## **1. Summary**

1.1 The Council has agreed procedures in relation to the submission of petitions including parameters for determining valid petitions and those areas where petitions would not be valid.

1.2 All valid petitions are to be submitted to the Board for consideration and a summary report is to be prepared on any petitions which are not considered to be valid in terms of the procedures. It is for the Board to determine the validity of such petitions.

1.3 A petition containing 1532 has been received in relation to the temporary cycle lane in Beith Road. Johnstone.

1.4 The Council at its meeting on 3 March 2022 approved the following Motions in relation to the cyler path:

“Council notes that during the lengthy trial of a temporary cycle lane on Beith Road, Johnstone, material changes have arisen since this council last considered this issue, specifically:

Ongoing difficulties in maintaining the lane free of debris and/or water, forcing cyclists out into the flow of traffic; road safety concerns regarding road users and pedestrians at the junction of Beith Road and Linn Brae; traffic going the wrong way on Beith Road due to uncertainty over road markings, and the impact on business along the route due to changes in parking layout.

Council also notes that public disquiet has remained regarding the installation and operation of this section of the cycle route. A requirement of the temporary cycleway was to gain and maintain public support during the trial period. This particular installation is not demonstrating that it is achieving that aim.

Council therefore agrees to the decommission/removal of the Beith Road section of the cycle lane with immediate effect and to examine alternative plans which would provide safe, off-road cycling provision for this area.”; and

"Beith Road Cycle Path

Council is dismayed at the effect of the cycle path on the Beith Road and instructs that all changes revert back to the initial set-up"

1.5 The Head of Corporate Governance considers that the petition is not valid in terms of paragraph 3 (x) of the procedures:

“Petitions about any decision we have made as a Council, or decisions a board, committee, joint committee or officer has made in the last six months”.

1.6 It is for the Board to determine the validity of the petition and whether they wish to hear it.

## **1. Summary**

1.1 The Council has agreed procedures in relation to the submission of petitions including parameters for determining valid petitions and those areas where petitions would not be valid.

1.2 All valid petitions are to be submitted to the Board for consideration and a summary report is to be prepared on any petitions which are not considered to be valid in terms of the procedures. It is for the Board to determine the validity of such petitions.

1.3 A petition containing 30 signatures has been received from Mrs C Wilson in the following terms: -

“ Things are so so for now but think that’s down to the weather not been so good as that seems to escalate it. I have been to most of neighbours doors to find out there thoughts regarding some of the tenants in the maisonettes. Most of them are not happy with the antisocial behaviour that’s been ongoing for few years now and have said they have reported it many times but nothing ever was done. I asked if they would like to add their names to a petition to have council do something about the types of tenants that are being allocated these flats. Especially the bottom flats. So i have collected 30 names and addresses of neighbours that wish something to be done about this. I will forward this list to you. The boxes that cover electric meters are all knocked off and noticed that the grass has not been cut. Not sure if its because of litter on the grass”.

It should be noted that sections of the Petition have been redacted as they have identified an individual.

1.4 The Area Housing Manager has advised that Renfrewshire Common Allocation policy is based on a group plus priority approach and has a clear focus on meeting housing need. The policy has been developed to be compliant with housing and other relevant legislation, and also takes account of good practice guidance from the Scottish Government and the Scottish Housing Regulator. This includes the standards set out in the Scottish Social Housing Charter.

By allocating, the Council means the process of selecting people from its housing list, offering a house and, if accepted, signing a tenancy agreement with the tenant. The Council's housing list is divided into five groups – Homelessness, Mobility Group, General Applicants Group, Transfer Applicant Group (with housing need) and Transfer Applicant Group (no housing need). The Council will allocate housing according to targets for the proportion of lets to each group. Allocation targets are set to ensure that those in housing need receive an equitable share of allocations.

1.5 The Investigator, Communities & Housing Services has advised the anti-social aspects of the complaint are currently being investigated and that one resident has been interviewed. This investigation was passed to the Community Safety Hub for investigation.

1.6 The Investigator advised that in April 2021 due to covid restrictions, home visits were not being carried out, however a leaflet drop and calling cards were posted through properties in Foxbar Crescent to encourage residents to make contact, should they wish to, and report any potential anti-social incidents for investigation. An introductory letter was sent to one resident explaining the reason why they were under investigation and informed that their behaviour would be monitored until the conclusion of any court proceedings.

1.7 Since the commencement of the Investigation, Police Scotland had been at Foxbar Crescent on numerous occasions. The petitioner first made contact on 27 April 2021 however, this was a complaint about a garden party by the occupants at another address in Foxbar Crescent.

The Investigator indicated that complaints tended to be generally about the residents of the flats in Foxbar Crescent and not any specific flat. Throughout the investigation there have been general complaints from witnesses regarding the occupants and the aesthetics of the flats in general. A further leaflet drop and calling cards were delivered to houses in the area in August 2021, this again resulted in generalised complaints but none specifically about any named individual.

The Investigator intimated that on 10 December 2021 a warning was issued to an individual due to anti-social behaviour.

1.8 The role of the Board is to consider the petition and take the appropriate action in respect of the petition which will be one of the following: (a) that no action is taken, in which case the reasons will be specified and intimated to the petitioner; (b) that the petition be referred to the relevant director/and or policy board for further investigation, with or without any specific recommendation; or (c) refer the petition to another organisation if the petition relates to that organisation. The principal petitioner, together with one supporter has been invited to attend the meeting.

---

## **2. Recommendation**

2.1 That the Board hears from the principal petitioner.
