Renfrewshire Council

Paisley and Renfrew Common Good Funds

Statement of Investment Principles

INTRODUCTION

Purpose of Statement

1. This statement sets out the principles governing decisions regarding the investment of assets of the Paisley and Renfrew Common Good Funds. The Director of Finance and Resources of Renfrewshire Council has issued this statement.

Consultation

2. The Director of Finance and Resources of Renfrewshire Council has consulted with Standard Life Wealth Limited (the Funds' Investment Manager) and with Hymans Robertson LLP (the appointed Investment Adviser) about the content of the Statement.

Investment Powers

3. The Director of Finance and Resources has the delegated authority per the Council's Financial Regulations to invest the monies of the Paisley and Renfrew Common Good Funds in or upon such investments, securities or property, as may be thought fit.

Investment Policy

4. Other than heritable property, held as investment assets, and cash required in the short-term, the Director and Officers rely on professional investment managers for the day-to-day management of the assets of the Common Good Funds.

Delegation to Fund Managers

5. The investment manager, Standard Life Wealth Limited, is responsible for the allocation of assets between types of investments and for the selection of individual stocks within each type of investment. The funds are managed on a discretionary basis where the investment manager makes all investment decisions in line with the agreed investment objectives and benchmark.

Investment Objectives

6. The investment manager has been instructed to achieve a balance between capital growth and income through investing in a combination of UK and overseas equities and fixed interest securities plus cash.

Income Objective

7. The Council will on an annual basis, present the investment manager with an indication of the income required for each fund.

Diversification and Risk Controls

Risk

8. In order to achieve the stated objective a moderate-risk approach will be adopted that corresponds to a diversified portfolio invested in a broad spread of equities both directly and indirectly through pooled funds but also including a proportion of fixed interest securities, property, cash and such other investments as the Council approves.

Custody

9. Platform Securities acts as custodian for the assets managed by the investment manager.

Manager Restrictions

10. The following investment restrictions have been put in place

- The members of Renfrewshire Council's Investment Review Board believe that social, environmental and ethical considerations are among the factors which its investment managers should take into account, where relevant, when selecting investments for purchase, retention or sale.
- The members consider that public opinion and consumerism is beginning to add a further dimension to corporate life such that companies which act irresponsibly or without consideration for the public view may run serious reputational risk which could have a significant impact upon their earnings and ultimately upon the value of their shares.
- In general terms, this means that there is a group of socially responsible investment concerns that investors need to be aware of and which should be taken into account when the decision whether to invest is being made. This does not mean that the decision whether or not to invest depends entirely on the assessment of these factors but that they should be considered along with all relevant factors when decisions to buy, hold or sell investments are being made.
- The Funds are committed to the development of a positive, practical and sustainable policy on socially responsible investment whilst fulfilling the Funds' fiduciary duties.
- General Policy Statement
The Funds require its investment manager to consider social, environmental and ethical factors in making investment decisions. Each investment decision shall be made on a balanced view on the overall investment case for particular sector or stock.
- Specific Restrictions
 - No direct investment in tobacco stocks
 - A minimum of 15% to be held in fixed interest stocks
 - No direct investment in companies involved in the manufacture or supply of cluster munitions or anti-personnel landmines; or any military production or sales
