What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The purpose of the project is to provide an area where people who have experienced poor mental health can feel accepted and not judged. We do this by offering craft based activities to refocus and divert from ruminating. The project offers peer support and assists in breaking isolation not only on the day the project runs but on the other social activities that stem from participation. To design and produce various Scottish Themed Toys to develop new skills and build on existing. These toys will then be sold to provide the group with additional funds. The project has developed out of a group of people who were previously in supported employment. As this opportunity came to an end, we realised we wanted to continue to meet and use our skills to support others as we all had experienced poor mental health and had developed a range of art &amp; craft skills. We formed a committee and drafted a constitution. We encourage anyone in recovery from poor mental health to attend our group and our numbers are increasing year on year. We have attended a local gala day to raise funds as we as a committee are learning through our management of the group. We will offer art &amp; craft activities. Art tutor &amp; sewing tutor who will support group members to develop new or build on existing skills. Making use of various fabrics &amp; materials to make Scottish themed soft toys &amp; gifts. The group will have made Scottish Themed soft toys &amp; gifts that could be sold to raise funds for other group activities and the group members will have learned new skills. Group members by attending will be breaking isolation and building on social skills and networks.</p>

What does your Organisation/Group do?	1.10	To promote responsible dog ownership within the community. This includes animal safety, hygiene, discipline and health. For both the handlers and dogs it improves stamina and well being. We help dogs and owners improve their position in present society at a time when irresponsible dog ownership causes major problems. The club meets in an outdoor venue throughout the full year. The shared activities bring about an increased level of fitness in both handlers and dogs.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	Maintenance and improvement of training facilities. Dog Agility is a physically demanding sport and in poorly maintained grounds the risk of injury is greatly increased. We also seek to provide toilet facilities as none are presently available on site. We have considered options to allow us to undertake the maintenance ourselves but due to the size of the grounds we are not currently able to do so and the club pays for landscaping to maintain the training facilities. This maintenance is essential not only aesthetically but primarily ensures the safety and wellbeing of our members both human and canine. We are aware that members have to leave training and travel to the nearest public bathrooms; this involves driving to the closest toilet. Identify an appropriate ride on lawnmower and single portable toilet, then undertake cost comparison with various providers to determine most cost effective in terms of initial purchase cost and ongoing maintenance fees if appropriate. By purchasing a ride on lawnmower the club would be in a position to undertake the grounds maintenance themselves thus reducing annual outlay with no reduction in the standard of upkeep of the training facility. On-site toilet facilities would remove the need to drive to public toilet facilities.

What does your Organisation/Group do?	1.10	<p>Renfrewshire Youth Voice is a non-partisan organisation that ensures young peoples views are heard on a local and national level. We promote young people in a positive light. Our members are aged between 12 and 25 and membership is open to any young person living in Renfrewshire. We organise and host the annual positive about youth awards, local campaigns and hosting events for local and national elections.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The Positive About Youth Awards were designed to highlight young people's achievements which may go unnoticed, and to show the Renfrewshire community the positive work young people do on a daily basis. To enable young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. To inspire the next generation to get involved in their community, using previous winners/runners-up as role models. It was felt that young people weren't given enough recognition for voluntary and community work that gave a direct benefit to their peers and local area. The awards have been run by RYV for seven years, with the 2016 awards being one of our most successful ever, with 11 category winners and 10 runners-up. Nomination forms will be set out, collected and judged by a panel of RYV members. Films of the runners-up and winners will be made in advance of the event (EMMS). The evening will be a mixture of awards, speeches and music/entertainment, giving young people attending a fantastic experience in celebrating young people's achievements over the past year. Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of who these people are and the work they have done, in order to be nominated for a category.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Dates-n-mates Renfrewshire is a friendship and dating agency run by and for adults with learning disabilities. The project helps hundreds of people that would otherwise be socially isolated and lack confidence and self-esteem in their everyday lives. It provides opportunities for people to connect, make friends and build meaningful relationships though hosting a regular calendar of social events in a safe, comfortable and inclusive environment thus improving overall health and well-being. With 26,000 adults with learning disabilities in Scotland, the Scottish Government's 10 Year Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority. People with learning disabilities are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including forming and conducting relationships. The Learning Disability team in Renfrewshire Council support its development. Our recent dates-n-mates Renfrewshire evaluation evidences the significant, positive impact that the 16-17 LAC grant for outreach work has made to people with learning disabilities in Renfrewshire over the past 9 months since (Please see LAC Record of grant form attached for evidence and information). We will target many people of all ages in Renfrewshire that are isolated with learning disabilities and that are unaware of the project and potential benefits to them.</p>	

		<p>A resource to specifically focus on carrying out outreach work will help to identify these individuals and provide them the opportunity to connect and make friends and form meaningful relationships. Dedicated Outreach Workers (part-time) and awareness raising materials and activity will enable us to continue developing the outreach work, partnering with GPs, Housing Associations, Pharmacies, colleges, advocacy services, carers centres etc to achieve this. To compliment the work of social work, health and education services by reducing the formal statutory need to provide services for adults with learning disabilities by making more natural connections through dates-n-mates. To identify those that are most isolated and support them to access the dates-n-mates project to help reduce social isolation, improve their self-esteem, build confidence and improve the person's ability to be active citizens and improve their overall health and well-being.</p>		
What is your group's current bank balance?	1.14	920, 140		
Are there any significant items of expenditure to be set against this bank balance?	1.14	No There is no significant expenditure set against this balance. For information purposes these organisational reserves would be used to fund the 3 months running costs of the organisation should it enter into administration at any point (not a current issue of concern)

<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>To provide the significant benefits of the PACE Youth Theatre experience to young people with genuine interest in drama and the performing arts, but who find themselves in financially challenging circumstances which would prevent them from joining or taking part in activities. PACE Youth Theatre is already committed to keeping fees as low as possible to allow the maximum number of young people to benefit from the experiences and skills it provides. Our membership fees are already amongst the lowest of similar organisations, we also offer family discounts, and always endeavour to make individual arrangements with member's families who encounter difficulty in paying. However, as a charitable organisation with limited resources that relies on membership fees as a major source of income, there is a limit on what we can currently offer. We have been aware for some time that some people who may benefit, are dissuaded from even applying in the first place, due to their financial circumstances or socio-economic status. We will promote and administrate the PACE Youth Theatre Bursary Fund. This fund will offer a full experience of PACE including a full year's membership, two full weeks of school holiday performance project training, casting membership including a professional headshot and a PACE T-shirt. Parents of young people aged between 5 and 15, living in each LAC area, will be invited to submit a short application form to apply for the bursary along with evidence of their financial circumstances (e.g Employment and Support Allowance, Income Support, Incapacity Benefit etc). Initially we propose fifteen bursaries will be made available, three for each LAC area in</p>	

		Renfrewshire. We expect the individual young people to gain confidence, communication and self-expression skills which will help them realise their potential in their life and whatever future career they choose. We hope that after successfully piloting this project the Bursary Fund can be extended by donations from other businesses, individuals or organisations.

What does your Organisation/Group do?	1.10	Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis.

(Please use a separate sheet if required)	2.3  2.9	<p>Following a hugely successful pilot programme of weekly lessons in 2016/17, we aim to expand our year-round programme of traditional music tuition for young people aged 8-18. Weekly contact time with some of Scotland's top traditional musicians will give participants the opportunity to develop their instrumental abilities. In addition by developing a pool of local traditional musicians we hope to establish a Feis youth band and ultimately a Ceilidh Trail that will tour nationally. We received a hugely positive response to our 2015 Fèis week which included feedback showing that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing. Our pilot programme of weekly lessons had 25 regular participants developing instrumental skills and performing at a number of public events throughout the year. We will run 37 music class sessions between Sep '17 and June '18 with lessons running from 10am-1pm on Saturday mornings. Participants will receive tuition appropriate to their age and ability, in streamed classes, ensuring maximum learning benefit &amp; enjoyment. Local tutors will be employed at MU rates and we aim to attract 40 pupils to our weekly classes initially, building to 60 by June 2018. We are in discussions with UWS to host the project which will allow more young people from across Renfrewshire to participate with good transport links to and from the town. A year-round programme will offer 40-60 participants the opportunity to develop traditional music</p>	

		and social skills at an affordable cost as well as providing employment for 4 local tutors. End of term showcase concerts will bring together the community to celebrate the achievements of our students. We also aim to develop a youth band and, by 2019, a Ceilidh Trail which will promote live traditional music in the community and add significantly to the local and national cultural calendar.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>This would be YEAR 10 of the project and the grant would complement and enhance the previous nine successful coaching projects. This year we aim to work harmoniously with the Renfrewshire Sports Services, supporting their festivals and other events while filling any gaps in coaching provision. In conjunction with the Active Schools Programme, it would continue to promote good behaviour and a positive image of young people while giving them opportunities to have active involvement in their communities. In 2005-06, the project offered many Renfrewshire pupils an opportunity to play a different sport, indoors in a safe and warm environment. There is a strong 'Football Culture' in this country and it was an excellent alternative to our national sport. The previous 9 years of Basketball successfully being promoted in Renfrewshire and securing LAC grants has seen more than 30 local Primary Schools involved in the initiative which is totally inclusive. This project will: - Involve pupils in a structured, high energy and enjoyable activity, provide opportunity to become a member of a Community Club and further develop as a young person.-Increase wellbeing of young people to ensure that they are safe, fit and healthy. -Provide opportunities to improve fitness and performance. -Continue to be a vital diversionary activity to reduce anti-social behaviour, disorder and crime. This will be completed through supporting Renfrewshire Sports Services activity and 3 Rounds of Coaching in Primary Schools.</p>	

		In comparison to the previous 9 years of the Project, the anticipated outcomes are; More pupils participating. More pupils with additional support needs involved in Programme. More pupils becoming members of a community based Club. Increase parental involvement. Improve attendance and behaviour at school. Improved pathways between Active Schools and Community Clubs

What does your Organisation/Group do?	1.10	We are a Investors in Young People accredited youth organisation that aims to respond effectively to the needs of the most vulnerable children, young people and families within Paisley.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>We have identified a building to create Renfrewshire's first Digital Maker Space, a DIY environment where young people can gather to create, invent and learn using digital technology as a tool to address a community issue or mini project, thus creating a solution in line with STEM subjects. Workshops and sessions will include robotics, learning to code, develop phone apps, design video games and build PC's etc. Maker Space Paisley will operate Monday to Wednesday from 1-4pm for p4-S6 school pupils and young people aged 16 to 24 who are not in education, employment or training. Then from 5-8pm same days for children and young people in planned/focused maker space activity for 40 weeks. We held three focus group activities with 38 school pupils from three local high schools, St Andrews, Paisley Grammar and Mary Russell School who attend our weekly code or drop in youth clubs. During focus group sessions, youth workers discuss with young people what they identified as their digital needs based on their current understanding of STEM activity, what they feel was relevant and not being met in terms of closing the digital literacy skills gap within after school activity and what are the identified resources to make it happen. Then 11 young people who participated in the above research then formed a youth lead working group that created the Maker Space Paisley concept. In week one we record a base line of current digital skills and self-learning that young people has undertaken to date. This is used throughout the 10 weeks as an ongoing evaluation to monitor the young people's digital learning journey. The programme is devised in such a way that regardless of skill level in week one we support the young people to produce a tangible product or outcome by</p>	

		<p>week 10 i.e. create a mobile app, shoot a 360 video or build a website. Young people will be mentored and supported to take on project management roles, problem solve, set goals and work as a team, through a learn by doing approach. Maker Space Paisley will improve young peoples digital literacy skills, further develop their problem solving and cognitive thinking abilities, learn to use analytical approach's and support young people to communicate their ideas more effectively using a range of digital platforms. Young people are positively empowered, as its young people that identify what the project will be, its young people who are the main drivers and decision maker to develop what the solution will be and how to implement it digital. Young people gain increased confidence using digital technology in intuitive ways that makes sense to them thus developing the knowledge to use technology as a problem-solving tool.</p>

What does your Organisation/Group do?	1.10	We work collaboratively with children, young people, older people and communities to achieve our aims. Predominantly, but not exclusively with vulnerable groups. Want Renfrewshire to be a place where all children have the self-confidence and resilience to pursue their ambitions and realise their potential, through a positive mindset, health and wellbeing through our workshops with innovation, enterprise and creativity alongside outstanding delivery. Through sound management and a strong ethos of partnership to tackle society's big issues.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All 5 LACs	
How much grant funding are you seeking?	2.10	<b>£3,915.60 from each 5 LACs</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	We propose to deliver workshops on criminal justice and mental health agendas to help young people on a Personal and Social Education progressive pathway into further education or employment. We would like to provide a summer programme that shall be offered free to all young people who would benefit from such an opportunity. Offer drugs and alcohol awareness training, Hate crime awareness, Respect me anti bullying training. Building up resilience. This includes highlighting dangers, recognising risky behaviour and how best to handle misuse. We shall offer interactive sessions in PSE classes and include Dj skills with in house certification and within other appropriate settings like confidence building camping activities. We also offer Saltire awards and Dynamic youth awards. Young people and professionals interviewed for the recent national Media reports, Young minds report and CAHMS stated that waiting lists are still too long for young people to access mental health services which meant young people often self-medicated with drugs and alcohol, exacerbating their mental ill health and offending behaviour. We are on a mission to improve the mental health and wellbeing of young people, Renfrewshire wide. Currently our Young People work accounts for over 80% of the work we deliver and while education and employability is a key focus,	

		<p>Mental health is one of the most talked about issues we encounter when working with young people during workshops and our certificated courses and mental health issues are rapidly on the rise. Renfrewshire Youth assembly in November 2016 and Renfrewshire Youth Commission just recently found this week. Rigid criteria for mental health services meant young people had to be severely ill before they could access any support, and if they did get help it was usually in the form of medication. With a 6 week counselling service with CAHMS However, following prescription, young people often went long periods of time with no review or ongoing support. In the rare occasions where intervention extends beyond medication, professionals had little time for young people and a high turnover of staff meant a lack of staff continuity made it difficult for the young person to establish rapport or trust. We have also recently been requested by our young people to deliver on criminal justice and drug and alcohol agendas due to these being regularly used as coping mechanisms. We have offices with facilities in Paisley to deliver Comedy and mental health workshops and DJ workshops or for larger groups in one locality we can hire their local community halls. We have priced the DJ equipment required and camping equipment for 10 young people that they can borrow in order to allow the group all to feel included the same in equity as well as in unity, whatever their financial circumstances. We plan to cover Renfrewshire wide have DJ workshops for 10 Young people for 4 days over the Summer holidays and have outdoor DJ music events, promoting Drug and alcohol awareness. We plan to hold an open day in our centre in March/April to promote this and are already working closely with Barnardos, Kibble, Victim support, UWS and all Secondary schools in Renfrewshire. Our summer workshops shall provide an opportunity for young people to make friends, support each other, learn new skills in positive coping mechanisms and grow in confidence that they're not alone in improved communication/social skills , learn how best to support each other and find out more about self manage techniques discover themselves and their strengths, helping them to make informed decisions about their lives and feeling more in control specific positive improvements with focus on physical and mental health through Comedy, music technology and outdoor confidence building activities with graded certification for achievements. Developing further on their skills for learning, life and work with an improved outlook and better life chances.</p>

The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal/and legal drug taking (good and bad drugs). Additionally the education aims are around healthy eating, keeping themselves safe. The need for the project was identified due to grandparent carer feeling unsure how to explain to the children they are caring for about why they can't stay at home.</p> <p>Grandparents didn't feel they had the proper tools or skills to explain about illegal and legal substances. Additionally the role of social work and police (Authorities). We will offer education through play around drink and drugs. Healthy eating and mindfulness sessions. The grant will develop the mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addition and teaching young adults they can break the cycle by healthy life choices. The initial need for this initiative was identified during discussions involving all of the Renfrewshire Sports Partnership stakeholders which in turn led to the publication of the Renfrewshire Sports Strategy. The pilot community games event will plan and deliver a community games event within Renfrewshire during the late summer / early autumn of 2017. The event will seek to engage clubs from all of the sports operating within Renfrewshire and this will be advertised widely once the venue and date are confirmed. Active participation from all seven of the Sports Strategy partners will be encouraged from the inception of the event through to its delivery and subsequent evaluation. RSN will act as event organiser and will convene meetings with each of the interested parties in early summer to commence the planning process. What does your Organisation/Group do?	1.10	<p>We are a community based music initiative for young people in Renfrewshire. Our purpose is to give young potential musicians access to facilities, equipment and expertise, giving them a platform to play live music and providing them with the management skills to organise their own community based music events. We aim to help young people prepare for Further Education and make them more employable.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>This project aims to produce a musical called "The Bungalow" It is the story of a small bar in Paisley which became an important part in the history of music in the UK not only Paisley. The story has never been told before and this will be the first show of its kind documenting this small venue's rise to fame. It is innovative and will be nostalgic for those who went there and experienced it for themselves and will capture the imagination of those that didn't. For theatre goers and music lovers no matter what age they are. It is an amazing story punctuated with music that is timeless and also takes a look at what was going on in Paisley in the late 70's and early 80's. It will be a platform for young people to tell the story of a time when Paisley welcomed the most influential bands and musicians to its doors. It is a nostalgic look back in history, a time of platform shoes, perms and big flares. On one hand, it is a musical but on the other it keeps a part of Paisley's history alive. The show will include young actors, dancers and musicians from various organisations within Renfrewshire. They will have the chance to show that with the right guidance and professional help that they can produce a show at the highest level. Loud n Proud has the reputation of producing creative and courageous high quality musicals performed by young people.</p> <p>We have staged 3 versions of "I Was There" a musical telling the story of the legendary Glasgow Apollo. It is the biggest show of its kind in the country. We have been asked constantly by our partners,</p>	

		<p>those who took part in the show or attended it to do something similar in Paisley. Renfrewshire Council Officers were also keen to stage something similar in Paisley too. In response to those suggestions some research has been carried out and the popular choice was a musical play telling the story of The Legendary Bungalow Bar. The Bungalow was a small bar at the bottom of Renfrew Road, Paisley. It came to the forefront of the Scottish live music scene during the late 70's and early 80's. It's difficult to imagine that a little pub in Paisley attracted such big names as The Fall, The Skids, The Tourists, Orange juice, Roddy Frame, Alan McGee, The Buzzcocks, Echo and the Bunnymen, The Alarm, Altered Images, Jam, The Teardrop Explodes, Chelsea and many more. It is a story that has become local folklore and put Paisley on the music map of Britain. John Dingwall of The Daily Record said: "For me, gigs by post-punk acts, such as the Associates and Psychedelic Furs, at Paisley's Bungalow Bar, easily rub shoulders with The Rolling Stones at the Stade de France in Paris or Macca in Mexico" The grant will fund a series of dance, music and drama training workshops and rehearsals to give young people the skills to take part in a new and exciting musical. In conjunction with the Performance Programme there will be classes in Technical and Management subjects such as Sound Engineering, Light Design, Stage Crew and Event Organisation. The show will be premiered at Paisley Town Hall. It is envisaged that the experience in working in such an ambitious professional level project will develop the participants skills and inspire the young people to pursue a career in the arts or enable them to take part in other similar activities. They will understand the benefits of being part of a group and the positive elements of volunteering. We can help up to 32 musicians, 25 actors, 30 singers and 20 dancers by giving them professional instruction that will raise their performance level and experience performing on a high-quality show. Young people will gain confidence, self-esteem and valuable transferable skills from a mix of workshops and a real "hands on" experience. Other volunteering opportunities will be available in particular Set Building, Video Production, Backstage, Front of House, Roadies, Sound Engineering, Light Engineering and General Production. Participation in the group activities that are involved will give young people an understanding of the value of teamwork. The project will:</p> <ol style="list-style-type: none"> <li>1. Increase participation in positive activity</li> <li>2. Increase opportunities to develop interests and skills</li> <li>3. Increase participant's skills and will have positive changes in behaviour.</li> </ol> <p>The local community will be introduced to a piece of history that will educate them, make them proud and at the same time enjoy a fast paced, energetic show. It is envisaged that the show would be developed further to be part of Paisley2021.</p>

What does your Organisation/Group do?	1.10	As a Cancer Support Group, we bring people together to support each other through their cancer journey. We do this by promoting the benefits of friendship and laughter to those whose lives have been affected by this raging disease, promoting improved Health and Wellbeing by encouraging members to participate in various activities including light exercise with a RL qualified instructor, crafts, theatre, outings and respite. We encourage people of all ages abilities and ethnic background, helping them build confidence and self-esteem.

(Please use a separate sheet if required)	2.3  2.9	<p>To help cancer sufferers improve and maintain their overall quality of life albeit. Physical Health, Mental Health &amp; general wellbeing. We do this with the support network of friends who understand and share their experiences of the Cancer Journey, thus helping them to move on with their lives, with more mobility, motivation, friendship and a willingness to help others in a similar situation. WE encourage our members to look to the future more positively by taking part in light exercise, chatting over tea, crafts and companionship, thus alleviating loneliness and isolation. Listening to Cancer Patients explain what was out there to meet their needs during and after their treatment, although there is some good support, it was deemed due to financial constraints the support was only there for a limited period thus not meeting their long term needs which can lead to loneliness and isolation amongst other issues. The group was therefore setup in Elderslie which has proved very successful, and on assessment the exercise programme has been very beneficial as each individual is more active and the general wellbeing of the group has gone from strength to strength. In the last year we have also started up a new group in Paisley which is also proving very popular. We have also asked our members what they like doing and try to implement this where possible from these discussions and also</p>	

		<p>talking with other network partners we have identified that we could possibly help the wider community of people if we had an evening group, this is something that could possibly be considered with a slightly different programme. Because we listen to our members overall needs this group is unique in that our programme will adapt to its members needs and is ongoing throughout the year. It's amazing to see the overall wellbeing of the group, through the various degrees of support that is now available within the group there is more social contact and friendship with people who have been through a similar journey as they can discuss various aspects of their illness with confidentiality, including financial difficulties experienced through the loss of income whilst going through treatment. We have recently started up a walking group which meets once a month for a short walk and new knowledge of the surrounding area, we now also have a Nutritionist and Psychotherapist on board and this is also proving to be very helpful with a positive health improvement. Improved health and wellbeing for those who are having or have had cancer treatment, overall improved family relationships, thus improving the overall quality of life for those affected by cancer. Aspiring individuals to try new things in life, or move on with their lives to whatever level they are happy with, and helping others in a similar situation. We have also been in discussions with one of the other cancer support groups and some of their members have express a willingness to join up with our newly developed walking group so this will bring more like minded people together.</p>

What does your Organisation/Group do?	1.10	<p>Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference and the Breastfeeding Network strives to be the best we can be at providing peer support.</p> <p>Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding to individuals and organisations and to support a mum in her choice to breastfeed.</p>	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide</p> <p>LAC Applying to: We are a national charity and provide support daily over the whole of Renfrewshire</p>	
How much grant funding are you seeking?	2.10	<b>£6,515.00</b>	
<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>To provide breastfeeding peer support and evidence based information to families in Renfrewshire, especially in areas of multiple deprivations. To ensure our existing volunteers can continue to provide up to date information, receive ongoing support and learning (supervision), and continue to develop their skills. We will train more local women to volunteer which will help us maintain our well established services in the area and ensure sustainability of the project. This will help us to improve knowledge and support within hard to reach groups and the community. Despite recommendations from the World Health Organisation, UNICEF and the Scottish Government, breastfeeding rates remain very low especially in deprived areas. Across Renfrewshire only 13.5% of babies are still exclusively breastfed at 6-8 weeks in these data zones. Babies who are not breastfed are more likely to suffer from chest, ear, gastrointestinal and urinary tract infections, and at higher risk of developing high blood pressure, obesity, diabetes, heart disease and some cancers in later life. Mothers who do not breastfeed are at higher risk of developing breast and ovarian cancers and osteoporosis in later life. Breastfeeding promotes bonding and attachment which can help alleviate symptoms of post natal depression. Because of low breastfeeding rates in this area</p>	

		<p>some mums can feel isolated and have no one to ask for support, offering peer support to these mums can help them feel part of a supportive community and help reduce isolation. We will continue to provide high quality breastfeeding peer support across Renfrewshire at our groups in Johnstone, Ferguslie and Linwood. We anticipate that at least 12 different families will come along to access support at the three groups each week. We will continue to collaborate with the Families First, Health Improvement and Health Visiting Teams. We will attend community events to help normalise breastfeeding, raise our profile and raise community awareness. We will train 12 women to provide peer support, and will continue their ongoing learning, provide supervision and insurance. This a nationally recognised qualification which increases their confidence and helps toward retraining and future employment. That we will be able to continue to support vulnerable local families with high quality support at our local groups which are a valuable community resource. The families we support will have increased knowledge and confidence about breastfeeding and have increased links to a supportive community. We aim to support 75 different families during the year at groups and community based events. That we can continue to support our dedicated existing volunteers and help them increase their knowledge and skills. We will promote our work within Renfrewshire &amp; become more widely known as a source of skilled support that is available every day via the National Breastfeeding Helpline, website and on social media. We will increase social capital, active volunteering, knowledge and skills within a new cohort of volunteers, sustaining the project as a whole.</p>		
What is your group's current bank balance?	1.14	418,213.65		
Are there any significant items of expenditure to be set against this bank balance?	1.14	<p>Yes This figure represents the bank balance of a National Charity. We operate large scale commissioned services and this reflects ring fenced funding for several large specific projects. Locally we rely on the part time coordinator post to support our volunteers on a weekly basis. We want to continue our services locally and rely on Renfrewshire funding to provide this support.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>To highlight Paisley and the surrounding areas and encourage all communities to get involved and to be proud of their rich culture, history and architectural buildings and to be involved in the future progress and regeneration projects.</p> <p>To encourage people of all ages and abilities to take part in our themed tours acting out various scenes Theme Tours include :</p> <p style="padding-left: 40px;">Wallace &amp; Wilson Tour, Snail In The Bottle Tour</p> <p style="padding-left: 40px;">Weavers Tour, Robert Tannahill &amp; Valentines Tour, Paisley Ghost Tours, Witches Trail, Easter Egg Hunt, Christmas Tinsel Tour. I am an affiliated Scottish Tourist Guides Association Yellow Badge Member and would like to put my knowledge and experience to good use.</p> <p>Too many people go about their daily business and don't know what is round about them, for instance they maybe walk along the High Street everyday and don't notice any of the wonderful building until they are pointed out to them and that is when they say "I have never noticed that before" and then they start asking questions about it. That is where I come in and answer all their questions and tell them the history. We have a great wealth of history in the whole of Renfrewshire waiting to be discovered by many locals and tourists alike and I want to share my knowledge with them all. Most people know of Paisley Abbey, The Museum &amp; Art Galleries, Coats Memorial Church, the Observatory and the Thread Mills but we have so much</p>	

		<p>more out there that needs to be highlighted and with the themed tours it make it even more interesting and entertaining. We also feel we should be trying to help people out of isolation and get involved. I will go out there on my mobility scooter and take groups of all ages and abilities out on Guided Walking Tours to discover everything we have in the area and if for any reason they cannot manage a Walking Tour I will take my tours to them by presenting a PowerPoint presentation and slide show, whether it be a school, a community group or a nursing home. "No group too big no group too small I cater for all". The tours will encourage people to get out and about and help them to interact with other light minded people. The themed tours encourage people to get involved, interact and connect with each other. To encourage and get everyone involved and interested in their towns history and future. To get people out of isolation and join us on our tours. To show people with mobility issues that they too can come on the tours as the tours are assessable for everyone. To deliver Powerpoint presentations and slide shows to schools, community groups and care homes for the elderly and infirm. To make everyone proud of their town and surrounding area</p>
