**Heading: Smoke Free Hospital Grounds**

---

## **1. Summary**

- 1.1 The Health (Tobacco, Nicotine etc. and Care) (Scotland) Act 2016 inserts new laws into The Smoking, Health and Social Care (Scotland) Act 2005 ("the 2005 Act") and modify the provisions to allow legislation to be created to make it an offence to smoke within a designated perimeter area around NHS hospital buildings. The Regulations will effectively extend the ban on smoking in enclosed public spaces to cover a designated distance outside a hospital building.
  - 1.2 Regulations are expected to make it an offence to smoke within a 15metre radius of any hospital building and at this time, will affect only the Royal Alexandra Hospital in Paisley.
  - 1.3 Enforcement of the regulations will rest with local authorities and it is proposed that fixed penalty fines of £50 will be issued or fines up to £1,000 imposed for offences which are prosecuted. It is anticipated that this will be undertaken by the Renfrewshire Community Safety Partnership (Wardens)
  - 1.4 The Regulations, guidance and implementation date have yet to be published and Officers are currently working with the Scottish Government, NHS Greater Glasgow and Clyde and local authorities within the NHSGGC boundary to ensure consistency across the area.
  - 1.5 Once the legislation has been finalised and a date for implementation agreed, a full report will be taken to the Infrastructure, Land and Environment Policy Board.
