**Heading: Review of Renfrewshire Community Planning Partnership
Governance Arrangements**

1. Summary

- 1.1 Renfrewshire Community Planning Partnership is revising its governance arrangements in order to reflect the requirements of the Community Empowerment Act (Scotland) 2015 and changes that have emerged over the last three years to partnership working structures in Renfrewshire.
- 1.2 Proposals for new Renfrewshire Community Planning partnership governance arrangements have been submitted to Renfrewshire Community Planning Partnership Board on 7 December 2016. The full proposals are attached at Appendix 1.
- 1.3 Key features of the revised governance proposals are as follows:
 - Establishment of a CPP Oversight Board to provide enhanced Elected Member challenge and scrutiny to partnership working arrangements and performance
 - Establishment of a CPP Executive Group to drive partnership working focused on the working of community planning to improve outcomes and reduce inequalities
 - Changes to the structure of the existing Thematic Boards to establish five Boards; Renfrewshire Economic Leadership Panel; Public Protection Chief Officers Group; Empowering Communities; Improving Life Chances and Health and Social Care Partnership – Strategic Planning Group.

2. **Recommendations**

2.1 It is recommended that Council:

- a. Agree the proposed governance structure for Renfrewshire Community Planning Partnership as outlined in Section 5 and Appendix A.
- b. Note that officers will work with partnership organisations to plan for the implementation of the new arrangements in the second quarter of 2017.
- c. Agree that a review of the arrangements for community level governance, including local area committees, will be undertaken, and that community planning partners will be consulted as part of this process.

3. **Background**

- 3.1 Current community planning governance arrangements have been in place in Renfrewshire since 2013, with a well established structure of a Community Planning Partnership board and thematic boards in place to drive and strengthen partnership working across the priority areas identified with Renfrewshire Community Plan and Single Outcome Agreement. As recently reported to the Partnership Board in September 2016 through the 3 year performance progress report, there is clear evidence that partnership working through community planning is making a positive difference to local people.
- 3.2 It is recognised however that the partnership landscape has evolved since 2013. For example, local health and social care services have been brought together to form a Health and Social Care Partnership, a new Public Protection Chief Officers Group has been established and, significant programmes of partnership working have been taken forward in relation to the Tackling Poverty Programme, the bid for UK City of Culture 2021 and the Glasgow City Region City Deal with others planned in relation to economic regeneration. Strategic Partnership Agreements have also been formally signed between Renfrewshire Council and the University of the West of Scotland and West College Scotland, recognising the maturity of partnership working that exists between these organisations.
- 3.3 Significant statutory changes have also been introduced through The Community Empowerment (Scotland) Act 2015. These require community planning partnerships to review existing governance structures and processes, strengthen the involvement of statutory partners and local communities and, ensure there is more focus on joint working to reduce inequalities. Recent draft guidance issued by the Scottish Government suggests that “effective community planning focuses on where partners’ collective efforts, can add most value for their local communities, with particular emphasis on reducing inequalities”.

- 3.4 In response to this changing landscape, a review of existing community planning governance arrangements has been undertaken by Renfrewshire Community Planning Partnership Board over the past 6 months. Led by the Head of Policy and Commissioning within Renfrewshire Council, the review considered the views of key stakeholders including members of the Partnership Board, conveners of the thematic boards, lead officers within the Partnership and Engage Renfrewshire as the third sector interface organisation for Renfrewshire.
- 3.5 The stakeholder feedback highlighted the need for the existing governance structure to be significantly streamlined to ensure the time invested by partners was focused on joint strategic priorities and build in flexibility to adapt to new strategic priorities as they emerge. Feedback also highlighted the need to achieve a better balance across partner organisations in relation to the allocation of lead roles for the development and oversight of work programmes aligned to the shared community planning partnership priorities.
- 3.6 A common view expressed by the conveners within the thematic boards, was that it was often difficult to gain an appropriate level of oversight between the thematic boards and make appropriate linkages between areas of work.
- 3.7 Following consideration of the findings of the review, a proposed revised governance structure has been developed in consultation with community planning partners. The proposed structure will require a degree of change to existing structures, utilising all appropriate opportunities to streamline and refocus existing partnership activities, groups and formal structures. The revised structure proposed will facilitate enhanced political scrutiny and strategic leadership through the establishment of a Community Planning Oversight Group chaired by the Leader of Renfrewshire Council, with a Community Planning Executive Group chaired by the Chief Executive of Renfrewshire Council
- 3.8 It is proposed that Council officers will work with partners to plan for the implementation of the new arrangements in the second quarter of 2017.

4. Current Structure

- 4.1 The Community Planning Partnership is led by Renfrewshire Community Planning Partnership Board which is chaired by the Leader of Renfrewshire Council. Six thematic boards report to the Partnership Board, chaired by the conveners of linked policy boards e.g. Housing and Community Safety, Environment Policy Board, Finance and Resources, Economy and Jobs and Education and Children policy boards and the chair/vice chair of the Integration Joint Board.
- 4.2 Since 2013, a number of partnership groups or boards have been established in response to new or emerging priority areas of activity such as the Tackling Poverty Programme, the Paisley for UK City of Culture 2021 bid and the Glasgow City Region City Deal, with others planned in relation to economic regeneration. The integration of local health and care services to form

Renfrewshire Health Social Care Partnership and the Integration Joint Board, has also impacted existing community planning structures with some degree of overlap being experienced with the focus of the existing thematic boards.

- 4.3 Strategic Partnership Agreements have also been formally signed between Renfrewshire Council and the University of the West of Scotland and West College Scotland, recognising the maturity of partnership work that exists between these organisations.
- 4.4 In addition, in 2015 the Community Empowerment (Scotland) Act was also passed which requires community planning partnerships to review and update planning and governance arrangements which maximise the potential benefits of the provisions of the legislation.
- 4.5 The Act places community planning on a statutory footing and clarifies its purpose as being to improve outcomes and reduce inequalities. It widens the number of statutory partners that should be involved in community planning as follows:
 - Local authority (Renfrewshire Council)
 - Health Board (NHS Greater Glasgow and Clyde)
 - Scottish Enterprise
 - Police Scotland
 - Regional College (West College Scotland)
 - Regional Further and Higher Education body (University of the West of Scotland)
 - Scottish Fire & Rescue
 - Scottish Environment Protection Agency
 - Scottish Natural Heritage
 - Regional Transport Partnership (Strathclyde Partnership For Transport)
 - Integration Joint Board (Renfrewshire Health and Social Care Partnership)
 - Historic Environment Scotland
 - Scottish Sports Council (Sportscotland)
 - National Park authority (not applicable in Renfrewshire)
 - VisitScotland
 - Skills Development Scotland
- 4.6 The 2015 Act also requires Community Planning Partnerships to:
 - Prepare and publish a Local Outcomes Improvement Plan (LOIP) which sets out the local outcomes which the Community Planning Partnership will prioritise for improvement by October 2017
 - Identify smaller areas within the local authority area which experience the poorest outcomes, and prepare and publish locality plans to improve outcomes on agreed priorities for these communities (the outcomes prioritised for improvement in a locality plan may differ from those in the Local Outcomes Improvement Plan) by October 2017.

- 4.7 Recent draft guidance in relation to the Act indicates that “effective community planning focuses on where partners’ collective efforts, can add most value for their local communities, with particular emphasis on reducing inequalities”.

5. Review of community planning arrangements

- 5.1 In light of emerging policy priorities and subsequent need to streamline new and existing partnership arrangements, a review of existing community planning governance arrangements has been undertaken by Renfrewshire Community Planning Partnership Board over the past 6 months.

- 5.2 Led by the Head of Policy and Commissioning within Renfrewshire Council, the review considered the views of key stakeholders including members of the Partnership Board, conveners of the thematic boards, lead officers across the Partnership and Engage Renfrewshire as the third sector interface organisation for Renfrewshire.

- 5.3 The key findings based on the views of stakeholders can be summarised as follows:

- There is a shared recognition that partnership working is strong and mature in Renfrewshire and is making a difference to local people.
- Whilst partnership working was felt to be strong, most stakeholders suggested that further work needed to be done to widen out ownership of specific initiatives or priorities, in order that other community planning partners could assume the lead role as opposed to the Council. The preparation of a new Renfrewshire Local Outcome Improvement Plan by October 2017 provides an opportunity to refresh priorities and partner lead roles
- Significant time and resource pressures are being experienced by all partners and there is an increased need to maximise strategic value for all partners from the time invested in community planning
- The partner and governance landscape has changed (Integration of health and social care services, Public Protection Chief Officers Group, 2021 UK City of Culture bid, Tackling Poverty) and there is an increasing need to avoid duplication of activity across thematic boards and other governance structures.
- Conveners of the thematic boards noted that it was challenging in their role to have oversight of the range of activities being progressed across the Partnership and to identify links and more opportunities for cross working between Thematic boards
- A recognition that there is limited pooling of budgets or joint investments around community planning priorities and that there were felt to be opportunities to explore this further should new governance arrangements support this.

- 5.4 In response to the findings of the review, officers have worked with community planning partners to develop proposals for revised community planning

governance arrangements. Implementation will require a significant degree of change to existing structures, utilising all appropriate opportunities to streamline and refocus existing partnership activities, groups and formal structures.

- 5.5 The establishment of a Renfrewshire Community Planning Oversight Group provides an enhanced strategic role for Elected Members to scrutinise, challenge and inform the work of Renfrewshire Community Planning Partnership. In line with the feedback provided by the conveners of the current thematic boards, it will allow elected members to have strategic oversight across the breadth of community planning activities. The Oversight Group will be chaired by the Leader of Renfrewshire Council, with the conveners of the Education and Children, Economy and Jobs, Environment Policy Board, Finance and Resources, Housing and Community Safety Policy Board and the chair/vice chair appointed to the Integration Joint Board. A place will also be allocated to an elected member from the opposition.
- 5.6 Under the new arrangements, a Community Planning Executive Group would be established comprised of Chief Executive level officers from across the Partnership, strengthening the connection between policy direction and resourcing and promoting shared leadership in the development of the Local Outcome Improvement Plan and Locality Plans, as required in the Community Empowerment (Scotland) Act 2015.
- 5.7 Under the new structure, the community planning groups will be amended to incorporate existing and emerging partnership arrangements where appropriate and to provide greater strategic focus and reduce duplication, recognising that some groups will maintain their own independent status outwith the formal community planning structure. The three groups shown below fall into the latter category and take forward the remits of the existing Safer and Stronger, Jobs and the Economy and Community Care, Health and Wellbeing thematic boards. Appropriate links will be developed between these and the Executive Group within the new structure:
- Economic Leadership Panel
 - Renfrewshire Health and Social Care Partnership Strategic Planning Group
 - Public Protection Chief Officers Group
- 5.8 Further proposed changes include:
- The Forum for Empowering Communities will continue, but be given an enhanced role in order to maximise opportunities for engaging with communities emerging from the Community Empowerment Act 2015.
 - An Improving Life Chances group will be established to take forward the remit of Children and Young People and Tackling Poverty Steering Group.
 - The work programme of the Greener Thematic Board will be mainstreamed across the work of the other groups, ensuring that the

positive contribution of the board and its sub group is recognised and continued where appropriate.

- 5.9 It is proposed that the Forum for Empowering Communities and Improving Life Chances groups are chaired by senior officers within partner organisations, significantly extending and sharing the leadership role for community planning to other community planning partners, as is intended within the 2015 Act. If appropriate, the membership of the other linked groups referred to in para 5.7 will be considered in light of the changes being proposed and adjusted in accordance with their existing decision making processes.
- 5.10 Work will be carried out during the first 6 months of the 2017 with CPP partners to finalise the detail of the new arrangements and ensure they are implemented in the second quarter of 2017. This will aim to ensure that the significant achievements, priorities and momentum of the existing thematic boards are carried forward into the new arrangements.

6. Community level governance

- 6.1 Feedback on the mechanisms for community level input to governance arrangements, including the operation of the Council's local area committees, was also provided during the review and this highlighted the potential for changes to be made which would strengthen local community involved in the community planning process, as required by the Community Empowerment Act 2015. Subject to the approval of new governance arrangements for community planning as set out in this report, it is proposed that a subsequent review of community level input to CPP governance arrangements should also be carried out by the Council's Head of Policy and Commissioning to explore this opportunity in consultation with community planning partners.
