On: 12 MAY 2016

Report by: DIRECTOR OF COMMUNITY RESOURCES

**Heading: COMMUNITY SAFETY & PUBLIC PROTECTION,
PROGRESS UPDATE**

1. Summary

1.1 This report provides a progress update on activities the Safer & Stronger Renfrewshire and Community Safety Partnership have carried out in the Paisley North area in quarter 4 (1 January – 31 March 2016). A number of partners have provided statistical information, including: Police Scotland and Renfrewshire Community Safety Partnership. The report includes information on:

- Paisley North community safety statistics;
 - Environmental enforcement and improvement activities;
 - Protecting vulnerable residents;
 - A spotlight on the work of the Alcohol and Drug Partnership.
-

2. Recommendations

2.1 It is recommended that the Local Area Committee notes the content of this progress update report.

3. Focus on Paisley North

- 3.1 The table below details the number of incidents reported in the Paisley North Local Area during Quarter 4, 2015/16 (January to March 2016). The Renfrewshire Community Safety Partnership continues to target resources into hotspot areas including outside McDonald's on Paisley High Street and the Wellmeadow Street / Well Street area. The table highlights the continued positive trends in numbers of incidents reported, which have steadily decreased since 2009. Although there are some areas where the number of incidents has increased, this can be largely attributed to the success of an increase in communications and publicity in the area to promote the services delivered by the Renfrewshire Community Safety Partnership and increased reporting of particular problems. In order to respond to reported incidents, diversionary programmes such as Street Stuff are now well established in the LAC area and a separate annual report on Street Stuff, including an up to date timetable has been submitted to this meeting.

Incidents reported	Q4 2014/15		Q4 2015/16	
	Ward 3	Ward 4	Ward 3	Ward 4
Serious Violent Crime	8	16	7	11
Minor Assault	51	72	70	80
Drug Crime	68	200	53	149
Disorder and Anti Social Behaviour (ASB) (number of calls)	355	436	440	475
Vandalism	32	56	38	80

- 3.2 In relation to Environmental Enforcement issues, dog fouling continues to be a concern for residents in the Paisley North area. During the period January to March 2016, 15% of all complaints to Renfrewshire Community Safety Partnership (Community Resources) were related to Dog Fouling. 1,953 community safety patrols were undertaken in the Paisley North LAC area with a number of targeted interventions. However, it continues to be the case that catching irresponsible owners at the point that dog fouling occurs remains very challenging.

Dog Issues dealt with by actions	Ward 3	Ward 4
Dog Warden Visit/ Patrol	12	1
Dog fouling sign erected	6	3
Dog returned to owners	2	2
Dog taken to SSPCA	0	1
Visit regarding out of control dog	10	3
Warning letter issued	0	1
Dog Control Notice (DCN) issued	1	0
Monitoring visit (DCN)	16	9
Dog Fouling Leaflet Delivered	1	0

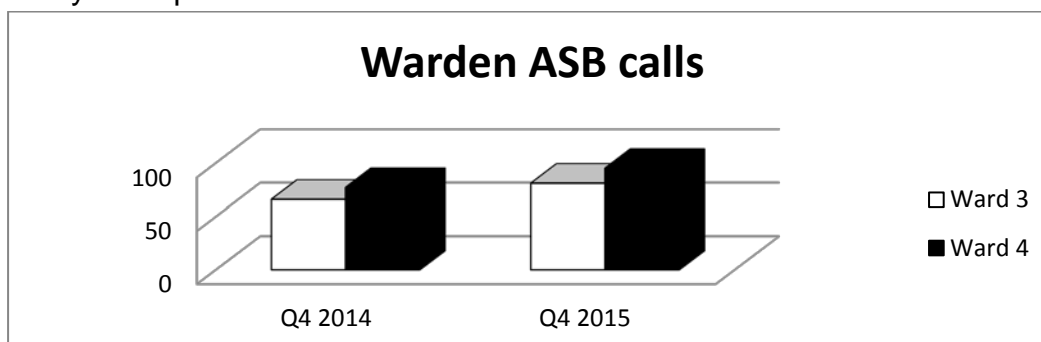

Renfrewshire Council is in the process of developing a draft Strategy on Promoting Responsible Dog Ownership to help address this issue.

The Strategy on Promoting Responsible Dog Ownership was developed in consultation with key partners and has identified 5 key priority areas:

- Enhanced partnership working ;
- Promoting responsible dog ownership in Renfrewshire;
- Tackling persistent offenders;
- Improving Enforcement procedures;
- Tackling Dogs Dangerously Out of Control.

3.3 Renfrewshire Wardens' Anti-Social Behaviour Calls

The table below provides details of the number of anti-social behaviour calls received by the Renfrewshire Wardens' service for the Paisley North LAC area during January to March 2016, showing the comparison to the same period last year. It shows the the comparison to the same period last year and indicates the success of a number of initiatives including leaflet drops and other communications targeted at increasing reports of Anti Social Behaviour issues in key communities. The calls made to the Wardens help the Community Safety Partnership to respond to and direct resources across Renfrewshire. 1,953 patrols took place within the Paisley North LAC area, many in response to these calls.

- 3.4 An update from Scottish Fire & Rescue Service will be provided in the report to the next meeting of the Local Area Committee.
-

4. Environmental Enforcement and Improvements

4.1 Vehicle Emissions Testing

This bi-annual event took place on 16-17 March 2016, the previous one having taken place in October 2015). The Renfrewshire Community Safety Wardens, working in partnership with the Council's Licensing Officers and Police Scotland, carried out emissions testing on light vehicles entering the Air Quality Management Area in Paisley town centre. 356 vehicles were tested (including 52 taxis and private-hire vehicles), with 6 fails resulting in the issuing of Fixed Penalty Notices to the drivers. There were also 5 warnings issued due to minor defects.

5. Protecting the Vulnerable

5.1 Safe Kids

Safe Kids is an annual programme coordinated by Community Resources, delivering educational messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire. In March 2016, the annual Safe Kids event was at St Mirren's Paisley 2021 Stadium. The aim being to reduce the number of accidents involving young people, promote positive behaviour and eliminate risks. Workshops included: antisocial behaviour; Street Stuff; CCTV; First Aid; alcohol and drug awareness; internet safety; fire safety; litter and dog fouling.

5.2 Choices for Life

Choices for Life is a similar innovative diversionary and educational initiative, led by Police Scotland aimed at raising awareness amongst young people aged 11-18 about the dangers of substance use and misuse in relation to smoking, alcohol and drugs. It also offers online safety and advice on how to deal with negative peer pressure and provides useful resources for young people and parents, carers, teachers and youth workers at www.choicesforlifeonline.org.

- 5.3 The latest Choices for Life, Paisley Event took place on Wednesday 23 March, 2016 at St Mirren's Paisley 2021 Stadium. It was attended by 200 second year pupils from four secondary schools; Gleniffer High School, Paisley Grammar School, St Andrew's Academy and Castlehead High School. There was also participation by a small number of pupils from Kibble

School and Mirren Park School. This event focused on New Psychoactive Substances (NPS) with inputs from Police Scotland, Fire and Rescue, Renfrewshire Council, NHS, Renfrewshire Alcohol and Drugs Partnership and St Andrews Ambulance.

5.4 I Am Me/Keep Safe

I Am Me is a community project which works in partnership with Police Scotland to raise awareness of Disability Hate Crime. In 2015/26, I Am Me launched a new training pack and DVD film which are available as a free resource to schools and groups. At the official launch at the Showcase Cinema, Paisley, the film was premiered with over 300 guests attending including the Provost, Lord Advocate and Deputy Chief Constable as the main speakers.

- 5.5 Keep Safe works in partnership with Police Scotland and a network of local businesses to create 'Keep Safe' places for disabled, vulnerable, and elderly people when out and about in the community. The Lord Advocate Frank Mulholland QC pledged support to the Keep Safe initiative by making all Procurator Fiscal offices in Scotland Keep Safe places in 2016.

6 Public Protection Spotlight – Renfrewshire Alcohol and Drug Partnership

- 6.1 The Renfrewshire Alcohol and Drug Partnership (ADP) is a multi-agency group, which has strategic responsibility to review, develop and deliver local services related to the challenges associated with alcohol and drug misuse. It was established in 2009 and comprises representatives from Renfrewshire Health & Social Care Partnership, Engage Renfrewshire, Police Scotland, Scottish Fire & Rescue Services, Scottish Prison Service and Job Centre Plus.
- 6.2 The Renfrewshire Alcohol and Drug Partnership's vision is to ensure that individuals will achieve and sustain recovery from their alcohol and drug use and become contributing members of society.
- 6.3 The Renfrewshire Alcohol and Drug Partnership is responsible for reporting outcomes in their Annual Report (latest 2014/15). The annual report also includes core and local indicators, many of which demonstrate an improving trend.

Indicators (per 100,000 population)	Base 09/10	Previous 12/13	Current 13/14	National Average	Target 2015	% change
Alcohol Related Hospital Discharges	911	956.4	1011.1	696.9	892.1	+5.7
Alcohol Related Deaths	25.7	30.2	23.9	21.4	25.2	-20.9
Drug Related Hospital Discharges	132.6	123.6	140.9	124.6	130	+12.2
Drug Related Deaths	15.0	15.3	7.9	10	13.9	-48

- 6.4 As seen in the table above the numbers of alcohol and drug related deaths in Renfrewshire have decreased from the 2009 baseline figures in line with the national average. Although we have seen improvements, current rates of alcohol and drug related hospital discharges in Renfrewshire remain above the Scottish average.
- 6.5 In the last year, over 96% of individuals in Renfrewshire waited no more than 3 weeks for treatment, which is better than the Scotland wide figure of 95.6% for alcohol and 95% for Drugs. Renfrewshire has consistently exceeded the target during 2014/15. Improvements seen in waiting times for drug and alcohol services have made services more accessible and increased the numbers attending.
- 6.6 Renfrewshire's Alcohol and Drug Partnership's 2015/16 developments include:
- Implementation of the Scottish Government's Quality Principles which include a detailed self assessment, and an evidence informed programme of work to support and improve service performance;
 - Recruitment of a Licensing Intern who will work with communities to enhance their involvement in the Licensing process;
 - Recruitment of a Recovery Development worker to enhance the work related to recovery from drug and alcohol problems in Renfrewshire;

- Funding of the Safe Bus, which seeks to support people who are at risk during the Festive period (Fridays & Saturdays nights in December). The Safe Bus provides a safe environment for anyone who may be vulnerable as a result of being intoxicated, injured or separated from their fellow revellers;
- The continuation of the National Naloxone Programme which aims to prevent drug related deaths. Naloxone is a potentially lifesaving drug which can temporarily reverse the symptoms of overdose. Training is offered on how to administer Naloxone and basic lifesaving skills including Cardio-pulmonary Resuscitation (CPR);
- A Training Needs Analysis is being conducted which seeks to identify training needs amongst staff working in addiction services and other key practitioners. This will inform future workforce development priorities for the partnership.

Report by: DIRECTOR OF COMMUNITY RESOURCES

Heading: STREET STUFF ANNUAL REPORT/FUNDING REQUEST

1. Summary

- 1.1 Street Stuff has been delivering activities in Renfrewshire since 2009, during which they have contributed to a sustained reduction in reported youth disorder and anti-social behaviour. Across Renfrewshire there has been a 75% reduction in youth disorder and anti-social behaviour since the programme began and an 84% increase in participation levels over the past 2 years. Over 37,269 participants took part during 2015/16, an increase of approximately 12000 (almost 50%) from the previous year. The programme now offers a wide range of activities such as football, dance, computer games and clubbercise.
- 1.2 The success of the programme is its responsiveness. Being evidence led, and by responding early to information and data received through the Renfrewshire Community Safety Partnership daily tasking process, the service has built its reputation on being able to divert young people effectively from anti-social behaviour into more meaningful activities.
- 1.3 Over the past year the programme has also received funding from the Council to respond to issues identified by the Renfrewshire Tackling Poverty Commission. This has supported the significant expansion of the programme to allow delivery of new activities and resources delivering increased flexibility in operation. This has shown significant increase in the numbers of sessions being held and the overall numbers of participants taking part. St Mirren Football Club has continued to support the delivery of the programme, including

at The Paisley 2021 Stadium with some of the events being held there. One such event was the festive programme generating record numbers of attendances from across Renfrewshire.

- 1.4 Over the last few years, Local Area Committees have been keen to consider funding additional activities within their LAC area which would allow additional sessions to be programmed within communities, that are not identified at a Renfrewshire level as areas that have a particular problem with either anti social behaviour or children living in poverty. The success of the programme means that local communities feel they would benefit from being able to access these services locally - particularly at local gala days and fetes. Given the scale of the core programme, it is asked that a contribution of £5,000 per LAC area should be considered. This being similar to previous years. This funding would contribute to the costs of delivery of up to 2 activity sessions per week within the LAC area, through the peak summer, autumn and spring months, as well as attendance at local gala days and fetes.
 - 1.5 Participants and trainees on the programme from each LAC area will attend the LAC meetings to be available to discuss the benefits they have gained personally from participation in the programme.
-

2. Recommendation

- 2.1 It is recommended that the Local Area Committee agrees funding of £5,000 to the Street Stuff Programme to contribute towards the costs of additional activity sessions within the LAC area as well as attendance at local gala days and fetes.
-

3. Background and Further Information on the Programme

- 3.1 The core Street Stuff programme provides a range of activities, primarily in the evenings and at weekends across Renfrewshire, targeted in communities that statistics show would benefit from diversionary activities being available. Effective targeting and identification of the locations for the core programme is provided by our Partnership Analyst using information available to the Renfrewshire Community Safety Partnership, including Police data that highlights the days and times of youth disorder and anti social behaviour.
- 3.2 The table below summarises the number of sessions delivered and the recorded attendance figures within each local area committee area during the 2015/16 financial year. The programme has grown significantly over the past

year as it has increased provision in response to issues identified by the Renfrewshire Poverty Commission. As part of this wider programme funding has been provided for additional afternoon sessions and camps with food provision that are being rolled out to locations that meet the specific funding criteria. This will continue during 2016/17 with a significant programme taking place during the Spring and Summer Holiday periods.

Festive Period		1107
Total	2073	37269

- 3.3 Due to the recent evaluation carried out by the University of West of Scotland and the high volume of girls attending Street Stuff venues, dance classes have now been added as a key popular activity within the programme. Since starting in November 2014 with just one class in Glenburn, dance has been expanded to a number of areas in Renfrewshire including: Gallowhill, Shortroods, Johnstone and Renfrew. Participants have learned dance routines and have had the opportunity to display them at different events such as the Stronger Communities event in Glenburn, a Fairtrade Festival in Paisley Town Centre and the St Mirren v Queen of the South football match. Due to its popularity and the enhancement of fitness levels with the young people participating, dance classes are now delivered within school hours as part of physical education in a number of schools, as well as supporting school health events.
- 3.4 Last year, boys from Street Stuff went on a visit to London to view a similar project operating there - Football Beyond Borders. The boys participated in football matches in Croydon, Brixton and St Albans, winning the tournament outright. Not only were they involved in football - visiting iconic venues such as Wembley, this was also for some, their first experience away from Paisley, including taking part in educational sightseeing trips. It was a huge success and was repeated when Football Beyond Borders made a return visit to Scotland during the summer holidays. On this occasion Street Stuff were the hosts of a local football tournament as well as organising sightseeing trips to Loch

Lomond and outdoor adventure team building at Lapwing Lodge. The Boys from London stayed at the Lodge throughout their stay. Due to the success of these trips over the last 2 years we are now planning for another group to have the same beneficial experience.

- 3.5 The Street Stuff Annual Football Festival held in May 2015 at St Mirren 2021 Stadium hosted around 300 young people from across Renfrewshire and the West Region in a competitive tournament sponsored and delivered in partnership with SFAs Midnight League. The teams had the opportunity to play on the pitch in the stadium. Street Stuff girls and boys teams both performed on the night with 2 teams winning their age categories and an East Renfrewshire Team also sharing the prizes.
- 3.6 In June 2015, Street Stuff was awarded £250,000 Tackling Poverty funding to expand the delivery of activities after school, weekends and school holiday periods and to include the provision of a healthy meal.

The objectives of the additional funding are:

- Improved social inclusion and access to facilities to those children who otherwise would not be able to experience the services provided by the programme;
 - Provision of and education around healthy eating and healthy lifestyles; and,
 - To increase positive destinations for young people.
- 3.7 The expanded programme commenced during the October School Holidays in the Gallowhill and Glenburn areas with football and dance delivered each day with lunch provided. Similar programmes were delivered throughout the festive and Easter Spring Break periods with plans currently underway for the summer holidays.
- 3.8 An extended weekly after school programme commenced in November 2015 in Shortroods and Gallowhill Community Centres with Football, Dance and Box activities and the provision of a hot meal. Activities and other suitable locations in Linwood, Johnstone, Foxbar and Glenburn are now being considered.
- 3.9 An additional two youth buses have been introduced to support the expanded programme and increase flexibility in the areas that can be reached. A further two buses will be purchased during 2016/17. Buses are now being used to provide a more flexible and accessible alternative to the boxes that were previously located in some communities – allowing services to be more responsive to the needs of communities as they evolve throughout the year.

- 3.10 The ongoing development of the Street Stuff programme has provided volunteering and employment opportunities. During the past year a number of young people took part in an eight-week employability course with 8 progressing to traineeships, gaining work experience through the delivery of activities and working with key Community Safety Partners. Extensive training has been provided as part of their journey including: Fire safety; Manual handling; First Aid; Child Protection/Sexual exploitation; bus driver training and SFA Football Early touches. Through the training provided young people have obtained the opportunity to build up information which can be included in their Curriculum Vitae's (CVs) with a view to securing sessional work within the programme at the end of the training period. A key positive outcome for the programme is that more than 50% of staff delivering Street Stuff activities are former participants and volunteers. A number of staff have also progressed to positive destinations, some with Police Scotland and others taking up Teacher training.
- 3.11 Street Stuff has been popular this year for work experience placements with young people from local schools and colleges. Over the past year, Street Stuff has been working with 2nd and 3rd year West College Scotland dance students providing practical experience to support their studies. Three students are working as sessional staff within the programme with the Street Stuff Dance Instructor forming part of the performance panel for the College. In addition we are working with University of West of Scotland providing placements for 1st and 2nd year students within the Street Stuff programme.
- 3.12 Street Stuff participants also get involved in initiatives such as “kick and collect” and “Do Your Bit” where they take part in activities designed to improve their communities including litter picks; graffiti removal and educational awareness programmes. Each time they participate, they collect points towards rewards ranging from paintballing and go karting trips to tickets for St Mirren and Scotland football matches or Braehead Clan tickets that they would not otherwise be able to afford. Local businesses donate prizes in recognition of the contribution that young people are making, helping them to promote positive community participation and pride in local communities. Through activities of this nature Street Stuff are currently supporting 18 young volunteers as they work towards their Saltire Awards.
- 3.13 Street Stuff continued their support at the annual Safe Kids event delivered over 2 weeks in March at the St Mirren Paisley 2021 Stadium. Several workshops ranging from online safety to drugs and alcohol awareness formed part of the programme with Street Stuff staff assisting in the delivery of workshops as well as coordinating the transition of children moving between workshops. Almost 2000 P6 pupils from across Renfrewshire attended the

event and were given the opportunity to attend a St Mirren match with a parent free of charge. Around 800 people attended the match against Queen of the South in March. The programme also supported the Choices for Life event aimed at S2 pupils across Renfrewshire raising awareness of the dangers and impact of alcohol and drugs as part of the Building Safer Communities agenda.

Our educational trip to London will provide the opportunity to visit a destination which encompasses different people, cultures and ways of life. The attractions, landmarks and museums we intend to visit during our stay will enable our members to experience art, culture and history and will broaden their horizons and help them gain a wider understanding of the world as it is today.</p> <p>We have identified the need for this project mainly through informal conversations and general discussions. Through general conversations and discussions it has become clear that a majority of our members have never travelled outwith their immediately locality. Many have never travelled out with Scotland. Such a situation we believe deprives the majority of our members of life experiences which are considered to be the norm in today's society.</p> <p>Our project will enable every member of the 8th Paisley Company Section to take part in a residential visit and to travel outwith their local area and to take part in activities they would not normally participate in. four day, three night residential trip to London.</p> <p>The trip will be both educational and enlightening, allowing our members to broaden their horizons, experience different places, people and cultures, whilst having fun.</p> <p>Our educational visit will benefit the individuals and volunteers but also the local community. It is anticipated that the visit will help to provide inspiration and</p>

What does your Organisation/Group do?	1.10	Scouting exists to actively engage and support young people in their personal development. Empowering them to make a positive contribution to society. Scouting in Paisley Abbey Scout Group has 90 members and the Group Executive govern, support and assist in facilitation of an exciting and challenging program of events and activities.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>The Scout movement celebrates 100 year centenary of Cub Scouting in 2016. This is a significant milestone and one that Paisley Abbey Scout Group, one of the oldest groups in Paisley would like to celebrate with a special outdoor camp in September. This camp will be themed around the centenary celebrations with the young people experiencing many activities both old and new to reflect on cub scouting throughout the last 100 years. The Group would like to make this camp affordable to all.</p> <p>Our leaders team along with the sixers council (older cubs) decided they would like to have an additional camp this year due to the national centenary. In addition our cub leader and Group Scout leader have been aware recently of a proportion of cubs who do not attend camps. We are concerned that this may be purely financial and we want to ensure no child is disadvantaged. The idea of finding a way to support a camp on a limited budget arose as a way to overcome this.</p> <p>Camp will be at local campsite, with leaders arriving night before and setting up site. Young people will arrive for a full program of activities from 10am until 2pm Sunday. We also hope this may encourage any nervous cubs who have not camped before as only 1 night. It will be a mixture of site organised activities along with many activities run by our own leader team.</p> <p>The benefits are that young people can take part in experiences that they otherwise may not be able to afford. By taking part in a challenge camp to celebrate</p>	

		100 years of cub scouting will encourage these young people to stay in the organisation and in later life potentially as future adult leaders and therefore retain healthy numbers of youth organisation volunteers in the Renfrewshire Area.

(Please use a separate sheet if required)	2.3 2.9	<p>This would be YEAR 9 of the Project and the Grant would complement and enhance the previous eight successful coaching projects by ensuring that the Community based 'Hot Hoops Nine ' Basketball Programme at Primary Schools and Festivals across Renfrewshire was consolidated and developed. In conjunction with Active Schools Programme, it would continue to promote good behaviour and a positive image of young people as well as giving them opportunities to have active involvement in their communities.</p> <p>In 2005-06, the project offered many Renfrewshire pupils an opportunity to play a different sport, indoors in a safe and warm environment. There is a strong 'Football Culture' in this country and it was an excellent alternative to our national sport. The previous 8 years of Basketball successfully being promoted in Renfrewshire and securing LAC grants has seen more than 30 local Primary Schools involved in the initiative which is totally inclusive.</p> <p>The project will; Involve pupils in a structured, high energy and enjoyable activity, provide opportunity to become a member of a Community Club and further develop as a young person</p> <p>Increase wellbeing of young people to ensure that they are safe, fit and healthy, Provide opportunities to improve fitness and performance, Continue to be a vital diversionary activity to reduce anti-social behaviour, disorder and crime. To ensure our existing volunteers continue to access support and on-going learning (supervision) this will help us to maintain our service and standards. We would train a new cohort of volunteers to ensure the sustainability of our service, increase social capital, widen our impact and access to breastfeeding knowledge among hard to reach groups.</p> <p>Despite recommendations from Health Professionals, breastfeeding rates remain stubbornly low, particularly in deprived areas. Across GGC, only 50% of women initiate breastfeeding and great disparity exists with only 16.3% of babies still being breastfed in the most deprived communities at 6 to 8 weeks. Mothers and babies who do not breastfeed are at greater risk of cancers, diabetes, atopic illness and infections (for babies). Training local women produces community champions as health assets We will build community confidence in breastfeeding and improve access to mum to mum peer support. We will continue to provide support in 4 communities in Renfrewshire (Ferguslie, Johnstone, Linwood & Kilbarchan). THOMAS COATS MEMORIAL CHURCH TCMC FURTHER INFORMATION

Section 1 – Organisational Details

1.10 What are the aims of your organisation?

The Trustees are responsible for maintaining the building and retaining and expanding its availability and suitability for use for the benefit of the wider community.

At present community use exceeds congregational use by a factor of approximately five to one. The Trustees recognise that the future sustainability of this Category A-listed building is almost entirely dependent on promoting and encouraging community uses. Maintaining this landmark building and keeping it damp-free are crucial to retaining the many existing uses, accommodating and encouraging new ones and maintaining this nationally significant building.

Section 2 – Project Proposal

2.3 What is the purpose of the project?

This project aims to replace a boiler at TCMC as a step towards securing the building for future community use and securing it as a venue for City of Culture 2021. Transferring TCMC to a non-faith basis is being progressed.

The boiler is expected to be condemned in April 2016. Without heating, the building fabric will suffer, dramatically hindering future use. This issue is of immediate concern and cannot wait until ownership is transferred.

This project seeks assistance to replace the boiler.

2.4 How was the need for the project identified and developed?

Discussions have been ongoing with Renfrewshire Council and the Prince's Regeneration Trust on securing a sustainable future for this Category A-listed structure, a landmark building and significant heritage asset for Paisley and Renfrewshire.

During these general discussions, the boiler problem has escalated. It is currently leaking and is likely to fail its next inspection in April 2016. Successful repair is unlikely and a replacement is considered the most cost-effective solution. Input from the Council's Property Services backs up these statements.

A damp-free building is crucial to safeguard the building fabric and its future use and value to the wider community.

2.5 What will it do and how will you do it?

TCMC will appoint, and cover the fees of, a suitably qualified and experienced consultant to examine the current boiler and recommend the most cost-effective solution. It is important to have input from a professional who is well-versed in the intricacies of historic buildings and outdated heating systems. The current boiler is the building's original system.

The consultant's report will form the basis of a tender exercise to appoint a suitable contractor for the required works. Based on the consultant's findings, the tender process will set out the necessary time-scales, specification and appropriate working methods for this A-listed building.

2.6 What are the anticipated outcomes?

The immediate priority is to keep this building damp-free and therefore safe from accelerating deterioration. This is a crucial step in retaining this remarkable heritage asset. The anticipated outcomes are:

- appointment of contractor
- replacement of boiler

Achieving the above will help deliver wider social and community outcomes to residents of Paisley and Renfrewshire. The project will:

- secure TCMC's future use
- help promote Paisley's heritage and
- aid Paisley's bid for UK City of Culture 2021.

See TCMC background report

2.7 How will you monitor and evaluate progress towards these outcomes?

Achieving particular milestones will be a measure of both the specific and wider outcomes anticipated for this project, namely:

- having the recommended works completed;
- monitoring the number of existing and new uses;
- securing a new owner for the building and
- having TCMC included as a cultural venue in City of Culture 2021 events programme.

When the Drop In was established, food was a small part of the work which was provided. Some of those who used the centre asked if food of a more substantial nature could be provided. At the same time the premises we use was redeveloped with a modern, well equipped kitchen. It was therefore felt we could provide full meals which was appreciated by the folks who used the Drop In. It will allow the Drop In to provide support, friendship and sustenance to those who need these relationships plus good quality food supporting their well being. It will also encourage more people to come to the centre allowing the overall aim of the Drop In ie engaging with those who have needs to be fulfilled. The centre is open 1 day per week where refreshments are offered all day and a full meal offered over the lunch time period using Holy Trinity Church Paisley hall/kitchen facilities. What does your Organisation/Group do?	1.10	Create primarily works with local young people in Paisley, with the aim of fostering safe environments and facilitating events and activities inspired and informed by the interests and passions of local young and the wider community. We are working hard to promote a 'positive Paisley'. Central to this, Create aims to advance local arts and culture, cultivating a creative community and giving spaces and opportunities for artists and musicians to develop their skills, abilities and potential.

Young people will increase in confidence, develop skills in technology and design, engage in City of Culture 2021 projects and build social networks with other young people and the wider community. Create will also continue its detached street programme, engaging young people where they're at and signposting to relevant activities.</p> <p>Create Paisley was started in response to local young people hanging out in the town centre who were seeking a positive place on the weekends to play their music. Lots of the young people we work with say there is a lack of free-to-access art and music opportunities in Paisley and therefore Create identified a need for such programmes. In 2013, 19% of children in Renfrewshire were living in poverty (Scottish Neighbourhood Statistics, 2013).</p> <p>Create offers low cost activities in response. Create will deliver creative programmes in songwriting, filmmaking, photography and app design every month, delivering at least one per week. These free arts workshops will be advertised through social media, schools and third sector organisations. Create will continue to run Cafe nights, offering safe spaces for young people to come and be creative, showing off their creations. The detached team will run fortnightly,</p>

What does your Organisation/Group do?	1.10	Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>Following a hugely successful inaugural summer Feis week in July 2015 we aim to expand our activity and establish a year-round programme of traditional music tuition for young people aged 8-18. Weekly contact time with some of Scotland's top traditional musicians will give participants the opportunity to develop their instrumental abilities. In addition by developing a pool of local traditional musicians we hope to establish a Feis youth band and ultimately a Ceilidh Trail group.</p> <p>We received a hugely positive response to our 2015 Fèis week which included feedback showing that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing. We believe a programme offering these choices will be successful but need the instruments to maximise learning opportunities. We have developed a plan for the project with our first lessons taking place during school term-time from August 2016.</p> <p>We will run 37 music class sessions between Aug '16 and June '17 with lessons running from 10am-1pm on Saturday mornings. Participants will receive tuition appropriate to their age and ability, in streamed classes, ensuring maximum learning benefit & enjoyment. Local tutors will be employed at MU rates and we aim to attract 40 pupils to our weekly classes initially, building to 60 by Aug 2017. We are in the final stages of securing a school venue with Renfrewshire Council in central Paisley.</p> <p>A year-round programme will offer 40-60 participants the</p>	

		opportunity to develop traditional music and social skills at an affordable cost as well as providing employment for 4 local tutors. End of term showcase concerts will bring together the community to celebrate the achievements of our students. We also aim to develop a youth band and, by 2019, a Ceilidh Trail which will promote live traditional music in the community and add significantly to the local and national cultural calendar.

The project is in its third year from being a rough hard landscaped area and is becoming an enjoyable outdoor facility at the Centre, enjoyed by all. The project promotes self-esteem, co-ordination and self-confidence. It is proving to be most beneficial</p> <p>All the adults have a learning disability and many have associated difficulties such as mental health, autism, epilepsy, sensory and physical disabilities which makes it difficult for them to access mainstream activities. The mix of physical, planning and creative elements in the garden project are particularly well received by the learning disabled.</p> <p>Staff at Milldale Centre who are talented gardeners will provide ongoing supervision of the project and where appropriate skilled staff will be engaged to fulfil the tasks where more experience is required. The provision of such therapy is cost effective in that it provides for all 80 adults attending Milldale on an ongoing basis throughout the year and complements rather than duplicates the services provided by Renfrewshire Council.</p> <p>As well as promoting self-esteem, the garden project promotes manual dexterity, co-ordination, communication and confidence building skills. The activities involved have been thoroughly evaluated by Centre staff and are considered to be of great benefit to the learning and physically disabled clients.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>We recently acquired a bus which we are converting to become a mobile cinema. Keys to Life funding £25K will pay for the conversion of the bus into the mobile cinema and we would like to apply for local funding to have two showcase events in Paisley which launch the new bus. Young people are key to changing societal attitudes and behaviours and we would like to use the bus as a mobile educational unit for raising awareness of disability, bullying and hate crime. In Renfrewshire, there are 36,000 people registered as disabled or with a long term illness. Studies indicate that 9 out of 10 disabled people have been bullied or harassed and 47% of children with disabilities have been bullied within the last year. We would like to expand our work with young people. We will use the cinebus to show the educational movies, along with partners in Police Scotland and other key community safety partners. The funding, if successful will enable us to have two key events in Paisley where we will have Keep Safe awareness and movie showings throughout the day for young people, disabled people and communities to attend.</p> <p>It is intended that the cinebus will engage with young people to encourage a new and exciting learning experience. The events will showcase the bus and how it can be used within schools, disability groups and even used for older people within sheltered housing (cinema experience from the car park) Outcomes: Raised awareness of bullying and hate crime. To provide a safe learning environment for children and adults alike to learn about all aspects of animal care. To allow people from the surrounding area to gain a hands-on experience with a variety of animal types, and to provide work experience placements to any students or pupils from local schools and colleges who are interested in animal care.</p> <p>The need was identified in 1977 when the farm was established as there was no project like this within the local area. It has been continually developed since then, with the number of animals increasing as well as the number of animal types. The range of animals has been expanded to include a large variety of animals and is often changing to ensure that there is always something new to show and teach the visitors. There are workshops run throughout the year to enhance the learning experience.</p> <p>It will increase the number of placements available to those wishing to follow a career in animals care. It will provide a place for children from all areas including areas of deprivation to gain a hands on experience with animals large and small. This will be achieved by working closely with educational establishments within the area to provide work experience placements, and by running workshops for children throughout the year at a minimal</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>Our project aims to increase the number of people participating in regular sport within Renfrewshire and aims to address the reduction in people participating regularly in sport and active activity sessions, by providing regular cricket sessions throughout the year. Led by a qualified cricket coach our cricket sessions will increase the activity levels all participants and help to promote an active and healthy lifestyle throughout the local communities where our project will work.</p> <p>The need for this project was identified by liaising with local groups and local people. We have become aware of the declining number of people of all ages participating regularly in sport, especially cricket. Football teams cater for a high number of people however our project seeks to cater for those who do not play football and indeed cater for people regardless of ability. We seek to promote participation in sport, through cricket for people of all ages and abilities.</p> <p>Our project will provide cricket sessions for people of all ages and will focus on the following:- in or after school cricket coaching sessions (primary schools) - in or after school cricket coaching sessions (secondary schools) - university and college cricket coaching sessions - weekly, open cricket coaching sessions for all aged under 18 - weekly, open cricket coaching sessions for all aged 18 and above - winter cricket coaching sessions for people all ages and abilities</p>	

		Our project will not only help to enhance fitness levels and improve the health and well-being of each individual but it will also promote key transferrable skills which people of all ages can use in their educational or employment lives. Communication and team work skills will be promoted by our project while self-confidence, self-belief and self-esteem of each individual will be enhanced.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>The purpose of the project is to allow Guides and Scouts to attend an international camp in Sutton (England) and provide training and uniform. They will develop teamwork, communication skills, resilience and a better knowledge of international Guiding & Scouting. They will enjoy a range of sporting & outdoor activities that will help build confidence and self reliance.</p> <p>PAGGS is an international twin town cooperation involving Guides, Scouts, Boys and Girls Brigade from - Paisley (Scotland) Apeldoorn (The Netherlands) Gagny (France) Gladsaxe (Denmark) Sutton (England) It started as a leader's conference in 1970 between five twin towns with the first letters P-A-G-G-S. The conference was a success, with many new friendships made, it became an annual event, with the towns taking turns hosting the conference. The concept was expanded with a camp instead of conference</p> <p>The trip will encourage young Guides & Scouts from a variety of backgrounds to engage in outdoor teamwork & individual activities. This will aim to influence them to lead to a healthier lifestyle. It will encourage them to try new things and show that exercise and outdoor can be fun. They will also develop self reliance, teamwork and build confidence. It will aim to</p>	

		<p>increase their well-being by providing a safe environment where they are encouraged to be responsible & respectable towards others.</p> <p>Local Guides & Scouts will benefit from getting an opportunity not given to many to experience International Guiding & Scouting. They will be able to bring back to the local people a new enthusiasm for the outdoors. It is also hoped that they will present talks to local groups about their experiences & encourage more youths to explore the outdoors, improve teamwork, communication & Self reliance.</p>

This is a Scottish hosted international camp with over 1250 attendees from over 50 countries. The young people attending will participate in a wide range of adventurous activities and benefit from the international experience of camping with foreign scouts from around the world.</p> <p>For more information see - http://www.jamborette.org.uk/story-of-blair-atholl/ This grant will reduce costs for local</p> <p>The need for this project was identified by the young people within the organisation. Attending an international is a once in a lifetime opportunity for scout members and there is a high interest to get involved. The activity was over subscribed and required a selection event to confirm members best suited to represent Paisley.</p> <p>The event has an organising work group led by young people and overseen by leader members. The project will be governed by the Paisley & District Executive committee. This grant will support both pre camp training, camp costs and post camp hospitality when international scouts enjoy home hospitality in the Paisley area.</p> <p>The benefits are that young people can take part in experiences that they otherwise may not be able to afford. (Please use a separate sheet if required)	2.3 2.9	<p>The sum requested is to secure the continuation of tutorial services for amateur writers who require support, encouragement and guidance to produce written work. This is done with an eye to performance in public at our "Open Mic" nights and eventual publication. We have included existing members work in the forthcoming anthology financed by Glasgow Airport Flightpath fund. Also last year we received funds to go to Robert Burns Birthplace museum and this year would like to go to Edinburgh Writers Museum for an Educational Day Trip. The Writers Group received funding last year for our professional tutor and we would like to reapply for funding for the tutor to enable her to continue her excellent work in developing the talents of local amateur writers. The skills the tutor brings empowers the writers of all stages who have contributed their work to our forthcoming anthology and open Mic nights. Looking forward to Paisley's Bid for "City of Culture" status in 2021 we believe that writers groups are part of the local arts scene area vital part of Paisley's Cultural Life.</p> <p>As previously stated the grant would enable a professional tutor to teach the class creative writing in Beechwood Community Centre Shortroods once a week for 2 hours a night. As Edwin Morgan former Poet Laureate of Scotland has written: "There is no doubt that much talent can be drawn out and nurtured through friendly group exposure and encouraging criticism". Also</p>	

		<p>we hope to travel to EdinburghWriters Museum as a group to learn about Scotlands great writers: Burns, Scott and Stephenson et al and hope they can inspire the group in their own work.</p> <p>The outcomes of the work of the tutor with the group are that members will gain an appreciation of the techniques involved in creative writing with constructive feedback from the turot. Members will thereby build a portfolio of their work at the centre and be able to contribute to future anthologies and participate in performing pieces at our "Open Mic" nights.</p>

That part of the funding not included within this application will be met from club funds. The Paisley Pirates formerly played and practised at the Lagoon Leisure Centre until 2006. However, at that time, Renfrewshire Leisure Ltd took the decision to end ice related activities at that venue, obliging the club (and indeed others) to seek alternative accommodation, the only suitable venue being Braehead Arena. Current operation costs at that venue are approximately £600 per home game and £400 per week for training (ie approx £200 per hour).</p> <p>It will enable the club to continue providing a local focus for the sport of ice hockey, given that no other suitable venue is available within the Renfrewshire area. What does your Organisation/Group do?	1.10	Parkrun is a not for profit organisation that facilitates weekly community timed 5k runs, these are free and open to all. Currently 383 events take place in the UK weekly, but none in Renfrewshire. We want to change that for our community by holding one at Linwood Moss adjacent to ON-X.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide 0</p> <p>LAC Applying to:</p>	
How much grant funding are you seeking?	2.10	£3000 is the total one off cost to establish a weekly parkrun at Linwood for all time. We would like to apply for partial or full funding as appropriate from your review and evaluation

(Please use a separate sheet if required)	2.3 2.9	<p>Parkrun organise free weekly timed runs all over the world. Held in pleasant parkland on Saturday mornings at 9:30am, the run is open to all – from juniors and first timers to Olympians and octogenarians. Currently there are 383 events happening in the UK weekly, but none in Renfrewshire. We want to change that and add this into our community by having a weekly parkrun at Linwood Moss adjacent to ON-X. Parkrun in my opinion is a wonderful experience and we need to put Renfrewshire on the map.</p> <p>At present any resident of Renfrewshire has to travel to participate in a parkrun. The nearest ones being held at Pollok and Victoria Parks in Glasgow and also on the Esplanade at Greenock. A group of local parkrun runners and volunteers felt it was time to change that and bring this free event to our local area and formed an event committee accordingly. We are currently working with ON-X and the Council to gain the required permission and have agreement in principle from parkrun HQ.</p> <p>parkrun UK estimate that the number of registered runners with a Renfrewshire postcode is about 500. The core team estimate that in the early weeks we will have some 100 runners and 12 volunteers, however we anticipate that we will eventually reach 300 runners once the event is fully established. By creating this event in Renfrewshire we will be helping to create the opportunity for people to achieve sustainable and healthy lifestyle changes within their own community.</p>	

		Increased participation in a walk/ run weekly will benefit local people who participate (estimate 300 weekly) in terms of engaging in a healthy environmental pursuit. The event creates a nice social environment to encourage participation and build better communities and friendships within them. Based on experience some people will get involved, not just to run, but to volunteer and gain new skills and focus in their lives.

(Please use a separate sheet if required)	2.3 2.9	<p>We have faced difficulties over the past year in that we had hoped to be able to "out reach" more to the general public. We had planned to buy a trailer to transport our equipment to various venue to display the work of the club. Unfortunately, the equipment proved to be too heavy and cumbersome to be transported from the training venue. In addition, because of damp ingress, some equipment has become unusable. We have purchase new, light weight equipment which will allow us to proceed</p> <p>The problems of bad practices by dog owners is widely known. We have researched the facts around dog ownership in Scotland and costs incurred by councils in clearing up dog fowling. We also looked at the statistics around dog attacks, the growing trend of puppy farming and impulse buying of designer dogs (often the more aggressive breeds). Many of these end up abandoned because owners have little or no knowledge of training methods. We hope to educate and influence a wider number of dog owners.</p> <p>We need to provide better facilities for members and the public who attend our events. There are no toilets at the training venue and we would use funds to purchase a permanent "portaloo". In addition, we would require a new storage container to protect equipment and enable</p>	

		<p>us to continue with demonstrations to the general public. Any additional funding would be used on posters and leaflets.</p> <p>Better awareness by general public of what a responsible dog owner should do within the community - safety-cleanliness etc. Demonstrate what a small amount of regular training can do to improve the discipline and obedience of a dog. Educate owners on the need to "socialise" dogs to improve safety both to the dogs themselves, other people's dogs and also to the public.</p>

It also aims to promote help seeking behaviors by raising awareness of sources of support by encouraging the community not to 'Hide it but to Talk about it'! It also invites the community along to remember those they have lost and to celebrate the lives of those who have taken their life.</p> <p>Ferguslie Park remains one of the most deprived area in Scotland. High levels of deprivation increase the risk of suicide in communities and deaths by suicide are considerably more within these communities. That said, local Ferguslie man, Paul Cardona asked to work with the local support group, Survivor's of Bereavement by Suicide to organise a 5-a-side Memorial Football Tournament. Paul has been working closely with agencies and community activists since 2012 to make this event happen.</p> <p>The football tournament will act as a medium to transmit information about suicide and the help-seeking resources available locally and nationally. It will also stimulate conversation around suicide, reducing the stigma attached. It also invites services into the community, breaking down barriers to seeking help in a particularly hard to reach community. The main benefit will be that people are more informed about where to go if they or someone they know are feeling suicidal.</p> <p style="text-align: center;">Outcomes</p> <p>* conversations about suicide that will help to reduce stigma</p>

Help them get their lives back on track and hopefully empower them to help others in a similar situation.</p> <p>We currently run a group in Elderslie which has proved very successful. At assessment the exercise programme has shown that each individual is more active than before so including the general well-being of the group which has improved it greatly, it has encouraged us to start another group. Given this evaluation and how the group has brown we now feel taht another group is required in another area, this is also due to the promise of referrals from other hospices and such like partners.</p> <p>Will help people within the group to recover more quickly from their treatments help them physically and mentally, it will also help elevate loneliness and isolation. Having the support network, social contact and friendship with others who have been through a similar journey is invaluable as they can discuss all different aspects of their illness including the financial difficulties experienced through loss of earnings etc whilst going through cancer treatment.</p> <p>This will greatly enhance the lives of those who have or have had cancer and their families. What does your Organisation/Group do?	1.10	<p>Renfrewshire Access Panel is a small charity based in Renfrewshire dealing with accessibility. Originally we started with access to the built and natural environment and access to services although we are now delighted to be at the forefront of promoting access across its widest remit and endeavors to be fully inclusive in its approach. This means working across the private, public and third sector to remove physical and attitudinal barriers to equality, and to promote independent living.</p>

Due to the increasing number of volunteers the panel has recruited over the last year we need to provide travel costs and any expenses that they may incur as well as office expenditure.</p> <p>It will make it easier for people to get in contact with us to obtain advice or arrange training meaning that people who have never accessed a computer before such as the elderly or disabled people will have access to a new world of digital participation.</p> <p>The anticipated outcomes for ourselves is easier access to RAP thus making us more accessible to everyone. We will also have our own broadband which will improve communication links with the council. We should also be able to ensure the broadband is working while providing computer training. A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. We are looking for funding to cover basic running costs.</p> <p>When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We ran scheduled information clinics as well as stay open 5 days a week for people who need to be listened to one-on one. The centre serve as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to communicate at all. We will provide a platform for social interaction between the members in the form of two SOOPIR (Strengthening Opportunities for Older People in Renfrewshire) Days. This will involve providing appropriate entertainment for older adults and getting relevant information for them. We hope to combat social isolation and loneliness mental and physical.</p> <p>We consulted with our wider membership to determine what was needed this year in Renfrewshire and as a result of this consultation Project (1) was selected. It was agreed that some form of political dialog should be organised to assist our members when they come to select their candidate for the forthcoming election. The need to provide information from other organisations who can have an impact on the wellbeing of seniors was also identified. It was agreed that 2 Soopir Days be developed.</p> <p>We will be organising several events that will empower older people, build their confidence and increase their knowledge as well as help them to build relationships. Through this approach we will encourage building partnerships with those organisations who have an impact on the lives of senior citizens. We will be</p>

What does your Organisation/Group do?	1.10	Renfrewshire Youth Voice is a non-partisan organisation that ensures young peoples views are heard on a local and national level. We promote young people in a positive light. Our members are aged 12-25 and membership is open to any young person living in Renfrewshire. We organise the annual positive about youth awards, local campaigns and are looking to host hustings events for elections.

To enable young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. To inspire the next generation to get involved in their community, using previous winners/runners-up as role models.</p> <p>It was felt that young people weren't given enough recognition for voluntary and community work that gave a direct benefit to their peers and local area.</p> <p>The awards have been run by RYV for five years.</p> <p>Nominations will be sent out, collected and judged by RYV members. Films of the runners-up and winners will be made in advance of the event (EMMS). The evening will be a mixture of awards, speeches and music/entertainment, giving people attending a fantastic experience in celebrating young peoples achievements over the past year.</p> <p>Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of who these people are and the work they have done, in order to be nominated for a category.</p>

What does your Organisation/Group do?	1.10	The Scottish Afro - Caribbean Carnival (S.A.C.C) provides the Renfrewshire community with an outlet to celebrate and share the diversity of their different cultures. We provide the resources and tools to illustrate the heritage and traditions of their homelands through music and art.

(Please use a separate sheet if required)	2.3 2.9	<p>This project is to promote cultural integrations to the community and to have a platform for celebrating diversity and also to generate interest and understanding in each other's cultures, in non-threatening, friendly and inquisitive environments. We want to dispel any myths and mis-understandings that are easily reported but have no real factual support and have real impacts on minority communities.</p> <p>The idea was identified through a table - talk group in Reem whose initials objectives was to come up with ways of promoting cultural integration in the community. The group noted that Renfrewshire has diverse cultures, but it lacked opportunities and places for people to share such cultures. As a result the carnival idea was identified as a good opportunity for encouraging members of the wider community to come together, share cultural experiences through art, dance, drama, and celebrate.</p> <p>On the lead up to the actual West Indies type of parade, we plan to arrange a programme of activities in partnership with local youth groups operating around the Renfrewshire area. These activities will cover such things a National costume designing and making, playing musical instruments related to certain cultures, and fun around finding out about each other cultural beliefs and history by way of dance, story-telling and other art mediums. The parade and event will be organised.</p> <p>Our main objective is artistic development through this specific project. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>The main purpose of the mini bus scheme is to provide transport each week to enable our less able and disabled members to attend the Friendly hour. Many of these members, who live in the local community are afraid or unable to leave their homes, so transport assists otherwise housebound members to meet up with friends. This is essential and a great benefit for their health and wellbeing.</p> <p>The Friendly Hour Committee quickly identified that certain members would be unable to attend weekly meetings unless transport was provided. More and more members requested help with transport and it was decided to hire a minibus and provide our own qualified volunteer driver.</p> <p>The health and well being of the elderly is very important and unless voluntary groups like St James's Church Friendly Hour provides help in this way then many people in the community will be lonely. The mini bus project encourages people to come out of their homes all the year round to meet friends for a cuppa and a chat and enjoy some light exercise or experience a variety of entertainment.</p> <p>So far the mini bus project has been very successful and in future the membership of the club will continue to grow. More and more elderly people living on their own will be encouraged to take part in the club.</p>

This is a major expense to the orchestra, one that has grown considerably in recent years.</p> <p>The orchestra is the only symphony orchestra meeting for study and performance within Renfrewshire. It allows former students from the Renfrewshire Council Instrumental services to continue playing orchestral music. We are the only adult organisation regularly performing orchestral works in Renfrewshire. We usually give two concerts a year. In the current year we are moving out of Paisley to give a concert in Johnstone Town Hall and will assess the success of this move.</p> <p>It will allow people from Renfrewshire to study and perform the orchestral repertoire. What does your Organisation/Group do?	1.10	The aim of our organisation is to provide a safe and welcoming environment for people to come and play competitive football. For the last few years this has been restricted to only adults, however, we hope to be able to expand that to include children as well in the coming years.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>This project has been brought together to allow us to expand on what we have managed to build so far at or club. At the moment we have one successful adult team called Stanley Athletic and if we secure funding, we are looking to re-brand the club as the Stanley Athletic Soccer Academy. This will include two adult teams, several youth teams of all ages and holiday soccer camps for young primary school children that will run through the school holidays.</p> <p>We have put together this project as we would like to continue the level of growth that the club has experienced within the last couple of years since we took over. The amount of members of the club has trebled since May '14, and we aim to double the current number by August 16 through setting up of our second adult team. We have turned around the fortunes of this team since putting our own systems and methods in place, and now feel we are ready to extend that beyond our current squad.</p> <p>Firstly, we intend to set up holiday camps for young primary school kids, providing a safe and friendly environment for them to come and play football and interact with other children. We intend to do this first to allow our coaches to get used to working with children again, before setting up our first competitive youth team. We intend on advertising through social media, as well as in newspapers and also dropping leaflets into schools to drum up an interest.</p> <p>The anticipated outcome of our soccer camps is to have provided the children with a memorable experience of</p>	

		<p>their time being coached with us. We hope to receive positive feedback from kids and parents alike and have kids wanting to return to the camps when they run again. As these camps will be aimed at very young children, the main aim is to have these kids falling in love with the game of football and encouraging them to stay involved with the game as they grow older.</p>

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant	2.6	<p>The anticipated outcome of our soccer camps is to have provided the children with a memorable experience of their time being coached with us. We hope to receive positive feedback from kids and parents alike and have kids wanting to return to the camps when they run again. As these camps will be aimed at very young children, the main aim is to have these kids falling in love with the game of football and encouraging them to stay involved with the game as they grow older.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>The purpose of the project is to create a mobile digital youth hub to deliver iEnterprise. The premise of the programme is for young people to identify a need within their community and then take ownership and develop an idea to address that need or issue. A key focus of the programme is to up skill young people to effectively use digital technology to develop and implement their ideas. YMCA Paisley have consulted young people as part of our street work programme in the town to identify what are their needs and what are the gaps in services. It was identified that young people want to create their own projects that lead to career development. However there is a lack of access to wifi/wifi enabled devices and many young people still lack basic digital skills and using tech/digital to turn their ideas into reality.</p> <p>The mobile digital youth hub will visit youth drop in's, uniformed and faith based youth clubs in Paisley and provide access to software, training and hardware to develop young people ideas. Young people will be mentored and supported to take on project management roles, set budget's, problem solve, set goals and work as a team so that outcomes are met. We aim to have 8-10 projects each lasting 8 weeks each over the 8 months of the programme.</p> <p>Based on our 4 month pilot young people involved in iEnterprise have saw increased success rates at job/college interviews as employers/tutors are impressed with the level of responsibility, creativity and dedication they demonstrate as a result of talking about their community projects. Participants have demonstrated more confidence and a stronger self will and now seek out and talk to funders about what they want to do, how they intend to do it and what the outcomes will be.</p>
