies, in order to move on to further fulfilling social, educational and occupational opportunities.</p>
6. Who Benefits from The Project?	Asylum seekers refugees and migrants living in Renfrewshire
7. Fit with Local Partnership Priorities	<p>Community Empowerment</p> <p>Reducing Isolation to promote Health</p> <p>We started Workshops in Paisley in May 2018. We were aware female asylum seekers isolated from their families and cultural communities, had a lack of fulfilling activities to participate in, and experience discouragement waiting for permanence and permissions to work or study in the UK. We realised how quick children picked up speaking English, but how it was far more difficult for mums who were at home with younger children and/or unable to work.</p> <p>The group continues to grow in numbers. From May 2019 - 2020 we have been part of the Scottish Refugee Council Sharing Lives Sharing Languages programme.</p> <p>In the last year we have seen great success in participants becoming more involved in other opportunities in the local community, and expressing improved mental health and greater confidence. Some participants are now taking on volunteer roles within our group and elsewhere. We are also developing volunteers to help with other practical needs such as applying for college, housing, changing utility companies etc.</p>

2. Project Name	Paisley Barbell Association									
3. Organisation Name:	Paisley Barbell Community Engagement Programme									
4. Amount Applied For: £ 3000 (60% Of total cost)										
5. Description of Project	<p>Paisley Barbell club would like to use funding to purchase powerlifting equipment. This would improve our member's technique, ability and to ensure that they are using regulation equipment. The equipment would enable the club to attract and develop more members. It will increase our ability to take powerlifting out into the wider community and hard to reach groups, including young females from deprived areas. Starting in Paisley, this would reach a large number of young people living in SIMD 1 & 2 who may lack access to affordable sporting opportunities. The aim of the club is to reduce barriers to participation. Currently we are at our maximum capacity and are operating a waiting list. The additional equipment will allow us to expand the sessions on offer in particular to 16-18 year olds as well as females.</p> <p>The grant would also allow us to provide suitable training for our volunteers and provide them with the confidence and knowledge to deliver sessions.</p> <p>We would aim to increase capacity by running sessions for our targeted groups: Women and youth lifters. It would also allow us to work with local groups and schools to provide workshop opportunities.</p>									
6. Who Benefits from The Project?	<p>The club is accessible to all, but this project particularly focuses on supporting female and youth lifters.</p>									
7. Fit with Local Partnership Priorities	<p>Reduce social isolation to promote health</p> <p>Community Safety</p> <p>The club aims to run additional sessions as well as workshops and educational seminars to bring groups of people together to participate safely in strength training. This will allow more people to connect and reduce social isolation. The club is also an active social environment allowing members to not only develop their physical but also their mental, emotional and social wellbeing. As one of the target groups is youth lifters, we believe this will provide activities which allow them opportunities at the expense of anti-social behaviour.</p>

4. Amount Applied For	£2,667 from Paisley North, West & Central
The organisation has applied for £8,000 funding in total to Paisley North, West & Central, Gleniffer and Paisley East Local Partnerships.	
5. Description Of Project	<p>Community Safe Haven will run between 1st April 2020 to 31st March 2021.</p> <p>The purpose of this application is to allow assistance in the overall running costs of the organisation in order to ensure that the current work being undertaken is continued which enables the longer term strategies to be progressed so that they impact on the lives of those involved.</p> <p>The excellent community work being undertaken has been carried out over many years and continues to develop with the needs and requirements of the community.</p> <p>Over the past year in particular, we have identified that there is a greater requirement for there to be a central 'safe haven' where people who suffer loneliness and isolation can come in to build relationships with other people who are in a similar position whilst developing personal and practical skills.</p> <p>We will run activities and planned sessions that will include various speakers who provide insight and advice on topics such as personal finance, IT skills, arts and crafts, along with details of services provided by other charities and groups that may be of further benefit to the members.</p> <p>The anticipation would be for Paisley YMCA to remain a "safe haven" for all age groups, community groups and vulnerable members of society.</p>
6. Who Benefits From The Project?	All age groups, community groups and vulnerable members of society from Paisley North West & Central, Gleniffer and Paisley East local partnerships will benefit from the project.
7. Fit With Local Partnership Priorities	The project meets local priority of tackling isolation and loneliness as it provides a space where people who suffer loneliness and isolation can come to build relationships with other.

3. Organisation Name Renfrewshire Access Panel
4. Amount Applied For £2,239.32 (same amount applied for from other six Local Partnerships)
<p>5. Description of Project</p> <p>The purpose of the Grant is to assist the Local Partnership meet the objectives they have set out for this year. This project will enable all members of the community to access all the services they require and enjoy the benefits of facilities in the local partnership. Our main priority is the disabled community but ensuring that the area is suitable for them, we include other age groups such as the elderly, children learning to walk and even people with sports injuries and so many more. Renfrewshire Access Panel would like to ensure that everyone in the community is included to reduce isolation and loneliness. We would also like to ensure that the members of the local partnership are able to read and interpret plans for future meetings so that the best possible changes are made to any renovation or new build in the community ensuring all the current buildings and venues are used to there full potential.</p> <p>The need for the project has been established by the concerns of the Local Area Partnership and we will assist in anyway we can to ensure safe travel for everyone. We will assist with sourcing accessible play equipment for all children and auditing the parks, pavements and roads for any repairs. We also provide work experience for children from mainstream and additional needs schools as well as adults returning to work by providing volunteering opportunities for them. We have also identified that a lot of the disabled community have little or no access to technology which we can provide training for and we will provide this training for any member of the community.</p> <p>We will provide access audits/surveys to ensure spaces are safe and meet the requirements for accessibility ensuring they are safe to walk/wheel on by working with Renfrewshire Council to ensure roads and pavements are repaired. We will also provide advice on the best accessible play equipment for unused green spaces to ensure disabled children can play safely and interact with other children. We will provide training and work experience for both children and adults on technology along other training courses we provide and offer volunteering opportunities for anyone in the community. We will continue to work with transport providers to ensure the best possible service can be obtained.</p> <p>We would also like to offer training to the Local Area Partnership on reading and interpreting plans to ensure everyone is fully aware of the process and implications.</p>

5. Description Of Project	<p>To arrange activities and events aimed at promoting Black History Month among ethnic minorities and the wider community in Scotland to create awareness about black history month and organise different activities in Renfrewshire schools.</p> <p>When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. REEM will arrange activities and events aimed at promoting Black History Month among ethnic minorities and the wider community in Renfrewshire organizing workshops in Renfrewshire schools promoting Black History Month and also organising activities that will lead up to the event in November.</p> <p>The ethnic minorities will have a chance to engage within the wider community. 3. Organisation Name	Oakshaw Trinity Friendly Hour
4. Amount Applied For	£375
<p>The group has also applied for funding to Renfrew, Johnstone & Linwood and Paisley East local partnerships.</p>	
5. Description Of Project	<p>Oakshaw Trinity Friendly Hour – Transport will take place between 6th October 2020 and 4th May 2021.</p> <p>The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop their friendships. Entertainment and social activities are provided on a weekly basis from October to May.</p> <p>Entertainment includes children from a Nursery, 2 Primary and 1 Secondary Schools, as well as entertainment provided by Adults. We also have the Community Police and Musical Exercises Members also have a much-appreciated cup of tea or coffee and goodies.</p> <p>The programme includes a Christmas Lunch and an Annual Outing.</p> <p>The Committee identified many members would be unable to attend our weekly meeting without provision of transport. Many of our members live alone and the Friendly Hour is the only time they may see other people. It gives them the opportunity of mixing socially, allowing them to chat and at the same time give them some entertainment avoiding an afternoon of loneliness and isolation. Our average age is over 85 and many are quite infirm. There is a greater need for these people to be transported to a happy and lively environment for a few hours on a weekly basis. By providing transport we are reaching out to people in the communities who may not be able to get out – in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship and fellowship. We must remember that many people experience loneliness and isolation and many don't have the opportunity for conversation. They welcome the joy of sharing a story or a sing-along and hearing news from the communities.</p>
6. Who Benefits From The Project?	<p>The project will benefit men and women over the age of 60 from Gleniffer, Renfrew, Paisley North West and Central and Paisley East local partnerships.</p>
7. Fit With Local Partnership Priorities	<p>The project meets local priority of tackling isolation and loneliness as it will provide an opportunity for group member's to have transportation to and from the Friendly Hour meeting where they are able to mix socially, chat and at the same time experience some entertainment avoiding an afternoon of loneliness and isolation. In this group many form friendships and fellowships.</p>

5. Description Of Project	<p>The purpose of this project is to work in partnership with Active Schools to benefit the health and wellbeing of our pupils and families at St James' PS.</p> <p>Our aim is to do this through physical activity and mindfulness during extra-curricular clubs at: Breakfast, lunch and after-school. These sessions would be led by sports coaching professionals and will allow our pupils to engage in free sporting sessions; as well as blending in family sports sessions in a fun, safe and inclusive school environment.</p> <p>As a school we strongly believe that Health and Wellbeing is at the forefront of a healthy life, which in turn helps to tackle a multitude of health issues that are on the rise such as: low mental health and obesity. We would like to use this project to promote healthy choices and behaviours among both children and parents. This will give them the best possible chance of sustaining good health throughout their lives.</p> <p>Our partners at Active Schools track our pupils by using a 'Extra Curricular Pupil Survey Data Tracker' the idea of this tracker asks parents how much physical activity does your child participate in a week: 0-3 hours (inactive/Red) 3-7(inactive/amber) 7+(active/green) and is then collated onto a spreadsheet which highlights clearly which individuals are inactive-active.</p> <p>Around 50% of the pupils in our primary school were surveyed as a 'Red Inactive' when asking the pupils and parents how could we boost physical activity levels the pupils suggested a variety of sports as well as parent & pupil sessions, which has given us the incentive to apply for this funding in the hope that we can use the school and our partnership to promote a positive and healthier community.</p>

2. Project Name	Cèilidhean air Chuairt 2020 // Ceilidh Trail 2020
3. Organisation Name	Fèis Phàislig
4. Amount Applied For	£527.25 from Paisley North, West & Central Local Partnership
The group has applied for £527.25 from each of the 7 Local Partnerships.	
5. Description Of Project	<p>The project will take place between July and August 2020.</p> <p>The Cèilidh Trail is an annual project providing young musicians (aged 16 - 25) the opportunity to develop skills in traditional Gaelic music and experience life as a touring musician. A group of 10 young musicians have already been auditioned, and six of these have been selected to take part in the 2020 Ceilidh Trail Tour.</p> <p>In June, the group of participants will come together for 2 days with local experts to research and learn local songs relating to the Renfrewshire area. This will take place in Paisley</p> <p>The group will attend a training week in Plockton in July for a week of rehearsal and to learn skills such as setting up a PA, sound checking, advertising gigs and live-streaming so that they can reach a wider audience.</p> <p>Then, throughout two weeks in August, they will tour the Renfrewshire area, playing concerts to large audiences but also in care homes and to smaller audiences, helping share songs and music throughout the entire community.</p> <p>The tour will give the musicians a chance to learn about their cultural heritage and to celebrate the language, music and culture of Scotland and share it with communities in Renfrewshire.</p> <p>Since starting in 2014, Fèis Phàislig has been growing a group of committed and very talented young musicians who are ready to get out and share their talent with their local communities. The Ceilidh Trail gives them a brilliant opportunity to experience life as a professional musician and allows them to develop their performance skills. The musicians are paid for being part of the project, removing any financial barriers to access and giving the participants their next step into a career in music.</p> <p>August 2020 Update:</p> <p>The Fèis Phàislig Ceilidh Trail is no longer able to proceed with the current restrictions in place. Our summer tour planned across July-August was cancelled in early May once it became clear that Covid-19 was not going to allow our young musicians to perform. Our auditions and recruitment phase had already taken place and the six young musicians who were given a place on the tour have already had their places confirmed for our 2021 project.</p> <p>The amended amount is £527.25 and will help the organisation cover the costs incurred through our recruitment process:</p> <ul style="list-style-type: none"> • Audition Panel Fees + Expenses = £213 • Venue Hire (Wynd Centre) = £90 • Coordinator Fee + Expenses = 224.25
6. Who Benefits From The Project?	

A group of 6 musicians aged 16-25 years of age will benefit from this project as The Ceilidh Trail will give them a brilliant opportunity to experience life as a professional musician and allow them to develop their performance skills. In addition, communities and care homes will benefit from this project as the musicians will be on tour across Renfrewshire for 2 weeks in August.

7. Fit With Local Partnership Priorities

Community assets

The Ceilidh Trail group will focus on visiting community centres within the local partnership area to deliver performances to those who may otherwise not have access to traditional music and Gaelic. Fèis Phàislig committee is led by a team of volunteers and is always looking for new members and support across our events. Through live performances and raising awareness of Fèis Phàislig, it is hoped to welcome new volunteers and helpers with a passion for traditional music from within the local partnership area.

Isolation and loneliness

The project will provide participants with the opportunity to make new friendships in an enjoyable and safe environment, working alongside professional artists and creative adults. The group will also help to tackle social isolation within Gleniffer by delivering performances to those who may otherwise not have access to music including care homes and day centres. We will also continue to work with other local organisations out-with the summer tour dates to provide further opportunities for live music.

8. Breakdown of Costs

Note: Updated to £3,690.78 in total in August 2020 update.

The total cost of the project is £13,954. The group has applied for funding to all 7 Local Partnerships. They are applying for £4,984 in total across 7 Local Partnerships with £712 from each.

The cost of the project will be balanced through secured and unsecured funding.

5. Description Of Project	<p>Paisley and District U3A for You project will take place between March 2020 and December 2020. In June the U3A UK wide is holding a communications day. Paisley & District want to celebrate this day and make known what your local U3A has to offer semi/retired Citizens. We want to highlight the amazing and diverse things that our members get up to and challenge preconceptions of what being an older adult means. We want to broaden the appeal of U3A to encourage wider participation across Paisley and District and in so doing reduce social isolation.</p> <p>During the last 6 months we have gained a number of new members who had only just heard about us from friends, through the local press or had been prescribed to attend by their GP. Several of our members wished they had come sooner as they had missed out on interesting talks, trips and group events.</p> <p>Whilst we had undertaken some promotion over the last 2 years there was clearly more required and an obvious need to attract more men to our organisation.</p> <p>The funding will give us an opportunity to expand our membership.</p> <p>It will give our existing members an opportunity to showcase their skills and explain the benefits of belonging to U3A.</p> <p>It will address social isolation for older people by inviting them to join our organisation and becoming involved in our diverse range of activities such as Garden Gang, Architecture and “On your Own” groups.</p> <p>We would like to put together a short promotional film to shown at our monthly meeting in June, following a pop-up event in Paisley town centre to celebrate U3A day.</p> <p>It will then be available on our website.</p>
6. Who Benefits From The Project?	Semi/ retired Renfrewshire citizens will benefit from the project.
7. Fit With Local Partnership Priorities	The project meets local priority of “isolation & loneliness” as it will address social isolation for older people by inviting them to join our organisation and becoming involved in diverse range of activities such as Garden Gang, Architecture and “On your Own” groups.
8. Breakdown of Costs	

The total cost of the project is £3,450. The group also applied for £2,700 in total across 5 local partnerships. The group is applying for £700 from Gleniffer Local Partnership.

2. Project Name	Brediland hall running cost, offshore costs, door replacement, Nest thermostatic unit cost and fire/burglar alarm
3. Organisation Name	Paisley Sea Cadets/Brediland Hall
4. Amount Applied For	£495 from Paisley North, West & Central
5. Description Of Project	<p>To ensure the survival of the Sea Cadets and the hall. To allow the hall's continued service to the cadets present and future whilst maintaining the community centre for use by the sea cadets, youth groups and for the local community. The aim is to increase the morning and afternoon usage of the hall 7 days per week. So far, the hall has been managed exclusively by the Sea cadets. However, sea cadet funds are limited which has held back development of the hall. The organisation is looking to get more input from other groups using the hall as well in reaching out to the local community for support and increased usage.</p> <p>The running cost of the centre is significant to us and is in the main funded by fund raising events - bag packing, donations, sponsored events and cadets' subscriptions etc. Receipt of this grant will take the pressure from staff and cadets and allow more time to be devoted to cadets' development.</p> <p>Cadets gain experience in a range of activities not only related to sea- and water-going skills but also related to leadership, teamwork and self-confidence. Sea cadets aim to provide our young people with opportunities they might otherwise not have. They also learn about their impact on the community and the importance of giving back through local fundraising activities and participation. Young people work through Unit-based skills and training. Cadets do archery, meteorology, engineering, first aid, cookery, swimming, football etc in the unit and at district/national level. They gain nationally recognised RYA Qualifications. Many go on to be instructors and use these qualifications for career enhancement.</p>
6. Who Benefits From The Project?	Young people and adults involved in the cadets, plus the wider local community through increased access to the Hall.
7. Fit With Local Partnership Priorities	This project should contribute to supporting social connections through allowing a space for groups to come together.
8. Breakdown of Costs	<p>£495 from Paisley North West & Central</p> <p>The group have applied for funding from Gleniffer £5933 with the remaining £2967 split between 6 areas. Each of these 6 LPs will be asked for £495.</p>

2. Project Name	Danny Kyle Week (7-13 September) A week of music to commemorate the life and work of one of Paisley best known and loved musicians Danny Kyle
3. Organisation Name	Loud n Proud
4. Amount Applied For	£4,083 from Paisley North, West & Central £12,250 applied for in total from Renfrew, Paisley North, West & Central and Paisley East.
5. Description Of Project	<p>Danny Kyle was one of the best-known and most-loved characters on the Scottish folk music scene and was inducted into the Scottish Traditional Music Hall of Fame. Strangely, Paisley has never done any more than name a stage after him.</p> <p>Loud n Proud have spoken to Local venues, music organisations and musicians. Celtic Music Radio have been consulted as well as The Paisley Express and Danny's family who all offer support. We have spoken to members of the now defunct Paisley Attic Folk Club who have offered support in shaping the event to ensure it has a 'Danny' feel to it. (This is something we want to re-establish)</p> <p>There will be a series of events running for a week which will be an eclectic mix of music performances, workshops and open stages.</p> <p>At festivals, Danny frequently established what he called Geezabreak clubs, to encourage emerging performers. This theme will be included in the programme to celebrate Danny's ethos of finding new talent. There will be a mixture of arts events including Music, Art, Dance, Drama and Food in a number of venues throughout Paisley and Renfrew.</p> <p>We anticipate the event will play a part in the regeneration of Paisley and will receive wide & positive publicity. It is hoped that the event will, become an annual festival; will attract visitors to the town; will increase footfall, attracting people to local pubs, restaurants and nightclubs.</p> <p>The project will keep the legacy, history and music of Danny Kyle alive for future generations and hopefully inspire them to be an active member of the community as Danny was. Ticket sales, social media, face to face contact with audience members and traders will gauge success.</p>
6. Who Benefits From The Project?	Local residents and businesses, particularly those interested in traditional music.
7. Fit With Local Partnership Priorities	This project may contribute to bringing the town centre to life and maximising economic impact, if the events can include Renfrew. It may also contribute to strengthening social connections.

5. Description Of Project	<p>Our aim is to reduce our carbon footprint by reducing energy costs and insulating our building and have an essential role in achieving the transformational change to a sustainable future.</p> <p>BACKGROUND</p> <p>We recently took over The Bungalow an iconic and historic music venue in the heart of the town and changed it from private ownership to a community venue.</p> <p>In general, the building is in a good state of repair but heating and insulation is in a poor state. The boiler is 20 years old and only services 4 radiators. 2 radiators have not even got pipes running to them. To heat the building 5 electric heaters are being used and are proving to be inefficient and costly. The loft is partially insulated and the entry doors lose energy.</p> <p>The need has been identified by comments and feedback from user groups and customers who find seated events such as singer song writers, spoken word and jazz etc uncomfortable. Older users especially suffer from the low temperature.</p>

3. Organisation Name	Phoenix Flyers Dog Agility Club																
4. Amount Applied For	£570 from Paisley North, West & Central Local Partnership.																
<p>The group has applied for funding to all 7 Local Partnerships. They are applying for £3,985 in total across 7 Local Partnerships with £570 from each.</p>																	
5. Description Of Project	<p>We are the only agility club within Renfrewshire that has permit to host kennel club shows and thus represent the West of Scotland within the greater dog agility community. The Kennel Club have introduced new standards for agility equipment to benefit canine health and safety. It is essential that we have equipment that meets these standards to host kennel club shows, maintain a safe training environment and provide affordable training to current and prospective members. Last year, the Kennel club announced a new standard for several pieces of equipment to be introduced this year and next year, including jumps and the dog walk. For the health and wellbeing of the dogs, heights for the jumps and dog walk have been lowered. We require new equipment to meet these standards while keeping our fees affordable.</p> <p>New equipment will allow us to host Kennel Club shows and train more safely. We will obtain quotes from agility suppliers for equipment that meets the new Kennel Club regulations. In addition, we will recruit local trade people to adjust our current equipment, thereby helping to keep our fees affordable and supporting local business.</p> <p>An anticipated outcome for the project is that we can hold Kennel Club shows in September, thereby representing Renfrewshire within the greater dog agility community.</p>																
6. Who Benefits From The Project?	<p>The project will benefit dog agility community in Renfrewshire & Greater Glasgow.</p>

9. About The Organisation	<p>The group was established in 2011 and has a charitable status. It was established in 2011.</p>																

Our members are primarily educated in dogs health and safety, basic dog obedience and hygiene for their particular pets as well as being encouraged to support the wider dog community by setting an example in aspects such as noise, dog fouling and general dog behaviour. Handlers are taught the skills of dog agility, which is an inclusive hobby that bridges all age groups.

As a hobby it benefits handlers by predominantly being an outdoor healthy activity that promotes companionship between members. There are also proven benefits of regular contact with dogs to the mental wellbeing of individuals.

The group has 25 members.
