3.1 This procurement is for the appointment of a suitably experienced contractor to carry out the refurbishment of lifts at fourteen (14) Residential Multi Storey properties throughout Renfrewshire.

As part of the routine/programmed inspections carried out by Property Services, a survey identified that remedial works were required to be undertaken, in order to maintain the lifts to domestic dwellings within 14 of the multi storey properties which form part of the Council's housing stock. The Contract programme is for works to be carried out in each of the 14 multi storey blocks and will be carried out on a single lift at a time.

3.2 For the procurement of this Contract, a contract notice was published on the Public Contracts Scotland advertising portal on 6th October 2021 with the tender documentation available for downloading from the Public Contracts Scotland-Tender platform on this date.

During the live tendering period, fourteen (14) companies expressed an interest in the Contract. By the closing date set for the return of electronic tender submissions, 12 noon on Wednesday 27th October 2021, four (4) companies submitted a tender response, four (4) declined to respond and six (6) did not submit a response.
