

To: Audit, Risk and Scrutiny Board

On: 22nd January 2024

Report by: Chief Executive

Heading: Dargavel Primary School Independent Review recommendations – actions monitoring report

1. **Summary**

- 1.1 The findings of an independent review into the circumstances of the errors in planning and delivery of primary school provision in the Dargavel area were reported to Council in June 2023. At the same meeting, a further report was presented outlining the initial high level Council response to recommendations of the independent review.
- 1.2 A detailed action plan was provided to the previous meeting of the Board; with a commitment that updates would be provided to future Board meetings. In this regard, this report provides an update and further detail on the actions the Council has taken, and plans to take, in addressing the recommendations within the independent review. A total of 24 actions are complete with 12 on track to be completed. 3 have not yet commenced.
- 1.3 The Council has been advised that the Controller of Audit has decided to use the reporting powers available to her under s102 (1) of the Local Government (Scotland) Act 1973 to bring this issue, and the action the Council is now taking in response to the Bowles report, to the attention of the Accounts Commission. The report was published on the Accounts Commission website on 4 January in advance of the Commission meeting on 11 January, where the report was considered.

The Commission will inform the Council in due course of any findings it has made in relation to the report. As at the point of drafting of this report, the Council has had no notification of any findings.

2. **Recommendations**

- 2.1 Note and consider the update provided in Appendix 1 in relation to the Council's response actions.
-

Implications of the Report

1. **Financial** – whilst there will be significant capital and revenue implications for the Council in resolving the Dargavel issue, there are no financial implications for the Council as a result of this update report.
2. **HR & Organisational Development** – the report outlines a leadership development programme with a focus on key issues raised in the independent review around governance, risk management, corporate working and culture.
3. **Community/Council Planning** – the report outlines ongoing action being taken to develop an engagement and ongoing communication process with affected communities.
4. **Legal** – none
5. **Property/Assets** – none
6. **Information Technology** – *n/a*
7. **Equality & Human Rights** - The Recommendations contained within this report have been assessed in relation to their impact on equalities and human rights. No negative impacts on equality groups or potential for infringement of individuals' human rights have been identified arising from the recommendations contained in the report as it is for noting only. If required following implementation, the actual impact of the recommendations and the mitigating actions will be reviewed and monitored, and the results of the assessment will be published on the Council's website.

8. **Health & Safety** – *n/a*
9. **Procurement** – *n/a*
10. **Risk** – the report outlines the action being taken in relation to risk management.
11. **Privacy Impact** – *n/a*
12. **Cosla Policy Position** – *n/a*
13. **Climate Risk** – *n/a*

Bowles Report Recommendation 1 Build a more robust model of primary school need for Dargavel - the Council should continue to refine its pupil forecast model for Dargavel.				
<p>Response Objectives</p> <p>Deliver robust projection modelling for Dargavel and PMHS which: -</p> <ul style="list-style-type: none"> • considers live information arising from NHS, pupil & ELC registrations, the pace of development to date, certainty over development size and likely pace of future build out rate, • utilises external data analytics and projection expertise to augment and enhance the Council’s in-house forecasting approach to ensure modelling is robust, underpinned by external challenge and specialist input reflecting the complexity and significant portion of Dargavel that has yet to be developed out over a circa 10 year period, • provides modelling output which considers potential future upper scenarios reflecting the high yield factors reflected in the 2023/24 P1 intake to inform immediate decisions on scale of capacity to be delivered as well as planning for potential additional interventions at a future time, • delivers modelling output which provides a long-term view beyond the anticipated completion timeline for Dargavel to ensure the long term impact of Dargavel is modelled and understood, • provides modelling output over the long term which indicates both the scale, timing and shape of an anticipated peak in demand that will accompany a development of this scale and nature. This will provide visibility of the anticipated short-lived peak in demand and long term settled demand to ensure this is appropriately reflected in estate/capacity decisions and in particular to mitigate against delivery of excessive long term / permanent increase in capacity that would result in excess unused surplus capacity over the long term. • Provides modelling that can be tested and revised as necessary as new key data becomes available such as P1 and S1 registrations, actual scale and pace of the development and any new developments, which will continue to inform decisions on any future estate interventions if required.

<p>Bowles Report Recommendation 2</p> <p>Use of Bishopton Primary - in its future plans the Council should reconsider how surplus capacity at Bishopton can be used effectively.</p>				
<p>Response Objectives</p> <p>Consider and assess how existing capacity within Bishopton Primary School may be best utilised to support the Dargavel catchment over the immediate term and potentially over the longer term, taking into consideration the uncertainty and risk over the long-term demand levels that will ultimately emerge for primary education from Dargavel as well as the expectation of a temporary peak period of demand.</p> <p>Provide a report to Education and Children’s Services Board setting out a clear overview as to how Bishopton PS capacity will be utilised to support temporarily over the short term period and how it may be considered amongst other options for use to support Dargavel in the longer term (noting that any such longer term use will be subject to detailed consideration and decision at an appropriate point in future years).</p>				
Complete assessment of anticipated P1 intake from Dargavel catchment and assess against revised DPS capacity availability, establish planned P1 intake capacity cap and anticipated P1 intake requiring accommodation at Bishopton Primary School.	August 2023	Director of Children’s Services	Complete	Planned use of Bishopton Primary School along with planned capped entry levels to Dargavel Primary School reported an approved at Education and Children’s Services Policy Board in August 2023. There will be a requirement to annually monitor anticipated and actual P1 intakes carefully to assess adequacy of short term capacity provision across both Dargavel and Bishopton Primary Schools to meet demand pending the second primary school in Dargavel coming on stream.

<p>Complete an exercise to assess the timing, scale and range of potential demand level scenarios, in particular understanding the scale and timing of the peak demand and likely settled long term demand. This information will be used to inform the assessment of how Bishopton Primary School could, if required, be potentially be utilised as an option in the longer term.</p>	<p>January 2024</p>	<p>Director of Children’s Services</p>	<p></p>	<p>Completion of the updated work with Edge Analytics has provided a view of the likely timing and length of the peak demand period – with peak primary demand being forecast in 2033/34 which will fall over the second half of the 2030s to a more settled level. Further work is being progressed to update this information for the recently released 2023 census information and November registration data to inform an overall assessment.</p>
<p>Complete financial analysis to understand the potential financial context of utilising Bishopton Primary School Capacity</p>	<p>May 2023</p>	<p>Director of Finance and Resources</p>	<p>Complete</p>	<p>Bishopton PS is a predominantly 1960s construction and is more than 60 years old. This building will, along with the whole school estate, undergo an updated condition survey over coming months. Notwithstanding, given the underlying age of the building it will inevitably have a limited remaining lifespan before being considered for replacement.</p> <p>Existing surplus capacity if used permanently to reduce the required size of a second Dargavel primary school, will require to be replaced as part of a renewal programme. The determination of the timing of that will be subject to work progressed as part of the strategic learning estate programme.</p> <p>Consequently, it has been assessed that any financial advantage from utilising Bishopton PS will be restricted to a temporary time value of</p>

				<p>money benefit and consequently will be relatively limited.</p> <p>In addition, there is also a risk that utilising Bishopton PS permanently removes its availability to provide supporting capacity to manage both a temporary peak that may arise from upper end educational demand scenarios and longer term upper end demand. There could be the risk that in such circumstances if Bishopton capacity was no longer available this would lead to higher overall costs over the longer term for the Council.</p> <p>The financial considerations and risks will be incorporated into the overall assessment scheduled to be reported as part of the Education & Children’s Services Board report in January.</p>
<p>Set out overview in a report to the Education and Children’s Services Policy Board in respect to the potential long-term utilisation of Bishopton Primary School which will be subject to detailed consideration at an appropriate point in future years as actual long term demand trends increasingly emerge.</p>	<p>January 2024</p>	<p>Director of Children’s Services</p>		<p>Work to allow appropriate recommendation to be made is progressing in line with plans and scheduled to be reported to Board in January 2024</p>

Bowles Report Recommendation 3				
As the Council progresses its plans to issue supplementary guidance on developer contributions for education it should seek to learn from other Councils in Scotland.				
A development the size of Dargavel is exceptional and would need its own modelling techniques. However, for smaller developments the Council should create an evidence base to calculate specific yield factors derived from recent developments in Renfrewshire. Such robust data will ease future negotiations.

Proposed revisions to S.75 negotiated with BAE Systems were approved by ILE. Revised S.75 signed off by both the Council and BAE Systems to legally conclude matters.	August 2023	Head of Economy & Development	Complete	Approved by planning and Climate Change Board end of August
<p>Bowles Report Recommendation 5</p> <p>Corporate working and organisational culture - although I understand that the Council has sought to improve and strengthen corporate working in recent years, the evidence would suggest there is a long way to go; simply establishing corporate working groups is insufficient if staff are in a mindset of 'not my problem'.</p> <p>The failure of management oversight, if symptomatic of the Council as a whole, would be deeply disturbing. The Council needs to consider a significant change programme, not just on the of issue of corporate working and personal responsibility, but also its organisational culture and values. It needs plans to build a stronger organisation where constructive challenge is welcomed and there is a clarity of what is expected of all of those in a leadership role.</p>				
<p>Response Objectives</p> <p>Provide assurance that established programme governance framework and operations of governance for other major capital investment programmes and specifically that the Bowles findings on the historic failings on the handling of Dargavel by officers are not representative of the Council’s current culture and approach to the management and delivery of major programmes.</p> <p>The Council is committed to living its values as a learning and collaborative organisation and post COVID was already in the process of re-establishing an Leadership Development programme for senior leadership teams and managers across the Council in recognition that this required to be reinvigorated post COVID and that there has been significant turnover in management and senior positions over the past three years and this would support growing and maturing the current culture and collaborative connections across the organisation.</p> <p>In response to the Bowles recommendations, the objective is to ensure the new Leadership Development programme is appropriately cognisant and reflective of the key learning points from the Bowles report and takes the opportunity to ensure its coverage seeks to re-enforce the development of skills related to governance, risk management, commercial risk, corporate working and culture etc and effectively utilises failures referenced in the Bowles report as key examples for learning throughout the programme. Collective reflection and learning of such significant failures – albeit historical – is recognised as an important element of building an effective future culture and ways of working across the organisation.</p>

<p>Bowles Report Recommendation 6</p> <p>Risk management</p> <p>From documents I have seen the Council was unaware of the scale of risk it was taking in the calculation of pupil numbers. The identified risk in Council documents related to providing the school on time, not that the size of the school may prove to be inadequate. The failure to identify that risk has had two consequences; first the Council has been slow to react to the increase in pupil numbers and second the Council did not negotiate with BAE with that risk in mind.</p> <p>The Council needs to review how it both identifies risk and manages it.</p>				
<p>Response Objectives</p> <p>Progress actions to provide reassurance in relation to the Council’s current risk management approach, in particular how this is approached, deployed and managed as part of major projects as well as considering and assessing the seniority / appropriateness of officer involvement and related skills across officers involved in the process.</p>

<p>Deliver a revised comms and engagement strategy to coincide with the return to school period along with timing of key milestone points in relation to post independent review and moving towards confirmation of progress with BAE systems and moving more significantly into a delivery phase. This will ensure long term engagement process continues to build pro-active and positive engagement to continue to re-establish trust and confidence across the Dargavel community.</p>	August 2023	Head of Marketing and Comms	Complete	<p>The Dargavel communication and engagement strategy was reviewed following the publication of the Bowles Report. The strategy covers the development of long-term solutions to increase primary and secondary capacity. The key aim has been to provide straightforward messaging and up to date sitreps to ensure publics (and council representatives) have the most up-to-date position and the complexity of the issue is explained in a simple and honest way. We committed from the outset to ensure those members of the community directly impacted (and their representatives) are first to hear about the steps being taken to deliver a solution and the decision-making process involved. The strategy has been designed to:</p> <ul style="list-style-type: none"> • Improve the flow and regularity of information to parents and carers and the wider Dargavel community, so they are first to hear about decisions impacting their community. Ensure parents and carers have access to all projection data available to the council. • Introduce direct communication channels with Dargavel residents, enabling all sections of the community to engage on matters that are important to them and making sure the
