**Heading:** Statutory Review of Polling Places and Polling Districts

---

## 1. Summary

- 1.1 In terms of the Representation of the People Act, 1983, as amended, local authorities are required to divide their area into polling districts for the purposes of parliamentary and other elections and to designate polling places for these polling districts and keep them under review.
- 1.2 The Electoral Registration and Administration Act 2013, further amended the Representation of the People Act 1983 by introducing a statutory duty for all polling districts and polling places to be reviewed by the end of January 2015 and at least every 5 years thereafter.
- 1.3 The current polling arrangements following the previous statutory review were approved by Council on 5 December 2019, for use in all elections thereafter in the period to the next review.
- 1.4 In conducting the review, authorities must:
  - (a) seek to ensure that all electors in the constituency have such reasonable facilities for voting as are practicable in the circumstances; and
  - (b) seek to ensure that so far as is reasonable and practical, the polling places they are responsible for are accessible to all electors, including those who are disabled, and when considering the designation of a polling place, must have regard to the accessibility needs of persons with disabilities.

- 1.5 In that regard, a notice was published giving details of the timetable for and scope of the review, and the consultation process and inviting comments on the current arrangements. In addition, notice was given to key groups, including councillors, Council departments, community councils, Renfrewshire Valuation Board, the local Disability Liaison Group and Capability Scotland for their interest.
  - 1.6 A note of the one comment received and the consideration which has been given to it in preparing this draft scheme is attached as Appendix 1 to this report. This Appendix also sets out alternative arrangements for two polling places that have become unavailable since the last review in 2019: it is suggested that the Tannahill Centre replaces St Ninian's Church Centre and Our Lady of Peace Primary School replaces Linwood Parish Church Hall. Appendix 2 identifies local housing developments that might impact on polling arrangements.
  - 1.7 A preliminary polling scheme showing the polling places is also attached as appendix 3 for consideration and adoption for formal public consultation.
  - 1.8 It is a requirement that the Returning Officer shall comment on the proposals. The draft polling scheme presented here has been the subject of consultation with the Returning Officer who has endorsed the proposals.
  - 1.9 At the meeting of Council held on 22 June 2023 a timetable for the review process was agreed and this is set out in paragraph 3.5 of this report.
- 

## **2. Recommendations**

- 2.1 Council is asked to consider the approval of the polling places as set out in the appendices to this report as the draft polling scheme for public consultation.
- 

## **3. Background**

- 3.1 The Representation of the People Act 1983 as amended by the Electoral Registration and Administration Act 2013, introduced a duty for all polling districts and polling places to be reviewed by the end of January 2015 and at least five yearly thereafter.
- 3.2 Here in Renfrewshire, the polling districts and polling places were last reviewed and approved by Council in December 2019.
- 3.3 Although the review is conducted on the basis of UK parliamentary constituencies the proposed polling district boundaries and polling places shown in the appendices to this report also align with the Scottish Parliamentary constituency boundaries and accommodate council ward boundaries, thus avoiding the necessity for differing polling schemes for different types of election.

3.4 It should be noted that the Scottish Parliamentary constituency boundaries for Paisley, Renfrewshire North and West, and Renfrewshire South include parts of East Renfrewshire and Inverclyde Councils' areas. These Councils will review the polling districts and polling places for these areas as part of their own authorities' statutory reviews.

3.5 The timetable for the conduct of the review in Renfrewshire is as follows:

1	Notice Published	1 June 2023
2	Representations by interested parties were sought by	1 August 2023
3	Council will consider a report on the initial proposals on	28 September 2023
4	The Council will consider all representations received and will produce draft proposals for public consultation by	2 October 2023
5	Further comments/suggestions on these proposals must be received by	1 December 2023
6	Final proposals, having regard to any comments/suggestions received will be considered by Council on	14 December 2023

3.6 In accordance with the timetable, public notice was given in the week commencing 1 June 2023 of the Council's intention to undertake the review and inviting preliminary comments on the existing polling arrangements.

3.7 Public notice was given by advertisement in local libraries, the Council's website, and Council offices, and maps and documents showing the current polling arrangements were made available for public inspection.

3.8 In addition, individual notice was given to councillors, community councils, the local Disability Liaison Group and Capability Scotland, for their interest.

3.9 An inspection of polling places has been carried out by officers prior to this meeting of Council with regard to location, suitability of access and availability.

3.10 To date all polling places have been found to be fully accessible by persons with disabilities either through existing permanent arrangements in place or enhanced by temporary ramping or additional signage where possible.

3.11 Arising from the preliminary consultation exercise, only one comment has been received, from Johnstone Community Council, advising that it had no objections to the proposals.

3.12 In relation to the review of polling districts, the 2023 Review of UK Parliament Constituencies Boundary Commission for Scotland Final Recommendations were laid before Parliament on 28 June 2023. The UK Government is required within a four month period to submit to the Privy Council an Order that gives effect to recommendations of the four UK Commissions. The recommendations will inevitably result in the renaming of a number of polling districts within Renfrewshire.

Details of this element of the statutory review will be included within the report to be submitted to the meeting of Council to be held on 14 December 2023.

- 3.13 In terms of the statutory review, the Returning Officer is required to comment on the proposals. Although the location of the proposed polling districts and polling places are the responsibility of the local authority, the number and location of the polling stations within the polling places is the responsibility of the Returning Officer, and it is recommended by the Electoral Commission that the review process be undertaken in a joint manner in recognition of the fact that, although the Returning Officer is an officer of the local authority, it is a distinct role and the responsibility for conducting the review rests with the local authority. Accordingly, the proposals presented here represent the joint view of the officers and the Returning Officer.
- 3.14 Following approval of the proposals, a further public consultation exercise will take place in which the draft proposals will be published and further detailed comments invited from the public generally, the organisations and individuals contacted in the preliminary stage, and any others who have responded to or commented upon the proposals at that stage.
- 3.15 In conclusion therefore it is recommended that the polling places and polling stations instanced in appendices 3 and 4 to this report be approved for public consultation and the comments received to date, and their disposal, be noted.
- 3.16 It should also be noted that, in seeking final approval of the polling arrangements in December 2023 it will be proposed that the approval extends to the adoption of these arrangements for any election called thereafter until the next review and, in accordance with normal practice, delegated authority will be sought for the Chief Executive to alter or amend any polling place if an approved place becomes unavailable or unviable, e.g. through fire, flood, pandemic or otherwise.

<p><b><u>Evaluation</u></b></p> <p>St Ninian's Hall became unavailable following approval of the last polling plan in 2019. <b>Respondent</b>	<b>Polling Place</b>	<b>Suggestion/Comment</b>

<p><b><u>Evaluation</u></b></p> <p>Linwood Parish Church Hall became unavailable as a result of serious vandalism following approval of the last polling plan in 2019. Utilising delegated powers, it was possible to change the polling place in the first instance to Linwood High</p>		

School for the Scottish Parliamentary Election in 2021. When the High School became unavailable as a result of an exam diet, Our Lady of Peace Primary School was used for the Scottish Local Government Elections in 2022. The School was used without incident or comment While the date of the next UK Parliamentary Election cannot be determined, the dates for the next Scottish Parliamentary and Scottish Local Government elections are known. The current practice of aligning school in-service days would help minimise the impact of elections upon school life.

**Recommendation**

That Our Lady of Peace Primary School, Linwood become the polling place for the relevant polling district(s).

## APPENDIX 2

Relevant Council services were consulted to identify planned developments which might impact on polling arrangements.

New dwellings may not necessarily result in a significant increase in electors as the majority of new dwelling sales go to people already resident in Renfrewshire. These changes should also be viewed in the context of the National Records of Scotland population projections which suggest an overall population growth for Renfrewshire from 177,790 to 182,256 (2.5%) between 2018-2028.

Against this backdrop, 9 wards have been identified which may experience high levels of new house building over the five year period of this review.

These wards, the number of new dwellings, and the estimated increases in electors are as follows:

<b>Ward</b>	<b>New dwellings</b>	<b>New population*</b>	<b>Additional Electorate**</b>
1. Renfrew North & Braehead	306	630	473
2. Renfrew South & Gallowhill	29	60	45
3. Paisley Northeast & Ralston	5	10	8
4. Paisley Northwest	527	1086	815
5. Paisley East & Central	462	952	714
6. Paisley Southeast	140	288	216
7. Paisley Southwest	36	74	56
8. Johnstone South & Elderslie	374	770	578
9. Johnstone North, Kilbarchan, Howwood & Lochwinnoch	104	214	161
10. Houston, Crosslee & Linwood	410	845	634
11. Bishopton, Bridge of Weir & Langbank	1293	2664	1998
12. Erskine & Inchinnan	116	239	179
<b>Total</b>	<b>3,802</b>	<b>7,832</b>	<b>5,877</b>

Note \* Based on average number of persons per household of 2.06.

Note \*\* Based on 75% of estimated population.

These increases should be able to be accommodated within the existing arrangements.
