**To:               JOHNSTONE & VILLAGES LOCAL AREA COMMITTEE**

**On:               8 JUNE 2017**

---

**Report by:     DIRECTOR OF COMMUNITY RESOURCES**

---

**Heading:       COMMUNITY SAFETY & PUBLIC PROTECTION,  
                      PROGRESS UPDATE**

---

## **1.     Summary**

1.1     This report provides a progress update for quarter 4 of 2016/2017 on activities the Renfrewshire Community Safety Partnership has carried out in the Johnstone & Villages area. A number of community planning partners have provided statistical information, including: Police Scotland; Scottish Fire & Rescue Service; and Renfrewshire Community Safety Partnership. The report includes information on:

- Paisley North community safety statistics;
  - Environmental enforcement and improvement activities;
  - Protecting vulnerable residents;
  - Building safer communities;
  - A spotlight on the Renfrewshire Alcohol and Drug Partnership.
- 

## **2.     Recommendations**

2.1     It is recommended that the Local Area Committee notes the content of this progress update report for Quarter 4, 2016/2017 (1 January to 31<sup>st</sup> March 2017).

---

### 3. Focus on Johnstone and Villages

- 3.1 The table below details the number of incidents reported within the Johnstone & Villages Local Area during Quarter 4, 2016/17 (January to March 2017). The Renfrewshire Community Safety Partnership continues to target resources into identified hotspot areas.

Incidents Reported	Q4 2015/16		Q4 2016/17	
	Ward 7	Ward 8	Ward 7	Ward 8
Serious Violent Crime	3	6	5	4
Minor Assault	17	24	24	18
Drug Crime	12	42	9	47
Disorder and Anti Social Behaviour (ASB) (number of calls)	178	175	194	160
Vandalism	27	30	32	22

- 3.2 The incidents reported above are obtained directly from the Police Database (Storm) with many discussed as part of the Daily Tasking meetings. The information gathered allows early intervention and quick resolution to incidents.
- 3.3 From previous years, the Community Safety Partnership often see a pattern with regards to complaints in relation to anti-social behaviour, with an increase from Easter (light nights) through to the end of Summer time and then there is seen to be a decline over the darker nights.
- 3.4 Ward 7: Increases were noted across four of the five crime/incident types during Q4 of 2016/17 in comparison to the corresponding quarter of 2015/16, with only drug crimes reducing. Serious violent crime increased slightly however remains at a very low overall level with five incidents recorded, none of which were linked by victim or location. Minor assaults, disorder and anti-social behaviour, and crimes of vandalism also increased, all of which only by a small number of incidents. It was noted that the small increase in anti-social behaviour and disorder incidents was primarily linked to an increase within disturbance calls, with peak days and times identified as Sundays between 2200hrs and 2300hrs.
- 3.5 Ward 8: Reductions were noted across four of the five incident types during the quarterly reporting period, with a small increase noted within drug crimes. Further analysis identified that the majority of incidents related to possession of user amounts of cannabis. The actual increase in reported incidents is relatively small and would therefore only be of greater concern if a quantity of new drug types were emerging.

#### **Renfrewshire Wardens' Antisocial Behaviour Calls**

- 3.6 90 antisocial behaviour calls were directly received by the Renfrewshire Wardens' service for the Johnstone and Villages LAC area during 1 January – 31 March 2017. This is an increase compared to the corresponding period in 2016. It should be noted that several of the calls to Wardens will also have been reported to Police Scotland

and will be included within the statistics detailed in paragraph 3.1 above. 655 patrols took place within the Johnstone and Villages LAC area, many in response to these calls. The antisocial behaviour calls made to the Wardens assist the Community Safety Partnership in responding to and directing resources across Renfrewshire.

### Noise Enforcement

- 3.7 During 1 January – 31 March 2017, the number of calls to the Noise Team remained at a similar level compared to the same period last year. However, the number of Warning Notices issued has reduced by 50%. The Noise Team has worked with its community safety partners and operated extended hours until 4am on Fridays and Saturdays since 2014. These working practises have established an excellent service with a history of successfully resolving noise complaints.

## 4 Environmental Enforcement and Improvements

### Vehicle Emissions Testing

- 4.1 This bi-annual event took place during March 2017. The Renfrewshire Wardens, working in partnership with Licensing Officers and Police Scotland, carried out emissions testing on light vehicles entering Air Quality Management Areas in the town centres of Johnstone (15 & 16 March) and Renfrew (23 & 24 March). 696 vehicles were tested including 35 taxis and private-hire vehicles, with only 1 fail resulting in the issuing of a Fixed Penalty Notice to the driver. Although detection was very low for emissions this year, other offences were identified. This resulted in the following: 1 male was arrested for drunk driving, a young driver was reported to the Procurator Fiscal for possession of drugs, 1 private hire taxi was immediately suspended from operating due to an illegal tyre tread and 3 warnings were issued due to minor defects.

### **2017 School Parking Safety and Idling Initiative**

- 4.2 This campaign aims to make drivers aware of the dangers of parking illegally or inconsiderately near schools and the threat that idling engines can pose to children's health. Following on from our campaign of 2015-16 where 18,894 text messages were sent to parents/guardians, combined with thousands of leaflets distributed to drivers, this year's campaign aims to be equally successful. A further 10 schools have been identified to be part of the 2017 School Parking Safety and Idling Initiative. Banners highlighting the issues relating to engine idling and dangerous parking were erected outside these schools and wardens patrolled during key times to reinforce the messages during February-June 2017. Information was also communicated through the Council's website, text alerts, school newsletters, leaflets and local media. This action supported wider activities relating to road safety carried out at schools across Renfrewshire.

### **Secondary Schools Litter Initiative**

- 4.3 Community Resources has received multiple complaints regarding issues of litter generated by the pupils from local high schools at lunchtimes and after school. A variety of shops near the schools offer hot food which pupils use regularly. Renfrewshire Council do not enforce littering on juveniles. However, the Community Safety Partnership together with local schools have implemented a joint action plan during March 2017:

- Areas surrounding the schools were cleaned by Streetscene and the Community Payback Team;
- The Community Safety Youth Team addressed school assemblies regarding pupils' behaviour outside school grounds;
- Litter picks by the school pupils were arranged by the Youth Team with equipment supplied by the wardens;
- Wardens regularly patrolled the local areas and challenged any unacceptable behaviours they observed involving pupils and captured the interaction using body worn video. Footage was forwarded to the schools for follow up action.

### **DVLA Audit of Abandoned Vehicle Procedures**

- 4.4 Renfrewshire Council received over 300 reports of abandoned vehicles in 2016/17. However, after investigation less than 10% of these vehicles were officially categorised as abandoned. There are strict criteria to assess if a vehicle is abandoned and this can include (but is not limited to) flat tyres or removed wheels, smashed windscreens or windows, missing number plates or graffiti. Most of the complaints related to cars that had not moved for a time period and were untaxed, however, they were not deemed to be abandoned once inspected. The DVLA enforce cars that are untaxed and remain on the road and complainants can check on the DVLA website to see if a car is untaxed.
- 4.5 To assist in the delivery of the service, the Council website has been updated to provide more information to the public as to what constitutes an abandoned vehicle. One issue is that many of the complaints were anonymous which resulted in the Council being unable to advise why they were not abandoned and therefore there

were numerous repeat callers. This has been rectified and now to report an abandoned vehicle, the complainer must leave contact details to allow Renfrewshire Council to respond.

- 4.6 The Renfrewshire Wardens Service was externally audited by the DVLA Data Sharing Assurance Team in December 2016. The purpose of this audit was to confirm that the Council was recording and investigating abandoned vehicles to the required DVLA standards. In January 2017, Renfrewshire Council received an overall audit rating of 'Green', which demonstrates a high level of compliance. This allows the Renfrewshire Wardens continued access to DVLA vehicle keeper data which helps to identify abandoned vehicles at the earliest point in the process.

## **5 Protecting Vulnerable Residents**

### **Safe Kids**

- 5.1 Safe Kids is an annual interactive educational programme involving Renfrewshire's Community Safety Partners, delivering messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire, i.e. 1,830 pupils in total.
- 5.2 The aim of Safe Kids is to reduce the number of accidents involving young people, promote positive behaviour and eliminate risks.
- 5.3 Safe Kids was delivered at St Mirren's Paisley 2021 Stadium during February-March 2017 with pupils transported to the stadium from their respective schools. Workshops were designed to be interactive and short in length (10-12 minutes) to enable partners to get vital messages across in subject areas that can be difficult to discuss.
- 5.4 Workshops this year included - antisocial behaviour; CCTV; alcohol and drug awareness; internet safety; fire safety; litter & dog fouling and Street Stuff. Some new workshops were also included for the first time this year, including raising awareness and encouraging kids to "back the bid" for Paisley - City of Culture 2021, Who Cares Scotland raising awareness of children in the care system and working with the Council's Civil Contingencies Team, to increase awareness of how to prepare for emergency situations.

### **The Street**

- 5.5 'The Street' is an award winning drama project based in Hamilton that helps young people to address antisocial behaviour and keep themselves safe. This 20 minute drama is delivered by young people aged 14-24 with the target audience being other young people. Topics include knife crime; teenage pregnancy; domestic violence and alcohol misuse.
- 5.6 The Renfrewshire Community Safety Partnership visited the project on 2 occasions during January - February 2017, with young people who come to the attention of the Community Safety Youth Team through their involvement in youth disorder. After watching the drama, the young people attend a 1 hour workshop to assess the impact of their behaviour on themselves and their community.

### **Choices for Life**

- 5.7 Choices for Life is an innovative diversionary and educational initiative aimed at raising awareness amongst young people aged 11-18 about the dangers of substance use and misuse in relation to smoking, alcohol and drugs. It also offers online safety and advice on how to deal with negative peer pressure and provides useful resources for young people and parents, carers, teachers and youth workers at [www.choicesforlifeonline.org](http://www.choicesforlifeonline.org).
- 5.8 The 2017 Choices for Life event took place on 20 March 2017 at Johnstone Town Hall. It was attended by 120 second year pupils from Renfrewshire's Secondary Schools. This event focused on the dangers of alcohol and drugs with inputs from Police Scotland, RADAR, Scottish Fire and Rescue Service, Renfrewshire Wardens Service and Community Safety Service, Clubbercise with Active Communities and St Andrew's First Aid.

### **I Am Me/Keep Safe**

- 5.9 The I Am Me Cinebus is touring Renfrewshire primary schools to deliver a comprehensive programme which raises awareness of disability, bullying and hate crime. Over 7,000 children have participated in the programme since September 2016. The programme has been designed to complement the curriculum for excellence and a progressive lesson plan is available for each school year (from P1-P7). Feedback from nearly 3,000 participants highlights that 98% of participants have enjoyed the Cinebus visit, 99% know bullying is wrong and 96% would report an incident.
- 5.10 Disability hate crime awareness training is currently being delivered to the Scottish Prison Service. The training is being delivered, in-house, to Polmont young offenders, with excellent feedback and engagement. I Am Me staff recently delivered the training to the Scottish Prison Services Headquarters in Edinburgh and will be delivering the sessions to inmates and staff at Shotts prison in the spring.
- 5.11 Based in Renfrewshire, Keep Safe is now being rolled out in Ayrshire, with Orkney, Highlands and Islands, Stirling and West Dunbartonshire at the early stages of adopting the initiative. The Keep Safe Scotland "phone app" has now been launched and is free to download from iOS and Android. The app can be used to plan routes, highlighting all Keep Safe places and provide details including opening hours, website and telephone number. The app is linked to Police Scotland to dial 101 or 999 with an approximate location displayed allowing officers to find the app user if they are lost or in distress. A link is provided for all local authorities in Scotland, with the option to provide details for community safety events and contacts. The Keep Safe places are being linked with Police Scotland A-Z system to provide additional support, if required.

## **6. Building Safer Communities**

### **Best Bar None**

- 6.1 Best Bar None is an awards scheme which raises standards and rewards excellence for those venues that attain the award standard. This is delivered at a local level in

partnership with the industry, local authorities and Police Scotland. Community Resources' Trading Standards & Licensing Team is responsible for the local co-ordination and assessment of the scheme. Best Bar None Awards are based on core national standards relating to the five licensing objectives, which are:

- preventing crime and disorder;
- securing public safety;
- preventing public nuisance;
- protecting and improving public health; and
- protecting children from harm.

6.2 12 venues attained either gold or silver awards at the local Awards Ceremony on 12 January 2017. 7 venues were presented with awards in specialist categories such as "Best family establishment", "Most improved" or "Heart of the Community". 4 Category winners were shortlisted for categories in the Best Bar None Scotland Awards 2016-17, held at the Hilton Hotel, Glasgow on 30 March 2017. The Tartan Rose, Paisley won the Heart of the Community Award - the first ever National Best Bar None Award for a Renfrewshire venue.

## **7. Strategic Police Priorities**

7.1 At the Housing and Community Safety Police Board on 23 August 2016, Community Resources presented the Renfrewshire Council response to the Scottish Government consultation on the Strategic Police Priorities.

7.2 The strategic priorities have now been published and are in line with Renfrewshire Council's consultation response.

7.3 The Scottish Government has now established seven strategic priorities for Police Scotland to drive their service over the coming years and these are:

- **Localism** – Ensure that the needs of local communities are understood and reflected in the planning and delivery of policing at a local and national level.
- **Inclusion** – Ensure our police service is accessible and responsive to the needs of all people in Scotland.
- **Prevention** – Ensure our police service works to protect people by preventing crime and reducing fear of crime through communication, education, innovation and partnership working.
- **Response** – Focus policing on improving the wellbeing of individuals and communities by tackling crime and responding to and investigating incidents effectively and efficiently.

- **Collaborative Working** – Ensure that our police service works productively with partners at local, national and international levels to deliver better outcomes for people in Scotland.
- **Accountability** – Continuously improve public confidence in policing and inspire trust by being transparent, accountable and acting with integrity, fairness and respect.
- **Adaptability** – Ensure our police service takes advantage of new opportunities and meets emerging threats and challenges.

7.4 Police Scotland and the Scottish Police Authority (SPA) launched a consultation on the 2026 Strategy on 27 February 2017. The Chief Constable has advised that the strategy is aimed at making police time more productive and that Police Scotland will work smarter. As part of this, Police Scotland is also introducing new Operational Area models, including across Renfrewshire from 4 April 2017. The focus of the new strategy and operational model is in line with the Strategic Police priorities above and will result in a focus on Community Policing.

## **8 Public Protection Spotlight – Renfrewshire Alcohol and Drug Partnership**

- 8.1 The Renfrewshire Alcohol and Drug Partnership (ADP) is a multi-agency group, which has strategic responsibility to review, develop and deliver local services related to the challenges associated with alcohol and drug misuse. It was established in 2009 and comprises representatives from Renfrewshire Health & Social Care Partnership, Engage Renfrewshire, Police Scotland, Scottish Fire & Rescue Services, Scottish Prison Service and Job Centre Plus.
- 8.2 Renfrewshire Alcohol and Drug Partnership's vision is to ensure that individuals will achieve and sustain recovery from their alcohol and drug use and become contributing members of society.
- 8.3 Renfrewshire Alcohol and Drug Partnership is responsible for reporting outcomes in their Annual Report (latest 2015/16). The annual report also includes core and local indicators, many of which demonstrate an improving trend.
- 8.4 Renfrewshire ADP has a drug death action plan which outlines key priorities for preventing deaths. Key areas include investigating all drug related deaths and trends and reviewing any areas for intervention. Recent data shows that there were 19 drug related deaths in Renfrewshire in 2015. This represents a 37% decrease compared with 2014 and is in contrast with many other areas of Scotland which experienced a 15% increase.
- 8.5 In the last year, over 98% of individuals in Renfrewshire waited no more than 3 weeks for treatment, which is better than the Scotland wide figure of 96% for alcohol and 93.7% for Drugs. Renfrewshire has consistently exceeded the local target of

91.5% during 2016/17. Improvements seen in waiting times for drug and alcohol services have made services more accessible and increased the numbers attending.

8.6 Renfrewshire's Alcohol and Drug Partnership's 2016/17 developments include:

- Implementation of the Scottish Government's Quality Principles which include a detailed self-assessment, and an evidence informed programme of work to support and improve service performance;
- Recruitment of a Licensing Intern who will work with communities to enhance their involvement in the Licensing process;
- Recruitment of a Recovery Development worker to enhance the work related to recovery from drug and alcohol problems in Renfrewshire;
- Funding of the Safe Bus, which seeks to support people who are at risk during the Festive period (Fridays & Saturdays nights in December). The Safe Bus provides a safe environment for anyone who may be vulnerable as a result of being intoxicated, injured or separated from their fellow revellers;
- The continuation of the National Naloxone Programme which aims to prevent drug related deaths. Naloxone is a potentially lifesaving drug which can temporarily reverse the symptoms of overdose. Training is offered on how to administer Naloxone and basic lifesaving skills including Cardio-pulmonary Resuscitation (CPR);
- A Training Needs Analysis is being conducted which seeks to identify training needs amongst staff working in addiction services and other key practitioners. This will inform future workforce development priorities for the partnership;
- Implementation of Peer to Peer programme, which offers training and a recognised qualification for people in Recovery from alcohol and drug use which will allow them the skills to become Peer Support workers.

## **1. Summary**

- 1.1 Street Stuff has been delivering activities in Renfrewshire since 2009, during which the programme has contributed to delivering a sustained reduction in reported youth disorder and anti social behaviour. Across Renfrewshire a 75% reduction in youth disorder and anti social behaviour was achieved in the first 5 years of the programme and a further 42% increase in participation levels has been seen over the past 3 years. Over 43,000 participants took part during 2016/17, an increase of 5000 from the previous year. The programme now offers a range of activities such as football, dance, cheerleading, clubbercise, gaming, DJ workshops, filming and much more.
- 1.2 In 2016/17, supported by the Tackling Poverty Commission, Street Stuff replaced 5 container boxes with 5 buses equipped with playstations and Xboxes. The last two buses were further supported by Paisley 2021 linking in with community engagement intended to take cultural and media experiences to all Renfrewshire communities. Following consultation, the buses were designed both internally and externally by Street Stuff participants to include ipads, macbooks and DJ decks as well as a fresh new vibrant exterior. Free Wi-Fi is also to be installed very soon following discussion with young people. The buses give flexibility in providing activities across wider areas in Renfrewshire as well as supporting events, gala days and community engagement related to the Paisley 2021 Bid.
- 1.3 The success of the programme relies on its ability to respond quickly to hot spot areas identified through collaborative working supported by Renfrewshire Community Safety Partnership. Being evidence led, and by responding early through the daily

tasking process, the service is able to divert young people effectively from anti social behaviour into more meaningful activities.

- 1.4 The success of the programme in delivering life changing outcomes for residents is demonstrated by the fact that previous participants in the programme have gone onto become volunteers in the programme. Some participants (sessional workers) in the programme have used their experiences to support entry into further and Higher Education as well as careers in Police Scotland and the Scottish Fire and Rescue service and as teachers.
- 1.5 This report confirms the development and expansion of the Street Stuff programme through the 2016/17 financial year and highlights some of the additional projects linked with the core programme that have further improved its reach and effectiveness across Renfrewshire.
- 1.6 Over the previous years, opportunities have been available for each Local Area Committee (LAC) to consider funding additional activities within their LAC area. This funding would facilitate additional sessions delivered within communities not identified at a Renfrewshire level as hotspot areas but that the local communities feel would benefit from this type of programme. Given the scale of the core programme, it is requested that a contribution of £5,000 per LAC area should be considered, which would contribute to the costs of delivery of up to two activity sessions per week within the LAC area through the peak summer, autumn, and spring months as well as attendance at local gala days and fetes.

---

## **2. Recommendation**

It is recommended that the Local Area Committee:

- 2.1 Note the continued development of the StreetStuff Programme as detailed in this report; and
- 2.2 Consider the provision of £5,000 grant to the Street Stuff Programme for 2017/2018 to contribute towards the costs of additional activity sessions within the LAC area including attendance at local gala days and fetes.

---

## **3. Background and Further Information on the Programme**

- 3.1 Street Stuff provides a range of activities primarily in the evenings and at weekends across Renfrewshire. Effective targeting and identification of the activities is delivered using information and data controlled by the Renfrewshire Community Safety Partnership including Police data that highlights the days, times and locations of incidents of youth disorder and anti-social behaviour.
- 3.2 The table below summarises the number of sessions delivered during 2016/17 and recorded attendance figures within each local committee area including events, gala

days and fetes supported by funding from LACs and events and activities supported by the Paisley 2021 Bid Team.

## **General**

3.3 Street Stuff became an active partner of the Paisley 2021 Bid Team during 2016/17. The key objective being to engage with young people raising awareness of cultural activities, and what it would mean for Paisley to win City of Culture in 2021. The partnership has grown from strength to strength and has opened up a range of opportunities that Street Stuff participants would not normally get the chance to participate in. Whilst the list is not exhaustive, Street Stuff Dance and the new buses have featured in a number of key events over the year including:

- Smashot Day – Young People got involved in the parade, some participating in dance with others involved with the parachutes and the parade itself. Tuition for this event was provided by an organisation called 'Walk the Plank'. The Young People had a fantastic time in what was an amazing day.
- Renfrew Gala Day – Young People from Kirklandneuk and Glenburn performed a few of their dance routines at the gala day. The bus was also in Robertson Park with activities being well received.
- Pipe Band Festival - The Youth Bus supported the Pipe band championships at St James Park which was well received by those who travelled far and wide to be at this prestigious event. Coaching staff also took this opportunity to get the Paisley 2021 message out and encourage support for the bid to be City of Culture 2021.
- Halloween Parade – Street Stuff young people were involved in this year's parade. The dancers performed a routine based on the Paisley pattern outside Paisley Abbey at the event on both nights.
- Fair Trade Day, Paisley Methodist church – Due to the success of performances at other events, Street Stuff young people were invited to perform routines in the church as part of the Fairtrade day. Performances were well received by those attending the event.
- Summer Holiday Dance Show – Young people from across Renfrewshire performed in a dance show in Glenburn community centre displaying dance moves including singing and acting. The show was a great success with over 150 parents attending and having the ability to see how far Street Stuff Dance has come over the last couple of years.

3.4 ROCCO Business Awards Ceremony – In November 2016, the Renfrewshire Chamber of Commerce chose Street Stuff Culture Buses as one of their Charity Programmes at the Normandy Hotel and awarded £3000 to further develop the buses in the new financial year. As part of this process two Street Stuff Coaches were invited to speak at the awards ceremony to talk about their Street Stuff Journey and what it meant for them to be involved in the development of the buses and new cultural activities.

- 3.5 Street Stuff Annual Football Festival – The annual festival event held in May 2016 hosting around 500 young people from across Renfrewshire. This year's event was also enhanced with additional activities including the Youth Buses and dance classes being provided.
- 3.6 Football Beyond Borders – A group of young people from London visited Street Stuff during the summer holidays. The annual visit, which saw the group returning to Lapwing Lodge for the second year running toured different football grounds over the course of the week. A football tournament was arranged for the visitors at St Mirren Training Ground.

### **Volunteering, Training & Employability**

- 3.7 The ongoing development of the Street Stuff programme has continued to provide volunteering and employment opportunities. Nine new volunteers were recruited with two of the existing trainees receiving the Saltire Summit Awards for volunteering above and beyond expectations and completing over 200 volunteering hours within the programme.
- 3.8 A further positive outcome for the programme is the increase in the percentage of staff delivering activities who have participated, volunteered and live in the Renfrewshire Area rising from 50% to 77% over the course of the year.
- 3.9 Two of the four trainees recruited through the Tackling Poverty programme are now employed by Street Stuff to deliver Dance Sessions and drive the new buses. The other two trainees have moved on to positive destinations with Skills Development Scotland and Hairdressing. Other coaches within the programme have also moved on to positive destinations with one setting up their own dance schools and another progressing to University to complete a degree in Sports Leadership.
- 3.10 University West of Scotland - Street Stuff has been working with the University West of Scotland to provide placements for 2<sup>nd</sup> year students within the programme. Work experience placements with young people from local schools and colleges across Renfrewshire have also been popular this year with over 12 placements being provided.
- 3.11 At the ROCCO awards in November 2016 two coaches spoke to over 500 people about their own experience of being a participant in the programme, progressing to become volunteers and with support from Street Stuff progressing to study an HND in Sports Leadership at West College Scotland and now employed by Street Stuff on a sessional basis. They explained their roles within Street Stuff highlighting that they wouldn't be where they are now if it wasn't for the programme. They also highlighted how much they enjoyed the consultation and community engagement with young people on the development of the new buses and being able to see the end product with the buses now on the street.
- 3.12 Street Stuff continued their support at the annual Safe Kids event held in February/March 2017 at the St Mirren Paisley 2021 Stadium. Safe Kids is an annual

interactive educational programme involving Renfrewshire's Community Safety Partners, delivering messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire, i.e. 1,830 pupils in total. The aim of Safe Kids is to reduce the number of accidents involving young people, promote positive behaviour and eliminate risks.

- 3.13 Pupils are transported to the stadium from their respective schools and attend workshops designed to be interactive and short in length (10-12 minutes) to enable partners to get vital messages across in subject areas that can be difficult to discuss. Workshops this year included - antisocial behaviour; CCTV; alcohol and drug awareness; internet safety; fire safety; litter & dog fouling and Street Stuff. Some new workshops were also included for the first time this year, including raising awareness and encouraging kids to "back the bid" for Paisley - City of Culture 2021 and working with the Council's Civil Contingencies Team, to increase awareness of how to prepare for emergency situations.
- 3.14 All P6 pupils from across Renfrewshire who attended the event were given the opportunity to attend a St Mirren match with a parent free of charge. Around 800 people attended the match against Queen of the South in March.

#### **Holiday/Festive and other Programmes**

- 3.15 The Street Stuff Holiday Programme delivered an extended programme of activities during the school holiday periods throughout 2016/17 including the provision of a healthy meal. Over 16,000 healthy meals have now been provided at activities since the extended programme began in October 2015.
- 3.16 All five Local Area Committees benefited from this additional funding with local holiday camps being provided at some point throughout the course of the year.
- 3.17 A key feature of 2016 was the Festive programme delivered over the 2 week Christmas shut down period with over 500 recorded attendances of young people from all over Renfrewshire.
- 3.18 Over and above the normal delivery of activities and provision of a healthy meal, a special Christmas Party was held with over 100 young people in attendance. A Christmas Dinner was served with gifts, selection boxes, games and quizzes taking place. Street Stuff Dance displayed their routines with a DJ mixing the latest songs and providing workshops for the young people to participate in.
- 3.19 Chief Executive award – To finish another successful year, Street Stuff was recognised for their efforts by winning the Chief Executive's "Place Award" for making Renfrewshire a better place to live in, work and visit.
- 3.20 The popularity of the programme is clear however, in previous years, LAC areas have been keen to ensure that a wider range of communities and young people benefit from the activities offered and have funded additional sessions specifically to address hotspot areas within their own communities. Given the continued success of

the programme in terms of sessions delivered and recorded attendances in each LAC area and the wider opportunities available to young people, we would welcome the continued support from the LACs with the allocation of £5,000 during 2016/17. This would enable the programme to continue to provide additional sessions/activities each week within the LAC area as well as secure attendance at relevant local gala days and fetes.

It shall include requested equipment for complex needs. The equipment will be placed in Shanks Park, which can be accessed at all times by families and or children and young people, including any disabilities. This will increase the number of people using Shanks Park as a community venue for family activities.</p> <p>At present the outdoor equipment in Shanks Park is totally unusable. We have had children and young people and their parents mention at events we have held in the Park about the lack of decent, safe and updated play equipment. We have also been asked by families with children who have access issues, how they would go about accessing funding so that they can get equipment for their children. We have also held very informal discussions with our members and young people on equipment choices.</p> <p>The project will locate different types of outdoor equipment in Shanks Park. This equipment will be accessible to all, and at all times. It will increase the number of children getting out and being active. This will over time improve their health and well-being. But it will also give them a sense of community ownership and responsibility, as they see the equipment they picked and asked money for going up in their local area. Shanks Park will once again become the focal point for activities. Children and young people more able to access outdoor play equipment. Play equipment being more inclusive and responding to the needs of children with mobility</p>

We provide care for 24 children per day Monday to Friday and have employed 4 local people. We share a classroom in St Anthony's School. We now need outside storage and outside play equipment. The unfortunate liquidation of the former "Weans World" resulted in child care being the focus of the local councillors, families and children that were affected. KLAS Care is now operating to a full capacity serving out of school care to St Anthony's, Fordbank, Cochran Castle and Thorn Primary School. We want to expand the children's education by increasing their social skills; play is a simple but effective way of doing this. We are sharing space including storage in the school, as the business is growing this is becoming an issue. In order to keep the positive relationship with the teachers and Head teachers of St Anthony's we need to find a solution to the storage problem and expand on the equipment for the children. In particular the outdoor play equipment which will encourage team games and inclusive play time. Indoor equipment such as Science and engineering will widen the children's knowledge. Children are healthier and learn to take turns and interact with different ages and stages of play strategies. Staff are using their knowledge and prior training to engage positively with the children. A storage container and storage boxes allows for more interactive play, we can store outdoor play equipment on site which makes everything more accessible for all to use.</p>

How much grant funding are you seeking?	2.10	£ 10,000.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The Scottish Government is aware of the importance of outdoor interaction &amp; the positive impact it has on a child's early years. A huge part of promoting the importance of play is giving care services the confidence to provide good quality play opportunity's. At the nursery we pride ourself with providing such an environment but we are looking for extra funding to further develop the outdoor area at the nursery. Our goal is to resurface the play-area &amp; improve on the current outdoor equipment. Reading documentation by SMP for Children &amp; Young People &amp; the Care Inspectorate publication of 'My World Outdoors'. Which both demonstrate the importance of outdoor learning &amp; the ability to allow children to learn from trial &amp; error, falling &amp; getting up, develops their coping strategies and resilience. This lead to re-evaluate our current outdoor space. The Outcome was that it would be beneficial to lay a safer surface to maximise the children's outdoor time, no matter the Scottish Weather. The project will employ a professional company, with a vast portfolio of laying safe child friendly surfaces. In keeping with the nurseries philosophy for high standards and providing a safe environment for the children to learn. Provide the children with a safer environment to learn &amp; play. Increase the use of a vital area within the nursery by replacing the outdoor surface with a better quality material that meets the requirements of BS 7188:1998a. (Please use a separate sheet if required)	2.3  2.9	<p>For the Rangers &amp; Guides to take part in a range of adventurous and fun activities that will help them explore the challenges facing the world, inspire them to make a difference, reflect on the Guide Promise and think about how they can contribute to raising awareness amongst others in their own communities. This will also raise awareness about global issues looking at disaster relief, hunger, environment, personal safety and human rights. The activities in our programme follow an Educational Framework and are structured around five key elements. This structure ensures that we all support girls and young women to reach their fullest potential in a consistent way. We're part of a truly global movement so Girlguiding can offer its members a huge range of amazing adventures and life skills so the opportunity to camp with over 7000 Guides and Scouts from all over the world will be a once in a lifetime adventure. Local Guides &amp; Rangers will benefit from getting an opportunity not given to many to experience International Guiding. They will be able to bring back to the local people a new enthusiasm for the out of doors. It is also hoped that they will present talks to local groups about their experiences and encourage more youths to explore the out of doors, improve teamwork, communication &amp; self reliance. Becoming a valuable member of the community. The achievement from this event is the active participation of the Guides in the sporting &amp; outdoor activities which will lead to a healthier lifestyle. It will encourage them to try new things and show that exercise &amp; the outdoors can be fun. They will also develop self reliance and teamwork along with a passion for global awareness. All skills gained will be passed on to siblings and peers and will encourage future generations with these skills.</p>

What does your Organisation/Group do?	1.10	To establish a sustainable lifestyle community garden in Lochwinnoch. To promote the ideals of recycling, sustainability, education and local community involvement within Lochwinnoch.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Johnstone & The Villages  LAC Applying to: Johnstone & The Villages	
How much grant funding are you seeking?	2.10	£ 2,528.95	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The Lochwinnoch sustainable community garden flourished and was a beautiful and beneficial community resource. Unfortunately due to illness and other issues over the last 3 years there has been no meaningful involvement by the community. After a successful flower planting event a number of residents have reinstated a committee to re-establish the garden along with support from the Parish Church (Where the garden is situated). Much of the fabric and material has disintegrated and or is unusable. This grant will help the group get the garden up and running again. The need for the grant was established by an evaluation by two members of the group who are involved with horticulture and garden ventures. Although we will operate with mostly volunteering workforces it was identified that much of the the fabric would need replaced. The grant will specifically be used to replace the polytunnel as the main growing area. In addition, initial growing materials including compost plants and seeds will be purchased. Our outcomes aim to involve as many lochwinnoch resident to reengage with the garden and make use of the facility. We hope that a number will use the garden to grow their own healthy vegetables. As a local facility we would like the garden to be a haven for people to enjoy the beauty of flowers and nature. We hope to use the garden to produce and grow our own annual flowers to be displayed in the 50 large containers generously donated to the village by Renfrewshire council

Much of the content is contributed by members of the community. Lochwinnoch benefits from having many groups and organisations. Three churches, a number of businesses and shops. Plus a rich historical heritage. We have in place a trust deed, a business bank account and secure insurance. The whole newsletter can also be read on the Lochwinnoch Village Website. Barbara our editor is the webmaster. Chatterbox also has a Facebook page. The newsletter began in 1993 as an A4 sheet and was produced by two volunteers who were known as Lochwinnoch Publicity Group. Over the last 7 years with the present team it has grown to be a publication of 20 pages (at times 24). 4 in colour. (at times 8). All down to its popularity and success. Many colour photos are submitted monthly. We make every effort to make Chatterbox as interesting as possible. Continued improvement. Content is submitted by village organisations, businesses, clubs and local councillors. RSPB, CMRP, Castle Semple Loch, St Vincent's Hospice, Library, Lochbarr Leisure, school, churches, local surgery etc. A free feature highlighting one shop/business monthly Items of historical interest, mainly village social and economic history. Health and wellbeing. Software update to ensure publishing quality is maintained or improved. Advertising flyers to promote our advertising capabilities to local businesses therefore improving profit margins and ultimately give more back to the local community in funding for organisations and groups. Occasional extra colour pages. Office supplies - ink/paper/stamps etc. Hosting fee for our website. Continued success. Chatterbox is eagerly anticipated each</p>	

		month. Each volunteer has a specific job, With all doing proof reading. We are always on the lookout for new ideas and items. The centre pages are dedicated to regular days and times for what's on in clubs and organisations. The other page to upcoming events. Last year we planned a junior journalism award, however due to circumstances within the local school this was not possible to implement. This it has been decided to limit the award specifically to the local primary school. One member of our team is working on that. Another is working with the school and one of the local councillors on a project highlighting village industrial history.

(Please use a separate sheet if required)	2.3  2.9	<p>Purchase of sheet music and to provide honoraria for at least two singers from the Royal Conservatoire of Scotland to work with the Singers for a season. The Kilbarchan Singers feel it is important for young people starting out in a singing career to have the opportunity to work with an established choir, expanding their repertoire both as a member of a choir or chorus and as soloists. The Kilbarchan Singers need to keep up with new music and compilations of music which become available on a regular basis. New music and compilations are identified by our Musical Director and will be purchased by our librarian. We will provide honoraria for at least two students from the Royal Conservatoire of Scotland to assist them in working with us. The Kilbarchan Singers will add to cultural and musical life in Renfrewshire, both for the Singers and our audiences. Singing improves breathing and lung capacity and posture. Singing and performing improves self-esteem and builds confidence in the individual. The Singers gives our members a challenge, performing difficult repertoire, and the enjoyment of performing on a regular and ongoing basis.</p>	
What is your group's current bank balance?	1.14	11,114.04	
Are there any significant items of expenditure to be set against this bank balance?	1.14	<p>Yes We try to retain a reserve of 100% of our annual turnover to cover any unexpected shortfall in income. £2600 is identified for honoraria, additional music and rehearsal accommodation. A further £2800 of designated fund is identified towards a concert tour in May.</p>

The Forum organises social and cultural activities to encourage thinking and learning. To have a say and influence in the community. Also to keep active physically and mentally to look after their general health and to socialise and have fun. Being within a group it is easier to campaign on issues which are important to them. Also to ensure that facilities and services both mental and physical are available in our area. It was realised more than a decade ago that the then existing forum could be greatly improved upon. This by the inclusion of many more activities to get older people out and about and involved. We now feel that this has been achieved and we wish to maintain this. There is a members' monthly meeting attended by our three local councillors. Visiting speakers are invited to talk on a wide variety of subjects. Welfare, medical, historical, environmental issues etc. Issues are raised with the councillors who do what they can to resolve these. There is a good success rate. We run a Tbar where for £1 on a Tuesday morning in The McKillop a crowd gathers for tea, coffee, biscuits and a chat. This is very popular and provides a small income. A craft/sewing class meets on Tuesday afternoon. Also popular. This group has a lunch out twice yearly. A charge of £3 weekly. Bus outings are arranged and lunches to celebrate St Andrews Day and Burns. To continue as we have been doing and to investigate further possibilities.</p>	

		Many attend the ROAR lunch club on Thursdays which is followed by an exercise class. Following the lunch ROAR usually provides either a quiz, talk, visiting speaker, hand and head massage and Tai Chi. The ROAR lunch club is staffed by two teams of Forum members who volunteer to serve and to clear up afterwards. ROAR also runs two bus outings annually. We work well with ROAR and appreciate all they do for us.

(Please use a separate sheet if required)	2.3  2.9	To seek funding for the Annual New Year's Day Dance on Monday 1st January 2018. The project is needed to ensure the continuance of the annual New Year's Day Dance for the benefit of the community. The committee agreed that, with rising hall hire costs, funding is required to ensure this annual dance continues for the benefit and enjoyment of the whole community. It will enable the committee to lay on a village event and be able to meet the cost of the hall hire. It will bring together, all in the community, to celebrate the start of the new year. Local people of all ages and abilities can come together for an enjoyable event. Those attending can enjoy a community based event and choose which good causes and local groups can benefit from surplus donations via raffles on the night.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	<p>2.3</p> <p>2.9</p>	<p>The purpose of the project is to obtain Christmas Lights for the centre of the village of Howwood. Each year the village has a 'Christmas Light Switch On' event. This is extremely popular and always has a large turnout. However, when the lights are switched on, there is always an air of disappointment, as the existing lights are minimal, particularly in comparison with all of the surrounding villages including Lochwinnoch, Kilbarchan, Bridge of Weir, Houston and Linwood, all of whom have far superior Christmas Lights. It was then that the need for the project was identified. A meeting took place with the Roads Department to discuss how to take the project forward, and to clarify technical and logistical issues such as purchasing, installing, maintaining and storing the lights. It was agreed that if we purchased the lights, Renfrewshire Council would install, maintain and store them. We were also provided details of approved Christmas Light suppliers. We have since met Christmas Light suppliers approved by Renfrewshire Council on site, and discussed designs, costs, delivery periods etc. Following the advice of the suppliers, it is our intention to purchase refurbished lights as the cost is around 50% of the cost of new lights. The frames are refurbished and fitted with new lights and a guarantee is provided. We feel this will give best value for money in comparison with purchasing new lights. We intend to purchase 27 Column Motifs Christmas Lights, which are fitted to lamp posts. These would be sited along the Main Street and around 'The Triangle' in the centre of the village. We are currently in the process of raising funding to</p>	

		<p>purchase the lights. Once funds have been raised, it has been agreed that we shall discuss our proposals with the Roads Department for approval. Once approved, we shall order the lights, which will be delivered to Renfrewshire Council, and these will be added to the Councils 'Festive Lighting Programme'. We're keen to update the image of the band with a new, more professional, off-stage uniform. Having taken on the responsibility for the lease of the former cadet hut in Canal Road, there are ongoing repair and maintenance challenges which the band must carry out. In 2016/2017, Johnstone Band organised a workshop and concert for school pupils. The event was really well received, and we had a superb concert which friends and family were able to attend at no charge. We'd like to make this a regular event, and build ongoing relationships with the instrumental music service and local brass pupils. The band covers day to day running costs from subscriptions and fundraising. We are overdue a uniform update, and grant funding would help us update our identity. Following some flooring repairs, the floor covering in the toilets needs to be replaced, and there is evidence of roof repairs needing to be carried out. We will organise a workshop and concert for school pupils, using funding to engage a conductor/band trainer, cover travel and accommodation costs, and hire a suitable venue, providing music and support from the band. We want to be as inclusive as possible and offer the event free of charge. We have already looked at potential uniform options and would arrange for suitable logos. We hope to replace the flooring using a local supplier</p>	

		and use a local contractor to carry out roof repairs. We expect to encourage more pupils to participate, and that they will be more aware of how they can continue to play in a brass band when they leave school. Playing in a band setting promotes team working and a sense of community, and provides opportunities to make long term friendships. Encouraging support from family and friends mean that the investment in brass tuition has a much wider return. The band will have a positive identity which will help us meet our charitable aims. Maintaining and improving the band hall means that we can provide suitable premises to allow the band to rehearse and store instruments and music.

What does your Organisation/Group do?	1.10	<p>The Society is a non political organization which dedicates itself to educate and uphold the memory of scotland's great patriotic hero, Sir William Wallace for present and future generations. We attend various commemorations important to Wallace's timeline. The Society helps to educate and also to collect data both historical and contemporary, regarding the life of legacy of Wallace. The Society runs several events on a yearly basis. The most important of these is "Wallace Day" - at Elderslie in Renfrewshire.</p>

(Please use a separate sheet if required)	2.3  2.9	<p>We hire Elderslie Village hall every year at a cost of nearly £600 and we hire a pipe band for our march from Johnstone to Elderslie Wallace Monument at a cost of £350 to celebrate the life and times of William Wallace, this march has went on for over 100 years ending in speeches at the monument and a wreath laying ceremony. We hire the hall all day in case of bad weather which we had last year, we also use the hall at night for a celebration in dance, music and speech in honour of Wallace. It's been part of local tradition ever since the monument at Elderslie was unveiled in 1912. Since then it's been looked after by various committees resulting in the formation of the society who look upon it as being guardians of a very important part of local history. We believe it raises awareness of local and international importance. The march from Johnstone to Elderslie has become an important part of local tradition, we've had many foreign visitors drop by purely to pay homage to Wallace, we've had many speakers known nationally politically and in celebrity circles also, the wreath laying ceremony is a very poignant and hopefully keeps our history alive. We have funded our march and celebration of William Wallace for over 100 years and the people of Elderslie and Johnstone always come out and join us and we believe it's an important event in the Renfrewshire calendar which should continue for many years to come. A successful day</p>	

		<p>enjoyed by young and old, awareness of some local history that some folk might not have been aware of. We will have helped spread the word in a day of celebration on all things Wallace in a fun and colourful day without being too stuffy about it all. Hopefully more of the local community get involved this year as there were plans last year but weather and bad communication resulted in quite a few ideas not coming to fruition.</p>

What does your Organisation/Group do?	1.10	<p>The youth club runs 3 nights a week for young people from Primary 4 to Secondary School. Johnstone Castle Learning Centre has been providing consistent youth work with young people for 17 years and is based within the community centre. The youth groups run Tuesday, Thursday and Friday evening for children and young people from Primary 4 to Secondary School. Young people are at the core of what we do and are consulted on activities and developments within the youth club. The young people are encouraged to give their thoughts and ideas on what they would like to see and also how we continue to provide meaningful programmes tailored to their needs.</p>	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Johnstone &amp; The Villages</p> <p>LAC Applying to: Johnstone &amp; The Villages</p>	
How much grant funding are you seeking?	2.10	<b>£1,500.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Each Friday evening the children and young people who attend the youth club are able to go in to the hall and take part in activities and use the bouncy castle. The bouncy castle have at the moment is 10 years old and we now need to find a replacement due to wear and tear. The bouncy castle is well used and is a main feature within the youth club. The numbers attending on a Friday are significantly higher and it is mainly because this is the only night which the bouncy castle is available. Having sports activities in the hall and the bouncy castle allows us to improve the health and wellbeing of the children and young people who attend. The games also provide an opportunity for them to be involved in teams building on their skills as team players and positively influencing their peers. This fund will allow us to purchase a new bouncy castle, safety mats and sports equipment that can be used both indoors and outdoors. During the drier months we have sessions outside in the garden and play games with the children and young people. By having more up to date equipment we will be able to have more sessions outside and widen the range of the games and activities that we are able to provide.</p>	

		<p>Over the past few months we have extended the opening hours for the Primary group. We have a total of approximately 93 children and young attending through the week. This was due to the demand for this group and the numbers attending have steadily risen through word of mouth from the children and their parents. Some of the older young people had become detached from the provision and have now returned and are keeping in touch with the staff. We also have a large group of Primary 7's transitioning to the Secondary group in August this year and a new group of children moving in to Primary 4, therefore able to attend the Primary group. The young people we work with face many issues in the community including drugs, alcohol, peer pressure and negative relationships with other adults. The youth clubs are a place for them to work through these issues and become strong members of the community that they live in. Over the past year, we have seen a significant rise in drug use in the area and this is discussed greatly by the young people. As the rise has been so great we are evaluating the role we play in educating the young people we work with in order for them to make informed decisions. The staff plays an important role in offering alternative ways to discuss these issues and offer a safe environment for them to be open and honest without being judged. The staff acknowledges that they may be one of a few positive adults in their life and strive to offer a place the children and young people can come in times of need. The children and young people have been consulted in the design of the new programme which ensures we are continuing to provide meaningful sessions tailored to their needs. We are always looking to increase our membership and although we are based in Johnstone Castle we are open to children and young people in surrounding areas. This project will allow us to continue to provide sustainable and effective youth work within the area. The children and young people who attend are always keen to use the bouncy castle and like being able to take part in different activities which can only be delivered in the hall. With a new bouncy castle we can continue to offer this along with new sports activities. All children and young people who attend will have times where they can use the bouncy castle as well as the other option of the sports activities and games. The children and young people will continue to be consulted and will be encouraged to be involved in the programme design. They will be able to complete a weekly timetable which will outline the different games that will be played and will encourage them to become more involved in the improvement of their own health and wellbeing.</p> <ol style="list-style-type: none"> <li>1. Children and young people continue to attend and take part in sessions using the bouncy castle</li> <li>2. Children and young people improve their health and wellbeing through sports, games and activities</li> <li>3. This equipment we require includes new bowling carpets, a lockable cupboard and scoring boards. Our current carpets do not fit the specifications for rolling machines. They are too broad to be fitted onto the rolling machines that we have looked at bringing in. We really need a rolling machine as our members are not as fit as they once were and find it more and more difficult to roll up the carpets by hand. The rolling machines will make it much easier for us to store the carpets. So we need to buy carpets that fit the machines. We will look to sell on our current carpets at some point. Our bowling club meets once a week for about 2-3 hrs. Our members age range from early 60s to well into their 90s. Indoor bowling is seen as a great way to stay fit and healthy while undertaking a very low impact sport, And it will not be cancelled due to the weather, so we guarantee the club will always be open. However, the age range of the club means that we are facing problems putting the carpets away. At present we are hand rolling these up, and then having to move them to the storage place. Members more able to move the equipment around the centre. Encourage current members to continue to come along to club, as they will feel more able to help put equipment away. Provide our club the ability to encourage more members to come along, as they will know that we have different carpets. Members continue to attend a healthy pursuit. (Please use a separate sheet if required)	2.3  2.9	<p>To provide the village of Lochwinnoch with a Xmas Lighting Display. Last year was the first time this Society existed and the village had only the Council supplied Xmas Tree the previous year. The Society was started to ensure that the village has xmas lights each year and that the display will improve with each passing year and will become an annual item in the calendar for the village. It will continue to buy new lights to extend the display. These will be purchased each year subject to available funds. It will agree, control and liaise with Renfrewshire Council the purchasing, fitting regulations, erection, removal and storage of the lights. It will organise a switch-on in conjunction with Renfrewshire Council for the villagers to come and take part in. We will be organising funding collections and events and asking local businesses and stores for donations. We will raise additional funds throughout the year. A Christmas Lighting display for all the village to enjoy over the Festive Season. We will combine the switch-on with a Carol Service with Santa for the children. This will be held in the village hall in case of bad weather. In the event of a dry evening the carols will be outside. We will provide an occasion for the villagers to group together and experience a happy and carefree start to the Festive Season. We anticipate that this lighting display will bring a feeling of community and wellbeing for children and adults alike.</p>

What does your Organisation/Group do?	1.10	<p>Renfrewshire Leisure's main aim is to provide facilities for recreation, sport and cultural pursuits which are of maximum benefit to the community and in doing so ensure this provision is truly inclusive. There is no doubt that sport and culture can bring real benefits for communities and individuals alike and participation in physical activity can make a significant and positive contribution to many areas of our lives. It is vital that everyone has the opportunity to participate and through the following services Renfrewshire Leisure will provide a range of programmes, projects and initiatives which target inequalities and aim to improve life chances for the most disadvantaged as well as providing all with opportunities to improve the health, wellbeing and the learning environment of the population of Renfrewshire in general.</p>	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Johnstone &amp; The Villages</p> <p>LAC Applying to: Johnstone &amp; The Villages</p>	
How much grant funding are you seeking?	2.10	<b>£9058,00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Lunch &amp; After School clubs. The project will use extra-curricular sports clubs as a tool to engage primary and secondary aged children into a safe, fun and professional environment. Sessions will be delivered by professional coaches and will allow the children to engage in free sports. The project will be delivered in the following schools; Fordbank, Auchenlodment, Cochran Castle, St David's, Thorn, St Anthony's, St Margaret's &amp; Johnstone Community Sports hub diversionary activities (multi school). Over a period of 26 weeks each primary school will receive 4 additional sports clubs either at lunchtime or after school. If successful, this funding would provide the opportunity to increase participation by over 14,000 attendances. Provide employment opportunities. It will provide young people and secondary pupils the opportunity to train, coach or volunteer in a structured pathway, whilst developing an essential skill set for further education. It will provide employment opportunities, promote better health and wellbeing and engages hard to reach groups including young girls and women. Friday Night.</p>	

The project also aims to support the Johnstone Friday night club project. This project at present has over 80 - 100 young people in attendance every week and runs from 7-9pm in the Johnstone hub. School clubs. The funding will enable additional sport sessions to be offered in all Johnstone and Villages school. The sessions will be delivered during lunch time and after school clubs to promote a healthier engaged community. Employment opportunities Lack of employment opportunities- pupils in the high schools can access UKCC coach education, potential future employment with Renfrewshire Leisure (RL) and be utilised to volunteer and eventually coach at clubs & community classes in and around their schools. As highlighted in Scottish Index of Multiple Deprivation (SIMD) the Renfrewshire area particularly Johnstone and Linwood are in the top 31% most deprived for employment in Scotland. Friday Night Club This project runs in the top 5% of deprivation in Johnstone West as reported on the SIMD website. This project is valued and is supported by the local police who also have a presence. School Clubs. More children and young people engaged in sport and a reduced drop out level between the transition from primary to high school. By having the confidence and familiarity with the programme participants will be more likely to engage in sports clubs which can avoid increasing dropout rates shown in national statistics. We aim to improve physical wellbeing of the participants, install a sense of achievement and a higher sense of self confidence. Overall improve the health and wellbeing of participants involved as we strive to break down the barriers created by poverty. RL will provide first aid and child protection and look to support any further training needs of coaches and volunteers. Those involved can build on coaching skills, personal qualities, team work and transferable skills into other sports and potential employment. They will be able to plan and lead sessions, create safe controlled environments and complete risk assessments that are key employment skills in many trades. School club links will be developed to encourage a pathway into the young person's preferred sport. Friday night club Participants involved in the programme would benefit physically, socially and psychologically. The skills and activities involved in dance will improve health and wellbeing, strength, flexibility, range of movement, coordination and the overall fitness of the young people involved. Football is delivered by professionally qualified coaches in a safe and controlled environment and brings together all areas of Johnstone and the villages. It is affordable, inclusive and has shown to reduce the crime rates in and around the local community. Change of perception of sport as we create positive image and strong role models in both the participants and deliverers. The young people have a chance to become the future volunteers and coaches. We aim to create a sustainable project that can continue to grow in Renfrewshire based on the success of the current programme and the pathway implemented. We aim to provide access to sport that can be somewhat expensive as this is a major barrier in such areas of deprivation. A sports project that the community and participants are proud to celebrate its successes in at local awards evenings, school assemblies, national awards and the

		local press, with young people at the forefront of the sport.

Gala Day brings residents of the village together to enjoy local interests, businesses and community themes. To involve the local schools in the planning of their participation in the event and to have fun. To involve and draw the whole population together once a year. The Gala Day was run historically back in the 1800/1990's in various forms and with different names. It has been run and then fallen from popularity several times. This latest Gala Day was brought back in 2005 in response to people in the community complaining that other villages did things and Lochwinnoch had nothing going on. The community has driven the expansion of the event through support and popular demand and continues to do so. The community itself develops it each year. It provides a day of entertainment for all ages and parts of the community. Gala Day is a large event in a small community and all the local businesses, clubs and society come together to provide the framework for the event. It draws together all sections of the community. It provides an event that all local clubs, societies and charities can fundraise at. Local dance groups etc can showcase their talents. The local primary school are very involved in the choosing of the Gala Queen and her entourage. The kids all dress up in the parade in costumes suited to the theme for the year. We are a small community oriented Bowling Club and have to run functions to exist and to pay our bills. Our dishwasher broke down and flooded the kitchen. It is not economical to repair it as it is made of stainless steel. Without the financial support from functions we would find it difficult almost impossible to survive in the current climate. As far as we are concerned the matter is urgent and really cannot wait till we have saved up the required amount for a new machine. We would hope the Council would be able to help us out on this occasion. Our dishwasher is beyond economical repair and requires replacement.</p> <p>It is over 12 years old. As part of our School's Project we have visitations from Primary School Children on a Friday to participate in bowling. They are taught teamwork and leadership as well as social etiquette and are encouraged to develop their interpersonal skills. As part of our Social Contract our Club is hired out for the purpose of family funerals and other celebrations. As well as filling a social need, it helps us with our finances. Our dishwasher broke and without a dishwasher it is practically impossible to hold such functions which can be for up to 100 persons. We do not have the capability of catering for 100 people without a dishwasher which has to be of a commercial quality to handle the volume required. We are holding a funeral this week and it will mean an extraordinary number of volunteers being required to do dishes and over a period of time it is not sustainable. Without a dishwasher we would be</p>

It is skill based and concentrates on a structure that begins with ball mastery to a tactically driven group attack. It involves teaching coaches to deliver this method of football training. Our boys and girls receive SFA recognised coaching which is to a high standard. This style of coaching is intensive and coaches receive full back up from Coerver Coaching which is an organisation that is recognised by F.I.F.A. It will enhance our players coaching and fitness. It will allow them to improve their existing skills and help them look at training in a different way. It will improve their technical skills in a fun way. We hope it improves our players playing ability as well as their understanding of the game. This kind of coaching does not come cheap and will allow players from poorer backgrounds to learn and improve. We hope that the boy's confidence improves.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	We currently use Holy Trinity Episcopal Church halls for the Drop In activities. We supply light food throughout the day and a main meal at lunchtime. Heating and lighting are used as required. We support the church in the use of the hall and in particular the cost of the power used by our organisation. A few people who had come through life issues wanted to help other with similar life challenges. When the Drop In was established, food was a small part of the work done. Some of the folks who used the centre asked if food of a more substantial nature could be provided. At the same time the premises we used was undergoing redevelopment with a modern well equipped kitchen being installed. It was therefore felt that we could provide fuller meals which was appreciated by those using the Drop In. We will provide support and friendship to those who need this type of relationship while also providing good quality food both of which will assist in improving their well being. Providing food also encourages folks to come in allowing the overall aim of the project ie to engage with those in need to be fulfilled. The Drop In is open one day per week where refreshments are offered all day and a full meal offered at lunch time. We use the Holy Trinity Episcopal Church hall/facilities. How much grant funding are you seeking?	2.10	<b>£ 1,880.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The project aims to dispel the myths surrounding suicide, as well as reducing the stigma attached. It also aims to promote help-seeking behaviours by raising awareness of sources of support and invites the community along to remember those they have lost, and to celebrate the lives of those who have taken their life. Ferguslie Park remains one of the most deprived area in Scotland. High levels of deprivation increase the risk of suicide in communities and deaths by suicide are considerably more within these communities. In 2012, local Ferguslie man, Paul Cardona, asked to work with the local support group, Survivor's of Bereavement by Suicide, to organise a 5-a-side Memorial Football Tournament. The football tournament acts as a medium to transmit information about suicide and the help-seeking resources available locally and nationally. It will also stimulate conversation around suicide, reducing the stigma attached. It invites services into the community, breaking down barriers to seeking help in a particularly hard to reach community. The main benefit will be that people are more informed about where to go if they or someone they know are feeling suicidal. Outcomes - conversations about suicide that help to reduce stigma, an awareness of the local/national help seeking resources available and people feeling more informed about the best way in which to access, helping to reduce barriers for people at risk, to remember those lost to suicide, people who have been bereaved by suicide will be supported as they will be made aware and invited along to the local support group, the community will feel better equip to signpost a person at risk</p>

How many members?	1.11	Full Time	
		Part Time

		Member	75
Address/based	1.3	23 Birchwood Drive, Paisley, PA2 9NE	
What does your Organisation/Group do?	1.10	<p>To promote, foster and encourage participation in ice hockey at junior level. To provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. The club has an open membership for children aged 7 to 17. To carry out the hiring of 2 practice sessions weekly (without placing too much extra financial burden on the participants to allow as many as would wish to take part in the sport). This is non-competitive but allows the children to learn techniques and drills, to learn the discipline of team sport, be very active and have fun whilst improving social skills, team building skills, confidence, health and wellbeing and increasing fitness levels. To ensure a duty of care to all members and to provide all services in a way that is fair to everyone whilst promoting equal opportunities for all, with anti- racism and anti- discrimination underpinning and informing our aims.</p>	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide</p> <p>LAC Applying to: Houston, Crosslee, Linwood, Riverside &amp; Erskine Johnstone &amp; Villages, Renfrew and Gallowhill, Paisley North, Paisley South</p>	
How much grant funding are you seeking?	2.10	<b>£3,445.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>To be in a position to continue to offer junior ice hockey training to all who wish to participate, at an affordable cost which makes the club available to anyone who wishes to join. Our players range in age from 7 to 17, with both boys and girls, of different social backgrounds and nationalities, taking part. They learn the skills and drills of the game in an atmosphere of fun combined with the discipline a team sport offers. It's a great way too, to keep fit and active and make lots of new friends. We will provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are older players. This season's dramatic and unexpected rise in hire costs (from £180 to £191 per hour) plus a new security charge of £75 per hour, has increased our ice costs to £265 per hour - a rise of 46%. We understand that security is a necessity in this day and age, however the increased costs have placed an added financial burden on our players' parents. We have been supported by grant funding</p>	

		<p>from Renfrewshire Council for a number of years, with our applications reducing in amount year on year. This latest increase , though, could threaten the future of what is a very successful club and funding, along with already instituted higher fees (up by 40%)and continued fundraising, would help secure Renfrewshire's only junior ice hockey club it's continuation. We will provide the opportunity for as many youngsters as possible to participate in our sport through our "Learn to Play" initiative.</p> <p>Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are older players, who also enjoy the social participation and physical activity. The funding from this LAC application will also enable the club to meet the cost of on ice equipment, stationery such as provision of newsletters, registration and medical forms, etc., and the provision of annual awards which is essential to the motivation and recognition of the young people's efforts and sportsmanship during the season. Involvement in team sport brings great benefits to those involved – encouraging a healthy and active lifestyle, increasing confidence and self esteem, encouraging team work, making like-minded friends and, of course, having fun! There are opportunities to play ice hockey, competitively and recreationally, from age 7 to 70+ and many of the original intake at the Lagoon in 1992 are still regularly playing/coaching and will continue to do so well into older age, keeping fit in body and mind.</p> <p>At present we have boys in training who are playing with the Scotland and GB squads. We are looking for group tracksuits. At present we have plain T shirts and everyone wears their own tracksuit trousers but as our group are a Team it would be beneficial to morale for everyone to be the same. We encourage fair play, celebrate success and acceptance that we have done our best even when we do not succeed. We encourage the team to be a collective who strive for the team. All the adults have a learning disability and many have associated difficulties such as mental health, autism, epilepsy, and sensory and physical disabilities, which make it difficult for them to access mainstream activities. The team building and personal challenge aspects in being part of a sports team are particularly well received by the learning disabled. This is not a service provided at Milldale Centre within the remit of the Social Work Department. Each member of this group have their own challenges to face in daily lives and overcome various difficulties including mobility, communication and general health however this does not discourage our team. The team are supported by two dedicated staff members and led by our Red Star Special Olympics Athletics coach. As well as promoting teamwork and building self-esteem, these sessions promote co-ordination, communication, and confidence building skills. These activities have been thoroughly researched by Centre staff and are considered to be of great benefit to the learning disabled clients.</p>

Since its inception in 1984 the Centre has continually developed to meet the needs of the Community. This included meeting the needs of organisations such as Victim Support and SSFA whose clients come from various areas within Renfrewshire. In 2001 the building was refurbished to provide bespoke rooms for the Counselling Service for adults and young people. The Counselling of young people has been expanded due to increase requests. An auditorium was constructed and this is used by community organisations including PACE Youth Theatre. At various times approx 40 organisations have requested and been granted the use of accommodation and in some cases premises have been adapted to suit. It will continue to develop those activities for which it is responsible e.g the Counselling service. Child Contact group and maintain the facilities to ensure they meet the needs of its users. We will continue to liaise with Universities who provide qualified volunteer Counsellors and provide support for clients referred from local GPs and schools. We will also work closely with Renfrewshire Council in respect of its various initiatives. Since its inception in 1984 the Centre has continually developed to meet the needs of the Community. This included meeting the needs of organisations such as Victim Support and SSFA whose clients come from various areas within Renfrewshire. In 2001 the building was refurbished to provide bespoke rooms for the Counselling Service for adults and young people. The Counselling of young people has been expanded due to increase requests. An auditorium was constructed and this is used by community organisations including PACE Youth Theatre. At various times approx 40 organisations have requested and been granted the use of accommodation and in some cases premises have been adapted to suit. It will continue to develop those activities for which it is responsible e.g the Counselling service. Child Contact group and maintain the facilities to ensure they meet the needs of its users. We will continue to liaise with Universities who provide qualified volunteer Counsellors and provide support for clients referred from local GPs and schools. We will also work closely with Renfrewshire Council in respect of its various initiatives. What does your Organisation/Group do?	1.10	We are a group of people from across Africa who has settled in Renfrewshire. We want to run different activities and events to assist and encourage integration and intergenerational community based work and REEM's main aim is to promote economic and social inclusion among immigrant communities within Renfrewshire area especially those from Africa and eastern Europe to whom the UK environment may be very foreign, either in terms of language barrier or otherwise.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: Paisley North, Paisley South	
How much grant funding are you seeking?	2.10	<b>£9,265.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	REEM operates a Drop-in Centre, recognized within the community as an impartial access point. A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. We are looking for funding to cover basic running costs. When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We ran scheduled information clinics as well as stay open 5 days a week for people who need to be listened to one-on one. The centre serves as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to communicate at all. We provide some much needed training; including ESOL, job matters & awareness on other issues.	

		The ethnic minorities will have a chance to engage within the wide community. The project will help people feel less isolated and more able to participate in the wider society and want to be part of it. Volunteers will receive training to allow them to develop their skills which will enhance their employability skills.

(Please use a separate sheet if required)	2.3  2.9	<p>The purpose of the project is to provide an area where people who have experienced poor mental health can feel accepted and not judged. We do this by offering craft based activities to refocus and divert from ruminating. The project offers peer support and assists in breaking isolation not only on the day the project runs but on the other social activities that stem from participation. To design and produce various Scottish Themed Toys to develop new skills and build on existing. These toys will then be sold to provide the group with additional funds. The project has developed out of a group of people who were previously in supported employment. As this opportunity came to an end, we realised we wanted to continue to meet and use our skills to support others as we all had experienced poor mental health and had developed a range of art &amp; craft skills. We formed a committee and drafted a constitution. We encourage anyone in recovery from poor mental health to attend our group and our numbers are increasing year on year. We have attended a local gala day to raise funds as we as a committee are learning through our management of the group. We will offer art &amp; craft activities. Art tutor &amp; sewing tutor who will support group members to develop new or build on existing skills. Making use of various fabrics &amp; materials to make Scottish themed soft toys &amp; gifts. The group will have made Scottish Themed soft toys &amp; gifts that could be sold to raise funds for other group activities and the group members will have learned new skills. How much grant funding are you seeking?	2.10	<b>£10,000.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>To provide part funding with regard to hiring ice to permit the above activities to take place at Braehead Arena, the only available and suitable facility within a 30 mile radius of Paisley. That part of the funding not included within this application will be met from club funds. Paisley Pirates formerly played and practised at the Lagoon Leisure Centre until 2006. However, at that time Renfrewshire Leisure Ltd ended ice based activities at that venue, obliging the club (and, indeed, other ice related groups) to seek alternative accommodation, the only suitable venue locally being Braehead Arena. Other groups have either disbanded or moved significant distances away from Renfrewshire (eg Ice Hockey Junior Development, allowing junior players to develop to an appropriate playing level, has disbanded, whereas some skating activities have re-located to venues such as East Kilbride. Some centres are unsuitable for ice hockey because of the topography of these rinks (eg non-symmetrical shape, boards of insufficient height around the skating surface), and thus Braehead Arena is the only local venue available. Current operating costs at that venue are the most expensive in Scotland, being approximately £740 per home game and £400 per week for training, approximately £200 per hour, compared with, for example, the Galleon Centre in Kilmaronock where the hourly charge is of the order of £125 per hour. The Pirates coach and management have there for continued the development of young players through training and playing in matches and have gained a reputation for bringing through younger talent to a high standard, the most recent illustration being the selection of Dean Hamilton to play for the Scotland under 19 team. It will enable:</p> <p>1 the club to continue providing a local focus for the sport, given</p>	

		<p>that no other suitable venue is available locally.</p> <p>2 the continued development of on ice skills</p> <p>3 the continued development of off-ice skills (eg, adults with learning difficulties carry out tasks on match nights requiring numeracy, interpersonal skills, and organisational skills. For example, two supporters were recently tasked to organise a coach to take supporters to an away fixture, set prices, recruit people to travel on the bus, arrange times and pickups, etc.</p> <p>4 the club to publicise the existence of the Paisley Pirates, an ice hockey team playing within Renfrewshire in general and Paisley in particular, through the local media and maintain a significant profile for the club, the town, and the wider Renfrewshire community. In the past year, for example, the club management has gone to Tampa Bay in Florida (at its own expense) to publicise the existence of ice hockey in Paisley, and has recently been included in a wide ranging "42 Best Ice Hockey Towns in Europe", produced by a Canadian agency, where the Pirates, and Paisley, were one of only two clubs and towns within the UK to be featured.</p> <p>1 Enhanced on ice skills through regular practice/improved performance. 2 Enhanced off-ice skills through use of volunteers referred to above in various activities. 3 Success in various local and national awards-for example, in the past year, (i) The club has won the Scottish Cup, and in February 2017 won the Scottish National League to make them Scottish champions (ii) It has won the "Team of the Year" award organised by the Gazette Newspaper group locally, (iii) The club secretary has recently won the Provost's Award for Sporting Achievement, (iv) As indicated, a young players has been selected to play for the Scotland under-19 squad. 4 Continuing the iconic name of "Paisley Pirates" throughout Scotland and beyond for example, the club currently has 3 ongoing enquiries from Canadian families looking for information relating to relatives who played for the club in the 1950's, illustrating that the club continues to reach out across the globe</p>

What does your Organisation/Group do?	1.10	To provide individuals in Renfrewshire in recovery from addiction or poor mental health with a diversion to negative behaviour by learning to play guitar. To provide peer support by providing group sessions to learn guitar. To provide individuals with the skills to practice and play guitar at home in evenings and at other times to break the experience of isolation by focusing on a positive behaviour that promotes the development of a skill.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>To promote Paisley Guitar Group as a diversionary to breaking the negative behaviours that come from social isolation. To promote the group to people in recovery from addiction or poor mental health who may not know of Paisley Guitar Group or who may feel uncomfortable coming through the door for the first time. A number of people had identified an interest in guitar however the cost of one to one lessons meant they could not participate. Guitar had been identified as a possible diversionary behaviour as some in recovery had expressed they had an interest in guitar. A group of people within recovery services who had identified guitar as an interest where put together and advised they could support each other through their common interest by forming and constituting a group and delivering guitar for beginners intermediate and advanced which was reflective of the skills of those identifying an interest. The group has been meeting for 2yrs offering guitar which was initialled supported by Awards for all for equipment. The group has taken 2yrs to develop as a group (as no one had ever done anything like it before and has been a learning curve for all involved). The group have now identified that there are a number of people who are stumbling across the guitar group and a number that say they wanted to come in for a long time but were fearful of coming for the first time as they had never held a guitar before. It is the intention of the Guitar Group to address these barriers and make themselves known to the services and service users. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The purpose of the project is to study the practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance. It was recognised that people who learned orchestral instruments during school should be given the opportunity to continue to develop their skill. The general public in Renfrewshire should have the opportunity to hear orchestral performances in Renfrewshire. This is the only Orchestra in Renfrewshire other than school groups. It will give the opportunity for musicians to develop skills in performing the orchestral repertoire. It will give the citizens of Renfrewshire the opportunity to hear the live performance of orchestral works in Renfrewshire. The orchestra has recently given performances both in Paisley and Johnstone. Lack of suitable accommodation has meant that we have been unable to perform in other towns in Renfrewshire. We are the only adult Orchestra regularly performing in Renfrewshire. The anticipated outcome is the opportunity for musicians to play the orchestral repertoire and work with professional soloists. It allows any students from the Renfrewshire Council Music Services who wish to continue playing the opportunity to do so. It gives the public in Renfrewshire the chance to hear live performances of orchestral works. The audience at our concerts has been steadily increasing as a result of which we have had a look for new venues with a larger audience capacity.</p>

The purpose of the project is to provide running costs for the offices of Renfrewshire Access Panel to enable us to continue assisting Renfrewshire Council on various projects such as: Living Streets, The Joint Employability Project, Training for all LAC Members, Changing Places Toilets. We started a project to have changing places toilets installed in Renfrewshire to improve quality of life and prevent isolation for many people. A motion was passed through council for 10 changing places toilets over the next 5 years. Renfrewshire Access Panel identified that a base was essential to the development of the Access panel therefore an essential part of providing support to Renfrewshire Council. The base will only continue to develop with the forthcoming City of Culture bid and the ongoing projects we have with Renfrewshire Council. What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	Building on the achievements of 2016-17 to create more informed and active global citizens, particularly from the school age population in Renfrewshire, concerning Fair trade and its impact, including involvement in the local Common Threads project (connecting Paisley's weaving and textile history with that of the modern day clothing industries in the developing world and poverty both local and global). We intend to capitalise on our successful Producer visit from Peru in February 2017 with its well attended Primary and Secondary schools workshops (and our Ghanaian visit in October) and to strengthen links with Paisley 2021, working collaboratively with Create Paisley, LEAP and other local organisations involved in sustainability and social justice issues. In addition, we are committed to building on our links with refugee and asylum-seeker groups to highlight further the issues which connect us; e.g. linking our demand for technology to mines and forced labour in the Congo, to those people seeking refuge here. Thanks to LAC funding and our own resources, our Education Officer works 3 days a week and demand continues to be high from schools to provide regular input on Global Citizenship. We were fully booked by schools for both our Producer visit Workshop day in Paisley in February 2017 and for school-based workshops in Fairtrade Fortnight 2017. Our membership of the IDEAS network	

		<p>(International Development Education Association for Scotland) has increased awareness of what we can offer and helped us to forge strong links with organisations concerned with issues of justice, throughout Scotland. Our links with Traidcraft assist us in bringing producers to Renfrewshire which benefits our schools. Our specific aims are* to meet increased demand host 3 school conferences during the year, enabling pupils to actively engage with issues of social justice, Global Citizenship and Fair Trade. * to host and facilitate at least one producer visit, combining with one of the above. * to collaborate with local organisations in producing an Education programme around the issues above (social justice, poverty, trade etc) to be used in secondary schools and community groups working with young people in particular, enabling them to take what they've learnt in to their communities * to host at least one film screening and community symposium, discussing issues of social justice and poverty in a local and global context through collaborative work with other organisations * to use our experience, creativity and expertise to support Paisley's City of Culture bid * to develop further our working links with Create Paisley, LEAP and local refugee/asylum-seeker groups. * to continue to develop our social media presence (eg Podcasts, Twitter etc) to reach a wider audience and help boost Renfrewshire's status as a Fairtrade Zone * to build on what has been achieved so far by staff and volunteers * to reach out proactively to the business and Higher Education sectors, particularly UWS. * increased collaboration with Renfrewshire Council and other local organisations, in particular Paisley 2021 * production of Education programme as above which will increase community cohesion, understanding of global issues within a local context * engagement of more schools and community groups with Fair Trade issues local and global * research and development of a Global Citizenship and Fair Trade programme/package for Higher Education * involvement of more individuals and local organisations in Fair Trade * higher social media presence and response * deepening impact of our current engagement and a greater understanding of the connections between the various issues.</p>

What does your Organisation/Group do?	1.10	To promote responsible dog ownership within the community. This includes animal safety, hygiene, discipline and health. For both the handlers and dogs it improves stamina and well being. We help dogs and owners improve their position in present society at a time when irresponsible dog ownership causes major problems. The club meets in an outdoor venue throughout the full year. The shared activities bring about an increased level of fitness in both handlers and dogs.

Dog Agility is a physically demanding sport and in poorly maintained grounds the risk of injury is greatly increased. We also seek to provide toilet facilities as none are presently available on site. We have considered options to allow us to undertake the maintenance ourselves but due to the size of the grounds we are not currently able to do so and the club pays for landscaping to maintain the training facilities. This maintenance is essential not only aesthetically but primarily ensures the safety and wellbeing of our members both human and canine. We are aware that members have to leave training and travel to the nearest public bathrooms; this involves driving to the closest toilet. Identify an appropriate ride on lawnmower and single portable toilet, then undertake cost comparison with various providers to determine most cost effective in terms of initial purchase cost and ongoing maintenance fees if appropriate. By purchasing a ride on lawnmower the club would be in a position to undertake the grounds maintenance themselves thus reducing annual outlay with no reduction in the standard of upkeep of the training facility. On-site toilet facilities would remove the need to drive to public toilet facilities.

What does your Organisation/Group do?	1.10	<p>Renfrewshire Youth Voice is a non-partisan organisation that ensures young peoples views are heard on a local and national level. We promote young people in a positive light. Our members are aged between 12 and 25 and membership is open to any young person living in Renfrewshire. We organise and host the annual positive about youth awards, local campaigns and hosting events for local and national elections.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The Positive About Youth Awards were designed to highlight young people's achievements which may go unnoticed, and to show the Renfrewshire community the positive work young people do on a daily basis. To enable young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. To inspire the next generation to get involved in their community, using previous winners/runners-up as role models. It was felt that young people weren't given enough recognition for voluntary and community work that gave a direct benefit to their peers and local area. The awards have been run by RYV for seven years, with the 2016 awards being one of our most successful ever, with 11 category winners and 10 runners-up. Nomination forms will be set out, collected and judged by a panel of RYV members. Films of the runners-up and winners will be made in advance of the event (EMMS). The evening will be a mixture of awards, speeches and music/entertainment, giving young people attending a fantastic experience in celebrating young people's achievements over the past year. Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of who these people are and the work they have done, in order to be nominated for a category.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Dates-n-mates Renfrewshire is a friendship and dating agency run by and for adults with learning disabilities. The project helps hundreds of people that would otherwise be socially isolated and lack confidence and self-esteem in their everyday lives. It provides opportunities for people to connect, make friends and build meaningful relationships though hosting a regular calendar of social events in a safe, comfortable and inclusive environment thus improving overall health and well-being. With 26,000 adults with learning disabilities in Scotland, the Scottish Government's 10 Year Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority. People with learning disabilities are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including forming and conducting relationships. The Learning Disability team in Renfrewshire Council support its development. Our recent dates-n-mates Renfrewshire evaluation evidences the significant, positive impact that the 16-17 LAC grant for outreach work has made to people with learning disabilities in Renfrewshire over the past 9 months since (Please see LAC Record of grant form attached for evidence and information). We will target many people of all ages in Renfrewshire that are isolated with learning disabilities and that are unaware of the project and potential benefits to them.</p>	

		<p>A resource to specifically focus on carrying out outreach work will help to identify these individuals and provide them the opportunity to connect and make friends and form meaningful relationships. Dedicated Outreach Workers (part-time) and awareness raising materials and activity will enable us to continue developing the outreach work, partnering with GPs, Housing Associations, Pharmacies, colleges, advocacy services, carers centres etc to achieve this. To compliment the work of social work, health and education services by reducing the formal statutory need to provide services for adults with learning disabilities by making more natural connections through dates-n-mates. To identify those that are most isolated and support them to access the dates-n-mates project to help reduce social isolation, improve their self-esteem, build confidence and improve the person's ability to be active citizens and improve their overall health and well-being.</p>

<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>To provide the significant benefits of the PACE Youth Theatre experience to young people with genuine interest in drama and the performing arts, but who find themselves in financially challenging circumstances which would prevent them from joining or taking part in activities. PACE Youth Theatre is already committed to keeping fees as low as possible to allow the maximum number of young people to benefit from the experiences and skills it provides. Our membership fees are already amongst the lowest of similar organisations, we also offer family discounts, and always endeavour to make individual arrangements with member's families who encounter difficulty in paying. However, as a charitable organisation with limited resources that relies on membership fees as a major source of income, there is a limit on what we can currently offer. We have been aware for some time that some people who may benefit, are dissuaded from even applying in the first place, due to their financial circumstances or socio-economic status. We will promote and administrate the PACE Youth Theatre Bursary Fund. This fund will offer a full experience of PACE including a full year's membership, two full weeks of school holiday performance project training, casting membership including a professional headshot and a PACE T-shirt. Parents of young people aged between 5 and 15, living in each LAC area, will be invited to submit a short application form to apply for the bursary along with evidence of their financial circumstances (e.g Employment and Support Allowance, Income Support, Incapacity Benefit etc). Initially we propose fifteen bursaries will be made available, three for each LAC area in</p>	

		Renfrewshire. We expect the individual young people to gain confidence, communication and self-expression skills which will help them realise their potential in their life and whatever future career they choose. We hope that after successfully piloting this project the Bursary Fund can be extended by donations from other businesses, individuals or organisations.

What does your Organisation/Group do?	1.10	Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide</p> <p>LAC Applying to: All 5 local area committees</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Following a hugely successful pilot programme of weekly lessons in 2016/17, we aim to expand our year-round programme of traditional music tuition for young people aged 8-18. Weekly contact time with some of Scotland's top traditional musicians will give participants the opportunity to develop their instrumental abilities. In addition by developing a pool of local traditional musicians we hope to establish a Feis youth band and ultimately a Ceilidh Trail that will tour nationally. We received a hugely positive response to our 2015 Fèis week which included feedback showing that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing. Our pilot programme of weekly lessons had 25 regular participants developing instrumental skills and performing at a number of public events throughout the year. We will run 37 music class sessions between Sep '17 and June '18 with lessons running from 10am-1pm on Saturday mornings. Participants will receive tuition appropriate to their age and ability, in streamed classes, ensuring maximum learning benefit &amp; enjoyment. Local tutors will be employed at MU rates and we aim to attract 40 pupils to our weekly classes initially, building to 60 by June 2018. We are in discussions with UWS to host the project which will allow more young people from across Renfrewshire to participate with good transport links to and from the town. A year-round programme will offer 40-60 participants the opportunity to develop traditional music</p>	

		and social skills at an affordable cost as well as providing employment for 4 local tutors. End of term showcase concerts will bring together the community to celebrate the achievements of our students. We also aim to develop a youth band and, by 2019, a Ceilidh Trail which will promote live traditional music in the community and add significantly to the local and national cultural calendar.		
What is your group's current bank balance?	1.14	14,534.47

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>This would be YEAR 10 of the project and the grant would complement and enhance the previous nine successful coaching projects. This year we aim to work harmoniously with the Renfrewshire Sports Services, supporting their festivals and other events while filling any gaps in coaching provision. In conjunction with the Active Schools Programme, it would continue to promote good behaviour and a positive image of young people while giving them opportunities to have active involvement in their communities. In 2005-06, the project offered many Renfrewshire pupils an opportunity to play a different sport, indoors in a safe and warm environment. There is a strong 'Football Culture' in this country and it was an excellent alternative to our national sport. The previous 9 years of Basketball successfully being promoted in Renfrewshire and securing LAC grants has seen more than 30 local Primary Schools involved in the initiative which is totally inclusive. This project will: - Involve pupils in a structured, high energy and enjoyable activity, provide opportunity to become a member of a Community Club and further develop as a young person.-Increase wellbeing of young people to ensure that they are safe, fit and healthy. -Provide opportunities to improve fitness and performance. -Continue to be a vital diversionary activity to reduce anti-social behaviour, disorder and crime. This will be completed through supporting Renfrewshire Sports Services activity and 3 Rounds of Coaching in Primary Schools.</p>	

		In comparison to the previous 9 years of the Project, the anticipated outcomes are; More pupils participating. More pupils with additional support needs involved in Programme. More pupils becoming members of a community based Club. Increase parental involvement. Improve attendance and behaviour at school. Improved pathways between Active Schools and Community Clubs

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	We propose to deliver workshops on criminal justice and mental health agendas to help young people on a Personal and Social Education progressive pathway into further education or employment. We would like to provide a summer programme that shall be offered free to all young people who would benefit from such an opportunity. Offer drugs and alcohol awareness training, Hate crime awareness, Respect me anti bullying training. Building up resilience. This includes highlighting dangers, recognising risky behaviour and how best to handle misuse. We shall offer interactive sessions in PSE classes and include Dj skills with in house certification and within other appropriate settings like confidence building camping activities. We also offer Saltire awards and Dynamic youth awards. Young people and professionals interviewed for the recent national Media reports, Young minds report and CAHMS stated that waiting lists are still too long for young people to access mental health services which meant young people often self-medicated with drugs and alcohol, exacerbating their mental ill health and offending behaviour. We are on a mission to improve the mental health and wellbeing of young people, Renfrewshire wide. Currently our Young People work accounts for over 80% of the work we deliver and while education and employability is a key focus,	

		<p>Mental health is one of the most talked about issues we encounter when working with young people during workshops and our certificated courses and mental health issues are rapidly on the rise. Renfrewshire Youth assembly in November 2016 and Renfrewshire Youth Commission just recently found this week. Rigid criteria for mental health services meant young people had to be severely ill before they could access any support, and if they did get help it was usually in the form of medication. With a 6 week counselling service with CAHMS However, following prescription, young people often went long periods of time with no review or ongoing support. In the rare occasions where intervention extends beyond medication, professionals had little time for young people and a high turnover of staff meant a lack of staff continuity made it difficult for the young person to establish rapport or trust. We have also recently been requested by our young people to deliver on criminal justice and drug and alcohol agendas due to these being regularly used as coping mechanisms. We have offices with facilities in Paisley to deliver Comedy and mental health workshops and DJ workshops or for larger groups in one locality we can hire their local community halls. We have priced the DJ equipment required and camping equipment for 10 young people that they can borrow in order to allow the group all to feel included the same in equity as well as in unity, whatever their financial circumstances. We plan to cover Renfrewshire wide have DJ workshops for 10 Young people for 4 days over the Summer holidays and have outdoor DJ music events, promoting Drug and alcohol awareness. We plan to hold an open day in our centre in March/April to promote this and are already working closely with Barnardos, Kibble, Victim support, UWS and all Secondary schools in Renfrewshire. Our summer workshops shall provide an opportunity for young people to make friends, support each other, learn new skills in positive coping mechanisms and grow in confidence that they're not alone in improved communication/social skills , learn how best to support each other and find out more about self manage techniques discover themselves and their strengths, helping them to make informed decisions about their lives and feeling more in control specific positive improvements with focus on physical and mental health through Comedy, music technology and outdoor confidence building activities with graded certification for achievements. The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal/and legal drug taking (good and bad drugs). Additionally the education aims are around healthy eating, keeping themselves safe. The need for the project was identified due to grandparent carer feeling unsure how to explain to the children they are caring for about why they can't stay at home. Grandparents didn't feel they had the proper tools or skills to explain about illegal and legal substances. Additionally the role of social work and police (Authorities). We will offer education through play around drink and drugs. Healthy eating and mindfulness sessions. The grant will develop the mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addition and teaching young adults they can break the cycle by healthy life choices. The District has 13 groups around Renfrewshire that have their own identity. The District is led by a management team of volunteers. All members also assist with local groups and will have purchased uniforms at their own cost. The District want to have their own neckerchief, t-shirts and hoodies for volunteers in their own brand. Scouting is growing with Renfrewshire - 2016 we grew 14% and this year we have grown a further 8%. We want to ensure that Scouting reaches every corner of Renfrewshire and that young people have the opportunity to join. To do this, we need to have an identity that YP/non scouting families can see us in. The brand is important. 3 members of the team are our youth commissioners - under 25. We would prefer that they do not incur the cost of additional uniform. UK Scouting is becoming more of a youth led organisation. With young people leading the way at our events, there will be a clear visibility of our profile and therefore encourage more young people to come forward and benefit from Scouting. There is a District programme of events and our team will be present talking to and engaging with the young people. An increase in the number of young people and adults enjoying Scouting. The profile in the Community enhanced. More fun and adventure for all members.</p>

The story has never been told before and this will be the first show of its kind documenting this small venue's rise to fame. It is innovative and will be nostalgic for those who went there and experienced it for themselves and will capture the imagination of those that didn't. For theatre goers and music lovers no matter what age they are. It is an amazing story punctuated with music that is timeless and also takes a look at what was going on in Paisley in the late 70's and early 80's. It will be a platform for young people to tell the story of a time when Paisley welcomed the most influential bands and musicians to its doors. It is a nostalgic look back in history, a time of platform shoes, perms and big flares. On one hand, it is a musical but on the other it keeps a part of Paisley's history alive. The show will include young actors, dancers and musicians from various organisations within Renfrewshire. They will have the chance to show that with the right guidance and professional help that they can produce a show at the highest level. Loud n Proud has the reputation of producing creative and courageous high quality musicals performed by young people.</p> <p>We have staged 3 versions of "I Was There" a musical telling the story of the legendary Glasgow Apollo. It is the biggest show of its kind in the country. We have been asked constantly by our partners,</p>	

		<p>those who took part in the show or attended it to do something similar in Paisley. Renfrewshire Council Officers were also keen to stage something similar in Paisley too. In response to those suggestions some research has been carried out and the popular choice was a musical play telling the story of The Legendary Bungalow Bar. The Bungalow was a small bar at the bottom of Renfrew Road, Paisley. It came to the forefront of the Scottish live music scene during the late 70's and early 80's. It's difficult to imagine that a little pub in Paisley attracted such big names as The Fall, The Skids, The Tourists, Orange juice, Roddy Frame, Alan McGee, The Buzzcocks, Echo and the Bunnymen, The Alarm, Altered Images, Jam, The Teardrop Explodes, Chelsea and many more. It is a story that has become local folklore and put Paisley on the music map of Britain. John Dingwall of The Daily Record said: "For me, gigs by post-punk acts, such as the Associates and Psychedelic Furs, at Paisley's Bungalow Bar, easily rub shoulders with The Rolling Stones at the Stade de France in Paris or Macca in Mexico" The grant will fund a series of dance, music and drama training workshops and rehearsals to give young people the skills to take part in a new and exciting musical. In conjunction with the Performance Programme there will be classes in Technical and Management subjects such as Sound Engineering, Light Design, Stage Crew and Event Organisation. The show will be premiered at Paisley Town Hall. It is envisaged that the experience in working in such an ambitious professional level project will develop the participants skills and inspire the young people to pursue a career in the arts or enable them to take part in other similar activities. They will understand the benefits of being part of a group and the positive elements of volunteering. We can help up to 32 musicians, 25 actors, 30 singers and 20 dancers by giving them professional instruction that will raise their performance level and experience performing on a high-quality show. Young people will gain confidence, self-esteem and valuable transferable skills from a mix of workshops and a real "hands on" experience. Other volunteering opportunities will be available in particular Set Building, Video Production, Backstage, Front of House, Roadies, Sound Engineering, Light Engineering and General Production. Participation in the group activities that are involved will give young people an understanding of the value of teamwork. The project will:</p> <ol style="list-style-type: none"> <li>1. Increase participation in positive activity</li> <li>2. Increase opportunities to develop interests and skills</li> <li>3. Increase participant's skills and will have positive changes in behaviour.</li> </ol> <p>The local community will be introduced to a piece of history that will educate them, make them proud and at the same time enjoy a fast paced, energetic show. It is envisaged that the show would be developed further to be part of Paisley2021.</p>

The band consists of 14 pipers who have brought their own bagpipes and five drummers who are playing drums borrowed from Johnstone Pipe Band. There is a steady stream of learners who will join the band as their skills develop. The band competed in the 2017 Scottish Schools Championships winning their section. The band intends to compete in local competition over the summer, but they have no uniform or drums. The project is to help the management committee to meet start up costs and equip the band. The band is the product of a successful teaching programme and is the only youth pipe band in Renfrewshire. The project will allow the management committee to provide initial uniforms and equipment for the band. The main output is to provide those learning pipes and drums a sustainable pipe band that they can join. The band will be an excellent flagship organisation for Renfrewshire and in time will grow to be nationally recognised. Pupils will learn and develop lifelong skills through the band and will no doubt go onto join adult bands invigorating the local pipe band scene.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>Johnstone Pipe band have been working in partnership with Renfrewshire Council and Creative Scotland for the past three years, developing a piping and drumming project to introduce new learners to these traditional instruments. The Scottish Schools Pipe Band Competition Trust have provided to match fund any awards to pay for piping tuition in schools. Currently, through Renfrewshire Councils Youth Music Initiative bid to Creative Scotland, we have £6000 in place for the 2016/17 school year, a £7000 grant from LAC's, the match funding brings this up to £26000. A £10000 award from the Local Area Committee's would attract an additional £10000 from SSPBT giving a total for the project of £32000 for 2016/2017. We are currently working in P6/7 classes in 10 primary schools and S1/2 classes in 4 high schools. Renfrewshire was identified as one of the few areas of Scotland where piping tuition was not available in schools. The project has been developed by Johnstone Pipe Band working in conjunction with instrumental music service, Creative Scotland, and the Scottish Schools Pipe band trust. The project will allow for the continuation of tuition of piping and drumming in P6/7 and in High Schools. In Dec 16, 38 pupils were successfully presented for SQA approved qualifications. For most pupils these qualifications will be the first entries on their SQA accounts. The project has proved to be very popular in schools and in March 2017 Renfrewshire Schools Pipe band was launched, the membership comprising of pupils taught through the project. The new band entered their first competition on 12/3/17 and won it. Over 100 pupils are currently being taught piping drumming. The main output</p>	

		is to teach pupils how to play bagpipes and to form and sustain a schools pipe band. Many of the pupils are now displaying greater levels of responsibility and self confidence.

Physical Health, Mental Health &amp; general wellbeing. We do this with the support network of friends who understand and share their experiences of the Cancer Journey, thus helping them to move on with their lives, with more mobility, motivation, friendship and a willingness to help others in a similar situation. WE encourage our members to look to the future more positively by taking part in light exercise, chatting over tea, crafts and companionship, thus alleviating loneliness and isolation. Listening to Cancer Patients explain what was out there to meet their needs during and after their treatment, although there is some good support, it was deemed due to financial constraints the support was only there for a limited period thus not meeting their long term needs which can lead to loneliness and isolation amongst other issues. The group was therefore setup in Elderslie which has proved very successful, and on assessment the exercise programme has been very beneficial as each individual is more active and the general wellbeing of the group has gone from strength to strength. In the last year we have also started up a new group in Paisley which is also proving very popular. We have also asked our members what they like doing and try to implement this where possible from these discussions and also</p>	

		<p>talking with other network partners we have identified that we could possibly help the wider community of people if we had an evening group, this is something that could possibly be considered with a slightly different programme. Because we listen to our members overall needs this group is unique in that our programme will adapt to its members needs and is ongoing throughout the year. It's amazing to see the overall wellbeing of the group, through the various degrees of support that is now available within the group there is more social contact and friendship with people who have been through a similar journey as they can discuss various aspects of their illness with confidentiality, including financial difficulties experienced through the loss of income whilst going through treatment. We have recently started up a walking group which meets once a month for a short walk and new knowledge of the surrounding area, we now also have a Nutritionist and Psychotherapist on board and this is also proving to be very helpful with a positive health improvement. Improved health and wellbeing for those who are having or have had cancer treatment, overall improved family relationships, thus improving the overall quality of life for those affected by cancer. Aspiring individuals to try new things in life, or move on with their lives to whatever level they are happy with, and helping others in a similar situation. We have also been in discussions with one of the other cancer support groups and some of their members have express a willingness to join up with our newly developed walking group so this will bring more like minded people together.</p>

Adult volunteers from local communities will be recruited and trained to support the Youth Commissioners in localities. In November 2016, Youth Services held its first Renfrewshire Youth Assembly in Paisley Town Hall. 300 young people from schools and youth organisations attended along with local councillors and service managers. At this event young people discussed 5 key themes which had been decided during a youth consultation in 2016: Jobs and Training,</p>	

		<p>Paisley 2021 Youth Culture, Health &amp; Wellbeing: Mental Health, Social &amp; Culture: Youth Hub and Having a Say: Youth Voice. The Youth Assembly voted to decide which issue that should be the focus for the Youth Commission. Mental Health was overwhelmingly voted as the focus for their campaign for this year. Youth Services has established a Youth Commission Partners Group to ensure a joined up approach to support Youth Commissioners for Mental Health who will help to deliver on the project. These partners include Active Communities, Create Paisley, Right to Dance, Renfrewshire Health Improvement Team, ACUMEN, EMMS, St. Andrews Academy and Choose Life. Deliver training to provide a legacy and sustainability to the project: understanding of mental health, introduction to mindfulness, youth work skills and positive mental wellbeing techniques. Support the Youth Commissioners to develop a social media campaign to help raise awareness of existing support services and on-line resources to encourage positive approaches. Organise outreach sessions for Youth Commissioners to engage young people in schools, colleges, universities and community groups, in the co-design of recommendations. Deliver a programme of community based events in 5 areas across Renfrewshire, leading to a celebration event bringing communities together to showcase good practice and projects. This event will launch the Youth Commission recommendations that young people have proposed. Renfrewshire Youth Commission will make recommendations that will impact directly on service and community responses to Mental Health: increased awareness of mental health issues and support available amongst young people and their supporters, better understanding of mental health issues and knowing how to respond to them, and the stigma attached to mental health issues being reduced. A united and consistent approach across Renfrewshire for delivery of support for young people suffering from mental health issues. A lasting legacy whereby communities will have an understanding of supporting agencies and resources available to help themselves and family / community members. accreditation through Saltire and Youth Achievement Awards</p>

Name of Organisation/Group	1.1	The Breastfeeding Network

Address/based	1.3	Studio 206, Old Embroidery Mill, Abbeymill Business Centre, Paisley PA1 1TJ	
What does your Organisation/Group do?	1.10	<p>Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference and the Breastfeeding Network strives to be the best we can be at providing peer support.</p> <p>Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding to individuals and organisations and to support a mum in her choice to breastfeed.</p>	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	<p>Geographical Area: Renfrewshire Wide</p> <p>LAC Applying to: We are a national charity and provide support daily over the whole of Renfrewshire</p>

<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>To provide breastfeeding peer support and evidence based information to families in Renfrewshire, especially in areas of multiple deprivations. To ensure our existing volunteers can continue to provide up to date information, receive ongoing support and learning (supervision), and continue to develop their skills. We will train more local women to volunteer which will help us maintain our well established services in the area and ensure sustainability of the project. This will help us to improve knowledge and support within hard to reach groups and the community. Despite recommendations from the World Health Organisation, UNICEF and the Scottish Government, breastfeeding rates remain very low especially in deprived areas. Across Renfrewshire only 13.5% of babies are still exclusively breastfed at 6-8 weeks in these data zones. Babies who are not breastfed are more likely to suffer from chest, ear, gastrointestinal and urinary tract infections, and at higher risk of developing high blood pressure, obesity, diabetes, heart disease and some cancers in later life. Mothers who do not breastfeed are at higher risk of developing breast and ovarian cancers and osteoporosis in later life. Breastfeeding promotes bonding and attachment which can help alleviate symptoms of post natal depression. Because of low breastfeeding rates in this area</p>	

		<p>some mums can feel isolated and have no one to ask for support, offering peer support to these mums can help them feel part of a supportive community and help reduce isolation. We will continue to provide high quality breastfeeding peer support across Renfrewshire at our groups in Johnstone, Ferguslie and Linwood. We anticipate that at least 12 different families will come along to access support at the three groups each week. We will continue to collaborate with the Families First, Health Improvement and Health Visiting Teams. We will attend community events to help normalise breastfeeding, raise our profile and raise community awareness. We will train 12 women to provide peer support, and will continue their ongoing learning, provide supervision and insurance. This a nationally recognised qualification which increases their confidence and helps toward retraining and future employment. That we will be able to continue to support vulnerable local families with high quality support at our local groups which are a valuable community resource. The families we support will have increased knowledge and confidence about breastfeeding and have increased links to a supportive community. We aim to support 75 different families during the year at groups and community based events. That we can continue to support our dedicated existing volunteers and help them increase their knowledge and skills. We will promote our work within Renfrewshire &amp; become more widely known as a source of skilled support that is available every day via the National Breastfeeding Helpline, website and on social media. We will increase social capital, active volunteering, knowledge and skills within a new cohort of volunteers, sustaining the project as a whole.</p>		
What is your group's current bank balance?	1.14	418,213.65		
Are there any significant items of expenditure to be set against this bank balance?	1.14	<p>Yes This figure represents the bank balance of a National Charity. We operate large scale commissioned services and this reflects ring fenced funding for several large specific projects. Locally we rely on the part time coordinator post to support our volunteers on a weekly basis. We want to continue our services locally and rely on Renfrewshire funding to provide this support.</p>

That is where I come in and answer all their questions and tell them the history. We have a great wealth of history in the whole of Renfrewshire waiting to be discovered by many locals and tourists alike and I want to share my knowledge with them all. Most people know of Paisley Abbey, The Museum &amp; Art Galleries, Coats Memorial Church, the Observatory and the Thread Mills but we have so much</p>	

		<p>more out there that needs to be highlighted and with the themed tours it make it even more interesting and entertaining. We also feel we should be trying to help people out of isolation and get involved. I will go out there on my mobility scooter and take groups of all ages and abilities out on Guided Walking Tours to discover everything we have in the area and if for any reason they cannot manage a Walking Tour I will take my tours to them by presenting a PowerPoint presentation and slide show, whether it be a school, a community group or a nursing home. "No group too big no group too small I cater for all". The tours will encourage people to get out and about and help them to interact with other light minded people. The themed tours encourage people to get involved, interact and connect with each other. To encourage and get everyone involved and interested in their towns history and future. To get people out of isolation and join us on our tours. To show people with mobility issues that they too can come on the tours as the tours are assessable for everyone. To deliver Powerpoint presentations and slide shows to schools, community groups and care homes for the elderly and infirm. To make everyone proud of their town and surrounding area</p>

**To: Johnstone & the Villages Local Area Committee**

**On: 15 June 2017**

---

**Report by: Director of Finance & Resources**

---

**Heading: Timetable of LAC Meetings to December 2017**

---

## **1. Summary**

- 1.1 The Council at its meeting held on 14th February, 2008 agreed its scheme of decentralisation, which included reference to the cycle of local area committee (LAC) meetings as follows:

**“10.1 Local area committees will meet at least on a quarterly basis. This will allow sufficient time for progress on action to be reported on local strategies and issues. Local area committees should meet in suitable local venues to enhance community participation.”**

- 1.2 The Council's Standing Orders apply to LACs. Standing Order 53 allows the convener of a LAC to call a special meeting of that committee by notifying the Director of Finance & Resources. In these circumstances, special meetings require to be held within 14 days of the Director of Finance & Resources receiving the notification. This mechanism allows the convener to call a special meeting should any matters of particular urgency arise or if there is a general need for a meeting to consider matters such as outstanding grant applications.
- 1.3 Taking into consideration the ability of the convener to call special meetings if the need arises, it is suggested that meetings of this LAC be programmed on the basis of a quarterly cycle, with meetings being held on 24 August and 23 November 2017.
- 1.4 Members are also invited to consider the time of Johnstone & the Villages Local Area Committee meetings. In the past, meetings of this LAC have been scheduled for 6.00 p.m.

- 1.5 The choice of venues for local area committee meetings is limited as a result of practical considerations such as size and accessibility.

## **2. Recommendations**

- 2.1 That meetings of this local area committee be programmed for 24 August and 23 November 2017; and
- 2.2 That consideration be given to the time and venue of local area committee meetings.
