Report by: DIRECTOR OF ENVIRONMENT & COMMUNITIES

Heading: OPERATIONAL PERFORMANCE REPORT: INTEGRATED FACILITIES

MANAGEMENT (HARD & SOFT SERVICES)

1. Summary

1.1 Environment & Communities brings together a range of Council services and activities, with both strategic and operational responsibilities. This report provides an operational performance update on Facilities Management (Hard and Soft Services) delivered by Environment & Communities for 2017/2018. The report also highlights the annual performance position for 2017/2018 for performance indicators reported regularly throughout the year and taken from the 2017-2020 service improvement plan.

2. Recommendations

2.1 It is recommended that the Finance, Resources and Customer Services Policy Board approves the operational performance update contained within this report.

3. Operational Updates

3.1 Facilities Management - Hard Services

Scottish Housing Quality Standards (SHQS) / Investment

3.1.1 Building Services continue with investment work to tenanted houses as identified by Development & Housing Services. Building Services carry out the Council's SHQS works that are left following the extensive programme carried out over the previous ten years. The type of works carried out can include a complete rewire of a house, installation of a new kitchen, installation of a bathroom and upgrade or renewal of the central heating system.

Housing Repairs & Maintenance

Void Properties

3.1.2 The Council's target time for reletting a void property is 14 calendar days. Voids over the 14 day target are monitored and reviewed on a weekly basis. There are a number of reasons for additional time being taken to complete voids work, including an additional work requirement being identified during the works period. These works are identified by the trades on site, minimising further repair works being required following the property being let.

Month	Returns	Completion within timescale
October	74	54% High Volume of composite doors . (The
		procurement and manufacturing time for
		composite doors is 4 – 6 weeks and will
		automatically take the return time beyond the 14
		days.)
November	81	70%
December	86	56% Inclusive of holidays over Christmas as
		these days are included in the figures for days
		taken to return.
January	85	65%
February	107	52% (High volume of Asbestos works required ,
		and additional turnaround times for sub-
		contractor impacting on return times)
March	92	24% (one complete week on return times was
		lost as a result of winter weather as well
		as additional turnaround times for asbestos
		works sub-contractor impacting on return times)
Totals	525	52.9% average

Compliance Update

- 3.1.3 The Repairs and Maintenance, Compliance team continues to develop and consolidate its compliance management strategy. This progression has been done in conjunction with six current compliance delivery contractors, who are now fully participating in monthly progress review meetings. This delivery model is fully transparent with all compliance certification loaded within the CAMIS system and accessible to staff within each property.
- 3.1.4 The onsite training of CAMIS users continues to progress and is being well received from recipients. The delivery of the training is on programme to achieve 90% of users trained by March 2018, with the outstanding balance being completed by the end of April.

3.1.5 Street Lighting maintenance figures April 2017 to March 2018 are detailed below:

BUILDING SERVICES Street Lighting Summary April - March 2018	Qty	Comments

3.2 Facilities Management - Soft Services

3.2.1 **GOFITBA, Provision of Hot Meals**

A new football based project delivered by The Scottish Football Partnership Trust and Street Stuff started in March 2018 based at Glencoats Primary School and St Mirren Park.

- 3.2.2 The 12 week programme offers young children, regular and fun physical activity and an understanding of the importance of leading a balanced and healthy lifestyle through diet and nutrition.
- 3.2.3 The programme timetable provides one structured afternoon per week for the young people to take part in an hour of fun football activity followed by a second hour where they can enjoy a healthy meal and some basic education around leading a healthier lifestyle through diet and nutrition.
- 3.2.4 This project is in support of the Curriculum for Excellence's (CfE) Health and Wellbeing outcomes as set out by The Scottish Government's Schools (Health Promotion and Nutrition) (Scotland) Act 2007.

4.2 Facilities Management - Soft Services

Partnership Working

4.2.1 Early Years and Childcare

The catering service continues to work in partnership with Children's Services to facilitate the initial roll-out of the new Early Years 1140 hours service provision. This project will also have impact on the Hard Services service when alteration works are progressed in some premises to respond to the project.

The school catering service – working with pupils and partners

- 4.2.2 Work has been completed on the completion of the introduction of new school menu's for both primary and secondary pupils. The introduction will commence in late May early June to allow site familiarisation of the menu. This period will be used as a full trial thereafter all schools will be operating fully with the new menus at the start of the new term in August 2018.
- 4.2.3 Catering staff through their work with Hearty Lives Groups and the School Nutrition Action Groups in High Schools, are undertaking an event in Johnstone HS in May

2018. This consists of senior pupils preparing meals to be served to both fellow pupils and members of staff in three separate sittings.

Soil Association Food for Life Served Here

4.2.4 The work being undertaken in Primary Schools in conjunction with the Soil Association Food for Life scheme, is being extended into the Secondary Schools and they are currently providing assistance with menu options.

5. Workforce Development

5.1 Facilities Management - Hard Services

- 5.1.1 As part of an annual ongoing commitment to apprenticeships, trade apprentices are employed by the Building Services operation. Currently there are 7 trade apprentices and 3 adopted apprentices progressing through their training programmes both at college and on site. Quarterly reviews are carried out by Managers and the Training Coordinator to monitor progress.
- 5.1.2 Building Services also provides the opportunity for pupils from local schools to visit the depot for the day to learn about different apprenticeships within the construction industry. The pupils also participated in practical exercises in electrical, joinery, painting and decorating, with the assistance and guidance of existing Building Services apprentices.

5.2 Facilities Management - Soft Services

- 5.2.1 Soft Services continue to make a strong commitment to provide opportunities through both Project Search and Traineeship programmes of the authority. These programmes are having a positive impact on all individuals both mentors and trainees, the participation of Soft Services is being put forward for consideration in the COSLA awards for 2018.
- 5.2.2 A further phase of a Cooking Skills Development Course for catering staff will be rolled out on August 2018. This course has been designed specifically to meet our needs and is being delivered by West College Scotland on its Paisley campus. The feedback from participating staff is very positive.
- 5.2.3 Partnership working continues with Invest in Renfrewshire, as part of the Employability Fund, has provided opportunities for work experience for 4 candidates within the school catering service in 2018. These candidates received food hygiene and first aid training from Invest in Renfrewshire and were given work placements, providing them with relevant experience to assist them in their search for employment.

6. Performance Update – Indicators and Targets

6.1 The table below summarises target and actual performance for key performance indicators for both Environment & Communities and Facilities Management (Hard &

Soft Services) and benchmarking targets under each of the key change themes for 2017/18.

•	,	eals in primary and secondary schools			
75%	73%	Free school meal uptake for 2017/18 was 73%. This is slightly below the target of 75%.			
		A new primary school menu has been introduced with a number of new options following consultation with staff and pupils.			
		Following inspection by the Soil Association, the service has been re-accredited with the Food for Life Served Here bronze award for our primary school meal service an endorsement of the quality and sourcing of the food provided.			
		The service has worked with pupil groups within secondary schools to assist in the development of the new school meal menu.

ii) Facilities Mana	72%	In 2017/18, Environment & Communities dealt with 50 complaint investigations, 36 (72%) of which were dealt with within the agreed timescale. This is an increase in the numbers due to more rigorous recording on investigations. The service has not met its target for completing complaint investigation within timescale. To address the service introduced a new procedure was introduced to ensure that complaint investigations were highlighted to managers to ensure that the complaints were investigated to ensure the 20-day statutory target is met. Unfortunately, the target has been unable to be met due to demands on the service during the period of severe weather. However, this was a temporary issue and the service anticipates meeting its target in the coming year. d & Soft Services)
