### CHAIR

Councillor McNaughtan, Chair, presided.

### IN ATTENDANCE

G Hunter, Chief Economic & Regeneration Officer (Lead Officer) and S Graham, Partnerships Planning and Development Manager (both Chief Executive's); L McLean, Community Learning & Development Officer (Communities & Housing); and J Lochans, Programme Manager and E Gray, Senior Committee Services Officer (both Finance and Resources).

### ALSO IN ATTENDANCE

I Cunningham and A McBride (both Engage Renfrewshire); and G Low and M Woods (OneRen).

## **APOLOGIES**

Councillors Carolann Davidson, Janis McDonald and Jim Paterson.

### **1 MINUTE**

There was submitted the Minute of the meeting of this Local Partnership held on 15 November 2022.

**DECIDED:** That the Minute be approved.

### **2 CULTURAL FACILITIES UPDATE**

The Partnership recieved a presentation from J Lochans, Finance & Resources, and G Low and M Woods, OneRen, which provided an update on the regeneration of Paisley's cultural facilities.

The presentation provided an overview on the works being carried out to redevelop the Town Hall, Art Centre and Paisley Museum, as well as the establishment of a new Paisley Learning and Culture Hub on the town's High Street. A timeline for works and completion was set out with Town Hall expected to be ready to host The Royal National Mòd in October 2023 and the museum to open to the public in 2024.

A vision for the type of events which could be accommodated at the venues was presented together with details on the marketing strategy and branding for each.

**DECIDED:** That the content of the presentation be noted.

### **3 YOU DECIDE RESULTS FOR PAISLEY NORTH, WEST & CENTRAL**

L McLean, Communities & Housing, provided a verbal update relative to You Decide results on the participatory budgeting exercise across Renfrewshire and detailed the successful projects for the Paisley North, West and Central Local Partnership area.

The initiative gave communities a key role in deciding their priorities for environmental and physical infrastructure improvements to be undertaken throughout Renfrewshire over the next three years via a Community Investment Fund of £1.2 million. This fund was split across 16 local areas and as many projects as possible had been funded until all the money had been allocated. As a result of the engagement initiatives, over 2,700 proposals/ideals were submitted.

The successful projects for You Decide had been announced and information for those in the local area was provided. Where plans were already in place for an idea, some projects had been taken on by council services outside of the campaign or council funding had topped up the project to ensure as many local ideas as possible could be brought to life.

**DECIDED:** That the information provided be noted.

#### 4 **PARKS, PLAY AREAS AND GREEN SPACES AND COMMUNITY LEARNING AND DEVELOPMENT UPDATE**

L McLean, Communities and Housing, gave a presentation on Parks, Play Areas and Green Spaces in the Paisley North, West and Central Local Partnership area.

The Green Spaces Fund fed directly into the COP26 target of protecting communities and natural habitats, financial and practical support was provided to volunteers, to take the next steps in making physical improvements to their communities. Over £2m was awarded to 70 community projects in Renfrewshire over the course of the past three and a half years. The fund had also supported eight asset transfers where groups had purchased or secured long term leases of land for gardening, sport or growing ground activity.

In addition to the Parks, Play Areas and Green Space funding from Renfrewshire Council volunteers and groups was encouraged to secure external funding from local businesses and house builders.

The presentation advised that there was still a balance in the funding pot and that applications which met the criteria and were seeking between £5,000 and £10,000 would be favoured to allow as many groups as possible to benefit.

A summary of the work being undertaken to inform communities of various areas of support which may be available in the local area was provided. Information was also provided on ALISS – A Local Information System for Scotland which enabled people and professionals to find and share information on resources, services, groups and support in their local communities and online.

**DECIDED:** That the content of the presentation and information provided on support available, be noted.

#### 5 **WINTER CONNECTIONS**

S Graham, Chief Executive's Service, gave a presentation on the Winter Connections Programme and provided information on the network of local places that had received funding to connect people to others in their community through the winter period. He also advised that hosts were asked to sign up to Winter Connections principles, and support was provided to all host organisations including a Winter Connections toolkit, printed materials, information sharing, access to other services such as advice and period products being provided for locations.

A number of facilities in the locality had been made available to connect people in the community, with advice also being offered at these venues around other sources of support which were available to members of the community.

**DECIDED:** That the content of the presentation be noted.

#### 6 **REFERENCE OF COMMUNITY VIEWS ON RENFREWSHIRE COUNCIL BOARD PAPERS**

G Hunter, Lead Officer, provided a verbal update on the representation of local communities' views on reports presented to Policy Boards at Renfrewshire Council.

To provide background to the update, J Wilby, Paisley West & Central Community Council, advised that concerns had been raised previously around reports being presented to the Council's Policy Boards which made no reference to representations made by local community groups resulting in board members taking decisions without being fully furnished with all relevant information. Direct reference was made to papers which had been considered in relation to Kelvin House and the redevelopment of Causeyside Street.

During the discussion that followed, concerns were also raised around the views of community groups in more affluent areas being seen to carry more weight than those in deprived areas with the seemingly varying levels of scrutiny applied to Community Asset Transfer applications in Ralston and Ferguslie being given as an example.

It was noted that consultation around planning applications was set out in the planning legislation and the Community Councils were provided the opportunity to submit comments on relevant applications. It was suggested that the timing of an application and Community Council meetings could, on occasion, have led to reports being presented to a Board before comments had been submitted.

In terms of non-planning board reports, it was noted that a report template was used which had a section for detailing implications on Community/Council Planning which could be used to highlight any relevant comments which had been submitted by local community groups. It was agreed that concerns around the omission of submitted comments would be fed back to senior Council Officers.

**DECIDED:**

(a) That the content of the update and following discussion be noted; and

(b) That the concerns raised around the representation of community views on Board papers would be fed back to senior Council Officers.

**7 GRANT AWARDS IN PAISLEY NORTH, WEST AND CENTRAL AREA - NOVEMBER 2022 - JANUARY 2023**

There was submitted a report by the Chief Executive relative to awards made in the Paisley North, West and Central Local Partnership area to local community and voluntary groups since the last meeting of this Local Partnership held on 15 November 2022.

Details of awards made from various sources which included: Winter Connections, Community Health and Wellbeing Fund (Engage Renfrewshire), Culture, Heritage and Events Fund and Alcohol and Drugs Recovery Change Fund was provided.

**DECIDED:** That the grant awards made to community and voluntary groups in the Paisley North, West and Central Local Partnership area since November 2022 from funding sources other than the Local Partnership be noted.

**8 PAISLEY NORTH WEST AND CENTRAL LOCAL PARTNERSHIP BUSINESS ARRANGEMENTS**

There was submitted a report by the Chief Executive relative to the timeline and arrangements for the 2023/24 round of applications for Local Partnership funding.

The report advised that applications to the 2023/24 round of Local Partnership awards would be open from Monday 6 March to Monday 10 April 2023. Updated guidance would be issued to applicants, with opportunities for applicants to attend support sessions to obtain advice and receive answer to queries about the process. The applications would be processed and be submitted to the May 2023 cycle of Local Partnership meetings for consideration and determination.

**DECIDED:** That the timeline for the 2023 round of applications for Local Partnership funding be noted.

## 9 **BUDGET MONITORING REPORT 2022/23 AND 2021/22 AWARDS FEEDBACK**

There was submitted a report by the Chief Executive relative to the Paisley North, West and Central Local Partnership budget for 2022/23.

The report advised that the Local Partnership provided funding to community groups to undertake projects through a range of grants in terms of the General Grant Fund, Paisley Common Good Fund and, following a participatory budgeting exercise, the Celebrating Renfrewshire Fund. Appendix 1 to the report detailed the funding allocated by the Local Partnership in 2022/23 together with the current budget position, while Appendix 2 detailed feedback received from community groups awarded funding during 2021/22.

**DECIDED:** That the budget monitoring and feedback report be noted.

## 10 **DATE OF NEXT MEETING**

The next meeting of the Paisley North, West and Central Local Partnership was scheduled to be held on 16 May 2023 at 6.00pm.

**DECIDED:** Noted.

**To: Paisley North West and Central Local Partnership**

**On: 16 May 2023**

### Section 3 – Impact

How many people benefitted from/accessed your project?

(If you have received funding from more than one Local Partnership, please tell us how many your project reached in each Local Partnership area)

- Erskine, Inchinnan, Bishopton and Langbank
- Paisley North West Central
- Paisley East
- Gleniffer

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

We achieved all of the priorities and these are all part of our strategic intentions:

Health and Wellbeing

Tackling social isolation to promote health

Supporting Social connections

Isolation and Loneliness

This equipment has helped hundreds of people with disabilities and mobility issues hire free or low-cost equipment to get them out of their house or residential setting. Even post pandemic, we know many of our members are still hesitant to go out and lack confidence.

Our role has been to connect with our members and let them know we have existing and new equipment to enable them to be independent and make choices to improve their life and health options. We've had over 500 hires of this equipment over the course of the year and our membership has increased which is a positive as more people are utilising the service.

We surveyed members who hired equipment and the findings are noted below:

100% told us they would lose their independence if we were unable to provide our service

100% said they would require support to look after their care needs

64% wouldn't be able to care for their family

98% confirmed their condition would significantly worsen

97% would be less connected and lonely/isolated

It's clear from the above data that our members do benefit greatly from our service, which you have invested in and we and our members sincerely appreciate this. Enabling and connecting with people is essential and our role in this is to ensure that those with disabilities and mobilities are able to join other funded projects or just get out and do whatever they need by offering them choice. Our belief is that we should not forget about those who struggle with disabilities or mobility issues.

### Section 3 – Impact

How many people benefitted from/accessed your project?

(If you have received funding from more than one Local Partnership, please tell us how many your project reached in each Local Partnership area)

We have seen an increase in our fan base at our Paisley Pirates games & indeed our newly created junior team, from all over Renfrewshire. Our numbers have increased dramatically on the social media platforms too, again, from all over Renfrewshire & further afield, including many other countries outwith the UK.

Examples of our current social media numbers are;

Facebook Followers - 3,359

Twitter Followers - 2,793

Instagram Followers - 1,249

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

One of our Junior Development players has made the u16 Great Britain team, who will compete in competition in Riga, Latvia, later on this month (April) along with our Head Coach Ian Turley, who is also one of the GB u16 Coaches.

We also have several of our u19 team who have made the Scotland teams this season.

The Pirates have had played in what has been described as the most competitive league seasons ever in the Scottish National League. Right up until the last game of the season, the Pirates still had a chance of winning the league, however, they finished 4<sup>th</sup> due to loosing their last league game – The difference from 1<sup>st</sup> place to 4<sup>th</sup> was only 6 points.

The Pirates also made it through to the Scottish Cup Semi Finals, loosing a chance in the final by 1 goal.

The Play Off Finals weekend is one of the most prestigious events in the SNL (Scottish National League) to which the Pirates are one of the 4 Finalists – This event takes place over the 8<sup>th</sup> & 9<sup>th</sup> April in Edinburgh.

The Paisley Pirates had also chosen to support the ULTIMATE WARRIORS by having their logo on our team home & away tops. The Ultimate Warriors are a Paisley based registered Charity supporting children and parents affected by Autism.

Whilst the Paisley Pirates & Lightning Pirates have the Renfrewshire Council logo on both teams short covers.

During the Festive Season, we make contributions to Food & Toy Banks

During the summer months we engage with the community at various Gala Days – Renfrew, Barshaw & Ferguslie – with our team mascot Shivering Timbers, who is always delighted to pose for photographs with children, adults & 'dare I say it' recycled teenagers. 😊

What priorities did you tell us your project would meet?

Our priority is to promote social engagement for adults with learning disabilities in and around the Renfrewshire area, to help reduce social isolation and loneliness and increase general health and wellbeing. We provide opportunities for people to meet new people, have fun and build strong friendship groups.

Our aim has always been to use main stream venues to host our events – local cafes, pubs, restaurants and parks etc, so that our members become more visible within their communities and therefore more accepted, as well as becoming more familiar with these environments and therefore more confident.

We want to build up people's support network so they have people they can rely on other than paid for carers or family members. We want our members to feel valued, included and active participants in their communities, rather than silent bystanders with no voice. Adults with learning disabilities have as much right as the next person to form meaningful relationships and feel a part of the communities in which they live.

What did you want to do with the money & what did you spend it on? (was this different to what you originally intended? If so, please explain).

We used the money to target adults with learning disabilities living in Paisley North West and Central, Paisley East, Gleniffer and Renfrew. Our Community Engagement worker engaged with local GPs, pharmacies, West College, Renfrewshire Carers Centre, community hubs, and local advocacy services.

We created new A5 flyers to send to these organisations, and invited them to contact us for more information. Our Engagement Worker then followed up with phone calls and face to face meetings, with the aim of boosting awareness for Dates-n-Mates within the local area.

New pop banners were designed and purchased, to be used not only at events, but also as a backdrop for our stand during information sessions and presentations to Service Users and Service Providers.

In addition, we purchased new point of sale materials to use on information stands, including plastic flyer holders, branded table cloth, branded pens etc.

We also used funds to pull together a full monthly programme of social activities in a number of venues across Renfrewshire, including pubs, restaurants, coffee shops, Crazy Golf, Cinema tips and lost more. This involved the design and print of event flyers, as well as postage and follow up contact with members to confirm attendance. It also helped towards volunteer and staff travel expenses to get to and from events.

In addition, some funds went towards resources to use during the delivery of our workshops, and also towards the rental of Community Spaces to deliver these workshops. Our last workshop was on "Boundaries and Personal Space", and was held in January in the Tananhill Center.

We also used some of the funds to further develop and expand our Friendship Matching and Chaperoned Dating programme, where members of similar likes and interests could meet up on a one to one basis with a volunteer or staff member. This helps build the foundations from which to develop a stronger friendship. Our Community Engagement worker would either identify which members they thought might make a connection, or members themselves would ask us to arrange matches. Again, travel costs for the staff member or volunteer who was facilitating the friendship match, was covered by the money supplied by the Local Partnership.

Some funds were also used to pay for entertainment costs at our annual Halloween and Christmas parties, as well as decorations for each event and again, travel costs for staff and volunteers.

### Section 3 – Impact

How many people benefitted from/accessed your project?

(If you have received funding from more than one Local Partnership, please tell us how many your project reached in each Local Partnership area)

We currently have 45 active members, and 3 pending members. In addition, we have 9 paused members. Some of these are due to renew and others come along to all our “open” events – eg Halloween and Xmas parties etc

Renfrew – 10% of our membership

Paisley North West and Central – 50% of our membership

Paisley East – 35% of our membership

Gleniffer – 5%

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

We provide a way for adults with learning disabilities to meet new people, make new friends and build lasting relationships, which in turn makes them feel more valued, more included and a more active member of their communities.

Our members became more familiar with how to use public transport and many are now able to navigate to our events in Renfrewshire without the need to be met off the bus or at the train station. And because we use the same venues, they become familiar to our members who consequently become more confident in using them not just when they are at a Dates-n-Mates event, but when they are out on their own. They also become more confident in being able to order from a menu without assistance, or order a drink from the bar. These may see like baby steps to many, but they can be huge leaps to our members.

Through our friendship matching programme, many of our members have made solid friendships with others, and now meet up independently of a Dates-n-Mates event to go to the pub, or a trip to the cinema.

The impact our service has on our members is tremendous. Through our monthly coffee and cake chats, we can see how some develop from socially awkward and quiet, to gradually building a confidence and an understanding that what they say will be listened to and is important. Others remain quiet and introverted, but they still come to all the events and love just feeling part of something, even if they don't take part.

I have attached a case study of 3 Renfrewshire members, just to give you a feel for the impact of the work we do.

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

Thousands of parents and carers were able to gift their children with without the children knowing where the presents had come from. This dignified response helps not only financially but mentally, taking off pressure for local families. The same approach applies to Halloween and Easter, again ensuring we can reach as many areas as possible. Our gift card appeal allows young people to have a choice, something we believe strongly in and want to always include teenagers who can often be a challenging age to buy for. Organising the appeals also takes a huge pressure off of many third sector organisations that can refer to the Toy Bank such as Pals of the Privies, Glenburn Stronger Communities, EBI Unites, The STAR Project, Homestart, Who Cares? Scotland, The SPACE Project, Family Nurse Partnership etc. With children learning through play, the toy bank helps to provide educational gifts supporting with learning and creativity.

The Toy Bank also offers a range of volunteer opportunities to the community allowing people to share their skills, time and knowledge. Working with local schools to support Duke of Edinburgh awards.

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

In Spring of 2023, 20 new wooden planters were provided to create additional food growing spaces within St. James Primary, Mossval Primary and Rainbow Nursery Shortroods. We supported the planting of 900 seed potatoes with peat-free compost within local nurseries, primary schools, after school care and day care provision across Paisley North. This raised awareness of healthy eating and improve gardening skills in the Paisley North area. Potatoes will be grown, harvested and taken by children for use in healthy eating cookery activities or for their family meals.

What did you spend the money on and was it fully spent? (was this different to what you originally intended? If so, please explain).

This report covers May 22-April 23

The main spend was for the part-time Educational Officer's salary

The remainder was spent on conferences, school and community meetings, materials for the Educational Officer's events and office rent.

The money was fully spent

### Section 3 – Impact

How many people in your community benefited from your project and how?

(What outcomes did you achieve? Please describe the impact your project had on its participants If you have received funding from more than one Local Partnership, please tell us how many your reached in each Local Partnership area)

We estimate we have reached over 1500 people in Renfrewshire in the past year. This includes schools across all of Renfrewshire, meetings, competitions, street stalls, stalls at the University and the podcast among others. We have enhanced our social media presence on Facebook, Twitter (@rainbowturtleUK) and Instagram (rainbowturtleUK).

Our new part-time Education Officer has been in post for over a year now. She is now up to speed and has been very active. The pandemic is still affecting access to schools and the cost-of-living crisis has reduced schools ability to pay for any supplies, but has not dimmed their enthusiasm.

We tackled loneliness and isolation by providing an outlet for volunteers to be involved in a community project, especially the shop.

As part of Renfrewshire's Fair Trade status we provided a community asset with the Rainbow Turtle shop and the Education Officer is a free asset to all schools and community organisations across Renfrewshire.

Scotland is a Fair Trade Nation and Rainbow Turtle provides a Renfrewshire identity as part of the National movement and is held up as beacon of fair trade activity in Scotland and is something for all of Renfrewshire to be proud of. We represented Renfrewshire at the celebration of Scotland being a Fair Trade nation for 10 years in Glasgow and will doing the same at the Scottish Parliament later in May 23.

We provide lots of work for and with young people and working in the shop is very intergenerational. We work with all young people but have also specifically given opportunities with people different abilities. Young people volunteering in the shop has been very positive for all volunteers.

We ran several interviews on our podcast <https://www.rainbowturtle.org.uk/our-podcasts/>

We have held stalls and educational events at the University. These have gone down well and increased our reach into the student population. We had a stall and educational activity at One Ren Many Nations event in June 22.

Work within the charity and linked to the Rainbow Turtle shop involved the volunteers and getting them out the house and linking with other volunteers, old and young, and members of the public.

We have linked with the Gatehouse coffee roasters in Paisley to promote a premium Fair Trade coffee. This has been very successful and helped promote local business as well Fair Trade.

We celebrated 20 Years of rainbow Turtle in Renfrewshire with events in the shop and a well—attended ceilidh in Methodist halls.

We arranged a very popular Fair trade Bake-off open to all Renfrewshire schools in FairTrade Fortnight

We attended Christmas fair at the UWS campus and educated about Fair Trade with students from Renfrewshire and across the world.

We ran a Fair trade coffee-tasting morning in the Life Church in Moss St. we had presentations from around the world. Again very well attended and very well received.

The Education Officer has been out to lots of Renfrewshire schools and the number of interested schools is rising as the effects of covid lockdowns are receding.

The money has been used to conduct interviewees, although we still have a major event planned, for end of June/July.

What did you spend it on? (was this different to what you originally intended? If so, please explain).

We had to purchase a new Zoom recorder for the project, we have held back monies for our "Big Event"

This will involve two double deckers driving to Paisley, Parking in the town centre, where further interviews will take place, we may also take members of the public on bus runs in Paisley, for example, route 602 "Foxbar Brediland Rd"

Both buses will have between £300 pounds of fuel added on this day. We hope also to invite the Provost of Renfrewshire, to take part in the fun and games.

Tackling Inequalities

Tackling Isolation and Loneliness

What did you want to do with the money & what did you spend it on? (was this different to what you originally intended? If so, please explain).

The money was used to tackle the above priorities. We did this by:

Organising regular film shows.

Providing games afternoons.

Providing musical entertainment afternoons.

Organising a Christmas Dinner.

Organising celebrations such as Platinum Jubilee, Christmas.

Providing a warm and welcoming space for local people to enjoy tea/coffee/biscuits whilst chatting to others and making new friends.

Organising a bus outing.

### How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

The project provided a warm and welcoming space for people in the community. It provided free entertainment and refreshments at all events held in the church all ensuring that no one was excluded due to financial pressures. The events tackled inequalities by ensuring everyone who wished to could access the events. Older people enjoyed warm space to socialise, enjoy company and join in activities which they would not otherwise be able to access due to cost. Events such as the Christmas Dinner were subsidized to allow everyone to take part. The project allowed local people of all ages to meet, make friends, enjoy food and take part in games. All our activities helped those who took part to enjoy fun, food and fellowship which in turn boosts well being and mental health. As no one was excluded due to financial pressures each event was well attended and we regularly welcomed some people to every event.

[Paisley North, West & Central £809.72 and Paisley East £800.00]

2.3 What priorities did you tell us your project would meet?

Paisley North, West and Central - Community Empowerment.

Members of the local community will engage with the group, through volunteering, donating and

promoting. Refugees within our community will feel welcomed.

Tackling social isolation to promote health.

Our activities will promote mental wellbeing through their mindful and stress relieving properties.

Our travel empowerment programme will train non-English speakers to successfully use public

transport to travel to and from Paisley, accessing amenities such as parks and recreational centres.

Paisley East - Supporting social connections.

Members of the local community will engage with the group, through volunteering, donating and

promoting. Refugees within our community will feel welcomed.

Community pride and safety.

Our travel empowerment programme will train non-English speakers to successfully use public

transport across Paisley accessing amenities, parks and rec centres.

Tackling Food Poverty. We provide a hot meal at workshops and have a Food Larder at Mossvale.

We liaise with Clothed In Love to provide essentials such as baby milk.

2.4 What did you want to do with the money & what did you spend it on? (was this different to what you originally

intended? If so, please explain).

- Run sewing upcycling workshops at our base in Paisley
- Provide machines for home practise
- Develop volunteer & sessional worker roles to meet the needs of participants, welcoming new refugees to Renfrewshire
- Support in accessing services from other key agencies
- Tackle food, clothing & digital poverty including partnering with Foodbanks and Clothed In Love.
- Facilitate group activities elsewhere e.g. attending other groups, festivals, places of cultural interest and other community activities
- Pursue charitable status for group sustainability

### Section 3 – Impact

3.1 How many people benefitted from/accessed your project? (If you have received funding from more than one Local

Partnership, please tell us how many your project reached in each Local Partnership area)

Over the year 2022 – 2023 we provided face-to-face services for 250 individuals.

Because of the nature of many of our activities (e.g. weekly drop-in language café launched Sep

2022) and sensitivities around service users identities, it is not possible to gather statistics on all

participants addresses – e.g. displaced persons living in hotel accommodation.

3.2 How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

We were able to deliver all of our objectives outlined in sections 2.3 and 2.4.

This includes our women's sewing and creative skills workshops, with an average attendance of

30 participants. Two of our younger volunteers achieved Saltire Awards. We obtained charitable

status (SCIO) in April 2023.

Our LAP funding was used to buy budget sewing machines to allow refugees to practise their sewing

at home, a skill for life, and pass the skills and benefits on to their whole family. This was reinforced

by our participation in the Climate Fringe Festival 2022, and thanks to our Renfrewshire Community

Climate Funding we had in-house Make do & Mend sessions, bringing damaged or poorly fitting

clothing to workshops for skills training. A further grant from Stop Climate Chaos Scotland gave us

the opportunity to buy equipment to film and edit several quick fix sewing tutorials, again

encouraging the repair of clothing that may otherwise be discarded.

We provided free outreach workshops in Williamsburgh Primary school for the parents of their pupils

from the refugee community, identified by teachers as being isolated and needing support in integration

and learning English.

| Project Name          | Improving Social & Physical Wellbeing for Amputees |
| Total Amount Received | £3000  |

What priorities did you tell us your project would meet?

We identified the following main priorities for our Troopers (Amputees) after Covid and within our local community within Paisley.

- Improved physical wellbeing
- Reduced social isolation
- Improved access to local community services
- Increased opportunities to meet with Peers
- Improved mental wellbeing

What did you want to do with the money & what did you spend it on? (was this different to what you originally intended? If so, please explain).

Unfortunately there were delays at OneRen in implementing a similar "Glasgow Life " scheme and the person assisting us with the implementation of similar options was unable to secure a swimming instructor and moved onto a different role.

We continued supporting Troopers to attend swimming and Gym around different accessible areas of Glasgow in peer groups. After discussions/consultations with the local Troopers, we identified the need for a shared interest group to meet priorities outlined and the Troopers chose to start a FYF bowling group in Paisley. The group is local and is growing in size and popularity and with donations and sponsorship supporters we were able to purchase bowling green wheelchairs. Troopers attending have fun mixing with their peers and are building up skills to play other FYF club areas.

We also sourced use of the Renfrewshire Soopir Bus (once volunteers were assessed and trained in how to use the tail lift). This has been a wonderful opportunity and has allowed introduction to other Renfrewshire organisations and hear what is on locally. The bus offers us local access with a significant saving on taxi/transport costs.

We also used the fund to add specialist coaches and support to our “Ampu-Teas” programme to offer additional options for improved physical wellbeing ; - Pilates, Yoga, chair fitness and Falls Prevention fitness sessions. Over the last year we initially went from a social group once a fortnight to one a week and we now offer peer socialisation and interaction 3 times a week with the help of volunteers. Morrisons awarded a fund which enabled us to purchase new furniture and equipment to make our venue seating more Trooper and mobility friendly for activity and group provision.

We have provided a suite of beneficial activities, varied in choice to maximise engagement of Troopers. The programme covers all the priorities we have outlined and remains core to our service delivery planning. We encourage feedback at all times in different methods to maintain our ability to be Trooper led and offer effective management of funds and services. We have now sourced a qualified swimming instructor and are revisiting original plans for 23/24.

### Section 3 – Impact

How many people benefitted from/accessed your project?

(If you have received funding from more than one Local Partnership, please tell us how many your project reached in each Local Partnership area)

1. Within our Paisley HUB - We provided fitness opportunities with attendance of 630 Troopers!
2. We successfully engaged 306 Troopers for social /well-being groups/activities at Paisley Amp-Teas.
3. In addition we have a local bowling group in place with specialist equipment and we have had an attendance of 72 over the past 8 weeks.
4. We purchased an specialist adaptable sliding dartboard from Disability Darts Scotland which can move to the relevant height for playing depending on mobility ( wheelchair/standing/ supported) this is encouraging teams and challenges with other Ampu-Teas club areas.
5. We have also streamed and recorded some sessions with instructors/ therapists which we can use on line for other Troopers further afield to benefit from also. ( Yoga- Pilates- Love Yourself Wildly - Perfect Just As You Are, Flippin Pain)
6. A few groups/activities and achievements:- Ladies Brunch, Men’s MoT health sessions (sponsored),Neuro-linguistic programming (NLP)work shop around anxiety and positivity
  - We identified that the cost of living was a major factor on mental health especially with the addition of energy increases. We responded with ‘Ease of Contact’ path for support from the Well-being team. Visits from Scotland Social Security and hacks and tips around food and bill budgeting for Troopers and their family. We set up a food pantry and chill and charge facility for Troopers to come relax, charge their technology, watch TV and collect groceries if needed (supplied by Morrisons)
  - An introduction of Crafting/Skill workshops on a weekly basis

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

Our support framework provides the opportunity for clear statistics and the need for specific Well-being support is apparent ; - 58% of all our Well-being Support plans opened are for the following top 3 reasons :- General Well-being (27%), Mental health (25%) and Housing (6%).

All troopers are different and like different activities and hobbies. By offering a diversity of support for physical/ mental health and well-being, we have increased opportunities and ways to support Troopers on

their personal recovery journeys. We are proud as we have met all outcomes outlined and also progressed beyond.

The funding has allowed us to steadily increase our engagement numbers, encouraging Troopers to leave their home and socialise, make new friends, feel less isolated, develop new skills and gain extra coping methods. Ultimately having some fun.

*"I've been a double above knee amputee for almost 3 years now. In the time since then I have discovered a new found confidence given to me by other amputees through Finding Your Feet. I have attended gym sessions, been fishing again and attended Ampu-teas" – Tony*

*Mens MOT – "I really enjoyed it, everybody was friendly and direct and all the presentation materials were awesome. It was like a refreshing course of biology, which made me aware of how important the correct diet and regular self-checks are." Peter*

*Anon, Online yoga - I've been thoroughly enjoying Nicole's yoga classes. Yoga doesn't just benefit my body, it also really helps calm my mind too. After a few weeks missing classes, I immediately felt the difference after her first video.*

## 22/23 Local Partnership Feedback Section

Organisation Name: right2dance

Project Name: Get Dancing

Total Amount Received £2,024.30

What priorities did you tell us your project would meet? Through our project we hoped to meet two main priorities for the Paisley North West and Central Partnership, these were:

- Community Empowerment
- Tackling social inclusion to promote health

We have supported children to interact together within their community by taking part in dance classes. The dance classes have encouraged children to socialise and connect with others in the community and make new friends. Also, through the participation in dance, children have the

opportunity to improve their physical health and mental wellbeing. The project was delivered free of charge to enable equal access for all and to ensure cost was not a barrier to participation.

What did you want to do with the money & what did you spend it on? (was this different to what you originally intended? If so, please explain).

We requested funding to deliver a programme of dance workshops within schools and nurseries in the West End of Paisley, for nursery, P1 and P2 pupils. We also required funding towards some resources, promotion and project co-ordination. We have spent money as we anticipated on the items outlined above. Due to some delays during our project, we still have some sessions to deliver and they will be delivered during the next month.

### Section 3

How many people benefitted from/accessed your project? (If you have received funding from more than one Local Partnership, please tell us how many your project reached in each Local Partnership area)

To date, approximately 140 children, aged 3-7 years have participated in our project. This number will increase when we deliver the last set of workshops.

How did your project benefit people in the community? (What outcomes did you achieve? Please describe the impact your project had on its participants)

Our project has created a new opportunity for children to participate in dance classes within their school or nursery and has enabled them to interact and work creatively together. Children have had fun participating in the sessions and have been able to participate in an activity that is positive for their health and wellbeing.

Our project has achieved the following outcomes:

- More people taking part in dance classes within the local community
- Children feeling confident to participate and share ideas
- Children making new friends and connecting with others in the community
- Improved physical health and mental wellbeing Please send evidence i.e., photographs, feedback, and comments etc.

(If you have received funding from more than one Local Partnership, please tell us how many you reached in each Local Partnership area)

Our counsellor is still undertaking the course but has been able to give therapy to several adolescents during it and in the last 6 months has seen 11 adolescents.

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

The project has given young people in the Renfrewshire area the opportunity to discuss issues with an already fully trained adult counselor whilst undertaking the course. This is a course which does not need to be revisited so we will be continuing with this type of counseling for years to come.

How can you evidence the impact of your project?

(Please tell us what evidence you can provide that demonstrates the impact of your project, i.e. pictures, feedback, comments and any other evidence you have collected through the delivery of the project. You can send this evidence electronically (by email) to [communityplanning@renfrewshire.gov.uk](mailto:communityplanning@renfrewshire.gov.uk) stating your groups name and @Evidence@ in the subject heading).

We have received great feedback from the parents of the adolescents and several of them have been with us for a number of months now. We already have a Child Play Therapy scheme for younger children which would not be appropriate for adolescents so having this opportunity to assist all children in the area has been hugely beneficial. We offer our service free of charge so it does not exclude anybody due to their financial situation.

What priorities did you tell us your project would meet?

#### **Paisley north, west and Central**

The project meets 2 priorities: community engagement and tackling Social Isolation and promote Health.

- 1.The project will build on the capacity of the individuals thus promoting confidence and better community engagement and participation, through close and tailormade distribution of information.
2. It will also promote re-engagement while eradicating depression, isolation, and anxiety as the target group will access support.

#### **Paisley East**

Our project meets these 2 priorities of the local partnership: Social Connection and tackle food poverty are the

- 1- Building of the website, project social media handles and random phone calls

will be a great resource and connection for the African and ethnically diverse community to connect with themselves and the host community through information provided

2: As first step, a list of all known food banks will be provided and referrals to organisations who can apply for cash for kids on behalf of families

### **Glennifer**

Karibu meets 3 following priorities of the Local partnership: Community assets, What's on in Foxbar, Brediland and Glenburn, Isolation and loneliness

1- Through the Hub centre, our community will have information about all available community halls and hubs across the area to hold their family functions and national festivals, so they can contribute to getting those places more vibrant.

2- Also our community will be encouraged to engage and be informed of "what is going on" and service providers near them to avoid loneliness and isolation

What did you want to do with the money & what did you spend it on? (was this different to what you originally intended? If so, please explain).

### **What did we want to do with the money?**

We wanted to do the following with the money:

- Work very closely with organizations across Renfrewshire to compile information about

services and "what is going on" within the Local

Authority of Renfrewshire

- create a directory of at least 150 families of Ethnic Communities living in Renfrewshire through a campaign of registration

- distribute creatively information to families of

ethnic communities using basic social media channels: facebook, phone, send texts and e-news information regularly, directly to people

- have a dedicated hotline for general inquiries, referrals, and signposting especially for newcomers in

Renfrewshire

- Signpost
- Refer

### **What did we spend the money on?**

We spent the money on setting up and launching the project.

- We bought 2 phones and 1 chromebook
- We set up two hotlines: 07389170286 and 07429597283
- We paid Project Coordination
- We have been campaigning in African Shops, african Churches fairs and community centres (Social Care Fair and Volunteer organisations fair in the Lagoon, Tannahill centre
- We registered more than 150 families living in Renfrewshire
- We created a whats app group with more than 150 families members from ethnic groups (Black African, Morocco, Chinese, Pakistani)
- We have been posting information about jobs, volunteering, what is happening in Renfrewshire
- We have a facebook and website which are in creation @karibuhub
- We have been referring people for volunteering

### **Was this different from what you intended?**

Yes, in terms resources (time and money) we are very limited. As a consequence we had to take the following measures

### **Change of project date**

The project started later than planned: It was to run from 30/06/2022 to 31/03/2023 but because we received the award after the 17<sup>th</sup> of August 2022, we only could start the project, end of October as in our Organizations Black History Month was on the way. The new project dates are nine months from 01/11/2022.

### **Raising additional Funds**

We applied for about £19000 and were awarded £4644.30. This means that we have been running the project with reduced capacity and time. We were able to raise funds in kind from 2 more organizations. received in kind printing of 500 colored A4 blank registration forms from ENGAGE RENFREWSHIRE £125.00 and Pachedu hosts our project in its premises £750.00.

### **New Budget**

#### **How many people benefitted from/accessed your project?**

(If you have received funding from more than one Local Partnership, please tell us how many your project reached in each Local Partnership area)

In only 5 months within the project, we have registered more than 150 families located in all three local Partnerships. Our service users live in the following post code PA1, PA2, PA3, PA4. They all benefited from information and access to Hotlines Numbers.

We reached more than 20 organizations in Renfrewshire by attending fairs for services, volunteering and job opportunities

We referred women to Pachedu to volunteer. Two are working with the young people project and one is setting up a cookery project

We made contacts with Ferguslie park community Market and Star Project to refer a lady who wants to volunteer in a Food Bank

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

**Paisley north, west and Central: community engagement and tackling Social Isolation**

**and promote Health.**

We have been referring people for volunteering, so they engage with the community and get out of isolation which has been helping with mental health.

**Paisley East: Social Connection and tackle food poverty**

We have been referring families to various Food banks in Renfrewshire : Ferguslie park Community Market, Active Community, Inspiring families in Foxbar and star project. We have also been giving advice on how to use local ingredients in cultural dishes.

We are confident to say that in we have impacted greatly members of the ethnic communities in Renfrewshire, we believe we will make even more impact in the 3 months that are left.

Through the what's app group, using phone we purchased for the project, we succeeded in reaching out about hundred people of ethnic community who attended the social care Job fair in the Lagoon on the 17<sup>th</sup> of March.

| <p>How many people benefitted from/accessed your project?</p> <p>(If you have received funding from more than one Local Partnership, please tell us how many you reached in each Local Partnership area)</p> <p>We don't have data to accurately identify exactly how many people were impacted here. Post pandemic, we hope that we simply got people to hear about the Boys' Brigade whether on-line or by hearing about us at a school or church. In terms of numbers:</p> |
|---|

**Renfrew** – we had 63 boys, we now have 58. There is always natural attrition as older boys leave so this result was disappointing. Part of the reason here in uncertainty regarding the future of the church.

**Johnstone** – we had 57 boys, we now have 58, so a little success here.

**Paisley East** – we had 26 boys, we now have 28 boys, so again some success here.

**Paisley North, West and Central** – we had 104 boys, we now have 120, so this has been a great success.

**How did your project benefit people in the community?**

(What outcomes did you achieve? Please describe the impact your project had on its participants)

As above, we hope that we simply got people to hear about the Boys' Brigade whether on-line or by hearing about us at a school or church. It's very difficult to attract boys to a church organization in today's world so anything to get our message out there is deemed a success.

**How can you evidence the impact of your project?**

We wanted to develop a drop in aimed at capacity building hard to reach minority ethnic (in particular African) communities in and around Renfrewshire which encounter multiple barriers, such as communication and those of a cultural nature, which prevent them from becoming resilient communities..

The project will provide **40 weekly** drop-in sessions for **8-10** individuals around volunteering job search and application support, volunteering opportunities, general and mental health support and information on entitlements, The project was aimed at improving awareness via providing access to literature and media through the development of information packs on hot topic subjects to share with **600 - 800** people. The proposed information packs would also be written using simple English and translated into several common languages that are prevalent within the community, making them accessible to a wide range of audiences. The project was also supposed to deliver **6** workshops targeting **5** participants per workshop around areas that our client base feel they need more help with in order to become more resilient and independent. These areas could include budgeting, recycling, how to buy online (using comparison websites and freebies) cooking

(how to make healthy meals utilizing leftovers), confidence building, CV writing and developing interview skills. The project will also organise one massive cultural celebration event bringing the whole community together to allow community integration.

What did you spend it on? (was this different to what you originally intended? If so, please explain).

Unfortunately, because we managed to get a fraction of the funding that we applied for which was spent on direct project costs, Project co-ordination, management and marketing. We managed just 3 months' worth of activities and we had to cut out some of the intended activities completely. We managed to do four workshops on becoming part of school parent education board **12 participants**, we had a needs assessment workshop that was attended by **16 participants**, we had a workshop on how to plan a community event which was attended by **14 participants**, and we had a Modern Apprenticeship session for parents which was attended by **21 participants**. We managed to support 3 individuals to gain volunteering opportunities. We also reached **100** people through information dissemination.

**100** through information dissemination and **63** directly

How did your project benefit people in the community?

(What outcomes did you achieve? Please describe the impact your project had on its participants)

The project encouraged individuals and communities to build on existing and create new social networks and relationships. One participant said, "I now know what I can and cannot do to support my child's learning at school."

We will do this by encouraging communities to be more:

- Connected: The delivery of our interactive sessions resulted in diverse communities with the same barriers coming together to share their barriers, concerns on general health and wellbeing whilst also understanding the need to

improve themselves. One participant said, "It is refreshing to know that I am not the only one facing challenges around navigating a new system and culture and Pamoja has helped me build new support systems."

**To: Paisley North West and Central Local Partnership**

**On: 16 May 2023**

**Report by:**  
Chief Executive, Renfrewshire Council

**TITLE:**  
**Applications for Local Partnership Funding To Paisley  
North West and Central Local Partnership 2023/24**

**1. Summary**

- 1.1 Applications for grant funding from the seven Local Partnership areas were invited to be submitted during March and April 2023, to be considered at the Local Partnership meetings due to be held in May 2023.
- 1.2 The available allocation for Paisley North West and Central Local Partnership for 2023/24 is £56,722 made up of £45,822 from the General Fund and £10,900 from Paisley Common Good Fund.
- 1.3 From this total budget, a sum of £50 per community representative requires to be ringfenced for potential claim of expenses. These expenses are deducted from the available allocation for the Local Partnership. Paisley North West and Central Local Partnership has space for ten community members, so the total ringfenced for expenses is £500. **The total budget available for allocation by Paisley North, West and Central Local Partnership is therefore £56,222.**
- 1.4 The total value of applications for 2023/24 made to Paisley North West and Central Local Partnership is £184,849.33.
- 1.5 The Youth Challenge Fund component of Paisley North West and Central Local Partnership Funding for 2023/24 is £21,133. This funding will be allocated by young people through a Participatory Budgeting exercise that will take place during April and May 2023, with decisions being made in June 2023.

## **2. Recommendations**

- 2.1 It is recommended that members of Paisley North West and Central Local Partnership consider the applications for Local Partnership grant funding, as set out below in Appendix 1 and 2.

## **3. Background**

- 3.1 Applicants for funding in 2023/24 have been provided with guidance, as well as a description of the Local Priorities identified by Paisley North West and Central Local Partnership.
- 3.2 Local Partnership members are asked to consider the applications for funding summarised at Appendix 1 and 2 of this report, and to assess these against the Local Priorities agreed by Paisley North West and Central.
- 3.3 An initial assessment has been carried out by officers to support Local Partnership members in their decision-making. Where applications have made clear reference to the Local Priorities identified by the Local Partnership, this is identified in the first table at Appendix 1. Applications that make a partial or no reference to Paisley North West and Central Local Priorities are summarised in the second table – for example, the project may tackle social isolation (and therefore meet the Local Priority around social isolation) but not deliver this directly in the Local Partnership area or make reference to how many people from the area would be engaged in the project.
- 3.4 The priorities of Paisley North West and Central Local Partnership are:

### **Community Empowerment**

The Local Partnership want more people to get involved in their community. They want to activate new community groups, and explore the sustainability of the local groups that already exist. This includes succession planning for groups and exploring the availability and sustainability of funding for groups in the area.

### **Tackling social isolation to promote health**

The Local Partnership want to help connect people to each other and see this as key to promoting health and wellbeing in the area. They think a key barrier is people being able to physically get to Paisley town centre to access services and groups.

### **Green spaces**

The Local Partnership want to see the development and maintenance of high-quality green spaces in the area, and the use of these spaces to promote physical and mental health.

They particularly want address safety and lighting in order to safely access these spaces at night.

**Community safety**

The Local Partnership want to help people to feel safe in their community. This includes being able to move around the area safely, by tackling issues with pavements and pathways, dog fouling and litter. They also think it is important that there are activities available for young people to avoid them becoming involved in anti-social behaviour and crime.

| <b>Project Name:</b><br>The Art Department annual workshop programme  | <b>Amount applied for:</b><br>£ 8000                         |
| <b>Purpose of the project</b><br>To provide 30 weeks of opportunities and creative learning in the visual arts, painting, drawing, crafts, textiles, mixed media, ceramics classes. Additionally, we will provide opportunities for exhibition and display of art. We are open to young people aged 5-24, adults 25-65 and older people from within Renfrewshire and beyond. We also offer classes to vulnerable groups, those in health and care settings and community networks.  |  |
| <b>What will the project do?</b><br>Demand for our work has increased since locating into the Paisley Centre. The Art Department now runs activities 7 days per week and at least 3 evenings per week. We share a space with PACE Theatre Company and between both organisations have created a dynamic arts space that has revived the high street at time when the economy has been badly affected. We have worked closely with Renfrewshire Carers, Corseford, Community Networks, and Art in Hospitals to provide classes for vulnerable people and older people in day care.<br><br>We will offer classes 3 times per week, Wednesdays, Thursdays, and Saturdays, 11am-3pm for 30 weeks. These will be free of charge and all art materials and tuition provided. We can host up to 30 learner/participants per class. We will advertise classes these on site via posters and leaflets, online via Eventbrite, Facebook, twitter and our website. |  |

| <b>Project Name:</b><br>Intergenerational Music Cafe   | <b>Amount applied for:</b><br>£8,000.00                   |
| <b>Purpose of the project</b><br><p>The purpose of the project is to combat social isolation and loneliness, supporting older people by providing a warm space to enjoy music making, singing and make friends, with lunch provided, whilst also linking with families with young children. According to Age UK '100,000 older people in Scotland feel lonely all or most of the time.' Our project aims to tackle this isolation and promote the benefits of intergenerational learning. Research shows connections between generations are essential for mental health and stability of a community.</p>   |   |
| <b>What will the project do?</b><br><p>It was identified and developed through a pilot programme during the winter, carried out with parents/carers with young children aged 0-5 years looking for a music activity providing a warm space and lunch due to the cost of living and older people who had previously been isolated due to Covid and now struggling with the cost of living. Older participants reported a greater sense of wellbeing and community, whilst younger families reported how the classes increased confidence, engagement and bonding with their children and the older adults.</p> <p>We will deliver 30 fun 2-hour weekly intergenerational music sessions with a professional music tutor for 20 people including older adults and families with preschool children. Participants will learn together, enjoying an afternoon of music, which will be inclusive of different abilities, and include singing, ukulele, percussion instruments, parachute games and djembe drums, as well as companionship and conversation with others over lunch. We aim to make the cafe a happy, confidence building, collaborative space and warm space for all ages.</p> |   |

| <b>Purpose of the project</b><br>Our purpose is to bring adults with learning disabilities together to build and strengthen social connections and to reduce social isolation to help improve the mental health and wellbeing of our members. We aim to get more people involved in their local communities, and to feel valued and active participants in these communities. We want to give our members the confidence to travel independently across Renfrewshire, and to become more visible in mainstream venues and therefore more confident and more accepted by the rest of society.<br>SCLD's report on relationships in 2020 noted that only 5% of adults with learning disabilities lived with a partner, as compared with 56% of the general population. And only 3% were married as against 47% of the general population. Traditionally adults with learning disabilities have been discouraged from forming friendships and relationships, and the subject of sex is totally taboo. Dates-n-Mates was developed to give our members the opportunity to have the same social experiences as the rest of the adult population. |  |
| <b>What will the project do?</b><br>We run a monthly programme of events in mainstream venues across Renfrewshire to give our members the opportunity to meet new people, make friends and build lasting meaningful relationships. We also provide workshops around confidence building, self-esteem and sexual health, to equip our members with the knowledge they need to take control of their own lives and be responsible for their own actions. We offer a Friendship Matching Programme so members can meet on a more personal level to forge a stronger connection, based on similar interests.  |  |

| <b>Project Name:</b><br>Enhancing community facility and opportunities  | <b>Amount applied for:</b><br>£ 6,080             |
| <b>Purpose of the project</b><br>During the day (before 3pm) our facility sits empty as it is unable to be used as a community facility for families due to there being no main door access to the facility. Access is via a communal area and then large roller shutter. We require a small renovation to add door access which allows us to keep the heat into the building and safety for small children. The second reason is we do not have any tables or chairs where parents/friends/children can sit and eat/drink/socialise. We could then open during the day for community benefit.          |   |
| <b>What will the project do?</b><br>We wish to open midweek classes in the morning and afternoons where parents can choose between structured classes or open/free play sessions. Our staff will be on hand to provide expert tuition and through the sport of gymnastics, families will enjoy fun, safe classes which can be taken part by everyone both young and old. This will allow local families to lead an active healthy lifestyle socialising with other local families. Our facility has excellent transport links nearby which allows all families in Paisley (and beyond) the opportunity. |   |

| <b>Anticipated Outcomes:</b><br>The project would allow 80 families each day, 5 days per week, to benefit both physically & mentally bringing local people together. Physically by taking part alongside their children in classes which work on the main fundamentals of a fit, healthy lifestyle. This includes fitness, coordination, balance etc. Mentally as socialising in a welcoming, safe, warm environment with other local families would reduce social isolation & where everyone would enjoy and benefit from the experience   |   |

Our ambitious and inclusive 2023/24 programme aims to ensure access to high-quality events for all in Renfrewshire. With the upcoming Royal National Mòd in Paisley, we hope to showcase the rich heritage of our community and engage as many people as possible through our diverse range of events.  |  |
| <b>What will the project do?</b><br>Our programme will provide an immersive experience of Gaelic culture for young people and their families. It will offer participants the opportunity to develop their skills and showcase their talents at events throughout the year. We will develop our existing projects, such as our Fèis Week and Ceilidh Trail tour, as well as developing new opportunities including a new ASN project that will provide targeted workshops for pupils with additional support needs. We anticipate our 2023/24 programme will reach over 13,000 people within Renfrewshire.  |  |

**About the organisation:**

Our aim is to promote and advance traditional music and Gaelic culture among young people in Renfrewshire. We achieve this through year-round traditional arts activities for ages 5-25, including an annual Fèis Week event, ongoing instrumental classes, annual Ceilidh Trail tour, and a weekly Gaelic Choir. We aim to inspire the next generation of musicians, foster a sense of community, and ensure the preservation of our local and national heritage for future generations.

| <b>Purpose of the project</b><br>We will address inequalities affecting future life-chances from the earliest point of intervention through free baby massage/sensory/yoga groups within Tannahill & Gallowhill. The project expansion will enable more families to improve family health & wellbeing and raise parental awareness of their primary role in supporting their child's development opportunities. Through sessions aimed for babies to age 1 we will promote positive interaction, build parental confidence and develop peer networks.  |   |
| <b>What will the project do?</b><br>We will run free, open access, 4x6wk Baby Massage and 4x6wk Baby Sensory/Yoga groups supporting 10/12 families p/group (approx.160 beneficiaries). Facilitated by qualified Early Years Practitioners, they will bring together families experiencing similar challenges to share in positive skill building, increase family/social bonds and transfer learning to home environments. Families will receive their own resource pack to participate and take home and will be signposted to further local supports.  |   |

**About the organisation:**

Early Years Scotland is Scotland's leading national specialist organisation that is dedicated to enriching the lives of children from pre-birth to 5.

With over 55+ years of innovation and expertise we aspire to see a Scotland where every baby and child has an equal and excellent start in life.

Through being responsive to the needs of children, families and all those who work for, and on behalf of, our youngest children, we seek to improve the lives of Scotland's children, now and in the future.

| <b>Purpose of the project</b><br>In 2023 we are looking to expand our community coaching programme by offering core cricket sessions across Paisley East Schools and supporting health weeks across the wider Renfrewshire area. We will build on this by once again offering free sessions at the club on the back of this and offering a free summer camp to the local community. This will promote the physical and mental health advantages of cricket and break down the cost barrier for families during the cost-of-living crisis.   |  |
| <b>What will the project do?</b><br>We will be offering 4 visits to local primary schools in our priority catchment area. This is key to positioning the club as a source of community pride. These repeat sessions will encourage long term participation in the sport, and we will offer free club coaching on the back of this activity and again offer a free summer camp for the local community. Furthermore, we will visit schools in the wider catchment area to take part in their health weeks and offer taster sessions.   |  |

| <b>Anticipated Outcomes</b><br>As part of the Paisley Sports Hub, the Active School Coordinator has asked us to expand our school activity to support schools in your area. This programme will be taster cricket sessions for one day as part of the school's health weeks, where it will promote the physical and mental health advantages of cricket and allow the participants the opportunity to take part in an introduction to team sport which can help to tackle issues of isolation and loneliness and open the door to further activity at the club such as at our free summer camp. |  |

| <b>Purpose of the project</b><br>The purpose of this project is to be able to provide fitness sessions for new parents or parents of pre-school children throughout Paisley. These session are child friendly and parents are able to take part in the sessions without the worry of having to find childcare. The session also encourage the bonding of parent and child through the task of exercising together. It is also a learning moment for the babies/toddlers as they learn to take care of their mental health and wellbeing through sports and fitness as they watch their parent(s) do so. |  |
| <b>What will the project do?</b><br>The project will improve mental health and wellbeing within individuals and families. It will decrease social isolation and exclusion. All this will be done through providing accessible multiple sports and fitness services. Physical activity and not having to worry about cost is known to improve ones mental state as well as their physical and emotional wellbeing. With sessions happening in groups many will be able to socialise, network and even make new friends (both parent & chid) through team activities, encouraging further participation.  |  |

| <b>Project Name:</b><br>Get Dancing  | <b>Amount applied for:</b><br>£ 4,480.00 |
| <b>Purpose of the project</b><br>Get dancing is a free dance initiative to support children aged 8-10 years in Paisley to participate in dance. We are still rebuilding our programme following the Covid-19 pandemic and we would like to support more children to experience the benefits of participating in the arts. Dance can have a positive effect on health and wellbeing and children will be able to socialise, collaborate and make new friends. We will also raise awareness of the long-term opportunities with right2dance that children can take part in throughout the year.  |  |
| <b>What will the project do?</b><br>We will deliver a programme of creative dance workshops in schools within the West End of Paisley, to engage young children aged 8-10 years. Classes will be delivered for P3-P6 and will include the opportunity for children to interact and create work together. Following on from these workshops, we will support children to take up dance through our community programme, allowing them to further benefit from long term participation. Dance is an excellent activity to support children to interact together and make new friends.  |  |

With great transport links to & from our venue, we help to tackle social isolation for all ages, ensuring the young & old have equal opportunity to attend our events. All in all, we ultimately help to improve the health & wellbeing within the community. Our Paisley Pirates mascot (Shivering Timbers) is always delighted to attend & pose for photographs with the young & old at the Ferguslie & Barshaw Gala Days, along with the Paisley Pirates Supporters Club.<br>Community safety<br>We encourage youths & younger to come along & see what Ice Hockey is all about in the |  |

hope that they may want to engage in the sport, thus encouraging them off the streets into a safer & healthier lifestyle.

#### Outcomes

1. Development of enhanced on-ice skills through regular practice/game situations.
2. Enhanced off-ice skills through use of volunteers referred to above in various activities/learning situations.
3. Continued success in local/national awards.eg in last few years, player/volunteers have achieved success in award competitions.
4. Continuing iconic name of "Paisley Pirates" throughout Scotland & beyond.
5. Growth of Junior Development section.

| <b>Project Name:</b><br>Social Groups for the Armed Forces Community   | <b>Amount applied for:</b><br>£ 7,571.25                      |
| <b>Purpose of the project</b><br>This project will support isolated and vulnerable Armed Forces veterans in the Renfrewshire area to sustainably build stronger social connections between themselves, and with others in the wider community. It will also develop veterans' physical, social and mental health. Designed in consultation with veterans, it will do this by offering various regular structured social groups and activities, including football, a language course with additional cognitive activities, and curling for disabled veterans.  |   |
| <b>What will the project do?</b><br>Through regular weekly sessions in football, a language learning course, and curling for disabled veterans, participants can socialise, will be motivated to do physical activity, are mentally stimulated, and develop cognitive abilities and resilience. Veterans will have improved access to statutory health, social care support, and specialist local organisations which offer health services and social activities. This will enable them to develop greater social connections and promote further improvements in their overall health and wellbeing. |   |

**About the organisation:**

SSAFA's mission is to relieve need, suffering and distress amongst our Armed Forces to support their independence and dignity. Glasgow's Helping Heroes (GHH) is a specialist Glasgow outpost of SSAFA, created in partnership with Glasgow City Council in response to many homeless veterans found in the city. It is a walk-in welfare advice and assistance centre for veterans and their families. GHH has an annual turnover of approx £259,000, with central governance and organisational services by SSAFA.

Up till now it's a zero funded scheme, and on a pilot mode.<br><br>However, we have just secured 6000 from the lottery towards rent for a shop unit. The unit will be a new aspect of the service. People walking in and choosing furniture. The best part is its free to those in need.<br><br><a href="http://kindlift.org/">http://kindlift.org/</a>   |   |

The national lottery believes in it. They have funded part of the rent. If the right agreement is in place, it may be that they have funded all of the rent. This is where this fund comes in. The money will help take the project to the high street and open it to many more people who need the service. |   |

| <b>Anticipated Outcomes</b><br>Open a premises that allows access to furniture and other household goods. Free to those in need. Referrals form the homeless departments welcome; we already have a connection to give people going form homeless situations to homes items. Individuals  |   |

struggling for a bed, carpets, washing machines a TV and more can get single or multiple items as long as they show they are in need. We already have experience of this doing food throughout Renfrewshire over the past six years as a community group then charity - eat up. It's a fair approach.

## Proposed Heritage Trail Project

This report highlights the important complimentary role of Paisley's Heritage Trail to Renfrewshire Council's Heritage Strategy. It identifies the extent of its reach, its contribution to partnered tourism, and highlights the need for major restoration works. It points to Council sources of capital funding for the necessary works.

### Background

Paisley's Heritage Trail extends from School Wynd to Oakshawhead and includes five linking access trails. It is home to several listed buildings, including Oakshaw Trinity Church, the Observatory, Gaelic Chapel, and the John Neilson Institute. Therefore, it is an important part of Paisley's Heritage Strategy, as witnessed by the hundreds of overseas visitors each year, many choosing an accompanied tour. The completion of the Museum and Observatory restoration and development projects will also heighten its historic importance and offers opportunities for a future partnership approach.

### Restoration & Development

The past few years have seen a gradual deterioration in its condition. This ranges from un-painted, damaged, and missing historic street furniture to the absence of regular weed suppression and graffiti. An opportunity also exists to enhance the trail with improved signage, historically significant plaques along the route, and live historical enactments. Anti-social behaviour could be reduced by an additional strategically sited CCTV camera, and a locked gate at Oakshawhead, giving access only to the electricity sub-station.

### Funding

The Community Council acknowledges this is a major project requiring significant capital expenditure. The greatest cost-benefit is likely to accrue from an early working partnership with Heritage Strategy managers and partner organisations. There may also be existing underspent Town Centre capital funding for this urgently required work. One other established source of revenue, yet to be exploited for ongoing maintenance, is the use by film companies seeking an historical location.

### Recommendation

The Community Council recommends an early comprehensive programme of restoration and development. The full potential for this neglected, and significant part, of Paisley's heritage will be best achieved by an early co-ordinated commitment from relevant Renfrewshire Council officials and partner organisations.
