### 3. Focus on Johnstone and Villages

- 3.1 The table below details the number of incidents reported in the Johnstone & Villages Local Area during Quarter 4, 2017/18 (01 January to 31 March 2018). The Renfrewshire Community Safety Partnership continues to target resources into identified hotspot areas.

Incidents Reported	Q4 2016/17		Q4 2017/18	
	Ward 8	Ward 9	Ward 8	Ward 9
Serious Violent Crime (all Gp 1 Crime)	5	4	3	1
Minor Assault	23	20	20	18
Drug Crime	12	47	14	15
Disorder and Antisocial Behaviour (ASB) (number of calls)	205	166	167	160
Vandalism	37	23	39	25

- 3.2 **Ward 8:** Serious Violent Crime reduced by two crimes to remain at a very low level (three crimes in total), whilst crimes of minor assault, and calls for anti-social behaviour and disorder, both also reduced slightly. Drug crimes and vandalism both increased very slightly, with drug crimes remaining at a low level with 14 crimes recorded. Crimes of vandalism increased from 37 to 39 crimes, with the most common issue being the smashing of windows (mostly motor vehicles but also residential property), however no significant repeat victims or complainers were identified. Peak days/times were noted as Fridays and Sundays between 7pm and midnight and resources have been deployed to these areas during this time.
- 3.3 **Ward 9:** Reductions were noted across four out of the five crime/incident types, with only crimes of vandalism displaying a very slight increase (by two crimes from 23 to 25). Serious violent crime reduced by 3 crimes with only one crime recorded during the quarter, whilst a significant reduction of two-thirds was noted within drug crimes. There were no significant repeat victims or locations identified within the crimes of vandalism, however peak days and times were identified as Wednesdays between 2000hrs and midnight.

#### **Renfrewshire Wardens' Antisocial Behaviour Calls**

- 3.4 62 antisocial behaviour calls were received by the Renfrewshire Wardens' service for the Johnstone and Villages LAC area during January to March 2018 which is a significant decrease compared to the 96 calls in the corresponding period in 2017. 831 patrols took place within the Johnstone and Villages LAC area, many in response to these calls. The antisocial behaviour calls made to the Wardens help the Community Safety Partnership to respond to and direct resources across renfrewshire. During the same time period, the number of calls to the Noise Team reduced significantly in both Wards 8 & 9 by more than 35%. Warning Notices issued also decreased which corresponds to the reduction in calls.

## 4 Environmental Enforcement and Improvements

### Environment and Place - Team Up to Clean Up

- 4.1 Renfrewshire's Big Spring Clean event took place over the weekend of 20-22 April. Over 31 community clean ups were arranged across Renfrewshire. The event was promoted in participating local communities, on social media and in local newspapers. The Environmental Training Team and Aspire Renfrewshire also assisted volunteers across Renfrewshire.
- 4.2 The Team Up to Clean Up campaign has increased participation and continues to flourish and engagement with communities and schools has been encouraging. The Council has a growing community group contact list and engagement is developing well. The webpage is live, offering branded downloadable materials and community clean up packs, posters and leaflets to support activity. Community groups can publish their contact details, enabling those who would like to join events, or arrange their own, to obtain support and more information. 64 community clean-ups have taken place from October 2017 to April 2018. Despite the winter months, clean-ups were still arranged and well attended.
- 4.3 A Team Up to Clean Up Facebook page has been launched capturing a significant level of interest with over 300 members joining to date. The page is designed to be a resource for community groups to share good practice, promote events to likeminded individuals and facilitate discussion. The page has so far has prompted joined up working between two groups.
- 4.4 As part of the Team Up to Clean Up campaign, targeted enforcement is being used for environmental crime including fly tipping, dog fouling and littering. Whilst still early in the programme, enforcement has increased with the following numbers of fixed penalties issued across Renfrewshire:
- Littering – 23
  - Flytipping – 4
  - Dog Fouling - 5

### Responsible Dog Ownership Strategy

- 4.5 An innovative approach to tackling dog fouling has been delivered in 12 hot-spot streets in Renfrewshire. Community Safety Officers are reporting on the impact of the new approach which currently varies by location. When a street is confirmed as "severely" affected, StreetScene visit and clean the area. Pavements are then sprayed with a message "Someone in this street isn't picking up after their dog.... is it you?!", and signs are attached to lampposts. This approach is complimented by an increased Warden presence patrolling the area, delivering a zero-tolerance approach, with a number of Fixed Penalty Notices being issued for dog fouling.
- 4.6 As part of the Responsible Dog Ownership strategy, dog owners are being asked to sign the pledge that they are responsible dog owners. 102 people signed up to being a responsible dog owner in quarter 4 of 2017/18.

### **Vehicle Emissions Testing**

- 4.7 This bi-annual event took place on 28 March 2018 in Renfrew town centre. Community Safety wardens, working in partnership with Licensing Officers and Police Scotland, carried out emissions testing on light vehicles entering the Air Quality Management Area. 317 vehicles were tested including taxis and private-hire cars, all 317 vehicles passed with no fails. All drivers were given a Renfrewshire Council Greener Renfrewshire Vehicle 'Don't be an Idler' Information leaflet and an explanatory letter.

## **5 Protecting Vulnerable Residents**

### **Safe Kids**

- 5.1 Safe Kids is an annual interactive educational programme involving Renfrewshire's Community Safety Partners, delivering messages relating to a range of safety issues to every Primary 6 pupil in Renfrewshire (1,923 pupils in total). The aim of Safe Kids is to reduce the number of accidents involving young people, promoting positive behaviour and reducing risk taking behaviour.
- 5.2 Safe Kids was delivered at St Mirren Stadium during March 2018 with workshops designed to be interactive and short in length (10-12 minutes) to enable partners to communicate a range of vital messages in subject areas that can be difficult to discuss in the classroom.
- 5.3 Workshop topics included: antisocial behaviour; alcohol and drug awareness; internet safety; fire safety; litter & dog fouling; Railway Safety; Emergency situations; Who Cares Scotland and Street Stuff. Most of the workshops have previously been run successfully within the Safe Kids programme. New workshops this year included:
- **Railway Safety** - Learning about keeping safe at train stations and on trains and the dangers surrounding railway lines
  - **Who Cares Scotland** - To build empathy amongst young people, to understand a bit about what it means to be a child in care, how it feels, and how to help.

### **The Street**

- 5.4 'The Street' is an award-winning project based in Hamilton. The 20-minute hard hitting drama is delivered by young people aged 14-24 focusing on the potential impact and risks associated with knife crime; teenage pregnancy; domestic violence; bullying, sexual and mental health and drug and alcohol misuse.
- 5.5 Small groups of young people who came to the attention of the Community Safety Youth Team through their involvement in youth disorder visited the project on several occasions during January - February 2018. After watching the drama, the young people attend a workshop to assess and discuss the potential impact of their own behaviour on themselves and their community.

## 5.6 **Choices for Life**

Choices for Life is an innovative diversionary and educational initiative aimed at raising awareness amongst young people aged 11-18 about the dangers of substance use and misuse in relation to smoking, alcohol and drugs. It also offers online safety and advice on how to deal with negative peer pressure and provides useful resources for young people and parents, carers, teachers and youth workers at [www.choicesforlifeonline.org](http://www.choicesforlifeonline.org).

- 5.7 The 2018 Choices for Life event took place on 28 March 2018 at Johnstone Town Hall. It was attended by nearly 100 second year pupils from Renfrewshire's High Schools. This event focused on the dangers of alcohol and drugs with inputs from Police Scotland, RADAR, Scottish Fire and Rescue Service, Clubbercise with Active Communities and Renfrewshire Community Safety Services.

## **#ReadyWhenYouAre**

- 5.8 The domestic abuse campaign #ReadyWhenYouAre was implemented during February and March 2018 aimed at victims to make them aware there is no timescales for reporting domestic abuse. Police Scotland and their partners are here when victims are ready to report and available to be supported.
- 5.9 This multi-agency campaign was run in both Renfrewshire & Inverclyde by local partners who specifically work with victims of domestic abuse. These included Renfrewshire's Council Public Protection, Woman's Aid, Woman & Children's First, Barnardo's, Assist, Mind Mosaic and Police Scotland.
- 5.10 The campaign took the form of an innovative 60 second video where all partners relayed a simple message of what domestic abuse is. Thereafter each individual partner records their own video emphasising the work their organisation does and how their organisation can support a victim of domestic abuse before, during and after the reporting process. The key message from all partners is "We are ready when you are".
- 5.11 Each week of the campaign a video was released which was circulate on social media under the above "hashtag" in the hope to get the message trending on all social media platforms and to generate shares to help spread the message further.

## **I Am Me/Keep Safe**

- 5.12 By March 2018, the Primary School programme had been delivered to 36 schools and 7,159 children have participated. 2,461 children surveys have been returned and the headline results are as follows:
- 98% enjoyed the I Am Me visit;
  - 92% are more aware of bullying;
  - 91% are more aware of disabilities;
  - 99% know bullying is wrong;
  - 97% know it is important to report bullying;
  - 94% would tell an adult if they, or someone else was being bullied.

In total 10,528 pupils are booked to attend, with two schools to confirm pupil numbers.

- 5.13 Keep Safe is extending across Scotland, with 14 local authorities actively rolling out the initiative. There are now 366 Keep Safe places across Scotland, including 131 in Renfrewshire. The Keep Safe Ambassador programme is also going from strength to strength and now has 128 High School Ambassadors, 70 Police Scotland Youth Volunteer Ambassadors, 35 Ambassadors with a learning disability and 50 Keep Safe Ambassador trainers across Scotland.

## **6. Building Safer Communities**

### **Best Bar None**

- 6.1 Best Bar None is an accreditation scheme which rewards high standards and good practice in the licensed trade sector. The Scottish Business Resilience Centre (SBRC), who run the Best Bar None scheme in Scotland, are providing the administration and assessment for the Renfrewshire scheme this year. 7 Renfrewshire venues applied to the scheme this year, and all have achieved Gold standard. 4 of these venues applied for consideration to the National Awards and 2 venues, Bar Varia (Independent Bar) and Kilty Kilty (Innovation in Social Responsibility) were the short-listed as national finalists in the Best Bar None Scotland Awards in March 2018.

## **7. Diversionary Activities**

### **Street Stuff**

- 7.1 Street Stuff continues to deliver a variety of activities throughout Renfrewshire. There were 31,218 recorded attendances in 2017/18. In addition to the normal scheduled timetable during this quarter, extra afternoon sessions were arranged during the school holidays in February at the Paisley 2021 Stadium with attendances averaging 65 per day. Activities during these sessions included football, dance and bus activities. Each participant at the sessions was provided with a healthy meal.
- 7.2 The table below shows Street Stuff activity and attendance in the Johnstone and Villages LAC area from January to March 2018:

Venue	Attendance
McMaster Centre	385
Wallace PS	44
Auchenlodment PS	61
Total	490

- 7.3 Funding from this LAC in 2017/18 has allowed Street Stuff to deliver extra sessions in local areas. In total Street Stuff has provided 6 sessions over 6 days per week in the winter months in the Johnstone and Villages LAC area. The Street Stuff buses are also out during the 6 evenings and are moved depending on need and the requirements of the young people.

(Details of Street Stuff activities and the up to date timetable are available on the council's website using the following link  
<http://www.renfrewshire.gov.uk/article/2381/Street-Stuff.>)

### **StreetDoctors**

- 7.4 Violence is the third leading cause of death in young people in the UK. Many of the deaths occur because people that are witness to violence panic and do not know how to help. Others do not know the consequences of violence, for example many young people believe that a person will only die if they are stabbed in the chest.
- 7.5 StreetDoctors is a charity that works to end youth violence by giving young people at risk of violence the skills and confidence to be able to help in a medical emergency, whilst also teaching them the true medical consequences of violence. In 2017, 84% of young people attending StreetDoctors sessions said that they would be willing to act if someone needed first aid, and 95% said that they understood the consequences of violence. StreetDoctors training is taught by a group of over 350 volunteers who are either medical students or junior doctors.
- 7.6 Street Stuff staff received StreetDoctors training on 21 February 2018. The training session covered 'What to do when someone is bleeding' and 'What to do when someone is unconscious'. It showed the medical consequences of carrying a knife, and offered a safe space to discuss willingness to help a victim. This lifesavers training will now be rolled out to young people in Renfrewshire at various Street Stuff venues throughout 2018.

---

**1. Summary**

- 1.1 Renfrewshire Council approved in December 2017 a second phase of consultation on the Review Of Community Level Governance Arrangements, to take place between 22 January and 15 April 2018. The purpose of this consultation was to seek views on a set of nine proposals for change that were based on views expressed during the first period of consultation during autumn 2017.
- 1.2 Engagement took place based on a consultation paper, with responses invited either online or in hard copy. Public meetings and drop-in sessions were also held to enable face-to-face discussion on the proposals. The proposals were also presented and discussed at all five Local Area Committee meetings and officers also attended meetings of community groups on request.
- 1.3 A paper setting out the response to the consultation on the Review of Community Level Governance Arrangements was submitted to Renfrewshire Council on 3 May 2018 and was agreed. The full paper presented to Renfrewshire Council can be found at:

<http://renfrewshire.cmis.uk.com/renfrewshire/Meetings/tabid/70/ctl/ViewMeetingPublic/mid/397/Meeting/2216/Committee/3/Default.aspx>

- 1.4.1 The next stage of the Review will be to develop finalised proposals, taking into account the views expressed during the consultation period, for agreement by Renfrewshire Council at its meeting on 28 June 2018. Recommendations of this report will be implemented during 2018/19, with continuing dialogue with communities on the details of this implementation.

What does your Organisation/Group do?	1.10	To provide a vehicle for the wider community in the participation of and in the act of singing and appreciation of listening to choral music. To add to the cultural and creative heritage of Renfrewshire and its villages. To provide an opportunity for the singing of a wide variety of music from early music up to and including 21st century composers. To promote the health benefits of music as a whole and the joy of singing in particular.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide honoraria for two singers from the Royal Conservatoire of Scotland to work with the Kilbarchan Singers for a season. To assist with the purchase of music to allow the Singers to expand their repertoire to include more music of current day composers of choral works. The Kilbarchan Singers has felt for some time that it is important for young people embarking on a singing career to have the opportunity to work with an established choir - particularly one with a variety of ages and abilities. Through the success of previous LAC applications it has been evident that the contribution of these young people has benefited both them and the other members of The Kilbarchan Singers. Their contribution has enabled The Kilbarchan Singers to participate in events in and around Renfrewshire as well as in an annual event in Glasgow. This participation has allowed the young people the opportunity of singing in a variety of settings which would otherwise be unavailable to them. Through this collaboration both parties have undoubtedly learned from each other resulting in much improved choral singing for all concerned. As regards the singing of more modern choral pieces this has been identified through recent surveys carried out at concerts and asking what our audiences would like to hear more of. We will provide honoraria for one student from the Royal Conservatoire of Scotland to assist them in working with us. (The Kilbarchan Singers undertakes to fund from its own resources a	

		<p>second singer from the Royal Conservatoire of Scotland for the equivalent length of time). We intend to purchase more contemporary choral music pieces to allow us to fulfil the wishes of our audience whilst at the same time challenge the sight reading and singing ability of the choir and its members. For the students involved they will benefit from the experience of working with singers of differing abilities to their own, resulting in their sharing their knowledge and singing ability to help those singing alongside them. This experience gives them an understanding of teaching techniques which they may not be aware of when only singing with their fellow students. The Kilbarchan Singers will add to the cultural and musical life in Renfrewshire, both for the members of the choir and their audiences. It has been proven that singing improves breathing, lung capacity and posture. It is also beneficial for the mental welfare of participants and improves self-esteem and builds confidence in the individual. The act of sight reading new and challenging music keeps the members mind and musical ability sharp and ensures that the ability to read and interpret music is not lost over time. The act of performing on a regular basis provides great enjoyment to both those who participate and those who come to appreciate.</p>

For this we need support to pay the rental charges for the various meetings. The forum members who are mainly in their seventies and eighties are regular in their attendance at the activities. Weekly Tbar held in the McKillop bar lounge on Tuesday mornings and run by 3 volunteers from within the forum membership. A small charge is made. The proceeds go towards a fish tea also held in McKillop for forum members. Craft class on Tuesday afternoons. Two volunteers one teaching the group, the other dealing with admin. A charge of £3 is made and used to buy materials for sewing and craft projects. Also to make a donation to our teacher who does not charge for her services. A further £1 is asked so the group can have lunch out twice a year and at no expense out of forum bank account. Originally to have something permanent, inviting and rewarding for the senior community. This has expanded over the last 15 years or so and is a great success. It started with the monthly meetings. These meetings have grown through trying to make them as interesting as possible. Attended by our local councillors who each speak to the assembly and listen to their issues. We have speakers on a wide variety of subjects. Health, wellbeing, history, environmental issues. Police, fire service and RC advising on benefits, recycling roads, pavement and gritting etc. The weekly ROAR lunch club is staffed by two groups of forum members on a rota basis. This club also provides activities after the meal on many interests including exercise and music/singing. A real positive is the enjoyment generated. Continue as we are doing all year round. There's always room for improvement and we are open to ideas. Many members	

		but by no means all would not leave their homes were it not for the forum activities. It's much enjoyed and appreciated. We also have two bus outings each year. Within around a half hour journey and the destination are chosen by ballot. A levy is asked for this usually £5. We have St Andrew's and Burns' lunches. Again a £5 levy is taken. To help cover the costs. To be in a position to keep all of the above running. As mentioned collectively the activities are popular. Part of their lives. Also in many ways we can all watch out for each other by meeting regularly. People keep in touch and we all know if anyone is unwell etc.

To provide an opportunity for school brass pupils to take part, and play alongside their local band, with input from a conductor/band trainer. In both 2016/2017 and 2017/2018, Johnstone Band organised a workshop and concert for school pupils. The event has been well received, and we had a superb concert in each year, which friends and family were able to attend at no charge. To improve engagement and build commitment, we'd like to add a series of band classes, culminating in a workshop and concert event which builds ongoing relationships with the instrumental music service and local brass pupils. We will organise a series of brass classes, plus a workshop and concert aimed at school pupils, using funding to engage a conductor/band trainer, cover travel and accommodation costs, and hire a suitable venue, providing music and support from the band. We want to be as inclusive as possible and offer the event free of charge. We expect to encourage more pupils to participate, and that they will be more aware of how they can continue to play in a brass band when they leave school. Playing in a band setting promotes team working and a sense of community, provides opportunities to make long term friendships, and supports good mental health and wellbeing. Encouraging support from family and friends means that the investment in brass tuition has a much wider return.</p>

What does your Organisation/Group do?	1.10	We aim to host a 12 day arts festival for Lochwinnoch and surrounding areas of rural Renfrewshire. We believe that art in all its forms has a positive and nurturing influence on wellbeing and health. In addition, art can bring different parts of the community together and enhance the quality of life for those living in or near our village. Furthermore, the festival bring considerable numbers of visitors to the village who use the businesses and facilities thus helping sustain business and employment and rural economy in the lochwinnoch.

(Please use a separate sheet if required)	2.3  2.9	The purpose is to deliver a quality art event for the 18th year for the residents and visitors to Lochwinnoch from Renfrewshire and further afield. Art and participation in the arts is well known to provide social cohesion and wellbeing. We have almost no public transport that can take residents directly to the larger towns and cities for residents to access art and entertainment. We only have a small bus that takes residents to Johnstone. In addition, we have a railway station one mile outside the village with roads that often floods and there are often no links to and public transport. Thus, we have over the years developed the festival to let those with low income or no cars to access the arts. We have been running the only Multi Art Festival in Renfrewshire for 17 years which has showcased our village and many artists in the village and lets all the residents access the arts. We have recorded footfall and participation which grows yearly to over 3500 attending and or participating. The funding will allow us to provide quality publicity and information to our village Renfrewshire residents and people from further afield to visit Lochwinnoch and Renfrewshire. The outcomes are to deliver as many forms of art and culture over the festival to the community and Renfrewshire. Not only in performance but participation and

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To purchase Christmas lights for Stoddart Square and Main Road to enhance the Christmas feeling in the village and to encourage more community interaction. It will provide a focal point for the village during the festive season for years to come. Over the last few years we have held community events around the Christmas tree lights switch on. The council kindly provides some lights for the tree and whilst this is very much appreciated they are somewhat sparse. We have built up our attendance and our donations to charity from the events over the last few years. As an example of this, last year we came close to £1000 being given by the public for raffles and visiting our Santa Grotto which allowed us to give over £500 in charity donations. We would like to purchase street lights to have them to install and turn on at the same time as the Christmas Tree is switched on. We hope to build on this initial outlay by buying more lights from the money we make at the Lights switch on event we have been having year on year. We feel that if we continue to build on this then having our own lights to make the event bigger and better would go along way to increasing footfall and making the event more magical for the children of the village. Having lights on Main Road would also bring our event to the attention of passing traffic going to and from Paisley and Johnstone. The anticipated outcome is that Elderslie will have enchanting up to date Christmas Lights in the centre of the village which can be enjoyed by all members of the community and those passing through it for many years to come. The lights will make the village significantly more festive and attractive, in line with surrounding villages. It will also increase business to the local area.

What does your Organisation/Group do?	1.10	Renfrewshire Leisure's main aim is to provide facilities for recreation, sport and cultural pursuits which are of maximum benefit to the community and in doing so ensure this provision is truly inclusive. There is no doubt that sport and culture can bring real benefits for communities and individuals alike and participation in physical activity can make a significant and positive contribution to many areas of our lives. It is vital that everyone has the opportunity to participate and through the following services Renfrewshire Leisure will provide a range of programmes, projects and initiatives which target inequalities and aim to improve life chances for the most disadvantaged as well as providing all with opportunities to improve the health, wellbeing and the learning environment of the population of Renfrewshire in general.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Johnstone & The Villages  LAC Applying to: Johnstone & The Villages	
How much grant funding are you seeking?	2.10	<b>£10,00.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	Fully Inclusive, breakfast, lunch & after school clubs. The project will use extra-curricular sports clubs as a tool to engage all primary and secondary aged children into an inclusive, safe, fun and active environment. Sessions will be delivered by professional coaches and will allow the children to engage in free sports and activities. The project will be delivered within Johnstone High cluster and Johnstone primary schools. Over a period of 26 weeks each schools will receive additional sports clubs during either breakfast, lunchtime or after school. If successful, this funding would provide the opportunity to increase participation by over 14,000 attendances. The project will provide young people and secondary pupils with the opportunity to train, coach or volunteer in a structured pathway, whilst developing an essential skill set for further education. It will provide employment opportunities, promote better health and wellbeing and engages hard to reach groups including those from SIMD areas, girls and young women and those in rural areas without access to local facilities such as such as Lochwinnoch. School clubs. The funding will enable additional sport and activity sessions to be offered in the Johnstone	

		<p>High Cluster and the Villages schools. The sessions will be delivered during lunch time and after school clubs for easy access and to promote equality and a healthier engaged community. Employment opportunities. Lack of employment opportunities- pupils in the high schools can access UKCC coach education, potential future employment with Renfrewshire Leisure (RL) and be utilised to volunteer and eventually coach at clubs &amp; community classes in and around their schools. As highlighted in Scottish Index of Multiple Deprivation (SIMD) the Renfrewshire area particularly Johnstone and Linwood are in the top 31% most deprived for employment in Scotland. School Sports and Activity Clubs . More children and young people engaged in sport and a reduced drop out level between the transition from primary to high school. By having the confidence and familiarity with the programme and school setting, participants will be more likely to engage in sports clubs which can avoid increasing drop out rates shown in national statistics. We aim to promote physical wellbeing of the participants, install a sense of achievement and a higher sense of self confidence. Work to overcome the barriers to participation such as poverty, disability, lack of facilities in rural areas and drop out stages for girls and young women. We aim to improve the overall health and wellbeing of participants involved as we strive to break down the barriers. RL will provide first aid and child protection and look to support any further training needs of coaches and volunteers. Those involved can build on coaching skills, personal qualities, team work and transferable skills into other sports and potential employment. They will be able to plan and lead sessions, create safe controlled environments and complete risk assessments that are key employment skills in many trades. School club links will be developed to encourage a pathway into the young person's preferred sport. Change of perception of sport as we create positive image and strong role models in both the participants and deliverers. The young people have a chance to become the future volunteers and coaches. We aim to create a sustainable project that can continue to grow in Renfrewshire based on the success of the current programme and the pathway implemented. We aim to provide access to sport and physical activity that can be somewhat expensive as this is a major barrier in such areas of deprivation.</p>

How much grant funding are you seeking?	2.10	<b>£700.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3	To celebrate the life and times of Sir William Wallace with a national day dedicated to one of Scotland's favourite sons. Our day begins with a march from Johnstone to the Wallace monument in Elderslie where speeches and a wreath laying ceremony shall take place; there will also be depending on budget onsite attractions. We also hire Elderslie Village Hall for the purpose of a social gathering after the event and a place to hold our ceremony in case of bad weather conditions. When the Elderslie monument was first unveiled in 1912 there has been a commemoration every year since, it has grown in size and nature, there has always been a march and a closing ceremony. The society has, I'd say developed it over recent years to reflect on an important part of Scotland's culture and history and not exclusively just for locals, people come from far and wide to take part in the atmosphere, this year we have folk coming from places like America and Argentina. It will remind people that William Wallace was very much a part of Renfrewshire's history and perhaps make them aware that he was one of their own, hopefully they may want to learn more and either find their own way to educate themselves or get in touch with us for information. In the past this has led to school visits from ourselves and lectures at local libraries etc, this year we thought we'd try and involve the older generation with proposed visits to care homes etc. Awareness of history not just being something that other people do. The fact that Wallace was one of our own and should never be forgotten and we regularly get folk coming up to us at the end of the day saying they didn't know. People often join the march on route just out of curiosity and that is always very rewarding. We like to think that we do it in a family friendly fun day kind of way and in recent years

Address/based	1.3	Lochwinnoch Community Annexe, Lochlip Road, Lochwinnoch, PA12 4EA	
What does your Organisation/Group do?	1.10	We wish to develop the existing Lochwinnoch Annexe by introducing a wide variety of clubs of interest to various ages, increase availability and accessibility to the annexe. Our vision is to enhance the whole Annexe giving the local community a beneficial, accessible and enjoyable facility. In developing the availability, functionality and accessibility of the premises, we will be offering a safe environment for all generations to participate in sports, creative crafts, fitness clubs, learning to socialize and integrate across the generations. To develop and maintain a true sense of values and the importance of all individual's contributions to their community.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Johnstone & The Villages  LAC Applying to: Lochwinnoch	
How much grant funding are you seeking?	2.10	£9,990.00	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	The Annexe is badly in need of refurbishment. The clubs we have managed to start have stated "the state of the interior is a bit off putting" and affects the enjoyment of the activity within the Community Annexe. We wish to maintain the existing clubs and develop more but we need to provide a safe, relaxing, comfortable and enjoyable facility that can be "talked up" not down. We spoke to all people attending clubs or activities held within the annexe. The age group ranges from 7yrs old to 60 years young and they all complained about the interior. We also spoke to people within the community and asked "what would draw you into the Annexe" most people replied "an upgrade to the facilities interior would definitely help and entice them in to give it a try. They agree that a facility of its size and location is a valuable asset to the community and surrounding villages. It provides a safe environment for them and their children, especially during the long winter dark nights. We sought advice and estimates from painters and decorators, estimates and advice from several different flooring companies, and sought prices and estimates from other sources concerning the doors and blinds. Our next step was to see if there was any funding available to progress with our vision of refurbishment. Refurbishment of the Annexe will provide a safe, relaxing, comfortable, centrally based facility in the community. Many of the people already attending clubs have volunteered their own time to help with the refurbishment. With the grant, we can push on with the refurbishment, involving clubs along the way. This creates a sense of belonging and	

		<p>purpose. There is already a buzz of excitement just with the discussions we have held and we strongly believe this feeling will spread throughout the community as we progress to starting the refurbishment should we be granted funds. We can use the local "Chatterbox" paper to inform the community of our progress, inviting them along to see and input their ideas as we go. Being part of this venture, allows the community of all generations to come together be more actively engaging with each other and developing greater understanding and trust. An enhanced Community based Annexe which will appeal to all generations offering clubs and facilities to cater for all generations. The development of more clubs covering a wider range of interests and sports, being able to offer a youth meeting place that doesn't feel like the old fashion "youth club", comfortable, relaxed and safe. With these clubs, we aim to help expand, develop and boost self-esteem within individuals, giving them the opportunity to shine within their own comfort zone. The Annexe will be more appealing to other groups looking for a meeting place. Being able to invite other groups of clubs from outside the community to come and see what Lochwinnoch has to offer.</p>

(Please use a separate sheet if required)	2.3  2.9	We are planning a number of events throughout Renfrewshire. The events will be such as to encourage participation in physical activity and to inform on local and world events such as Food banks and Fair-trade. As a precursor to these events we hope to attract new members to share in the values of The Boys' Brigade and provide them with an opportunity to attend regular clubs as a diversion to anti-social behaviour. Renfrewshire residents in each LAC - Paisley South 198, Paisley North 119, Houston Bishopton Erskine and Inchinnan 218, Johnstone Kilbarchan Elderslie Bridge of Weir and the villages 287, Renfrew and Gallowhill 83. Over many years we have been organising events to encourage more participation in values that we hope will be in line with Renfrewshire Council's Community plan, wealthier, fairer by holding events that will attract visitors and create business for local businesses. The activities will promote being active and healthier, safer and stronger. From a young age our boys and young men will learn that they are responsible for their own actions and preparation for the various events. All our events are based around developing young people to be the best that they can be mentally, physically and encourage their concern for others. All of our events will be organised by our activities committees which cover the whole age range of The Battalion from primary 1 through to 18 years of age. We hold 23 events which cover the wide	

		age range. These events will involve, sport, physical activities, arts and crafts, quizzes, swimming and fun days for our junior boys. Over the session we expect that an attendance of around 1000 Boys' Brigade members which hopefully through family and friends will attract new members. All these events require the support and input of leaders and volunteers to organise and run these events in addition to their normal and regular weekly involvement in their individual companies. It is our hope that many boys will take part in our arranged events which provide progressive training throughout the age range. We hope and expect to see improvements in the various disciplines that our events cover. We hope that together our programme of events will be a positive influence and will prepare our young people for and sustain them in their future lives.

What does your Organisation/Group do?	1.10	We aim to change attitudes and behaviours so that disabled and vulnerable people feel safe in their communities.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All	
How much grant funding are you seeking?	2.10	<b>£8,000 (£1,600 per LAC)</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>The #MakeaDifference programme is delivered to all Renfrewshire schools from p1-p7 and raises awareness of the range of disabilities, the impact of bullying and the consequences of hate crime. The funding will be used towards the cost of a graduate intern, who will help deliver the programme within the schools. It is also hoped that the experience will help the graduate intern with gaining valuable knowledge and practical experience to help them gain permanent employment (e.g. someone seeking a role within the teaching or child care profession). There are over 1 million people registered as disabled or with a long term illness in Scotland (around 20% of the population). In Scotland, in 2016, 170,329 pupils (24.9 per cent of all pupils) had additional support needs. 5.3 per cent of pupils had social, emotional or behavioural difficulties and 2.1 per cent had a learning disability. 162,252 (95 per cent of them) spend at least some of their time in mainstream classes (Scottish Government). In Renfrewshire, there are 36,000 people registered as disabled or with a long term illness. Our 'Make A Difference' programme encourages children to embrace diversity and understand the range of disabilities and health conditions, discuss practical ways to support other people and give children the knowledge, confidence and access to report bullying and hate crime both within the school and the wider community. We received a gifted bus from Stagecoach, which we converted into a mobile cinebus (cinema and education unit). The Cinebus visits schools and children receive a programme tailored for their age group (p1-p7 and nursery). The programme has been designed to be progressive, so starts off very gently with a nursery book time called 'It's ok to be different', the programme then progresses to helping children understand the range of</p>	

		disabilities (visible and hidden), how to be a good friend, how to recognise and tackle bullying, through to the consequences of hate crime (p7 lesson). This means that the children will receive a new lesson each year and will build on the knowledge they have previously received. The programme was designed with Renfrewshire children and young people, so is exciting, innovative and engaging. IT is expected, that through time, children will become more accepting of difference and have the confidence to tackle/report bullying both within the school and the wider community. The programme is designed to empower young people and to help tackle prejudice based attitudes and behaviours.

We supply light food throughout the day and a main meal at lunchtime. Heating and lighting are used as required. We support the church in the use of the hall and in particular the cost of the power used by our organisation. A few people who had come through life issues wanted to help other with similar life challenges. When the Drop In was established, food was a small part of the work done. Some of the folks who used the centre asked if food of a more substantial nature could be provided. At the same time the premises we used was undergoing redevelopment with a modern well equipped kitchen being installed. It was therefore felt that we could provide fuller meals which were appreciated by those using the Drop In. We will provide support and friendship to those who need this type of relationship while also providing good quality food both of which will assist in improving their well being. Providing food also encourages folks to come in allowing the overall aim of the project i.e. to engage with those in need to be fulfilled. That part of the funding not included within this application (and, indeed, all other costs) will be met from club funds. It should be noted that Renfrewshire Council recently approved a motion which seeks to assist the club in finding new premises within Renfrewshire which would allow the club, and other new clubs generated, to have a base locally, thus reducing or eliminating the need to seek LAC funding annually for the hire of ice at almost £200 per hour - which is expected to increase for season 2018-19 &amp; will know more about come August. To encourage more people to take up "The Paisley Pirates Experience", including following the club, enjoying a healthy life style &amp; making new friends through meeting like minded people of all ages. Paisley Pirates Ice Hockey Club was formed in 1946 and formerly played and practised at the Lagoon Leisure Centre until 2006, at which time Renfrewshire Leisure Ltd ended ice based activities at the venue. While Paisley Pirates were successful in finding alternative accommodation at Braehead Arena, the cost of hiring the ice has proved to be prohibitive at almost £200 per hour, causing such activities as junior ice hockey (which had 150 members playing every week) to fall due to insufficient funds, and other activities such as skating to move elsewhere. Pirates have on occasion gone further afield as far as Dumfries simply to find</p>	

	<p>available ice; such is the paucity of alternative ice provision in central Scotland. By comparison, Kilmarnock ice rink charges are in the region of £125 per hour. Paisley Pirates have this year appointed a second volunteer coach who has allowed more intensive training to take place, and the Head Coach was appointed to the Scotland Under 17 squad, demonstrating the desire and ability of the coaching strategy to develop young players. The strategy in team matches has also ensured that all players are allocated regular ice time (known as "shifts") to afford them continuous on-ice development. It will enable:</p> <ol style="list-style-type: none"> <li>1. The club continuing to provide a local focus for the sport, given that no other suitable venue is currently available.</li> <li>2. The continued development of on ice skills.</li> <li>3. The continued development of off-ice skills (eg adults with learning difficulties carry out tasks on match nights requiring numeracy/interpersonal/organisational skills. For example, supporters may arrange coaches to away matches which requires them to set prices, recruit fans to travel, arrange times/pickups, etc.</li> <li>4. The club to publicise the existence of the Paisley Pirates, an ice hockey team playing within Renfrewshire, through the local media, and maintain a significant profile for the club, the town of Paisley, and the wider Renfrewshire community. For example, the club has been invited for a second time to participate in a project produced by a Canadian tourist company, entitled "42 Best Ice Hockey Towns in Europe", which will see the production of a tourist booklet with a 0.25million circulation, which will publicise both Paisley as a tourist location and the Pirates as an ice hockey club.</li> <li>5. The club to continue attracting nominations for local volunteer awards. The club has won a number of such awards in past years, the most recent of these being in February 2018.</li> <li>6. Assimilate new members from the community into its group. It has recently introduced a Mascot, specifically targeting school children in particular, which will visit local schools on request and involve pupils in historical discussions about Pirates, coming to see their local community club and enjoying a healthy lifestyle.</li> </ol> <ol style="list-style-type: none"> <li>1. What does your Organisation/Group do?	1.10	To promote, foster and encourage participation in ice hockey at junior level. To provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. The club has an open membership for children aged 7 to 17. To carry out the hiring of 2 practice sessions weekly (without placing too much extra financial burden on the participants to allow as many as would wish to take part in the sport) allowing the children to learn techniques and drills, to learn the discipline of team sport, be very active and have fun whilst improving social skills, team building skills, confidence, health and wellbeing and increasing fitness levels. To ensure a duty of care to all members and to provide all services in a way that is fair to everyone whilst promoting equal opportunities for all, with anti- racism and anti- discrimination underpinning and informing our aims.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All areas	
How much grant funding are you seeking?	2.10	<b>£3,275.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To be in a position to continue to offer junior ice hockey training to all who wish to participate, at an affordable cost which makes the club available to anyone who wishes to join. Our players range in age from 7 to 17, with both boys and girls, of different social backgrounds and nationalities, taking part. They learn the skills and drills of the game in an atmosphere of fun combined with the discipline a team sport offers. It's a great way too, to keep fit and active and make lots of new friends. We will provide the opportunity for as many youngsters as possible (7 to 17 years of age) to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players. Last season's unexpected rise in hire costs (from £180 to £191 per hour) plus a new security charge of £75 per	

		<p>hour, increased our ice costs to £265 per hour - a rise of 46%. We understand that security is a necessity in this day and age, however the increased costs have placed an added financial burden on our players' parents. We have been supported by grant funding from Renfrewshire Council for a number of years, with our applications reducing in amount year on year. This latest increase threatened the future of what is a very successful club and grant funding, along with already instituted higher fees and continued fundraising, can help secure the future of Renfrewshire's only grass-roots, junior ice hockey club. We will provide the opportunity for as many youngsters as possible to participate in our sport through our "Learn to Play" initiative. Grant funding would ensure that participation remains affordable to all, whilst providing sufficient ice time to allow our players to progress their skills, partake in twice weekly physical activity and have a positive, healthy focus. We will also develop coaches, some of whom are our older players, who also enjoy the social participation and physical activity. The funding from this LAC application would also enable the club to meet the cost of another set of goal-tending equipment to allow us to increase the number of goalies (which is beneficial to all players who have a more realistic game experience) and the provision of annual awards which is essential to the motivation and recognition of the young people's efforts and sportsmanship during the season. Involvement in team sport brings great benefits to those taking part – encouraging a healthy and active lifestyle, increasing confidence and self esteem, encouraging team work, making like-minded friends and, of course, having fun! There are opportunities to play ice hockey, competitively and recreationally, from age 7 to 70+ and many of the original intake at the Lagoon in 1992 are still regularly playing/coaching and will continue to do so well into older age, keeping fit in body and mind. At present we have boys in training who are playing with the Scotland and GB squads and many youngsters sitting on team benches throughout Scotland. We have female players in Scotland Ladies, progressing their hockey skills and training with others from around the country.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	<p>It is our aim to upgrade our regular Agility Show to be more professional and appealing. This would require electronic timing devices, communication equipment and a marquee. If we can raise the profile of the club to attract more participants and spectators to our shows, it will also raise the profile of Renfrewshire in general. As our shows have grown in popularity so has the demand for improved facilities, we have acquired through fundraisers, containers for storing equipment have had funds for prizes and portaloo's. We have some of the infrastructure to take the next step in our development and the feedback from our shows are generally positive, with observations that communication could be better and the need to shelter from unpredictable weather would be appreciated. It would improve the quality and accuracy of our events, participants would have confidence that the events would be run and judged in a professional manner; hopefully the improved facilities would encourage them to bring friends and family along. We would hope to gradually implement these changes, starting with our communication issues, the problems of relaying information, start times and results over a large field with chatter could be addressed by a modest PA System. A specific electronic timing system that is attached to the start and finish jumps would meet Kennel Club demands. When all components are pulled together we would hope to produce a show that Renfrewshire can be proud of, where we can educate dog owners on how to train and manage their dogs, and instruct new dog owners in the etiquette of dog</p>

Number of these children are living with grandparents carers (Kingship). The purpose of this project is to encourage youngsters to speak about their feelings through play and education where the youngsters are taught about illegal/and legal drug taking (good and bad drugs). Additionally the education aims are around healthy eating, keeping themselves safe. STIGMA??? The need for the project was identified due to grandparent carer feeling unsure how to explain to the children they are caring for about why they can't stay at home. Grandparents didn't feel they had the proper tools or skills to explain about illegal and legal substances. Additionally the role of social work and police. (Authorities). We will continue to address the needs of our local community and offer education through play around drink and drugs, healthy eating and mindfulness sessions. The grant will develop our mindfulness programme along with fitness, healthy eating and education around substance misuse teaching families that recovery is possible in any addition and teaching young adults they can break the cycle by healthy life choices. What does your Organisation/Group do?	1.10	As a Cancer Support Group, we bring people together to support each other through their cancer journey. We do this by promoting the benefits of friendship and laughter to those whose lives have been affected by this raging disease, promoting improved health and wellbeing by encouraging members to participate in various activities, including light exercise with a Renfrewshire Leisure qualified instructor, walking group, crafts, theatre outings and respite. We encourage people of all ages, abilities and ethnic backgrounds, helping them build confidence and self-esteem.

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To help cancer sufferers improve and maintain their overall quality of life albeit, physical health, mental health and general wellbeing. We do this with a support network of friends who understand and share their experience of the cancer journey, thus helping them to move on with their lives, with more mobility, motivation, friendship and a willingness to help others in a similar situation. We encourage our members to look to the future more positively by taking part in light exercise, walking, chatting over tea, crafts and companionship, thus alleviating loneliness and isolation. We are moving into new premises, enabling us to offer more facilities and more time for new activities such as cooking, massage, and a choir. We plan to open 3 days per week from March 2018 and hopefully 5 days per week subject to funding and recruitment of volunteers. The group was set up in Elderslie in 2015 after listening to cancer patients explain what was out there to meet their needs during and after treatment. Although there is some good support, it was deemed due to financial constraints that support was only there for a limited period thus not meeting their long term needs, which can lead to loneliness and isolation amongst other issues. Since setting up we have grown in membership and activities offered, from gentle exercise, to craft, walking group, cooking, social outings and respite, all of which have	

		<p>proved very successful. Now that we have secured new facilities we are able to offer a drop-in service Monday, Wednesday and Friday from March 2018. This year due to involvement with other outside agencies we discovered a gap for support for young people with cancer and their parents, and to this end we realised the importance of starting a group for them. It's amazing for us to see the overall wellbeing of the group, through the various degrees of support that is now available within the group. There is a more social contact and friendship with people who have been through a similar journey as they can discuss various aspects of their illness with confidentiality, including financial difficulties experienced through the loss of income whilst going through treatment. We have a walking group which meets once a month for a short walk and new knowledge of the surrounding area, we also have nutritionist and psychotherapist on board and this is proving very helpful with a positive health improvement. We ask our members what they like doing and try to implement it where possible. We are starting a choir in the very near future and have secured a choirmaster. From these discussions and talking with other network partners we have identified that we could help the wider community if we had an evening group, this is something that we will consider with a slightly different programme. Improved health and wellbeing for those who are having or have had cancer treatment, overall improved family relationships thus improving the overall quality of life for those affected by cancer. Aspiring individuals to try new things in life, or move on with their lives to whatever level they are happy with, and helping others in a similar situation.</p>

What does your Organisation/Group do?	1.10	Established in November 2010, Renfrewshire Effort to Empower Communities (REEM) has an overall aim to 'create awareness and increase participation of diverse Minority Ethnic communities in Renfrewshire' We are working to achieve those aims by delivering bespoke activities which are targeted towards diverse equality groups as defined by the Equality Act 2010. Our support is to engage with marginalised and disadvantaged communities to promote community cohesion, inter-cultural dialogue and mainstream equal opportunities.

A place people feel comfortable approaching for advice and advocacy. We see a wide range of people from different cultures with their own unique barriers, situations and needs. The centre is already helping a lot of people and the demand of the project has been overwhelming. There is a need to keep the centre 5 days a week due to demand. We are looking for funding to cover basic running costs. When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We ran scheduled information clinics as well as stay open 5 days a week for people who need to be listened to one-on-one. The centre serves as a first point of contact for people from immigrant communities. It is used by a variety of people including families, students, workers, asylum seekers and refugees; some of whom have little grasp of English while others need a translator to	

		communicate at all. We provide some much needed training; including ESOL, job matters, & awareness on other issues. The ethnic minorities will have a chance to engage within the wide community. The project will help People feel less isolated and more able to participate in the wider society and want to be part of it. Volunteers will receive training to allow them to develop their skills which will enhance their employability skills.

When various minorities leave their home countries they are faced with new customs and ways of doing things. They struggle to cope with life changing events without the support of family and friends and with no one to speak to within their new community. They do not interact for several reasons, including trust issues, language difficulties or religious belief. The project was initiated by a group of people who themselves went through a similar phase and are aware of the need. We will arrange activities and events aimed at promoting Black History Month among ethnic minorities and the wider community in Renfrewshire organizing workshop to school within Renfrewshire promoting Black History Month and also organising activities that will lead up to the event in November. Our group has set activities that our members have never had the opportunity to access, due to either not knowing they were there, or not being confident enough to get involved with them. The activities we have create awareness and increased participation of ethnic minority groups and managed to get as many people from as many cultures and nations involved to celebrate their own cultures possible. There has been some opportunities for specific national groups to come together to celebrate their own cultures, but, the main aim is to get very diverse	

		people engaging and other cultures and nations that are out there. Through these activities and events we have noticed increased participation and people willing to know more about services in Renfrewshire. Having a one stop shop for minorities in Renfrewshire and the discussions we have held with many people we recognize that many require to learn new things to become more able to join the wider community, as they agree that they would like to become more active in the community, be that participating in ongoing activities or looking to volunteer their own time.

What does your Organisation/Group do?	1.10	Our central aim is to promote interest, participation and progression of young people's knowledge and skills in traditional Gaelic music & language in Renfrewshire. This is achieved through the planning & delivery of year-round traditional arts activities for young people aged 8-18, including an annual tuition festival structured to highlight the musical, cultural & educational objectives of the Feis.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All 5 local area committees	
How much grant funding are you seeking?	2.10	<b>£8,814.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	Our weekly instrumental lessons offer young people aged 8-18 across Renfrewshire the opportunity to learn traditional music. Weekly contact time with some of Scotland's top traditional musicians give our participants the opportunity to develop their instrumental abilities. By developing a pool of local traditional music & song talent, we hope to establish a Fèis youth band and later this year, will pilot a Ceilidh Trail project giving young musicians the opportunity to tour across Scotland. Feedback received from our inaugural Fèis week event showed that 89% of participants would be interested in ongoing lessons. The top 4 choices for ongoing tuition were accordion, fiddle, guitar and singing and we have successfully delivered two years of weekly lessons already. Working alongside Feisean nan Gaidheal, our committee continues to develop the project and have recently began offering a new Gaelic Choir for young people interested in singing. We will run 37 music class sessions between Sep '18 and June '19 with lessons running from 10am-1pm on Saturday mornings during term time. Participants will receive age and ability appropriate tuition in streamed classes ensuring maximum learning benefit & enjoyment. Local tutors will be employed at Musician Union rates. We aim to attract 40 weekly pupils to our classes which will take place at the UWS Paisley Campus. After a successful pilot year, our Gaelic Choir will run for 37 sessions on Monday evenings during term time from 5:30pm-7:30pm. We aim to deliver these sessions to approx. 20 young people per week. A year-round programme will offer around 60 participants	

		the opportunity to develop skills in traditional music at an affordable cost as well as providing employment opportunities for 4 local tutors. End of term showcase concerts will bring together the community to celebrate the achievements of our students. We also aim to develop a youth band and a Ceilidh Trail in summer 2018, which will promote live traditional music in the community & add significantly to the local and national cultural calendar.

What does your Organisation/Group do?	1.10	<p>Renfrewshire Youth Voice is a non-partisan organisation that ensures young people's views are heard on a local and national level. We promote young people in a positive light. Our members are aged between 12 and 25 and membership is open to any young person living in Renfrewshire. We organise and host the annual positive about youth awards, local campaigns and hosting events for local and national elections. Our Aims as set out in our constitution are: To facilitate and organise activities for young people aged 12-25, who either live or regularly use services in Renfrewshire, to provide young people with a safe and friendly environment where they can participate in youth voice activities to ensure they have a say in decisions within the local area, to equip young people with soft-skills such as teamwork, organisational skills and improving their self-esteem and confidence, to alleviate the effects of poverty amongst young people, by promoting a culture of inclusion and tackling any forms of discrimination, to work with local organisations, business and the local authority in the best interests of young people.</p>

It enables young people to feel that their dedication (to whichever category they are nominated) is worthwhile and appreciated by the whole of Renfrewshire. The awards inspire the next generation to get involved in their community, using previous winners/runners-up as role models. Young people were not given enough recognition for voluntary and community work that gave a direct benefit to their peers and the local area. The awards have been organised and hosted by RYV for the past seven years. This is the Year of Young People, so the group aims to make this year's event bigger and have more of an impact locally. Planning has already started for</p>	

		<p>this year's event, with nomination forms for each category released in April. Nominations are sent out via social media, online and paper copies, before being collected and judged by RYV members. Films of the runners-up and winners will be made in advance of the event. The evening will be a mixture of awards, speeches and music/entertainment, giving people attending a fantastic experience in celebrating young people's achievements over the past year. The group plans on highlighting local activities that have commenced over the past year, as part of the Year of Young People. Young people are given more recognition for their dedication, hard work and achievements. The community is also made aware of whom these people are and the work they have done, in order to be nominated for a category. The young people can build confidence to continue the good work they do, with one winner last year approached to be part of a Channel 4 documentary. Previous winners have highlighted how the recognition they received spurred them on to achieve other things in life, as both their confidence and self-esteem were boosted by the awards.</p>

What does your Organisation/Group do?	1.10	<p>We aim to help parents and families whom has lost their baby, we help by covering funeral expenses, providing food hampers, paying electric and gas bills. We provide support that is urgently needed during this heartbreaking time as grieving parents don't think about food or bills at this time. We also help disabled and terminally ill children by purchasing specialist equipment designed to the child's needs. We fund memory holidays for the child and their families whom don't have much time left to spend together, by giving them a holiday it provides relief and gives a lasting memory for years to come.</p>

In doing so we will be able to help everyone in the surrounding areas by covering funeral expenses for parents who have lost their babies. We provide cuddle cots to ensure parents can have the option to bring baby home to allow private time to grieve before the funeral. Parents need support when it comes to funeral planning so we provide assistance for the journey ahead for them. This time is most crucial so we also cover electric, gas and food bills to give grieving parents peace of mind as during this time there's no thought about day to day life expenses for themselves. Our Paisley hive will provide help in many ways and allow families to come inside for advice and help. We aim to bring the community together and help each other. We realised we needed a hive in Paisley due to the amount of those needing help and showing support. We have had support from Paisley and Renfrew Councillors and many other people so due to this a second hive is crucial for us to grow and expand. We are in need of funding to open the hive and get it ready to help the people of Paisley and surrounding areas. By opening a hive in Paisley we will be able to support the local people and provide assistance to all those who meet our charitable</p>

We will use the funding to start to open the hive by purchasing the necessary equipment to have it to standard to provide support to the community. We aim to show the community support during a loss of a child instead of silence. Babies deserve respect no matter how old or days unborn and it's a rarely spoke about subject . We aim to get people to speak up about it more and not think their baby doesn't deserve a proper funeral or recognition due to their age regardless of when they were born sleeping or too soon. By doing this it provides mental support to mothers of all ages who have lost babies past or present. Our hive will be open to anyone who needs us. What does your Organisation/Group do?	1.10	To Fill a Gap, Help and support Renal patients who suffer from Chronic kidney disease pre and post Transplantation. Return To Life is the ONLY Renal Charity in Scotland with an office that supplies information and support regarding Renal Failure and its complexities with Dialysis treatment and transplantation as well as Organ donor awareness.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: All 5	
How much grant funding are you seeking?	2.10	<b>£3,140.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	Support kidney transplantees and prospective donors, before and after transplant operations by providing, mentoring relationships, opportunities for physical exercise and activities, counselling, structure and routine, family advice, general advocacy, health advice and preparedness for forthcoming life changes. Provide peer support for patients as well as prospective donors. Return To Life is working hard to fill a vital gap as no professional body, statutory or otherwise, provides this support at present and patients to a great extent are left to their own devices. The CEO, Stephen Blom, A local Renfrewshire citizen survived a Kidney transplant and has made a remarkable recovery which, to a great extent, was due to his generally excellent physical condition before the dialysis phase and subsequent transplant operation. Renal failure has a profound effect on patients physical and mental health with cardiovascular disease being a significant cause of increased morbidity and mortality compounded by a decrease in exercise tolerance and consequently the development of obesity issues which for patients with renal failure may preclude their access to renal transplantation with its attendant benefits of a transformation in their life expectancy, quality of life facilitating a return to the workplace. The charity aims to provide pre and post op physical training, health education, dietary and peer support for patients and donors supplementary to the care provided by the NHS services. We will provide Counselling, practical advice and companionship (mentoring). In summary, to our knowledge, and in discussion with Charity Ambassador Mr David Kingsmore, Transplant surgeon at the Queen	

		<p>Elizabeth University Hospital none of the above support services are presently available in Scotland. We passionately believe that we can facilitate the delivery of physical and emotional interventions to improve patients' life chances and deliver improved patient outcomes to keep the out of isolation and reduce the levels of fear and anxiety. Our aim is to provide a 'Sense of belonging' to patients (Especially but not exclusively to younger ones) and assist them to be up for the challenges that lie ahead and as fit as possible within the constraints of their condition. The experience and example of Stephen Blom is of critical importance at the early stages of the charities development. Nothing will reduce the trauma of Dialysis and or transplant surgery, but success in what we do will reduce the fear, anxiety and isolation in patients, during life changing experience. As well as helping patients physical and mental health, thus enhancing their chances of a success physical outcome, they will feel part of a community that really cares about their total well-being and re-integration. This is an interesting example of the inequality that transplant recipients encounter, i.e. many lose their careers and lifestyle due t their illness. Employers often do not want to employ / re-employ transplant patients because of a perceived stigma that they will be poor workplace attendees etc. If we help them get fitter we can surely ameliorate this perception to a large degree.</p>

(Please use a separate sheet if required)	2.3  2.9	The purpose of the project is to study the practice of orchestral music, in order to foster public knowledge and appreciation of the same by means of public performance. It was recognised that people who learned orchestral instruments during school should be given the opportunity to continue to develop their skill. The general public in Renfrewshire should have the opportunity to hear orchestral performances in Renfrewshire. This is the only Orchestra in Renfrewshire other than school groups. It will give the opportunity for musicians to develop skills in performing the orchestral repertoire. It will give the citizens of Renfrewshire the opportunity to hear the live performance of orchestral works in Renfrewshire. The orchestra has recently given performances both in Paisley and Johnstone. Lack of suitable accommodation has meant that we have been unable to perform in other towns in Renfrewshire. We are the only adult Orchestra regularly performing in Renfrewshire. The anticipated outcome is the opportunity for musicians to play the orchestral repertoire and work with professional soloists. It allows any students from the Renfrewshire Council Music Service who wishes to continue playing the opportunity to do so. It gives the public in Renfrewshire the chance to hear live performances of orchestral works. The audience at our concerts has been steadily increasing as a result of which we have had to look for new venues with a larger audience capacity.

We have an active citizen group who report to Euan's guide (website) in regards to checking accessible venues/ integration and customer service satisfaction ratings. A digital SLR Camera would be ideal for this. The plan eventually would roll out a venue guide to other local services. The camera would also be used for filming live events such as Drama shows, Dance groups and other activities and our service users would be involved in filming, editing and producing their own work in DVD Format. This camera will complement the Mac computer which we already have and use. At Milldale we pride ourselves on supporting service users to utilise their full potential and aim for excellence in supporting service user in striving to achieve their own personal goals. Service users are at the heart of all that we do. With the use of the Digital SLR there are so many possibilities for use. We could provide valuable pictorial/film material which demonstrates and supports service user choice and interactions and fully involve service users and their parents or carers and also the wider community. All the adults have a learning disability and many have associated difficulties such as mental health, autism, epilepsy, and sensory and physical disabilities, which make it difficult for them to access mainstream activities. This is not a service provided at Milldale Centre within the remit of the Social Work Department.	

		<p>Milldale have trained staff in basic film making techniques and service users could work with staff and utilise the camera for project work and group activities. Our plan is to initiate a Movie making group which will demonstrate basic film animation and open up possibilities for service users to write their own stories and scripts and then build and film the same. Either stop/start animation or live action. As well as promoting self-esteem, these sessions promote co-ordination, communication, and confidence building skills. These activities have been thoroughly researched by Centre staff and are considered to be of great benefit to the learning disabled clients.</p>

To give focus for the last term the idea of a club comp was developed. Gymnasts can display new skills on a higher scale with some friendly competition with their peers. To promote the group to people in recovery who may not know of Paisley Guitar Group or who may feel uncomfortable coming along for the first time. A number of people had identified an interest in learning to play guitar however the cost of private one to one lessons meant they could not participate. Those interested were brought together and advised they could support each other by forming their own constituted community group to help beginners to advanced players get more out of their interest in the instrument. We will offer 4 x 40min sessions with an experienced tutor that reflect the needs of players of all abilities to help to improve knowledge and skill levels so that they can use them in "real world" situations such as practice on their own, rehearsal and studio recording and also live performance. What does your Organisation/Group do?	1.10	Our vision is a society where mums and families are able to make informed decisions about breastfeeding, to access help when they need it and to become confident and empowered in their choices. For a new mum deciding how to feed her baby, talking to a mum who knows about breastfeeding can make a crucial difference and the Breastfeeding Network aims to offer accessible, reliable and effective peer support and helps families link up with a supportive community. Our mission is to offer independent, evidence-based information and support to help build awareness of breastfeeding with families and wider communities and to use assets based approach to community based support for new parents.	
If your group covers more than one Local Area Committee (LAC) area, and you are applying to more than one LAC, please tell us which LACs you are applying to	1.13	Geographical Area: Renfrewshire Wide  LAC Applying to: We are a national charity and provide support daily over the whole of Renfrewshire	
How much grant funding are you seeking?	2.10	<b>£6,845.00</b>	
What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide breastfeeding peer support and evidence based information to families in Renfrewshire, especially in areas of multiple deprivation. To ensure our existing volunteers can continue to provide up to date information, receive ongoing support and learning ( supervision ), and continue to develop their skills. We will train more local women to volunteer which will help us maintain our well established services in the area and ensure sustainability of the project. This will help us to improve knowledge and support within hard to reach groups and the community. Despite recommendations from the World Health Organisation, UNICEF and the Scottish Government, breastfeeding rates remain very low especially in deprived areas. Across Renfrewshire only 14% of babies are still exclusively breastfed at 6-8 weeks in these data zones. Babies who are not breastfed are more likely to suffer from chest, ear, gastrointestinal and urinary tract infections, and at higher risk of developing high blood pressure, obesity, diabetes, heart disease and some cancers in later life. Mothers who do not breastfeed are at higher risk of developing breast and ovarian cancers and osteoporosis in later life. Breastfeeding promotes bonding and attachment which can help alleviate symptoms of post natal depression. Because of low	

		<p>breastfeeding rates in this area some mums can feel isolated and have no one to ask for support, offering peer support to these mums can help them feel part of a supportive community and help reduce isolation. We will continue to provide high quality breastfeeding peer support across Renfrewshire at our groups in Johnstone, Ferguslie and Linwood. We anticipate that at least 12 different families will come along to access support at the three groups each week. We will continue to collaborate with the Families First, Health Improvement and Health Visiting Teams. We will attend community events to help normalise breastfeeding, raise our profile and raise community awareness. We will train 12 women to provide peer support, and will continue their ongoing learning, provide supervision and insurance. This is a nationally recognised qualification which increases their confidence and helps toward retraining and future employment. We aim to support 80 different families over the year at the three groups.</p> <p>In line with Renfrewshire Council's own priority: Our Renfrewshire is well: We are committed to health improvement, early intervention and prevention. Breastfeeding support is one of the earliest ways to tackle health inequalities and our drop- in groups and involvement in community events help support the priorities below</p> <ul style="list-style-type: none"> <li>• Promoting wellbeing and good mental health</li> <li>• Promoting healthy lifestyles</li> <li>• Tackling isolation and loneliness</li> <li>• Enabling people to live healthier lives</li> <li>• Developing strong community-based services</li> </ul> <p>The families we support will have increased knowledge and confidence about breastfeeding and have increased links to a supportive community. We will increase social capital, active volunteering, knowledge and skills within a new cohort of volunteers, sustaining the project as a whole</p>

<p>What will this grant be used for?</p> <p>Please provide a breakdown of the costs to be incurred.</p> <p>(Please use a separate sheet if required)</p>	<p>2.3</p> <p>2.9</p>	<p>dates-n-mates Renfrewshire is a friendship and dating agency run by and for adults with learning disabilities. The project helps hundreds of people that would otherwise be socially isolated and lack confidence and self-esteem in their everyday lives. It provides opportunities for people to connect, make friends and build meaningful relationships through hosting a regular calendar of social events in a safe, comfortable and inclusive environment thus improving overall health and well-being. With 26,000 adults with learning disabilities in Scotland, the Scottish Government's 10 Year Learning Disability Strategy 'The Keys to Life' states that improving the quality of life for people with learning disabilities is a priority. People with learning disabilities are more prone to abuse and more likely to be denied the opportunity to conduct their own lives, including forming and conducting relationships. The Learning Disability team in Renfrewshire Council support its development. According to Renfrewshire Council Chief Executive's Ward Statistics 946 Adults with learning disabilities live in Renfrewshire (updates 2015). dates-n-mates Renfrewshire developed a pilot outreach model to identify adults with learning disabilities in specific areas of Renfrewshire and provide opportunities to connect and make friends and form meaningful relationships. Through our outreach work we are creating awareness of dates-n-</p>	

		<p>mates and engaging those most isolated supporting them towards membership helping to reduce social isolation, build confidence and self-esteem, and improve the person's ability to be active citizens and improve their overall health and well-being. We have built positive relationships with a wide range of services and organisations including Health, Housing, and other statutory and non-statutory services and projects within Renfrewshire. We have engaged with adults with learning disabilities who may have declined access to opportunities. We will target many people of all ages in Renfrewshire that are isolated with learning disabilities and that are unaware of the project and potential benefits to them. A resource to specifically focus on carrying out outreach work will help to identify these individuals and provide them the opportunity to connect and make friends and form meaningful relationships. Dedicated Outreach Workers (part-time) and awareness raising materials and activity will enable us to continue developing the outreach work, partnering with GPs, Housing Associations, Pharmacies, colleges, advocacy services, carers centres etc to achieve this. To compliment the work of social work, health and education services by reducing the formal statutory need to provide services for adults with learning disabilities by making more natural connections through dates-n-mates. To identify those that are most isolated and support them to access the dates-n-mates project to help reduce social isolation, improve their self-esteem, build confidence and improve the person's ability to be active citizens and improve their overall health and well-being. We provide on average 60 events a year using 30 different venues in Renfrewshire which is supporting local businesses. We are also introducing members to places and facilitates in their local communities which they perhaps wouldn't have accessed. Our Evaluation in 2017 found that 73% of our members had tried new things and experienced different places in the local community as a result of joining dates-n-mates.</p>

What will this grant be used for? Please provide a breakdown of the costs to be incurred. (Please use a separate sheet if required)	2.3  2.9	To provide musical instruments to all members who come along to singing memories to be able to participate in the music therapy. Singing memories was set up in Renfrewshire a few years ago, and was a pilot project. The evening is singing and music therapy to help people with dementia. The sessions are run out the normal Alzheimer's activities and are a free service with donations only from some attendees. A previous music therapist came to the group to do various musical exercises and sing along. She supplied musical instruments such as mini drums, tambourines, rattles, maracas. However, since she left the group is left without the instruments that form a huge part of the therapy. Singing memories and music therapy has been identified as a huge benefit to the mental health of the people who come along to the group. We will purchase a variety of "children's" musical instruments through a supplier recommended by a music therapist. This will allow the group to fulfil all parts of the program to enjoy singing and playing along to music. In some cases, people with dementia will not talk, however they will sing. It also leads to memory return when music reminds them of people, places or things they used to take part in and for relatives caring for their loved one this can bring so much joy. The group has about 50 including carers coming along at the moment but we hope this will expand therefore we will need lots of instruments.

The project will allow St Mirren Netball Club to provide quality coaching, facilities, kit, equipment, officiating and playing opportunities for all members. Throughout the 2017/18 season the club has developed and grown in numbers.
