
To: Paisley South Local Area Committee

On: 19 May, 2015

Report by: Director of Finance & Resources

Heading: Applications For Local Area Committee Grant Funding

1. Summary

- 1.1 The schedules attached as Appendix 1 to this report detail applications received for LAC grant funding from this meeting of the LAC.
 - 1.2 Taking into account past experience, consideration of grant applications at the May cycle of LAC meetings has proved to be time consuming. In this connection, please contact the Committee Services Section on 0141 618 7105 should you require any further information on any of the attached grant applications in advance of the meeting. Members are also requested to note that the total potential value of applications totals £123,429.09 which exceeds the available resources.
 - 1.3 At the last meeting of this LAC held in February 2015 it was reported that a sum of money had been returned to the LAC from a grant applicant and that this sum required to be allocated before the end of the financial year. In consultation with the Convener, grant awards were made to Paisley Pens and Twist and Shout Cheerleaders. The LAC is asked to homologate the award of these two grants.
-

2. Recommendation

- 2.1 That the applications for Local Area Committee grant funding, as detailed in the schedule attached to this report, be considered; and
 - 2.2 That the award of funding from the 2014/15 budget underspend to Paisley Pens and Twist and Shout Cheerleaders be homologated.
-

| Have you applied for funding from any other sources? (This includes other Council grant sources as well as external grant providers such as Lottery funding) Have you undertaken any other fundraising? | As yet we have no other funds for this project. The Parent Council will undertake various fund raising activities to add to this fund. |
| Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant | The school is situated in the midst of a housing scheme. The grounds are open every-day and are used by the young people in the local community. The local children and young people make good use of our adventure trail and we assume they would make good use of any other equipment available. We have seen a reduction in anti-social behaviour in the school grounds and hope that new equipment would also give people something else to do. The school is also used by Crazy Capers Out of School facility and is a base for active schools clubs in the school holidays. |

| Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant | Create Paisley will continue to develop its already successful Visual Arts (Film & Photography) and Musical Arts programmes, providing high quality arts opportunities to young people aged 12-21, who otherwise may not be able to access similar opportunities. Both the Visual Arts and Musical Arts programmes help young people develop skills, confidence and knowledge and provide support to young people to set goals and achieve them. Create will also be able to continue to support young people with volunteering opportunities and enhance what it can offer to both the local young people and the wider community. Create expects these programmes and enhancement of current activities will benefit young people, leading to increased confidence, innovation, involvement, skills and knowledge and understanding. These benefits will not only enhance the young people's lives but also the lives of the wider community. |

| Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant | Our aim continues to be to provide opportunities for people to play cricket, no matter their ability, in a setting where playing and practice facilities are of the highest standard. Our project will see our outdated and manual cricket scoreboard replaced by a modern, electric powered scoreboard which can be utilised by all junior and senior teams. It is significant to note our existing scoreboard is not utilised by all our junior and senior teams due to the manual operation that is involved. Indeed it is becoming more and more difficult to secure volunteers to operate the scoreboard at all our games. In addition our existing scoreboard is requiring increased maintenance every year due to its age. The use of the scoreboard at all our games is considered vital in creating an environment which encourages people to play cricket on a regular basis. The use of the scoreboard at our junior games is especially significant as the young people need to be encouraged at all times and the use of the scoreboard |

The installation of a new modern, electric scoreboard will help to enhance our facilities and will be utilised by all our junior and senior teams as well as local schools, colleges and universities who may use the ground. The opportunity to host regional and national representative fixtures will also be enhanced with a new modern scoreboard thus helping to attract visitors to Paisley and Renfrewshire. Our project will complement our nets and practice facility project and will help provide a high quality cricket environment that can be enjoyed by all. |

Our project will fund our Junior Cricket Coaching Programme which will provide 142 hours of cricket coaching to young people, no matter their ability. Our programme will run from Spring 2015 to Spring 2016 which will include: Coaching provided in local primary and secondary schools throughout the spring and summer months. Coaching sessions made available to local college and university students. Cricket summer camp held in school summer holidays. Weekly cricket coaching sessions at Ferguslie Cricket Club. Winter cricket sessions commencing January 2016. Our project will introduce young people to cricket, provide them with the opportunity to learn about the game, learn and develop their skills and technique and participate as part of a team in regular matches, no their ability. |

| What does your group do? | We work with young people who reside in areas of high deprivation. Initially we provide opportunities to take part in various sports and use this as a medium to transmit discipline, respect, teamwork, learning and health benefits. This has since revolved into working with young people and adults who are some of the most vulnerable, multi deprived individuals in Renfrewshire. In addition to the sports sessions we are now delivering workshops on team building, drug and alcohol awareness, nutrition/hygiene and 1 st aid. We also work on an intergenerational basis in relation to young people and their kinship carers. The young people involved in our project work towards certification awards that will progress a way into further education. | |

Have you applied for funding from any other sources? (This includes other Council grant sources as well as external grant providers such as Lottery funding) Have you undertaken any other fundraising?

No

We have investigated other funding options but the purchase of a vehicle has not been included in the criteria.

We regularly participate in fundraising activities, the result of which generate some funds, for example a recent bag packing event generated £500, but the cost of the van purchase is greater than any amount of local fundraising could generate in a year.

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant

Referrals for our service have been very steady since we launched in October 2013 and we note an **increase** in referrals coming from RAH discharge team and social work.

With an additional van, we can reach and support **more** local older people in each of the 5 Local Areas. This means more older people in each are **getting access to food**, and some **social contact** with a team of local friendly volunteers. Our service addresses a major issue for older people living at home – **malnutrition**. Many older people have or are at **risk of falling** by struggling to carry their shopping. Malnutrition and falls among older people are two of the biggest cost preventable spends facing the NHS but one of the easiest and quickest to tackle. By investing in the purchase of a vehicle, **more local older people can be assisted to live independently in their own home**.

| What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required) |  <p>1. <u>Young @</u> – The aim of this project is to provide stimulation and expression. We are in partnership with the RL Renfrew and TownHall, Johnstone. The project will provide Social Inclusion Intergenerational and educational activities. It has proved that older people can express themselves more and provide a wealth of their knowledge that they could not do elsewhere. We are also wanting to move this forward with music, dance and drama</p> | |

in the near future. This project was started in May 2014 and has been so successful in RL Paisley that we wish to run this in RL Renfrew and the New Town Hall, Johnstone. The Paisley club will be sustainable as from 1st June with 45 members regularly attending. **This application relates to the Johnstone element of the project only.**

2. **Exercise RUS** – This is an active aging exercise programme to improve mobility, posture and balance we can evidence this that exercise can prevent fall and reduce the need for care at home services therefore promoting independence. It can also reduce isolation and loneliness and the ability to exercise in their own environment. This will also give the individual opportunity to socialise and improve health and wellbeing. Research shows that physical activity can boost self esteem, moods, sleep quality and reduces risks of stress, depression and major illness. **This application relates to all four LAC areas**

3. **Singing Through the Ages** – This is a choir that has been running since 2013 it was started up using a grant from Renfrew LAC & change fund. This runs out in June and we would like to keep this going. Our group meet every Sunday from 1.30pm till 3.30pm we have a vocal coach and every week we sing out hearts out for the 2 hours. Singing is so therapeutic and good for our health and mental wellbeing and there is a growing body of evidence which claims that singing as part of a group can have a range of health benefits. Singing in a choir is as good for you as yoga, according to a study which found that the regular breathing
