## **5 Key Local Priorities**

A presentation was delivered by Community Planning partners relative to identifying common matters that were important to people in the area and setting local priorities for improvement. It was envisaged that, once identified, these local priorities would be used to target resources and improvement actions.

The presentation, together with a Local Profile providing background information, detailed key facts about the population, access to services, crime, children in poverty, schools, care homes, extra care and sheltered housing, parks and play areas, health resources and the voluntary sector, specific to this Local Partnership area. The development of Place Plans for specific localities, such as that already in place for Foxbar, was also highlighted as good practice.

Based on the information provided, members worked in groups to identify and set priorities for the area. After discussion, the following priorities were identified: -

- Health – access to services, social inclusion, drug awareness;
- Transport – connectivity from villages, safe underpasses, clean green routes;
- Villages - identity and history, culture, community assets;
- Planning and Environment – greenbelt, litter, bins, low carbon footprint;
- Community Empowerment – exploring participatory budgeting, decision-making, availability of information within appropriate timeframes: and
- Intergenerational work as a means of achieving these priorities.

**DECIDED:** That health, transport, villages identity, planning and environment, community empowerment and intergenerational work be approved as the key local priorities for Erskine, Inchinnan, Bishopton and Langbank Local Partnership.

## **6 Local Partnership - Future Arrangements**

There was submitted a report by the Chief Executive relative to decisions which the Partnership required to consider in relation to the operation of the Partnership.

These decisions related to arrangements for future meetings and the name the Partnership wished to be known by.

In addition, Cllr Nicolson proposed that the Partnership adopts a procedure to enable decisions to be taken on grant applications that were not available for a meeting of the Partnership and which cannot wait until the next scheduled meeting of the Partnership. It was agreed that in such circumstances, the grant application could be approved by unanimous written approval by all voting members (including by email) provided there was a valid grant application and there were sufficient funds available to the Partnership. It was also agreed that where no response had been received from any voting member within the time given for a response, this would be taken as approval to the grant award.

### **DECIDED:**

(a) That the next meeting be held at 6.30 pm on 13 June 2019 in St John Bosco Primary School and that further meetings be held in November 2019 and March/April 2020, at venue(s) and times to be advised;

(b) That members identify accessible venues in the area and indicate a preference for a single venue for all meetings or alternating between different venues in the area and advise [communityplanning@renfrewshire.gov.uk](mailto:communityplanning@renfrewshire.gov.uk) by no later than 7 May 2019; and

(c) That suggestions for an alternative name for this Local Partnership be notified to [communityplanning@renfrewshire.gov.uk](mailto:communityplanning@renfrewshire.gov.uk) by no later than 7 May 2019;

In addition a sum of £50 per community representative requires to be ringfenced for potential claim of expenses, as agreed at the April 2019 meeting.

- 2.4 The Youth Challenge Fund component of Erskine, Inchinnan, Bishopton and Langbank Local Partnership Funding is £20,288. This funding will be allocated by young people through a Participatory Budgeting process to take place later in 2019.

### **3. Recommendations**

- 3.1 It is recommended that members of Erskine, Inchinnan, Bishopton and Langbank Local Partnership consider the applications for Local Partnership grant funding, as set out below in Appendix 1 and Appendix 2.

### **4. Background**

- 4.1 The priorities of Erskine, Inchinnan, Bishopton and Langbank Local Partnership are:

#### **Health and wellbeing**

The Local Partnership want to make sure people are aware of and can access health services, to support both physical and mental health. This includes community-led health services too. The Partnership also think tackling social isolation is a key to improving health across the area.

#### **Connectivity**

The Local Partnership want to see places across Erskine, Inchinnan, Bishopton and Langbank better connected to each other, and to the wider area. They want to see provision of good quality public transport, but also safe, clean and green routes for walking and cycling.

#### **Community identity**

The Local partnership want to support the individual identity and history of each town and village. A key part of this should be local events which celebrate this identity, and better communication of what's on across the area to support this.

#### **Planning and environment**

The Local Partnership want to be involved in, and influence, planning decisions, and are particularly interested in land ownership and use. The Partnership see this as key to supporting a clean and green area, which also includes street cleanliness issues at a local level, but also wider green issues such as low carbon.

#### **Community empowerment**

The Local Partnership want communities to be involved in, and influencing, decision making about the area. This includes making sure communities are well informed about local issues and looking at ways to get people involved such as participatory budgeting.

## **Intergenerational work – key theme**

The Local partnership are particularly interested in building relationships between younger and older communities across the area and exploring how intergenerational work might support their Local Priorities.

### **4.2 Guidance and Criteria for funding**

To assist all interested groups and organisations with the application process, guidance was produced and promoted across a variety of communication channels. Potential applicants were also invited to attend drop in sessions to receive advice on making an application and to ask questions about the guidance. More than 70 groups participated in the drop-in sessions.

The guidance set out criteria against which applications should be made. For example, guidance was provided on applications made to more than one partnership, indicating that Local Partnerships would require applications to evidence how an application would meet identified local priorities, and would anticipate that funded activity was being delivered locally. The guidance also includes criteria relating to maximum levels of investment, applications from partner organisations and what funding should and should not be used to support amongst other issues.

Further support and information will be made available to those applicants who are not successful in gaining funding, and in particular to signpost applicants to other sources of funding. For reference, the guidance can be accessed [here](#).

We are currently creating a modernised facility at Lapwing Lodge Activity Centre, at a cost of £70,000. To support the existing facilities at the Hobbit houses, which provide accommodation for 40 people complete with kitchen and dining facilities. Our new LEADER funded activity hall and outdoor learning centre is due to commence construction May 2019, supporting the hobbit houses with activities and indoor space, complete with toilets and showers. The refurbishment, modernisation, and adaptation to the existing games hall will provide camp staff accommodation, and an indoor space for training, meetings, group activities								

		<p>and indoor learning opportunities.</p> <p>This project will provide a central point at the site to operate our water sports, archery, climbing, mountain biking etc. This new reception and staff area will offer us a central meeting point for our visitors and users. This Scoutreach Community Partnership Project was identified by the Management Board and young people on the camp staff, and our active support unit as a desirable addition to our existing facilities at Lapwing Lodge. The creation of the Hobbit houses in 2017 offered us a new opportunity to expand the facilities and activities available on site to smaller Community Groups, linked with outdoor activities currently on offer. The construction of a new activity hall and outdoor learning centre has opened up a wet weather facility complete with showers and toilets, to support groups taking part in our activities and outdoor learning. New facilities are needed for our growing voluntary camp staff team and active support unit, this project will provide training opportunities and outdoor learning skills for new community groups, from the local partnership within Renfrewshire council areas. This upgraded facility will achieve 4 main aims 1. It will provide small local groups with accommodation and indoor space for learning and activities. 2. It will open the centre to a complete range of people within the local community tackling isolation, poverty, inclusion with new groups. 3. It will help centralise the centre management, offering a meeting point for groups undertaking activities at the centre. 4. This enhanced facility will open new learning and training facilities for a variety of current and future users. We propose in partnership with the newly formed Community Partnerships to identify suitable groups within each area who may benefit from this project, and offer them the opportunity of a 4 day residential experience, complete with activities to support their work within their communities.</p> <p>Our anticipated outcomes are varied and form part of the strategy for development at the Lapwing Lodge Activity Centre. (Please use a separate sheet if required)</b>	<b>2.3</b> <b>2.4</b> <b>2.5</b> <b>2.6</b>	<p>The Cornerstone was provided with a professional small kitchen during the refurbishment of 2007. Since then, the facility has been increasingly used as The Cornerstone becomes a venue for many new community uses, including (in particular) the Bishopton Out-of-School Care group, and also the Monday Playtime group for parents and under-5's. It has become apparent that storage space in the kitchen for utensils and crockery is becoming very stretched, and it has been decided to remodel to space to provide both extra work surfaces and extra storage. In addition to the above, the remodelling will also serve to lower some of the existing wall cabinets to a height more suitable for the volunteers who provide the services from the kitchen, again making them more functional. As mentioned above, the very welcome increase in use of the whole facility has brought with it some new problems, particularly around the subject of storage spaces. In the kitchen (and to some extent also in the upstairs pantry), it is becoming increasingly difficult to find suitable storage space for the clean utensils, cookware, crockery and general kitchenware so that items can be put away and retrieved accessibly and safely.</p>								

		<p>The Users of the facilities were asked to consider what improvements were considered necessary and/or desirable, and from this an estimate for the necessary works has been procured from a reputable supplier of commercial kitchen cabinets and appliances. This estimate has been used to inform the present project in terms of both feasibility and cost estimates and has provided us with a range of options for essential improvements and also desirable improvements. The project will increase cupboard (floor and wall-mounted) storage in the kitchen by about 75% and will also provide additional working surfaces of about 100% (much of the existing surfaces being taken up by appliances). Electrical services to the work areas will be improved in line with demand. Provision will be made for refrigeration and consideration is still being given to the inclusion of a commercial dishwasher (in line with Renfrewshire Council Environmental Inspection recommendations). Once potential funding paths have been confirmed, competitive quotes will be sought (there are not many suitable suppliers of such equipment) and a project plan commissioned, which will be overseen by the Church Property Team with overall oversight by the Congregational Board. The overall condition of the kitchen will be refreshed.</p> <p>2. The available work surfaces for food preparation and handling will be increased by about 100%. 3. The available safe storage areas for utensils, crockery, cookware and general kitchenware will be improved by about 75%</p>

How much grant funding are you seeking?	2.10	£2000.00  (which is app 8.2% of the total ice costs. NB the total operational costs per season are just short of £39,000.00)	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide part funding re hiring of ice to permit ice related activities for adults/young persons to take place at Braehead Arena, the only such facility available within a 30 mile radius of Paisley. That part of funding required & not included within the application (&, indeed, all other costs) will be met from club fundraising. It should be noted that Renfrewshire Council approved a motion seeking to assist the club in developing an ice facility within the Paisley area which would allow PPIHC & other clubs generated to develop base premises which would preclude the need to apply annually for grant assistance to rent premises elsewhere (ie Braehead Arena, currently the most expensive such facility in Scotland).	

		<p>To encourage more people to watch/play ice hockey to encourage a healthier lifestyle. The club seeks only to ask for assistance re ice rental, which accounts for approximately 70% of the total costs likely to be incurred, and seeks assistance to meet 30% of that total cost within a ring fence for ice rental costs. All other expenditure will be met from within its own resources.</p> <p>Paisley Pirates were first formed in 1946 &amp; from then until the 1960's played at East Lane. In 1992 they were resurrected at the Lagoon Leisure Centre &amp; from then until 2006, when Renfrewshire Leisure Ltd withdrew ice facilities there. While Pirates were successful in relocating to Braehead Arena, the cost there is prohibitive, currently standing at almost £200 per hour with an 8% increase pending. The various other activities such as junior development fell due to the high cost. Due to the paucity of ice facilities Pirates have on occasions gone as far as Dundee &amp; Dumfries to secure ice.</p> <p>Because of rising demand for a skills based approach the club has appointed a second volunteer coach for the senior team &amp; intends to appoint commensurate numbers of volunteer coaches in respect of the planned re-introduction of junior ice hockey for players under the age of 20.</p> <p>NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports It will enable</p> <p>1 The club to continue providing a local focus for the sport given that no other suitable venue is currently available at either senior or junior level.</p> <p>2 The continued development of on-ice skills at senior/junior level.</p> <p>3 The continued &amp; enhanced development of off-ice skills for volunteers &amp; adults with learning difficulties able to carry out duties on match nights requiring numeracy/organisational/interpersonal skills.</p> <p>4 The club to publicise the existence of an ice hockey team in Paisley through local media outlets &amp; maintain a significant profile in the area eg the club has featured regularly in an annual project run by a Canadian tourist agency (circulation 0.25m) which promotes Paisley as an ice hockey town for potential tourists.</p>

### **INCHINNAN, ERSKINE, BISHOPTON & LANGBANK supplementary information** **Health & Wellbeing**

The club made front page headlines locally in recent times by being the first to discontinue the award of a case of beer to the Man of the Match in favour of giving a case of healthy drinks to replace lost body fluids.

The club paid a visit to local primary school, Bishopton, to promote ice hockey through fitness, healthy diet and a need to look after oneself to play sport and be successful.

Timbers (Pirates mascot) also attended to entertain the kids.

The club has supported local safety messages such as the Paisley Daily Express Anti Knife campaign, which saw the team members in a group photograph displaying the message on car stickers which were then distributed to the local community. The club also has a long running relationship with Pro Life Fitness Centre and through their business relations, have been able to offer discounted membership rates to fans of the club, promoting a healthier lifestyle to many.

### **Connectivity/Community Empowerment**

Bus links to and from the locale to Braehead are adequate and supporters for links with fans from other localities. The Paisley Pirates registered address is in Erskine, where the administration of the club takes place. At present, the club's Head Coach and team captain live within the local partnership area, as do the management committee and other volunteers. The club is run entirely by a voluntary management committee, assisted by volunteers.

As well as weekly features in the Paisley Express during the season, we have our own website, Facebook with 2184 Followers and 2179 Likes, Twitter 2180 Followers, Instagram 483 Followers and various other digital outlets within Renfrewshire such as Whats on Renfrewshire etc

### **Community Identity**

The club regularly seeks opportunities to be involved in working with other local groups, and in 2013, Head Coach Ian Turley, and many of the players were invited along to help reopen Lamont City Farm, following a period of refurbishment and repair. This relationship has previously been extended with bucket collections taking place at home fixtures to support the local group.

The Pirates have supported Erskine Hospital with collections during games on Poppy Day.

### **Intergenerational Work**

In addition to setting admission prices at a low enough level to encourage families and young people to attend, the club intends to start an under 18's team in the new season, and in the longer term to begin teams at all ages, the lowest age being under 10's with players from 5yrs and up

NB - The club are actively working in conjunction with Renfrewshire Council to establish an ice facility within Renfrewshire for all ice sports.

<b>What does your Organisation/Group do?</b>	<b>1.10</b>	<p>Renfrewshire Leisure's main aim is to provide facilities for recreation, sport and cultural pursuits which are of maximum benefit to the community and in doing so ensure this provision is truly inclusive. There is no doubt that sport and culture can bring real benefits for communities and individuals alike and participation in physical activity can make a significant and positive contribution to many areas of our lives. It is vital that everyone has the opportunity to participate.</p> <p>Renfrewshire Leisure will provide a range of programmes, projects and initiatives which target inequalities and aim to improve life chances for the most disadvantaged. We will provide the opportunities to improve the health and wellbeing of the population of Renfrewshire in general.</p>	
<b>Local Partnership applied to for funding and Local Partnership area(s) covered activity</b>	<b>1.13</b>	<p>Erskine, Inchinnan, Bishopton and Langbank</p> <p>Children &amp; Young People</p>	
<b>How much grant funding are you seeking?</b>	<b>2.10</b>	<p><b>£7,675.00</b></p> <p>(Applications totalling £56,725 made across the 7 Local Partnerships)</p>	
<b>What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)</b>	<b>2.3</b>	<p>The purpose of this project is to get kids active within the Erskine, Inchinnan, Bishopton and Langbank area. At present there are over 425 pupils that have either self identified or been identified by their parents as being inactive. This data was found using an Active Schools survey that was conducted across all schools in Renfrewshire. This programme will help to improve activity levels by offering a variety of free activity sessions whilst tackling the barriers to participation. This programme will also aim to upskill local high school senior pupils to enable them to provide sport sessions within their community as volunteers. This will help to increase the future sustainability of this project and continue to improve activity levels.</p>	
	<b>2.6</b>		

		<p>This project was identified using the data collected from the 2018-19 Active Schools activity survey. This survey was issued to all high school and primary school pupils within Renfrewshire. The survey received over 19,000 returns from a possible 23,544 pupils. The survey highlighted that 425 pupils from within Erskine, Inchinnan, Bishopton and Langbank are currently completing less than 3 hours of activity per week. This programme will help to improve activity levels by offering a variety of free activity sessions whilst tackling the barriers to participation.</p> <p>This project will work with the families to encourage participation in free activity sessions within the 6 local primary schools. These sessions will focus on the sports requested by the pupils through the activity survey. The project will also provide training opportunities such as level 1 sports courses and first aid training for 25 senior pupils from within Park Mains High school. Once their training is completed the pupils will be provided with placement opportunities within the local primary schools. This will allow them to provide volunteer led sessions at zero cost to the participants and wider community. The project will also increase opportunities for school pupils to gain access to archery sessions. Archery was identified as one of the minority sports that pupils would like to try. This project would expand the number of spaces available within the local club and upgrade/add to the equipment required to take part in the sport.</p> <p>The anticipated outcome of this programme is that the number of inactive pupils within the Erskine, Inchinnan, Bishopton and Langbank area will decrease during the 19-20 school year.</p> <p>This project will also train 25 new young leaders who will hold the appropriate qualifications to enable them to volunteer within their own communities of Erskine, Inchinnan, Bishopton and Langbank.</p>

The Polycrub flooring will be adapted by installing wooden decking for wheelchairs within the Polycrub to enable wheelchair users' access to the raised beds to bring on seeds and plug plants in the early part of the year ready for the growing season along with other members. The need was identified for the Polycrub (Polytunnel) because of the increasing changes in climate change over the last few years. With the increasing late frosts and rainfall each year it was becoming a challenge to raise seeds etc for the start of the growing season. This project developed due to various requests by the growers for a communal indoor growing space to increase successful propagation during the early months of the growing season ready for planting out.	

		The Polycrub (Polytunnel) along with constructing the raised beds and filling them with compost will increase the growing space available to the members to raise seeds and plug plants in a stable environment ready for the new season. By purchasing a Polycrub Kit from Nortenergy and engaging contractors to build the it on a designated site at the allotments. Once the structure is erected the members will come together to lay the decking floor, build the raised beds and fill them with compost. That with access to an indoor planting area during the inclement weather members can start the growing season early by bringing on their fruit and vegetable seeds and plug plants. It also means that they can meet up during the wintery months undercover to raise their seedlings which can assist in promoting good health and mental wellbeing while meeting up and socialising in a safe environment.

<b>How much grant funding are you seeking?</b>	<b>2.10</b>	<b>£300 from this Local Partnership</b> £ 1,500.00 applied for across 5 Local Partnerships, not Johnstone & Linwood or Houston, Bridge of Weir etc)	
<b>What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)</b>	2.3 2.4 2.5 2.6	<p>The purpose of the project is to provide transport to and from the Friendly Hour for members. We provide an afternoon of friendship and fellowship that allows the members to meet and develop their friendships. Entertainment and social activities are provided on a weekly basis from October to May. The entertainment includes children from Ferguslie Park Community Nursery, Mossvale Primary School and Castlehead High School as well as entertainment provided by Adults. Members also have a much appreciated cup of tea or coffee and goodies. The programme includes a Christmas Lunch and an Annual Outing.</p> <p>The Committee identified that many members would be unable to attend our weekly meetings without the provision of transport. A vast number of our members live alone and the Friendly Hour is the only time that they may see other people. It gives them the opportunity of mixing socially, allowing them to chat and at the same time give them some entertainment thus avoiding an afternoon of loneliness and isolation. With an average of over 85 and many who are quite infirm, there is a stronger need for these people to be transported to a happy and lively environment for a few hours on a weekly basis.</p>	

		<p>If we are successful in securing the grant, it will assist us to continue to provide much needed transport to bring these people to and from the Friendly Hour, thus giving the much needed company. We ensure that transport is booked on a weekly basis.</p> <p>By providing transport we are reaching out to people in the communities who may not be able to get out - in some cases this is the only outing of the week. We are able to bring them into a group where they get friendship and fellowship. There are several active Fair Trade groups in this local partnership, and Bargarran Primary School has Fairtrade status, so Rainbow Turtle's work to continue this by running events in schools in the local area will strengthen community identity as an area active in the Fair Trade community.</p> <p>Thanks to LAC funding in previous years, and our own resources, demand continues to be high from schools to provide regular input on Fair Trade and Global Citizenship more widely. This has included visits to individual schools, as well as conferences where several schools from Renfrewshire share in their learning.</p>	

		<p>In 2019, during Fairtrade Fortnight, Rainbow Turtle organised two such events: the very successful Primary School conference at St Mirren Park, with 8 schools in attendance, as well as a visit from a Rwandan Fairtrade coffee producer to Mary Russell School, with other local Secondary Schools also attending.</p> <p>"Our specific aims are:  * to meet increased demand to host schools conferences during the year, enabling young people to engage actively with issues of social justice, the environment, Global Citizenship and Fair Trade;  * to host and facilitate at least 1 producer visit, combining with one of the above conferences as we have in 2019 and in previous years;  * to work directly with the young people on school Fair Trade and Eco committees to embed Fair Trade issues deeper into the curriculum."</p>

Name of project	2.1	Renfrewshire Breast Buddies	
How many members?	1.11	Full Time	0
		Part Time	120
		Volunteer	647
		Member	647
What does your Organisation/Group do?	1.10	Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference. Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding to individuals and organisations and to support a mum in her choice to breastfeed.	
Local Partnership applied to for funding and Local Partnership area(s) covered activity	1.13	Erskine, Inchinnan, Bishopton and Langbank	
How much grant funding are you seeking?	2.10	<b>£6,091.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>To provide breastfeeding peer support and evidence based information to families in Erskine, Inchinnan, Bishopton and Langbank. This is especially important in rural and isolated communities and promotes inclusion, tackles loneliness and isolation, improves maternal health and wellbeing, address health inequalities. This then improves the confidence of young mums, enabling them to go on and do further training. We want to maintain the excellent service we already provide by supporting our existing volunteers in the area.</p> <p>Across Renfrewshire breastfeeding rates remain low, with only around 14% being breastfed at 6-8 weeks in the most deprived areas. Evidence shows that trained peer support helps mums to meet their own breastfeeding goals, enabling them to breastfeed for longer. This positive impact on their own mental health improves bonding and attachment helping to alleviate postnatal depression and feelings of isolation. By having the opportunity to access skilled support and evidence based information they feel part of a supportive welcoming community.</p>	

		<p>Babies who are not breastfed are more likely to suffer from chest, ear, urinary tract and gastrointestinal infections, and at higher risk of developing obesity, high blood pressure, heart disease, stroke, diabetes, and cancer in later life.</p> <p>We will establish a new breastfeeding support group by training 12 women to provide peer support, continue their ongoing learning, and supervision with our accredited training. This is in line with the Local Partnership's priority of empowering the community to support each other as a community led service. In turn this reduces social isolation, improves maternal mental health and increases social capital. The area is already welcoming and accessible to breastfeeding families, which is also in line with the Scottish Government's Breastfeeding Friendly Scotland which will be launched this summer. We will work closely with other local community groups, Health Improvement and Health Visiting teams. We will attend local community events, providing support to both pregnant women and new families</p> <p>We will continue to support vulnerable local families within the community enabling them to continue breastfeeding for as long as they wish. They will have increased knowledge and confidence and be part of a supportive community. We anticipate supporting increased numbers of breastfeeding families at the group and at local community events. We will continue to support existing volunteers by helping them increase their knowledge and skills, promote our service locally and increase knowledge in the community</p>

<b>How much grant funding are you seeking?</b>	<b>2.10</b>	<b>£5,300.00</b>
<b>What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)</b>	<b>2.3</b> <b>2.4</b> <b>2.5</b> <b>2.6</b>	<p>To work together &amp; put on a community event that gives young people and local bands the opportunity to perform in front of 1900+ people. We invite local businesses and groups to showcase their work with booths and stalls. It will see different generations coming together to volunteer and attend, interacting with one another and breaking down barriers that each may have of the other.</p>

		<p>Our goal is to have an event where no-one is excluded but encouraged to attend and see what the young people of the community can do when they work hard and try to give back.</p> <p>This event is now in its 12th year and has become the biggest community event in the calendar, with over 1900 people attending last year, which is almost 6 times the size of the first one we did back in 2008. We saw the need for local events that bring the community together, give them a chance to serve one another and create a positive atmosphere, as well as something that increases participation in Erskine events and supporting local businesses and groups, rather than travelling elsewhere. This community event truly is an all-age community event that is organised and run by young people of Erskine, Bishopton and surrounding areas. It has provided opportunities for young people to do something creative with their time, and to learn about what is available to them in their home town. The young people contribute something positive to their community through this event and in doing so, become more confident as they fulfil their responsibilities by carrying out the tasks that need done. The young people bring their community together for one evening, which many have commented about it as being "the best community event ever" and that the fireworks display was "better than Glasgow Green's display!" The support that the young people receive from their peers, as well as older generations, from this event is overwhelmingly generous. They take their responsibilities of contributing effectively to their society seriously, which is evident by the quality of the event. On top of this, the young people who have the great opportunity to perform with their bands. This event will benefit the local young people, as they will be involved in the organising and running of the event. This will help them gain new skills and in turn boost their confidence and self-esteem, as they will see what can be achieved when they work with each other to put something back into their community. Ultimately, this will also work towards Erskine being a smarter community, as its young people will have better skills, be more confident, effective and successful as they continue on their journey of being responsible citizens. As well as this, the people who attend the evening will have the opportunity to mix with others from the community, which we hope will bring the community together more.</p>

		Those who attend the event will get information of other services that are provided for them within the area, which, if they choose to access these, will in turn bring about a smarter, healthier, safer and stronger community in the long-term.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.4 2.5 2.6	<p>To educate and provide hands on animal care and welfare facilities to the local community and surrounding areas. Lamont Farm offers a wide variety of services to various groups and organisations within the local area and further a field, work experience placements are provided to jobcentres, high schools, community service, kibble project and many more. The farm provides hands on experience for over 40 children who wish to pursue a career in animal care and veterinary practice, educational workshops are ran throughout the year for primary schools, nurseries and visitors.</p> <p>Lamont farm was founded by a group of individuals in march 1977 with a strong desire to establish a local education and community facility. We were the first City Farm in Scotland and the farm is very popular with families, nurseries and disabled groups as well as local schools. Around 10,000 people visit Lamont Farm annually. We aim to educate people from all walks of life in animal care, welfare and husbandry.</p> <p>The farm has many social connections to help promote mental health, wellbeing and to help lessen isolation. Animals are a great source of therapy and have a great ability to bring many different people together some people prefer being round the animals as a gentle way of reintroducing them into the community. Some of the</p>	

	<p>connections we have are RAMH, spark of genius, community service, West college Scotland's adults with addition needs and kibble we believe everyone should have the chance to be involved in their community. These connections help provide placements for anyone suffering mental health issues, physical disabilities, someone who has been out of the community, anyone who is looking to get back into work or anyone who just wants to volunteer, its a placement where everyone is included in every aspect of the farm with no judgement. We offer work experience placements to many different high schools throughout Renfrewshire and beyond, we have a great relationship with the local high school, primary schools and nurseries in and around erskine. The work experienced placements are invaluable to pupils wishing to pursue a career in the animal sector as not many places allow under 16's to work so closely with such a variety of animals, in recent years our volunteers have went on to become fully qualified veterinary nurses.</p> <p>The farm is working with a local artist by providing a disused area of the farm to build a free and legal graffiti wall, this was established to encourage more youths to use the wall rather than putting graffiti around their local areas. The hope is this wall will help to reduce the vandalism in many areas by providing something different for everyone to try. The local artist will hold regular demonstrations and the idea is proving to be popular amongst the local and surrounding communities being supported by local newspapers the paisley express and the gazette.</p> <p>We regularly litter pick the pathways clearing the glass, dog mess and litter to ensure safety to the public using these paths and for any wildlife. We have had extra cctv installed after the farm itself was vandalised using graffiti this has helped reduce vandalism in the immediate area.</p> <p>We regularly attend local events with our animals eg Bishopton gala day, the easter events held in Erskine Bridge Hotel and at Ingliston Country Club. Lamont Farm has been a part of the Erskine Community for 42 years and was the first city farm in Scotland and is now one of the only two remaining.</p> <p>The grant will help towards running costs to ensure the</p>

### **Additional information for Inchinnan, Erskine, Bishopton and Langbank Priorities**

Paisley has an emerging traditional music scene with a new generation of young musicians now coming through. Through our inclusive approach to teaching, participants are able to attend classes and learn together, strengthening community involvement and benefit. The awareness of Gaelic culture and local heritage has increased significantly since the establishment of Fèis Phàislig in 2014 and has allowed those interested in traditional music and culture to participate, regardless of background or ability.

#### **• Health and wellbeing**

The social aspect of our 2019-20 programme will provide participants with the opportunity to make new friendships in an enjoyable and safe environment, working alongside professional artists and creative adults. This will create social benefit within the local partnership area and encourage health and wellbeing through live music and dance.

- **Community Identity**

With a focus on local and national heritage, identity and character within each town and village will play a key role within our delivery. Our School Visits scheme will help to increase pupils awareness of Gaelic language, traditional music and Scottish culture. Performances and events delivered with the local partnership area will also add to the local cultural calendar.

- **Community Empowerment**

Fèis Phàislig helps strengthen communities by bringing people together and creating a focal point which people feel they can be a part of and contribute towards. Our projects will assist the establishment of a caring, community atmosphere and as well as participants benefitting socially, families and others within the community will come together for showcase concerts and public events.

- **Intergenerational work**

The inclusive approach across our programme of events will bring together audiences of all ages. Young people aged 5-25 are able to participate in our projects with a view to sharing the skills and output with friends, family and the wider public. Performances from our Ceilidh Trail group and Weekly Lessons participants will directly benefit older audiences across the local partnership area and promote intergenerational work within its towns and villages.
