Under reference to item 1 of the Minute of meeting of the Partnership held on 29 January 2019, there was submitted a report by the Chief Executive relative to the appointment of a community representative to the Local Partnership'

The report intimated that there was one membership place available on the Johnstone & Linwood Local Partnership that had been left open for youth representation. The Code of Conduct would require community representatives to register their interests and to declare those interests at meetings. In this way, business conducted by the Local Partnership, which was not part of the formal Board structure of Renfrewshire Council, would be open and transparent.

It was noted that Councillors were required to adhere to the Code of Conduct for Councillors and already had a Register of Interests in place.

Copies of the Code of Conduct and the Register of Interests form were made available at the meeting.

What does your Organisation/Group do?	1.10	Our aim is to work in partnership with the school to advance and support the education of our children and young people. We give the school financial support to help our young people access as many opportunities as possible within their local community. We support the school in their partnerships with other local organisations further enhancing the learning experience of our young people.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Geographical Area: Johnstone & Linwood LAC Applying to: Linwood	
How much grant funding are you seeking?	2.10	£2,000.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>"Grow In Linwood" will be an umbrella body for interested parties to come together at the allotment to learn about growing food and plants, healthy eating and living, science and working with others. "Community Safety" is also a consideration as the allotment is currently unused and could become a target for possible vandalism/misuse. It is also an opportunity for the user-groups, particularly the nurseries and Riverbrae School, to reinforce road safety lessons whilst walking to the allotment. The grant application is to buy the adapted tools and equipment required for people with a range of mobility and motor function barriers to perform a range of tasks in the allotment. To purchase standard tools and equipment to supplement the limited number currently on-site. To purchase any raw materials, such as wood, required to return raised beds and the sheds to a workable state. This would be in line with the local priority of "Taking pride in our local area" as the allotment is currently not in use and is in a dilapidated condition. Mr Steve Edwards identified the site as a possible community project and contacted a number of possible interested parties in January and February.</p>	

		<p>The first meeting of "Grow In Linwood" was held on the 20th of March. The groups who have attended include - Linwood High School, RLDS Day Opportunities - Milldale, Our Lady of Peace Primary School, Toddle Tots, Linstone Housing Association and Riverbrae School. There have been other notes of interest from other local groups such as St Benedicts High School and Mosswood Nursing Home. Since the first meeting of GIL it has been agreed to set up a body to oversee the project and to arrange the day-to-day running of the allotment. It was suggested that Riverbrae Parent Council make this application on behalf of the GIL group as it is the only one that currently holds charitable status.</p> <p>GIL will enable access to the community allotment to promote the slightly differing aims and needs of its constituent members. The main aim is to promote learning about the environment, horticulture and health and wellbeing. It will enable a broad range of groups to come together in a safe learning environment and to work together promoting inter-generational learning and to encourage age appropriate peer-to-peer working and learning. It will allow pupils of the schools involved to work together towards the attainment of recognised qualifications provided by the SQA and organisations such as the Royal Horticultural Society. The short term aim of the grant application is to bring the allotment back to its previous standard and to provide the equipment and resources to do this. In the longer term the equipment which will be purchased will provide the means for all users to achieve the aims they have set for themselves. In the case of Linwood High School, it will supplement their Horticultural curriculum and also provide opportunities to work on a volunteering basis with a range of groups while working towards a Duke of Edinburgh award for example. In the case of Riverbrae School the allotment will serve as a final step towards qualifications which will enable our young people to experience the world of work and to gain future employment.</p>

Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Johnstone & Linwood (and all other LP areas) Ayrshire, East Renfrewshire, Inverclyde, Argyll, Dunbarton Children and Young People	
How much grant funding are you seeking?	2.10	£5,000.00 (Applications totalling £55,000 made across the 7 Local Partnerships)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	Scoutreach Community Partnership project is an opportunity to offer each local partnership 4 days funded free accomodation and activities supported by our qualified staff, groups of up to 40 people from your area, meeting your local priorities of tackling social isolation and to promote healthy living. We are currently creating a modernised facility at Lapwing Lodge Activity Centre, at a cost of £70,000. To support the existing facilities at the Hobbit houses, which provide accomodation for 40 people complete with kitchen and dining facilities. Our new LEADER funded activity hall and outdoor learning centre is due to commence construction May 2019, supporting the hobbit houses with activities and indoor space, complete with toilets and showers. The refurbishment, modernisation, and adaptation to the existing games hall will provide campstaff accommodation, and an indoor space for training, meetings, group activities and indoor learning opportunities. This project will provide a central point at the site to operate our watersports, archery, climbing,	

		<p>moutain biking etc.</p> <p>This new reception and staff area will offer us a centreal meeting point for our visitors and users.</p> <p>This Scoutreach Community Partnership Project was identified by the Management Board and young people on the campstuff, and our active support unit as a desirable addition to our existing facilities at Lapwing Lodge. The creation of the Hobbit houses in 2017 offered us a new opportunity to expand the facilities and activities available on site to smaller Community Groups, linked with outdoor activities currently on offer. The construction of a new activity hall and outdoor learning centre has opened up a wet weather facility complete with showers and toilets, to support groups taking part in our activities and outdoor learning. New facilities are needed for our growing voluntary campstaff team and active support unit, this project will provide training opportunities and outdoor learning skills for new community groups, from the local partnership within Renfrewshire council areas.</p> <p>This upgraded facility will achieve 4 main aims 1. It will provide small local groups with accommodation and indoor space for learning and activities. 2. It will open the centre to a complete range of people within the local community tackling isolation, poverty, inclusion with new groups. 3. It will help centralise the centre management, offering a meeting point for groups undertaking activities at the centre. 4. This enhanced facility will open new learning and training facilities for a variety of current and future users. We propose in partnership with the newly formed Community Partnerships to identify suitable groups within each area who may benefit from this project, and offer them the opportunity of a 4 day residential experience, complete with activities to support their work within their communities. Our anticipated outcomes are varied and form part of the strategy for development at the Lapwing Lodge Activity Centre. Going forward we will offer out Scoutreach Community partnership project to existing and new users within the local community partnerships being developed within Renfrewshire council. Outcome 1 - To encourage new user groups from local partnerships to facilitate the hobbit houses Mon - Thur 40 people, accommodation and activities, suggested groups, vulnerable families, carers, people experiencing isolation, families recovering from addiction. Outcome 2 - To create new activities for existing user groups, youth organisations, churches, language schools, Kilbble Care, Turning Point, offering new activities, and outdoor learning opportunities. Outcome 3 - With support and Development within the young campstaff team, identify new opportunities and activities to complement our existing wide range of on site activities.</p>

How much grant funding are you seeking?	2.10	£900 (Applications totalling £9,488 made across 5 Local Partnerships)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	<p>The Paisley Puffins walking group has been running since June last year it has encouraged tenants to engage in some physical exercise to become fitter. It has also brought people together built confidence and broke down the loneliness barrier. We would like to establish another group within Johnstone.</p> <p>Our tenants are wanting to improve their health and wellbeing and lead a healthy lifestyle. With this project they can have the best of both. Many of our tenants get lonely and depressed when they are not active. But sometimes their fitness and health is poor and they are not able to engage in an activity. With this project they will be able to choose what is the best activity for them and what level they want and be able to do something rather than nothing. By keeping out tenant's fitness level up this has a great knock on effect on our ratio of falls as the stronger they are they are unlikely to end up in hospital through a fall.</p> <p>I am aware that with the new LAP criteria this project may not totally fit. We are not looking for a great deal of money to start this project off and to do some gentle walks around this area that is safe would certainly tick the box of our tenants taking pride in their own town's heritage.</p>	

		<p>As a group we would also encourage partnership working, if we were able to get any young responsible person looking to become a volunteer then we could provide the training free for them to become a walk leader with us.</p> <p>For our tenants to be more physically and mentally active. To be able to engage socially and be more confident within themselves. It will also guide them to lead a healthier lifestyle.</p>

How much grant funding are you seeking?	2.10	£2000.00 (which is app 8.2% of the total ice costs. NB the total operational costs per season are just short of £39,000.00)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	To provide part funding re hiring of ice to permit ice related activities for adults/young persons to take place at Braehead Arena, the only such facility available within a 30 mile radius of Paisley. That part of funding required & not included within the application (& indeed, all other costs) will be met from club fundraising. It should be noted that Renfrewshire Council approved a motion seeking to assist the club in developing an ice facility within the Paisley area which would allow PPIHC & other clubs generated to develop base premises which would preclude the need to apply annually for grant assistance to rent premises elsewhere (ie Braehead Arena, currently the most expensive such facility in Scotland). To encourage more people to watch/play ice hockey to encourage a healthier lifestyle. The club seeks only to ask for assistance re ice rental, which accounts for approximately 70% of the total costs likely to be incurred, and seeks assistance to meet 30% of that total cost within a ring fence for ice rental costs. All other expenditure will be met from within its own resources.	

		<p>Paisley Pirates were first formed in 1946 & from then until the 1960's played at East Lane. In 1992 they were resurrected at the Lagoon Leisure Centre & from then until 2006, when Renfrewshire Leisure Ltd withdrew ice facilities there. While Pirates were successful in relocating to Braehead Arena, the cost there is prohibitive, currently standing at almost £200 per hour with an 8% increase pending. The various other activities such as junior development fell due to the high cost. Due to the paucity of ice facilities Pirates have on occasions gone as far as Dundee & Dumfries to secure ice.</p> <p>Because of rising demand for a skills based approach the club has appointed a second volunteer coach for the senior team & intends to appoint commensurate numbers of volunteer coaches in respect of the planned re-introduction of junior ice hockey for players under the age of 20.</p> <p>NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports. Supplementary Information submitted for JOHNSTONE & LINWOOD

Taking Pride In The Look & Feel of our Towns

Pirates have continued to have players recognised at international level both for Scotland and GB. As an illustration, one of our former players from Johnstone was selected to play for GB universities in China, giving him an experience which he could never have had had he not played for the Paisley Pirates.

In recent times the club was awarded a civic reception by the Lord Provost in recognition of its record in bringing regular civic pride to the town by means of regular success at national level

What's On in Johnstone & Linwood?

Braehead Arena is served by local buses on Sundays and the earlier than usual starting time (5.00pm) gives families and young adults the opportunity to enjoy an evening's entertainment on an otherwise quieter day for an activity to follow.

As well as weekly features in the Paisley Express during the season, we have our own website, Facebook with 2184 Followers and 2179 Likes, Twitter 2180 Followers, Instagram 483 Followers and various other digital outlets within Renfrewshire such as Whats on Renfrewshire etc

Community Safety

The club took a leading role in the promotion of an Anti Knife campaign led by the Paisley Daily Express. The team was featured in the newspaper holding campaign stickers which were then distributed to supporters and local people for display on their cars.

The club provides an alternative to anti-social behaviour and crime in the local area, by providing affordable entertainment in a safe environment at a time where there may be fewer alternatives on activities to participate within.

Focus on Young People

We hope to run an Under-18's team next season in addition to the Pirates team. In the longer term, if funds and ice time are available, it is hoped to run more junior teams from the age of 5 upwards.

The club regularly builds links with local youth groups e.g. Scout, BB and Youth groups by offering discounted rates for larger groups attending home fixtures. This offer is also extended to local school groups too, in the hope that we can engage them in a more unique activity, such as ice hockey.

NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports.

Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Johnstone & Linwood Children & Young People	
How much grant funding are you seeking?	2.10	£8,575.00 (Applications totalling £56,725 made across the 7 Local Partnerships)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.6	The project is an evidence led initiative that aims to engage inactive children in sports and physical activity. The pupils in the eleven primaries within the Johnstone and Linwood LAP have used their pupil voice to tell us what sports and activities they would like to try to become active. Classes will be delivered by a combination of local volunteers and professional coaches. The professional coaches will mentor young volunteers creating a pathway to employment for Secondary aged pupils. The funding will provide the opportunity for inactive young people to become more active. The purpose of this project is to get kids active within the Johnstone & Linwood area. At present there are over 726 pupils that have either self identified or been identified by their parents as being inactive. This data was found using an Active Schools survey that was conducted across all schools in Renfrewshire. This programme will help to improve activity levels by offering a variety of free activity sessions whilst tackling the barriers to participation. This programme will also aim to upskill pupils from St Benedict's, Linwood High and Johnstone High school to enable them to provide sport sessions within their	

		<p>community as volunteers.</p> <p>This project will work with the families to encourage participation in free activity sessions within the local primary schools. These sessions will focus on the sports requested by the pupils through the activity survey.</p> <p>The project will also provide training opportunities such as level 1 sports courses and first aid training for senior pupils from St Benedict's, Linwood High and Johnstone High school. Once their training is completed the pupils will be provided with placement opportunities within the local primary schools. This will allow them to provide volunteer led sessions at zero cost to the participants and wider community.</p> <p>The anticipated outcome of this programme is that the number of inactive pupils within the Johnstone & Linwood area will decrease during the 19-20 school year.</p> <p>This project will also train at least 25 new young leaders who will hold the appropriate qualifications to enable them to volunteer within their own community of Johnstone & Linwood.</p>

Provide opportunities for participants to achieve certification that could progress a way into further training or education.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Johnstone & Linwood	
How much grant funding are you seeking?	2.10	£1,012 (£5,172 across all Local Partnerships)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 to 2.6	<p>This project involves working with young people aged 5-18 years who are classed as 'At Risk' by the Social Work Department. A number of these children are living with grandparent carers (Kinship) . The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal / and legal drug taking, healthy eating, keeping themselves safe and learning to make meaningful connections with each other and the wider community. Additionally, the project will seek to up skill and empower parents/carers with the prerequisite skills to raise healthy, thriving children through training programmes and support.</p> <p>The need for the project was identified due to grandparent carers identifying barriers to explaining to the children they are caring for about why they can't stay at home. Grandparents stated they felt ill equipped with proper tools or skills to explain about illegal and legal substances and additionally the role of authority figures such as social work and police. Research has demonstrated the stigma experienced by children classed as 'at risk' and shows that kinship carers can experience high levels of social isolation.</p>	

		<p>This project seeks to address this by offering a nurturing, caring and empowering environment where families can come together and become part of the community.</p> <p>We will continue to address the needs of our local community and offer education through play around drink and drugs, healthy eating and mindfulness sessions.</p> <p>The grant will develop our mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addiction and teaching young adults they can break the cycle by healthy life choices. We already work closely with the Star Project, Carer Centers, Families Outside (a charity that works solely on behalf of families affected by imprisonment.), local libraries, Our Place, Our Families (a charity with the aim of improving the quality of life of people who live in the Johnstone and Linwood community) and Renfrewshire Support Group. We intend to expand and run workshops in employability and disclosures to increase the employability of parents/carers. We anticipate 24 children and 16 carers will attend our summer program which will run 2 days a week for the duration of the summer school holidays.</p> <p>This programme will allow for a platform to discuss issues that would not be addressed in a home environment, such as why children are not been looked after at home, the difference between illegal and legal substances, it will encourage community members to get involved in the local community and work their way out of poverty, which would also break the cycle and lead to healthier life. This project will offer community members the opportunity to engage in more activities in Johnstone and Linwood. The project will utilise public resources, such as parks and outdoor spaces, as well as maximising the use of buildings in the community. Primarily, the project will strengthen social connections and tackle social isolation on an intergenerational level by focusing on improving health and wellbeing in the Johnstone and Linwood area. We anticipate, as a result of this project, that there will be a reduction in stigma associated with kinship care, a reduction in the social isolation experienced by individuals (young and old) with social work involvement and we anticipate an increase in community members being involved with local activities and groups. Saliently, we anticipate an increase in confidence and community connectedness in all individuals engaging with this project</p>

Encouraging those living in isolation to take part in meaningful activities and social events organised by the group. Encourage those living with dementia and their carers who live in outlying areas around Johnstone to feel welcome to join us. Educate shops, cafes, restaurants and businesses in how to meet the needs of these individuals and their carers. Create a social network amongst those living with Dementia and their carers. Erase the feeling of fear and embarrassment for those concerned when visiting Johnstone and surrounding areas.</p> <p>Creating Dementia Friendly Communities is happening throughout Scotland. There is a huge need for more understanding of Dementia. The embarrassing stigma that surrounds the illness has to be eradicated. More support from individual members of the community is necessary. Businesses must start to become more informed as to how they can alter their business module (even in the slightest way) to assist in this project working. There is no community support system in this area. In the town centre of Johnstone the number of people living in the High Street with Dementia is very high for such a small area.</p> <p>This is a brand new project that has never been done before in this area, bringing dementia awareness to the community, developing socialisation and creating a network of support for those living with dementia. Local fundraising has already started,</p>	

		<p>donations, advertising posters, newspapers, social media. We have been in touch with several community councils around Johnstone and made a presentation to the Johnstone Community Council on the 09/05/2019. The understanding that positive help for the individuals and their carers and families is life enhancing for all concerned. The subject of the illness will be less embarrassing and ignored. Taking in Johnstone and Linwood's priority of focusing on young people, our work will primarily benefit the school-aged population of this area.</p> <p>Thanks to LAC funding in previous years, and our own resources, demand continues to be high from schools to provide regular input on Fair Trade and Global Citizenship more widely. This has included visits to individual schools, as well as conferences where several schools from Renfrewshire share in their learning. In 2019, during Fairtrade Fortnight, Rainbow Turtle organised two such events: the very successful Primary School conference at St Mirren Park, with 8 schools in attendance, as well as a visit from a Rwandan Fairtrade coffee producer to Mary Russell School, with other local Secondary Schools also attending.</p> <p>Our specific aims are: * to meet increased demand to host schools conferences during the year, enabling young people to engage actively with issues of social justice, the environment, Global Citizenship and Fair Trade;</p>	

		<p>* to host and facilitate at least 1 producer visit, combining with one of the above conferences as we have in 2019 and in previous years;</p> <p>* to work directly with the young people on school Fair Trade and Eco committees to embed Fair Trade issues deeper into the curriculum.</p> <p>* Increased collaboration with Renfrewshire Council and other local organisations, building on networks already developed;</p> <p>* further production of an Education programme which will increase understanding of of global issues within a local context;</p> <p>* engagement with a greater number of schools, young people, teachers and community groups with Fair Trade issues, both local and global.</p>

These will include attending arts & crafts sessions, sewing lessons and looking at other types of crafts that we can access from other groups around Renfrewshire.</p> <p>We meet weekly in the middle of Paisley. So we have plenty of opportunities to chat and talk about the different types of things or members would like us to arrange. We have also run a variety of different activities for the members. These have included, card making, gift making for Christmas, blanket knitting and other types of things. From this we have put together a kind of wish list that our members would like to take part in when we all return from summer and look towards what will bring us out of the house during the worst of autumn and winter. These lists always have trying out more and more arts & craft styles.</p> <p>This project is about offering a way for our members to get involved in something they really enjoy. Due to their previous lifestyles they may have lost confidence in being in crowds, in coming out during the day, or even connecting with people they barely know.</p> <p>Our members will improve their social skills, which have been affected by their chaotic lifestyles.</p>

(Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>A series of brass classes, culminating in a workshop and concert event.</p> <p>To provide an opportunity for school brass pupils to take part, and play alongside their local band, with input from a conductor/band trainer.</p> <p>Over the last 3 years, Johnstone Band organised a workshop and concert for school pupils. The event has been well received, and we had a superb concert in each year, which friends and family were able to attend at no charge.</p> <p>To continue this engagement and build commitment, we'd like to run a series of band classes, culminating in a workshop and concert event which builds ongoing relationships with the instrumental music service and local brass pupils.</p> <p>We will organise a series of brass classes, plus a workshop and concert aimed at school pupils, using funding to engage a conductor/band trainer, cover travel and accommodation costs, and hire a suitable venue, providing music and support from the band. We want to be as inclusive as possible and offer the event free of charge.</p> <p>We expect to encourage more pupils to participate, and that they will be more aware of how they can continue to play in a brass band when they leave school.</p>	

		Playing in a band setting promotes team working and a sense of community, provides opportunities to make long term friendships, and supports good mental health and wellbeing. Encouraging support from family and friends means that the investment in brass tuition has a much wider return. Adding to the positive image and reputation of Johnstone Band, Johnstone and Renfrewshire.

		<p>We created an outdoor toddling group (rather than a toddler group) in early 2018 and in October 2018 converted to a Community Interest Company to help us fund our social aims in the longer term.</p> <p>Parents told us that they didn't feel confident walking with their very young children and were surprised by the opportunities for free play in our area, including fantastic natural areas, but felt these might be unsafe when alone. Exploring them as a group has changed their perspective and from April 2017-March 2018 we held 47 outdoor toddles, with 287 attendances by 37 children and 200 by 39 adults.</p> <p>Continue to run free to attend Tuesday Toddles in Linwood and complement these with a calendar of other affordable family events. These will include litter picks, led story events, health walks, outdoor play opportunities and other pop-up activities. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>To provide breastfeeding peer support and evidence based information to families in Johnstone and Linwood. This is especially important in areas of multiple deprivation and helps address health inequalities, promotes inclusion, tackles loneliness and isolation, improves maternal health and wellbeing and improves the confidence of young mums, enabling them to go on and do further training. We want to maintain the excellent service we already provide by supporting our existing volunteers, and by training a new cohort of local mums to ensure sustainability of the project.</p> <p>Across Renfrewshire breastfeeding rates remain low, with only around 14% being breastfed at 6-8 weeks in the most deprived areas. Evidence shows that trained peer support helps mums to meet their own breastfeeding goals, enabling them to breastfeed for longer. This positive impact on their own mental health improves bonding and attachment helping to alleviate postnatal depression and feelings of isolation. By having the opportunity to access skilled support and evidence based information they feel</p>	

		<p>part of a supportive welcoming community. Babies who are not breastfed are more likely to suffer from chest, ear, urinary tract and gastrointestinal infections, and at higher risk of developing obesity, high blood pressure, heart disease, stroke, diabetes, and cancer in later life.</p> <p>We will continue to provide breastfeeding support at the well established group in Johnstone, by training 12 women to provide peer support, continue their ongoing learning, and supervision with our accredited training. This is in line with the Local Partnership's priority by focusing on young mums, which in turn reduces social isolation, improves maternal mental health and increases social capital. Johnstone is unique in the area having this service which makes the town particularly welcoming and accessible to breastfeeding families, also in line with the Scottish Government's Breastfeeding Friendly Scotland which will be launched this summer. We will work closely with local community groups eg Active Communities and Kairos, local Health Improvement and Health Visiting teams. We will attend local community events, providing support to both pregnant women and new families</p> <p>We will continue to support vulnerable local families within the community enabling them to continue breastfeeding for as long as they wish. They will have increased knowledge and confidence and be part of a supportive community. We anticipate supporting increased numbers of breastfeeding families at the group and at local community events. We will continue to support existing volunteers by helping them increase their knowledge and skills, promote our service locally and increase knowledge in the community</p>

(Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>Support young people in Linwood, to develop opportunities that lead to a reduction in anti-social behaviour, engaging with local priorities and formulating the design of a space for themselves locally (old post office site, Clippens Road, may be suitable). Activities will centre on a summer film-making workshop. Supported by youth workers from CreatePaisley and Linstone 20/20, the young people will develop a 3D design for the space. Film making and local consultation will strengthen group relationships and create valuable materials for use in a Lottery bid application to fund a safe and affordable youth space in the centre of Linwood.</p> <p>Consultation, using the Scottish Government's recommended Place Standard Toolkit, was undertaken by Linstone's Community Engagement Team (Linstone 20/20) over winter 2018/19. Young people's views were gathered (see supporting paperwork).</p>	

		<p>The consultation identified a severe lack of low cost and locally accessible activities and spaces for young people aged between 13 and 19 to congregate safely in Linwood. A disconnect between young people and the rest of the community in these areas was also identified. Anecdotal evidence from teachers at Linwood High School, the local police and community organisations, such as KLAS Care, also expressed this view. Working with 100 young people from Linwood/Johnstone areas through an accredited summer programme and wider schools engagement to assess needs and develop ideas for a youth space through creative workshops; including filmmaking, space design, visual identity and visits to established creative youth hubs. Participants in the summer programme will then engage with their wider peer group through lunchtime schools engagement, resulting in a youth spaced design which has been developed by its future users. With guidance, the young people will then use their design to form the basis for a draft funding application, with National Lottery Young Start in mind.</p> <p>"* Short film expressing young people's need for a youth space in Linwood</p> <p>* 3D Model of the interior, developed by future users</p> <p>* Visual branding, a name for the space, vlog diaries, Instagram feed</p> <p>* Draft application for funding for development</p> <p>* Young people will:</p> <ul style="list-style-type: none"> - develop skills in creative media and co-design, acquiring accredited qualifications - increase their network of support and benefit from peer to peer learning. - increase their self-confidence, communication and organisational skills through formation of a project- focused youth group - feel more engaged in their local community, with increased pride in their town"

We were the first City Farm in Scotland and the farm is very popular with families, nurseries and disabled groups as well as local schools. Around 10,000 people visit Lamont Farm annually. We aim to educate people from all walks of life in animal care, welfare and husbandry.</p> <p>The farm has many social connections to help promote mental health, wellbeing and to help lessen isolation. Animals are a great source of therapy and have a great ability to bring many different people together some people prefer being round the animals as a gentle way of reintroducing them into the community.</p>	

		<p>Some of the connections we have are RAMH, spark of genius, community service, West college Scotland's adults with addition needs and kibble we believe everyone should have the chance to be involved in their community. These connections help provide placements for anyone suffering mental health issues, physical disabilities, someone who has been out of the community, anyone who is looking to get back into work or anyone who just wants to volunteer, its a placement where everyone is included in every aspect of the farm with no judgement. We offer work experience placements and curriculum of excellence to many different high schools throughout Renfrewshire and beyond including Johnstone high school, the placements are invaluable to pupils wishing to pursue a career in the animal sector as not many places allow under 16's to work so closely with such a variety of animals, in recent years our volunteers have went on to become fully qualified veterinary nurses. . We are on an active bus route with buses coming from many different areas which helps make it easy to visit from many parts of Renfrewshire and the surrounding areas.</p> <p>The farm runs regular education and fun workshops to bring the local and surrounding communities together to learn different aspects of animal care, our parent and toddler workshops are hugely popular bringing parent and toddlers from many areas Johnstone included. These workshops offer great fun for all participants as there are no other parent and toddler events which involve animals in any local area. We have great connections with the local nurseries and primary school groups including a recent successful visit from auchenlodment primary school providing them with a tour and handling session where the children had great fun meeting the animals we are the only small community farm in the resounding area and is easily accessed by bus.</p> <p>We have a small secure play area based within the farm which is decorated by colourful cartoon animals which is hugely popular and many happy hours are spent by children and parents.</p> <p>The grant will help towards running costs to ensure the project can continue to provide a variety of services and continue to work with a number of local educational establishments within the community.</p> <p>To continue to provide services to local educational establishments and to continue to increase the number of placements offered through these.</p> <p>To continue to provide an outreach service to the local community to allow an experience that many people can enjoy.</p>

Johnstone and Linwood Priorities

Paisley has an emerging traditional music scene with a new generation of young musicians now coming through. Through our inclusive approach to teaching, participants are able to attend classes and learn together, strengthening community involvement and benefit. The awareness of Gaelic culture and local heritage has increased significantly since the establishment of Fèis Phàislig in 2014 and has allowed those interested in traditional music and culture to participate, regardless of background or ability.

• Taking pride in the look and feel of our towns

Fèis Phàislig help strengthen communities and create opportunities that people feel they can be a part of and contribute towards. With a focus on local and national heritage through music, our events will assist the establishment of a caring, community atmosphere and allow those within the local partnership area to come together and take pride in their towns.

• What's on in Johnstone and Linwood?

Regular showcase events, ceilidhs and concerts allow us to deliver events across both Johnstone and Linwood. The inclusive approach within our delivery allows participants to make new friendships in an enjoyable and safe environment, working alongside professional artists and creative adults.

Our touring Ceilidh Trail group will perform across all of the areas within the local partnership, making use of community buildings and venues and working with other local organisations. All of our activity is kept affordable, often free, with a view to welcome in as many participants and the local community as possible.

- **Key Theme: Focus on young people**

Our 2019-20 programme will deliver new and existing activity with more opportunities for young people in the local partnership area. Through consultation and feedback with participants, young people will be encouraged to shape and influence our work in the year ahead.
