## 1. Purpose

- 1.1. The purpose of this report is to advise the Integration Joint Board (IJB) of the Revenue Budget position at 30 November 2022, and, the projected year end position for the year ending 31 March 2023.
- 1.2. Members are reminded that at the development session of 12 August 2022 the Chief Finance Officer highlighted the current volatility of the IJB's budget due to the current economic and cost of living crisis, and the likelihood that this will have a negative impact on projections as we move through the financial year. Given the current fluid discussions on pay negotiations it is not yet clear what the final impact will be on the overall budget position for 2022/23 or what funding will be passed through to the IJB to meet these increased costs.
- 1.3. Further clarity on budget settlements is expected in the coming months and further detail will be provided to the IJB when it sets its budget in March 2023.
- 1.4. In addition, as previously highlighted in the Chief Finance Officers report to the IJB in September, there is still a delay in receiving a number of ring-fenced allocations from the Scottish Government in respect of specific Scottish Government priorities. It is therefore not clear how the in-year budget will be impacted and what conditions will be attached to the funding when it is received, including whether it will be recurring or non-recurring.
- 

## 2. Recommendations

It is recommended that the IJB:

- Note the in-year position at 30 November 2022.
  - Note the projected year-end position for 2022/23; and
  - Note the current estimated financial assessment of the consequences of the COVID-19 pandemic for 2022/23.
- 

## 3. Summary

- 3.1. As detailed in the following table, the IJB year to date position is an underspend of £636k and the projected outturn for 2022/23 an underspend of £919k (these

figures include the impact of COVID-19 which is funded from the draw-down of COVID-19 earmarked reserves) and in line with Scottish Government funding arrangements assumes a transfer of any in-year underspend at 31 March 2023 to ear marked reserves in relation to:

- Winter pressures monies
- Action 15
- Primary Care Improvement Programme (PCIP),
- Alcohol and Drug Partnership (ADP).

3.2. Members should note that the financial position reflects the movement of the projected year end health underspend to fund the projected shortfall in the delivery of the PCIP programme which was approved by the IJB on 25 November 2022. (For members information the table below includes a summary of the position prior to the movement to reserves.)

Division	Year-to Date	Projected Outturn
<b>Total Renfrewshire HSCP</b> (including COVID-19 and other ring-fenced funding)	Underspend £1,843k	Underspend £2,725k
<b>Other Delegated Services</b>	Overspend (£71k)	Overspend (£102k)
<b>TOTAL</b>	<b>Underspend £1,772k</b>	<b>Underspend £2,623k</b>
<b>Less:</b> Movement to 'HSCP Funded PCIP Commitments Ear Marked Reserve'	Health Underspend £1,136k	Health Underspend £1,704k
<b>GRAND TOTAL</b>	<b>Underspend £636k</b>	<b>Underspend £919k</b>

3.3. The following table provides a high-level summary of the main reasons why the IJB is currently projecting an underspend of £2,623k against its budget this year (prior to movement to the 'HSCP Funded PCIP Commitments EMR').

Subjective Heading	Variance Prior to: Movement to 'HSCP Funded PCIP Commitments EMR' £000's	Comments
Employee Costs	3,829	ongoing challenges in terms of recruitment and retention issues across all service areas due to the limited availability of the skills mix required within the workforce market. These are issues that are being faced by IJBs across Scotland, not only in Renfrewshire.
Property Costs	(135)	Overspend reflecting increase in cleaning costs due to infection control requirements
Supplies & Services	(256)	overspend mainly in relation to equipment, including costs the purchase of IT equipment across all areas of the service to augment flexible working.
Third Party Payments	(727)	<b>Care at Home o/s £2,304k:</b> increase in spend reflects the service continuing to support delayed discharges and demand. <b>Care Home Placements u/s £460k:</b> reflects greater numbers of clients choosing to remain at home for longer. <b>Adult Care Placements u/s £962k:</b> reflective of the current client profile but subject to change depending on

		demand and the implementation of planned adult care placements over the financial year.
Purchase of Healthcare	(7)	Overspend reflects increased costs associated with LMC (local medical committee) invoices.
Transport	349	underspend reflective of services such as Day Care operating at a reduced capacity during 2022/23
FHS	(997)	reflects issues currently impacting on the price of drugs as well as a number of items being on short supply.
Support Services	16	underspend reflective of services operating at a reduced capacity during 2022/23
Transfer Payments	230	impact of Covid19 on some contracted services who have been operating at reduced capacity during 2022/23.
Income	321	Over recovery due to new charging orders registered and funds received.
<b>TOTAL</b>	<b>2,623</b>	

3.4. As highlighted to the IJB throughout this financial year we are living in unprecedented times. The war in Ukraine, the volatility of inflation and interest rates, rising energy costs, supply chain issues, the cost-of-living crisis, recruitment challenges, and continuing COVID-19 impacts, are converging to create a hugely difficult funding scenario for the public sector across the UK. The full extent of which is still emerging. Members should be aware that it is highly likely that these scenarios will impact on the current year end projections for the IJB.

3.5. Whilst our current financial position is projected to deliver an underspend, this position is subject to fluctuation as the financial year progresses. In addition, this position also masks the difficulties of the financial outlook in the medium term which includes an anticipated reduction in partner budgets arising from the Scottish Government budget announcement on 15 December 2022 and the increasing prevalence of non-recurring funding streams which create a lack of flexibility in how the IJB can use their funding.

3.6. The IJB's financial planning arrangements will remain subject to active review, to enable us to continue to plan for a range of potential outcomes and scenarios and help us to manage emerging financial risks and challenges and the likely impact these could have on the financial position of the IJB.

3.7. Throughout the financial year, adjustments are made to the original budget as a result of additional funding allocations, service developments and budget transfers reflecting service reconfigurations. Appendices 5 and 6 provide a reconciliation of the main budget adjustments applied this current financial year.

#### 4. Pressures

Total Renfrewshire HSCP	Year-to Date	Projected Outturn
<b>Total Renfrewshire HSCP</b> (including COVID-19 and other ring-fenced funding)	Underspend £1,843k	Underspend £2,725k
<b>Less:</b> Movement to 'HSCP Funded PCIP Commitments Ear Marked Reserve'	Health Underspend £1,136k	Health Underspend £1,704k
<b>TOTAL</b>	<b>Underspend £707k</b>	<b>Underspend £1,021k</b>

- 4.1. The overall net underspend for the HSCP at 30 November 2022 is an underspend of £707k, with an anticipated year-end underspend of £1,021k, assuming that the current trajectory of spend continues throughout this financial year. As highlighted in para 3.2 above this position reflects the movement of the projected year end health underspend to fund the projected shortfall in the delivery of the PCIP programme which was approved by the IJB on 25 November 2022.
- 4.2. The current and projected year end position for Winter Pressures monies, Action 15, the Primary Care Improvement Programme (PCIP), and Alcohol and Drug Partnership (ADP) assume that if there are any underspends, they will be transferred to earmarked reserves at the year-end in line with Scottish Government funding arrangements.
- 4.3. The current and projected underspend includes a net drawdown of £7,546k to date, from earmarked reserves as detailed in the following table and in Appendix 8.

4.4. The main broad themes of the current and projected outturn include:

Adults and Older People	Year to Date Position	Year End Outturn
		Overspend (£216k)

4.5. The main areas to note within Adults and Older People are in line with previous reports and largely relate to:

- *Continued pressures within the Care at Home service* – the overspend within care at home has increased as the service continues to support delayed discharges and demand.
- *Care Homes* – Currently, the Care Home budget is projecting an underspend reflecting the number of clients choosing to remain at home for longer.
- *Employee costs - Adult Social Care*  
Underspends in employee costs reflect ongoing difficulties recruiting to specialist posts across a number of areas, including homecare workers; social care assistants; team leaders. Where appropriate and where possible these are being covered through overtime and agency staff.
- *Transport costs - Adult Social Care*  
Underspends reflecting services currently operating at a reduced capacity.
- *Adult Community Services*  
Underspend, reflecting ongoing turnover and recruitment and retention issues across services.

Mental Health Services	Year to Date Position	Year End Outturn
		Underspend £439k

4.6. The underspend within Mental Health Services reflects vacancies due to recruitment issues throughout all mental health service areas. In order to maintain the recommended safe staffing and skill mix across these services, as well as the need to respond to increasing levels of demand and acute presentations, bank and agency staff are required to fill the current gaps due to vacancies – this position is likely to continue. These underspends are offsetting an overspend on the special observations budget within adult in-patient wards.

Learning Disabilities	Year to Date Position	Year End Outturn
		Underspend £1,038k

4.7. The underspend within Learning Disabilities is mainly due to vacancies across all areas of the service. In addition, there is an underspend on adult care packages reflective of the current client profile which will be subject to change depending on demand and the timescales for the implementation of planned adult care placements over the financial year.

Children's Services	Year to Date Position	Year End Outturn
		Underspend £513k

4.8. The underspend within Children's Services is mainly due to vacancies reflecting recruitment and retention issues across the service.

Hosted Services	Year to Date Position	Year End Outturn
	Underspend £375k	Underspend £563k

4.9. The underspend in Hosted Services is mainly due to vacancies within the Primary Care and Podiatry Services.

Prescribing	Year to Date Position	Year End Outturn
	Overspend (£633k)	Overspend (£950k)

4.10. As previously reported, this projected overspend reflects prescribing volumes now being on par with those experienced prior to the pandemic, as well as an unprecedented number of items being on short supply and, a number of issues currently impacting on the price of drugs including:

- limitations in manufacturing capacity due to COVID-19, War in Ukraine, lockdowns in Far East, staffing shortages
- ongoing issues with availability and cost of card and cardboard packaging
- ongoing issues with raw materials
- manufacturing processes
- increased testing for excipients in the manufacturing process
- increased shipping costs (fuel and containers - delays and strikes at ports in England)

The following tables illustrate the impact of the above over the past few months both in terms of volume and average cost per item which has risen from £10.14 in April to £10.78 in August, and the fluctuation in prices of specific drugs which are on short supply.

## 5. Responding to the COVID-19 Pandemic

5.1. Throughout 2021/22 the Local Mobilisation Plan (LMP) Covid-19 financial tracker was submitted quarterly to the Scottish Government, however in 2022/23 this has reverted to a monthly submission, to allow close monitoring of the impact of Covid Cost Improvement Programmes.

5.2. The following table summarises the expenditure which the HSCP has incurred to date and an estimate of future commitments for 2022/23. To date (in 2022/23) £1,782k has been spent responding to COVID-19, of which £380k relates to health services and, £1,402k relates to adult social care services.

Total Estimated Costs at 09/12/22

5.3. Funding of costs associated with COVID-19, for services delegated to the IJB, is routed through NHSGGC, and passed through to the IJB. In total, additional funding of £17.243m was received in 2021/22 reflecting funding in advance of need which is currently held in an earmarked reserve to address COVID-19 expenditure commitments in 2022/23.

5.4. As detailed in the following table the opening earmarked COVID-19 reserve was £17.242m.

Confirmed Funding Sources to Support the HSCP's COVID-19 Response	Funding c/f Earmarked Reserves £000's	New funding received 2022/23 £000's	Anticipated Funding Required 2022/23 £000's	Estimated Costs @ 16/09/22 £000's	Remaining Balance £000's

<b>Total</b>	<b>17,242</b>	<b>0</b>	<b>0</b>	<b>3,120</b>	<b>14,122</b>

5.5. Currently, we are projecting that expenditure in 2022/23 will be £3.120m leaving a projected remaining balance of £14.122m.

5.6. As highlighted in the Chief Finance Officer's report to the IJB on 25 November the Scottish Government wrote to IJB Chief Officers and Chief Finance Officers to intimate their intention to reclaim surplus Covid19 reserves to be redistributed

across the sector to meet current Covid19 priorities. At this stage, the details in relation to process, values and timescale have not yet been confirmed.

## 6. Scottish Government Funding 2022/23

- 6.1. As highlighted in para 1.8 we have not yet received a number of ring-fenced allocations from the Scottish Government in respect of specific Scottish Government priorities. It is therefore not yet clear how the in-year budget will be impacted and what conditions will be attached to the funding when it is received, including whether it will be recurring or non-recurring.
- 6.2. Regular returns are submitted to the relevant Scottish Government policy team on our progress of delivering on these programmes. These include updates on our spending profile, workforce, and delivery of stated outcomes.
- 6.3. The 2022/23 allocations received to date for the: Primary Care Improvement Fund (PCIF); Mental Health Action 15 (Action 15) and Alcohol and Drug Partnership (ADP) are summarised in Appendix 7.

## 7. Other Delegated Services

- 7.1. The following table shows the costs of other Renfrewshire Council services delegated to the IJB. Under the 2014 Act, the IJB is accountable for these services, however, these continue to be delivered by Renfrewshire Council. Renfrewshire HSCP monitors the delivery of these services on behalf of the IJB.
- 7.2. The Projected outturn position to 31 March 2022 is an overspend of £102k.

Client Group	Annual Budget £000's	Projection to Year End £000's	Variance £000's	%	
Housing Adaptations	829	931	(102)	-12%	overspend
Women's Aid	239	239	-	0%	breakeven
Grant Funding for Women's Aid	-	-	-	0%	breakeven
<b>NET EXPENDITURE</b>	<b>1,068</b>	<b>1,170</b>	<b>(102)</b>	<b>-12%</b>	<b>overspend</b>

## 8. Reserves

- 8.1. It is essential for the long-term financial stability and the sustainability of the IJB that sufficient funds are held in reserve to manage unanticipated pressures from year to year. The requirement for financial reserves is acknowledged in statute and is part of a range of measures in place to ensure that s106 public bodies do not over-commit themselves financially.
- 8.2. The opening IJB reserves position for 2022/23 was £51,049k comprising:
- COVID-19 Funding £17,242k;
  - Scottish Government Ring Fenced Monies £15,510k;
  - Grant Funding £534k and
  - IJB Earmarked Reserves £11,982k.

The remaining balance of £5,781k is general reserves which are not held to meet any specific liability and offer the IJB some flexibility to deal with unforeseen events or emergencies. These reserves are considered appropriate to the level of risk faced by the organisation and equate to c2% of the IJB's net

budget (including set aside), bringing this in line with the targeted 2% in the IJB's Reserve Policy.

- 8.3. As detailed in Appendix 8 and paragraph 4.3, based on current projections for 2022/23 a total of £7.546m of earmarked reserves have been drawn down to date.
- 8.4. Members are reminded that the Scottish Government agreed a flexible funding approach for a number of specific projects and government priorities whereby these reserves are accessed first before any further funding is released. This includes Mental Health, Primary Care and Alcohol and Drugs services. These will be drawn down in line with the flexible funding approach agreed with the Scottish Government.
- 8.5. As highlighted previously to members in relation to PCIP and ADP, the Scottish Government has confirmed that IJBs must draw down these reserves in the first instance and will only receive additional funding for their investment programme once this has been fully utilised. Overall funding will therefore be restricted to the reserves plus the difference between the original annual funding allocation and those reserve balances (an overall reduction in this year's assumed available funding).
- 8.6. In addition to the Scottish Government's funding changes to PCIP and ADP funding, there are also anticipated restrictions in other funding streams including Mental Health Action 15. This means a significant portion of Committed Reserves will be utilised during 2022/23.
