TITLE:
GLENIFFER LOCAL PARTNERSHIP PRIORITIES

1. Summary

- 1.1 Gleniffer Local Partnership agreed a number of priority areas for focus at the meeting on 20 March 2019.
- 1.2 These Local Priorities should help develop the agenda and workplan for the Local Partnership moving forward, and it is recommended that members of the Local Partnership discuss the Local Priorities and agree how they wish to progress their agenda.
- 1.3 It is anticipated that Local Partnerships may want to refine their Local Priorities as the Partnership continues to develop. This is an opportunity to review and refine prior to the allocation of grant funding in 2020/21.

2. Recommendations

- 2.1 It is recommended that members:
 - a) Review and reflect on the draft priorities for Gleniffer, which are outlined in Section 3 of this report
 - b) Agree how the priorities can shape the Local Partnership's work plan moving forward
 - c) Identify any particular agenda items for the next 12 months, including partners they may wish to invite to the Local Partnership to provide further information on a specific topic.

3. **Background**

3.1 At the meeting on 20 March 2019, Local Partnership members, considering local information and their experience of the local area, identified five draft priorities as part of a facilitated discussion.

3.2 These were drafted in priority statements, and are as follows:

1. Community assets

The Local partnership want to see busy local community centres, full of activities. They also want to boost community involvement, getting more people involved in local groups and volunteering.

2. What's on in Gleniffer

The Local Partnership want to develop ways to share information about what is going on locally across the area, including developing community noticeboards and networks.

3. Public safety and road safety

The Local partnership want to promote public safety across the area. This includes road safety and managing the speed of traffic in the area.

4. Isolation and loneliness

The Local partnership want to tackle isolation and loneliness across the area. They think a key barrier for some people is transport and being able to access activities.

5. Play facilities

The Local Partnership want to see development of parks and play areas for children and young people.

3.3 It is recommended that Local Partnership members revisit these priorities and identify how the priorities can start to develop a workplan. Members may wish to consider the following points for discussion:

- (a) How would the Local Partnership like to structure its work – for example, is there a Local Priority which is more urgent, or could the Partnership use the priorities as 'themes' for future meetings?
- (b) Are there any priority areas where the Local Partnership would like further information, and who could provide this?
- (c) Are there particular partners or stakeholders which the Local Partnership would like to invite to the Local Partnership?
- (d) Is there any further engagement around the priorities that needs to be done with communities in the Gleniffer area?

- (e) How could Partner representatives in the Police, HSCP and Engage Renfrewshire support the work of the Partnership?
- (f) Are there specific goals or objectives that the Local Partnership would like to agree in order to progress the Partnership's work?
