## 1 **GLENIFFER LOCAL PARTNERSHIP FUNDING APPLICATIONS**

There was submitted a report by the Chief Executive relative to applications for funding from the Gleniffer Local Partnership in 2021/22.

The report intimated that the available allocation for the Local Partnership following previous awards was £7,129. At the meeting of the Local Partnership held on 23 November 2022, it was agreed that a local Scout group would be invited to submit an application for funding to meet additional costs of hall hire notified. The application, set out at Appendix 1 to the report, was duly submitted.

It was also agreed that groups who received funding at the meeting held in June 2021 that was less than the full amount requested would be invited to apply for any remaining funds following consideration of the Scouts' application. There were 13 applications for additional funding submitted, as set out in Appendix 2 to the report.

Following consideration, the Local Partnership agreed that the 18th Paisley & District (Coats) Scout Group would be awarded £2,000. It was then determined that the remaining funding available, £5,129, would be split equally between the 13 applicants for additional funding, resulting in £394.53 being awarded to each group.

**DECIDED:** That applications for local grant funding be determined as follows:
