

To: Communities, Housing and Planning Policy Board

On: 16 March 2021

Report by: Chief Executive

Heading: Renfrewshire Local Development Plan

1. Summary

- 1.1 The Scottish Government Examination into the Proposed Renfrewshire Local Development Plan has now concluded
 - 1.2 The conclusions and recommendations of the Reporters appointed by Scottish Ministers largely support the strategy, policies and proposals set out in the Proposed Renfrewshire Local Development Plan approved by the Communities, Housing and Planning Policy Board on 12 March 2019.
 - 1.3 The Examination Report is available to view at <http://www.renfrewshire.gov.uk/article/3070/Preparation-of-the-next-Local-Development-Plan> with a summary of the Reporters' Recommendations attached as an appendix to this Board report.
 - 1.4 Section 19 of the Town & Country Planning (Scotland) Act 1997, states that the recommendations contained in the Examination Report are largely binding on Planning Authorities and only in very exceptional circumstances can the Reporters' recommendations be challenged.
 - 1.5 The Council is required to submit the modified version of the Plan to the Scottish Ministers within 3 months of receiving the Examination Report.
-

2. Recommendations

- 2.1 It is recommended that the Board:
 - (i) agrees to accept the recommendations of the Scottish Government's Appointed Person(s) as contained in the Examination Report into the Proposed Renfrewshire Local Development Plan;

- (ii) authorise the Head of Economy and Development to modify the Proposed Renfrewshire Local Development Plan in line with the Reporters recommendations in the Examination Report and to publish the Plan as proposed to be adopted; and
 - (iii) authorise the Head of Economy and Development to notify the Scottish Ministers of the Council's intention to adopt the Local Development Plan.
-

3. Background

- 3.1. The Proposed Renfrewshire Local Development Plan was approved by the Communities, Housing and Planning Policy Board on 12 March 2019. The Proposed Plan represented the Council's settled view as to what the final adopted content of the Local Development Plan should be.
 - 3.2. Following an extensive period of consultation during 2019, the Proposed Plan, the representations made to it and the Council's responses to these representations were submitted to the Scottish Ministers on the 31 January 2020.
 - 3.3. The Examination process considered 1,444 representations which were split into 23 separate issues.
 - 3.4. The Scottish Ministers appointed 4 Reporters from the Scottish Government's Directorate for Planning and Environmental Appeals to examine the Plan.
 - 3.5. The conclusions and recommendations of the Reporters were set out in the Examination Report into the Proposed Renfrewshire Local Development Plan which was published on the 2 February 2021.
-

4. Local Development Plan Examination – Recommendations

- 4.1 The full Examination Report can be found on the Council's website at <http://www.renfrewshire.gov.uk/article/3070/Preparation-of-the-next-Local-Development-Plan> and a summary of the Reporters' recommendations is attached as appendix 1 to this Board report.
- 4.2 The Examination Report concludes that the Spatial Strategy and policy framework of the Proposed Plan is appropriate and consistent with Clydeplan Strategic Development Plan and Scottish Planning Policy.
- 4.3 In the vast majority of issues examined, the Reporters agreed with the approach taken by the Council in preparing the Plan.
- 4.4 The recommendations in the Examination Report largely relate to minor text and graphic changes and the addition of guidance from the New Development Supplementary Guidance to policies within the Plan.
- 4.5 There are two areas where the Reporters have recommended more significant modifications to the Plan.

Land for Housing

- 4.6 Scottish Planning Policy expects a generous supply of land to be identified to meet housing requirements. The Examination Report concludes that the Proposed Plan includes a range and choice of housing sites across the period of the Local Development Plan.
- 4.7 This position requires to be reviewed annually by the Council in line with Scottish Planning Policy. If a shortfall in the supply of housing land is identified during the period of the Local Development Plan the Council will be required to take steps to address this shortfall through the identification of additional housing sites.
- 4.8 The Reporter recommends that additional text be added to the Plan to recognise the steps that the Council are taking to maintain a supply of land for affordable homes. This includes the use of Policy P3 - Housing Mix and Affordable Housing Policy, the delivery of new homes through the Council's Strategic Housing Investment Plan and the Council's own newbuild programme.
- 4.9 In examining the representations to the Proposed Plan, the Reporter recommended that 3 proposed housing sites are removed from the Plan. The sites are listed below and have an estimated capacity of 350 homes.
- Land at Erskine Riverfront;
 - Land at Manse Crescent, Houston;
 - Golf Driving Range, Rannoch Road, Johnstone.
- 4.10 To maintain a range and choice of housing sites and to meet the requirements of Scottish Planning Policy and Policy 8 in Clydeplan Strategic Development Plan (2017) the Reporter recommended that 6 additional housing sites are added to the Plan. The additional sites will also address the reduced supply as a result of the 3 sites recommended for removal from the Plan. These sites are listed below and have an estimated capacity of 300 homes.
- Land at Elderslie Golf Club;
 - Land at Auchenlodment Road, Elderslie;
 - Land at Barrhill Crescent, Elderslie;
 - Land to West of Barochan Road, Houston;
 - Land at Thriplee Road, Bridge of Weir;
 - Land at Northbar, Erskine.
- 4.11 The additional sites listed above are not new sites introduced by the Reporter. These sites were considered as part of the overall preparation of the Proposed Local Development Plan and have been fully assessed in consultation with Key Agencies and other stakeholders. These sites were also subject to full public consultation, for a period in excess of 24 weeks, at both key stages in the preparation the LDP. Planning and environmental assessment of the sites were also subject to the two periods of extensive consultation with local communities in 2017 and 2019.

- 4.12 The planning and environmental assessment for each of these additional sites was submitted for examination and formed part of the evidence alongside the Proposed Local Development Plan.

New Policies

- 4.13 The Reporter has recommended the inclusion of 3 new policies within the Infrastructure Section of the Plan. The new policies relate to:
- Communications and Digital Infrastructure; (see appendix page 5)
 - Zero and Low Carbon Developments (see appendix, page 8); and,
 - Developer Contributions (see appendix, page 10)

5. Next Steps

- 5.1 The Planning Authority has 3 months from receipt of the Examination Report (until 2 May 2021) to submit a modified Plan to Scottish Ministers.
- 5.2 The authority can make the modification recommended by the Reporter(s), and other such modifications to rectify any factual terminological inconsistencies. It cannot introduce new evidence into the Plan for the purpose of disagreeing with the planning merits of the Examination recommendations and it also cannot select particular parts of the Examination Report to support and others to not support.
- 5.3 The authority is required to accept the Reporters' recommendations except in exceptional circumstances where there are specific reasons for not doing so, as set out in Section 19 of the Town and Country Planning (Scotland) Act 1997 (as amended). These are where the Council considers the recommendations would:
- a) make the Local Development Plan inconsistent with the National Planning Framework or Clydeplan Strategic Development Plan (2017);
 - b) be incompatible with Part IVA of the Conservation (Natural Habitats etc) Regulations 1994;
 - c) would not be acceptable having regard to an environmental assessment carried out by the Council following modification of the plan in response to the recommendations, or
 - d) be based on conclusions that could not reasonably have been reached by the Reporter based on the evidence considered at the Examination.
- 5.4 The Reporter's recommendations as set out in appendix 1 to this report have been reviewed in relation to both National Planning Framework 3 and Clydeplan Strategic Development Plan. The recommended modifications are considered to be consistent with both documents, with the proposed additional housing sites in line with the requirements of Policy 8 in Clydeplan.
- 5.5 In terms of criteria (b) and (c), the recommended modifications have been considered in the context of the Conservation (Natural Habitats etc) Regulations 1994 and the Environmental Assessment (Scotland) Act 2005. The recommendations are considered appropriate in relation to this legislation.

- 5.6 Criteria (d) limits the grounds for declining recommendations to cases where the Reporters' conclusions could not reasonably have been reached based on the evidence considered during the examination.
- 5.7 The Planning Authority cannot refuse to accept a modification on the grounds that the Council does not agree with the Reporters' recommendation or that the Reporter reached a different conclusion to that put forward in the Proposed Local Development Plan. The Council must have substantive evidence that the Reporter made an error or reached an unreasonable conclusion.
- 5.8 In considering this legislation, the scope for the Council to depart from the recommendations in the Examination Report is extremely limited and in this respect the Reporters' recommendations require to be accepted and are binding on the Council.
- 5.9 Following the Board's decision, a modified Proposed Renfrewshire Local Development Plan will be sent to the Scottish Ministers and the Council will advertise its intention to adopt the Plan. The Scottish Ministers have the power to:
- approve the Plan as modified by the Council;
 - direct the Council to modifying the Plan as per the Reporter's recommendations (if the Council does not accept all the modifications recommended)
 - delay the adoption of the Plan.
- 5.10 Once the Council has advertised its intention to adopt the Plan, the Scottish Ministers have 28 days to consider the Plan (extendable by the Scottish Ministers). Depending on the decision of the Ministers, the Plan will then be formally adopted.
- 5.11 There is a statutory right of appeal to the Court of Session, within 6 weeks of adopting the Plan, for those challenging the validity of the Plan, if a person feels aggrieved by the Plan or any alteration, repeal, or replacement of the Plan.

Implications of the Report

1. **Financial** - The Examination of the Proposed Plan has cost £77,079, see legal implications below.
2. **HR & Organisational Development** – None
3. **Community/Council Planning** –
Reshaping our place, our economy, and our future - The Development Plan is a key document in establishing a land use framework for supporting, encouraging, and delivering economic development in Renfrewshire through investment and regeneration.
4. **Legal** – The Council's decision to adopt the Plan can be challenged by appeal to the Court of Session.

5. **Property/Assets** - None
6. **Information Technology** - None
7. **Equality & Human Rights** -
 - (a) The Recommendations contained within this report have been assessed in relation to their impact on equalities and human rights. No negative impacts on equality groups or potential for infringement of individuals' human rights have been identified arising from the recommendations contained in the report. If required following implementation, the actual impact of the recommendations and the mitigating actions will be reviewed and monitored, and the results of the assessment will be published on the Council's website.
8. **Health & Safety** - None
9. **Procurement** - None
10. **Risk** - None
11. **Privacy Impact** – None
12. **COSLA Policy Position** - None
13. **Climate Risk** - The Proposed Local Development sets out a framework, spatial strategy and policies to ensure sustainable development and places, aiming to facilitate the transition to a low carbon economy and adaptation to climate change.

| 05 Developer Contributions | <p>Modify the local development plan by:</p> <p>1. Replacing all paragraphs beneath the sub-heading “Developer Contributions” on page 31 with the following new paragraphs: “The Plan recognises the important role that new developments have in investing in Renfrewshire, as well as the associated infrastructure that is required to support development and deliver good places. A proactive approach to infrastructure provision is adopted, investigating potential measures to facilitate development delivery along with early discussions with stakeholders to consider the infrastructure requirements of new developments. Potential contributions are highlighted through the preparation of the Local Development Plan with early input from Key Agencies and other consultees or where possible at the pre-application stage prior to any application being submitted. Any developer contribution that is required to support a proposed development will be secured through the planning application process and assessed against Policy 18 – Developer Contributions of this plan. Where a planning obligation is considered essential to support a development, any contributions sought will be identified by the Planning Authority in consultation with Key Agencies and other consultees early in the planning application process and will be subject to the tests of necessity, serving a planning purpose, reasonableness and relating in scale and kind to the proposed development, in line with Circular 3/2012 or any updated Scottish Government guidance.</p> | 89 |

Provision has been made with the plan, as set out in Tables 1 and 2, for meeting Renfrewshire's Housing Land Requirements as far as possible. There is a recognised shortfall in social housing which the council will monitor. The council aims to increase the supply of social housing through a number of measures including the implementation of Policy P3 and through its new build programme. Renfrewshire's list of sites which make up the Housing Land Supply is set out in Appendix 1. The Housing Land Supply is based on sites currently identified in the agreed Renfrewshire Housing Land Audit 2019 and includes new housing sites allocated by this local development plan. These sites are considered to support sustainable mixed communities and ensure the continued delivery of new housing across Renfrewshire. <i>[Note: Issue 11 recommends the insertion of a new paragraph here which refers to development briefs, lists the new allocated sites and refers to Background Paper 2 – Housing Site Assessments]</i> In line with the Spatial Strategy the Housing Land Supply focuses on the development of previously used sites, concentrating on existing built-up areas and key redevelopment sites, aiming to facilitate sustainable development. The Renfrewshire Local Development Plan Action/Delivery Programme will continue to investigate new residential development opportunities."</p> <p>2. Inserting the following tables into page 45. | 08 Policy P3 Housing Mix and Affordable Housing | <p>Modify the local development plan by:</p> <p>1. Adding the following text at page 44, after the third paragraph: “Clydeplan Strategic Development Plan (2017) estimates that across Renfrewshire, there is a requirement for social and below market rent homes equivalent to 150 homes each year between 2012 and 2029. The Council are working with partners to address this requirement through the Strategic Housing Investment Plan but recognise that current levels of funding are uncertain beyond 2021 which could constrain the delivery of affordable homes during the plan period. Policy P3 Housing Mix and Affordable Homes adopts a proactive approach to support the delivery of affordable homes and recognises the importance of creating sustainable communities across Renfrewshire while addressing affordability issues in North and West Renfrewshire. Development viability and the appropriate housing mix for the area will be key considerations when determining the level of affordable homes to be delivered on a site.”</p> | 183 |

The strategic objectives for their Green Belt are set out in Clydeplan (para 8.15). Renfrewshire's green belt will be protected from inappropriate development that does not meet these objectives. Development in a conservation area (and outwith which impacts on its appearance, character or setting) should preserve or enhance the character and appearance of the conservation area. Development proposals, within or in the vicinity of scheduled ancient monuments will be required to demonstrate that there is no adverse impact on the site or its setting. The protection of unscheduled archaeological sites and other un-designated historic environment assets should also be given consideration. The sympathetic restoration of listed buildings, including enabling development, will be supported when it allows a building to remain in active use.
