Also in Attendance

C O'Byrne (Renfrewshire Health & Social Care Partnership); I Cunningham, (Engage Renfrewshire); and M Cruikshank (Renfrewshire Access Panel).

1. Welcome and Introduction

Councillor McNaughtan opened the meeting by extending a welcome to all Local Partnership members and members of the public who were present. He invited those members and officers present to introduce themselves and for officers to advise on their role within the Partnership.

DECIDED: That the information be noted.

2. Membership of Local Partnership

Information was provided on the situation with Gallowhill where the Community Council was inactive. Councillor Paterson advised that he had spoken to and planned to meet with a member of Gallowhill Tenants' Association in May 2019 with a view to this person joining the Local Partnership as a member representing the Gallowhill area.

DECIDED: That further information regarding representation for the Gallowhill area be provided at the next meeting of the Local Partnership.

3. Appointment of Vice-chair

The Chair advised that a decision on the appointment of a Vice-chair for this Local Partnership required to be made.

Margaret Dymond seconded by Councillor Paterson moved that John Wilby be appointed as Vice-chair.

Mike Dillon seconded by Councillor John McIntyre moved as an amendment that John McIntyre be appointed as Vice-chair.

On a vote being taken nine members voted for the motion and two members voted for the amendment. The motion was accordingly declared carried.

DECIDED: That John Wilby be appointed as Vice-chair of the Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership.

4. Minute of Previous Meeting

There was submitted the Minute of the meeting of the Local Partnership held on 24 January 2019.

DECIDED: That the Minute be approved.

5. Code of Conduct/Register of Interests

The Head of Corporate Governance provided members with information relative to the Code of Conduct and Register of Interests and emphasised the important role community representatives had which included making decisions regarding public money. Members of the Local Partnership were invited to adopt the Code of Conduct and Register of Interest and asked that views on this be submitted to the Head of Corporate Governance prior to the next scheduled meeting of the Local Partnership which was scheduled to be held in June 2019, when a decision on the Code of Conduct and Register of Interest would be agreed.

DECIDED: That views on the Code of Conduct and Register of Interests be submitted to the Head of Corporate Governance prior to the next scheduled meeting of the Local Partnership in June 2019, when a decision on the Code of Conduct and Register of Interests would be agreed.

6. Key Local Priorities

Members were provided with information by Community Planning specific to the Local Partnership which included area population, income, population density, care homes, education establishments and health resources.

Engage Renfrewshire provided information on areas for improvement and positive feedback based on local consultation which would assist members in setting key local priorities. Engage Renfrewshire also informed of ways in which they as an organisation supported local groups and identified offering training, funding support, social enterprise support, financial services and supporting volunteering, as examples.

Based on the information provided members were asked to work in groups to set priorities for the Local Partnership area. Following group discussions the following were identified as the priorities which should be set for Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership:- Social Isolation (health, intergeneration, access); Green Spaces (develop and maintain, healthy activities, improve mental health, group activities/exercise); Community Empowerment (develop local groups, how to encourage more, support available for groups, sustainability of funding, long term support) and Community Safety (CCTV, public realm, lighting, transport, dog fouling, roads/pavements).

DECIDED: That Social Isolation, Green Spaces, Community Empowerment and Community Safety be approved as the local priorities for Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership.

7. Local Partnership – Future Arrangements

DECIDED: That the next meeting of the Local Partnership be held in Council Chambers within Renfrewshire House at 6.00pm on Wednesday 19 June 2019.

TITLE:
Local Partnership – Business Arrangements

1. Summary

- 1.1 In response to the call for suggestions for alternative names and venues for meeting for the Local Partnership, no responses were received.
- 1.2 The Youth Challenge element of Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership funding will be agreed through a Participatory Budgeting exercise for young people that will take place during August and September 2019. The outcome will be reported to the next meeting of the Local Partnership in November 2019.
- 1.3 A community conference event for Paisley North, Gallowhill, Ferguslie and Paisley West & Central will take place during September/October 2019. The next meeting of the Local Partnership will take place in November 2019. The date and venue of the conference and the Local Partnership will be notified to Local Partnership members in June 2019.

2. Recommendations

- 2.1 It is recommended that Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership:
 - (a) Agree the name of the Local Partnership.
 - (b) Note the arrangements for the Youth Participatory Budgeting exercise and informing local members of conference and Local Partnership arrangements for Paisley North, Gallowhill, Ferguslie and Paisley West & Central in autumn 2019.

- (c) Consider completion of a Register of Interests by members of Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership.

3. Key Issues For Consideration

Name of Local Partnership

- 3.1 Members of Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership were invited at the meeting on 20 March 2019 to submit by 7 May 2019 suggestions for the name of the Local Partnership. No further suggestions were received.

Venues and Schedule of Meetings

- 3.2 Members of Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership were invited at the meeting on 20 March 2019 to submit by 7 May 2019 suggestions for suitable venues for meetings. No further suggestions were received.
- 3.3 Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership agreed at its meeting in March 2019 that a conference event would be held in the area in order to engage with community groups, voluntary organisations and members of the public who are not represented formally on the Partnership. This conference will take place during autumn 2019. The next meeting of the Local Partnership will take place in November 2019.

Youth Challenge Funding

- 3.4 Each Local Partnership receives a proportionate share of the Youth Challenge budget, which funds projects and activities benefiting young people up to age 25. The Youth Challenge element of the Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership budget will be allocated through a Youth Participatory budgeting exercise, where young people in the area vote for the applications that they want to see funded. This will be the same for all Local Partnership areas.
- 3.5 Participatory Budgeting means that the people who are intended to benefit from the projects vote on which projects are funded. Young people from each of the Local Partnership areas will be involved in developing the process for conducting the Participatory Budgetary exercise before a voting exercise is opened up to the wider community of young people in each Local Partnership area.

Code of Conduct/Register of Interest

- 3.6 A presentation was made at the 19 March 2019 meeting of Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership regarding members signing up to a Code of Conduct and Register of Interest. This presented information for consideration by each Local Partnership on the issue of members of the Local Partnership signing up to a Code of Conduct and completion of a Register

of Interest. A letter was sent to all Local Partnership members following this meeting to seek their views on this issue in advance of the June 2019 meeting.

TITLE:
Applications For Local Partnership Grant Funding

1. Summary

- 1.1 Applications for grant funding from the seven Local Partnership areas were invited in April 2019, with a deadline for submission of 20 May 2019.
- 1.2 At the last meeting of the Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership on 19 March 2019, members agreed a draft set of priorities for the Local Partnership. The priorities identified for the Local partnership were:
 - ❖ Community Empowerment
 - ❖ Tackling social isolation to promote health
 - ❖ Green spaces
 - ❖ Community safety
- 2.2 Applications for funding from Paisley North, Gallowhill, Ferguslie, Paisley West & Central Local Partnership have been invited to reflect these priorities. A description of the priorities is set out at paragraph 4.1.
- 2.3 The available allocation for Paisley North, Gallowhill, Ferguslie, Paisley West and Central Local Partnership is £55,572, comprised of £45,822 General Grant Fund and £9,750 Paisley Common Good Fund. The total value of applications received is £163,083. In addition a sum of £50 per community representative requires to be ringfenced for potential claim of expenses, as agreed at the March 2019 meeting.

- 2.4 The Youth Challenge Fund component of Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership Funding is £21,133. This funding will be allocated by young people through a Participatory Budgeting process to take place later in 2019.

3. Recommendations

- 3.1 It is recommended that members of Paisley North, Gallowhill, Ferguslie and Paisley West & Central Local Partnership consider the applications for Local Partnership grant funding, as set out below in Appendix 1 and Appendix 2.

4. Background

- 4.1 The priorities of the Paisley North, Gallowhill, Ferguslie Local Partnership are:

Community Empowerment

The Local Partnership want more people to get involved in their community. They want to activate new community groups, and explore the sustainability of the local groups that already exist. This includes succession planning for groups and exploring the availability and sustainability of funding for groups in the area.

Tackling social isolation to promote health

The Local partnership want to help connect people to each other and see this as key to promoting health and wellbeing in the area. They think a key barrier is people being able to physically get to Paisley town centre to access services and groups.

Green spaces

The Local partnership want to see the development and maintenance of high-quality green spaces in the area, and the use of these spaces to promote physical and mental health. They particularly want to address safety and lighting in order to safely access these spaces at night.

Community safety

The Local partnership want to help people feel safe in their community. This includes being able to move around the area safely, by tackling issues with pavements and pathways, dog fouling and litter. They also think it is important that there are activities available for young people to avoid them becoming involved in anti-social behaviour and crime.

What does your Organisation/Group do?	1.10	We aim to change attitudes and behaviours so that disabled and vulnerable people in Scotland feel safe in their communities	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie Paisley West & Central and Paisley East & Whitehaugh, Ralston, Hawkhead, Lochfield, Hunterhill & Charleston	
How much grant funding are you seeking?	2.10	£5,000 from Paisley North, Gallowhill, Ferguslie and Paisley West & Central £5,000 from Paisley East & Whitehaugh, Ralston, Hawkhead & Lochfield, Hunterhill and Charleston £10,000 in total	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	We would like to apply for funding for the design and development of an Anti Bullying App for Renfrewshire. We have already secured part funding from the Lens programme. Renfrewshire Against Bullying App would be a new development which will be designed with children and young people in Paisley and when completed will be available for schools within Renfrewshire. The App will provide children and young people with support information to help deal with bullying and will also provide links to support organisations who can offer information, advice and support for young people who experience mental ill health. There are currently no Apps like this in Scotland and this would be a fantastic way for Renfrewshire to lead in new developments for helping to tackle bullying.	
	2.4	We are currently working with around 11,000 children to raise awareness of the range of disabilities, the impact of bullying and the consequences of hate crime. During the last three years of delivering this programme, we have heard first hand about experiences of young people and the barriers to them	

	2.5	<p>reporting incidents. Many young people fear repercussions of reporting, such as being called a grass or a snake, while others are too scared to get involved, or worried about speaking to a teacher in case someone finds out. We are working with staff, children and young people across 6 schools to gain a better insight into how to better support children and young people to feel confident to report incidents. This consultation exercise has also given us feedback and ideas for design. If we manage to secure the remainder of funding, we plan to continue to work with the children and young people to progress the idea into a working app and pilot the use within the schools.</p> <p>The App will be free to download onto iOS and Android and it is envisaged that it will also be available on tablets in schools and libraries (reducing barriers for young people who may be experiencing financial hardship).</p>
	2.6	<p>The app will provide an opportunity for young people to seek advice, guidance and support from partner organisations, such as See Me, Childline and Respectme. The app will also provide children, young people and their families with the opportunity to make a report of bullying which will go directly to the school (no data protection or information sharing issues).</p> <p>We have recently developed an App for Keep Safe which provides a reporting section for reporting hate crimes to Police Scotland, so we have experience of working within this area.</p> <p>It is anticipated that children and young people who experience bullying will feel supported and be able to take control of the situation. This may mean seeking information and support from partner organisations or may empower them to make a report to the school. In addition, a friend who is witnessing bullying behaviour will be able to let teachers know what is happening.</p> <p>It is hoped that by bringing bullying behaviour out of the shadows (hidden in plain sight) we can then begin to tackle these behaviours and ensure people who experience bullying can be supported appropriately.</p> <p>Bullying is one of the leading causes of poor mental health with children and young people and it is hoped that by providing support and a way of reporting incidents safely, children and young people will feel</p>

		supported.

What does your Organisation/Group do?	1.10	The Scout Association aims to provide young people with the skills to become responsible citizens, and encourages their physical, and mental Development , through engaging in outdoor activities and pursuits.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North (and all other LP areas) Ayrshire, East Renfrewshire, Inverclyde, Argyll, Dunbarton Children and Young People	
How much grant funding are you seeking?	2.10	£5,000.00 from general grant fund £5,000 from Paisley Common Good fund	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Scoutreach Community Partnership project is an opportunity to offer each local partnership 4 days funded free accomodation and activities supported by our qualified staff, groups of up to 40 people from your area, meeting your local priorities of tackling social isolation and to promote healthy living. We are currently creating a modernised facility at Lapwing Lodge Activity Centre, at a cost of £70,000. To support the existing facilities at the Hobbit houses, which provide accomodation for 40 people complete with kitchen and dining facilities. Our new LEADER funded activity hall and outdoor learning centre is due to commence construction May 2019, supporting the hobbit houses with activities and indoor space, complete with toilets and showers. The refurbishment, modernisation, and adaptation to the existing games hall will provide campstaff accommodation, and an indoor space for training, meetings, group activities and indoor learning opportunities. This project will provide a central point at the site to operate our watersports, archery, climbing, moutain biking etc. This new reception and staff area will offer us a centreal meeting point for our visitors and users. This Scoutreach Community Partnership Project was	

		<p>identified by the Management Board and young people on the campstuff, and our active support unit as a desirable addition to our existing facilities at Lapwing Lodge. The creation of the Hobbit houses in 2017 offered us a new opportunity to expand the facilities and activities available on site to smaller Community Groups, linked with outdoor activities currently on offer. The construction of a new activity hall and outdoor learning centre has opened up a wet weather facility complete with showers and toilets, to support groups taking part in our activities and outdoor learning. New facilities are needed for our growing voluntary campstaff team and active support unit, this project will provide training opportunities and outdoor learning skills for new community groups, from the local partnership within Renfrewshire council areas.</p> <p>This upgraded facility will achieve 4 main aims 1. It will provide small local groups with accommodation and indoor space for learning and activities. 2. It will open the centre to a complete range of people within the local community tackling isolation, poverty, inclusion with new groups. 3. It will help centralise the centre management, offering a meeting point for groups undertaking activities at the centre. 4. This enhanced facility will open new learning and training facilities for a variety of current and future users. We propose in partnership with the newly formed Community Partnerships to identify suitable groups within each area who may benefit from this project, and offer them the opportunity of a 4 day residential experience, complete with activities to support their work within their communities.</p> <p>Our anticipated outcomes are varied and form part of the strategy for development at the Lapwing Lodge Activity Centre. Going forward we will offer out Scoutreach Community partnership project to existing and new users within the local community partnerships being developed within Renfrewshire council. Outcome 1 - To encourage new user groups from local partnerships to facilitate the hobbit houses Mon - Thur 40 people, accommodation and activities, suggested groups, vulnerable families, carers, people experiencing isolation, families recovering from addiction. Outcome 2 - To create new activities for existing user groups, youth organisations, churches, language schools, Kilbble Care, Turning Point, offering new activities, and outdoor learning opportunities. Outcome 3 - With support and Development within the young campstaff team,</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	<p>Move it or Lose it is our exercise programme that we run within our complexes it encourages tenants to engage in some physical exercise to become fitter. We will also encourage them to walk more and join our walking group called the Paisley Puffins. But not only that by keeping them fit it then helps them get into town and access other services and groups in their area.</p> <p>Our tenants are wanting to improve their health and wellbeing and lead a healthy lifestyle. With this project they can have the best of both. Many of our tenants get lonely and depressed when they are not active. But sometimes their fitness and health is poor and they are not able to engage in an activity. With this project they will be able to choose what is the best activity for them and what level they want and be able to do something rather than nothing. By keeping out tenant's fitness level up this has a great knock on effect on our ratio of falls as the stronger they are they are unlikely to end up in hospital through a fall.</p> <p>What we are proposing to do is create a project that will enable older adults to create their own health and fitness programme. This programme would include a variety of activities such as gentle exercise and walking groups. The instructors are all trained in</p>

By purchasing vital pieces of equipment it would allow us to provide a service to those who would otherwise be unable to attend. Items which are designed for junior athletes and super soft/air type apparatus for extra support. We also wish to allow our volunteers to gain recognised qualifications and gain paid employment through working in partnership with other organisations in our industry- sports coaching, after school clubs, event management and PE teaching. The purchase of a laptop at this stage is vital - our club is expanding with a demand for on-line membership control, social media presence, marketing tools/strategies. In order to maximise our club retention we need access to the latest software and on-line tools. Accessing local amenities is no longer viable and prohibits our club growth.</p> <p>We contacted local organisations to identify an interest in our proposed project with the following projected</p>	

		<p>numbers: Riverbrae, Linwood (220 students) - Mary Russell School (200 students). In addition we engage with other recognised additional support groups: - Disability Resource Centre (150 members) - ParaCheer (300+ athletes) - Castle Sempill (100+ participants) - SportScotland (200 + participants) - Renfrewshire Leisure - Dirty Feet Dance Company (50 students) - Right 2 Dance (70 students) - Jones & Us (50 students). They also supported the project plan that the items requested are vital in order for them to attend sessions at our facility.</p> <p>provide apparatus that younger children (junior apparatus) can train on safely - provide apparatus that those with additional needs can train on safely (apparatus with extra soft and air support) - vital training/qualifications for volunteers to deliver sessions and gain further paid employment in our industry - laptop will allow our volunteers to access modern technology, applications and software to maximise the club exposure, management and potential 24/7.</p> <p>Multiple groups engaging with our programme based on vital equipment - social inclusion for all regardless of physical, emotional or sensory impairment - additional training for volunteers leading to increased chance of employability - increased club management efficiency which will increase club membership making our club more sustainable for the future.</p>

What does your Organisation/Group do?	1.10	To develop/maintain; A locally based community community run ice hockey team, A focus for local & junior ice hockey players to enable them to develop their skill levels, A focus for local volunteers to enable them to develop their skills in areas such as literacy, numeracy & oral skills, An affordable facility for locally based ice hockey supporters & parents of young players, An interest in the sport at a local, Renfrewshire based level from an early age onwards.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North (all LP areas applied to) Children & Young People	
How much grant funding are you seeking?	2.10	£2000.00 (which is app 8.2% of the total ice costs. NB the total operational costs per season are just short of £39,000.00)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To provide part funding re hiring of ice to permit ice related activities for adults/young persons to take place at Braehead Arena, the only such facility available within a 30 mile radius of Paisley. That part of funding required & not included within the application (&, indeed, all other costs) will be met from club fundraising. It should be noted that Renfrewshire Council approved a motion seeking to assist the club in developing an ice facility within the Paisley area which would allow PPIHC & other clubs generated to develop base premises which would preclude the need to apply annually for grant assistance to rent premises elsewhere (ie Braehead Arena, currently the most expensive such facility in Scotland). To encourage more people to watch/play ice hockey to encourage a healthier lifestyle. The club seeks only to ask for assistance re ice rental,	

	<p>which accounts for approximately 70% of the total costs likely to be incurred, and seeks assistance to meet 30% of that total cost within a ring fence for ice rental costs. All other expenditure will be met from within its own resources.</p> <p>Paisley Pirates were first formed in 1946 & from then until the 1960's played at East Lane. In 1992 they were resurrected at the Lagoon Leisure Centre & from then until 2006, when Renfrewshire Leisure Ltd withdrew ice facilities there. While Pirates were successful in relocating to Braehead Arena, the cost there is prohibitive, currently standing at almost £200 per hour with an 8% increase pending. The various other activities such as junior development fell due to the high cost. Due to the paucity of ice facilities Pirates have on occasions gone as far as Dundee & Dumfries to secure ice.</p> <p>Because of rising demand for a skills based approach the club has appointed a second volunteer coach for the senior team & intends to appoint commensurate numbers of volunteer coaches in respect of the planned re-introduction of junior ice hockey for players under the age of 20.</p> <p>NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports It will enable</p> <ol style="list-style-type: none"> 1 The club to continue providing a local focus for the sport given that no other suitable venue is currently available at either senior or junior level. 2 The continued development of on-ice skills at senior/junior level. 3 The continued & enhanced development of off-ice skills for volunteers & adults with learning difficulties able to carry out duties on match nights requiring numeracy/organisational/interpersonal skills. 4 The club to publicise the existence of an ice hockey team in Paisley through local media outlets & maintain a significant profile in the area eg the club has featured regularly in an annual project run by a Canadian tourist agency (circulation 0.25m) which promotes Paisley as an ice hockey town for potential tourists. 6 The club continues to promote itself & its volunteers through various local competitions publicising the work done by such volunteers &, indeed, has won a number of them. 7 The high profile enjoyed by the club will help it attract young people <p>Outcomes:</p> <ol style="list-style-type: none"> 1 Development of enhanced on-ice skills through

Community Empowerment

Paisley Pirates are a voluntary organisation run entirely by local people and all duties pertaining to the club, such as stewarding, announcing, goal judging, and the various other functions are carried out entirely by volunteers from the local area. No one receives any form of payment for undertaking these duties.

The club is being supported by Renfrewshire Council in seeking a site on which to build a new facility for all ice sports, run by the community, in the community, and for the community.

The club promotes a community and family identity in which fans, volunteers and all involved with the club identify as a 'Pirate' which has translated globally across the world with many former fans and players carrying the identity of 'Buddies' to locations far and wide, including Kuwait, Canada, and USA.

In recognition of its contribution to Community Empowerment the club was invited to the Queen's Garden Party in Edinburgh. Further, the club secretary received the Lord

Provost's Award for Sporting Achievement, and was recognised by the Tampa Bay (Florida) NHL club for its contribution to the sport as a local organisation. Finally, the Paisley Pirates 70th Birthday in 2016 was taken as the theme for the Annual Paisley Beer Festival.

Tackling Social Inclusion to promote Health

As indicated above, all duties relating to the club are carried out by volunteers, many of whom do not otherwise engage in activities within their local community, preferring to help with 'their' club, thus promoting a sense of pride and well being within themselves as a valued member of the team of volunteers. Pirates promote the feeling of being a family club, thus encouraging feelings of self-worth within individuals coming to matches, through activities such as announcing individuals are attending their first game, all to make them feel part of the Pirates 'family'.

The club visits local school on request, promoting a whole programme of healthy eating, fitness and a healthy lifestyle. The club made front page headlines in the 'Paisley Daily Express' by being the first to abandon the traditional award of a case of beer to each 'Man of the Match', in favour of awarding a healthier energy drink to aid recovery after a strenuous game of ice hockey.

The club maintains links with many supporters who are not able to physically attend games through use of club website, social media outlets, and through filming games on Pirates TV. These resources allow all members of the organisation, from players, to volunteers and supporters to keep in contact with each other and still remain included in the 'Pirates' family.

As well as weekly features in the Paisley Express during the season, we have our own website, Facebook with 2184 Followers and 2179 Likes, Twitter 2180 Followers, Instagram 483 Followers and various other digital outlets within Renfrewshire such as Whats on Renfrewshire etc

Green Spaces

Community Safety

In the past few years, the Pirates took part in a high profile anti knife campaign initiated by the Paisley Daily Express, appearing on the front pages of the newspaper, while players distributed car stickers to supporters to reinforce the message.

Paisley Pirates also provide an alternative for members of the community to attend an event and be part of the organisation as opposed to youths frequenting town centres and residential areas with nothing to do, thus helping to minimise anti-social behaviour and crime in the local area.

The desire to provide our own venue, would further provide opportunities for members of the community to engage in diverse activities in Renfrewshire in a safe environment.

NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports.

What does your Organisation/Group do?	1.10	Renfrewshire Leisure's main aim is to provide facilities for recreation, sport and cultural pursuits which are of maximum benefit to the community and in doing so ensure this provision is truly inclusive. There is no doubt that sport and culture can bring real benefits for communities and individuals alike and participation in physical activity can make a significant and positive contribution to many areas of our lives. It is vital that everyone has the opportunity to participate. Renfrewshire Leisure will provide a range of programmes, projects and initiatives which target inequalities and aim to improve life chances for the most disadvantaged. We will provide the opportunities to improve the health and wellbeing of the population of Renfrewshire in general.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie Paisley West & Central	
How much grant funding are you seeking?	2.10	£8,575.00 (Applications totalling £56,725 made across the 7 Local Partnerships)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	The purpose of this project is to address the current in activity levels within the Paisley North, Gallowhill, Ferguslie and Paisley West Central. At present there are over 707 pupils that have either self identified or been identified by their parents as being inactive. This data was found using an Active Schools survey that was conducted across all schools in Renfrewshire. This programme will help to improve activity levels by offering a variety free activity sessions and introducing new sporting opportunities. This programme will also aim to up skill local high school senior pupils to enable them to provide sport sessions within their community	

	2.4	as volunteers. This will help to increase the future sustainability of this project and continue to improve activity levels.		
	2.5	This project was identified using the data collected from the 2018-19 Active Schools activity survey. This survey was issued to all high school and primary school pupils within Renfrewshire. The survey received over 19,000 returns from a possible 23,544 pupils. The survey highlighted that 707 pupils from within Paisley North, Gallowhill, Ferguslie and Paisley West Central are currently completing less than 3 hours of activity per week. This programme will aim to improve activity levels within these areas by providing a variety of sporting opportunities.		
	2.6	<p>This project will work with the families to encourage participation in free activity sessions within the local primary schools. These sessions will focus on the sports requested by the pupils through the activity survey.</p> <p>The project will also provide training opportunities such as level 1 sports courses and first aid training for 25 senior pupils from the local high schools. Once their training is completed the pupils will be provided with placement opportunities within the local primary schools. This will allow them to provide volunteer led sessions at zero cost to the participants and wider community.</p> <p>The anticipated outcome of this programme is that the number of inactive pupils within the Paisley North, Gallowhill, Ferguslie and Paisley West Central areas will decrease during the 19-20 school year.</p> <p>This project will also train 50 new young leaders who will hold the correct and up to date qualifications to enable them to volunteer within their own communities of Paisley North, Gallowhill, Ferguslie and Paisley West Central</p>

How much grant funding are you seeking?	2.10	£1,012 (£5,172 applied for across 5 Local Partnerships)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 to 2.6	<p>This project involves working with young people aged 5-18 years who are classed as 'At Risk' by the Social Work Department. A number of these children are living with grandparent carers (Kinship) . The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal / and legal drug taking, healthy eating, keeping themselves safe and learning to make meaningful connections with each other and the wider community. Additionally, the project will seek to up skill and empower parents/carers with the prerequisite skills to raise healthy, thriving children through training programmes and support.</p> <p>The need for the project was identified due to grandparent carers identifying barriers to explaining to the children they are caring for about why they can't stay at home. Grandparents stated they felt ill equipped with proper tools or skills to explain about illegal and legal substances and additionally the role of authority figures such as social work and police. Research has demonstrated the stigma experienced</p>	

		<p>by children classed as 'at risk' and shows that kinship carers can experience high levels of social isolation. This project seeks to address this by offering a nurturing, caring and empowering environment where families can come together and become part of the community.</p> <p>We will continue to address the needs of our local community and offer education through play around drink and drugs, healthy eating and mindfulness sessions.</p> <p>The grant will develop our mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addiction and teaching young adults they can break the cycle by healthy life choices. We already work closely with the Star Project, Carer Centers, Families Outside (a charity that works solely on behalf of families affected by imprisonment.), local libraries, Our Place, Our Families (a charity with the aim of improving the quality of life of people who live in the Paisley North community) and Renfrewshire Support Group. We intend to expand and run workshops in employability and disclosures to increase the employability of parents/carers. We anticipate 24 children and 16 carers will attend our summer program which will run 2 days a week for the duration of the summer school holidays.</p> <p>This programme will allow for a platform to discuss issues that would not be addressed in a home environment, such as why children are not been looked after at home, the difference between illegal and legal substances, it will encourage community members to get involved in the local community and work their way out of poverty, which would also break the cycle and lead to healthier life. This project will offer community members the opportunity to engage in more activities in the Paisley North area of Renfrewshire. The project will utilise public resources, such as parks and outdoor spaces, as well as maximising the use of buildings in the community. Primarily, the project will strengthen social connections and tackle social isolation on an intergenerational level by focusing on improving health and wellbeing in the Paisley North area. We anticipate, as a result of this project, that there will be a reduction in stigma associated with kinship care, a reduction in the social isolation experienced by individuals (young and old) with social work involvement and we anticipate an increase in</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	Paisley & District U3A is a voluntary organisation set up for people who are retired but who wish to carry on learning new skills. We do this through our monthly meetings when a guest speaker will talk to our membership & through a range of interest groups. Our main means of communication is through emailing our member about our next speaker & promoting events via our website. We believe we address the local priorities in Paisley North in terms of Community Empowerment as we are encouraging more people to get involved in their community to be interested in Paisley's history, heritage & culture. We address the local priorities in Paisley East by tackling social isolation & encouraging people to come together & connect with others.	
	2.4	The U3A had a stall at an event at the SECC for older people. We had a discussion about the fact Paisley did not have a U3A. The idea was developed further and a public meeting was held at the West of Scotland	

	2.5	University. From this an initial screening group was set up. The first AGM was held in November 2018 and an Executive Committee was formed. Fifty per cent of our members live in Paisley North & Paisley East.		
	2.6	<p>We will continue to offer older people the opportunity to carry on learning and socialising. We will continue to offer a range of interest groups from Architecture, Meditation, local history, Art & Opera appreciation, film & theatre & languages. The people who lead our groups are our volunteer members. We would wish to increase our membership and recruit more volunteers to offer other diverse areas of learning.</p> <p>We would hope that our members would have a sense of achievement in whatever activity group they participate in. We would wish them to have an increase in their self esteem & wellbeing. Our organisation allows the opportunity to meet new people and take part in new activities. It therefore can reduce social isolation & loneliness.</p>

Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie and Paisley West & Central	
How much grant funding are you seeking?	2.10	£2452	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>Walking on Wheels is a voluntary organisation, established in 1994 as Historical Paisley, by Les Fernie and offers affordable, totally accessible guided tours of Scotland's largest town, Paisley. We aim to reduce isolation for local people by providing accessible tours to raise awareness of Paisley's rich history, architecture and culture. We aim to encourage all communities in Renfrewshire to take pride in their town and surrounding areas. Through this civic pride we hope to see a reduction in vandalism to some of Paisley's historical architecture. We aim to bring together young and old to learn and share experiences of Paisley's rich culture and heritage.</p> <p>We found that too many people go about their daily business and they don't know what is around them; for instance, they walk along Paisley High Street every day but don't notice any of the wonderful architectural buildings until they are pointed out to them. We have a great wealth of history in Paisley and the whole of Renfrewshire is waiting to be discovered by many locals, visitors and tourists. We have found that people with mobility issues are lonely staying at home, and tourists with similar issues are excluded from participating in walking tours. We offer tours that are accessible in order to include everyone and leave no-</p>	

		<p>one isolated.</p> <p>We aim to get people of all ages and abilities out and about on a guided walking tour discovering everything we have in the area and to learn the history of their town. As part of the Townscape Heritage Initiative we will be working with schools and as part of the school curriculum we will provide walking tours specifically focussing on the history of Paisley Weavers and also the Architects to young people at school learning about the heritage of the town. We will also work closely with uninformed groups delivering walking tours to groups of all ages from across Renfrewshire. Anyone with mobility issues will not be excluded from our tours as we work in partnership with Shopmobility to ensure that whoever needs a mobility scooter or a walking aid to participate on the tour can hire free of charge. To be more inclusive and ensure that everyone on the tour doesn't miss out on the detail. We are looking to purchase as part of this project, a Digital Wireless Audio Tour Guide System, this will ensure that no-one misses out what is being said on the tour, this system will also translate for other languages and will be beneficial for tourists and tours we deliver to the Provosts visitors from our twin town in Germany. For those who cannot make a walking tour due to ill health or such like we will take the tours to them by presenting a slide show. We will visit nursing homes, hospitals, schools and a wide range of community.....</p> <p>To encourage locals, visitors and tourists to come Paisley and take a Guided Tour. What does your Organisation/Group do?	1.10	The aim is to offer to all men and women over the age of 60, friendship and fellowship, by providing an afternoon of social entertainment and other activities. Our membership includes men and women from the surrounding community, local housing complexes and the Church.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Renfrew, Paisley North, Glenburn, Paisley East, Erskine	
How much grant funding are you seeking?	2.10	£300 from this Local Partnership (£ 1,500.00 applied for across 5 Local Partnerships, not Johnstone & Linwood or Houston, Bridge of Weir etc)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop their friendships. Entertainment and social activities are provided on a weekly basis from October to May. The entertainment includes children from Ferguslie Park Community Nursery, Mossvale Primary School and Castlehead High School as well as entertainment provided by Adults. Members also have a much appreciated cup of tea or coffee and goodies. The programme includes a Christmas Lunch and an Annual Outing.</p> <p>The Committee identified that many members would be unable to attend our weekly meetings without the provision of transport. A vast number of our members live alone and the Friendly Hour is the only time that they may see other people. It gives them the opportunity of mixing socially, allowing them to chat and at the same time give them some entertainment</p>	

		<p>thus avoiding an afternoon of loneliness and isolation. With an average of over 85 and many who are quite infirm, there is a stronger need for these people to be transported to a happy and lively environment for a few hours on a weekly basis.</p> <p>If we are successful in securing the grant, it will assist us to continue to provide much needed transport to bring these people to and from the Friendly Hour, thus giving the much needed company. We ensure that transport is booked on a weekly basis.</p> <p>By providing transport we are reaching out to people in the communities who may not be able to get out - in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship and fellowship. We must remember that many people experience loneliness and isolation and many don't have many opportunities for conversation. What about the joy of sharing a story or a sing-a-long and hearing news from the communities?</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>We require help with with our running costs. We have to travel all over the country to play in the intercounties league and cups. The price of the coach hire has become very expensive over recent year. Also our team wear which we give to all our players, as we don't want to single out individuals from deprived backgrounds.</p> <p>Our under 25 team was founded in 1994, this year is out 25th anniversary. Over the years our team has developed into one of the top teams in Scotland. We are now reaching all the major finals, and due to our success we have to provide more coaches.</p> <p>It will help us promote Renfrewshire as we travel to the other counties within Scotland and shwocase the talent of our young players. Last year we were runners up in the Scottish League Championship but this year we hope to go one step further and bring the league championship back to Renfrewshire.</p> <p>To become Scottish Champions for the 1st time. Last year we had 4 members of our team who were selected to play for Scotland's under 25's. We also had 2 under 17 internationalists hopefully this year we can increase these numbers.</p>

What does your Organisation/Group do?	1.10	Street Connect helps marginalised individuals, particularly those dealing with drug and alcohol addictions who are often affected by complex needs associated with addiction, combining histories of drug and alcohol misuse, homelessness, medical problems, relationship and family breakdowns, isolation, trauma, mental health issues and offending patterns. Working with local community organisations, especially churches, we build the capacity of these organisations to provide community led, personalised and long-term support to help those in need. The main outcomes from this are tackling social isolation and improving health and wellbeing for individuals and improving community safety by reducing addiction-related anti-social behaviour and crime.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie and Paisley West & Central	
How much grant funding are you seeking?	2.10	£1984	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	The Local Partnership wants more people involved in their community, tackling social isolation to promote health. The Café tackles social isolation through staff and volunteers offering a safe space, friendly welcome, food and drinks, a sense of community and practical support one day per week at Holy Trinity Church Hall, Back Sneddon Street. While open to all, many attendees are affected by health and wellbeing issues especially drug and alcohol addictions and associated complex needs. The Cafe opened in 2004 - a local charity responding to the impact of drugs and alcohol on the local community, a priority in the Community Plan. Recognising that the local group did not have the capacity to provide the help needed led to contact with Street Connect who operate a cafe in Glasgow combined with a range of recovery support. A partnership was developed and by agreement in	

		<p>January 2019 the organisations formally merged. Now, working closely with local church Hopehall Evangelical Church, Street Connect is developing local capacity to provide community led support to those in need. We will tackle social isolation and promote health and wellbeing in the local area. We aim for 1000 café visits, 400 street engagements and 40 people receiving formal 1-2-1 Recovery Planning and support. Participants can attend a Recovery Group and access other services including referrals to residential rehabilitation. We aim to strengthen links to Renfrewshire Drug Service and to other local support services. We will develop links to local organisations including churches building their capacity to provide community led support, including recruiting local volunteers to work in the café and as befrienders and supporting local churches to welcome service users. The project will empower the community through involving local groups (especially churches) and volunteers. It will tackle social isolation, promote health and wellbeing and improve community safety. Specific targets - All Services Users: 75% improving social networks and reducing isolation 75% getting help they need at the café 75% indicating high level of satisfaction with the service Those getting formal support: 70% reducing substance use 75% improving self-esteem, sense of well-being, mental health 50% improving self-care, nutrition and physical health 50% reducing offending behaviours 50% reducing substitute prescribing levels 50% improving employability skills 2 services users going to residential rehabilitation.</p>

What does your Organisation/Group do?	1.10	C-Change Scotland is a Scottish charity which provides outcome-focused personalised support to people with learning disabilities, mental health issues and other additional support needs. C-Change Scotland's work is based in a human rights approach, empowering the people it works with to live their life to the fullest and become active citizens within their communities. The charity hosts a project, dates-n-mates, which is Scotland's national dating and friendship agency run by and for people with learning disabilities. dates-n-mates Renfrewshire is one of 4 branches which support love and friendship for local people with learning disabilities.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie and Paisley West & Central	
How much grant funding are you seeking?	2.10	£5,000.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	Dates-n-mates Renfrewshire is the local branch of Scotland's national dating and friendship agency run by and for adults with learning disabilities. We transform life for people who are socially isolated and lonely. We provide opportunities for people to connect, make friends and build meaningful relationships, thus improving health and wellbeing. Our monthly calendar of social events around Renfrewshire offers a safe and inclusive environment for people to meet and have fun. Members practice local journeys and improve their social skills. Over time their self-confidence and independence increase. By building people's own natural support networks we ultimately reduce the need for paid support.	
	2.4	With 26,000 adults with learning disabilities in Scotland, the Scottish Government's Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority as they are more prone to abuse	

		<p>and more likely to be denied the opportunity to conduct their own lives, including having relationships. The Scottish Government strategy 'A Connected Scotland', recognises that 'people with learning disabilities – and their families – are at risk of experiencing social isolation throughout their lives.' The Learning Disability Alliance Scotland's 2018 survey showed that 80% of adults with learning disabilities feel lonely either sometimes (11%) or a lot of the time (69%).</p> <p>According to Renfrewshire Council Chief Executive's Ward Statistics, 946 Adults with learning disabilities live in Renfrewshire (updated 2015). dates-n-mates Renfrewshire's outreach model identifies adults with learning disabilities in specific areas of Renfrewshire and provides opportunities to connect and make friends and form meaningful relationships.</p> <p>2.5 We will target adults with learning disabilities living in Paisley North, Gallowhill, Ferguslie, Paisley West and Central wards to make them aware of the project and its potential benefits to them. To achieve this, we partner with local GPs, pharmacies, West College, the Carers' Centre and local advocacy services. Having identified these people, our outreach workers provide them with opportunities and support to connect, make friends and form meaningful relationships.</p> <p>Our monthly programme of social activities runs in venues across Renfrewshire, ranging from community venues like the Tannahill Centre to accessible pubs and restaurants such as Gabriel's, Hamishes Hoose and La Rambla. Our staff and volunteers support members to interact with one another. We provide informal training such as 'What to say after Hello' and 'Successful Dating' and can even chaperone couples on dates. Members learn local journeys and support one another to get to/from events. Regular 'Open' events create opportunities for non-members, ie those who may be ineligible for membership, and the wider community to join in.</p> <p>We rely on volunteers and offer a wide range of volunteering opportunities both to members and to other local people.</p> <p>Local adults with disabilities have opportunities and support to make and sustain natural friendships and close personal relationships, improving health/wellbeing and reducing the formal statutory need to provide services;</p> <p>2.6</p> <ul style="list-style-type: none"> • Adults with learning disabilities in Renfrewshire develop the skills and abilities to make decisions about, develop and sustain close personal

		Member	325+
What does your Organisation/Group do?	1.10	To ensure that the environment of Barshaw Park is maintained and improved for the benefit of local people, and to encourage and promote activities and events which create and improve social connections, health and wellbeing, and opportunities to learn and share skills. All of which will help keep Barshaw Park a safe place to be and a place of which we can all be proud.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	<p>Paisley North, Gallowhill, Ferguslie and Paisley West & Central</p> <p>Paisley East & Whitehaugh, Ralston, Hawkhead & Lochfield, Hunterhill and Charleston</p>	
How much grant funding are you seeking?	2.10	£2,000 from Paisley North (plus £4,200 from Paisley East, £6,200.00 in total)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	To improve social connections in the local community and promote general health and wellbeing by involving people from different generations and backgrounds in the local area in events and activities in Barshaw Park. At the same time making Barshaw a safer and welcoming place through increased use of the park and local involvement.	
	2.4	Last May, we hosted our first event in the Walled Garden, an Open Day to showcase the work of our volunteers and to give us the opportunity to speak to park users about their views on the park. The event was very successful, with over 200 visitors in 2 hours. As a result, we identified a desire for more such events, and an idea of the types of activities which would be beneficial to the people of the local area. Our Facebook page reached a lot of users, and we have taken into account feedback from there and from other social media and our web site. We had a table at the marquee at the Gala day 1st June in Barshaw Park. In	

	2.5	<p>partnership with Renfrewshire Council, we asked visitors to our stand to complete a survey on their opinion if the park and their ideas and vision for its future. We have noticed a big increase in the number of people visit the walled garden, and we always take the opportunity to speak to visitors and canvas their opinions.</p>		
	2.6	<p>We will host and promote activities and events within the park. During the Summer months, there will be gardening sessions for childrens group; outdoor painting sessions, (painting park scenery and flora and fauna); an event in the walled garden to mark the change of the seasons when the clock goes back in October. We will install a screen in the park cafe which will show film and photographs old and new of Barshaw Park. (One of our volunteers has retored old video, film and photographs to a digital format to us)</p> <p>Opportunities will have been created, and local groups such Art clubs, gardening clubs, youth organisations, University of the Third Age, sport groups will work together, sharing skills, ideas and resources. With the benefit of funding, we will be able to plan and organise our activities without the restriction of relying on the limited financial resources of our volunteers. The park will see increased footfall and will be a safer, cleaner space. We also anticipate an increase in our membership, volunteers and donations.</p>		
What is your group's current bank balance?	1.14	£7,356.00		
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes, Junior parkrun £1080 (funded by Tesco) Barshaw Walled Garden Renovation £6276 (Funded by LAC grant last year, project now underway.

What does your Organisation/Group do?	1.10	We believe that the environment that we live in can be a main contributor to mental health and wellbeing and aim to raise awareness on 'stigma and discrimination' surrounding issues in our society. Our vision is to unlock the potential in our community. We share a passion to empower people and neighbourhoods and improve our communities. We believe in community values and that, by re-instating those values, we can generate a positive change in people's attitudes. We seek to tackle street, domestic and gender-based violence to promote mental health improvements via social cohesion.
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie and Paisley West & Central
How much grant funding are you seeking?	2.10	£3,106 (general grant fund)
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	To encourage residents to take a pride in their immediate environment via community cohesion. Inspiring them to get involved and work together to initially address the safety and wellbeing of their community, providing the tools to make the initial steps achievable. Some tasks are beyond our ability and for this we seek assistance from other organisations e.g. Community Justice teams. We understand that people have different backgrounds, but they are all valued members of the community who can identify problems in their neighbourhood before they become issues. We identified a need in and have targeted several locations in Paisley. Mainly large community areas in socially deprived areas. We realised that it takes several events for people to react to the small changes this brings, we encourage those we meet to get involved, ensuring that children are supervised by an appropriate adult and that those that have a disability are supported. We encourage families to work together

		<p>and for those that have the knowledge or skills to be heard. Initially we focus on green spaces and play areas, encouraging people to be active in their own back yards.</p> <p>Our aim is to encourage residents to become a group encouraging them to network with established organisations to allow ALL to have a civic pride and responsibility for their area. We look to promote the physical and mental health of the area and of wellbeing in the area as well as enhancing the community safety. Providing the tools and safety equipment required to tackle most tasks on a clean-up. Encouraging those involved to talk with respect to each other, including others become involved within their own comfort level. This is then nurtured at further clean ups.</p> <p>We expect the community areas we will be involved with to have created their own local group and become self-managing and sustainable while working alongside other local charities and some national charities to maintain the green spaces they have nurtured and for this to develop further into the neighbouring streets and community buildings e.g. laundry facilities at flats. Revitalising the civic pride in areas that have lost this and encouraging all to show respect to each other, this is beneficial as once children see adults ensuring their play areas are clean then they can be encouraged to maintain them with support and this then means that they learn the social values that may have been lost or neglected in the area and this in turn helps break down the anti-social behaviour. They then know who to ask to help create clubs for them to attend furthering their and others mental health by belonging.</p>

Please briefly explain the benefit for the Local Partnership area if you are awarded this grant	2.6	<p>We expect the community areas we will be involved with to have created their own local group and become self managing and sustainable while working alongside other local charities and some national charities to maintain the green spaces they have nurtured and for this to develop further into the neighbouring streets and community buildings e.g. laundry facilities at flats. Revitalising the civic pride in areas that have lost this and encouraging all to show respect to each other, this is beneficial as once children see adults ensuring their play areas are clean then they can be encouraged to maintain them with support and this then means that they learn the social values that may have been lost or neglected in the area and this in turn helps break down the anti-social behaviour. They then know who to ask to help create clubs for them to attend furthering their and others mental health by belonging.</p>

What does your Organisation/Group do?	1.10	The aim of the organisation is 2 fold. 1. To provide a platform for people to experience the sport of powerlifitng in a competitive environment. 2. To provide a vehicle for improving health and wellbeing, developing confidence and self esteem, tackling gender inequality and equip people with skills which can carry over into other aspects of their lives and society.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie Paisley West & Central	
How much grant funding are you seeking?	2.10	£2,500.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	The purpose of the project is to purchase more equipment for the club to allow us to extend the provision available in the local area and increase the capacity of the club. This would allow us to run extra sessions during the week as well as workshop to target specific groups to engage them in the sport. This will include youth and womens only workshops and sessions. The club is also hosting its first event this year and is also considering hosting the Scottish Championships at the end of the year. This equipment would allow the club to host this as well as bidding for national and international level events in the future	
	2.4	Paisley Barbell club is the only one of its kind in the authority offering opportunities to all and operates a fully inclusive policy. We currently have a waiting list to join the club and are keen to work with younger adults in the 16-18 age bracket. Through an online survey many of these young people attend the gym but lack direction and guidance. Through the same survey and in consultation with Active Schools through the Community Sports Hub, we have been able to identify that there are a number of females interested in the sport. This is further reflected in our current	

	2.5	membership demographic where 40% of our members are female.		
	2.6	<p>Purchase additional equipment to increase the capacity of the club. Promote this as well as running free workshops for youth and female lifters. This will be done through our social media channels, local press as well as through RL Sports Services.</p> <p>Increased numbers accessing the sport of powerlifting especially females and those in the 16-18 age bracket.</p> <p>Increased confidence, self esteem & health and wellbeing for all involved.</p> <p>Increase in females participating and therefore tackling the gender stereotype that strength sports are for men only.</p> <p>More members competing in national and international competitions.</p> <p>Increase in participants skills for life, learning and Work and therefore able to transfer these to other areas of life</p>		
What is your group's current bank balance?	1.14	£1,400		
Are there any significant items of expenditure to be set against this bank balance?	1.14	Yes, Competition entry fees for club members competing in British Championships totaling £900.

What does your Organisation/Group do?	1.10	The Trust promotes community involvement and offers support for initiatives or projects to enhance the local environment or public amenities including greenspace, public parks, wildlife habitats, and historic buildings in the Renfrewshire area.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie Paisley West & Central	
How much grant funding are you seeking?	2.10	£2,320.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	<p>This project will deliver community gardening activities based at the Healthy Heart Garden, the Disability Resource Centre, Love Street, Paisley. We want to support adults with learning disabilities/physical disabilities who volunteer at the Healthy Heart Garden to enable them to enhance their social skills, self-confidence and work experience. The gardening activities aim to break down barriers between adults with learning disabilities/physical disabilities and local school pupil groups and community groups within the Paisley North area. We plan to run 15 x 3 hour workshops with talks and practical gardening tasks using potato growing in schools/community venues, and at the greenhouse, and raised beds at the Healthy Heart Garden.</p> <p>The project will work with children living within the Paisley North area to teach them where food comes from and how to care for their local environment. A wider aspect of the project activity is that people on unpaid work orders benefit from meaningful work making raised beds and cotton bags. It will helped to reduce vandalism to local gardens, making the area more attractive for people moving in to newly built homes and promotes maintenance of local greenspaces for use by all ages.</p>	

	2.4	<p>Healthy eating will be promoted by a recipe booklet using potatoes and other vegetables. This will be distributed to pupils and local groups, as well as online via the website at www.retrust.org.uk.</p> <p>In the last 2 years, the Spuds for Buddies Phase has been successful in working with local schools (St. James' Primary, Mossvale Primary); local nurseries (Rainbow Nursery, Mossvale Nursery); Shortroods After School Care and several community groups to raise awareness of healthy eating and improve gardening skills in the Paisley North area.</p> <p>In March 2019, the project established 47 raised beds built with the support of Renfrewshire Unpaid Work Team at the Healthy Heart Garden, Mossvale Primary, local nurseries, and Shortroods After School Care. Assisted by two volunteers and staff, potatoes will be harvested in June 2019 and taken by children for use in healthy eating cookery activities or for their family meals. Healthy Heart Garden is providing a outdoor learning space which enables the knowledge, skills and work experience to be built up by the local community, and in the long-term, helps to support food growing using raised beds at the local facilities.</p>
	2.5	<p>The project has worked in partnership with the Renfrewshire Unpaid Work Team completing community service hours by building raised beds for growing of potatoes and designing 100 cotton bags for school pupils. The participants have gained practical skills, which help to make the quality of life better for local children and the wider community.</p> <p>The project will assist in tackling community safety, social isolation, and health issues within the Paisley North area by providing workshops and resources targeted at inequalities faced by particular 'high risk' groups, including people with disabilities.</p> <p>The project activity will be coordinated by a sessional worker and local volunteers with gardening skills.</p> <p>A series of workshops and talks will be provided to local primary schools, nurseries and community organisations to enhance the skills, knowledge and experience of people with physical disabilities, as well as local school pupils and local nursery children.</p> <p>New learning opportunities will be developed in horticulture, the food cycle, food production, and</p>

	2.6	<p>healthy eating through workshops, talks and recipe book.</p> <p>It improve access to a safe outdoor learning environment in local greenspaces, and providing social space to increased physical activity within the Paisley North area. Workshops will take place at the Healthy Heart Garden, and within local school or nursery outdoor space.</p> <p>Unpaid work involvement will be supported through provision of materials/resources for participants to make raised beds and cotton bags.</p> <ul style="list-style-type: none"> - Provision of 15 x 3-hour workshop sessions will take place with talks and practical tasks in gardening using raised beds built by Unpaid Work in schools/community venues, and at the Healthy Heart Garden. - 50 Spuds for Buddies new raised beds for growing potatoes and other vegetables will be produced by Unpaid Work for local open spaces/school grounds. - 100 Spuds for Buddies cotton bags produced for promoting potatoes and other vegetables will be produced by Unpaid Work and distributed to 100 new participants. - Recipes for children and families distributed and available online via website at www.retrust.org.uk - Assistance in tackling health issues by providing resources to address community safety and reduce social isolation through food growing networks for particular 'high risk' groups living within the Paisley North area. - Enhancement of the health literacy of 20 people with learning disabilities/physical disabilities, as well as 200 children and young people who have a critical role in promoting healthy lifestyles. - 5 volunteers will develop skills in various tasks associated with the project including mentoring and administration. - Community involvement will be supported with over 200 people taking part in the project workshops and community events.

What does your Organisation/Group do?	1.10	<p>STAR Project, an award winning community organisation, delivers sustainable and positive social outcomes utilising culture and creativity as a platform for change. Employing a person-centred, academic approach we deliver therapeutic group and individual supports consistent with local/national strategy to build safer, more connected and resilient families and communities. We have a solid track record of positive impact across disengaged individuals/families facing disadvantage and likely poor outcomes. In the heart of the multiply deprived area, where families face well documented challenges, we facilitate opportunity and aspiration, boost life chances, engender community ownership, celebrate every success and reduce stigma.</p>

The group will aim to work closely with local young people, particularly the current Shortroods Young Team gang (SYT), to act as role models, helping them see alternatives to anti-social behaviour/crime. We'll deliver tailored training/sessions/support to the group, increasing their understanding of mental health, addictions, their own aspiration, health and wellbeing. Our support will facilitate the men becoming more involved in their community, whilst simultaneously tackling social isolation and promoting health and wellbeing.</p> <p>Local young men identified they are experiencing significant mental-health issues, substance misuse, social isolation, committing petty crime, and felt ill-</p>	

		<p>equipped to address these. They formed a Facebook page 'Shortroods Supports Mental Health' and conducted a survey asking people what they felt was needed in Shortroods. Respondents highlighted lack of activities for young people-leading to increased antisocial behaviour and that they wanted an increased sense of community and to improve Shortroods. Also, that there was a lack of activity for men to encourage physical/mental wellbeing and a 'safe space' for them to talk. The men then contacted STAR asking for help. We will co-design a programme to support, include and equip 'hard to reach' men, establishing a local men's group, providing a safe space and the opportunity to engage in activities increasing aspiration, skills and wellbeing. The programme will include training/sessions (Mental Health First Aid, ASSIST, First Aid, Mindfulness, Addictions); Outdoor Activities (Hill walking, 5-a-side football, self-defence classes and Clean Up the neighbourhood activities); Creative Arts (music, therapeutic graffiti art workshops and the creation of a community mural); Community Engagement (developing and delivering a fun day for the people of Shortroods, partnership working with local organisations, volunteering opportunities). Over 1 year, in addition to 1:1 supports, we'll co-deliver the following to 12 local men and benefit approx. 200 community members</p>

These will include attending arts & crafts sessions, sewing lessons and looking at other types of crafts that we can access from other groups around Renfrewshire.</p> <p>We meet weekly in the middle of Paisley. So we have plenty of opportunities to chat and talk about the different types of things or members would like us to arrange. We have also run a variety of different activities for the members. These have included, card making, gift making for Christmas, blanket knitting and other types of things. From this we have put together a kind of wish list that our members would like to take part in when we all return from summer and look towards what will bring us out of the house during the worst of autumn and winter. These lists always have trying out more and more arts & craft styles.</p> <p>This project is about offering a way for our members to get involved in something they really enjoy. Due to their previous lifestyles they may have lost confidence in being in crowds, in coming out during the day, or even connecting with people they barely know.</p> <p>Our members will improve their social skills, which have been affected by their chaotic lifestyles.</p>	

		<p>We will enhance the soft skills of our members, again something that has been affected by their previous problems.</p> <p>We will increase the number of people taking part in fun, risk-free activities.</p>

What does your Organisation/Group do?	1.10	Jones and Us strive to bring strength and unity to the community through sports. The aims for our organisation are to tackle mental health issues such as depression, stress, isolation difficulties, low self esteem, low motivation and obesity through sports, physical activities and health & wellbeing awareness programs, whether its a one to one session or group session. We also aim to help eradicate the stigma surrounding individuals with disability and physical challenges using the same methods mentioned above.

How much grant funding are you seeking?	2.10	£1,972.50 from Paisley North, Gallowhill, Ferguslie and Paisley West & Central and £1,972.50 from Paisley East & Whitehaugh, Ralston, Hawkhead & Lochfield, Hunterhill and Charleston £3,945.50 in total	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	<p>The purpose of the project is to:</p> <p>Keep the youth occupied and off the streets during the holiday periods and after school periods.</p> <p>To give parents and guardians of individuals with disabilities and physical challenges a break during these period</p> <p>To help individuals maintain a healthy lifestyle by keeping active and getting advice on eating well</p>	

		<p>Help individuals combat mental health issues through sports and physical activities</p> <p>Help individuals in isolated areas or isolated situations feel and be included in the sporting world.</p> <p>To develop and create a social impact in the community using sports as a tool.</p> <p>We will work with individuals from the ages of 5+</p>
	2.4	<p>The need was identified at the birth of Jones and Us as a strategy to accomplish what we have set out to do. Making sure that our goals are reached and setting targets in place. After much research and feedback from clients and prospective clients we identified the need to offer long term ongoing programs to clients who need it and those who choose to follow a fun, caring and safe routine for a long period of time so that not only would it just be 'short term' get fit quick program but that it would be a life changing get healthy and stay healthy program.</p>
	2.5	<p>It will keep individuals active and up to date with healthy living. It will encourage the development of sporting hobbies. It will minimise mental health issues by getting individuals out and active. The project will bring people together through group sports and activities promoting social inclusion without prejudice or discrimination.</p>
	2.6	<p>The wellbeing of individuals will be monitored and evaluated from this process and their progression tracked. We will achieve this by offering and facilitating multiple various sports e.g football, handball etc , physical activities such as circuits, group walks and jogging. Short nutritional health advice will be delivered after each session. Sessions will run for four hours 4 days a week for 5 - 16 year olds and 2 hour sessions, 2 days a week for individuals aged 16+</p> <p>From this project we hope to see individuals change or maintain their lifestyle in healthy living. We anticipate social inclusion to rise within our community. We want to see more diversity within the sporting industry without discrimination or prejudice. We aim to see the young ones develop healthy habits they can take into adulthood and to develop or perfect a hobby in any sport of their choosing or liking. As mental health</p>

What does your Organisation/Group do?	1.10	The Clyde River Foundation is a Scottish charity (SC029602) dedicated to research and education throughout the River Clyde catchment. Our mission is to pursue scientific understanding of the ecological health of the River Clyde and its tributaries, drive environmental improvements and build capacity for its stewardship. Our work can be broadly divided into projects generating specialist scientific content, those engaging with the general public, and those which deliver training and generate enthusiasm and understanding in young people.

(Please use a separate sheet if required)	2.3 2.4 2.5 2.6	Flying Fish is a hands on environmental education project delivered by the CRF to promote a culture of consideration for the natural environment and this will take sustained effort over a generation. The project teaches pupils about biology, our rivers and the importance of caring for the environment as well as connecting children with nature and promoting environmental citizenship. The project encourages children to learn about and to appreciate the river and its tributaries as part of their local environment, an	

		<p>opportunity which might otherwise pass them by. It also encourages all children to consider themselves as scientists.</p> <p>We have successfully delivered Flying Fish from 2014 to 2018 and given the positive impact we would like to continue to offer the project to a further 13 classes under the flightpath in Renfrewshire. School feedback is always outstanding. As part of our education programme we ask teachers and pupils to give us feedback on the project so we can evaluate its success. We know there is a huge demand for this type of project and this demonstrates the need and desire of teachers and children to take part in environmental/outdoor education. We have already had interest from schools in participating.</p> <p>Pupils from 13 classes will be taken to their local river and will be introduced to the methods used by biologists to measure its health. The children will see an electrofishing demonstration and try surveying skills for themselves. The river trip takes the children to meet the inhabitants of their local river, while a pop up laboratory consolidates the learning experience. Back at school in the afternoon the pupils will use microscopes and biological keys to identify the invertebrates from their kick sample. They will then combine all of the information they have learned about their river to assess its health.</p> <p>Children will develop a life-long interest in their local river and develop a lasting, positive attitude to the environment. Children will develop their confidence outdoors through real life science in rivers, increasing their self-belief as they engage with a new environment. Children will take home the message of stewardship of the river as a valuable resource to the wider community. By first-hand experience of the biodiversity on their doorstep children will feel the benefit of local green/blue space that will continue to have a positive impact on their health and well-being and the health of the environment into the future.</p>

What does your Organisation/Group do?	1.10	Renfrewshire Access Panel is a small charity based in Renfrewshire dealing with accessibility. Originally we started with access to the built and natural environment and access to services although we are now delighted to be at the forefront of promoting access across its widest remit and endeavors to be fully inclusive in its approach. This means working across the private, public and third sector to remove physical and attitudinal barriers to equality, and to promote all aspects of independent living within the Renfrewshire community.

What does your Organisation/Group do?	1.10	As the local church, we are in the heart of Ferguslie Park and are all about people. Every person who walks through our doors or lives in our parish is important to us and we want to bless and encourage them. As a group of Christians, we care about people and families and we're here to support them spiritually, emotionally, and physically. We love doing it and it's why we exist.
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie and Paisley West & Central
How much grant funding are you seeking?	2.10	£4,800
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	The choir project was set-up with a pilot grant from the Church of Scotland to bring people together locally through singing, with the aim of helping to tackle social isolation, low self-esteem and poor mental health. The community choir and school choirs meet weekly, providing a safe space where people are welcomed, can feel a sense of belonging and crucially can have fun and challenge themselves. The choir have already performed in a local care home and the local community centre as well as joining with other community choirs for a larger performance. Through this, choir members both young and older have gained a real sense of achievement, both personally and collectively in what they have been able to do. As a church, we spent some time listening to local residents, in dialogue with the local school in terms of how we could provide additional input for the children, talking with other local organisations and providers as well as also analysing the data from extensive local surveys carried out by the Tannahill Centre and Active Communities. It was identified that a choir or singing group was one gap in terms of local provision which we could meet. We engaged with the Church of Scotland

		<p>'Go for It' scheme for pilot funding to work with a recommended community choir leader who could deliver this.</p> <p>We are looking to build the community choir over the coming year, both in terms of numbers participating as well as providing an increased range of local events and occasions for the choir to perform at. The weekly practices will continue and with enhanced publicity and growing reputation we aim to engage and support more local people and children through the two choirs. We are liaising with other local organisations and health professionals who are promoting the choir and recommending the benefits it can bring to some of the local people they work with.</p> <p>From August 2019 to June 2020, we aim to see an increased participation level in both choirs resulting in increased levels of connection, confidence and achievement for the individuals involved. With new equipment and new choir t-shirts for the youth choir, we aim to improve the profile of the choir locally, giving an increased sense of pride and value for the young people in their worth and helping their confidence levels, particularly for the new P7s who will be preparing for the transition to secondary school this coming year. We aim for new members to gain that additional sense of belonging, pride and connectivity to others and to something which can impact positively not only on themselves but on others.</p>

What does your Organisation/Group do?	1.10	Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference. Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding to individuals and organisations and to support a mum in her choice to breastfeed.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie Paisley West & Central	
How much grant funding are you seeking?	2.10	£6,091.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	To provide breastfeeding peer support and evidence based information to families in Paisley North, Gallowhill, Ferguslie and Paisley West &Central. This is especially important in areas of multiple deprivation and helps address health inequalities, promotes inclusion, tackles loneliness and isolation, improves maternal health and wellbeing and improves the confidence of young mums, enabling them to go on and do further training. We want to maintain the excellent service we already provide by supporting our existing volunteers, and by training a new cohort of local mums to ensure sustainability of the project.	
	2.4	Across Renfrewshire breastfeeding rates remain low, with only around 14% being breastfed at 6-8 weeks in the most deprived areas. Evidence shows that trained peer support helps mums to meet their own breastfeeding goals, enabling them to breastfeed for longer. This positive impact on their own mental health improves bonding and attachment helping to alleviate postnatal depression and feelings of isolation. By having the opportunity to access skilled support and	

	2.5	evidence based information they feel part of a supportive welcoming community. Babies who are not breastfed are more likely to suffer from chest, ear, urinary tract and gastrointestinal infections, and at higher risk of developing obesity, high blood pressure, heart disease, stroke, diabetes, and cancer in later life.		
	2.6	<p>We will establish a new breastfeeding support group by training 12 women to provide peer support, continue their ongoing learning, and supervision with our accredited training. This is in line with the Local Partnership's priority of empowering the community to support each other which in turn reduces social isolation, improves maternal mental health and increases social capital. The town is already par welcoming and accessible to breastfeeding families, also in line with the Scottish Government's Breastfeeding Friendly Scotland which will be launched this summer. We will work closely with other local community groups, Health Improvement and Health Visiting teams. We will attend local community events, providing support to both pregnant women and new families</p> <p>We will continue to support vulnerable local families within the community enabling them to continue breastfeeding for as long as they wish. They will have increased knowledge and confidence and be part of a supportive community. We anticipate supporting increased numbers of breastfeeding families at the group and at local community events. We will continue to support existing volunteers by helping them increase their knowledge and skills, promote our service locally and increase knowledge in the community</p>

What does your Organisation/Group do?	1.10	To be the effective vehicle for continuous social improvement in Ferguslie Park by operating the Tannahill Centre as a community asset to meet the recreational and social needs and aspirations of all sections of the community in Ferguslie Park, Particularly young people and minority groups. To do this will design and manage a program of recreational and social facilities, activities, services and events targeted at the factors causing deprivation; delivered in-house. In partnership or through third party providers. We will also pilot and promote new services with an emphasis on young people, minority groups and employability.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie Paisley West & Central	
How much grant funding are you seeking?	2.10	£5,000 (Paisley common good)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	We will run a 12 week community development skills course for up to 25 people living across the Local Partnership area. Accredited by the University of Glasgow the course will provide local people with a wide range of skills and knowledge including anti-discriminatory practice, principles of community development and collective action that will empower and equip participants to take action to ensure Ferguslie Park and its residents reach their full potential.	
	2.4	This course has a track record of inspiring participants to set up services in their own community including youth clubs, food banks and community event groups and we hope to replicate this success across the local partnership area. The Tannahill Centre has undertaken a number of community consultation events over the past two	

		<p>years. These consultations have found that local people would like the Tannahill Centre to support them in further education and training. In addition to this we held a community conference in 2018 which over 100 people attended. The feedback from the workshops identified that the people of Ferguslie Park was the most underutilised resource in the community.</p> <p>With poor educational attainment contributing to this poor rating, Ferguslie Park is currently rated No 1 in the Scottish Index of Multiple Deprivation. It is essential that the community are equipped with the tools to tackle such inequalities.</p>
	2.5	<p>We held an Activate Course in 2018, 35 indicated an interest in participating, however 13 were only able to participate, therefore we know there is still a demand for the course in Ferguslie alone.</p> <p>We will advertise the opportunity to all members of the community through social media, newsletters and poster. We will identify people through established community groups. We will meet with interested parties and explain the benefits and expectations of the course.</p>
	2.6	<p>We will invite referrals from partner community organisations from across the local partnership area.</p> <p>The course will be co facilitated by the University of Glasgow and Tannahill Centre staff at a time that community members can access. This will enable the Tannahill Centre to deliver the course at a reduced cost in the future.</p> <p>The impact of this course has been felt in communities across the country in a number of ways. Local community groups said they feel better equipped to take a strategic approach to dealing with community issues and working in partnership. New ideas and opportunities have been created as a result of the very diverse group of students learning together. Examples include intergenerational projects in Glasgow's East End and successfully leveraging funds to develop youth services. Activate has helped unlock the potential in students to progress into higher education. As a result of the course:</p> <ul style="list-style-type: none"> - 4 local groups will become more resilient. - 2 Attendees will go on to further education. - 15-20 attendees who will receive a UofG qualification

		<p>and attend a graduation event.</p> <p>The whole community will benefit from the group's efforts and any local organisations who participate will benefit from further understanding of community development.</p>

What does your Organisation/Group do?	1.10	Our purpose is to give young potential musicians access to facilities, equipment and expertise, giving them a platform to play live music and providing them with the management skills to organise their own community based music events. The aim is to bring young people together to share ideas in a creative environment. The overall aim of Loud 'n' Proud is:- To provide young people with learning opportunities which promote the growth and development of specific life skills such as organisational, leadership, and communication skills which can enable young people to grow into motivated and responsible young adults.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	We have been a tradition music school providing education in Guitar, Bass Drums Keyboards and Singing. Many young people today have found their way into music through technology based equipment. Loud n Proud would like to be able to offer a place for young people to learn how to create music digitally and cater for this 'new' music. We wish to convert a small room in our studio to a Digital Media and Music Suite. It will be a place where young people can explore and develop new skills in music and nurture their talents. They also gain a solid foundation in music theory and production, which allows many of them build on to develop own musical style becoming artists in their own right. The Suite will be a digital multimedia facility	

		<p>boasting a professional IT suite and recording facilities allowing young people the opportunity to develop professional skills in music and sound technology, recording and video editing. It will provide a safe and social environment for young artists to experiment, learn and realise their potential.</p> <p>The need was highlighted at our Summer Music School in 2018. Many of the attendees were beginners and the format was a come and try. So, after the young people tried out various things we had on offer we asked for feedback. When the course was finished the parents and young people attended a feedback session. One of the points raised was that not all young people were not necessarily interested in learning to play an instrument but wanted to 'make' music digitally as it was found to be easier and instantly accessible.</p> <p>Also our Youth Committee and the young people who have taken part in recent other projects have identified that Digital Music is getting more popular and have suggested that young people who have an interest in IT rather than traditional instruments would benefit having access to a tutor and equipment. The format, structure and content are all suggestions that came from them and conveyed to the manager and this is why the application is being made.</p> <p>We will be offering a number of ways to introduce young people to digital music and recording.</p> <p>A series of workshops for Bands/Musicians and local organisations.</p> <p>An opportunity to work with a professional studio operator.</p> <p>One to one sessions for more advanced students.</p> <p>Giving access to students who are ready work on their own.</p> <p>"It will benefit young people who can't afford music lessons, do not have the time to learn or maybe a disadvantage such as visual impairment, learning difficulties or poor motor skills. For some learning an instrument can throw up challenges such as time, money and aptitude. Learning Digital Music Production offers those from a technical or creative mind the ability to write and produce music almost instantaneously.</p>
--	--	--

		<p>Participants learn team work helping each other and working together whilst editing their tracks, sharing ideas and collaborating on projects. A large part of the sessions will give young people who usually work in isolation the chance to network with other like-minded people and to exchange their experiences and expertise.</p> <p>The equipment will give the young people a lot of freedom to explore and experiment with their tunes without actually playing an instrument.</p> <p>Transferable skills: Ability to be creative and think outside the box. ... Ability to plan ahead. ... Ability to take responsibility. ... Ability to collaborate and work effectively with others to meet goals. ... Ability to think and understand in patterns. ... Ability to manage time well and handle several projects at once."</p>

How much grant funding are you seeking?	2.10	£ 4,000.00 (£28,000 across the Local Partnerships in total)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>To educate and provide hands on animal care and welfare facilities to the local community and surrounding areas. Lamont Farm offers a wide variety of services to various groups and organisations within the local area and further a field, work experience placements are provided to jobcentres, high schools, community service, kibble project and many more. The farm provides hands on experience for over 40 children who wish to pursue a career in animal care and veterinary practice, educational workshops are ran throughout the year for primary schools, nurseries and visitors.</p> <p>Lamont farm was founded by a group of individuals with a strong desire to establish a local education and community facility. We were the first City Farm in Scotland and the farm is very popular with families, nurseries and disabled groups as well as local schools. Around 10,000 people visit Lamont Farm annually. We aim to educate people from all walks of life in animal care, welfare and husbandry.</p> <p>The farm has many social connections to help promote mental health, wellbeing and to help lessen isolation. Animals are a great source of therapy and have a great ability to bring many different people together some people prefer being round the animals as a gentle way of reintroducing them into the community. Some of the</p>	

		<p>connections we have are RAMH, spark of genius, community service, West college Scotland's adults with addition needs and kibble we believe everyone should have the chance to be involved in their community. These connections help provide placements for anyone suffering mental health issues, physical disabilities, someone who has been out of the community, anyone who is looking to get back into work or anyone who just wants to volunteer, its a placement where everyone is included in every aspect of the farm with no judgement. We offer work experience placements to many different high schools throughout Renfrewshire and beyond including Gleniffer high school, the placements are invaluable to pupils wishing to pursue a career in the animal sector as not many places allow under 16's to work so closely with such a variety of animals, in recent years our volunteers have went on to become fully qualified veterinary nurses. We have a working partnership with glenburn based group Renfrewshire helping those in need we collect and distribute many items for the group helping out with people who are in need in the community. We are on an active bus route with buses coming from many different areas which helps make it easy to visit from many parts of Renfrewshire and the surrounding areas.</p> <p>The farm is working with a local artist by providing a dis used area of the farm to build a free and legal graffiti wall, this was established to encourage more youths to use the wall rather than putting graffiti around their local areas. The hope is this wall will help to reduce the vandalism in many areas by providing something different for everyone to try. The local artist will hold regular demonstrations and the idea is proving to be popular amongst the local and surrounding communities being supported by local newspapers the paisley express and the gazette.</p> <p>We regularly litter pick the pathways clearing the glass, dog mess and litter to ensure safety to the public using these paths and for any wildlife. We have had extra cctv installed after the farm itself was vandalised using graffiti which has helped reduce vandalism in the immediate area.</p> <p>The grant will help towards running costs to ensure the project can continue to provide a variety of services and continue to work with a number of local educational establishments within the community.</p>

Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie and Paisley West & Central	
How much grant funding are you seeking?	2.10	£3,500.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	The main purpose of the event is to provide an opportunity for families to come together , get active, and have fun. To organise a Christmas 3K family fun run & 1K fun run in Barshaw Park in Paisley. The Jingle Bell Fun Run is a unique family fun event. The event caters for all ages and all abilities and aims to encourage people to take part in 3K walk/jog and 1k fun run. Jogging Buddies will offer a training programme and beginner classes leading up to the event. The event aims to get families active and having fun while doing so. On the day we will provide information on opportunities for families and the local community to be active on a regular basis.	
	2.4	The event aims to bring the whole community together and promote activites within Barshaw park. We also link in with other local community organisations eg Friends of Barshaw Park , to promote other opportunties locally. We identified the demand for this type of event through talking to the local community and participants in our Jogging Groups. There were no family events like this in Renfrewshire. From feedback from race participants	

	2.5	<p>we reduced the distance from 5K to 3K to make it more attractive for families.</p> <p>The event is now in its 16th year and each year the numbers have increased. It has grown from 75 participants to 600 last year clearly showing the need for this type of event.</p> <p>We have also had positive feedback from other local groups who have supported us on the day.</p> <p>Organise a 3k and 1k family fun run at Barshaw park on the 1st Sunday in December.</p> <p>Provide opportunities for people to train for the event by organising a beginners Jogging group at our Jogging Buddies venues.</p> <p>Promote the event through local groups, previous participants and through social media.</p> <p>Encourage other local community groups to get involved in the event by asking them along to the event to participate or to promote their groups activities.</p>		
	2.6	<p>Work with partners Renfrewshire Council, Renfrewshire Health & Social Care partnership and local partners to promote the event, Paisley and Barshaw park</p> <p>Provide information on the day on opportunities for people to take part in physical activity on a regular basis</p> <p>Improved health and well being of local families Increased numbers of people using Barshaw park Increased opportunities to try new activities Improved fitness Improved community cohesion Raised profile of Barshaw park</p>

Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Paisley North, Gallowhill, Ferguslie and Paisley West & Central	
How much grant funding are you seeking?	2.10	£8,200.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	To provide a range of fun family activities both indoors and outdoors on a weekly basis to improve health and well being, promote positive mental health and encourage positive family relationships. To encourage people who would not normally have much engagement with their community to take part in new activities. To reduce loneliness and isolation To provide basic health information about healthy eating, mental health and physical activity in a fun and accessible way.	
	2.4	<p>In 2018 we carried out a large consultation exercise in Ferguslie Park. One of the questions asked the community what they would like to see more of and children's groups, more activities for families and more pre-5 activities were in the top ten responses. We have been working with local people who have gathered names of families wishing to be involved! We have very successful youth clubs in Ferguslie Park and are aware there is a gap for the younger ones.</p> <p>In Gallowhill we have been working with Families First and have trained a group of local mums as Community Health Champions. They are now running our Feel Good Gallowhill campaign. These volunteers have</p>	

	2.5	<p>undertaken a lot of consultation in the schools and round the doors and were able to run an 8 week trial of Active Families (with different funding we sourced) to see if there was an interest. There has been a great response with the group sitting with an attendance of 20-30 people each week.</p> <p>"Active Families is a successful tried and tested model run by Active Communities for a number of years in other communities. We have Active Families in Johnstone Castle and Johnstone McMaster Centre. Our local health champions from Ferguslie and Gallowhill have been out to the groups a number of times.</p> <p>Each week of Active Families has a theme and there is a health workshop and fun family games attached to that theme. The healthy snack provided is also linked to that theme. There is a real emphasis on the parents/carers joining in the activities with the children. It is a feel good activity which connects families to each other and to their wider community. If the weather is ok we make use of the local green spaces.</p> <p>Active Families promotes physical activity and positive mental health, feeling good about yourself and having fun. We are having a huge impact on reducing loneliness and isolation and improving the self-esteem and confidence of the families we work with.</p>
	2.6	<p>This is an activity that has been requested by the community and will be supported by our local volunteers (Community Health Champions) and staffed by local sessional staff.</p> <p>People are involved in activities which will benefit their health and wellbeing</p> <p>Improved opportunities for people experiencing poverty and disadvantage</p> <p>Reduce health inequalities</p> <p>Reduce loneliness & isolation</p> <p>Local people are empowered to take ownership for their local community and affect change</p> <p>Increased local opportunities for local people</p> <p>Increased awareness of local opportunities</p> <p>Increased opportunities to try new activities</p>

Our 2019-20 programme of activity builds on the success of previous events, such as our annual Fèis Week and Weekly Lessons, and creates new opportunities for young people across Renfrewshire. This includes: Fèis Week (July) - 130 participants, Fèis Bheag (Wee Fèis) - 30 participants, sma shot day (july - 30 participants, weekly lessons (year round) 40 participants, gaelic choir (year round) - participants, ceilidh trail (summer tour) - 6 musicians The Spree (October) - 60 participants, schools Tour (april - 4400 pupils</p> <p>Fèis Phàislig was formed as a legacy of the Royal National Mòd in 2013. Building on the success of the Mòd, and working with key partners such as Creative Scotland and Renfrewshire Council, Fèis Phàislig have delivered a hugely successful programme of events in the years following. We have seen continued growth within our delivery and in 2018-19, we have reached over 4500 young people through one or more of our events. We continue to develop new and existing projects and work with our participants to develop</p>

		<p>youth-led opportunities wherever possible.</p> <p>Our 2019-20 programme will build on new and existing events with a focus on engaging young people who may otherwise not have the opportunity to experience traditional music. Through a new Funded Places scheme, we will provide fully subsidized opportunities for pupils to participate in our events. We will deliver events for a wider age range than in previous years with our new Fèis Bheag for 5-7 year olds and through existing activity, such as our Weekly Lessons and Fèis Week, we will have opportunities for all young people aged 5-25 to participate in, regardless of their background or ability level.</p> <p>Deliver high quality tuition and opportunities for all young people, including those who may otherwise not have access to it. Bringing together communities through showcases and public events, add significantly to the local and national cultural calendar, participation in local and national events/competitions, employment opportunities for local tutors and musicians, to raise awareness of Gaelic and traditional music with Renfrewshire, increasing quality of life and providing enriching experiences for all those taking part. Supplementary information for Paisley North, Gallowhill, Ferguslie, Paisley West and Central Priorities

Paisley has an emerging traditional music scene with a new generation of young musicians now coming through. Through our inclusive approach to teaching, participants are able to attend classes and learn together, strengthening community involvement and benefit. The awareness of Gaelic culture and local heritage has increased significantly since the establishment of Fèis Phàislig in 2014 and has allowed those interested in traditional music and culture to participate, regardless of background or ability.

• Community Empowerment

Fèis Phàislig helps strengthen communities by bringing people together and creating a focal point which people feel they can be a part of and contribute towards. Our projects will assist the establishment of a caring, community atmosphere and as well as participants benefitting socially, families and others within the community will come together for showcase concerts and public events.

• Tackling social isolation to promote health

The social aspect of our 2019-20 programme will provide participants with the opportunity to make new friendships in an enjoyable and safe environment, working alongside professional artists and creative adults. Our Ceilidh Trail and Gaelic Choir groups will

directly tackle social isolation with the local partnership area, delivering performances to those who may otherwise not have access to music including care homes and day centres. We will work with other local organisations to organise and deliver performances throughout our 2019-20 delivery.

- **Community safety**

Weekly sessions and regular public events ensure there are activities for all young people to participate in. End-of-term showcase events, ceilidhs and concerts provide participants with a platform to showcase their abilities. Friends and family, as well as the wider public, are invited to attend these events which creates social benefit and widens the reach of our events to more young people and families within the community.

How much grant funding are you seeking?	2.10	£2,475 from Paisley North, Gallowhill, Ferguslie and Paisley West & Central £2,475 from Renfrew £4,950 in Total	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	<p>We aim to attract sponsorship and are planning fundraising for future years. Start up costs are a one off.</p> <p>Only six (approx.) out of 10 children aged between five and 14 years participate in sport outside schools. A significant number of our young citizens are overweight or obese, indicating that we need to foster a more sports-minded culture that encourages children to be physically active.</p> <p>People who are active dramatically reduce their risk of many diseases, including heart disease and osteoporosis. Regular exercise is also known to reduce the risk of emotional problems such as anxiety and depression. Habits are established early in life and evidence suggests that physically active children are more likely to mature into physically active adults.</p> <p>Some of the many benefits of sport participation for children include: Reduce risk of obesity,</p>	

	2.4	<p>Increased cardiovascular fitness Healthy growth of bones, muscles, ligaments and tendons Improved coordination and balance A greater ability to physically relax and, therefore avoid the complications of chronic muscular tension (such as headache or back ache)</p> <p>There has not been a youth football team based in Ferguslie, for the age group we are serving, in a number of years. We aim to provide, and grow, a team that is open to children throughout Renfrewshire, but based in Ferguslie Park – offering local children the opportunity to be involved in healthy activity and improving their mental wellbeing.</p> <p>There was a previous team with the same name – based in Ferguslie – that folded several years ago. This came as a blow to the local community and children further afield who were involved.</p>
	2.5	<p>I have a child who after enjoying his football for many years moved to a new team an unfortunately didn't settle. I also knew some other boys who had fell away from football, so with the demand being there I decided to re-start Blackstoun United.</p>
	2.6	<p>It will tackle social isolation. Children will be able to access sport with their own community and we aim to get parents onboard as volunteer coaches or committee members, strengthening local connections and making the most of the public asset that is Ferguslie Park Sports centre.</p> <p>Providing access to sport will bring the benefits highlighted in 2.3.</p> <p>Better community health Community pride All physical benefits highlighted in the attached paper Promote and adopt team working skills Inclusion – all children are welcome to join regardless of race/religion/gender in line with SYFA regulations</p>
