

Renfrewshire Valuation Joint Board

Report to: Renfrewshire Valuation Joint Board

Meeting on: 15th September 2023

Subject: Non-Domestic Proposals and Appeals

Author: Assistant Assessor & Electoral Registration Officer

Introduction

The purpose of this report is to report progress on the disposal of the 2017 Revaluation appeals and the disposal of 2017 Revaluation Running Roll appeals. It also gives a brief insight into the two-stage proposal and appeal process which came into force on the 1st April 2023.

1. 2023 Revaluation Proposals

Following the publication of the 2023 Revaluation Roll, Proprietors, Tenant and Occupiers of subjects in the Valuation Roll originally had until 31 July 2023 to submit a Proposal if they were unhappy with the Revaluation. This deadline was subsequently extended to 31st August, and we have received just under 1000 Proposals, these are currently going through the verification phase and further detail on these will be given in future reports to the Board.

2. 2017 Revaluation Appeals

The total number of Revaluation Appeals received for 2017 was 3,832, which related to 3,542 subjects with a cumulative value of £324,294,785.

A number of statistical extracts have been compiled to show the Revaluation Appeals received in 2017 and the subsequent 2017 running roll appeals. These have been shown by category type and map the categories used by the Scottish Executive; see Appendix 1. The 20 categories divide subjects into easily understood groupings such as Retail, Offices, Industrials, Health, Education and Hotels.

Category 11, titled "Public Service" includes subjects such as the Airport, Bus Station, Court House, Fire Station, Military Establishment, Police Station and Waste Water Treatment Works.

Category 17, titled "Others" includes subjects such as Car Parks, Car Spaces, Ground, Kennels, Livestock Auction Marts, Premises Under Reconstruction, Stables, Water Rights and Weighbridges.

3. The disposal of 2017 Revaluation Appeals

A number of statistical extracts have been compiled to show the disposal of the 2017 Revaluation Appeals. These have been shown by the same category type as stated above, see Appendix 1.

As the Board is aware, the Assessor for Renfrewshire Valuation Joint Board is the "Designated Assessor" for fixed line Telecommunications subjects which are included at line 20 in the tables.

The Assessor discharged his statutory duty with only a small number of outstanding 2017 Revaluation appeals referred to the Lands Tribunal.

The statistics provided within this report continue to be based on the quarterly progress made and relate to all revaluation appeals referred to the Lands Tribunal and processed over the last quarter up to the 30th June 2023. As at 30th June 2023, the numbers of appeals disposed of is 3,519 which equates to 99.35% of the number of subjects under appeal. There are therefore only 23 subjects within the Joint Board area that have 2017 Revaluation appeals outstanding.

The appeals that remain outstanding relate primarily to Automated Teller Machines which account for 17 of the 23. Staff are actively engaging with the relevant parties to progress these appeals.

The disposal of the additional category of subjects that remain outstanding relate to subjects for which negotiations are being led by the relevant Practice Note authors within the SAA and comprise mainly of public undertakings. Therefore, any future progress in resolving these appeals will, in the main, be dependent upon negotiations being carried out at a national level before progress can be made locally.

Appendix 1 outlines where the remaining appeals lie for each of the three unitary authorities together with a total for the Joint Board area.

4. Running Roll Proposals/Appeals

Following a Revaluation, new values will generally remain unchanged until the next Revaluation; unless the property is altered, or other changes take place. New properties will be added to the Roll as they become capable of occupation and entries for demolished buildings will be deleted.

A Running Roll proposal can be lodged by a ratepayer or their agent on the grounds that there has been a Material Change of Circumstances (MCC) which has affected the value of the property or on the basis of an error in the valuation at any time.

Running roll proposals can be lodged by ratepayers or their agents at least once in any one financial year and require to be disposed of in line with the prescribed statutory timetable. If the proposer remains dissatisfied with the outcome of their proposal, they can appeal to the First Tier Tribunal and in some circumstances the Upper Tribunal and this two-stage appeal process was effective from the 1st April 2023.

The Board will be kept informed of the 2023 running roll proposals and appeals progress as well as the disposal of the 2023 Revaluation proposals and appeals.

5. The disposal of 2017 Revaluation Running Roll Appeals

As previously reported to the Board, the number of running roll appeals received since March 2020 was greater than the norm due to the Coronavirus pandemic and the situation facing many businesses. The position as of 30th June 2023 is that 2017 Revaluation MCC appeals received since March 2020 total 6,249, the bulk of which, some 5585 relate to the Pandemic. We currently have a total of 2,712 outstanding, and we expect the number of appeals outstanding to continue to reduce as the appeals are withdrawn however there is no guarantee that the remaining outstanding appeals will not result in hearings before the Tribunal. The disposal progress of these appeals will be monitored and reported to the Board.

Most of the Non-Domestic appeals outstanding had a disposal deadline of 31st December 2023, however the Valuation Timetable (Scotland) Amendment (No.2) Order 2023 came into force on 15th June and has amended the last date for disposal by the First-tier Tribunal to 31st December 2024.

I have provided additional tables similar to the Revaluation statistics in order to give the Board an indication as to the type of subjects for which appeals have been lodged and the numbers associated with each category.

Appendix 2 outlines the number of outstanding 2017 running roll appeals within RVJB and each of the individual Council areas.

6. Disposal of Other Outstanding Appeals

For the 2017 Revaluation if a case was considered highly complex, it could be referred to the Lands Tribunal for Scotland. With effect from the 1st April 2023, the functions of the Lands Tribunal for Scotland have been transferred to the Upper Tribunal for Scotland. Any outstanding Lands Tribunal appeals will now be dealt with by the Upper Tribunal for Scotland.

At present there are a number of subjects that have cases from both the 2005 and 2010 Revaluations which will now be dealt with by the Upper Tribunal, these relate to either mobile or complex fixed line telecommunication subjects. There are also a number of referrals that have been made with regard to the 2017 Revaluation and again they will be dealt with by the Upper Tribunal. Details of the numbers involved are outlined below. Negotiations continue with the relevant agents where possible and it is hoped that agreements will be reached without the need for any cases proceeding to formal hearings.

The number of appeals referred to the Lands Tribunal currently outstanding are as follows:

2 appeals remain outstanding from 2005 Revaluation in relation to 2 subjects.

7 appeals remain outstanding from 2010 Revaluation in relation to 2 subjects.

32 appeals remain outstanding from the 2017 Revaluation in relation to 25 subjects.
Please note the 32 includes both revaluation and running roll appeals.

7. Conclusion:

The disposal of revaluation and running roll appeals is work that can be stressful due to the strict legislative timetables and the adversarial nature of the negotiations. The effects of the new two-stage proposal/appeal process in relation to non-domestic properties on our business practices and service delivery are unknown at the present time and the Board will be kept informed.
