

Renfrewshire Joint Negotiating Committee for Teachers

To: Renfrewshire Joint Negotiating Committee for Teachers

On: 12 November 2019

Regional Collaboratives

Report by
Joint Secretary (Teachers' Side)

Background

On the advent of the West Partnership Regional Collaborative, Renfrewshire JNC agreed that any initiatives arising from the partnership would take cognisance of the primacy of the SNCT and Renfrewshire JNC in the decision making process and that the Management and Teachers' Sides would work collaboratively to monitor any recommendations around the operation of the West Partnership Improvement Plan and how it impacts on schools. Initiatives are emerging from the West Partnership which have not been following the principles of this agreement.

Action

The Teachers' Side is seeking reassurance around the original agreement as outlined above.
