

To: Economy and Regeneration Policy Board

On: 7 November 2023

Report by: Chief Executive

Heading: Scotland Loves Local Update 2

### 1. Summary

1.1 The purpose of this report is to provide a further update on the Scotland Loves Local scheme in Renfrewshire. It highlights current take-up and spend to date and sets out future Council objectives for the scheme and the associated marketing and activities plan to achieve these.

### 2. Recommendations

- 2.1 It is recommended that the Board:
  - (I) Notes the content of this report;
  - (II) Approves the proposed objective framework and associated marketing and activities plan;
  - (III) Authorises the Head of Economy and Development to continue the scheme until May 2025.

#### 3. Background

3.1 The Scotland Loves Local campaign is a national initiative designed to encourage all those who live in Scotland to think and spend local. It has the potential to stimulate local spending in towns across Scotland through having a thriving circular economy based on residents supporting local businesses, ensuring that money stays in the community for longer.

Like any gift card, users can choose the amount of money to load on the card, which can be spent at participating businesses within the Local Authority area.

#### 4. Scotland Loves Local objectives

- 4.1. Scotland Loves Local was launched in 2021 to support the economic recovery of town centres post-pandemic. The programme is championed by Scotland's Towns Partnership, with Mi-Cnx responsible for administration of the scheme.
- 4.2 Initially, some Councils used funds from the Scottish Governments Local Authority Covid-19 Economic Recovery (LACER) scheme to top-up Love Local cards. Residents were then able to use the cards for day-to-day purchases i.e. essential food and household items. The main aim was to alleviate costs of living pressures. As such, the decision was made to allow larger retailers, such as supermarkets to be recipients of the scheme. As a result, the majority of spend across Scotland has been with recorded at larger multi and cross-national businesses.
- 4.3 Discussions with Scotland's Town Partnership have highlighted that as the scheme matures, there is an opportunity to refocus SLL so that more spend is recorded within town and village centres, supporting small and medium sized businesses.

#### 5. Renfrewshire context

- 5.1. Currently there are 137 separate units signed up to the scheme in Renfrewshire a full list is available in Appendix A. Most registrations are either within the Paisley First Business Improvement District, or large multi-nationals.
- 5.2. In the board update of May 2023, it was noted that a total of £31,873 had been spent on the Scotland Loves Local in Renfrewshire. As of 1 October 2023, this has now increased to £44,610. This reflects an increase of more than a third in spend over the last four months.
- 5.3 A significant portion of this increase came from one large local employer using the scheme to reward its staff. This highlights that large businesses using the scheme as a means of corporate gift-giving can help to support the continued growth and viability of the programme.
- 5.4 Moreover, statistics are showing a consistent spending with small local retailers showing that the scheme is improving amongst this cohort. We will continue to work with our partner Mi-Cnx to improve data monitoring to better understand the long-term trends and impact of the Gift Card in Renfrewshire.

#### 6. Licensing

6.1 As previously reported to the Board on 23 May 2023, a licensing fee of £9,000 was paid to cover financial year 23/24. The annual order form was signed 24 May 2024. As per the terms of the license agreement, the Council have until 6 months from this date (i.e. 24 November 2024) to advise the administrator that they wish to terminate the agreement, otherwise the subscription terms will be automatically extended by a further period of 2 years. Officers are now seeking permission to use existing Council budgets to fund this scheme for a minimum of two further years.

#### 7. Proposed Outcomes

- 7.1. If the Council continues with the scheme, a framework of objectives has been developed by officers to ensure that Scotland Loves Local is effectively aligned with the Council's strategic policy objectives to create a thriving network of town and village centres, underpinned by inclusive sustainable economic growth.
- 7.2. This framework will guide our strategy to grow Scotland Loves Local across Renfrewshire over the next two years. Its focus shall be on ensuring that the programme is reorientated towards its original aims of supporting the local circular economy, thereby supporting our centres, our people, and our local businesses. The objectives are to:
  - Grow the amount spent on the card by at least 150% over the next two years.
  - Sign up an additional 30 SMEs to the scheme over the next two years, with a focus on businesses within Lochwinnoch, Erskine, Renfrew, and Johnstone. The Council will work closely with key stakeholders, such as Paisley First, Johnstone Business Consortium, and other relevant partners to achieve this objective.
  - Increase the amount of money spent in SMEs by between 5 and 10% over the next two years to achieve a more equitable split in card revenue.

### 8. Associated Marketing and Communications Plan

- 8.1. Officers have developed a bespoke marketing package promoting Scotland Loves Local across Renfrewshire and meeting the associated objectives set out above. Initially the plan will run from October 2023 March 2024 to support the development of the programme. This will include:
  - Campaign motivating Renfrewshire's large employers to use SLL scheme as a means of corporate giving/staff reward and incentive. A webinar outlining the corporate benefits of the scheme took place on 18 October and follow-up communication and engagement with large employers will continue during November, with partner support from the Renfrewshire Chamber of Commerce.
  - Campaign encouraging SMEs across Renfrewshire to register for SLL scheme and become a place where local people spend the card/spend local. This will also use partner support from Renfrewshire Chamber of Commerce and town centre business improvement districts/business consortia. Awareness-raising and engagement is in tandem with other Council support programmes, eg, Retail Improvement Scheme, and events and activities such as local Christmas events. Elected member support to engage with business owners would also be welcomed.

- Campaign encouraging Renfrewshire residents to use the gift card and spend local. This consumer campaign will involve social media and digital advertising spend in November 2023 and February 2024, and improved visibility and presence of the SLL scheme in participating businesses. A 'Spend Local' consumer competition will take place in November 2023 to coincide with Christmas Lights switch-on events.
- 8.2. The marketing package also seeks to maximise opportunities for Renfrewshire Council to support the programme. This may include aligning discretionary spending programmes with Scotland Loves Local where possible.
- 8.3. As the programme matures in Renfrewshire, officers will look for additional opportunities to generate activity. For example, press and social media activity for first Scotland Loves Local Week in August 2023 highlighted 20 local businesses backing the 'spend local' message similar activities in 2024 can be used to increase awareness and uptake of the scheme.

#### 9. Progress and Reporting

9.1 If agreed to continue the scheme, progress will be reported to the Board on a rolling basis.

#### Implications of the Report

- 1. **Financial** No additional finance is sought. All funding is accounted for within existing Council budgets.
- 2. HR & Organisational Development None.
- 3. Community/Council Planning -

**Jobs and the Economy** - the scheme has the potential to secure additional income for Renfrewshire based businesses, which in turn could support more investment and jobs within the local economy.

- 4. Legal None.
- 5. **Property/Assets** None.
- 6. Information Technology None.

#### 7. Equality & Human Rights

- (a) The Recommendations contained within this report have been assessed in relation to their impact on equalities and human rights. No negative impacts on equality groups or potential for infringement of individuals' human rights have been identified arising from the recommendations contained in the report.
- 8. **Health & Safety** None.
- 9. **Procurement** None.

- 10. **Risk** None.
- 11. **Privacy Impact** None.
- 12. COSLA Policy Position Not applicable.
- 13. Climate Risk Not applicable.

# List of Background Papers

None.
