**To:** Renfrewshire Joint Negotiating Committee for Teachers

**On:** 6 February 2024

### **ASN Provision Report by Joint Secretary (Teachers' Side)**

#### **Background**

A major strand of the EIS Stand Up for Quality Education (SUfQE) campaign is the under-resourcing of the additional support needs provision which has led to a reduction in the deployment of Pupil Support Assistants and Specialist ASN teachers within mainstream schools and other education settings. This under-resourcing is having an adverse impact on learners' educational experiences and wellbeing, on the wellbeing of staff and on levels of behaviour.

#### **Action**

The Teachers' Side is seeking a meeting with the Head of Children's Services and Heads of Inclusion Services to discuss how a joint approach can help to support teachers in addressing the issues related to ASN provision.
