On: 19 MAY 2015

Report by: DIRECTOR OF COMMUNITY RESOURCES

**Heading: COMMUNITY SAFETY & PUBLIC PROTECTION,
PROGRESS UPDATE**

1. Summary

1.1 This report provides an update on activities the Safer & Stronger Renfrewshire Partnership have carried out in the Paisley South area during quarter 4 (1 January – 31 March 2015). Statistical information has been provided by a number of partners including: Police Scotland; Scottish Fire & Rescue Service; and, Renfrewshire Community Safety Partnership. The report includes information on:

- Paisley South community safety statistics;
- environmental enforcement and improvement activities;
- protecting vulnerable residents;
- building safer communities;
- diversionary activities; and
- the work of the Alcohol and Drug Partnership.

1.2 Overall, during quarter 4 levels of recorded crime decreased within the Paisley South area when compared with the same period in the last year.

1.3 The extension of weekend working hours allowed the Renfrewshire Wardens Service to respond to an increased number of reported incidents of antisocial behaviour.

- 1.4 The Scottish Fire and Rescue Service responded to a small increase in the number of fires in this LAC area. This will continue to be tackled through partnership working to educate, warn and intervene within hotspot areas.
 - 1.5 Street Stuff continues to deliver with total attendance within the LAC area of 1247 participants and an overall reduction in vandalism and youth disorder compared with the same quarter last year.
-

2. Recommendations

- 2.1 That the Local Area Committee notes the content of this progress update report.
-

3. Focus on Paisley South

- 3.1 During this quarter, the Safer and Stronger Renfrewshire Partnership has continued to target resources into hotspot areas where the highest number of crime and anti social behaviour (ASB) incidents were reported:
 - Anti social behaviour and disorder within Ward 5 reduced by around one-third. Highest tariff complaint types remain disturbances, public nuisance and noise-related, with noise complaints in the Stock Street area remaining at an elevated level, and another repeat location for noise calls identified at Denewood Avenue.
 - Disorder and anti social behaviour within Ward 6 increased very slightly, by around 6% in comparison to the corresponding quarterly period during 2013/14. This would appear to be related primarily to Public Nuisance calls, which were notably higher than any other anti social behaviour classification. Peak days were identified as Tuesdays and Fridays, with peak times between 4pm and 10pm.
- 3.2 Within Ward 5, an increase was noted within Drug Crime, whilst very small reductions were noted across all other crime types (i.e. serious violent crime, minor assault, vandalism and anti social behaviour/disorder). Increases within drug crime have been witnessed across the majority of Ward areas within Renfrewshire – and this reflects current policing priorities both locally and nationally.
- 3.3 Within Ward 6, increases were noted across all crime types with the exception of vandalism. For serious violent crime, minor assault, and anti social

behaviour/disorder, the actual increase in numbers has been very small, and as with most other ward areas across all of the LACs, the greatest increase was identified within drug crime. Robertson car park in the Gleniffer area remains a significant repeat location for drug-related offences, with peaks identified on weekend evenings between 7pm and 1am.

Crime Type	Q4 2013/14		Q4 2014/15		Change	
	Ward 5	Ward 6	Ward 5	Ward 6	Ward 5	Ward 6
Serious violent crime	5	4	4	7	↓	↑
Minor Assault	27	17	21	19	↓	↑
Drug Crime	18	7	41	19	↑	↑
Disorder and anti social behaviour	254	145	176	154	↓	↑
Vandalism	43	29	36	26	↓	↓

- 3.4 During January to March 2015, the number of calls to the Renfrewshire Wardens Service has increased in both Ward 5 and Ward 6. In December, the Renfrewshire Wardens Service extended their working hours on Fridays and Saturdays to midnight to allow them to tackle anti social behaviour at peak times. This has proved effective with an increase in anti social behaviour calls shown during this quarter. Previously Police Scotland would have dealt with these extra calls as the Wardens Service closed at 10pm at weekends.

- 3.5 20% of all complaints to the Community Safety Partnership (Community Resources) were related to Dog Fouling which continued to be the most common complaint. 1161 community safety patrols were undertaken in Paisley South with a number of targeted interventions:

Dog Issues dealt with by actions	Ward 5	Ward 6
Dog Warden Visit	4	4

Dog fouling sign erected	10	8
Dog returned to owners	3	1
Dog taken to SSPCA	0	4
Visit re out of control dog	13	25
Warning letter issued	8	3
Dog Control Notice issued (DCN)	0	1
Monitoring visit (DCN)	15	13

- 3.6 The Scottish Fire & Rescue Service recorded an increase in the number of fires in this LAC area in all 3 categories (domestic property, secondary fires and deliberate fire setting). There was no obvious reason for the rise in fires and the numbers are very small. However, the service will continue to monitor the situation and respond as required.

- 3.7 One important intervention is the Fire Reach programme which is delivered through a partnership including the Scottish Fire and Rescue Service and the Community Safety Partnership Youth Team. The course targets young people who have come to the attention of the Community Safety Partnership Hub through their involvement in fire related offences. This intensive one week course focuses on raising the awareness of participants about the impact of deliberate fire raising and antisocial behaviour and promotes team building. The last course took place during February 2015. Overall, as a result of programmes of this type, the number of fires attended by the Scottish Fire and Rescue Service across Renfrewshire continues to reduce.
- 3.8 The Safer & Stronger Renfrewshire Partnership's main diversionary project is Street Stuff. This project has now been operating across Renfrewshire for the last 6 years and continues to contribute significantly towards reductions in youth disorder and antisocial behaviour.

- 3.9 The table below shows Street Stuff activity and attendance in the Paisley South LAC area from January to March 2015:

Venue	Sessions	Football & Dance Attendance
St Peter's PS	22	1247

- 3.10 The table below shows the number of calls to Police Scotland relating to vandalism & youth disorder. The slight decrease overall has been directly linked to increasing Street Stuff attendances and the success of the programme.

Vandalism & Youth Disorder			
Ward	Q4 2013/14	Q4 2014/15	% Change
5	46	30	35%↓
6	27	39	44%↑

- 3.11 During the quarter Vandalism & Youth Disorder incidents within Ward 5 reduced by more than one-third. At the same time, incidents within Ward 6 increased by 44% to a total of 39 incidents, with repeat locations at Amochrie Road and Foxbar Road. Overall across the LAC area there has been a further slight reduction in Vandalism and Youth Disorder reported during the quarter. The Q4 reporting period (Jan to Mar) has consistently seen the lowest levels of recorded Vandalism & Youth Disorder during the past 5 years, however it is of note that April has also seen the greatest monthly increase during the same period. It is therefore likely that there will be an increase in reported Vandalism & Youth Disorder incidents as evenings lengthen during the forthcoming quarterly reporting period (i.e. Q1 of 2015/16).
- 3.12 The Street Stuff timetable attached as Appendix 1 shows the locations and dates of activities being delivered until the end of April 2015 across Renfrewshire.

4 Environmental Enforcement and Improvements

Emissions Testing

- 4.1 In March, Renfrewshire Wardens undertook a 2 day Vehicle Emissions patrol in Paisley town centre in partnership with Police Scotland. Police Officers were responsible for pulling over the vehicles from traffic. The wardens checked whether vehicle emissions were within the legal requirements. Of the 229 vehicles tested, only 8 failed and were issued with £60 fixed-penalty notices. The Council's licensing section also inspected 34 taxis / private-hire vehicles, with 3 notices issued for various defects, all related to vehicles

licensed outwith Renfrewshire. All drivers tested were given a Greener Renfrewshire Vehicle 'Don't Be An Idler' information leaflet and an explanatory letter. The police reported 1 driver for an overweight load and issued a £100 fine and 3 points for a tyre below minimum tread.

Fly-tipping Initiatives

- 4.2 Significant progress has been made on 2 sites within Renfrewshire to combat fly tipping. The first, a secluded site off Auchenlodment Road, Johnstone has been a frequent fly-tipping area for several years. Enforcement patrols and CCTV cameras have had short term impact but ineffective in sustaining longer term improvements. Identifying perpetrators has been challenging and over time the scale of fly tipping has increased significantly. In March, a multi agency initiative led by the Wardens Service was set up to resolve the problem. Working with the landowner, the Forestry Commission, and the Community Service team, the site was cleared of over 5 tonnes of material, including asbestos roofing, bathroom suites, kitchen cupboards & worktops, over 160 tyres and assorted garden & building waste. A fence and sign to secure the site has also been erected in order to deter future fly tipping. The other site, West Ferry Car Park in Langbank, was also a fly-tipping area. Again a multi agency project was set up. The Community Service Unit cleared the site convincing the landowner, Transport Scotland, to fill in all the potholes. Currently Langbank Community Council is in discussions with the landowner on the future use of the land.

Clean Up Scotland

- 4.3 Keep Scotland Beautiful run a “mass-engagement” campaign called Clean Up Scotland. Its aim is to make Scotland the cleanest country in Europe. Renfrewshire Council is committed to supporting this campaign. ‘Do Your Bit’ events are run on a regular basis encouraging the public to look after their own communities, with activities including litter picking and community clean ups. In the near future, Community Resources will be contacting all schools, nurseries, other council services, community councils, office complexes, town centre businesses, housing associations and community groups inviting them to coordinate a community clean up. The service will support any participating groups by supplying litterpicking equipment and arranging uplift of the rubbish collected.

Noise Action Week

- 4.4 Noise Action Week 2015 is 18-23 May. Here local authorities, housing providers and mediation services work to raise awareness of noise. Noise Action Week is co-ordinated by Environmental Protection UK who work year round supporting the work of professionals in noise management. It is supported by the Chartered Institute of Environmental Health and Environmental Protection Scotland. The Community Safety Partnership will support the initiative by delivering a ‘roadshow’ focused on domestic and commercial noise. This roadshow will travel to a different LAC area each day during the Noise Action Week. Noise Enforcement Officers will be available to give advice to the public on noise issues.

5. Protecting the Vulnerable

I Am Me/Keep Safe

- 5.1 During March, I Am Me launched a new training pack and DVD film which are available as a free resource to schools and groups. At the official launch at the Showcase Cinema, Paisley, the film was premiered with over 300 guests attending including the Provost, Lord Advocate and Deputy Chief Constable as the main speakers. The I Am Me project / Keep Safe has won several awards including, most recently the Wider Partnership Award and the People’s Choice Award from the Scottish Community Safety Network. It is now being rolled out across Scotland.
- 5.2 I Am Me is a community project which works in partnership with Renfrewshire Council, Police Scotland and PACE Theatre Company, to raise awareness of disability hate crime. Linked to this project Police Scotland has also been developing a ‘Keep Safe’ initiative which works with local business owners to create safe areas for people who may feel vulnerable when in the community. Central to the project is a bespoke drama produced by PACE. Since 2013, this hard hitting performance has been delivered to around 7000 people,

including High Schools, disability groups, staff groups, the police training college and the Scottish Parliament. A softer version, designed for primary school children has been delivered to around 4000 children.

Safe Kids

- 5.3 The 'Safe Kids' programme was delivered throughout the month of March at St Mirren Park. All P6 pupils in Renfrewshire (almost 2000 young people) attended workshops where they received important personal safety lessons and crime prevention advice. Issues covered included personal safety in the home, antisocial behaviour, internet safety, environmental crime, fire safety, drugs and alcohol awareness and the use of CCTV. This annual community safety educational event has now been run successfully for over 10 years. Overall, as a result of programmes of this type, incidents of youth related antisocial behaviour continue to decline year on year, with more than a 75% reduction over the past 6 years. This reduction and interactive approach has significantly helped us achieve our community plan outcomes under the key themes of 'A Safer and Stronger Renfrewshire' and 'Children and Young People'.

6. Building Safer Communities

Choices for Life

- 6.1 A 'Choices for Life' Open Day was held at the Tannahill Centre, Ferguslie Park on 24 March 2015. Around 150 children from schools in the Paisley area were entertained by various theatre and community groups and got the opportunity to take part in active workshops and diversionary opportunities. Young people can often find themselves under intense peer pressure to take drugs, drink alcohol or become involved in antisocial behaviour. This event provided young people with information and knowledge about such issues so that they can make informed decisions with the end result helping them make positive lifestyle choices. Led by Police Scotland, and the Community Safety Partnership a number of other partners contributed to ensure the event was successful, including Street Stuff, Ferguslie Park Housing Association, Ferguslie League of Action Group, Kibble Works, Ferguslie Community Group, Shape Up Educational Charity and the Princes Trust. A further, similar event is being planned to take place in Johnstone.

Stalled Spaces

- 6.2 The Stalled Spaces project has now been launched with information about how it will be run agreed at the last meeting of the Greener Renfrewshire Thematic Board. The scheme is being promoted on social media and in the press and Engage Renfrewshire is already working with a number of community groups to support them as they develop applications for suitable projects. In order to provide additional information about the project, a number of events are being arranged by Engage Renfrewshire to be held in May 2015 and these will include support and input from Architecture and Design Scotland who are administering the scheme at a national level. The first applications will be considered at the Greener Renfrewshire Thematic Board in June 2015 if groups are ready to present their proposals at this time. Applications are open to community groups for grants of between £250 and £5,000, but it is anticipated that the majority of awards will be for less than £2,000. The aim is to fund around 7-10 projects across several communities using vacant and derelict spaces in town centres on a temporary basis to support community growth and improvement. Projects can be funded for any temporary use of the space for growing, artistic expression or other creative uses (i.e. garden, growing grounds, Play Park, arts project, events, etc).

7. Diversionary Activities

Street Stuff

- 7.1 Street Stuff launched a new dance class at St Peter's Primary School in Glenburn to improve girls' attendance at the award-winning activity programme. Some girls had been attending the indoor football but said they were also interested in dancing. Street Stuff listened to the girls' ideas and introduced a pilot dance class. The new dance sessions are attracting more than 40 extra young people a night, this is in addition to the regular high turnout for indoor football. The dance classes are now so popular that, on some evenings, there are more girls than boys participating at Street Stuff in St Peter's Primary School.
- 7.2 Street Stuff is bringing back the Youth Bus due to popular demand. The bus, kitted out with gaming equipment similar to 'the box', will provide more flexibility in terms of reaching wider areas of Renfrewshire as well as supporting the council's 'Do Your Bit' campaign. The new bus will be on the street in time for the summer programme of activities.
- 7.3 Street Stuff contributed as part of the Integrated Inspection of Services for Children and Young People in Renfrewshire. The visit was led by the Care Inspectorate with support from Her Majesty's Inspectorate of Constabulary for Scotland. The inspectors visited Street Stuff in February, where they saw the

programme in action, engaging/interacting with young people. The inspectors attended the official launch of the Midnight Leagues at St Mirren Park, visited the Gallowhill box and St Peter's Primary School for indoor football and dance sessions.

Brighter Renfrewshire Alcohol Awareness Week (BRAW)

- 7.4 Renfrewshire Alcohol and Drug Partnership and Renfrewshire Community Planning Partnership will host an alcohol awareness week, known as BRAW (Brighter Renfrewshire Alcohol Awareness Week). BRAW aims to promote and highlight sensible drinking messages to support and encourage people to make positive choices about alcohol use. Renfrewshire's first BRAW Week will take place on 15 – 19 June 2015. Constituted community groups, services and schools in Renfrewshire will be invited to apply for funding (maximum £500) to host an event or activity within their organisation during BRAW week. To support this event we are currently exploring employing the safe bus at Barshaw Park Gala Day. The safe bus was previously utilised at New Street over the 2014 Festive period.
- 7.5 Street Stuff will also be supporting BRAW in June 2015 by delivering key safety messages to young people at their venues and participating in the Showcase Street event being organised for 19 June in Paisley Town Centre.

8. Integrated Control Room & CCTV System

- 8.1 Construction works for the new integrated control room at the former District Court building in Mill Street, Paisley have commenced, with a formal photo call and press launch taking place during March. In addition to the replacement of all of the existing public space cameras on the network, which has now been completed, a further 10 cameras are due for installation across Renfrewshire and discussions are at an advanced stage with the contractor to progress the delivery of this part of the CCTV project in line with the agreed timetable. Improved mobile camera functionality will be provided through the replacement of the mobile CCTV vans used within the wardens service and these should be up and running by the end of the month. Upgraded software and functionality is already available to the control room operators through the improved system, which is producing images of a much higher quality than was previously possible. The CCTV system will continue to operate from Mill Street Police station until completion of the new integrated control room.

9. Public Protection Spotlight – Renfrewshire Alcohol and Drug Partnership

- 9.1 The Renfrewshire Alcohol and Drug Partnership (ADP) is a multiagency group which has strategic responsibility to review, develop and deliver local services

related to the challenges associated with alcohol and drug misuse. It was established in 2009 and comprises of representatives from Renfrewshire Health & Social Care Partnership, Engage Renfrewshire, Police Scotland, Scottish Fire & Rescue Services, Scottish Prison Service and Job Centre Plus. There is also a structure in place to ensure the views of service users are represented. The Renfrewshire Alcohol and Drug Partnership vision is:

- To ensure that individuals will achieve and sustain recovery from their problem alcohol and drug use and become contributing members of society.

9.2 Alcohol and Drug Partnerships have been established across Scotland as part of the Community Planning Partnerships. There are a number of key outcomes that all Alcohol and Drug Partnerships are required to work towards:

- People are healthier and experience fewer risks as a result of alcohol and drug use;
- Fewer adults and children are drinking or using drugs at levels or patterns that are damaging to themselves or others;
- Individuals are improving their health, well-being and life-chances by recovering from problematic drug and alcohol use;
- Children and family members of people misusing alcohol and drugs are safe, well supported and have improved life-chances;
- Communities and individuals are safe from alcohol and drug related offending and antisocial behaviour;
- People live in positive, health-promoting local environments where alcohol and drugs are less readily available;
- Alcohol and drugs prevention, treatment and support services are high quality, continually improving, efficient, evidence based and responsive, ensuring people move through treatment into sustained recovery.

- 9.3 The Renfrewshire Alcohol and Drug Partnership is responsible for reporting on these outcomes in an Annual Report (latest 2013/14) which also includes core and local indicators, many of which demonstrate a worrying trend locally:

	Renfrewshire ADP			National Average	
Indicators (per 100,000 population)	2009	2012	Target	2009	2012
Alcohol Related Hospital Discharges	910.3	956.1	892.1	771.4	693.3
Alcohol Related Deaths	25.7	30.2	25.2	25.7	21.2
Drug Related Hospital Discharges	111.0	123.0	108.8	107.5	107.2
Drug Related Deaths	15.0	15.3	13.9	10.3	11.0

- 9.4 As seen in the tables above the numbers of alcohol and drug related hospital discharges and deaths in Renfrewshire has increased since 2009 baseline figures were established. Over the same period the national average has seen a continued reduction. In 2012, the Renfrewshire rates of alcohol related hospital discharges and deaths were 38% and 42% above the Scottish average respectively. Renfrewshire drug related hospital discharges and deaths were also above the national average by 15% and 39% respectively.

Population Prevalence of Problem Drug Use			
Year	Renfrewshire ADP	National Average	Target
2009/10	1.9%	1.7%	1.86
2012/13	2.4%	1.7%	1.86

In 2012/13, the prevalence of problem drug use in Renfrewshire was estimated to be 2.4% of the population, which, again, is higher than the Scottish average of 1.7%.

- 9.5 One of the key reasons for the increasing trend within Renfrewshire is deprivation. The Scottish Index of Multiple Deprivation 2012 (SIMD) showed that serious deprivation has increased in Renfrewshire and is becoming more widespread. The proportion of Renfrewshire's population living within the 15% most deprived datazones in Scotland has increased by 10.2% between 2009 and 2012. Severe deprivation in Renfrewshire has both spread in area and deepened in severity compared to other areas in Scotland. Among all council areas in Scotland, Renfrewshire has the seventh largest proportion of datazones ranked in the most deprived 15%.
- 9.6 Against this picture there is evidence that the work of the Alcohol and Drugs Partnership is beginning to deliver improvements.

Alcohol and Drug Treatment Waiting Times

	- % seen within 3 weeks			
	Oct - Dec 13	Jan - Mar 14	Apr - Jun 14	Jul - Sep 14
Renfrewshire ADP	97.6%	97.8%	98.9%	98.0%

In the last year, 98% of individuals in Renfrewshire waited no more than 3 weeks for treatment, which is better than the Scotland wide figure of 96.1%. Renfrewshire has consistently exceeded the target during 2013/14 and 2014/2015. Improvements seen in waiting times for drug and alcohol services have made services more accessible and increased the numbers attending and the Alcohol and Drugs Partnership are anticipating that the core indicators will start to improve in the next reported annual report (2014/15).

9.7 In addition, once individuals are accessing treatment there are several services in Renfrewshire that can help with the challenges associated with alcohol and drug use:

- RCA Trust - a voluntary agency who offer support to people affected by alcohol;
- Alcohol Carers Group – alcohol support groups for families and carers;
- Renfrewshire Adolescent Drug and Alcohol Resource (RADAR) - provides group work programmes for young people using cannabis as well as groups for young women and young men;
- Barnardo's Threads - provides family and housing support to young people and young parents;
- Integrated Alcohol Team (IAT) - offers a range of interventions to help support abstinence from alcohol;
- Alcohol Problems Clinic (APC) - offers medical support and interventions to support people to change and abstain from their alcohol use;
- Alcohol Liaison Service - supports people with alcohol issues in hospitals;
- Renfrewshire Drug Service (RDS) - offers a range of support to assist people to work towards recovery from drug addiction;
- Family Support Service - supports people who are affected by someone else's drug use.

- 9.8 Renfrewshire Alcohol and Drug Partnership has also commissioned training for drug and alcohol staff. This has included Cannabis, Benzodiazepine and Stimulants training. The NHS Greater Glasgow & Clyde Health Improvement Team also offers a wealth of training on alcohol and drugs including:
- Alcohol training which focuses on units of alcohol, safer drinking guidelines and general alcohol awareness;
 - Drugs awareness training which equips participants with the knowledge to recognise certain drugs and their effects on the body;
 - Alcohol Brief Intervention (ABI) training which is aimed at practitioners who have face to face contact with the public. This training is a way of discussing alcohol with someone in a non-judgmental, non-confrontational way, seeking to motivate the person to make positive changes to their drinking behaviour.
- 9.9 Particularly focusing on drug misuse, Renfrewshire Alcohol and Drug Partnership recently carried out a scoping exercise with young people to review the prevalence and attitudes relating to Cannabis use in Renfrewshire:
- 90% had friends or family members who have used cannabis
 - 70% had used cannabis themselves at some point
 - 80% were aware that cannabis is illegal
- 9.10 While the young people questioned understood that Cannabis could affect mental health, many believed it is no more dangerous than alcohol or tobacco. Earlier research also shows similar findings including the Scottish Schools Adolescence Lifestyle and Substance Use Survey and the Renfrewshire Health and Wellbeing Survey of Young People.
- 9.11 In order to address the issues raised from the research, the Prevention and Education Sub-group of the Alcohol and Drug Partnership launched a Cannabis awareness campaign in February 2015. As Renfrewshire has a large student population, the campaign is focussed on 16-23 year olds accessing further education. The intended outcomes of the campaign are:
- To challenge the normalisation of cannabis use;
 - To address the apathy young people often feel towards the health and social issues surrounding cannabis.

- 9.12 Cannabis posters and information are being displayed in the University of the West of Scotland and West College Scotland initially. The campaign will also be advertised amongst young people receiving their first tenancy.

10. Background

- 10.1 The Safer & Stronger Renfrewshire Partnership brings together key resources to tackle and address issues to sustain and maintain safer and stronger communities. The Partnership consists of Renfrewshire Council, Police Scotland, Scottish Fire & Rescue Service (SFRS) and other community safety agencies.
- 10.2 Our Safer & Stronger Renfrewshire Partnership long-term vision is that: 'Renfrewshire is known as a safe and tolerant place where residents and visitors enjoy a high level of personal safety and public protection and are free from crime. A culture of fairness, respect and equality exists and vulnerable children and adults are well looked after and protected'

3. Background

- 3.1. The Scottish Youth Parliament is made up of 150 young people aged 14 to 25 years. Two Members of the Scottish Youth Parliament (MSYPs) represent each Scottish Parliamentary constituency and are selected through nationally coordinated elections, held throughout Scotland every two years. MSYPs ascertain and represent the views of young people; determine national campaigns and liaise with different levels of government to bring about positive change. The Scottish Youth Parliament meets at least 3 times a year, at national sittings.
- 3.2. Five MSYPs represent the Renfrewshire local authority area, two are returned for the Paisley parliamentary constituency, one for Renfrewshire South and two for Renfrewshire North and West.

- 3.3 Almost 6,500 voters cast their vote online and in polling stations in schools, University of the West of Scotland, West College Scotland and Renfrewshire House, an increase of nearly 700 votes from 2013.
- 3.4 Ten candidates stood for election across the three constituencies. The successful candidates were:

Paisley constituency:

Emma Eck
Osama Nadeem

Renfrewshire North West:

Eilidh Harkness
Mark Dougan

Renfrewshire South:

Carrie McIntyre

- 3.5 The new MSYPs will be invited to become members of LACs as appropriate.

Heading: Applications For Local Area Committee Grant Funding

1. Summary

- 1.1 The schedules attached as Appendix 1 to this report detail applications received for LAC grant funding from this meeting of the LAC.
 - 1.2 Taking into account past experience, consideration of grant applications at the May cycle of LAC meetings has proved to be time consuming. In this connection, please contact the Committee Services Section on 0141 618 7105 should you require any further information on any of the attached grant applications in advance of the meeting. Members are also requested to note that the total potential value of applications totals £123,429.09 which exceeds the available resources.
 - 1.3 At the last meeting of this LAC held in February 2015 it was reported that a sum of money had been returned to the LAC from a grant applicant and that this sum required to be allocated before the end of the financial year. In consultation with the Convener, grant awards were made to Paisley Pens and Twist and Shout Cheerleaders. The LAC is asked to homologate the award of these two grants.
-

2. Recommendation

- 2.1 That the applications for Local Area Committee grant funding, as detailed in the schedule attached to this report, be considered; and
 - 2.2 That the award of funding from the 2014/15 budget underspend to Paisley Pens and Twist and Shout Cheerleaders be homologated.
-

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant	The school is situated in the midst of a housing scheme. The grounds are open every-day and are used by the young people in the local community. The local children and young people make good use of our adventure trail and we assume they would make good use of any other equipment available. We have seen a reduction in anti-social behaviour in the school grounds and hope that new equipment would also give people something else to do. The school is also used by Crazy Capers Out of School facility and is a base for active schools clubs in the school holidays.

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant	Our aim continues to be to provide opportunities for people to play cricket, no matter their ability, in a setting where playing and practice facilities are of the highest standard. Our project will see our outdated and manual cricket scoreboard replaced by a modern, electric powered scoreboard which can be utilised by all junior and senior teams. It is significant to note our existing scoreboard is not utilised by all our junior and senior teams due to the manual operation that is involved. Indeed it is becoming more and more difficult to secure volunteers to operate the scoreboard at all our games. In addition our existing scoreboard is requiring increased maintenance every year due to its age. The use of the scoreboard at all our games is considered vital in creating an environment which encourages people to play cricket on a regular basis. The use of the scoreboard at our junior games is especially significant as the young people need to be encouraged at all times and the use of the scoreboard

	shows the commitment the club has in providing the same opportunities to our junior players as well as our senior players. The installation of a new modern, electric scoreboard will help to enhance our facilities and will be utilised by all our junior and senior teams as well as local schools, colleges and universities who may use the ground. The opportunity to host regional and national representative fixtures will also be enhanced with a new modern scoreboard thus helping to attract visitors to Paisley and Renfrewshire. Our project will complement our nets and practice facility project and will help provide a high quality cricket environment that can be enjoyed by all.

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant	Our aim continues to be to provide opportunities for people to play cricket, no matter their ability, in a setting where playing and practice facilities are of the highest standard. Our project will fund our Junior Cricket Coaching Programme which will provide 142 hours of cricket coaching to young people, no matter their ability. Our programme will run from Spring 2015 to Spring 2016 which will include: Coaching provided in local primary and secondary schools throughout the spring and summer months. Coaching sessions made available to local college and university students. Cricket summer camp held in school summer holidays. Weekly cricket coaching sessions at Ferguslie Cricket Club. Winter cricket sessions commencing January 2016. Our project will introduce young people to cricket, provide them with the opportunity to learn about the game, learn and develop their skills and technique and participate as part of a team in regular matches, no their ability.

	Our junior cricket programme is open to all no matter ability and thus encourages all young people to participate in a team sport where friendships can be created and strengthened and key transferable skills can be enhanced. Communication and teamwork skills will also be enhanced, while the young people will be participating in an activity which promotes an active and healthy lifestyle. Self-belief, self confidence and self-esteem will also be enhanced thus having a positive effect on their educational attainment. In addition it should be noted that our junior cricket programme will help provide regular activity for young people and will help to reduce the opportunities young people have in becoming involved in disruptive and anti-social activities within our communities.

Where is it based?	c/o G6 Alexandra Gate, 22 Neilston Road, Paisley, PA2 6LN	
What area does your group cover?	RENFREWSHIRE	
What does your group do?	We work with young people who reside in areas of high deprivation. Initially we provide opportunities to take part in various sports and use this as a medium to transmit discipline, respect, teamwork, learning and health benefits. This has since revolved into working with young people and adults who are some of the most vulnerable, multi deprived individuals in Renfrewshire. In addition to the sports sessions we are now delivering workshops on team building, drug and alcohol awareness, nutrition/hygiene and 1 st aid. We also work on an intergenerational basis in relation to young people and their kinship carers. The young people involved in our project work towards certification awards that will progress a way into further education.

What is the name of your group?	Food Train (Renfrewshire)	
How many members does your group have?	152	
Where is it based?	Paisley	
What area does your group cover?	Renfrewshire wide	
What does your group do?	Food Train is a national charity, celebrating 20 years of supporting local older people in 2015. The Renfrewshire branch launched in October 2013, providing our core grocery shopping and delivery service. The service is led by a team of local volunteers, who collect orders, shop and deliver to over 150 local older people across Renfrewshire.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to. <u>If you are applying to more than one LAC you must submit a membership list which clearly shows members' post codes.</u>	Renfrew & Gallowhill	X
	Paisley North	X
	Paisley South	X
	Johnstone & Villages	X
	Houston, Crosslee, Linwood, Riverside & Erskine	X
How much grant funding are you seeking from Renfrewshire Council?	£10,000	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	The purchase of a transit van	
What is your group's current bank balance?	£3,800.53 (branch balance)	
Are there any significant items of expenditure to be set against this bank balance?	No	

Have you applied for funding from any other sources? (This includes other Council grant sources as well as external grant providers such as Lottery funding) Have you undertaken any other fundraising?

No

We have investigated other funding options but the purchase of a vehicle has not been included in the criteria.

We regularly participate in fundraising activities, the result of which generate some funds, for example a recent bag packing event generated £500, but the cost of the van purchase is greater than any amount of local fundraising could generate in a year.

Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant

Referrals for our service have been very steady since we launched in October 2013 and we note an **increase** in referrals coming from RAH discharge team and social work.

With an additional van, we can reach and support **more** local older people in each of the 5 Local Areas. This means more older people in each are **getting access to food**, and some **social contact** with a team of local friendly volunteers. Our service addresses a major issue for older people living at home – **malnutrition**. Many older people have or are at **risk of falling** by struggling to carry their shopping. Malnutrition and falls among older people are two of the biggest cost preventable spends facing the NHS but one of the easiest and quickest to tackle. By investing in the purchase of a vehicle, **more local older people can be assisted to live independently in their own home**.

What is the name of your group?	FOREVER YOUNG	
How many members does your group have?	52	
Where is it based?	Renfrewshire Council Sheltered Housing	
What area does your group cover?	Renfrew	
What does your group do?	Provide social activities to prevent isolation in sheltered housing	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to. <u>If you are applying to more than one LAC you must submit a membership list which clearly shows members' post codes.</u>	Renfrew & Gallowhill	X

	Paisley South	X
	Johnstone & Villages	X
	Houston, Crosslee, Linwood, Riverside & Erskine	
How much grant funding are you seeking from Renfrewshire Council?	£8000	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	 <p>1. <u>Young @</u> – The aim of this project is to provide stimulation and expression. We are in partnership with the RL Renfrew and TownHall, Johnstone. The project will provide Social Inclusion Intergenerational and educational activities. It has proved that older people can express themselves more and provide a wealth of their knowledge that they could not do elsewhere. We are also wanting to move this forward with music, dance and drama</p>	

in the near future. This project was started in May 2014 and has been so successful in RL Paisley that we wish to run this in RL Renfrew and the New Town Hall, Johnstone. The Paisley club will be sustainable as from 1st June with 45 members regularly attending. **This application relates to the Johnstone element of the project only.**

2. **Exercise RUS** – This is an active aging exercise programme to improve mobility, posture and balance we can evidence this that exercise can prevent fall and reduce the need for care at home services therefore promoting independence. It can also reduce isolation and loneliness and the ability to exercise in their own environment. This will also give the individual opportunity to socialise and improve health and wellbeing. Research shows that physical activity can boost self esteem, moods, sleep quality and reduces risks of stress, depression and major illness. **This application relates to all four LAC areas**

3. **Singing Through the Ages** – This is a choir that has been running since 2013 it was started up using a grant from Renfrew LAC & change fund. This runs out in June and we would like to keep this going. Our group meet every Sunday from 1.30pm till 3.30pm we have a vocal coach and every week we sing out hearts out for the 2 hours. Singing is so therapeutic and good for our health and mental wellbeing and there is a growing body of evidence which claims that singing as part of a group can have a range of health benefits. Singing in a choir is as good for you as yoga, according to a study which found that the regular breathing

	<p>patterns it requires can reduce the variability of your heartbeat. This application relates to the Paisley and Johnstone elements of the project only.</p> <p>4. <u>Therapy for the Body & Soul</u> - This will include blocks of Massage, Reiki and Hydrotherapy. We gave a tester session last year to the tenants and they loved it. These 3 different activities each provide their own advantages.</p> <p>Reiki is a natural simple safe and effective healing system with benefits such as strengthening the immune system and keeping tenants healthy.</p> <p>Massage for the elderly has various physical and mental benefits with again improve health and general wellbeing as well as a communication for other tenants with Alzheimer's or other related illnesses.</p> <p>Hydrotherapy this is a valuable asset that we have sourced that keeps our tenants fitness up as well as benefits our Arthritis sufferers by using water. One lady's quote to me was that "Hydrotherapy is like medicine". This application relates to the Paisley and Johnstone elements of the project only.</p>
What is your group's current bank balance?	£11,827.45 of which £11,327.45 still to be used in projects
Are there any significant items of expenditure to be set against this bank balance?	Yes
Have you applied for funding from any other sources? (This includes other Council grant sources as well as external grant providers such as Lottery funding) Have you undertaken any other fundraising?	Last year yes this year no
Please briefly explain the benefit for the Local Area Committee Area if you are awarded this grant	All 308 Sheltered housing tenants within the LAC area's will be included to participate in the projects listed in our application to provide physical and mental stimulation, reducing isolation and create social activity for them. This will also have an effect on

Report by: DIRECTOR OF COMMUNITY RESOURCES

Heading: RENFREWSHIRE STREET STUFF

1. Summary

1. Street Stuff has been operating across Renfrewshire for 6 years and over that time has contributed to delivering a sustained reduction in reported youth disorder and anti social behaviour. Across Renfrewshire there has been a 75% reduction in youth disorder and anti social behaviour since the programme began and a 38% increase in participation levels over the past 2 years. Over 25,000 participants took part during 2014/15.
 - 1.2 The success of the programme is based on its ability to respond quickly to hot spot areas as they are identified through collaborative working between Renfrewshire Community Safety Wardens and Police Scotland. Being evidence led, and by responding early, the service is able to divert young people effectively from anti social activities.
 - 1.3 This report confirms the continuation of the core Street Stuff programme through the 2015/16 financial year and highlights some of the additional projects that are being linked with the core programme to further improve its reach and effectiveness.
 - 1.4 As in previous years there is an opportunity for Local Area Committees to consider funding additional activities within their LAC area that would allow additional sessions to be programmed within communities that are not identified at a Renfrewshire level as hotspot areas, but that the local communities feel would benefit from this type of programme. Given the scale of the core programme, it is suggested that a contribution of £5,000 per LAC area should be considered, which would contribute to the costs of delivery of up to 2 activity sessions per week within the LAC area through the peak summer/autumn months as well as attendance at local gala days and fetes.
-

2. Recommendation

- 2.1 It is recommended that that the Local Area Committee commits funding of £5,000 to the Street Stuff Programme to contribute towards the costs of additional activity sessions within the LAC area as well as attendance at local gala days and fetes.
-

3. Background and Further Information on the Programme

- 3.1 Street Stuff provides a range of activities primarily in the evenings and at weekends youth areas across Renfrewshire. Effective targeting and identification of the areas served is carried out by the Community Resources Partnership Analyst using information and police data that highlights the days, times and locations of youth disorder and anti social behavior.
- 3.2 This evidence based approach has proven particularly successful in reducing youth disorder and anti social behavior with a reduction of 75% in the number of incidents recorded across Renfrewshire since the service began. The popularity of the programme is also clear with 4,127 participants taking part within the Paisley South area during 2014/15 alone
- 3.3 The ongoing development of the Street Stuff programme has included the development of volunteering and employment opportunities. The “Street Stuff Works” employability programme has been developed in partnership with Engage Renfrewshire and the Invest in Renfrewshire programme. This year around 10-15 young people will participate in a six-week traineeship with at least 5 moving on to a six-month traineeship, gaining work experience through the delivery of activities and working with key Community Safety Partners. Participants will also have the opportunity to secure sessional work on the programme over the summer months.
- 3.5 Street Stuff participants also get involved in initiatives such as “kick and collect” and “Do Your Bit” where they take part in activities designed to improve their communities including litter picks; graffiti removal and educational awareness programmes. Each time they participate they collect points towards rewards ranging from paintballing and go karting trips to tickets for St Mirren and Scotland football matches or Braehead Clan tickets that they would not otherwise be able to afford. Local businesses donate prizes in recognition of the contribution that young people are making helping them to promote positive community participation and pride in local communities. Through activities of this nature the Street Stuff programme is currently supporting 18 young volunteers as they work towards their Saltire Awards.
- 3.5 As part of its budget setting process this year the Council has agreed to continue to fund the core Street Stuff programme for a further year with an increase in the mainstream funding allocation allowing for all key hotspot activities to be continued for a further year. As before the programme will be managed on an evidence based approach ensuring that resources and activities are targeted at those communities that need them most.

- 3.6 The popularity of the programme is clear however, and in previous years LAC areas have been keen to ensure that a wider range of communities and young people benefit from the activities offered and have funded additional sessions specifically to address hotspot areas within their own communities. Given the increased level of mainstream funding that is now available within the programme, the Local Area Committee may choose to reduce the level of funding from the level previously recommended (£20,000 in 2014/15). An allocation of £5,000 during 2015/16 would however enable the programme to provide up to 2 sessions per week within the LAC area as well as secure attendance at relevant local gala days and fetes.

Report by: Director of Children's Services

Heading: Duke of Edinburgh Awards: Purchase of new equipment for Expeditions

1. Summary

- 1.1 Renfrewshire Council holds a license for the delivery of Duke of Edinburgh Awards (DofE). Youth Services is responsible for the oversight and delivery of these Awards, with the Service Manager being the central contact point and champion for the progressive development of the DofE Awards within Renfrewshire.
- 1.2 The DofE award is a personal development award where young people engage on Bronze, Silver and Gold levels. The award comprises of four sections (five for gold) where participants need to complete a physical section; a skills section; a volunteering element and an expedition in an outdoors environment. The fifth element for Gold is a residential experience. This application seeks funding for outdoor equipment for DofE expeditions. The purchase of this equipment will ensure that a greater number of young people across Renfrewshire have ready access to a local opportunity to complete DofE awards within their own school, or within an Open Award Group set up to provide additional capacity.
- 1.3 A proportion of participants come from low income families and some groups are specifically established to work with young people who are at risk of exclusion from school. Having good levels of high quality equipment will ensure that these people are able to participate without having to fund the purchase of wet weather clothes, boots and other

items. This removes a significant barrier to participation for all pupils and young people attending local DofE centres.

- 1.4 There is one DofE centre based in Gleniffer High School within the LAC boundary. The centre needs to have a reasonable supply of high quality resources to ensure that DofE participants can complete their awards using suitable equipment to ensure their safety and enjoyment within an outdoors environment.
- 1.5 This report seeks £3,840 funding from Paisley South LAC. This will enable the purchase of new equipment and for existing resources to be renewed if they are damaged or worn out.

2. Recommendations

- 2.1 It is recommended that the Paisley South Local Area Committee approves a request for £3,840 this financial year, to enable additional equipment to be purchased to ensure that young people from the area can actively engage in their local DofE programme.

3. Background

- 3.1 There is one DofE centre within the Paisley South LAC with this attached to Gleniffer High School.

The table below shows the growth in demand for DofE places during the past 2 year period with registration for DofE awards rising substantially in terms of new candidates for the Bronze Award.

Table 1: Registrations for Awards

	New Starters 1/4/13 to 31/3/14				New Starters 1/4/14 to 16/3/15			
DofE Centre	Bronze	Silver	Gold	Total	Bronze	Silver	Gold	Total
Gleniffer High School	7	8	3	18	20	3	0	23
Total	7	8	3	18	20	3	0	23

- 3.2 DofE awards achieved in Gleniffer High School have doubled during the past two complete years as set out in the following table.

Table 2: Awards Achieved during the year.

DofE Centre	Awards Achieved 1/4/12 to 31/3/13				Awards Achieved 1/4/13 to 31/3/14			
	Bronze	Silver	Gold	Total	Bronze	Silver	Gold	Total
Gleniffer High School	9	0	0	9	15	3	0	18
Total	9	0	0	9	15	3	0	18

- 3.3 The award requires participants to undertake expedition training and expeditions lasting between 2 and 4 days in length.

The range of equipment required to undertake expeditions is listed in Appendix 1 with inclusion of sample prices. Although expeditions may be undertaken by canoe, cycling or horse riding, all of the expeditions undertaken by Renfrewshire DofE centres are completed on foot – involving multi-day treks and camping.

Expeditions comprise of a maximum of 7 participants, so apart from the tents and camping stoves, the cost of renewing equipment to keep expeditions running can quickly mount up

- 3.4 The DofE Centre based in Gleniffer High School is responding to a marked growth in demand for DofE awards. The school has fairly old outdoor equipment stock, with some of this approaching the end of its useful life.

The attached table provides a brief summary of where new equipment is needed to ensure that the DofE awards can continue to be offered to young people from Gleniffer High School over the coming years.

Name of DofE Centre	Boots, Wet weather clothing, Sleeping bags and mats. (£2,500 – enough for one group of 7 participants)	Tents, Stoves and Rucksacks (£1,200 - enough for one group of 7 participants)	Compass, survival bag and first aid kit (£140 – enough for one group of 7 participants)
Gleniffer High School	<i>new equipment needed</i>	<i>new equipment needed</i>	<i>new equipment needed</i>

- 3.5 Based on an assessment of current stock levels, and the need to purchase a significant level of new equipment to meet growing demand for DofE Award activities, a spending budget of £3,840 is sought from the Paisley South Local Area Committee to make purchases of new equipment where this is most needed.

The costs identified above meet the equipment needs for one award group and will be of significant benefit toward the award units' own fundraising efforts.

Implications of the Report

- 1. Financial - £ 3,840 is sought from the Local Area Committee.**
- 2. HR & Organisational Development - None.**
- 3. Community Planning –**

Children and Young People –

The provision of awards schemes to local young people enables them to develop skills to improve personal achievements.

Community Care, Health & Well-being –

The DofE award scheme recognises the key role individuals and groups can make to community involvement and participation.

Empowering our Communities –

Local young people are encouraged to participate and engage in volunteering through the DofE Award scheme.

Greener –

The development of DofE supports social, cultural and recreational activities which contribute to local sustainability.

Jobs and the Economy –

The provision of DofE supports individuals and groups to develop skills to improve personal achievements while increasing their potential for gaining employment and or further education opportunities.

Safer and Stronger –

The development of awards contributes to the development of local communities.

4. **Legal – None**

5. **Property/Assets – None**

6. **Information Technology - None**

7. **Equality & Human Rights - None**

- (a) The Recommendations contained within this report have been assessed in relation to their impact on equalities and human rights. No negative impacts on equality groups or potential for infringement of individuals' human rights have been identified arising from the recommendations contained in the report. If required following implementation, the actual impact of the recommendations and the mitigating actions will be reviewed and monitored, and the results of the assessment will be published on the Council's website.

8. **Health & Safety - None**

9. **Procurement - None**
