Violence and Aggression Policy

Report by
Joint Secretary (Teachers' Side)

Background

A revised Violence and Aggression Policy was agreed at the Renfrewshire JNC in June 2018. It has become evident that not all Headteachers are aware of the protocols to be followed and there is an additional problem around the associated paperwork.

Action

Headteachers to be reminded that the protocols to combat violence and aggression towards staff in schools must be followed, principally risk assessments and action plans as laid out in the policy. Renfrewshire Council to ensure that the supporting reporting mechanisms are available to all staff.
