(Please use a separate sheet if required)	2.3 2.9	To have accommodation for our fortnightly meetings where we can encourage others to join to enable them to learn skills in public speaking, evaluation, chairmanship and meetings' procedures. Also, to promote more widely what is available at Renfrew Ladies Speakers Club and encourage new members, through Social Media. The Renfrew Ladies Speakers Club has been in Renfrew for over 50 years and it is a safe environment for people to practise public speaking skills, whether this is to help them in the workplace or at social events. Over the years, young women have joined, gained skills, and achieved promotion at work or a place at college. Presently, the majority of members are retired, but would like to promote the club and its benefits more. We are intending to do this through social media and hopefully younger members will join. To encourage new members, we will do this through social media. The room we rent is in a local hotel and this allows us to create a more realistic atmosphere in which people may find themselves when required to speak in public, but at the same time not daunting. To encourage new younger members to join the club. To provide a venue which is very accessible to people in Renfrew and surrounding areas. To help others feel more confident in public speaking whether this is at work in meetings, delivering training sessions or speaking in their local communities.

What does your Organisation/Group do?	1.10	The overall aims of our centre is to provide support, information and advice to carers giving them a life outside of caring. With our young carers our particular outcomes follow SHANARRI in getting it right for every child.

How much grant funding are you seeking?	2.10	£5,000.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	The project provides information and advice to young carers in the Renfrewshire area as well as a network of support services to young people who are carrying out caring responsibilities. This environment provides peer support and creates a sense of belonging. It is an established forum for kids to tackle issues which may be affecting them and the opportunity to be children as often their caring role mitigates the chance of a childhood. We provide one to one support as well as group support. We also provide resources to schools. We sometimes have the opportunity to have social outings which provides a little respite in an often very hectic life. The young carers project was introduced due to a demand to provide a service for a marginalised, vulnerable group of young people. It was identified that young carers, were a hidden population, lacking in non-familial supports, who were socially and emotionally isolated. It was clear that many children in the area were providing care to a relative at home and that their rights were being ignored. Research at that time was limited on the needs of young carers but what quickly became apparent at a local level was that young carers needs were not being wholly met, thus impacting on all areas of their lives. The young carers project was borne out of this need and provided a safe, secure space for young people to come and offload and to be a child! The Young Carers Centre proposes working in partnership with Renfrewshire Leisure to offer a suite of leisure opportunities for young carers to participate in. This will lessen the impact that caring can have on children; will offer activities/leisure pursuits which the young person can look forward to. It will help to create a sense of belonging for the young person, it will promote healthy activity thus positively impacting on physical and mental wellbeing. With the implementation of The Carers (Scotland) Act 2016, there is a duty on the local authority to carry out a Young Carer Statement in partnership with the young person. We are working alongside the local authority to carry out Young Carer Statements. It is	

		<p>anticipated that achieving outcomes for the young carers will involve participating in leisure activities. This will help the young person achieve their outcomes. It will give them a focus outside of their caring role and a chance at being a child first and foremost. Ability to offer young carers an opportunity to meet their desired outcomes, now enshrined in law. The suite of opportunities discussed with Renfrewshire Leisure will promote improved physical health of young carers. The demands of caring can affect both physical and mental health, it is anticipated that the introduction of participating in new activities will lessen the impact caring can have on both physical and mental health. The demands of caring can limit a young carers free time and the chance to meet up with friends. This will promote social as well as physical activity and provide the opportunity for young carers to meet regularly other young people experiencing similar situations as themselves.</p>		
What is your group's current bank balance?	1.14	22,960.28		
Are there any significant items of expenditure to be set against this bank balance?	1.14	<p>Yes</p> <p>Funding is for wages and general running costs of the Carers Centre</p>

How much grant funding are you seeking?	2.10	£1,500.00		
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3 2.9	We would like to continue the work of the uniform bank for as long as there is a need for it. We are inundated with referrals, especially at this time of year having provided almost 200 children with full, brand new school uniforms since 1st May 2018. We rely solely on donations from the public and local business to keep us afloat and really require significant funds at this time to ensure we can continue to fulfil the growing number of referrals that we are receiving. I am a primary teacher in Paisley and myself and colleagues see daily the children who come ill-prepared for school and the impact that this then has on their self esteem, confidence and also most importantly their learning. We decided to set up the uniform bank to service the Paisley area. We contacted local schools and local services to introduce ourselves and very quickly we were receiving referrals from across Renfrewshire. We now provide hundreds of referrals to families across the Renfrewshire Area. This project hopes to alleviate some of the financial pressure that families find themselves in when trying to provide school uniforms for their children. We source and buy new items only so as to ensure that all children feel the same sense of pride and self respect as theirs peers. We hope that with this funding we are able to continue to support the families of Renfrewshire. We would like to reach as many children as we can that need our help.
